ANNUAL REPORT 2008

VIRGINIA DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL

LETTER FROM THE CHAIR

As we recap a busy fiscal year at ABC, we are proud to highlight agency initiatives, objectives, government mandates, public-safety measures and, of course, sales.

ABC completed Fiscal Year 2008 with a record \$641.2 million in annual gross sales. Although slightly below forecast, sales increased by 5.3 percent over last year.

The General Assembly passed legislation allowing for the expansion of Sunday sales, adding 36 stores to the 95 stores already open from 1 to 6 p.m. on Sundays. Sunday sales began in 2004 when legislation allowed it in designated areas, based on population. A total of 131 of Virginia's 332 stores are open on Sunday.

New legislation making it an ABC violation for licensees to allow their businesses to become meeting places for gangs enhances the control arm of our agency mission.

Another new law that addresses public safety allows ABC agents to check the national criminal database when conducting background checks for prospective licensees. For the past several years, ABC agents have had access to Virginia-only checks, and many licensee applicants are not natives of Virginia.

Statewide community involvement through the newly established Community Advisory Council has allowed for the exchange of information about services available and community needs. Council meetings, held in all four regions in the state, allow representatives from local public-safety, educational and community organizations to meet with representatives of ABC.

Under the leadership of Governor Tim Kaine, guidelines have been established to ensure fiscal accountability while safeguarding the Commonwealth's assets. To comply with the Agency Risk Management Internal Control Standards, or ARMICS, ABC identified and provided extensive documentation of eight fiscal processes deemed critical to the agency. The Internal Audit Division developed and tested the internal controls over these processes.

Another mandate requiring planning and accountability is the Continuity of Operations Plan, or COOP. ABC completed its annual review and update of its COOP plan for 2008. Significant improvements were made in the orders of succession and communications sections, as well as the addition of a new section addressing a possible pandemic influenza outbreak in the Commonwealth.

ABC continues to enhance its "going green" efforts in response to the administration's Environmental Stewardship initiative. ABC has been recycling 70,000 warehouse pallets each year for the past five years, and shrink-wrap recycling was added more recently. ABC recycles approximately 11 tons of shrink-wrap and 308 tons of cardboard annually. During Fiscal Year 2008, the agency con-

verted to more eco-friendly bags in its stores. The bags contain a biodegradable additive that significantly reduces decomposition time in landfills.

Education/prevention efforts include two new initiatives. The agency has received state and national awards for implementing its innovative Alcohol and Aging initiative designed to alert older adults and their caregivers about the effects of alcohol on the older population. In addition, partnerships with military bases in the state include efforts to promote alcohol responsibility and education about Virginia ABC laws.

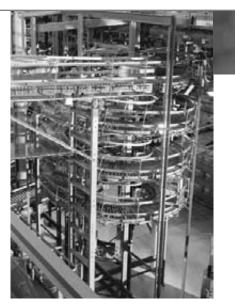

ABC remains committed to balancing control, service and revenue for the citizens of Virginia.

ANNUAL HIGHLIGHTS

Licensees

ABC licensees include 9,524 private or corporate owners of 15,394 establishments, holding 16,181 ABC licenses allowing sales and/or consumption of beer and wine or mixed beverages on- or off-premises. During Fiscal Year 2008, 100 special agents from the agency's Bureau of Law Enforcement monitored these establishments and offered assistance to licensees.

ABC agents conducted 90 Responsible Sellers and Servers: Virginia's Program (RSVP) classes this fiscal year, training 1,472 participants statewide. Also taught by ABC special agents, the Managers' Alcohol Responsibility Training (MART) program generated 13 classes, with 219 participants in Fiscal Year 2008.

Licensing

Performance measures for new retail application processing times indicate an average of 79 days for Fiscal Year 2008, which is an increase over the average of 68 days for Fiscal Year 2007. ABC is working toward a target goal of a 60-day average for processing new retail applications.

Alcohol Education

ABC continues to lead the Commonwealth in alcohol prevention and community education initiatives. Dedicated to decreasing the illegal use of alcohol, ABC promotes responsible distribution of alcoholic beverages by licensees, responsible consumption by those of legal age and zero tolerance for underage consumption.

In Fiscal Year 2008, ABC distributed nearly 300,000 education and prevention pieces to colleges and universities, law enforcement, community groups, youth, parents and other Virginia citizens. In another alcohol-education initiative, the 22nd Annual College Conference, held in Roanoke, Va., 182 participated in seminars and workshops focusing on alcohol prevention.

Over 38,000 *Alcohol and Aging* brochures were disseminated throughout the Commonwealth. There were more than 10 speaking engagements regarding alcohol and the older adult. This initiative was recognized with a National Conference of State Liquor Administrators' Best Practices Award and a Virginia Department of Health 2008 Recognition Award for Innovative Prevention Projects.

There were 10 Community Coalition grantees receiving \$60,230 in Office of Juvenile Justice and Delinquency Prevention (OJJDP) funding, administered by ABC.

Store 95 in Fredericksburg opened on September 13, 2007.

The conference theme was Mission: Possible, indicating that, collectively, the prevention community in Virginia can achieve its mission to reduce underage and highrisk drinking, alcohol-related injuries, fatalities and problems on campuses; and improve the quality of life for all campus communities.

