

MEMORANDUM

TO: The Honorable Mark Warner

FROM: The Honorable Frederick M. Quayle, Chairman
Chesapeake Bay Restoration Fund Advisory Committee

DATE: December 1, 2005

RE: *Chesapeake Bay Restoration Fund Advisory Committee
Recommendations*

Chapters 749 and 823 of the 1995 Acts of Assembly established the Chesapeake Bay Restoration Fund Advisory Committee and charged it with developing a plan for expenditure of the moneys in the Chesapeake Bay Restoration Fund. The Advisory Committee proposes that the moneys in the Fund be awarded in the form of grants to nonprofit organizations, political subdivisions, state agencies, and educational institutions. This year (2006 grant cycle), the Advisory Committee received 84 proposals requesting approximately \$1,238,516.20.

Having evaluated each proposal, the Advisory Committee recommends that the funding of projects listed below at a total allocation of \$352,021.00 be included as an amendment to the 2006 budget bill.

<u>Name of Recommended Recipient</u>	<u>Amount of Award</u>
Coastal Virginia Wildlife Observatory	\$ 2,300.00
Mattaponi Heritage Foundation	10,000.00
Northern Neck Land Conservancy	14,700.00
Maymont Foundation	1,875.00
Science Museum of Virginia Foundation	8,540.00
Earth Sangha	10,000.00
Rockbridge County Public Schools - Fairfield Elementary School	5,050.00
Friends of the Shenandoah River	15,000.00
Citizens for a Better Eastern Shore	3,975.00
Northern Virginia Soil and Water Conservation District	4,629.00
Northumberland Association for Progressive Stewardship	3,000.00
Henricopolis Soil and Water Conservation District Va. Cooperative Extension Smart Lawn & BayScaping)	1,450.00
Citizens of Stumpy Lake	2,652.00
Tidewater Oyster Gardeners Association	5,556.00
Virginia Association of Soil and Water Conservation Districts Educational Foundation	8,000.00
Culpeper Soil and Water Conservation District (Soil Tunnel)	3,650.00
Culpeper Soil and Water Conservation District (Good Farm/Bad Farm)	4,450.00
Chesapeake Volunteers in Youth Services	6,000.00
Virginia Eastern Shore Land Trust, Inc.	7,500.00
Chesapeake Bay Governor's School for Marine & Environmental Science	15,000.00

