INTRODUCTION

BACKGROUND TO THE CATALOG

In response to increasing interest in the effect of mandates on localities, the 1993 General Assembly enacted legislation directing the Commission on Local Government to compile and annually update a catalog of State and Federal mandates imposed on the Commonwealth's local governments, including, where available, a summary of the fiscal impact of any new mandates.¹ This 2009 edition of the catalog published by the Commission on Local Government includes mandates identified as of October 2009.² The Commission examined all legislation passed by the 2009 General Assembly session, surveyed executive branch agencies, and contacted the local government associations (the Virginia Association of Counties and the Virginia Municipal League) for information on new mandates and mandates not previously identified.

In the development of this document, the Commission adhered to the definition of “mandate” originally adopted by the Joint Legislative Audit and Review Commission (JLARC) and reconfirmed in Executive Order 58 (2007), which defines a mandate as a State or Federal constitutional, statutory, or administrative action that places a requirement on local governments.³ This definition encompasses the four types of mandates classified in Executive Order 58: compulsory orders, conditions of financial aid, regulation of optional activities, and state fiscal preemption. Under this classification scheme, “compulsory orders” require local government compliance regardless of receipt of aid or other circumstances. Mandates termed “conditions of financial aid” require

¹ Sec. 15.2-2903(7), Code of Va.

² As was the case with previous editions, this most recent update is founded upon the prior research of the Joint Legislative Audit and Review Commission published in its two catalogs of mandates: the 1992 study, Catalog of State and Federal Mandates on Local Governments (H. D. 53/1992) and the 1993 Update: Catalog of State and Federal Mandates on Local Governments (H. D. 2/1994; hereinafter referred to as the 1993 Update).

³ 1993 Update. It is important to note that, as a result, this catalog does not include those requirements imposed on local governments by judicial decision nor by burden resulting from a reduction of State or Federal financial assistance without a corresponding decrease in required services, which arguably also constitute mandates that can significantly affect localities.

compliance only if the locality accepts the State or Federal assistance in question. Mandates classified as “regulation of optional activities” result from State or Federal regulation of activities that local governments undertake voluntarily. Finally, mandates termed “state fiscal preemption” involve measures that result in a net reduction of revenues collected by a locality or a restriction on the locality’s authority to collect such revenues. This last type of mandate was introduced by Executive Order 58 and was not considered for inclusion in the catalog prior to the 2008 edition.

ASSOCIATED STATE OVERSIGHT OF MANDATES

In addition to requiring that mandates be cataloged, the General Assembly has taken several other steps to monitor the effects of mandates on Virginia’s local governments.⁴ For example, the legislature has directed the Division of Legislative Services to refer to the Commission any bills introduced in the General Assembly that may require one or more local governments to render a new service or expand an existing service, or require a net reduction in revenues by any county, city, or town.⁵ The Commission must then conduct an investigation of such bills and prepare fiscal impact estimates to be filed with the Clerk of the House of Delegates for distribution to legislators considering those measures. These fiscal impact statements alert legislators to any adverse fiscal impacts that might result from the proposed legislation.

Further, in order to examine the fiscal as well as other impacts of existing mandates on localities, all State executive branch agencies are required to review mandates that they administer on local governments, and to report which, if any, might be altered or eliminated without interruption of local service delivery or undue threat to the health, safety, and welfare of citizens of the Commonwealth.⁶ The Commission is responsible for coordinating the scheduling of the assessments and for notifying the Governor and the General Assembly when an agency assessment recommends the alteration or elimination of a mandate.

⁴ For a complete listing of the Virginia statutes regarding mandates on localities, see Appendix F.

⁵ Sec. 30-19.03, Code of Va.

⁶ Sec. 2.2-613 and Sec. 15.2-2903(6), Code of Va.

The assessment of mandates by executive agencies is governed by Executive Order 58 that took effect in October 2007, superseding Executive Memorandum 1-98, which had guided the assessment process since October 1998.⁷ Executive Order 58 eliminated the previous requirement to periodically reassess all mandates in the catalog, and limited assessment activities to four types of mandates: (1) new mandates; (2) newly identified mandates; (3) mandates that have been so substantially modified as to create a new mandate; and (4) mandates that the Commission, after duly considering input from local governments, state agencies, interest groups, and the public, has determined should be reassessed. In any case, no such mandate becomes subject to assessment until it has been in effect for at least twenty-four months, and no mandate can be reassessed more than once every four years unless it has been so substantially modified as to create a new mandate. The Commission annually establishes a schedule that state agencies must follow in assessing the types of mandates described above.

ORGANIZATION OF THE CATALOG

Generally

The 2009 edition of the catalog provides an inventory of all the State and Federal mandates on local governments in Virginia that had been identified as of October 2009. The catalog is organized into two parts. Part A contains those mandates administered by the executive agencies of the Commonwealth, and Part B lists the remaining mandates which either are administered by nonexecutive agencies or exist without State administrative oversight. In all, 570 mandates are included in the catalog. Of the total, 456 mandates subject to critical review by executive agencies are included, as opposed to 447 mandates listed in the 2008 edition.⁸

⁷ EM 98-1 required periodic reassessments of every state agency mandate listed in the Catalog, but no more frequently than once every four years.