"In Fiscal Year 2008, ABC distributed nearly 300,000 education and prevention pieces to colleges and universities, law enforcement, community groups, youth, parents and other Virginia citizens."

Public Safety

During Fiscal Year 2008, special agents and staff of the ABC Bureau of Law Enforcement:

- conducted 13,068 criminal investigations.
- made 2,924 arrests.
- conducted eight illegal still investigations involving two stills.
- collected \$11,555,460.50 in wine, beer and mixed-beverage application and state license fees.
- collected \$149,285,434.08 in wine and malt beverage taxes.
- issued 2,354 new retail, wholesale and special-permit licenses.
- issued 16,717 one-day banquet and special-event licenses.
- conducted 10,332 inspections of licensed establishments.
- issued 1,656 written warning reports and 1,185 violation reports (combined total = 2,841).
- conducted 168 public and 1,671 licensee training presentations (combined total = 1,839).

Compliance Rates

Alcohol compliance rates for Fiscal Year 2008 were 97 percent for ABC stores and 86 percent for licensees, down from last year's rates of 99 percent for ABC stores and 91 percent for licensees. Agents attempted to conduct 5,180 Alcohol Underage Buyer compliance checks during the fiscal year.

Tobacco Synar compliance rates are calculated from May 1 to September 30 of each year. The 2007 figures are 89 percent for tobacco retailers, with agents attempting to conduct 4,550 checks. The 2008 figures are 83 percent for tobacco retailers, with agents attempting to conduct 4,172 checks.

The Synar program is part of a substance abuse prevention and treatment block grant from the federal government to the Virginia Department of Mental Health, Mental Retardation and Substance Abuse Services. The ABC Tobacco Underage Buyer Program receives some funding from this grant and from the Virginia Tobacco Settlement Foundation.

Hearings and Appeals

As shown in the chart, in Fiscal Year 2008, Hearings, Appeals and Board Administration achieved its goal for the processing average to be under 200 days.

In Fiscal Year 2008, 1,345 cases were received for processing, including 1,290 violation reports, 44 contested applications, 13 contested banquet applications and six franchise rights cases. This was a slight decrease in the total number of cases referred for hearing from 1,386 cases in Fiscal Year 2007.

ABC provided dispositions on 1,085 cases, which included conducting hearings on 358 new administrative violation, application, or franchise cases (involving 578 charges) and completed processing on 154 cases that were in the hearing process at the close of last fiscal year. Some of the completed cases involved multiple violation reports and multiple charges that were combined for more efficient hearings. Staff also oversaw preparation and completion of 64 Board appeal hearings, processed 580 final consent settlement offers, and processed 104 offers-in-compromise to the Board for review and acceptance.

Information Security

Fiscal Year 2008 brought increasing attention to information security and protecting personal information assets and credit card holder information. This includes agency assurance that information entered, processed, stored, generated, transmitted or disseminated must be protected from unauthorized or accidental modification, destruction, or disclosure. The Information Technology Information Management policy has been revised; changes include new guidelines for telephone usage and password requirements.

INITIATIVES 2008

GOING GREEN MAKES SENSE

With increased emphasis on going "green," ABC is being recognized as an example of environmental sustainability, which is reflected on the bottom line. ABC improved its efforts once again in Fiscal Year 2008 and has been a leading state agency for about four decades.

The agency launched its green page, "Greening the Virginia ABC," detailing some of the efforts being made and how they are paying off. ABC annually recycles 308 tons of cardboard, 11 tons of shrink-wrap and 40 tons of paper. Plus, the agency took in more than \$76,000 in the past year from recycling pallets, which covers packaging supplies for the Central Warehouse.

Energy conservation plans were updated, the process is underway to switch to "green" cleaning products and employee-recycling programs were stepped up.

The increased efforts were featured in media stories statewide, and the agency received its E2 certification as part of the Virginia Environmental Excellence Program from the state Department of Environmental Quality. Now, ABC is examining "green" retail spaces, which reduce harmful runoff and improve energy efficiency.

(This page) ABC recycling is good for the environment and the bottom line: (top) shrink-wrap is baled and ready to be recycled; (bottom) responsibility and recycling poster developed for internal campaign at ABC.

Don't do it. Recycle paper, cans, & plastic. Be proud of your trash.

Store Expansion

ABC is committed to providing retail outlets conveniently located throughout the Commonwealth. As shown below in Fiscal Year 2008, the agency opened five new stores and relocated five. ABC's Real Estate Committee, comprised of representatives from Wholesale/Retail, Finance, Policy Analysis and Property Management, makes crucial decisions about the agency's growth based on Market Location Strategy and Rural Location Strategy. One strategy addresses new store market potential and the other, service.

Employee Training

Developing and training agency employees enhances their knowledge and skills and assists them in reaching their full potential in the workplace. In addition to sending employees to outside training workshops and conferences, 478 employees attended in-house training programs offered by the agency in Fiscal Year 2008. In addition, 15 employees participated in the enhanced Tuition Assistance Program (TAP).

