

State Council of Higher Education for Virginia:
Report on Transfers from Community Colleges at
Virginia Public Institutions

2009

Reporting Mandate: Chapter 650, 2004 (Senate Bill 6) Sect. 23-9.2:3.02

Annual Report on the total number of transfer students each institution of higher education admitted, enrolled, and graduated from institutions within the Virginia Community College System.

This report describes the total number of Virginia Community College System (VCCS) transfer students each institution of higher education enrolled, and graduated from 2001-02 to 2005-06. The number of VCCS transfer students admitted to each higher education institution is not included because the State Council of Higher Education does not require the reporting of this information.

The data tables included in this report provide information about VCCS students transferring to four-year institutions with, and without, the associate degree in the fall terms of 2001, 2002, 2003, 2004, and 2005. The tables indicate numbers of transfers attaining the baccalaureate within two, three, and four years after transfer. Note: the cohort of students transferring in the fall of 2005 will have graduated during the 2008-09 academic year. Numbers of students taking longer than four years to graduate are not indicated. The tables also provide numbers of students who did not complete the baccalaureate degree within four years after transfer under the designation “*still enrolled/DNG (did not graduate)*.” These students are not included in the data as of the fifth year after transferring.

These observations are included in this report:

***Table 1: Enrollment and Time to Baccalaureate Degree
VCCS Transfers with Associate Degrees, Baccalaureate Credit
2001-02—2005-06***

- The information in Table 1 indicates that the number of VCCS transfers with earned baccalaureate credit (transfer) associate degrees enrolling in baccalaureate degree programs increased 30% from 2001-02 to 2005-06.
- Of the total number (5,781) of VCCS transfers with the earned transfer associate degree, 69% (3,972) completed the baccalaureate degree within 2, 3, and 4 years.
- More transfer students completed the baccalaureate degree within 3 years than within the timeframes of 2 or 4 years.

***Table 2: Enrollment and Time to Baccalaureate Degree
VCCS Transfers with Associate Degrees, Occ./Tech Credit
2001-02—2005-06***

- The information in Table 2 indicates that numbers of VCCS transfer students with earned occupational-technical (applied) associate degrees enrolling in baccalaureate degree programs decreased 14% from 2001-02 to 2005-06.
- Of the total number (1,056) of VCCS transfers with the earned occupational/technical associate degree, 54% (569) completed the baccalaureate degree within 2, 3, and 4 years.
- More transfer students completed the baccalaureate degree within 3 years than within the timeframes of 2 or 4 years.

- It is important to note that occupational and technical associate degrees are not designed to transfer into baccalaureate programs. However, some students with this degree opt to transfer to four-year institutions. Some four-year institutions are better prepared programmatically to accept transfer credits from occupational/technical degrees.

***Table 3: Enrollment and Time to Baccalaureate Degree
VCCS Transfers Without Degrees, 2001-02—2005-06***

- The information in Table 3 indicates that numbers of VCCS transfers without earned associate degrees enrolling in baccalaureate degree programs increased 2.6% from 2001-02 to 2005-06.
- Of the total number (17,143) of VCCS transfers without the earned associate degree, 56% (9,614) completed the baccalaureate degree within 2, 3, and 4 years.
- More transfer students completed the baccalaureate degree within 3 years than within the timeframes of 2 or 4 years.

The majority of VCCS students who transfer do so without an earned associate degree. The second largest category of transfers have earned transfer associate degrees, followed by occupational/technical associate degrees.