⁸ See Appendix C, Changes in Mandates since Issuance of 2008 Catalog of State and Federal Mandates on Local Governments.

Part A

Part A of the catalog lists those mandates administered by executive branch agencies and subject to assessment pursuant to the provisions of EO 58 (2007). They are cataloged according to administering agency. Each mandate has a separate entry containing standardized data, including a short title; a unique code number; a brief description of the mandated action; identification of the type of mandate; the name of the administering agency and the relevant secretariat; the statutory, regulatory, or constitutional authority on which the mandate is based; the mandate assessment period, if applicable; the assessment finding, where available; and additional applicable comments.⁹

Part B

Part B lists those mandates not subject to assessment because they are administered by nonexecutive branch agencies or because there is no State administrative oversight of the required action. Each entry for the mandates listed in Part B includes the same general information as that in Part A, but in this section references to the secretariat, assessment period, and assessment finding have been omitted.

Appendices

Detailed supplementary materials are provided in the appendices. Appendix A includes a copy of EO 58 (2007) which governs the mandates assessment process and contains a sample of the standardized format that agencies are required to follow in conducting their assessments. Appendix B offers a complete listing of the current schedule of assessment periods. Appendix C provides a separate listing of the changes in mandates since the publication of the previous edition: (1) new mandates, (2) newly

⁹ Code numbers for mandates administered by executive agencies and subject to assessment are derived from the official abbreviations for the secretariat, followed by the official abbreviation for the administering agency and a three-digit number. Mandates not subject to review are identified as follows: judicial branch mandates begin with the letters “JUD,” followed by the official abbreviation for the appropriate court, and a three-digit number; legislative branch mandates begin with the letters “LEG,” followed by the official abbreviation of the agency, and a three-digit number; independent agency mandates begin with the letters “IND,” followed by the official abbreviation for the agency, and a three-digit number; mandates without State oversight begin with the letters “NSO,” followed by a three-digit number.

identified mandates, (3) those mandates which have been expanded, (4) mandates which have been eliminated, and (5) other changes.¹⁰ Appendix D provides a separate listing of the principal Federal mandates that affect Virginia's localities, with a brief description of the mandate and a listing of the authorizing measure. Examples of all of these Federal mandates can be found with complete entries in Parts A and B of the catalog. Appendix E provides a table showing the number of mandates by type and by administering agency and secretariat. Finally, Appendix F includes a summary of the provisions of the Code of Virginia that apply to mandates, followed by the precise wording of the statutes.

Index

An index is provided to help the reader find information easily. It lists each mandate by administering agency, short title, and page number.

¹⁰ Expanded mandates are those which, by legislative action, have been broadened with respect to the requirements placed on local governments.

Stormwater Management Programs by Localities

SNR.DCR006

Local governments that own and operate a separate storm sewer system must adopt a comprehensive Stormwater Management Program that incorporates both structural and nonstructural measures to control the discharge of pollutants, to the maximum extent possible, from the system. Additionally, any locality located within Tidewater Virginia as defined by the Chesapeake Bay Preservation Act (§ 10.1-2100 et seq.), or any locality that is partially or wholly designated as a Municipal Separate Storm Sewer System under the provisions of the federal Clean Water Act, is required to adopt a local stormwater management program for land disturbing activities consistent with the Stormwater Management Law according to a schedule set by the Board but no sooner than 15 months and not more than 21 months following the effective date of the regulation that establishes local program criteria and delegation procedures, unless the Board provides an extension up to an additional 12 months. Any locality not specified above may elect to adopt and administer a local stormwater management program for land disturbing activities pursuant to the Stormwater Management Law. In the absence of the delegation of a stormwater management program to a locality, the Department of Conservation and Recreation will administer the responsibilities of Stormwater Management Law within the given jurisdiction. Dam Safety and Flood Prevention Planning

SNR.DCR020

Localities must consider dam break inundation zones and potential impacts to downstream lives and properties when preparing their comprehensive plans, and must include provisions relating to impounding structure failure and impacts within dam break inundation zones in their subdivision ordinances. For any development proposed in such zones, localities must forward the subdivision plan to the Department of Conservation and Recreation (Department) with a request to determine the development's potential impacts on the spillway design flood standards required of the dam. If the Department determines that the subdivision plan would change such standards, the locality shall require the developer to submit an engineering study in conformance with 10.1-604 et seq. and 4 VAC 50-20 to the Department. The locality shall not permit the development unless the developer agrees to either alter the plan to avoid impacts or upgrade the dam. Voting Equipment and Systems

SOA.SBE001

Each city and county must provide, for all elections, electronic voting or counting systems approved by the State Board of Elections. These systems must meet federal and state accessibility standards for voters with disabilities and, upon determination by the Director of the United States Census, must accommodate alternative languages. State law stipulates the minimum number of voting devices required at each precinct, based on the number of registered voters and equipment type. New State Board of Elections regulation and state law presumption for military spouses and dependents could increase numbers of registered voters. Localities are responsible for preclearance under the Voting Rights Act before introducing new voting systems or equipment unless they have bailed out (fewer than 20 have). Sewage Collection and Treatment Regulation

SNR.DEQ035

Owners of sewage collection systems and sewage treatment works are required to provide an engineered design for any new or upgraded facility, consistent with the Commonwealth's public health and water quality objectives.

