The Honorable Thomas R. Morris, Secretary of Education
Mr. Dan Timberlake, Director, Department of Planning and Budget

Authority for the Report

Section 22.1-254.D of the *Code of Virginia* authorizes school boards to allow the fulfillment of compulsory attendance requirements by any student who is at least 16 years of age and for whom an Individual Student Alternative Education Plan (ISAEP) is developed. As required by the *Code*, the Board of Education has developed guidelines for the ISAEP program. The ISAEP must include the following.

- Career guidance counseling
- Mandatory enrollment and attendance in a General Educational Development (GED®) preparatory program or other alternative education program approved by the local school board
- Counseling on the economic impact of failing to complete high school
- Guidance concerning re-enrollment procedures

Item 140 of the Appropriation Act, Chapter 879, 2008 Acts of Assembly, requires the Virginia Department of Education (VDOE) to monitor the implementation of the ISAEP program and to provide an annual report to the Governor and the General Assembly.

Historical Review of the ISAEP Program

The legislation that created the ISAEP program became law on July 1, 1999. In the months that followed, the Board of Education developed guidelines for the program. In addition, VDOE established a process for funding local programs and assisted school divisions in developing program components. The first program year was viewed as successful by school divisions, though it was only a few months in duration. Year two (2000-2001) involved technical assistance visits and regional training primarily to prepare for the planned changeover to a new series of the GED Tests that occurred in January 2002. During 2001-2002, the department continued technical assistance site visits and training, with increased emphasis on the career and technical education component. Career and technical education benchmarks were established and three options for career preparation were added to the 2002-2003 ISAEP application.

During 2002-2003, the Board of Education revised the guidelines for ISAEP programs to reflect score requirement changes resulting from the release of the 2002 series of the GED® Tests. The new career and technical education benchmarks were also included in the revised guidelines. Activities in the subsequent five fiscal years have focused on program improvement and strengthening the career and technical component of the program, as well as providing extensive technical assistance to develop program expertise among the school divisions in response to annual increases in demand for the program.

State Administrative Activities during the Tenth Year of the Program

During 2008-2009, VDOE continued delivering technical assistance and training to programs, teachers, and administrators. Technical assistance and monitoring activities focused on improving program management, assessment, and the use of technology to support assessment and instructional activities that prepare students for the 21st century work force. Professional development for teachers and administrators focused on strategies for data and file management, highlighting effective programs with demonstrated results, and strategic instruction for the special needs population.

In the 2008-2009 school year, two school divisions began ISAEP programs for the first time. School divisions reported that 6,198 students, ages 16 years and older, qualified for and participated in an ISAEP program.

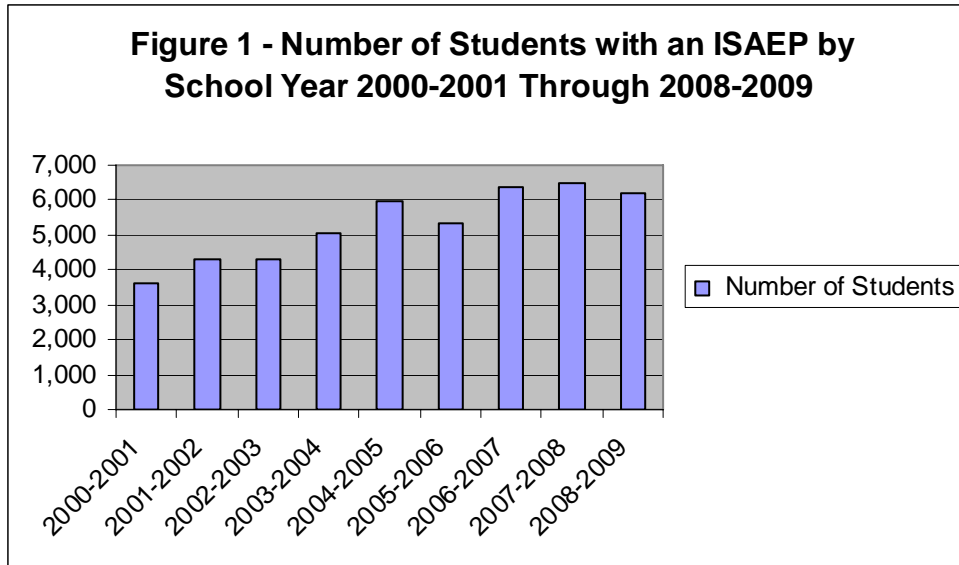

Funding for the ISAEP program is formula-based. Each local school division is eligible for an allocation to operate the program and must submit an application annually in order to receive funding. For the 2008-2009 school year, all but three school divisions operated programs. Of these three school divisions, one locality did not submit an application and two local school divisions that applied for and received funding did not operate a program. The funding received by these two school divisions was expended to screen the eligibility of students.