CHESAPEAKE BAY RESTORATION FUND

Recommendations for 2006 Funding

Project Number and Organization	Project Summary	Contact and Address	Amount Recommended
005 Coastal Virginia Wildlife Observatory	As in their 03-05 grant applications, CVWO proposes to increase awareness concerning the Bay by providing printed materials to the public and schools regarding the need to preserve coastal habitats for migratory birds and Monarch butterflies. New for this year, they also seek funding for the purchase of blank DVDs so they can produce an educational DVD to be distributed free of charge to schools describing how bird research is conducted.	Brian Taber P.O. Box 912 Eastville, VA 23347 Phone #: 757-259-3123	\$2,300.00
006 Mattaponi Heritage Foundation	As in their 02-05 grant applications, the Foundation requests additional funding for their shad hatchery, which includes two Sun Mar composting toilets, ongoing training of staff and new volunteers, and supplies and fish to continue the roe and sperm for the 2006 season. They also seek funding for additional construction to the underside of the hatchery to protect plumbing from large debris.	Carl Custalow 1467 Mattaponi Reservation Circle West Point, VA 23181 Phone #: 804-769-4508	\$10,000.00
007 Northern Neck Land Conservancy	NNLC proposes for their "Conservation Tools for Responsible Stewardship" project to identify opportunities for shoreline restoration and conservation of their Bay watershed. NNLC will also provide landowners and the public the tools and information to assist in sound land use planning and protection of critical habitats. They seek funding for consultants, a digital camera, color copier/printer, seminar speakers, publication/distribution of a Best Management Practices Guide, transportation, and long distance telephone calls.	Mary Louisa Pollard P.O. Box 3 Kilmarnock, VA 22482 Phone #: 804-435-2814	\$14,700.00
009 Maymont Foundation	The Maymont Foundation proposes for their James River Ecology and Restoration course to train high school students in aquarium science and related environmental, natural, and physical science disciplines.	Mark Rich 1700 Hampton St. Richmond, VA 23220 Phone #: 804-358-7166 ext. 325	\$1,875.00
011 Science Museum of Virginia Foundation	SMV proposes for their Mini-School of Marine Science to serve adults, teachers, and students who want to gain a better understanding of fundamentals in marine and estuarine biology, marine ecosystem science, pollution, and resource management. They seek funding for personnel, brochures, a banner and poster, speakers, and four receptions.	Eugene G. Maurakis, Ph.D. P.O. Box 11624 Richmond, VA 23230-0624 Phone #: 804-864-1560	\$8,540.00
012 Earth Sangha	Earth Sangha seeks funding to expand their wild plant nursery to better serve Fairfax County in implementing a county-wide riparian zone restoration program. Their role will be to design and organize the plantings.	Chris Bright 10123 Commonwealth Blvd. Fairfax, VA 22032-2707 Phone #: 703-764-4830	\$10,000.00
013 Rockbridge County Public Schools Fairfield Elementary School	RCPS proposes for their "Save Our Surroundings" project at Fairfield Elementary School to create an environmental on-site classroom that will include a native nature trail, a mini-watershed, examples of erosion, and an outdoor lab, all of which will have a theme of preservation of the environment on the Bay.	John Alexander 20 Fairfield Rd. P.O. Box 162 Fairfield, VA 24435 Phone #: 540-348-5202	\$5,050.00
014 Friends of the Shenandoah River	FSR proposes, as in their 00-05 grant applications, to continue with their long-term monitoring of water quality in the Shenandoah River Basin by requesting funds for a Lab Technician, lab chemicals, and supplies for monitors.	Meryl N. Christiansen, Ph.D. P.O. Box 410 Front Royal, VA 22630 Phone #: 540-665-1286 or 540-635-4549	\$15,000.00

