

MEMORANDUM

TO: The Honorable Timothy M. Kaine

FROM: The Honorable Frederick M. Quayle, Chairman
Chesapeake Bay Restoration Fund Advisory Committee

DATE: December 6, 2006

RE: *Chesapeake Bay Restoration Fund Advisory Committee
Recommendations*

Chapters 749 and 823 of the 1995 Acts of Assembly established the Chesapeake Bay Restoration Fund Advisory Committee and charged it with developing a plan for expenditure of the moneys in the Chesapeake Bay Restoration Fund. The Advisory Committee proposes that the moneys in the Fund be awarded in the form of grants to nonprofit organizations, political subdivisions, state agencies, and educational institutions. This year (2007 grant cycle), the Advisory Committee received 105 proposals requesting approximately \$1,702,464.72.

Having evaluated each proposal, the Advisory Committee recommends that the funding of projects listed below at a total allocation of \$362,102.00 be included as an amendment to the 2007 budget bill.

<u>Name of Recommended Recipient</u>	<u>Amount of Award</u>
Northumberland Association for Progressive Stewardship	\$ 2,900.00
Capital Region Earth Force	7,000.00
Municipal Corporation of Cape Charles	6,600.00
Longwood Center for Economic Education	6,000.00
Middle Peninsula Chesapeake Bay Public Access Authority	500.00
Coastal Virginia Wildlife Observatory	2,300.00
Deltaville Maritime Museum and Holly Point Nature Park	10,500.00
Thomas Jefferson Soil and Water Conservation District	2,655.00
Chesapeake Volunteers in Youth Services	6,000.00
Dearington Elementary School for Innovation	7,000.00
James City County - Division of Parks and Recreation	3,720.00
Monacan Soil and Water Conservation District	265.00
Virginia Institute of Marine Science - Center for Coastal Resources (Living Shorelines Education Course)	14,000.00
Mattaponi Heritage Foundation	9,000.00
James River Association	17,000.00
Virginia Association of Soil and Water Conservation Districts Educational Foundation	8,000.00
Old Dominion University Research Foundation	11,000.00
Rockbridge County Public Schools - Fairfield Elementary School	5,000.00
Virginia Living Museum	5,825.00
Friends of the Shenandoah River	9,000.00
The Northern Virginia Conservation Trust	14,000.00
Winchester Virginia Chapter of Trout Unlimited	4,250.00
Fairfax County Park Authority	9,000.00

<u>(Continued) - Name of Recommended Recipient</u>	<u>Amount of Award</u>
Chesapeake Bay Governor's School	\$ 5,000.00
Spotsylvania County - Department of General Services	9,000.00
Valley Conservation Council	9,000.00
Thaxton Elementary School - N.E.E.D. Team	4,500.00
Lake Anna Civic Association	3,000.00
Chesapeake Bay Foundation, Inc. - York Chapter	7,750.00
Science Museum of Western Virginia	5,921.00
Va. Tech - Virginia Cooperative Extension King and Queen County 4-H Youth Development	1,000.00
Friends of Reston for Community Projects, Inc.	8,500.00
Rivanna Conservation Society	10,000.00
Booker T. Washington Middle School	3,134.00
Westmoreland State Park	5,200.00
City of Norfolk - Bureau of Environmental Services	500.00
Lynchburg College	4,500.00
Interstate Commission on the Potomac River Basin	12,500.00
Friends of the Occoquan	2,800.00
County of Albemarle, Virginia	2,294.00
Virginia Beach Friends School	5,000.00
Virginia Save Our Streams Program Virginia Division of the Izaak Walton League	8,126.00
Va. Tech - Department of Crop and Soil Environmental Sciences	8,500.00
Rodney Thompson Middle School	4,585.00
Hampton Roads Planning District Commission	7,189.00
University of Virginia - Institute for Environmental Negotiation	5,000.00
Wildlife Center of Virginia	4,000.00

<u>(Continued) - Name of Recommended Recipient</u>	<u>Amount of Award</u>
Henricopolis Soil and Water Conservation District	\$ 5,025.00
Alliance for the Chesapeake Bay	29,000.00
Lord Fairfax Soil and Water Conservation District Holman's Creek Citizen's Committee	7,571.00
Middle Peninsula Land Trust	5,000.00
Northumberland County Public Schools	7,000.00
Friends of Stafford Creeks	3,222.00
Hoffler Creek Wildlife Foundation	6,770.00

The Advisory Committee is pleased to submit its recommendations and believes that the projects which have been suggested for funding reflect the interests of all sectors of our community in continuing the progress made in restoring the Chesapeake Bay.