The Virginia General Assembly allocated \$2,247,581 in funds to school divisions for the ISAEP program in Fiscal Year 2008-2009. Grants ranging from \$7,859 to \$102,162 were issued to the divisions. School divisions spent \$2,239,722 of the total funding. Because one school division did not submit an application, \$7,859 of the funds were not expended. Since the program's inception, over 47,000 Virginia students have been served.

Local Program Data, 2008-2009

In June 2009, VDOE refined and expanded the ISAEP data collection process required of participating school divisions. The expanded data collection effort focused on such information as student/teacher ratios, program selection criteria, career counseling and preparation activities, instructional methodologies, curriculum, enrollment, and completion data. This was in addition to the standard data collection areas of student participation rates, number of students earning the GED credential, student demographics, program profiles, state per-pupil costs, and other program-related data. Responses to the data collection survey were received from all programs that participated in 2008-2009.

Participation in ISAEP

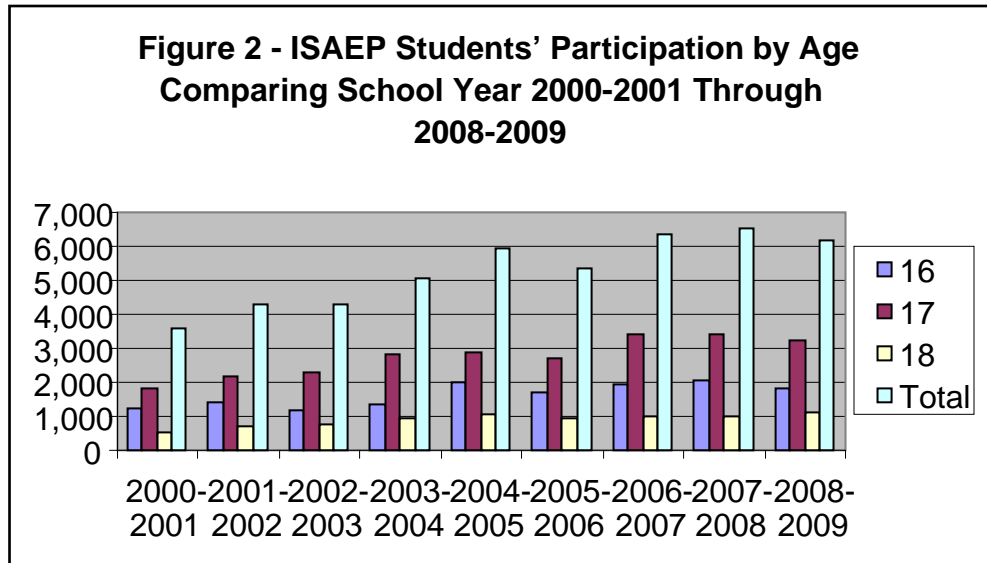

Year	Number of Students
2000-2001	3,609
2001-2002	4,288
2002-2003	4,276
2003-2004	5,071
2004-2005	6,070
2005-2006	5,345
2006-2007	6,366
2007-2008	6,512
2008-2009	6,198

Figure 1 illustrates a 71 percent increase in the number of students with an ISAEP since the first full year of implementation of the program and a five percent decrease since school year 2007-2008.

Age and Gender of Participants

School divisions reported 6,198 students, ages 16 years and older, qualified for an ISAEP program in 2008-2009. The number of 16-year-old students with an ISAEP represents 29 percent of the total ISAEP student enrollment. Seventeen-year-old students represent 53 percent, and 18-year-old students represent the remaining 18 percent of the student population.