The owner must provide certification from a licensed Virginia professional engineer that the design and construction of the facility are in compliance with the design standards of the Sewage Collection and Treatment Regulations. For projects funded by WQIF, the owner must submit documents to DEQ for a technical evaluation for the funded portions of the project. These regulations also address operation and maintenance of facilities and requirements for operation and maintenance manuals. Localities must generally design new plants, expansions, and upgrades so that the facility has the capacity to treat septage from all onsite sewage disposal systems within the facility's service area.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authority: Code of Virginia §§ 32.1-164, 62.1-44.3, 62.1-44.18, 62.1-44.190, 15.2-2123

EXECUTIVE ORDER 58 (2007)

Establishment of Policies and Procedures for Agency Assessment of Mandates on Local Government

By virtue of the authority vested in me as Governor under Article V of the Constitution of the Commonwealth of Virginia and under the laws of the Commonwealth, including but not limited to Sections 2.2-613 and 15.2-2903(6) of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish policies and procedures by which the executive agencies of the Commonwealth shall critically assess and periodically reassess all mandates imposed on localities administered by such agencies. Unnecessary, redundant and conflicting mandates imposed on localities siphon local governments' limited resources thereby contributing to fiscal stress and hardship and detracting from other needs and priorities. Thus, the purpose of the mandate assessment process is to determine which mandates, if any, may be altered or eliminated without interruption of local service delivery and without undue threat to the health, safety, and welfare of the residents of Virginia.

A. Mandates Defined

1. For purposes of implementing Section 15.2-2903(6) of the *Code of Virginia*, a mandate shall be defined as a constitutional, statutory, or administrative measure or action that places a requirement on local governments.
2. Mandates placing requirements on local governments shall be classified as compulsory orders, non-discretionary conditions of aid, regulation of optional activities, or state fiscal preemption. These classifications shall be defined as follows:

- (a) Compulsory Orders are measures or actions that impose requirements with which localities must comply in the performance of their prescribed responsibilities.
- (b) Non-Discretionary Conditions of Aid are requirements which are imposed as a condition of receiving state and/or federal financial aid for which localities are obligated or encouraged to apply.
- (c) Regulation of Optional Activities are measures imposing state and/or federal government requirements relative to the performance of activities that are not mandated but are subject to such regulation if performed.
- (d) State fiscal preemption is a measure or action that results in a net reduction of revenues collected by a locality or restricts a locality's authority to collect such revenues.

B. Requirements

1. Assessment of Current Mandates

The executive agencies of the Commonwealth shall assess all local government mandates, which they currently administer, as determined by the Commission on Local Government and specified in the most recent edition of the Catalog of State and Federal Mandates on Local Governments, as follows:

- (a) All assessments performed by agencies pursuant to Section 2.2-613 and Section 15.2-2903(6) of the *Code of Virginia* shall be conducted consistent with the standardized assessment form adopted by the Commission on Local Government.
- (b) During the mandate assessment process, agencies should solicit fiscal impact data and evaluative comment from affected local governments and indicate on the assessment form the localities providing the data or that no data was provided.
- (c) Agencies shall initiate, conduct and complete the assessment of all mandates within the scheduled assessment periods established by the Commission

on Local Government pursuant to the provisions of this Executive Order.

- (d) Agencies shall submit their assessments, including any recommendations regarding the alteration or elimination of mandates, to the appropriate Cabinet Secretary for endorsement or amendment.
- (f) Completed assessments, signed by the Agency Head and approved by the Cabinet Secretary, shall be submitted by the agency to the Commission on Local Government no later than five business days after the conclusion of the scheduled assessment period.
- (g) The Commission on Local Government shall distribute copies of all completed assessments received from state agencies to the Governor, the Secretary of Commerce and Trade, the Clerks of the House of Delegates and Senate, the Virginia Association of Counties (VACo) and the Virginia Municipal League (VML) and to other interested parties upon request.

2. Annual Specification of Scheduled Assessment Periods

- (a) Each year at such time as the Commission on Local Government shall designate, agencies shall submit to the Commission a proposed schedule establishing specific dates for the assessment periods for new or newly identified mandates, as specified in Section 4 of this Executive Order, or for the reassessment of existing mandates as may be appropriate pursuant to Section 5 of this Executive Order.
- (b) The Commission on Local Government shall adopt the schedule for assessment periods proposed by the agencies, unless, in its judgment, substantial reason exists for modification.
- (c) The Commission on Local Government shall submit the adopted schedule for assessment periods to the Secretary of Commerce and Trade and the Governor for their review and approval.
- (d) Subsequent to approval by the Secretary of Commerce and Trade and the Governor, the

Commission on Local Government shall forward copies of the schedule for assessment periods to the affected agencies.