015 Citizens for a Better Eastern Shore	CBES seeks funding to design, publish, and distribute a brochure on "What homeowners should know about land use management in Northampton County, Va."	Denard C. Spady P.O. Box 882 5248 Willow Oak Rd. Eastville, VA 23347 Phone #: 757-678-7157	\$3,975.00
016 Northern Virginia Soil and Water Conservation District	NVSWCD seeks funding to purchase for their Pohick Creek watershed an initial supply of preprinted permanent storm drain markers and print educational fliers that would be distributed to households in conjunction with storm drain marking. This would not replace the district's current storm drain stenciling program.	Christin Jolicoeur 12055 Government Ctr. Pkwy. Suite 905 Fairfax, VA 22035 Phone #: 703-324-1423	\$4,629.00
018 Northumberland Association for Progressive Stewardship	As in their 2004 grant application, NAPS seeks funding to educate citizens about the importance of marshes and encourage them to "garden" their marshes by removing debris and pruning back vegetation, along with planting a variety of marsh plants and controlling Phragmites australis.	Dr. Lynton S. Land P.O. 567 Heathsville, VA 22473 Phone #: 804-453-6605	\$3,000.00
019 Henricopolis Soil and Water Conservation District - Va. Cooperative Extension (Smart Lawn & BayScaping)	As in their 2003 and 2005 grant applications, Henricopolis SWCD, along with the Va. Cooperative Extension, proposes to hold several seminars throughout Henrico County that will emphasize "Smart Lawn" and "BayScaping" and the proper nutrient management of urban landscapes. Participants will be awarded a voucher which will cover the cost of a soil test of their property. They seek funds for 200 soil test vouchers, printing costs layout, and design.	Stewart E. Doetzer 8600 Dixon Powers Dr. Richmond, VA 23228 Phone #: 804-501-5175	\$1,450.00
021 Citizens of Stumpy Lake	The Citizens of Stumpy Lake request funds for developing an outdoor environmental education classroom area for schools on the property of the City of Virginia Beach's Stumpy Lake Natural Area.	Paul Hamaker 1813 Barkading Ct. Virginia Beach, VA 23464 Phone #: 757-479-3133	\$2,652.00
022 Tidewater Oyster Gardeners Association	TOGA proposes to obtain tetraploid and diploid oysters from VIMS' Aquaculture Genetics and Breeding Technology Center and place them in aquaculture floats at 12 sites throughout Va. waters, with varying conditions of salinity and water flow. They seek funding for supplies, the publishing of a news letter three times, an oyster fair, and a portion of expenses for Master Oyster Gardener Course, 2006.	Jacqueline S. Partin 8218 Hell Neck Rd. Gloucester, VA 23061-2528 Phone #: 804-694-4407	\$5,556.00
023 Virginia Association of Soil and Water Conservation Districts Educational Foundation	As in their 02-04 grant applications, the VASWCD Educational Foundation proposes to continue to provide educational opportunities to high school students through Envirothon, which is a natural resources competition. They seek funding for educational and training materials, workshops, and competition expenses.	Dana Roberts 7308 Hanover Green Dr. Suite 100 Mechanicsville, VA 23111 Phone #: 804-559-0324	\$8,000.00
024 Culpeper Soil and Water Conservation District (Soil Tunnel)	Culpeper SWCD proposes to build a model of a "Soil Tunnel" for their elementary and middle schools in five counties. Their goals are to educate youth on soils, plants, and animals and train teachers to use the tunnel in their classrooms.	Stephanie Rose DeNicola 351 Lakeside Dr. Culpeper, VA 22701 Phone #: 540-825-8591	\$3,650.00
025 Culpeper Soil and Water Conservation District (Good Farm/Bad Farm)	Culpeper SWCD proposes to manufacture a three-dimensional mockup depicting two different scenes: "Good Farm" and "Bad Farm." Their goal is to improve water quality on the farm by representation of BMPs in the field. The display will be used for teaching and education at school fairs, will be shown at five county fairs, and in the classrooms of interested teachers.	Richard Jacobs 351 Lakeside Dr. Culpeper, VA 22701 Phone #: 540-825-8591	\$4,450.00
028 Chesapeake Volunteers in Youth Services	As in their 03-05 grant applications, CBYCC proposes to continue to conduct four weekend camping trips to perform environmental enhancements along the Bay. Each weekend outing will include 10 youths and 240 hours of community service.	Mary R. Riley 301 Albemarle Dr. Chesapeake, VA 23322 Phone #: 757-382-8184	\$6,000.00
032 Virginia Eastern Shore Land Trust, Inc.	VES Land Trust seeks funding for the development of a database and website to support their Conservation Easement Outreach and Stewardship Programs.	Peter Henderson P.O. Box 1114 Exmore, VA 23350 Phone #: 757-442-5885	\$7,500.00
033 Chesapeake Bay Governor's School for	As in their 2005 grant application, CBGS seeks funds for a one-week teacher workshop taught by the faculty to assist in developing curriculum that will integrate Marine & Environmental Science into the regular middle and high school curriculum. The	Patty Griffin P.O. Box 756 Tappahannock, VA 22560	\$15,000.00