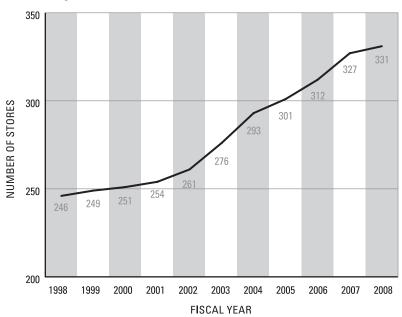

Agency Personnel

Success of an agency depends greatly on the quality of its workforce, and ABC takes great pride in its employees. Thousands of applications are screened every year to fill vacancies that further enhance ABC's workforce. In Fiscal Year 2008, 114 classified and 714 part-time new employees joined ABC.

Store Expansion by Fiscal Year, 1998–2008

Success of an agency depends greatly on the quality of its workforce, and ABC takes great pride in its employees.

Compliance Tools

ABC partners with licensees to promote responsible selling and serving of alcohol. Providing compliance tools and materials, in addition to providing training and assistance by special agents, confirms this commitment.

ABC mails "Do Not Sell" age sticker sheets for alcohol and tobacco to every licensee in Virginia free of charge. Sticker sheets contain multiple stickers to be placed near registers and serving areas, and are offered in sheets with alcohol only, tobacco only and combination sheets in English and Spanish. ABC distributed 81,918 "Do Not Sell" sticker sheets to on- and off-premise licensees in Fiscal Year 2008.

The agency also offered free "21 for alcohol" lapel pins to licensees and their employees. There were 1,211 pins requested and sent during the fiscal year.

Product Sales

At the close of Fiscal Year 2008, ABC carried 2,451 active items on its price list. The top 50 brands accounted for almost 60 percent of total sales (see table on facing page). The price list included 78 Virginia wines. There were 213 items de-listed from the regular price list during the fiscal year. De-listed items remain on the price list until all inventory has been depleted.

The Special Order Catalog contains an additional 260 items with a purchase of 3,693 cases, resulting in \$1,051,466 in revenue. There were 7,153 additional special order cases sold through individuals or licensees asking for nonstock items, resulting in revenue of \$1,099,321.

Together, 10,847 cases were sold for catalog and noncatalog special orders, with revenue totaling \$2,150,787.

Moving Product

Moving product in a cost-effective manner is paramount to ABC's success. Average delivery cost to the stores was 73 cents per case for Fiscal Year 2008. Cases shipped this year totaled 3,649,677, an increase of 20,001 cases over the number of cases shipped in Fiscal Year 2007.

Public Information

Providing information to the media and to the public in Fiscal Year 2008, public relations specialists responded to 777 media inquiries and disseminated 44 news releases publicizing ABC programs, initiatives and activities. Of the 205 callers to the public-affairs line who requested information, 44 percent were Virginia citizens, 23 percent were out-of-state citizens and 16 percent were licensees.

INITIATIVES 2008

MILITARY OUTREACH

Virginia ABC joined forces with the U.S. Army and Navy to communicate an important message to soldiers on Virginia bases: "Don't let alcohol stand in the way of your future."

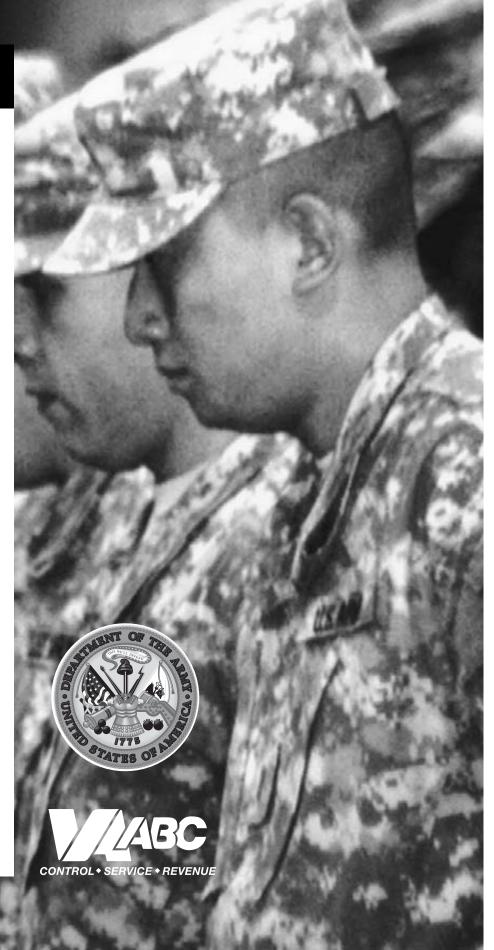

Army Strong – Abiding by Virginia's Alcohol Laws, a customized fact sheet outlining Virginia's alcohol laws and penalties, was developed by Virginia ABC and approved by the Army Substance Abuse Program (ASAP) in Fort Eustis, Va. for distribution to soldiers and sailors at the Fort Eustis and Fort Story army bases.

"Abiding by Virginia's alcohol laws is important as you build your career with the Army. Knowledge of the laws and related penalties is a first step in keeping your record clean," is its leading statement.

In an effort to further educate soldiers on the stringent consequences of drinking and driving, five thousand of ABC's *Just the Facts: Drinking and Driving* brochures were distributed to the Fort Story and Fort Eustis army bases and another five thousand to the Naval Station Norfolk.