- (e) Subsequent to approval by the Secretary of Commerce and Trade and the Governor, the Commission on Local Government shall file copies of the schedule for assessment periods and any modifications thereof with the Clerks of the House of Delegates and the Senate. The Commission shall also file copies of the schedule and any modifications with VACo and VML and with the Registrar of Regulations for appropriate publication in The Virginia Register.

3. Modification of Scheduled Assessment Periods

- (a) With due notice and sufficient cause, approved agency assessment periods may be subsequently modified by the Commission on Local Government upon its own initiative or upon the request of the administering agency, affected local governments, VACo or VML.
- (b) All modifications to agency assessment periods approved by the Commission on Local Government shall be subject to the approval of the Secretary of Commerce and Trade.

4. New and Newly Identified Mandates

- (a) The Commission on Local Government shall endeavor to identify for inclusion in the next annual catalog of state and federal mandates, as prescribed by Section 15.2-2903(7) of the *Code of Virginia*, all mandates on local government not previously cataloged.
- (b) Executive agencies are directed to assist the Commission on Local Government in identifying new mandates which they will administer as well as mandates not previously identified which they are currently administering.

- (c) Executive agencies administering such mandates shall be responsible for their assessment consistent with the relevant sections of this Executive Order.
- (d) No mandate shall be subject to assessment by any agency until it has been in effect for a minimum of two years.

5. Reassessment of Mandates

- (a) No mandate that has been assessed or reassessed by any agency through the assessment period concluding in April 2007 shall again be subject to reassessment unless such reassessment is requested by the Commission on Local Government after the Commission has duly considered input from local governments, state agencies, interest groups and the public.
- (b) No mandate shall be subject to reassessment more than once every four years unless such mandate has been so substantially modified as to create a new mandate. Any mandate so modified shall not be subject to assessment by any agency until it has been in effect in its modified form for a minimum of two years.
- (c) All reassessments of mandates shall be scheduled and conducted consistent with the relevant sections of this Executive Order.

This Executive Order rescinds Executive Memorandum 1-98 issued on October 29, 1998.

This Executive Order shall be effective upon its signing and shall remain in full force and effect until amended or rescinded by further Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 11th day of October, 2007.

Catalog of State and Federal Mandates on Local Governments--2009

Schedule for the Assessment of State and Federal Mandates on Local Governments

Pursuant to the provisions of Sections 2.2-613 and 15.2-2903(6) of the Code of Virginia, the following schedule, established by the Commission on Local Government and approved by the Secretary of Commerce and Trade and Governor Kaine, represents the timetable that the listed executive agencies will follow in conducting their assessments of certain State and federal mandates that they administer on local governments. Such mandates are either new (in effect for at least 24 months) or newly identified. In conducting these assessments, agencies will follow the process established by EXECUTIVE ORDER 58 which became effective October 11, 2007, succeeding EXECUTIVE MEMORANDUM 1-98.

Changes in Mandates Since Issuance of the 2008 Catalog of State and Federal Mandates on Local Governments

Appendix C: Changes in Mandates Since Issuance of the 2008 Catalog of State and Federal Mandates on Local Governments

Appendix C offers a condensed listing of new mandates on local governments, newly identified mandates not previously reported, significantly modified (expanded) existing mandates, mandates that have been eliminated, and other changes reflected in this 2009 edition of the catalog.

Except those mandates that were eliminated since the publication of the 2008 catalog, each mandate identified in this section has a complete entry in the body of the catalog. Mandates listed in Appendix C are grouped according to administering agency with the citation containing the short title, identification number, and the number of the page in the catalog on which the relevant entry is found.

EXPANDED MANDATES

Education, Department of

Felony/Child Abuse/Molestation/Crime of Moral Turpitude Offense Certification Required (SOE.DOE003) now requires local school boards to determine whether job applicants were the subject of a founded case of child abuse and neglect by searching the in-state registry maintained by DSS. School boards must also take reasonable steps to determine whether applicants were the subject of a founded case in another state. 2009 General Assembly, Chapter 58.

Required Local Funding Effort for School Divisions (SOE.DOE095) now requires local school boards to submit a report of all expenditures to the governing body at least annually, using a template prescribed by the State Board of Education, and to publish such report on the school division and locality websites, if any. 2009 General Assembly, Chapters 104, 280.

Marine Resources Commission

Coastal Primary Sand Dune Ordinance (SNR.MRC002) now requires all Tidewater localities that adopt coastal primary sand dune ordinances to supply meeting space and office support to the local wetlands board. 2008 General Assembly, Chapter 20.

Transportation, Department of

Residential Cut-Through Traffic Policy (STO.VDOT005) has been renamed Traffic Restrictions Policy and has been expanded to incorporate identical existing but previously uncataloged requirements regarding through truck restrictions.