Marine & Environmental Science	workshop will be conducted at RCC/Warsaw.	Phone #: 804-443-0267	
034 Interstate Commission on the Potomac River Basin	As in their 1997, 2000, and 2001 grant applications, ICPRB proposes to continue with the restoration of the American shad populations to the Rappahannock and Potomac Rivers and enlist approximately 10 northern Va. schools in the effort, which also includes five field trips on their vessel the "Half Shell."	James Cummins 51 Monroe St., Suite PE-08 Rockville, MD 20850 Phone #: 301-984-1908 ext. 106	\$15,000.00
035 Grymes Memorial School	As in their 2004 and 2005 grant applications, GMS is requesting funds for 18 students in the 8th grade to participate in a three-day field trip to the Bay's Karen Noonan Center, 6th graders to participate in a one-day canoe trip on the Rapidan River, and for the 6th and 7th graders to create a living ecosystem model.	Tara A. Mills 13775 Spicer's Mill Rd. Orange, VA 22960 Phone #: 540-672-1010	\$2,060.00
036 Middle Peninsula Land Trust	Middle Peninsula Land Trust proposes to expand landowner education on the "comprehensive" conservation management practices developed as a result of their 2005 grant award. This grant would allow an expanded education process building upon the two education seminars that will be carried out within the current grant and will demonstrate the application of the process in four differing locations in the Middle Peninsula.	Neal J. Barber P.O. Box 585 Mathews, VA 23109 Phone #: 804-758-0640	\$8,000.00
037 County of Gloucester Department of Codes Compliance	As in their 2003 and 2005 grant applications, Gloucester County proposes to support the expanding of public awareness about their creek and river cleanups, which will take place along the Sarah Creek and Severn and Perrin Rivers. They seek funds for advertising, maps, trash supplies, event materials, and canoe rentals.	Scott Rae P.O. Box 329 Gloucester, VA 23061 Phone #: 804-693-1217 or 1382	\$1,900.00
038 Virginia Save Our Streams Program - Virginia Division of the Izaak Walton League of America	As in their 97-05 grant applications, VA SOS proposes to continue to train interested citizens to be volunteer water quality monitors using a well established biological method of monitoring. They will also provide on their website general information on water resources in Va. and water quality monitoring and data.	Stacey T. Brown P.O. Box 8297 Richmond, VA 23226 Phone #: 804-615-5036	\$5,000.00
039 James City County Division of Parks and Recreation	As in their 02-05 grant applications, James City County Parks and Recreation requests funds for supplies and an instructor with a background in environmental education and knowledge of the Bay to lead their Chesapeake Water Marshals Camp, which is an eight-week program, three days a week. The camp focuses on the importance of preserving the natural resources of the Bay and its watershed. As in 2004 and 2005, they would also like to offer the program to the Days of Discovery Special Needs Summer Camp. The curriculum for the camp will be slightly different from last year to reflect yearly changes so that repeat campers can learn new information.	Seth Benton 5300 Palmer Lane, Suite 1A Williamsburg, VA 23188-2674 Phone #: 757-259-5352	\$5,432.00
045 Chesapeake Bay Foundation	CBF proposes to educate Va. citizens through an educational campaign that raises the awareness of local water quality problems, teach participants how to identify and report algal blooms and fish kills in Va.'s waters, and inform them of the reasons behind these occurrences and solutions to the water quality problems.	Laura Carrier Philip Merrill Environmental Ctr. 6 Herndon Ave. Annapolis, MD 21403 Phone #: 443-482-2112	\$18,462.00
046 Page County Public Schools	Page County High School seeks funding for scientific equipment and technology that will be used in field experiences to explore the Shenandoah River and how it impacts the Bay watershed.	John Smith 735 W. Main St. Luray, VA 22835 Phone #: 540-743-6533	\$4,800.00
047 Loudoun Wildlife Conservancy	As in their 2005 grant application, LWC proposes to continue to collaborate with Loudoun Watershed Watch to develop and implement a two-part community-based program in support of the Catocin Creek Total Maximum Daily Load Implementation Plan. The stewardship activities would include citizen stream monitoring to develop water quality data to assess the effectiveness of the IP. The grant funds requested also include support for a Citizen Monitoring Program Coordinator position.	Nicole Hamilton P.O. Box 2088 Purcellville, VA 20134 Phone #: 540-882-4839	\$6,130.00
048 Alliance for the Chesapeake Bay (Builders for the Bay)	As in their 2003 grant application, the Alliance proposes to continue with their "Builders for the Bay" project in Fairfax County. In this grant, they would like to create a Better Site Design County Committee and hold a training session for same on how to change local development rules to reduce impervious cover, protect green space, and treat stormwater quality. The Alliance would also draft a Code and Ordinance Worksheet and an analysis of Fairfax County's codes and ordinances that relate to site design, conduct	Stacey Moulds P.O. Box 1981 Richmond, VA 23218 Phone #: 775-0951	\$12,000.00

