

Commonwealth of Virginia  
Department of Accounts  
Report of Off-Balance Sheet Financial Obligations  
As of June 30, 2008

**Purpose:** During the 2007 General Assembly Session, legislation was passed (*Code of Virginia, §2.2-813.2*) requiring the State Comptroller to report off-balance sheet financial obligations of the Commonwealth. For purposes of this report, the balance sheet is defined as the Comprehensive Annual Financial Report (CAFR). The CAFR is prepared in accordance with Generally Accepted Accounting Principles (GAAP) and includes both financial statements and notes to the financial statements, both of which contain information concerning the Commonwealth's financial obligations. The CAFR is available on the Department of Account's webpage at [http://www.doa.virginia.gov/Financial\\_Reporting/CAFR/CAFR\\_Main.cfm](http://www.doa.virginia.gov/Financial_Reporting/CAFR/CAFR_Main.cfm). The CAFR amounts reflected below include state agencies, institutions and component units. The component unit amounts exclude Higher Education foundations.

**On-Balance Sheet Financial Obligations Defined:** In order for the report of off-balance sheet financial obligations to provide meaningful information, it is important for readers to understand the extensive amount of information concerning the Commonwealth's financial obligations already reported on-balance sheet. Some of the more clearly understood of these on-balance sheet financial obligations include the following:

- Bonded debt (\$19.5 billion)
- Accounts payable (\$1.7 billion)
- Tax refunds payable (\$410.0 million)

Other on-balance sheet financial obligations that may be less well-understood include the following:

- Unfunded pension costs (\$1.3 billion)
- Capital lease obligations (\$252.6 million)
- Compensated absences (\$584.0 million)
- Medicaid payable (\$423.8 million)
- Higher education construction commitments (\$1.1 billion)
- Highway project commitments (\$2.2 billion)
- Mass Transit project commitments (\$204.4 million)
- Information Technology Infrastructure Partnership (\$1.7 billion)
- Car tax refund payable (\$263.0 million)
- Tuition benefits payable (\$1.9 billion)
- Lottery prizes (\$332.7 million)
- Operating leases (\$613.7 million)
- Installment purchases (\$175.3 million)

Comprehensive information concerning these on-balance sheet financial obligations is reported in the CAFR.

Commonwealth of Virginia  
Department of Accounts  
Report of Off-Balance Sheet Financial Obligations  
As of June 30, 2008

**Off-Balance Sheet Financial Obligations Defined:** Certain financial obligations are off-balance sheet (i.e., not included in the CAFR) because they do not meet GAAP liability reporting requirements. To obtain information about these obligations DOA asked each agency and institution to analyze their financial obligations and provide a listing of such obligations that were excluded from the FY 2008 CAFR. While acknowledging that the list was not all-inclusive, to stimulate agency analyses and elicit the most comprehensive list of off-balance sheet financial obligations possible, agencies and institutions were requested to consider the following list of potential off-balance sheet obligations:

- Construction or other commitment contracts – with or without formal agreements;
- Public-Private Partnership Agreements;
- Federal match requirements;
- Questioned Federal Costs;
- Certain termination benefits;
- Pollution cleanup sites;
- Potential legal case settlements; and
- Court-ordered requirements

**Off-Balance Sheet Financial Obligation Exclusions:** In order to make this reporting process as efficient as possible, DOA established the following reporting parameters designed to prevent the redundant reporting of information already reported by other central service agencies and to focus the off-balance sheet financial obligations report on unusual or infrequent financial transactions instead of ongoing government operations. First, DOA requested that agencies and institutions exclude financial obligations falling within the *ongoing operations* category. This category includes the Commonwealth's financial obligations stemming from the historical provision of state funding to support services conducted for citizens by state or local government. That is, the financial obligations stemming from the fact that the Commonwealth has historically borne all, or a portion, of the operating cost of government programs such as public education, state prisoner incarceration, and Medicaid, to name but a few, are excluded from the list of off-balance sheet financial obligations reported. These ongoing government programs are included in the Commonwealth's "Six Year Financial Plan," available from the Department of Planning and Budget. Second, DOA requested that agencies and institutions exclude the obligations associated with *deferred maintenance costs*. Agencies are required to report information on deferred maintenance to the Department of General Services (DGS) using the Facility Inventory Condition and Assessment System (FICAS). Additional information regarding deferred maintenance can be found at <http://www.dgs.virginia.gov/DivisionofEngineeringandBuildings/DirectorsOffice/FICAS/tabid/544/Default.aspx>.

Commonwealth of Virginia  
Department of Accounts  
Report of Off-Balance Sheet Financial Obligations  
As of June 30, 2008

**Commonwealth Off-balance Sheet Obligations:** The off-balance sheet financial obligations reported by Commonwealth agencies and institutions as of June 30, 2008 total \$623,497,866. **Table A** summarizes the off-balance sheet financial obligations reported by all agencies and institutions. Individual agency and institution totals are provided in the **Table B**. Due to the reporting technicalities associated with the CAFR, **Table B** includes clarifying notes for selected items.

**Acknowledgments:** DOA acknowledges the hard-work and dedication of the agency fiscal staffs that provided information essential in the preparation of this first report of off-balance sheet obligations. Since no financial reporting standards exist for off-balance sheet financial obligations, DOA anticipates that the off-balance sheet reporting process will be refined as future reports are prepared after benefiting from constructive comments by users of the report.

Note 1: For CAFR reporting purposes, the financial activity for the higher education institution and the related foundations are combined into one column. In order to prevent duplication, the significant activity between the higher education institution and related foundations is excluded from the CAFR. These amounts are being included in this schedule.