Traffic Signs, Signals, and Markings (STO.VDOT013) has been expanded to include an existing but previously uncataloged requirement that requests for signs specifying additional \$200 fines for speeding must have community support and meet the requirements established by the Commonwealth Transportation Board.

No State Oversight

Affordable Housing Promotion (NSO.010) has been expanded to include new statutory provisions requiring localities to consider special restrictions on the property when assessing the value of real property that is used for affordable housing. 2009 General Assembly, Chapter 264.

Employee Retirement System (IND.VRS001) has been expanded to include new statutory provisions regarding benefits for deputy sheriffs and sworn officers of regional jails. 2007 General Assembly Chapter 819, 2009 General Assembly Chapters 6 and 91.

Notification of Rights for Victim of Crime (IND.VWC003) has been expanded to include the existing requirement that Commonwealth's Attorneys notify the Workers' Compensation Commission at the conclusion of an associated criminal prosecution in cases where a claim is pending before the Criminal Injuries Compensation Fund.

Issuance and Service of the Commission's Subpoenas (IND.VWC004) has been expanded to include the existing requirement that the clerk of any court of record issue subpoenas for proceedings before the VWC. The title of the mandate has been changed to include the issuance requirement.

ELIMINATED MANDATES

Professional and Occupational Regulation, Department of

Asbestos Inspector Licensing (SCT.DPOR001) has been removed from the Catalog because asbestos-related activities are not typical local government functions and licensing requirements for local government employees are identical to those that apply to the population at large.

OTHER CHANGES

Behavioral Health and Developmental Services, Department of

The prefix DMHMRSAS in all catalog numbers has been changed to DBHDS to reflect the change in the name of the agency from the Department of Mental Health, Mental Retardation, and Substance Abuse Services to the Department of Behavioral Health and Developmental Services. 2009 General Assembly, Chapters 813, 840.

Conservation and Recreation, Department of

Stormwater Management Programs by Localities (SNR.DCR006) has been amended to reflect legislation extending the time for adoption of local stormwater management programs by certain localities. 2009 General Assembly, Chapter 18. It has also been amended to reflect legislation requiring localities operating stormwater utilities to provide full or partial waivers from utility charges for properties that reduce post-development stormwater flows. 2009 General Assembly, Chapter 703.

Social Services, Department of

Food Stamp Employment and Training Program (SHHR.DSS043) has been renamed Supplemental Nutrition Assistance Program Employment and Training to reflect a change in federal nomenclature.

Spouse Abuse Grant (SHHR.DSS058) has been renamed Domestic Violence Prevention and Services Grant to reflect the evolution of the program and the inclusion of federal funds.

State/Local Hospitalization Program Eligibility (SHHR.DSS068) has been effectively suspended by the 2009 Appropriations Act (Chapter 781), Item 309.E.

Medical Assistance Services, Department of

State/Local Hospitalization Program (SHHR.DMAS001) has been suspended by the 2009 Appropriations Act (Chapter 781), Item 309.E.

Rehabilitative Services, Department of

Disability Services Boards (SHHR.DRS001) has been reclassified from Compulsory Order to Regulation of Optional Activities. The 2009 Appropriations Act (Chapter 781), Item 331.K, suspended the statutory mandate that all localities establish disability services boards, making such boards optional. It did not suspend the mandated duties and responsibilities of such boards, but allowed them to forgo performing some or all of those duties and responsibilities, at their discretion. The mandatory language still remains in the Code of Virginia.

Transportation, Department of

Economic Development Access Road (STO.VDOT006) has been changed to update the local matching fund limits. Virginia Register Vol. 26 Issue 3.

Appendix D

Principal Federal Mandates Affecting Virginia Localities

Appendix D: Principal Federal Mandates Affecting Virginia Localities

Appendix D provides a separate listing of the principal Federal mandates that affect localities in Virginia. Whereas Parts A and B of this catalog include State mandates, Federal mandates, and mandates based on both State and Federal sources of authority, this section lists only Federal mandates. The source of authority for a particular mandate may seem inconsequential from the standpoint of a locality endeavoring to comply with numerous intergovernmental mandates, but distinguishing between Federal and State mandates is important, since it is the first step in determining accountability. However, Federal mandates on local governments can be difficult to identify.

First, although the Federal government may impose mandates on local governments directly (e.g., the Americans with Disabilities Act), it may also do so indirectly. For example, it may require the State to impose certain mandates on localities, to be administered according to Federal guidelines by State agencies as pass-through mandates (e.g., Temporary Assistance to Needy Families Program). The Federal government may also require the State to administer certain programs according to State regulations, provided the State adopts the Federal standards or more stringent standards of its own (e.g., the Clean Water Act). Similarly, some Federal mandates direct the State to meet the requirements of one program or risk termination or reduction of assistance in another program (e.g., the Urban Mass Transportation Act of 1964). In each of these cases, an essentially Federal mandate is ultimately implemented on the basis of both Federal and State law.