	a final meeting, and develop a strategy for code reform.		
049 Alliance for the Chesapeake Bay (James River Restoration Summit)	The Alliance proposes to increase the knowledge of the significance of the tidal freshwater region of the James River through a "James River Restoration Summit." Also, as a continuation of their 2005 grant application, they will implement "RiverTrends" Train-the-Trainer program for participating watershed organizations and perform some core basic functions of the program.	Stacey Moulds 530 E. Main St., Suite 501 Richmond, VA 23219 Phone #: 775-0951	\$14,500.00
050 Lynnhaven River 2007, Inc.	LR 2007 proposes for their "S.O.S. for the Lynnhaven" project to work with six area restaurants during the 2006 tourist season to collect restaurant oyster shells and build public awareness about the need for oyster reef restoration in the Lynnhaven River.	Laurie Sorabella P.O. Box 584 Virginia Beach, VA 23451 Phone #: 757-406-0106	\$15,000.00
055 James River Association	As in their 2003 and 2005 grant applications, JRA seeks funds to continue the expansion for their "James Riverkeeper." New for 2006, their project "More Fish in the James" will include developing outreach activities and materials for fishing groups, a website containing a James River "blog," increased algae monitoring, development of a sturgeon restoration plan, and implementation of a sediment monitoring program.	William H. Street P.O. Box 909 Mechanicsville, VA 23111 Phone #: 804-730-2898	\$16,500.00
056 Massanutten Regional Governor's School	MRGS proposes to develop and implement a targeted watershed monitoring investigation and restoration program and complete detailed GIS maps. The results will be presented to the Shenandoah County Water Resources Advisory Board for possible use and will also be used as a baseline for future watershed investigations.	Christopher Burke 6375 South Main St. Mt. Jackson, VA 22842 Phone #: 540-477-3226	\$2,650.00
058 Pearson's Corner Elementary	Pearson's Corner students will focus on three outdoor classrooms: an aquatic environment in the "Dragonfly Pond," an agricultural classroom in "Pearson's Patch," and a Va. native plant habitat in the "Chesapeake Bay Garden." Their goals include developing skills necessary to take positive action in the community, maintaining the pond habitat and gardens, and growing worms in the classroom using recycled plant materials and food waste from the cafeteria.	Linda Painter/Carol Purcell 8290 New Ashcake Rd. Mechanicsville, VA 23116 Phone #: 804-723-3660	\$4,175.00
059 Hamilton-Holmes Middle School (Mattaponi & Pamunkey Rivers Association)	Hamilton-Holmes Middle School and MPRA have collected resource materials and hands-on activities to support watershed education and Bay restoration, including CBF Grasses in Classes, shad tanks, EnviroScape model, Project Wet activities, and water monitoring on the rivers. With these resource materials, they seek funding for a regional teacher workshop to be held at the school and a canoe trip on the Mattaponi or Pamunkey River.	Dawn Shank 934 Garnett's Mill Lane Walkerton, VA 23177 Phone #: 804-769-2968	\$1,000.00
061 Oyster Reef Keepers of Virginia, Inc.	As in their 03-05 grant applications, ORKV seeks funding for 400,000 oysters and materials for their "Schools Restoring Oysters to the Chesapeake" program and to train 45 teachers to fully integrate the meaningful field component of the program into their classroom through their Oyster Restoration Training Institute.	Laurie Carroll Sorabella P.O. Box 55201 Virginia Beach, VA 23471 Phone #: 757-460-1200	\$15,500.00
062 Central Virginia Waste Management Authority	CVWMA proposes a water quality and household hazardous waste disposal public awareness campaign called "Please Don't Feed the Storm Drain" to target more than one million citizens living in the Metropolitan Richmond and Tri-Cities area. They seek funding for a TV schedule and production, newspaper advertisements, and brochure holders for publications.	John H. Mitchell/Kelley Hope 2100 W. Laburnum Ave. Suite 105 Richmond, VA 23227 Phone #: 804-359-8413	\$14,500.00
066 Friends of Chesterfield's Riverfront	Friends proposes to correlate water quality with the quality of riparian buffers and urban forestry issues at Manchester High and Bailey Bridge Middle Schools. Friends will involve citizens and students in implementing a riparian buffer restoration on Swift Creek, restore over 100 ft. of buffer along the creek and a newly constructed pump station adjacent to the schools, plant a BayScape and form a high school group to monitor the planted areas, community outreach, and promotion of the project and the Bay license plate.	Janit L. Potter P.O. Box 2158 Chesterfield, VA 23832 Phone #: 804-796-1703	\$5,000.00
068 Loudoun Soil and Water Conservation District	Loudoun SWCD proposes for their Arbor Day celebration an education program called "Scales and Tall Tales" to promote an understanding of the relationship between man, wildlife, and the habitats they share. The activities will include a hands-on learning with a variety of live wildlife species, a visit with nature, and a program featuring trees and their importance in Native American life.	Pat McIlvaine 30-H Catoclin Circle, SE Leesburg, VA 20175 Phone #: 703-777-2075 ext. 104	\$5,500.00
071	Elizabeth River proposes to convene a community-based team to review a 10-year progress and set new five-year goals for 2012, hold a public seminar to raise awareness	Marjorie Mayfield-Jackson 475 Water St., Suite 103A	\$5,000.00

