Authority for the Report

Section 22.1-254 of the *Code of Virginia*, authorizes school boards to allow the fulfillment of compulsory attendance requirements by any student who is at least 16 years of age and for whom an Individual Student Alternative Education Plan (ISAEP) is developed. As required by the *Code*, the Virginia Board of Education has developed guidelines associated with the ISAEP program. The ISAEP must conform to these guidelines, to include:

- (1) career guidance counseling;
- (2) mandatory enrollment and attendance in a General Educational Development (GED) preparatory program or other alternative education program approved by the local school board;
- (3) counseling on the economic impact of failing to complete high school; and
- (4) procedures for reenrollment in school.

Item 135 of the Appropriation Act, Chapter 3, 2006 Acts of Assembly, requires the Virginia Department of Education (VDOE) to monitor the implementation of this program, now called the Individual Student Alternative Education Plan program, and to provide annual reports to the General Assembly.

Historical Review of the ISAEP Program

The legislation that created the ISAEP program became law on July 1, 1999. In the months that followed, the Board of Education developed guidelines for the program, and VDOE established a process for funding local programs and assisted school divisions in developing program components. The first program year was viewed as successful by school divisions, even though it was only a few months in duration. Year two (2000-2001) involved technical assistance visits and regional training primarily to prepare for the planned changeover to a new series of the GED Tests that occurred in January 2002. During 2001-2002, the ISAEP program was characterized by continued technical assistance site visits and training, with increased emphasis on the career and technical education component. Career and technical education benchmarks were established, and three options for career preparation were added to the 2002-2003 ISAEP application. During 2002-2003, the Board of Education guidelines for ISAEP programs were revised to reflect score requirement changes resulting from the release of the 2002 series of the GED Tests. The new career and technical education benchmarks were also included in the revised guidelines.

State Administrative Activities during the Seventh Year of the Program

During 2006-2007, state staff continued conducting technical assistance site visits to selected programs. Technical assistance and monitoring activities focused on increasing the use of technology to support assessment and instructional activities that prepare students for the

21st century workforce. Professional development focused on strategies for developing effective counseling and transition in programs, effective programs that demonstrated results, and effective, strategic instruction for the special needs population.

The following events reflect activities during the seventh year of the ISAEP program (July 1, 2006-June 30, 2007):

- VDOE allocated \$2,184,711 in funds to school divisions, ranging from \$7,859 to \$102,162 per grant. Local programs used grant monies to purchase materials and technology for instruction and to secure personnel. The statewide average per-pupil expenditure was \$343, a decline of eight percent over those costs for 2005-2006. See Appendix A for per-pupil costs by school division.
- Two school divisions began ISAEP programs for the first time, while five school divisions chose not to apply for state ISAEP program funds for the 2006-2007 school year. These five identified one of the following reasons: (1) they had a locally developed alternative education program functioning; (2) the ISAEP program did not meet their needs; or (3) they wanted to explore the ISAEP program at a later date.
- VDOE staff attended ISAEP student recognition ceremonies and GED graduations.

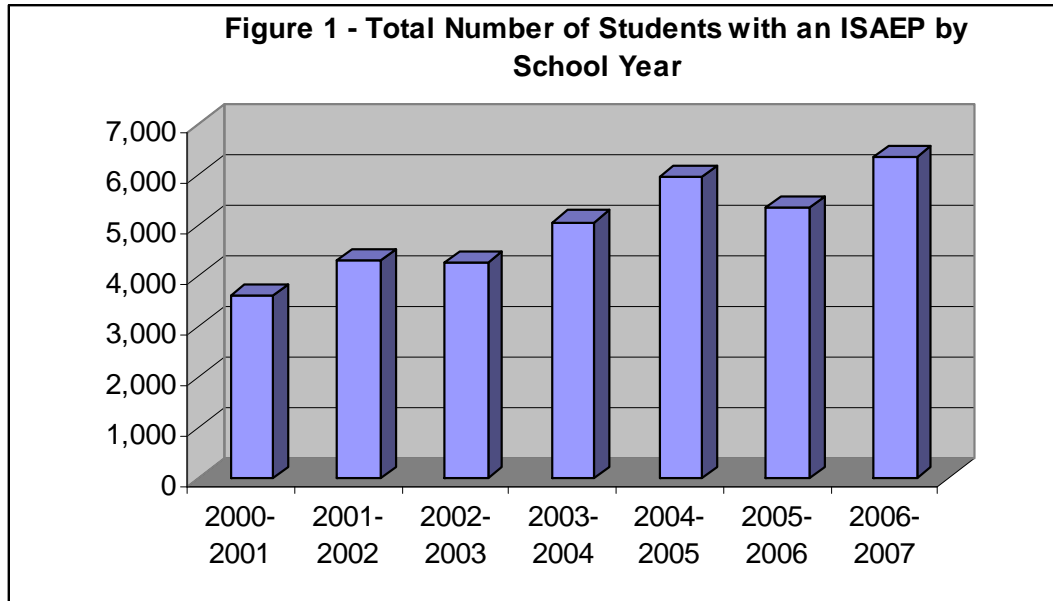

Local Program Data, 2006-2007

In May 2007, VDOE continued to refine the ISAEP data collection form completed by participating school divisions. The data collection highlights student participation rates, the number of students earning the GED credential, student demographics, program profiles, and per-pupil costs. Responses were received from all programs that participated in 2006-2007.