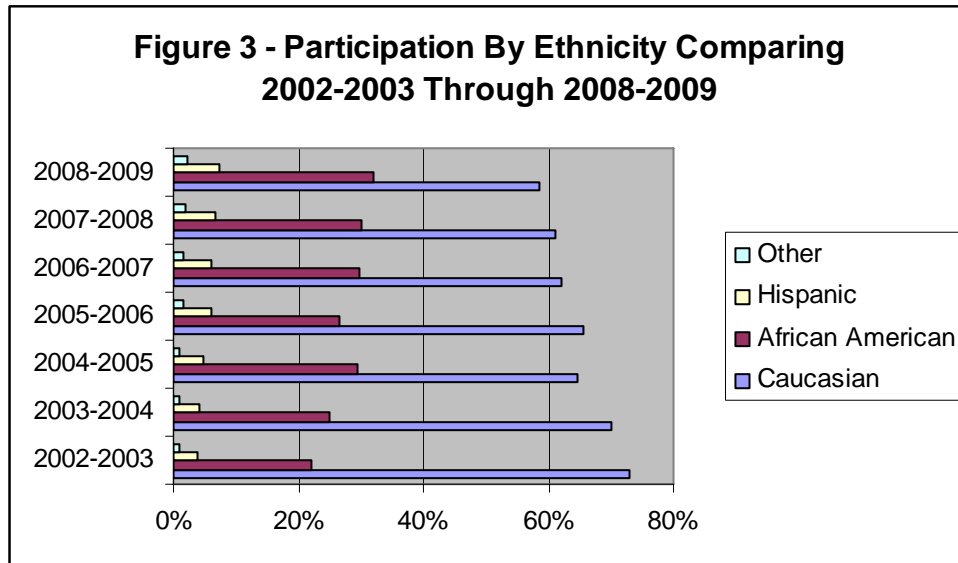

Age	2000-2001	2001-2002	2002-2003	2003-2004	2004-2005	2005-2006	2006-2007	2007-2008	2008-2009
16	1,227	1,404	1,205	1,334	2,016	1,735	1,951	2,076	1,818
17	1,841	2,189	2,282	2,814	2,853	2,683	3,395	3,422	3,262
18	541	695	789	923	1,201	927	1,020	1,014	1,118
Total	3,609	4,288	4,276	5,071	6,070	5,345	6,366	6,512	6,198

Figure 2 provides a breakdown of ISAEP participants by age. The total number of 16-year-old students who were still in the program the following year has decreased slightly over the last five years while the number of 17- and 18-year-old students has increased.

Gender enrollment data for 2008-2009 reflect that 59 percent (3,672) of ISAEP students were male, while 41 percent were female (2,526). These are the same percentages as 2007-2008. See Appendix B for age and gender enrollment by school division.

Ethnicity of Participants

	2002-2003	2003-2004	2004-2005	2005-2006	2006-2007	2007-2008	2008-2009
Caucasian	3,120	3,550	3,927	3,498	3,961	3,987	3,624
African American	942	1,268	1,785	1,428	1,901	1,968	1,991
Hispanic	171	203	298	331	393	432	453
Other	43	51	60	88	111	125	130
Total	4,276	5,072	6,070	5,345	6,366	6,512	6,198

Figure 3 provides a breakdown of participation rates based on ethnicity. The rate of participation by selected ethnic groups changed slightly from 2007-2008 to 2008-2009.

Between 2007-2008 and 2008-2009, participation by Caucasians dropped by two percent from 61 percent in school year 2007-2008 to 59 percent in 2008-2009. African-American participation increased by two percent from 30 percent in 2007-2008 to 32 percent in 2008-2009. Hispanic participation remained at seven percent in school year 2008-2009. Other ethnicities remained the same at two percent. See Appendix C for ethnicity enrollment by school division.

Reasons for Enrollment in ISAEP

Reasons for Enrollment in ISAEP Program				
	Academic Challenges	Disciplinary Issues	Overage	Other
2006-2007	3,430	924	1267	745
2007-2008	2,914	935	1809	854
2008-2009	3,168	662	1,705	663

Figure 4 provides a breakdown of ISAEP participants by reason for enrollment. School divisions reported that 50 percent of the students enrolled due to academic reasons. This represents a five percent increase from the 2007-2008 school year. Disciplinary reasons for enrollment were reported at eleven percent, a decline of three percent from the 2007-2008 school year. Twenty-eight percent of the students enrolled due to being overage (those students one year or more behind their peers), the same as school year 2007-2008. Eleven percent enrolled due to other reasons, a decrease of two percent from the 2007-2008 school year. See Appendix D for reasons for enrollment in ISAEP by school division.

Major Focus Areas for 2009-2010

In the coming school year, VDOE's technical assistance priorities will include the following.

- Helping programs improve the academic and career preparation of ISAEP students
- Providing assistance in developing high quality, effective, efficiently managed programs that demonstrate results
- Enhancing data collection and improving reporting for formative and summative evaluation purposes
- Ensuring fair and equitable access to the ISAEP program for all students
