Compensation Board  
Report to the General Assembly  
November 1, 2004

## PREFACE

This is the sixth annual Jail Cost Report prepared by the Compensation Board in accordance with the provisions of Item 63 L of the 2003 Appropriation Act. The report shows all expenditures and revenues related to Virginia's local and regional jails and jail farms. This report also contains a brief profile of each facility and its operating environment. As directed by the General Assembly, we have reported the inmate canteen and other inmate monies. The localities' independent auditors conducted an audit of facility's canteen accounts and the four other accounts with inmate monies as specified in the Appropriations Act.

Considering the wide variation in size, age and capacity utilization of jail facilities throughout the Commonwealth, as well as the variety of inmate programs offered, it follows that there also exists a wide range of inmate costs per day. Our findings indicate that approximately 68.2% of daily costs are attributable to personnel costs. For each facility we note whether the locality supplements the Compensation Board's salaries for jail personnel and whether the locality supplies additional positions for the jail at locality expense. Revenues also show a similar variance related to the percent of funding provided by the Commonwealth and a given locality.

This report also displays the amount of federal funding paid to Virginia's jails. During FY2003, Federal-overhead Recovery increased from \$2.2 million to \$7.2 million due a change in the Federal overhead recovery methodology beginning with fiscal year 2003. The new method related Jail's annual personnel cost per day reimbursed by the Commonwealth to the amount recovered per day. We have included comparative data for fiscal years 2001, and 2002.

The Commonwealth's percentage of funding paid to Jails decreased from 54.6% to 46.4% in 2003 as a result of General Assembly required budget reductions. The \$5.3 million reduction occurred primarily in the following areas: \$4.0 million from housing per- deim payments and \$1.3 million from vacant officer positions during the year.

Compensation Board staff would like to express their appreciation for the cooperation they received from sheriffs, regional jail superintendents and finance and budget staff in Virginia's cities and counties in compiling the data for this report.

Questions or comments regarding this report should be directed to Richard A. Lampman, Ph. D., Policy and Planning Manager, of the Compensation Board. He may be reached at telephone number 804-786-0786 Ext 215 or e-mail at: [richard.lampman@scb.virginia.gov](mailto:richard.lampman@scb.virginia.gov).

## INTRODUCTION

The Jail Cost Report is a compilation of expenditure and revenue data intended to show inmate cost per day and the percent of funding that the Commonwealth, federal and local governments contribute to the operation of each jail. We also show debt service paid by the locality. As a result, the report shows local funds used to pay jail construction related debt as a separate item.

The 2003 Appropriations Act requires accounting for all inmate monies and the reporting thereof according to Item 63 L. That portion of the report used audited data reported in accordance with the Auditor of Public Accounts audit specifications, Chapter 2 – 7: Audit Procedures. It includes canteen revenue and expenses, medical co-payments, telephone commissions and interest income.

Compensation Board staff assisted by the Auditor of Public Accounts developed a three-hour training program offered at two sites in the Commonwealth for both jail administrators and finance officers. The training consisted of a review of the existing report and the reporting requirements and stipulations of the inmate monies accounts. Representatives from 37 jails and localities attended these sessions.

Between February 23 and July 23, 2004 we conducted twenty-eight (28) on-site visits of local and regional jails. Forty-seven (47) jails were able to send their information through the mail or electronically. Again this year all operating jails were examined as none had either opened or closed during the immediate reporting period.

When the staff determined that all revenues and expenses had been reported according to the Jail Cost Report specifications, the sheriff or jail administrator and the locality's finance manager signed a letter attesting to the accuracy of the data presented (Appendix F).

## FY2003 FINDINGS SUMMARY

The average operating cost per inmate per day was \$54.81, up \$.29 from last year's report. Jail operating costs per inmate day ranged from a low of \$ 29.82 at the Henry County Jail to \$ 125.51 in Fairfax County.