Identified as an at-risk population by the U.S. Navy, junior sailors and soldiers are a target audience for this program. Virginia ABC remains committed to expanding this educational initiative through its partnership with the U.S. military in Virginia.

LEGISLATIVE SYNOPSIS

From laws dealing with sangria and beer pops to expanded Sunday sales at ABC stores, the 2008 session of Virginia's General Assembly was once again active in addressing alcoholic beverage issues. Forty-two alcohol-related bills or resolutions were introduced in this year's legislative session, with 16 receiving the approval of both houses and the Governor.

A successful agency priority was **House Bill 1117**, which provides ABC Bureau of Law Enforcement with a significant new tool to combat gang activity in the Commonwealth. This bill allows ABC to revoke a license if the licensee has knowingly allowed the premises to become a meeting place or rendezvous for members of a criminal street gang. The bill was a product of Governor Kaine's Interagency Anti-Gang Task Force (see bottom photo, page 18).

Two enactments dealt with issues involving sangria and beer pops. Sangria is a traditional Spanish drink made by infusing wine with fruit. During 2007, it came to light that some Northern Virginia restaurants were making sangria with recipes that included the addition of distilled spirits, usually brandy, to the mix. This violated state law which prohibited the sale of wine to which spirits had been added. At about the same time, another Northern Virginia restaurant decided to offer its patrons frozen confections made by freezing beer, as a summer treat. This ran afoul of statutes requiring beer to be sold in or from its original container. **Senate Bill 635** and **House Bill 1075** contained identical provisions to deal with the "beer pops" situation, providing an exception to the original container requirement for frozen drinks and clarifying the law on the preparation of food items containing alcohol. House Bill 1075 also dealt with the sangria issue, defining sangria and specifically allowing its preparation using distilled spirits.

House Bill 1075 was something of a "catch-all" alcoholic beverage bill, containing several wide-ranging provisions affecting ABC licensees. In addition to the sangria and food item provisions, the bill requires ABC to promulgate regulations providing for alternative methods of record-keeping for licensees, to include off-site and electronic means, and for reduced penalties for some violations, when the licensee can show that it has provided Board-certified seller-server training for its employees.

In 2004, the General Assembly passed legislation allowing ABC stores to operate on Sundays in Northern Virginia and any locality with a population of 200,000 or more (Norfolk and Virginia Beach). **House Bill 908** allows for ABC store Sunday sales in any city with a population of 100,000 or more. This change adds Portsmouth, Hampton, Newport News, Richmond and Chesapeake to the list of localities eligible for Sunday sales.

In 2007, a federal court found fault with various sections of the *Code of Virginia* dealing with lewd, disorderly and noisy conduct at licensed establishments, as well as prohibitions on nudity in mixed beverage establishments. ABC was enjoined from enforcing these laws primarily because certain language was vague and there was no exception for establishments devoted primarily to the

arts or theatrical performances expressing matters of serious literary, artistic, scientific or political expression. **House Bill 1171** addresses these issues, and the injunction has since been lifted by the Fourth Circuit Court of Appeals.

Two bills impact gourmet-shop licensees. **House Bill 694** allows farm wineries, wineries and breweries to participate in tastings held by gourmet-shop licensees, including the pouring of samples to any person to whom alcoholic beverages may be lawfully sold. The prior law only allowed wholesalers to participate in such tastings. This restores to farm wineries rights lost in a 2005 Fourth Circuit Court ruling which took away their wholesale privileges. **House Bill 1239** revises the food inventory and sales requirements for gourmet shops. It requires gourmet shops to maintain an average monthly inventory and sales volume of at least \$1,000 in cheeses and gourmet food. The prior requirement was \$2,000.

Senate Bill 669 was good news for ABC's Bureau of Law Enforcement. Several years ago, the FBI restricted access to the national criminal history database for licensing purposes to fingerprint-based checks. Since that time, ABC has been limited to Virginia-only criminal background checks. Many applicants are not natives of Virginia, so a state check is of limited value. Homeland Security officials advise that many of those on terrorist watch lists are involved in alcohol-related businesses. This bill meets FBI requirements to allow ABC agents to check the national criminal database when conducting background checks on prospective licensees (see top photo, facing page).

House Bill 1132 adds the City of Roanoke to those jurisdictions where wine and beer licenses may be issued to persons operating food concessions at outdoor performing arts amphitheaters. The bill allows for the licensing at facilities having seating for at least 3,500 people. Such license shall authorize the licensee to sell wine and beer during the performance of any event, in paper, plastic or similar disposable containers to patrons within all seating areas, concourses, walkways, concession areas, or similar facilities, for on-premises consumption. Upon authorization of the licensee, any person may keep and consume his own lawfully acquired alcoholic beverages on the premises in all areas and locations covered by the license.

House Bill 548 allows the holder of a limited mixed beverage restaurant license to sell and serve dessert wine, in addition to the limited number of liqueurs they are currently allowed to sell and serve. ABC will promulgate an emergency regulation defining dessert wine for the purposes of this provision.

House Bill 1562 allows ABC to issue a permit to a bona fide purchaser of a licensed premises, to allow the purchaser to temporarily continue to operate under the former owner's license, under certain conditions. The purchaser must have applied for a license at the location and obtain the consent of the current licensee.

