TOTAL	37	100%	27	100%	23	100%	34	100%
<b>Total of all Intake</b>								
<b>Overall %</b>								

This distribution reflects a quarterly breakdown of the number of students age 22 and under who have been previously identified as eligible for special education services. Percentages reflect the number of students identified in each handicapping condition. Since DOC does not report totals for this age group, percentages do not report the number of students identified eligible for special education services in comparison to the total number incarcerated for that age group.