You will also find enclosed a summary description of each project recommended for funding, the name of the organization or agency sponsoring the project, and the name of the project's director.

CHESAPEAKE BAY RESTORATION FUND

Recommendations for 2007 Funding

Project Number and Organization	Project Summary	Contact and Address	Amount Recommended
003 Northumberland Association for Progressive Stewardship	As in their 2004 and 2006 grant applications, NAPS seeks funding to educate citizens about the importance of marshes and encourage them to "garden" their marshes by removing debris and pruning back vegetation, along with planting a variety of marsh plants and controlling <i>Phragmites australis</i> .	Dr. Lynton S. Land P.O. 567 Heathsville, VA 22473 Phone #: 804-453-6605	\$2,900.00
004 Capital Region Earth Force	As in their 03-04 grant applications, Earth Force seeks funds for their GREEN Teacher Institute program, which will train 50 educators in Northern Va. to focus on creating integrated educational experiences for young people on the protection of the Bay watershed and the need to engage students in applications for their environmental science work.	Jennifer McDonnell 1908 Mt. Vernon Ave., 2nd Fl. Alexandria, VA 22301 Phone #: 703-519-6867	\$7,000.00
005 Municipal Corporation of Cape Charles	To better educate the public on the Bay's natural resources and to protect the ecosystems that sustain them, Cape Charles seeks funding to provide two informational kiosks and install two fish cleaning stations at the Harbor and Beach.	Heather Arcos 2 Plum St. Cape Charles, VA 23310 Phone #: 757-331-3259 ext. 12	\$6,600.00
006 Longwood Center for Economic Education	LCEE proposes for 20 K-12 teachers a one-week camp on environmental economic education that combines classroom instruction, hands-on activities, and field studies. The teachers would be tested and are responsible for making a presentation in their own school to further disseminate the information.	Dr. Melanie Marks College of Business and Economics Longwood University Farmville, VA 23909 Phone #: 434-395-2372	\$6,000.00
007 Middle Peninsula Chesapeake Bay Public Access Authority	MPCBPAA proposes for their Dragon Run/Chesapeake Bay Drainage Trail Demarcation Project to oversee the application of reassurance markers, also known as blazes, to trees along all trails of the Browne Tract. The Browne Tract is the region's only multi-use public access facility for school children and the public to explore and gain knowledge of the Dragon Run Watershed and the Bay drainage system. They seek funds for contractual services and 20 gallons of Nelson Boundary paints.	Lewis Lawrence P.O. Box 286 Saluda, VA 23149 Phone #: 804-758-2311	\$500.00
008 Coastal Virginia Wildlife Observatory	As in their 03-06 grant applications, CVWO proposes to increase awareness concerning the Bay by providing printed materials to the public and schools regarding the need to preserve coastal habitats for migratory birds and Monarch butterflies.	Brian Taber P.O. Box 1225 Virginia Beach, VA 23451 Phone #: 757-259-3123	\$2,300.00
009 Deltaville Maritime Museum and Holly Point Nature Park	The Museum seeks funding for Phase One of their Holly Point Creek Front Restoration Project. The Project will clean the shoreline of overgrown vegetation, plant native plants, restore and protect the wetlands, and build a boardwalk connecting the existing piers to provide a handicapped-accessible viewing area of the waterfront, benches, and educational markers on the restoration work and identify native wildlife.	Bob Kates 287 Jackson Creek Rd. P.O. Box 466 Deltaville, VA 23043 Phone #: 804-776-6950	\$10,500.00
010 Thomas Jefferson Soil and Water Conservation District	Thomas Jefferson SWCD proposes to create an educational tour of the Rivanna River Watershed to be made available in interactive form on the Internet and a CD-ROM PowerPoint presentation. Through their workshops, they will assist in the recruiting and training of citizens on the prevention of water pollution and the protection of water quality. They will also educate the public about issues affecting the local water quality and the health of the Bay.	Martin Johnson 2134 Berkmar Dr. Charlottesville, VA 22901 Phone #: 434-975-0224	\$2,655.00