The Elizabeth River Project	of the State of the River, and increase public involvement in Elizabeth River restoration and conservation by energizing the community to implement the new 2012 goals.	Portsmouth, VA 23704 Phone #: 757-399-7487	
073 Hopewell Regional Wastewater Treatment Facility	As in their 02-05 grant applications, HRWTF proposes to expand their submerged aquatic vegetation (SAV) transplanting efforts conducted in the James River during 1999-2005, continue to enlarge and expand existing SAV plots in four regions of the river, plant additional sites up river toward Richmond and down river toward the Chickahominy by scattering seeds along the river margins, monitor the sites for water quality and SAV growth and survival, and conduct measurements of water quality from the Chickahominy River to Richmond using a DATAFLOW sampler.	Jeanie Grandstaff P.O. Box 969 Hopewell, VA 23860 Phone #: 804-541-2214	\$10,000.00
075 The Poquoson Historical & Cultural Museum Foundation	As in their 2005 grant application, the Poquoson Museum seeks funding to continue to restore the Topping Creek marsh that borders the Museum's Dryden Farm via the removal of abandoned equipment and debris, engineering/architectural fees to ensure the trail meets ADA and city code requirements, and construct a boardwalk and trail system to meet ADA, NPS, and AAM standards. Their main goal is to teach visitors and students about the role of marshland in maintaining the Bay.	John V. Quarstein P.O. Box 2163 Poquoson, VA 23662-1337 Phone #: 757-879-3420	\$7,500.00
076 Clean Water Waterways (Longwood University)	CVW and VASWCD proposes to hold three "Train the Trainer" workshops in the Bay watershed on the benefits of rain barrels and reducing polluted runoff for homeowners in order to transfer to statewide nonprofit organizations the tools and knowledge needed for them to offer "Rain Barrel and Storm Water Tips for Homeowners" workshops.	Kathleen M. Register Dept. of Natural Sciences 201 High St. Farmville, VA 23909 Phone #: 434-395-2602	\$6,500.00
078 James River Soil and Water Conservation District	James River SWCD proposes to educate 4th graders in Chesterfield County and 2nd graders in Prince George County on the makeup and importance of soils and soil conservation as it relates to the preservation of their watershed. They seek funding to purchase soil tubes and materials to construct a soil tunnel.	Linda McAllister 6450 Courthouse Rd. Prince George, VA 23875 Phone #: 804-957-6148	\$1,385.00
079 Lake Anna Civic Association	To continue with their water quality monitoring program, LACA seeks funding to cover the cost of laboratory analyses of four sets of water samples.	Richard J. Clark P.O. Box 217 Mineral, VA 23117-0217 Phone #: 804-379-9070	\$3,200.00
082 Hoffler Creek Wildlife Foundation	Hoffler Creek proposes to implement "Family Ties," a program designed to explore relationships of plants, animals, and people living in the Bay watershed. Their goal is to provide information and interpretation to help people understand the connections to air, water, and soil and to adopt behaviors that positively impact environmental quality.	Randi Strutton 4510 Twin Pines Rd. Portsmouth, VA 23703 Phone #: 757-483-6838	\$12,000.00

TOTAL AMOUNT REQUESTED: \$352,021.00