In the state survey, programs were asked to provide quantitative data pertaining to age, gender, and ethnicity of participants. Also, they were asked to describe their respective programs in qualitative terms, including information about student/teacher ratios, program selection criteria, career counseling and preparation activities, instructional methodologies, curriculum, enrollment, and completion data.

Due to changes at GED Testing Service, the pencil and paper report form issued by the GED Testing Service of the American Council on Education was not required this year.

Participation in ISAEP

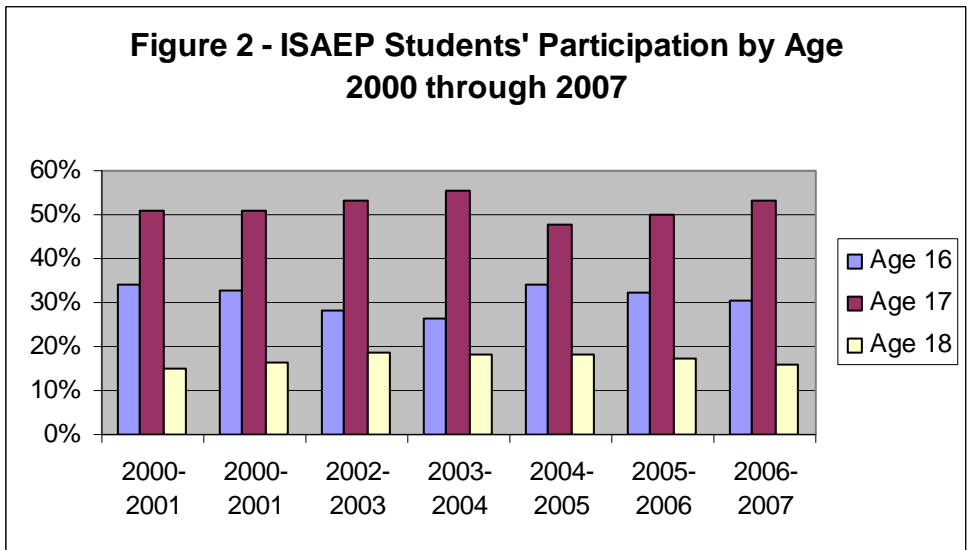

Year	Number of Students
2000-2001	3,609
2001-2002	4,288
2002-2003	4,282
2003-2004	5,071
2004-2005	5,950
2005-2006	5,345
2006-2007	6,366

Figure 1 illustrates a 76 percent increase in the number of students with an ISAEP since the first full year of implementation of the program.

Age and Gender of Participants

School divisions reported that 6,366 students between the ages of 16 and 18 years old qualified for an ISAEP program. This represents an increase of 19 percent from the 2004-2005 school year. The percentage of 16-year-old students with an ISAEP represents 31 percent of the total ISAEP student enrollment. Seventeen-year-old students represent 53 percent, and 18-year-old students represent the remaining 16 percent of the student population.