011 Chesapeake Volunteers in Youth Services	As in their 03-06 grant applications, CBYCC proposes to continue to conduct four weekend camping trips to perform environmental enhancements along the Bay. Each weekend outing will include 10 youths and 240 hours of community service.	Mary R. Riley 301 Albemarle Dr. Chesapeake, VA 23322 Phone #: 757-382-8184	\$6,000.00
012 Dearington Elementary School for Innovation	DESI proposes to provide watershed preservation awareness to their students by teaching the interrelationships of tributary streams in their area with the James River and the Bay, conducting field studies to test water quality and apply same to an interactive watershed model, creating and attaching 75 colorful rain barrels to alleviate some of the nonpoint source pollution in the area, planting rain gardens on the school grounds, and taking several field trips.	Carolyn S. Lewis 210 Smyth St. Lynchburg, VA 24501-1539 Phone #: 434-522-3757	\$7,000.00
017 James City County Division of Parks and Recreation	As in their 02-06 grant applications, James City County Parks and Recreation requests funds for supplies and an instructor with a background in environmental education and knowledge of the Bay to lead their Chesapeake Water Marshals Camp, which is an eight-week program, three days a week. The camp focuses on the importance of preserving the natural resources of the Bay and its watershed. As in 04-06, they would also like to offer the program to the Days of Discovery Special Needs Summer Camp. The curriculum for the camp will be slightly different from last year to reflect yearly changes so that repeat campers can learn new information.	Carla Tyler Brittle 5300 Palmer Lane, Suite 1A Williamsburg, VA 23188-2674 Phone #: 757-259-5412	\$3,720.00
018 Monacan Soil and Water Conservation District	As in their 1996, 1997, 1998, 2001, and 2003 grant applications, Monacan SWCD proposes to use the funds to help defray the costs for their Conservation Days Program to be held at the Powhatan Wildlife Management Area. The program will provide over 300 7th graders a hands-on educational experience concerning water and soil education and conservation. They seek funds for batteries, water, ice, cups, two Porto-Johns, and educational materials and handouts.	Betty McCracken P.O. Box 66 Goochland, VA 23063 Phone #: 804-556-4936	\$265.00
020 Virginia Institute of Marine Science Center for Coastal Resources (Living Shorelines Education Course)	The Center for Coastal Resources at VIMS proposes to develop a course curriculum that would educate shoreline project designers and contractors about the use of "Living Shoreline" designs.	Jane A. Lopez P.O. Box 1346 Gloucester Point, VA 23062 Phone #: 804-684-7029	\$14,000.00
025 Mattaponi Heritage Foundation	As in their 02-06 grant applications, the Foundation requests additional funding for their shad hatchery, which includes two Sun Mar composting toilets, ongoing training of staff and new volunteers, and supplies and fish to continue the roe and sperm for the 2007 season. They also seek funding for additional construction to the underside of the hatchery to protect plumbing from large debris.	Carl Custalow 1467 Mattaponi Reservation Circle West Point, VA 23181 Phone #: 804-769-4508	\$9,000.00
026 James River Association	As in their 2003, 2005, and 2006 grant applications, JRA seeks funds to continue the expansion for their "James Riverkeeper." New for 2007, their project "Snapshot of the James" will identify two specific days that all citizen water monitors in the James River Watershed will be asked to test their specific site in order to raise public awareness of the condition of the James River and its tributaries and build citizen support for needed practices to combat polluted runoff.	Chuck Fredrickson P.O. Box 909 Mechanicsville, VA 23111 Phone #: 804-730-2898	\$17,000.00
028 Virginia Association of Soil and Water Conservation Districts Educational Foundation	As in their 2002, 2003, 2004, and 2006 grant applications, the VASWCD Educational Foundation proposes to continue to provide educational opportunities to high school students through Envirothon, which is a natural resources competition. They seek funding for educational and training materials, workshops, and competition expenses. New for 2007, they also seek funds for additional materials for their "Envirothon Resource Trunks," which are loaned to local soil and water conservation districts for training students, teachers, and adults.	Dana Roberts 7308 Hanover Green Dr. Suite 100 Mechanicsville, VA 23111 Phone #: 804-559-0324	\$8,000.00
031 Old Dominion University Research Foundation	ODU Research Foundation proposes to develop, implement, and disseminate a curriculum that is inquiry based and centered around a year-long theme of "My Place in the Environment" to Pre-K through K children. The theme will educate teachers and children about the environment and how to care for it, improve appreciation of wetlands and habitat in Hampton Roads, and encourage involvement in environmental behaviors	Cleteus and Catherine Smith 45th Street and Hampton Blvd. Norfolk, VA 23529 Phone #: 757-683-5465	\$11,000.00