Total expenditures (including capital costs) reported to house inmates in local and regional jails and jail farms in FY 2003 were \$539,460,495. The Compensation Board provided funding of \$240,493,000 with other state agencies providing an additional \$10,020,000, primarily for capital costs. Virginia's localities contributed \$184,868,000 to operate local and regional jails and an additional \$5,964,000 to house inmates in other jurisdictions. In addition, Virginia localities contributed \$46,265,000 to meet debt service obligations. The federal government provided funding of \$37,206,000. Other funding, such as inmate telephone commissions and medical co-payments, investment income and earned interest, contributed \$14,724,000. Work release funds generated by the inmates provided \$6,379,000. Housing out of state inmates generated \$5,000. Central State Hospital paid \$446,000 to lease a portion of a regional jail. For FY 2003 the eighteen regional jails showed a net excess of revenues over expenditures of \$ 6,910,000.

The Commonwealth's average share of total expenditures was 46.5%. It ranged from 86.6% for the Charlotte County Jail to 19.1% for the Fairfax County Jail. The locality's share of total expenditures ranged from a negative .2% contribution to 74.77%. The average locality's share was 42.9%.

Thirty-four jails received federal and out of state housing fees totaling \$32,616,000. Federal revenues accounted for more than 10% of the total at 9 jails. Central Virginia Regional Jail received 75% of its funding from federal sources while Northern Neck Regional Jail received 74%. The Commonwealth's overhead recovery program returned \$7,237,000 to the general fund, an increase of \$5.05 million over last year, because the new recovery formula took effect.

Average operating costs per inmate day for the Northern Virginia region were \$80.71. Other regions of the state were substantially lower. The Central region was the next highest at \$49.08, followed by the Eastern at \$47.84. The Western region's cost per day was \$43.74.

Commonwealth funding in FY2003 for jail expansion totaled \$8 million. The payments made to Allegany County Jail accounted for \$4.4 million; The Arlington County Jail received \$1.8 million and the Virginia Peninsula Regional Jail added another \$1.2 million of the total. Local funding for jail expansion totaled \$ .4 million.

## FY2003 FINDINGS SUMMARY (Continues --)

During fiscal year 2003 local jails incurred 5,434,000 inmate days or 61.4 % of total housed inmate days. Federal / out of state inmates days accounted for 3.09% of the local jail's total. Total costs for housing inmates in sheriff run jails was \$ 2.22 per day higher than the average (\$60.97) for all jails in the Commonwealth. On average, all localities funded their jail's expenditures by 44.9%. It was lower than the state average jail funding by 1.3%. The Commonwealth funding average was 46.2%.

In comparison to the state average (\$54.81), regional jail's operating costs were \$4.96 lower per day. These jails are the newest in the state and were designed with additional capacity for future population growth. When debt service and long-term capital costs are included, the regional jails' total costs were \$3.35 per inmate day lower than the state average. Regional jails were responsible for 37.1% of the state's total inmate days. They held 70.0 % of the federal and out of state inmate population. With an average of 1,054 federal inmates, these facilities received \$20,887,000 of federal per-diem monies or \$ 54.30 per inmate day. The state average was \$59.29.

The state continues to partially fund the operation of two jail farms. They accounted for the remaining 1.5% percent of inmate days. Their average daily operating costs was \$52.51 or \$2.30 a day lower than the state average of \$ 54.81. Due to their age, they incurred minimal capital expenditures/debt service costs (\$0.18) per inmate day during the year. This resulted in total inmate expenditures per day of \$52.69. They did not hold any federal inmates nor receive any federal funding.

For localities that did not operate a jail, the City of Harrisonburg paid the highest amount for holding inmates at \$ 822,000, followed by the Central State Hospital at \$446,000.

The fifteen largest facilities, as measured by DOC operating capacity, accounted for 55.6% of the Commonwealth's total jail funding and these same facilities were responsible for 55.9% percent of all inmate days.