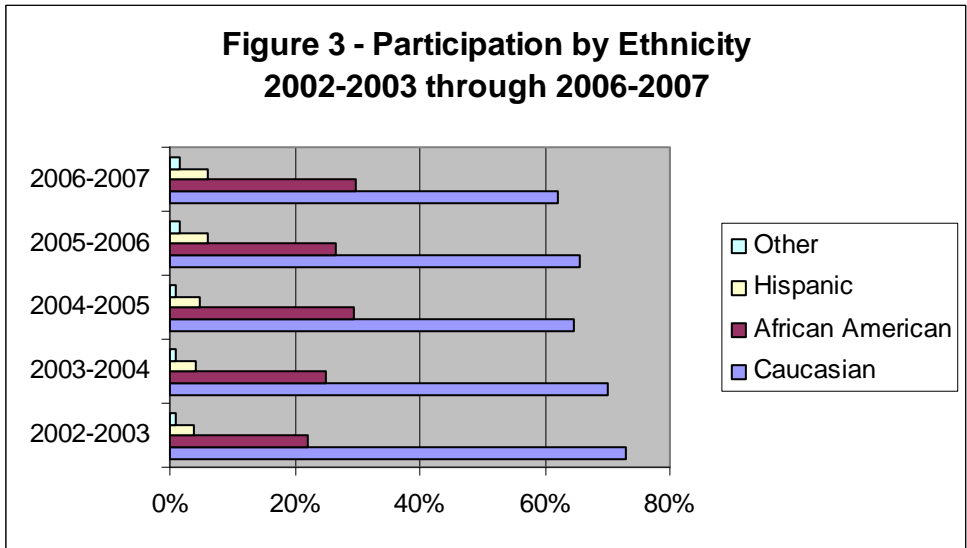

Age	2000-2001	2001-2002	2002-2003	2003-2004	2004-2005	2005-2006	2006-2007
16	1,227	1,404	1,205	1,334	2,016	1,735	1,951

18	541	695	789	923	1,081	927	1,020
Total	3,609	4,288	4,276	5,071	5,950	5,345	6,366

Figure 2 provides a breakdown of ISAEP participants by age. The number of 18-year olds who remained in the program has declined for the last two years.

Gender enrollment data for 2006-2007 reflect that 59 percent (3,749) of ISAEP students were male, while 41 percent were female (2,617). See Appendix B for age and gender enrollment by school division.

Ethnicity of Participants

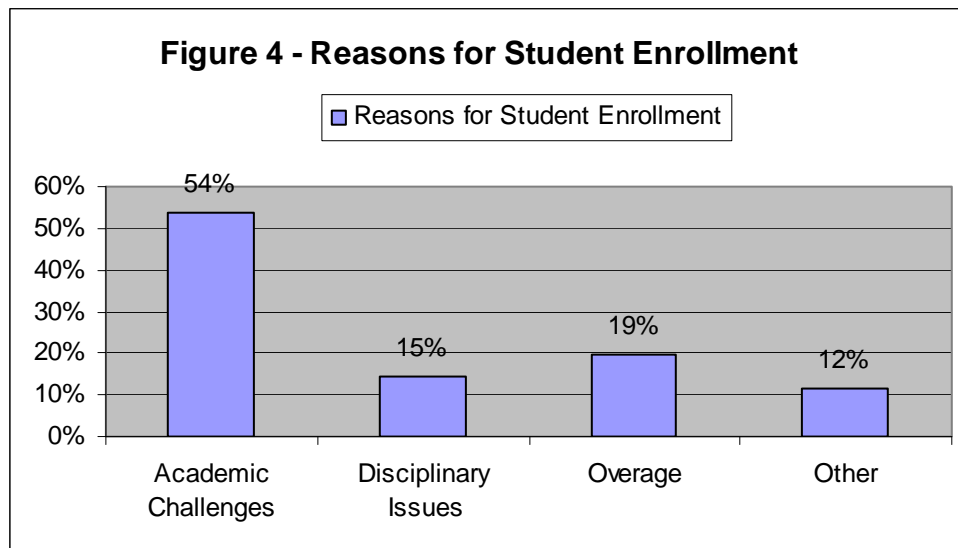

Participation by Ethnicity 2002-2003 through 2006-2007					
	2002-2003	2003-2004	2004-2005	2005-2006	2006-2007

Other	43	51	60	88	111
Total	4,282	5,072	6,070	5,345	6,366

Figure 3 provides a breakdown of participation rates based on ethnicity. The rate of participation by selected ethnic groups in 2006-2007 changed moderately from 2005-2006.

Between 2005-2006 and 2006-2007, participation by African-American students increased by 3 percent from 27 percent to 30 percent. Participation by Caucasian students decreased from 65 percent to 62 percent. Participation by Hispanic students remained the same at 6 percent, and other ethnicities remained the same at 2 percent. See Appendix C for ethnicity enrollment by school division.

Reasons for Enrollment in ISAEP

Reasons for Enrollment in ISAEP Program			
Academic Challenges	Disciplinary Issues	Overage	Other
3,430	924	1267	745

Figure 4 provides a breakdown of ISAEP participants by reason for enrollment. School divisions reported that 54 percent of the students enrolled due to academic reasons. This represents a 25 percent decline since the 2005-2006 school year. Disciplinary reasons for enrollment remained the same as the last school year at 15 percent. Nineteen percent of the students enrolled due to being overage, which is a 13 percent increase over the 2005-2006 school year. Twelve percent enrolled due to other reasons, an increase of 9 percent over last year. See Appendix D for reasons for enrollment in ISAEP broken down by school division.

Major Focus Areas for 2007-2008

In the coming school year, the Department of Education's technical assistance priorities will include:

- helping programs improve academic and career preparation of ISAEP students;
- providing assistance in developing high quality, effective programs that demonstrate results;
- helping programs improve reporting for formative and summative evaluation purposes; and
- ensuring fair and equitable access to the ISAEP program for all students.