	that promote stewardship of the environment at school and home.		
033 Rockbridge County Public Schools Fairfield Elementary School	As in their 2006 grant application, RCPS proposes to continue their "Save Our Surroundings" project at Fairfield Elementary School by expanding their environmental on-site classroom, which includes a native nature trail, a mini-watershed, an outdoor lab, and studies of erosion. The Project's focus will also continue to be on the preservation of the environment on the Bay.	Lisa Connors 20 Fairfield Rd. P.O. Box 162 Fairfield, VA 24435 Phone #: 540-348-5202	\$5,000.00
034 Virginia Living Museum	As in their 02-04 grant applications, the Museum wishes to continue to provide Discovery Boxes to inner city and rural schools by seeking funds to provide a one-week free rental of the boxes, which would include repairs and printing and mailing of the promotional materials. New for 2007, the Museum will conduct a special event "Teacher Day about the Bay" to encourage teachers to get excited about teaching the Bay story and offer them additional materials to aid in their teaching.	Myra Legg 524 J. Clyde Morris Blvd. Newport News, VA 23601 Phone #: 757-595-1900 ext. 257	\$5,825.00
035 Friends of the Shenandoah River	FSR proposes, as in their 00-06 grant applications, to continue with their long-term monitoring of water quality in the Shenandoah River Basin by requesting funds for a Lab Technician, lab chemicals, and supplies for monitors.	Meryl N. Christiansen, Ph.D. P.O. Box 410 Front Royal, VA 22630 Phone #: 540-665-1286 or 540-635-4549	\$9,000.00
037 The Northern Virginia Conservation Trust	NVCT proposes in 2007 to begin systematic restoration work on five fee simple properties and seven easement properties protected by NVCT. Their goals are to improve the environmental quality of the riparian zones and therefore improve wildlife habitat and downstream water quality. They seek funding for supplies and trees.	Whitney Bailey 4022 Hummer Rd. Annandale, VA 22003 Phone #: 703-354-5093	\$14,000.00
038 Winchester Virginia Chapter of Trout Unlimited	TU proposes for their "Trout in the Classroom" program to set up an aquarium and incubate trout eggs in five high school classrooms in Clarke and Frederick Counties. Teachers and students are responsible for daily maintenance and observation of the eggs, while the Trout Coordinator is responsible for obtaining permits and locating a certified egg source. The trout fry will be released into a state-approved body of water in the Bay watershed during a class field trip. They seek funding for the supplies needed to initiate the program in five high schools.	Jerry Casey 309 Huntersridge Rd. Winchester, VA 22602 Phone #: 540-722-4914	\$4,250.00
041 Fairfax County Park Authority	The Authority proposes a "Watershed Trail Sign Education" project to educate the public about the value stream valley parks provide in our past, present, and future. One of the signs, "Water Connection," focuses on runoff and preventing pollution from entering their regions' waterways and the other sign, "Ribbons of Green Protect Our Streams," focuses on the importance of stream buffer vegetation and incorporates design elements that will appeal to a range of park visitors. They seek funding for 25 signs.	Mona Enquist-Johnston 12055 Government Ctr. Pkwy. Suite 927 Fairfax, VA 22035-1118 Phone #: 703-324-8513	\$9,000.00
042 Chesapeake Bay Governor's School	CBGS proposes to develop a one-week teacher workshop to assist in the enhancement of their 10th grade curriculum that will integrate a survey of the Bay's watershed and tributary system from sea level to its highest elevations. Students will study water quality and native flora and fauna at numerous sites and will also use the GLOBE program, which is an international (111 countries) science data/research organization founded in 1994.	Patty Griffin P.O. Box 756 Tappahannock, VA 22560 Phone #: 804-443-0267	\$5,000.00
043 Spotsylvania County Department of General Services	As in their 2006 grant application, Spotsylvania County proposes to create a meaningful watershed experience for students through field investigations, environmental education, and environmental enhancement activities that will result in youth stewardship of the Bay and its watershed. The requested funds are for personnel overtime, travel, fuel, four van rentals, lodging, supplies, T-shirts, and an admission fee for 50 participants to the Mariner's Museum.	Clara Mills P.O. Box 99 Spotsylvania, VA 22553 Phone #: 540-507-7709	\$9,000.00
044 Valley Conservation Council	VCC seeks funding to support conservation easement outreach at local events and county fairs in their 11 county service area. VCC proposes to develop high quality displays specific to each of their counties, conduct volunteer training, and support local volunteer coordinators who will coordinate volunteers and help staff these events.	Jackie Jamison 17 Barristers Row Staunton, VA 24401 Phone #: 540-886-3541	\$9,000.00