Farm wineries will be allowed more winery-to-winery transfers of wine under the provisions of **House Bill 1399**. This bill removes the previous requirement that such transfers generally be between wineries under common ownership. The bill also amends the definition of "farm" in the farm winery laws to allow non-contiguous lands owned or leased by a farm winery licensee to be considered part of the same farm for purposes of the act. Previously this only applied to cooperatives holding a farm winery license.

Senate Bill 669 gives ABC agents access to the national criminal database containing fingerprints.

Kaine signs Senate Bill 669 into law with Chair Pamela O'Berry Evans (seated left), bill sponsor State Senator Creigh Deeds (seated, right) and (standing, left to right) Special Agents Tony Jimenez, Carter Wells, Marc Haalman, Matt Halphen, Lisa Wright and Allen Slonaker in attendance. The new legislation gives ABC agents access to the national criminal database containing fingerprints.

Congressman Robert C. "Bobby" Scott, Gov. Timothy M. Kaine and Secretary of Public Safety John W. Marshall, as Governor Kaine prepares to sign the bill into law. The new legislation makes it an ABC violation for licensees to allow their businesses to become meeting places for members of criminal street gangs. As a member of the Governor's Interagency Anti-Gang Task Force, Chair Pamela O'Berry Evans was key to development of this bill.

FINANCIAL REPORTS

A Message from the Chair and Chief Operating and Financial Officers

We are pleased to present the Fiscal Year 2008 Annual Report for the Virginia Department of Alcoholic Beverage Control (ABC). These facts and figures represent a tenth recordbreaking year for retail sales by our agency.

Also in Fiscal Year 2008, ABC operations returned record profits to the Commonwealth of Virginia. The agency has contributed over one billion dollars to the Commonwealth in the last five years.

In addition to Sunday sales, beginning in 2004, additional revenue was generated in Fiscal Year 2008 by the opening of five new stores, along with an increase in markup effective February 1, 2008.

We stand behind these figures with pride in the accomplishments made possible by the hard working and dedicated employees of ABC.

To the best of our knowledge, these figures accurately represent the operations of our agency during the fiscal year. The financial statements of the agency are audited annually by the Auditor of Public Accounts as required by the *Code of Virginia*.

INITIATIVES 2008

ALCOHOL AND THE AGING

To address the growing problem of substance abuse among older adults, ABC partnered with more than 25 public, private and nonprofit organizations to create the Alcohol and Aging Awareness Group (AAAG). The group launched a public information campaign to educate older adults, their family members and service providers about alcohol misuse and possible interactions between alcohol and medications.

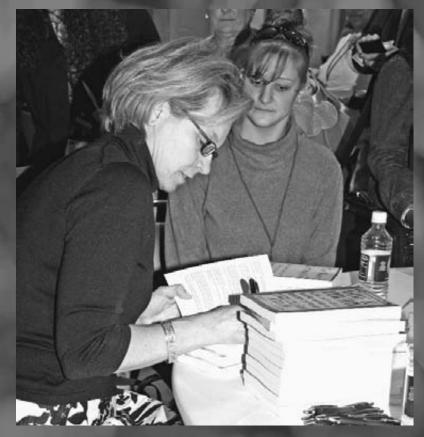

In addition to creating a brochure, Web site and speaker's bureau, ABC and the AAAG assembled 20 experts in addiction medicine, intervention, gerontology and pharmacotherapy to present a one-day conference, "The Hidden Epidemic: Alcohol, Medication, and the Older Adult." Held at Virginia Commonwealth University on April 29, 2008, the Hidden Epidemic conference was the first of its kind in Virginia to specifically address this important public health topic. The audience included 220 health and social workers, older adults and their caregivers.

Conference keynote speaker Debra Jay, a nationally known specialist in older adult intervention, discussed the science of addiction and explained how many people are misdiagnosed because the signs and symptoms of addiction, such as memory loss, shaky hands and frequent napping, often mirror those of the aging process.

Jay also provided specific strategies for conducting interventions and shared the good news that older adults have the highest success rate of any age group in treatment.

In her keynote address, Debra Jay discussed how older adults experience rapidly improved brain function with sobriety.

After delivering her keynote address, Debra Jay, a regular guest on the Oprah Winfrey show, signed copies of her books.

Management's Discussion and Analysis (Unaudited)

This discussion and analysis of the Virginia Department of Alcoholic Beverage Control's (ABC) financial performance provides a brief overview of financial activities for the fiscal year ended June 30, 2008.

FINANCIAL HIGHLIGHTS

- The Department's operating revenues increased 5.3 percent in Fiscal Year 2008, due in part to the continued expansion of the retail store network and national trends for increased distilled spirit consumption, and the 4.0 percent increase in markup effective February 1, 2008.
- ABC operations returned record profits to the Commonwealth in Fiscal Year 2008 of \$103.4 million.
- Five new stores were opened throughout Fiscal Year 2008 generating \$3.3 million in additional sales. Five stores were relocated to improved market areas and ten were remodeled.
- As a result of House Bill 1314 passed by the 2004 session of the General Assembly, the Board was allowed to operate on Sundays. The 50 Sunday stores reached \$9.7 million in sales in Fiscal Year 2007. Fiscal Year 2008 ended with a total of 95 stores operating on Sundays. The total Sunday sales for Fiscal Year 2008 reached \$12.1 million, an increase of \$2.4 million.