When the inmate canteen accounts were examined, it was found that jails employed three distinctively different accounting methods: (1) Gross Basis - where the costs and the revenues received for the items purchased was recorded; (2) Net Basis - where only a net commission was received for the sale of the items purchased; and (3) Not at Jail Level - where the items purchased were charged directly to the inmates at cost. We also found that the individual jail's operating policy had a direct impact on the related size and amount of inmate canteen activity. For instance, whether or not a jail sells tobacco products through the canteen and how often inmates are allowed to make purchases greatly affects the figures reported in the canteen report.

**FY2003 FINDINGS SUMMARY (Continues --)**

Similarly, the other inmate related accounts: Telephone Commissions, Inmate Medical Co-payments, Work Release and Investment/Interest revenue were recorded using different accounting methods. Most of the jails deposited these revenues into either the inmate canteen fund or with the treasure of the locality/fiscal agent to the general fund. When these designated funds were maintained as separate accounts, their expenditures were reported in The Inmate Canteen Report found in Appendix E.

Attention: Mr. Oliver D. Bradshaw  
Supervisor, External Audit

Re: Jail Cost Audit

Dear Mr. Bradshaw:

Please find attached the "letter of certification" with the appropriate signatures (jail board chairman and superintendent) as pertains to the jail cost audit you performed on this agency for FY-2003

Your letter of 4-20-04 indicated that if the audit was accurate as it pertained to the jail's operation for the audit test period, we should sign the above letter and return it.

I do not have a particular concern as to the numbers themselves but there are some items involving the format which I believe tend to mislead any individual reviewing the report.

The jail cost report under "FACILITY PROFILE" indicates that our facility has "242" as a "DOC RATED OPERATING CAPACITY", but there is no notation that 146 of those beds were funded at no cost to the state. The only reference lists the 150 beds as, "# Federal Contract Beds", so there is no clear indication that the construction of these beds were funded by the federal government for their use and at no cost to the state. While this does not impact the actual numbers from an operational standpoint as presented in the report's format someone reading it could assume that all 242 of them received the allowable state reimbursement dollars for the actual construction, and could draw some erroneous conclusions. Based on the information in the report as presented one might assume that the state helped pay for all 242 beds, but states inmates only have a 171 average daily population, so the state is being short changed by 71 beds under utilization. While in actuality the the jail is housing 75 more inmates on state warrant than the 96 beds in which the state shared in capital construction cost.

Phone: 540-672-3222 Fax: 540-672-9209 Web: [cvrj.org](http://cvrj.org)

Also, under "LOCALLY FUNDED POSITION" the only credit given is a Yes. This does not accurately reflect the 34 staff positions the jail funds at a significant cost out of local funds acquired by housing federal inmates to tend to those inmates as well as state warrant inmates. Further, there is no easily recognizable data field which provides the reviewer of the report with the amount of salary monies the jail provides for these locally funded positions. This information is essential in order for the jail to receive credit for the significant contribution it provides toward the operation of the jail.

I hope that my comments above are not construed as unappreciative of the state's contribution to the operation of this facility. I am well aware the Commonwealth contributes tens of millions of dollars to all of its jails, and over a million dollars to our facility. I am quite appreciative of what the state does.

I realize you are using the format that has been approved and indicated, but in the best interests of this jail I deemed it necessary to go on record as to the above comments.

Further, if one looks beyond the raw numbers as to how they impact one another, I believe the audit report will demonstrate clearly that while the state does fund a healthy portion of our jail's budget, it actually contributes noticeably less than half of it, while having prisoners being held on a state warrant to occupy approximately 45% of the total prisoner days.

Also, perhaps some might tend to view you from a political rather than a professional standpoint, but such is/was not the case here, as I hope we adequately accommodated and co-operated with you in the audit of our facility.

Your efforts are acknowledged and appreciated, and if you have any questions, please let me know.