049 Thaxton Elementary School - N.E.E.D. Team	As in their 2004 grant application, Thaxton Elementary proposes to establish an arboretum at their school focusing on the correct methods of planting and caring for plants in the James River Watershed and Bay and conduct a school-wide energy fair to promote student involvement in techniques for conserving energy and protecting the environment. Implementation of the fair would further prepare the N.E.E.D. team for participation in the Va. Tech - Association of Energy Professionals Energy Fair in the fall, the Energy Symposium at James Madison University in the spring, and the National Energy Conference and Award Program in Washington, D.C. in June 2008.	Viola Henry 1081 Monorail Circle Thaxton, VA 24174 Phone #: 540-586-3821	\$4,500.00
052 Lake Anna Civic Association	To continue with their water quality monitoring program, LACA seeks partial funding to cover the cost of laboratory analyses.	Richard J. Clark P.O. Box 217 Mineral, VA 23117-0217 Phone #: 804-379-9070	\$3,000.00
054 Chesapeake Bay Foundation, Inc. York Chapter	CBF proposes to measure growth, mortality, and disease prevalence in a selected strain of triploid (<i>Crassostrea virginica</i>) spat on shell grown on the bottom in the same manner as oyster planters have employed for wild oyster seed from natural settlement, determine the resistance of spat on shell seeded oysters to cow nose ray predation, and compare the costs versus yields of growing that triploid (sterile) strain with diploid (non-sterile) wild <i>C. virginica</i> spat on shell (seed oysters) grown in the above manner. They seek funding to purchase 12-15 million metamorphically competent pediveliger stage larvae, testing, travel, fuel, contractual services, loader rental, and supplies.	Sidney C. Dixon P.O. Box 643 Yorktown, VA 23690 Phone #: 804-642-5158	\$7,750.00
055 Science Museum of Western Virginia	The Museum, through their "ROOTS OF A WATERSHED" program, proposes to educate students of all ages as to how their decisions and the decisions on the use of the land around them impact watersheds through in-museum tours, classes, and Into-the-Stream field trips. The students will be studying erosion control and natural resources associated with environmental protection, water quality, and stream ecology.	Nancy McCrickard One Market Square, 4th Floor Roanoke, VA 24011 Phone #: 540-857-4396	\$5,921.00
057 Va. Tech - Virginia Cooperative Extension King and Queen County 4-H Youth Development	The King and Queen County 4-H proposes for their 4th, 5th, and 6th grade students a one-hour program, six total, to develop an understanding of local estuary systems. The students will learn the life cycle of the shad, explain the relevance of the shad in the food cycle, perform basic water quality tests, explain how water quality affects aquatic life, exhibit awareness of local water quality issues, hold informed conversations debating the issues, and propose possible solutions to local problems.	Catherine Short P.O. Box 65 175 Courthouse Rd. King William, VA 23086 Phone #: 804-769-4955	\$1,000.00
064 Friends of Reston for Community Projects, Inc.	Reston proposes to develop a self-guided Stormwater Trail in Reston that will serve as a guide to help community associations, residents, and youth to better understand stormwater management and will encourage individuals to implement at least one of the demonstrated BMPs to protect water quality from nonpoint source pollution and buffer storm runoff.	Nicki Foremsky 1930 Issac Newton Square Reston, VA 20190 Phone #: 703-435-6560	\$8,500.00
066 Rivanna Conservation Society	RCS proposes to support a study of land use/stream health relationships to be conducted by the StreamWatch partnership and to independently organize a symposium and produce materials to educate the community about the link between land use and stream health. They seek funding for salaries, transportation, field and laboratory equipment, distribution of the StreamWatch 2007 report, and the development, production, and hosting of a "State of the Basin" educational symposium with a display exhibit and fact sheets.	John Murphy P.O. Box 1501 Charlottesville, VA 22902 Phone #: 434-923-8642	\$10,000.00
067 Booker T. Washington Middle School	As in their 2006 grant application, Booker T. Washington Middle School seeks funding for 30 teachers to go on a field trip for three days to CBF's Port Isobel Island Education Center with transportation and meals included and scientific materials, supplies, and equipment for teacher/student use at their school. New for 2007, they also seek funding for 450 students to spend a day onboard the CBF's teaching vessel "Baywatcher" and the maintenance of their marine tanks that the students care for.	Deborah L. Fields 3700 Chestnut Ave. Newport News, VA 23607 Phone #: 757-928-6860	\$3,134.00
068 Westmoreland State Park	The Park seeks funding for six teachers to create a total of 96 seasonal K-5th grade lesson plans focusing on Science, Math, Social Studies, and Language Arts that provide a meaningful learning experience about the Bay watershed utilizing their Discovery Center. Participants would conduct water quality test, observe native species in their native habitat, learn about problems the watershed is facing, and possible solutions.	Steve Davis 1650 State Park Rd. Montross, VA 22520 Phone #: 804-493-8821	\$5,200.00