OVERVIEW OF FINANCIAL STATEMENTS

The audited annual report consists of a series of proprietary fund financial statements. The Statement of Net Assets provides information about the Department's assets and liabilities and reflects the financial position as of June 30, 2008. The Statement of Revenues, Expenses, and Changes in Net Assets reports the operating revenue activity and the expenses related to such activity for the 12-month period ended June 30, 2008. The Statement of Cash Flows outlines the cash inflows and outflows relating to the operations for the same 12-month period. The financial statements also include "notes" that provide additional information that is essential to a full understanding of the data provided in the statements. These statements provide current and noncurrent information about the Department's financial position.

FINANCIAL ANALYSIS

- ABC ended Fiscal Year 2008 with a total of \$51.6 million in current assets including \$43.8 million in inventory of alcohol merchandise for resale, a \$1.3 million increase. The increase in inventory is a result of 5 new stores being opened in Fiscal Year 2008 in addition to the 14 opened throughout Fiscal Year 2007. New products being introduced in the market and vendor price increases to ABC also impacts the value of ABC inventory.
- As seen on the Statement of Net Assets, the Department's total invested in noncurrent assets is \$15,252,697 with \$136,591 representing other assets, net of amortization. \$13,381,590 is invested in capital assets, net of related debt of \$1,734,516.
- In total, assets decreased from \$75.1 million in Fiscal Year 2007 to \$66.8 million in Fiscal Year 2008.
- The change in capital assets, net, from Fiscal Year 2008 to Fiscal Year 2007 changed by an additional \$2.2 million due to accelerated depreciation of the Point of Sale equipment for Fiscal Year 2008.

Total net assets	\$ <u>2,687,626</u>	\$ <u>2,713,161</u>	\$ (25,535)

- Total liabilities decreased from last fiscal year end. Current liabilities owed by the Department decreased \$7.3 million from last fiscal year. The liability amount is largely represented in accounts payable as well as payments due to the Commonwealth for line of credit repayment, taxes payable (see Note 4) and the undistributed balance of profits. Noncurrent liabilities netted a slight decrease due to the normal scheduled monthly payments according to the Master Equipment Leasing Program (MELP) through the Department of Treasury used to obtain the point of sale cash registers and software in Fiscal Years 2002 and 2003 plus the \$3.7 million MELP increase in Fiscal Years 2006 and 2007 to finance a portion of the new warehouse racking system. (see Note 6)
- The Department lacks working capital (current assets in excess of current liabilities) to fund all business needs at year-end including accelerated payments of taxes and profits before June 30. Given this periodic lack of necessary working capital, the Department depends on a \$60 million line of credit with the State Comptroller to meet day-to-day operations. At June 30, 2008, the amount borrowed was \$31,493,946. (see Note 4)
- ABC's gross margin (percent of revenue including state tax on sales left after subtracting cost of goods sold and state tax on sales) increased to 34.2 percent in Fiscal Year 2008 from 33.2 percent in Fiscal Year 2007.

Revenue The vast majority of the Department's revenues come from the sale of alcoholic beverages. These revenues are achieved through the 330+ state-run stores located throughout the state. Gross sales including state tax on sales in Fiscal Year 2008 reached an all time high of \$641 million, up \$34 million over

Fiscal Year 2007. The gross revenue after state tax on sales of alcohol increased from \$507.2 million to \$535.5 million or 5.6 percent. License and permit fees increased slightly in Fiscal Year 2008 totaling \$11.3 million from \$11.0 million in Fiscal Year 2007. Federal grants and contracts receipts as well as miscellaneous revenues were up slightly. Other sources of revenue include lottery, wine wholesalers tax, penalties and mixed beverage taxes on common carriers.

Expenses In Fiscal Year 2008 operating expenses (not including cost of sales, alcohol and lottery) increased from \$123.8 million to \$132.8 million, an increase of 7.3 percent. 70.0 percent of the Department's total expenses are for the cost of sales of distilled spirits and mixers sold through ABC stores and less than 1.0 percent for lottery cost of sales. Following cost of merchandise is personal services, which accounts for 17.3 percent of total expenses. The remaining 12.0 percent is made up of contractual services (e.g. store rents), continuous charges (utilities) and other miscellaneous charges. Expenses for personal services, rents and utilities increased in Fiscal Year 2008 in order to support the growth in ABC's sales and profits. Other drivers of expense increases are depreciation, technology, credit card fees and store communications. These trends are expected to continue as the Department strives to open additional new stores.