Second, Federal mandates often operate differently from State-imposed actions, and with different effects. For example, unlike State grants, Federal grants to localities often include not only individual program requirements but also a variety of unrelated national policy requirements affecting civil rights, environmental protection, occupational health and safety, fair employment standards, and the like. The merit of such policies aside, compliance with these additional “cross-cutting” mandates may increase a locality’s administrative burdens and costs, as well as the opportunity costs of subordinated local priorities. Yet the Federal nature of these grants-in-aid may not be apparent, if the grant programs or the associated cross-cutting mandates are administered by State agencies.

Examples of all of these types of Federal mandates are found in Parts A and B of this catalog with full entries. The list provided in Appendix D, while not an exhaustive inventory of all Federal mandates that affect localities, serves to identify the principal ones. Entries in this section include a short title, a brief description, and source of authority.

Virginia Statutes Affecting Mandates on Local Governments

This page intentionally left blank

Virginia Statutes Affecting Mandates on Local Governments

The Code of Virginia has several provisions relating to State and federal mandates imposed on local governments. Those provisions are summarized below:

AGENCY ASSESSMENT

Each State executive agency is required to assess the mandates it administers to determine which mandates, if any, may be altered or eliminated. (Code of Virginia § 2.2-613)

GUBERNATORIAL SUSPENSION OF MANDATES

The Governor may suspend for up to one year any administrative mandate imposed on a local government, except for those administered by the Department of Education, if the local government faces fiscal stress and the Governor determines that the suspension of the mandate would help alleviate the fiscal hardship faced by the local government. Before the mandate is suspended, information regarding the request for a suspension must be published in the Virginia Register. The Governor also must report annually to the General Assembly on any local requests for a mandate suspension and his response to the request. (Code of Virginia § 2.2-113)

FEDERAL MANDATES

The Implementation of Federal Mandates Act establishes a procedure by which the Governor and General Assembly will critically review all State agency budgetary requests resulting from federal mandates to ensure that federally mandated programs are properly based on federal constitutional and statutory authority and are implemented in the most cost effective manner possible. State agencies are directed to report to the Department of Planning and Budget any monetary savings and reduced regulatory burdens that could be effected by alternative strategies for implementation of federal mandates designed to meet the intent of federal statutes without having to follow all applicable federal guidelines. (Code of Virginia §§ 2.2-618 and 2.2-619)

PILOT PROGRAM FOR REGULATIONS

An agency proposing a regulation imposing a statewide mandate shall consider, where appropriate, implementing the mandate on a limited basis with a representative number of localities. Such a pilot program may be used to determine the effectiveness or impact of proposed regulations prior to statewide adoption. (Code of Virginia § 2.2-4010)

ASSESSMENT SCHEDULE AND CATALOG

The Commission on Local Government is required to coordinate the assessment of mandates which agencies must conduct. The Commission must establish a schedule for the assessment of mandates and advise the Governor and the General Assembly as to which mandates, according to the assessments, can be altered or eliminated without interruption of local service delivery or undue threat to the health, safety, and welfare of residents. No assessment

shall be required to be performed more than once every four years. The Commission is also required to prepare, and annually update, a catalog of State and federal mandates imposed on local governments, including, where available, a summary of the fiscal impact of new mandates. (Code of Virginia § 15.2-2903)

FISCAL IMPACT STATEMENTS

The Commission on Local Government is required to prepare a fiscal impact statement on legislation which may require local governments to render a new service or expand any existing service, or which may require a net reduction in revenues by any county, city, or town. The Division of Legislative Services is directed to refer any legislation appearing to meet that criterion to the Commission for the preparation of the fiscal impact statement. No bill that mandates a net additional expenditure for a locality may be considered by the General Assembly unless filed on or before the first calendar day of the session or unless otherwise specifically exempted. (Code of Virginia §§ 30-19.03, 30-19.03:1, and 30-19.03:1.1)

AGENCY ASSESSMENT

§ 2.2-613. Agency mandates on localities; assessment. – Pursuant to § 15.2-2903, all agencies, as defined in § 2.2-128, shall conduct an assessment of all mandates imposed on local governments administered by such agency to determine which mandates, if any, may be altered or eliminated.

GUBERNATORIAL SUSPENSION OF MANDATES

§ 2.2-113. Temporary suspension of state mandates. – The Governor may suspend, temporarily and for a period not to exceed one year, any mandate, or portion thereof, prescribed by an administrative department, division or agency of the executive branch of government on a county, city, town, or other unit of local government upon a finding that such local government or other unit of local government faces fiscal stress and the suspension of such mandate or portion thereof would help alleviate the fiscal hardship of the local government or other unit of local government.

No application shall be made by the locality until approved by resolution of the governing body.

At the time of application, the following information shall be published in the Virginia Register: (i) the name of the petitioning locality, (ii) the mandate or portion thereof requested to be suspended, (iii) the impact of the suspension of the mandate on the ability of the local government to deliver services, (iv) estimated reduction in current budget from such suspension, and (v) the time period requested for suspension. Publication in the Virginia Register shall occur at least twenty days in advance of such suspension by the Governor.