070 City of Norfolk Bureau of Environmental Services	BES seeks funding for the initial printing of 500 bound copies of their "Native Plants for Wetland Restoration and Enhancement: A Source Guide." The Guide was prepared to provide landowners and landscape designers with the information they need to research, design, and properly add native wetlands plants to existing wetland areas.	Kevin R. Du Bois 508 City Hall Building 810 Union St. Norfolk, VA 23510 Phone #: 757-621-2564	\$500.00
072 Lynchburg College	The College proposes to develop a Blackwater Creek Watershed Management Plan based upon the model for development guidelines provided within the DCR's "A Community Water Quality Approach: Local Watershed Management Planning in Virginia." Lynchburg College seeks funding to implement a series of instructional programs designed to engage and educate the students of the college and the citizens of Lynchburg City and Bedford and Campbell Counties regarding the development of the watershed and the effects such development has on Blackwater Creek, College Lane, the James River, and the Bay.	Thomas D. Shahady, Ph.D. 1501 Lakeside Dr. Lynchburg, VA 24501-3199 Phone #: 434-544-8545	\$4,500.00
073 Interstate Commission on the Potomac River Basin	As in their 1997, 2000, 2001, and 2006 grant applications, ICPRB proposes to continue with the restoration of the American shad populations to the Rappahannock and Potomac Rivers and enlist approximately 10 northern Va. schools in the effort, which also includes five field trips on their vessel the "Half Shell."	James Cummins 51 Monroe St., Suite PE-08 Rockville, MD 20850 Phone #: 301-984-1908 ext. 106	\$12,500.00
075 Friends of the Occoquan	Similar to their 02-06 grant applications, FOTO proposes to continue to preserve and maintain the Occoquan Watershed by conducting four educational watershed presentations, recruit volunteers for a Fall 2006 and Spring 2007 cleanup, promote the Spring 07 Alexandria Earth Day, distribute the "Saving Our Watersheds - Beyond the Occoquan" video to five watershed organizations and five schools in Fairfax County, install three new no-litter bilingual signs in two Prince William Park Authority parks, and prepare 20 Wetland models and distribute to Prince William Schools.	German Vanegas P.O. Box 1452 Woodbridge, VA 22195-1452 Phone #: 703-624-7124	\$2,800.00
078 County of Albemarle, Virginia	The County of Albemarle, on behalf of the Rivanna Regional Stormwater Partnership, will be carrying out a campaign to educate employees of local automotive repair and maintenance shops about Best Management Practices they can adopt to minimize pollution of stormwater in the Rivanna River Watershed. During the second half of the grant year, the partnership will develop a second education campaign targeting the restaurant industry, incorporating lessons learned from the first.	Greg Harper 401 McIntire Rd. Charlottesville, VA 22902 Phone #: 434-296-5832 ext. 3410	\$2,294.00
079 Virginia Beach Friends School	VBFS proposes to train teachers to prepare students by providing materials that will either introduce or reinforce environmental concepts, give students opportunities and materials to apply those concepts, and implementation of environmentally beneficial projects. They seek funds for environmental education resources, field trips, materials for investigations and plan implementations, specialty gardens, teacher training, oysters, and a nature trail.	Denise Gruccio 1537 Laskin Rd. Virginia Beach, VA 23451 Phone #: 757-428-7534 ext. 703	\$5,000.00
082 Virginia Save Our Streams Program - Virginia Division of the Izaak Walton League	As in their 97-06 grant applications, VA SOS proposes to continue to train interested citizens to be volunteer water quality monitors using a well established biological method of monitoring. They will also provide on their website general information on water resources in Va. and water quality monitoring and data.	Stacey T. Brown P.O. Box 8297 Richmond, VA 23226 Phone #: 804-615-5036	\$8,126.00
083 Va. Tech - Department of Crop and Soil Environmental Sciences	The College proposes to develop information on nitrate leaching on farms in New Kent and King William Counties and carbon and nitrogen sequestration in long-term no-till systems in New Kent, Charles City, King William, Henrico, and James City Counties and disseminate this information to growers, conservation specialists, legislators, and policy makers in order to achieve improved soil and water quality.	Mark Alley 416 Smyth Hall Blacksburg, VA 24061 Phone #: 540-231-9777	\$8,500.00
085 Rodney Thompson Middle School	Rodney Thompson proposes to discuss their environmental concerns, in conjunction with learning physics and chemistry, by working on projects in which they will set up a hypothesis, research, collect data, analyze the data conclusions, and disseminate the data to the public. The students will share data with students at their sister school in Delaware via e-mail and cameras and will travel to the school in June 2008 for an environmental conference. The teachers will also attend a "Train the Trainers" session so that in the future data can be directly added to the DEQ database instead of paying	Belinda Casto-Landolt 75 Walpole Stafford, VA 22554 Phone #: 540-658-6420	\$4,585.00