Profits Prior to the statutory distribution of quarterly net profits to the General Fund, transfers required in the Appropriation Act for each fiscal year must be executed. In Fiscal Year 2008, approximately \$66.2 million of the agency's \$103.4 million in net profits were transferred to other state agencies. The majority, \$65.4 million, transfers to the Department of Mental Health, Mental Retardation and Substance Abuse Services incurred for care, treatment, study and rehabilitation of alcoholics. The remaining \$37.2 million was distributed to local governments and the General Fund in accordance with the

Code of Virginia. In Fiscal Year 2008 the local governments share of ABC profits was capped at \$4,150,000 by the Appropriations Act.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- During Fiscal Year 2009, the Department anticipates a decline in the growth rate in sales, largely because of the soft economy. Presently, the Department anticipates a sales growth rate of approximately 5.0 percent that is slightly below the 7.1 percent seen during the last four fiscal years. Sales growth is highly dependent on consumer behavior during the holiday season, which accounts for over 20 percent of the Department's annual sales.
- ABC's operating expenses continue to grow, largely because of mandated salary and benefit increases, escalating store rents, and increases in the cost of technology. During Fiscal Year 2009, a maximum of five new locations may be opened to ensure the current level of stores keeps pace with population growth.
- In Fiscal Year 2009, several major computer systems will require upgrades
 that will impact expenses and depreciation charges going forward. Many of
 these are required to ensure the Department is compliant with requirements
 of the Payment Card Industry.
- Presently, the Department is optimistic that it will achieve the \$102.8M profit
 forecast contained in the Fiscal Year 2009 budget. The largest risk to reaching
 the forecast stems from sluggish sales resulting from a worsening in Virginia's
 economic conditions.

The Honorable Timothy M. Kaine, Governor of Virginia

The Honorable M. Kirkland Cox Chairman, Joint Legislative Audit and Review Commission

Alcoholic Beverage Control Board, Department of Alcoholic Beverage Control

Independent Auditor's Report on Financial Statements

We have audited the accompanying basic financial statements of the Department of Alcoholic Beverage Control as of and for the year ended June 30, 2008, as listed in the Table of Contents. These financial statements are the responsibility of the Department's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1A, the basic financial statements of the Department are intended to present the financial position and the changes in financial position and cash flows of only that portion of the business-type activities and the aggregate remaining fund information of the Commonwealth of Virginia that is attributable to the transactions of the Department. They do not purport to, and do not, present fairly the Commonwealth of Virginia's overall financial position as of June 30, 2008, and the changes in its financial position and its cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Department of Alcoholic Beverage Control as of June 30, 2008, and the changes in its financial position and its cash flows for the year ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 45 through 49 are not a required part of the basic financial statements, but are supplementary information required by the accounting principles generally accepted in the United

Commonwealth of Virginia

States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with Government Auditing Standards, we have also issued our report dated September 29, 2008, on our consideration of the Department of Alcoholic Beverage Control's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Notes to Financial Statements (as of June 30, 2008)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Department of Alcoholic Beverage Control administers ABC laws with an emphasis on public service and a focus on public safety by ensuring a safe, orderly, and regulated system for convenient distribution and responsible consumption of alcoholic beverages while generating a reasonable profit for the Commonwealth and its localities.

A separate report is prepared for the Commonwealth of Virginia, which includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority or is the recipient of their services and/or benefits. The Department is an agency of the Commonwealth of Virginia and is included in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

B. Fund Accounting

The activities of the Department are accounted for in an enterprise fund. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis, including depreciation and amortization, be financed or recovered primarily through user charges.

C. Basis of Accounting

The Department's records are maintained on the accrual basis, with an economic focus, whereby revenues are recognized when earned and expenses are recognized when the liability is incurred.

Operating revenues and expenses include activities related to the sale of alcohol and licenses, as well as enforcement activities. Nonoperating revenues and expenses include activities that have the characteristics of noncapital financing activities, such as the collection of rent, as defined by GASB Statement 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting, and GASB Statement 34.

The Department has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The Department has elected to apply FASB pronouncements issued after the applicable date.

D. Inventories

Merchandise inventory, purchased for resale, is valued at average cost, which is lower than market value.

(Facing page) The July/August 2008 issue of StateWays, an industry magazine for control states, highlighted ABC's Fiscal Year 2008 successes in enforcing Virginia's laws, providing exceptional customer service and contributing revenue to the Commonwealth. The nine-page feature included high-quality photos of the Board, executives, ABC stores and the Central Warehouse.

2. CASH WITH THE TREASURER OF VIRGINIA

All state funds of the Department are held by the Treasurer of Virginia, pursuant to Section 2.2-1800, et. seq., *Code of Virginia*, who is responsible for the collection, disbursement, custody, and investment of state funds. Each fund's equity in pooled state funds is reported as "Cash and Cash Equivalents" on the Statement of Net Assets and is not categorized as to credit risk.

3. CAPITAL ASSETS

The following schedule presents the changes in capital assets by category.

The Department capitalizes all property, plant, and equipment that have a cost or value equal to or greater than \$5,000. Property, plant, and equipment are stated at cost and at the time of acquisition are set up in a comprehensive capital asset system. Depreciation of the cost of property, plant, and equipment is provided on a straight-line basis over their estimated lives of from ten to thirty years on buildings and from three to eight years on equipment.

4. DUE TO THE COMMONWEALTH

A. Note Payable

The Department has a line of credit for \$60,000,000 with the Treasurer of Virginia. Repayment is made from revenue collections pursuant to Title 4.1, Chapter 1 of the *Code of Virginia*. As of June 30, 2008, the Department had outstanding \$31,493,946 of its available line of credit to extinguish a cash overdraft.