No later than January 1 of each year, the Governor shall submit to the General Assembly a report that identifies each locality and petitioning body, the mandate or portion thereof for which suspension has been sought, and the response provided to the locality.

Nothing in this section shall apply to the Department of Education.

In making a determination of fiscal stress, the Governor may give consideration to, but not be limited to, the following factors: any changes in anticipated revenue, income distribution of

residents, revenue effort, revenue capacity, and changes in local population and employment levels.

STATE PROGRAMS TO IMPLEMENT FEDERAL STATUTES

§ 2.2-618. State programs to implement federal statutes. – Any agency of the executive branch of state government that is authorized to develop a state program to implement any mandates contained in a federal statute shall develop the state program and adopt any necessary regulations using the following criteria:

1. State programs shall be developed by the agency to meet the requirements of federal statutes in good faith with a critical view toward any federal regulations, guidelines, or policies.
2. State programs shall be developed with due consideration of the financial restraints of the Commonwealth, local governments, and the citizens of Virginia.
3. Any state program that implements the goals of the federal statute shall use the most efficient method possible with careful consideration given to cost of the program and the impact of the program on Virginia citizens and local governments, and the long-range public health, safety, and welfare of citizens of the Commonwealth.

§ 2.2-619. Governor to report to the General Assembly. – A. The Governor shall report to the General Assembly regarding the proposed implementation of this section.

B. If any state program is authorized or mandated by a federal statute, no state funds for the program shall be appropriated unless:

1. The state program is necessary to protect the public health, safety, and welfare;
2. The state program is necessary to implement the federal statute;
3. The operation of the state program benefits the state by providing a cost-effective implementation of the federal statute by the Commonwealth, local government, and business; or
4. The state program benefits the Commonwealth, local government, and business by providing a cost-effective means to meet a higher public health, safety, and welfare standard established under state law.

C. Each agency making a budget request for state appropriations for a state program authorized or mandated by federal statute shall include in its budget request citations to the federal constitutional provisions and the state constitutional or statutory provisions that authorize the state program. The Governor shall review the budget request and determine whether additional state statutory authority is required in order to implement the state program and shall make recommendations to the General Assembly.

D. The General Assembly, after receiving a recommendation from the Governor, shall determine whether a state program is necessary and whether federal constitutional authority and state constitutional or statutory authority exist. The General Assembly shall exercise a critical review toward the interpretation of the federal statute found in federal regulations, guidelines, or policies. Enactment of state appropriations for a state program shall constitute the General Assembly's determination that the state program is necessary and that federal constitutional authority and state constitutional or statutory authority exist. State appropriations may not be based solely on requirements found in regulations, guidelines, or policies of a federal agency.

E. Prior to recommending to the General Assembly any budget for an agency that is charged with implementing federal mandates, the Governor shall request that the agency provide information to the Department of Planning and Budget regarding any monetary savings for the

state and any reduction in regulatory burdens on the public and on local governments that could be or have been achieved through the development of state policies that meet the intent of the federal statute but do not necessarily follow all applicable federal regulations, guidelines, or policies. The agency shall also provide advice to the Department of Planning and Budget regarding any changes in law that are necessary to provide the agency the authority to implement state policies in such a way as to create additional savings or greater reductions in regulatory burdens. The Department of Planning and Budget shall review and compile the information received from agencies pursuant to this section and shall include recommendations in the executive budget.

F. For purposes of this section, "state program" shall not include any portion of a program that is funded with nontax or nonfee revenue, or both, which state authorities are required to administer in a trusteeship or custodial capacity and which are not subject to appropriation by the General Assembly.

PILOT PROGRAM FOR REGULATIONS

§ 2.2-4010. Pilot programs for regulations imposing local government mandates. –

Where an agency proposes to consider the exercise of authority to promulgate a regulation that will impose a statewide mandate on the Commonwealth's localities, the agency shall consider, where appropriate, implementing the regulation on a limited basis with a representative number of localities. An agency may use such a pilot program to determine the effectiveness or impact of proposed regulations prior to statewide adoption.

ASSESSMENT SCHEDULE AND CATALOG

§15.2-2903. General powers and duties of Commission. –

The Commission shall have the following general powers and duties:

1. To make regulations, including rules of procedure for the conducting of hearings;
2. To keep a record of its proceedings and to be responsible for the custody and preservation of its papers and documents;
3. To serve as a mediator between localities;
4. To investigate, analyze, and make findings of fact, as directed by law, as to the probable effect on the people residing in any area of the Commonwealth of any proposed action in that area:
 - a. To annex territory,
 - b. To be declared immune from annexation,
 - c. To establish a town or independent city,
 - d. To settle or adjust boundaries between localities,
 - e. To make a transition from city status to town status,
 - f. To make a transition from a county to a city,
 - g. To consolidate two or more localities, at least one of which is a county, into a city,
 - h. To enter into economic growth-sharing agreements among localities;
5. To conduct investigations, analyses and determinations, in the sole discretion of the Commission, for the guidance of localities in the conduct of their affairs upon the request of such localities;