Respectfully,  
  
Floyd G. Aylor  
Superintendent

**Background Information**

Most local correctional facilities, including jails, offer canteen services to their inmates. Facilities use various methods to sell these items to inmates, depending on the size of the facility and the number of times each week canteen services are offered. Any profits from the canteen operations must benefit the inmates in the custody of the Sheriff or Regional Jail Superintendent.

Some Sheriffs also receive funds from other sources directly related to jail operations. These include telephone commissions, inmate medical co-payments, and other fees collected from inmates.

The inmate canteen accounts and telephone commissions are public funds. The Code of Virginia requires that these funds be used within the jail facility for purposes to benefit the inmates. The funds should not be used for the sheriff's personal gain or convenience.

Some jails have established medical treatment programs where inmates contribute to the costs. Inmate co-payments for medical services are a set fee that covers only a portion of the costs of the services. The medical co-payments should directly off set the costs for medical programs.

Annually the Compensation Board prepares a Jail Cost Report on jail revenue and expenditure data from all local and regional jails and jail farms that receive funds from the Compensation Board. Beginning with the collection of data for fiscal year 2002, the jails must include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates, and investment/interest monies for inclusion in the report.

**Allowability Requirement – Inmate Canteen Accounts**

The inmate canteen accounts are required to be used for purposes to benefit the inmates under the jurisdiction of the Sheriff or Regional Jail Superintendent. Allowable expenses include:

- Commissary-services, supplies, furnishings, equipment, training. Also, personnel services for time spent directly guarding or working in the commissary. [Note: These are all direct costs of the commissary.]

The profits from the inmate canteen should not be used to fund the normal operations of the jail. They may be used for:

- Education-services, supplies, equipment, furnishings, training.
- Recreation-services, supplies, equipment, furnishings.
- Library-services, supplies, furnishings, equipment, books, magazines, periodicals, newspapers.
- Indigent Inmate Care-stamps, clothing, personal hygiene items, vision, dental, medical, commissary items.
- Inmate care/programs-safety equipment, workforce clothing, workforce tools, laundry equipment, supplies, hygiene items, medical equipment.
- Special Food Service-special meals or food items associated with holidays and/or specific events/occasions.
- Special Counseling/Pastoral Care-services, supplies, equipment, furnishings, training.

These allowable expenses are not considered all inclusive and funds should not be used for goods or services that can be provided to the jail at no cost. Additional expenses may be approved at the sole discretion of the Sheriff/Regional Jail Superintendent, provided that the expense is for the care and welfare of inmates. **No expense shall be for the personal gain, benefit, consumption or use of any individual other than jail inmates.**

#### Allowability Requirement – Telephone Commissions

Commissions on inmate telephone calls may be included in the canteen proceeds accounts. The allowable costs are described above. The telephone commissions may also be used to defray the cost of Sheriff/Regional jail operations.

#### Allowability Requirement – Inmate Medical Co-payment Funds

The inmate medical co-payment funds should directly off set the costs for medical programs.

Allowability Requirement – Other Inmate Fees and Investment/Interest Monies

All fees collected from inmates and all interest earned on inmate accounts must be used for the benefit of the inmates.

**Requirement - Inmate Canteen and other Auxiliary Funds**

The auditor must obtain the Jail Canteen Fund Activity reported in the Jail Cost Report for the fiscal year under audit and perform the following:

- Agree the revenue and expense amounts from the Jail Canteen Fund Activity to the accounting ledger.
- Select a sample of disbursement transactions from the inmate canteen accounts. For each transaction selected, determine whether the disbursement benefited the inmates based on the allowable costs described above.
- Select a sample of disbursement transactions from the telephone commission funds. For each transaction selected, determine whether the disbursement either benefited the inmates based on the allowable costs described above or defrayed the cost of jail operations.
- Select a sample of inmate medical co-payment fees. Trace each fee to the general ledger to determine whether it defrayed the inmate medical program costs.
- Select a sample of other fees collected from inmates, and investment/interest monies. For each transaction selected, determine whether the disbursement benefited the inmates.