The following schedule presents the changes in short-term debt activity:

Balance at July 1, 2007	Increase	Decrease	Balance at June 30, 2008

B. General Fund

The Department collects certain taxes on behalf of the General Fund of the Commonwealth. The state tax on sales is collected from store sales and is paid quarterly to the General Fund of the Commonwealth. The liter tax is collected on wholesalers' direct wine shipments. The 2008 Virginia Acts of Assembly required \$9,886,363 of the gross liter tax to be transferred to the General Fund for expens-

es incurred for care, treatment, study, and rehabilitation of alcoholics by the Department of Mental Health, Mental Retardation and Substance Abuse Services and other state agencies. Of the remaining liter tax, 12 percent is retained by the Department and reported as wine wholesalers' tax on the Department's financial statements. The remaining 88 percent is paid to the General Fund of the Commonwealth quarterly. Of the liter tax paid to the General Fund, the Commonwealth subsequently transfers \$4,350,000 to localities. Collections and transfers of state tax on sales and liter tax are not reported on the Statement of Revenues, Expenses, and Changes in Net Assets. Activity relating to the amounts due to the General Fund for the year ended June 30, 2008, is summarized below.

	State Tax on Sales	Liter Tax on Wine	Total

C. Department of Taxation—Sales Tax

The Department collects sales tax on all sales of alcohol and remits collections monthly to the Department of Taxation. Sales tax collections and transfers are not reported on the Statement of Revenues, Expenses, and Changes in Net Assets. Activity relating to the amounts due to the Department of Taxation for the year ended June 30, 2008, is summarized below.

D. Earned Surplus

The Appropriation Act, Chapter 847 of the 2008 Acts of Assembly, requires the Department to transfer an estimate of its fourth quarter profits in the month of June. In accordance with the Alcoholic Beverage Control Act, Section §4.1-116 of the *Code of Virginia*, the Department transfers any additional net profit to the General Fund of the Commonwealth 50 days after the last day of the quarter. The Department underestimated profit for the fourth quarter resulting in an additional \$4,011,911 due to the General Fund at June 30, 2008.

5. LEASE COMMITMENTS

The Department is committed under various operating lease agreements for retail store buildings. Rent expense under operating lease agreements amounted to \$17,885,044 for the year. A summary of future obligations under lease agreements as of June 30, 2008, follows.

7. SECURITIES LENDING TRANSACTIONS

Investments held by the Treasurer of Virginia represent the Department's allocated share of cash collateral received and reinvested and securities received for the State Treasury's securities lending program. Information related to the credit risk of these investments and the State Treasury's securities lending program is available on a statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report. The Commonwealth's policy is to record unrealized gains and losses in the General Fund in the Commonwealth's basic financial statements. When gains or losses are realized, the actual gains and losses are recorded by the affected agencies.

8. COMPENSATED ABSENCES

Compensated absences reflected in the Statement of Net Assets represent the amounts of vacation, sick, and compensatory leave earned by employees of the Department, but not taken at June 30, 2008. The amount reflects all earned vacation, sick, and compensatory leave payable under the Commonwealth of Virginia's leave payout policies. Information on the Commonwealth's leave payout policies is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

Balance at July 1, 2007	Increases	Decreases	Balance at June 30, 2008	Amounts Due within One Year
\$ <u>5,324,951</u>	\$ <u>2,913,322</u>	\$ <u>(2,976,639)</u>	\$ <u>5,261,634</u>	\$ <u>2,623,211</u>

9. COLLECTIONS OF MALT BEVERAGE TAX

During the year ended June 30, 2008, the Department collected \$44,357,439 in malt beverage taxes. These funds are deposited by the Department directly with the Treasurer of Virginia for credit to the General Fund of the Commonwealth and are not available to the Department to meet current operating needs and are not included in the financial statements.

10. PENSION PLAN AND OTHER POST RETIREMENT BENEFITS

The employees of the Department are employees of the Commonwealth. The employees participate in a defined benefit plan administered by the Virginia Retirement System (VRS). The VRS also administers life insurance and health related plans for retired employees. Information related to these plans is available on a statewide level only in the Commonwealth of Virginia's Comprehensive Annual Financial Report. The Commonwealth, not the Department, has overall responsibility for contributions to these plans.

11. RISK MANAGEMENT

The Department is exposed to various risks of loss related to torts; theft or, damage to, and destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The Department of Alcoholic Beverage Control participates in insurance plans maintained by the Commonwealth of Virginia. The state employee health care and worker's compensation plans are administered by the Department of Human Resource Management and the risk management insurance plans are administered by the Department of Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The Department of Alcoholic Beverage Control pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

12. CONTINGENT LIABILITIES

Legal Proceedings

The Department is named as a party in several legal proceedings. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the Department in respect to the various proceedings; however, it is believed that any ultimate liability resulting from these suits will not have a material, adverse effect on the financial condition of the Department.

Bailment Inventory

The Department houses and controls bailment inventory in the warehouse and is therefore responsible for the exercise of reasonable care to preserve the inventory until it is purchased by the Department or returned to the supplier. The Department uses the bailment system for payment of merchandise for resale. The Department initiates payments to the vendors based on shipments from the ABC warehouse to the retail stores, rather than receipt of invoice from the vendor. At June 30, 2008, the bailment inventory was valued at \$38,352,876.