	the \$325.00 yearly annual fee for registration of a site.		
086 Hampton Roads Planning District Commission	HRPDC proposes to reach school-aged children in Hampton Roads with a regionally consistent pollution prevention message, increase awareness and knowledge of pollution prevention, as well as encourage personal stewardship, and gauge the effectiveness and impacts of targeting school-aged children with environmental education and calls to action. They seek funds for educational materials, the distribution of an environmental tabloid/newspaper to all 3rd and 4th grade classrooms in Hampton Roads, and provide background and supplemental information in the form of a teacher's guide.	Julia B. Hillegass The Regional Building 723 Woodlake Dr. Chesapeake, VA 23320 Phone #: 757-420-8300	\$7,189.00
087 University of Virginia Institute for Environmental Negotiation	As in their 02-05 grant applications, the Institute seeks funding to continue teaching six three-day seminars, which includes a field trip to Tangier Island, for their state-wide program in environmental education and leadership by educating concerned Fellows about natural resource issues related to water quality, land use, and community sustainability.	Tanya Denckla Cobb 104 Emmet St. Charlottesville, VA 22903 Phone #: 434-924-1970	\$5,000.00
088 Wildlife Center of Virginia	The Wildlife Center proposes to create a "Chesapeake Bay" program for 35 Title I elementary schools to help children see the environment through the eyes of wildlife by bringing non-releasable animals to each program. By hearing the environmental message behind each animal's story, the children are able to connect more deeply the importance of protecting wildlife and the environment. They seek funding for research/development, supplies, evaluation, promotion costs, and the fees for 70 programs.	Ed Clark 1800 S. Delphine Ave. P.O. Box 1557 Waynesboro, VA 22980 Phone #: 540-942-9453	\$4,000.00
090 Henricopolis Soil and Water Conservation District	Henricopolis SWCD proposes to assemble an Envirothon resource trunk for each Envirothon coach, identify potential Envirothon participants and assure them Henricopolis SWCD can provide the resources needed for a successful program, and host an Envirothon workshop for teachers to make them aware of the program and to demonstrate the resources available to them. They seek funding for 10 Envirothon Resource Kits and provide for 45 students to attend workshops.	Barbara McGarry 8600 Dixon Powers Dr. Richmond, VA 23228 Phone #: 804-501-5175	\$5,025.00