6. To receive from all agencies, as defined in § 2.2-128, assessments of all mandates imposed on localities administered by such agencies. The assessments shall be conducted on a schedule to be set by the Commission, with the approval of the Governor and the Secretary of Administration, provided that the assessments shall not be required to be performed more than once every four years. The purpose of the assessments shall be to determine which mandates, if any, may be altered or eliminated. If an assessment reveals that such mandates may be altered or eliminated without interruption of local service delivery and without undue threat to the health, safety and welfare of the residents of the Commonwealth, the Commission shall so advise the Governor and the General Assembly;

7. To prepare and annually update a catalog of state and federal mandates imposed on localities including, where available, a summary of the fiscal impact on localities of all new mandates. All departments, agencies of government, and localities are directed to make available such information and assistance as the Commission may request in maintaining the catalog; and

8. To perform such other duties as may be imposed upon it, from time to time, by law.

FISCAL IMPACT STATEMENTS

§ 30-19.03. Estimates to be prepared for legislation affecting local government expenditures and revenues. – Whenever any bill requiring a net additional expenditure by any county, city, or town, as defined in § 30-19.03:1, or whenever any bill requiring a net reduction of revenues by any county, city, or town, as defined in § 30-19.03:1.1, is filed during any session of the General Assembly, the Commission on Local Government shall investigate and prepare an estimate setting forth, to the extent practicable, the additional expenditures or reduction of revenues, if any, to be required of the affected localities in event of enactment of such legislation. The Division of Legislative Services shall examine all bills filed during any legislative session for the purpose of identifying and forwarding to the Commission on Local Government those bills requiring the preparation of fiscal estimates pursuant to this section.

As soon thereafter as may be practicable, the Commission on Local Government shall forward copies of such estimates to the Clerk of the House of Delegates for transmittal to each patron of the legislation and to the chairman of each committee of the General Assembly to consider the same.

All departments, agencies of government, the Division of Legislative Services, and all local governmental units of the Commonwealth are directed to make available such information and assistance as the Commission on Local Government may request in preparing the estimates required by this section.

§ 30-19.03:1. Bills requiring net additional expenditures by local governments to be filed by first calendar day of session. – No bill which mandates a net additional expenditure by any county, city, or town shall be considered by the General Assembly at a regular session unless the bill has been filed on or before the first calendar day of any session of the General Assembly, unless requested by the Governor or is filed in accordance with the rules of the General Assembly. A bill shall be deemed to mandate an expenditure if it has the effect of requiring any county, city, or town to (i) perform or administer a new or expanded program or service, (ii) maintain an existing program or service at a specified level of spending or delivery, (iii) assume or incur administrative costs in support of a state or state-related program, or (iv) furnish capital facilities for state or state-related activities.

For purposes of this section, "net additional expenditure" means the cost anticipated to be incurred annually, less any revenues receivable on account of the program or service from fees charged recipients of the program or service, state or federal aid paid specifically and categorically in connection with the program or service, new or increased local sources of revenue authorized and designated specifically to offset the cost of the program or service, and any offsetting savings resulting from the reduction or elimination of any program or service directly attributable to the performance of the required program or service.

The provisions of this section shall not apply to a program or service that is required or arises from a court order or judgment, nor to a program or service that is provided at the option of the county, city, or town under a law that is permissive rather than mandatory.

The enactment of any statute that mandates a net additional expenditure by any county, city or town shall be conclusive proof that the procedural requirements of this section have been satisfied or waived.

§ 30-19.03:1.1. Bills requiring net reduced revenues by local governments to be filed by first calendar day of session. – No bill which mandates a net reduction of revenues collected by any county, city, or town shall be considered by the General Assembly at a regular session unless the bill has been filed on or before the first calendar day of any session of the General Assembly, unless requested by the Governor or filed in accordance with the rules of the General Assembly. A bill shall be deemed to mandate a net reduction of revenues if it has the effect of requiring any county, city, or town to (i) relinquish an existing or potential source of local revenue by classification or exclusion or (ii) diminish an existing or potential source of revenue by classification or exclusion.

For the purposes of this section, "net reduction of revenues" means the reduction anticipated in local revenues, including, but not limited to, general levies, special levies, revenues received pursuant to §§58.1-605 and 58.1-606 and administrative and user fees, to be incurred annually, less any new local revenues receivable and any offsetting savings resulting from the reduction of local revenues, caused by the classification or exclusion being proposed.

The provisions of this section shall not apply to a reduction in local revenues that is required or arises from a court order or judgment, nor to a revenue reduction that is adopted at the option of any county, city, or town under a law that is permissive rather than mandatory, nor to a revenue reduction which is the result of a measure providing tax relief on a statewide basis. Further, and notwithstanding any other law, the General Assembly may consider tax relief measures at any time in which the Assembly is in regular or special session.

The enactment of any statute that mandates a net reduction of revenues for any county, city, or town shall be conclusive proof that the procedural requirements of this section have been satisfied or waived.