091 Alliance for the Chesapeake Bay	The Alliance proposes to increase volunteer water quality monitoring in the Bay tributaries through strategic planning, training, and capacity building. They seek funding for personnel, travel, supplies and materials, and contractual services.	Leslie Middleton 530 E. Main St., Suite 501 Richmond, VA 23219 Phone #: 775-0951	\$29,000.00
094 Lord Fairfax Soil and Water Conservation District/Holman's Creek Citizen's Committee	LFSWCD, in order to implement the Holman's Creek TMDL plan, seeks funding for water testing to develop information for use in guiding the implementation of the TMDL plan and informing residents, farm owners, and operators about pollution in the area of the watershed where they reside and operate.	Ray Brownfield 130 Carriebrooke Dr. Stephens City, VA 22655 Phone #: 540-740-2919	\$7,571.00
096 Middle Peninsula Land Trust	Middle Peninsula Land Trust proposes to further enhance the Resource Conservation District ordinance with the development, introduction, and incorporation of four to-be-developed bonus density ordinance elements crafted to enable local governments to encourage and/or stimulate related jurisdictional priorities. They will also conduct six training workshops for Middle Peninsula local government officials and staff on the ins and outs of the model Resource Conservation District ordinance and on their bonus density ordinance elements.	Neal J. Barber P.O. Box 585 Mathews, VA 23109 Phone #: 804-758-0640	\$5,000.00
099 Northumberland County Public Schools	Northumberland County Public Schools proposes to construct two outdoor classroom pavilions along the Crabbe Mill Stream Nature Trail, which is located between the existing middle and elementary schools. They are only seeking funds for materials for the first pavilion.	Jenny Christman 9020 Northumberland Hwy. Heathsville, VA 22473 Phone #: 804-580-5753	\$7,000.00
101 Friends of Stafford Creeks	As in their 2005 grant application, FSC proposes to continue to establish and operate 10 water quality monitoring sites divided between three major Stafford County watersheds, while developing volunteer and citizen awareness of the importance of water quality. New for 2007, they will establish a website to showcase monitoring information, SAV surveys, and other information consistent with organization's objectives.	Patricia G. Kurpiel 38 Dobe Point Rd. Stafford, VA 22554 Phone #: 540-657-6674	\$3,222.00
104	Hoffler Creek proposes a program "Changing the Tides," which focuses on water quality in Hoffler Creek as a microcosm of the Bay. They seek funding to purchase equipment,	Randi Strutton 4510 Twin Pines Rd.	\$6,770.00

Hoffler Creek Wildlife Foundation	materials, and supplies.	Portsmouth, VA 23703 Phone #: 757-483-6838
