## INTRODUCTION

### **BACKGROUND TO THE CATALOG**

In response to increasing interest in the effect of mandates on localities, the 1993 General Assembly enacted legislation directing the Commission on Local Government to compile and annually update a catalog of State and Federal mandates imposed on the Commonwealth's local governments, including, where available, a summary of the fiscal impact of any new mandates.<sup>1</sup> This 2010 edition of the catalog published by the Commission on Local Government includes mandates identified as of August 2010.<sup>2</sup> The Commission examined all legislation passed by the 2010 General Assembly session, surveyed executive branch agencies, and contacted the local government associations (the Virginia Association of Counties and the Virginia Municipal League) for information on new mandates and mandates not previously identified.

In the development of this document, the Commission adhered to the definition of “mandate” originally adopted by the Joint Legislative Audit and Review Commission (JLARC) and reconfirmed in Executive Order 58 (2007), which defines a mandate as a State or Federal constitutional, statutory, or administrative action that places a requirement on local governments.<sup>3</sup> This definition encompasses the four types of mandates classified in Executive Order 58: compulsory orders, conditions of financial aid, regulation of optional activities, and state fiscal preemption. Under this classification scheme, “compulsory orders” require local government compliance regardless of receipt of aid or other circumstances. Mandates termed “conditions of financial aid” require

<sup>2</sup> As was the case with previous editions, this most recent update is founded upon the prior research of the Joint Legislative Audit and Review Commission published in its two catalogs of mandates: the 1992 study, Catalog of State and Federal Mandates on Local Governments (H. D. 53/1992) and the 1993 Update: Catalog of State and Federal Mandates on Local Governments (H. D. 2/1994; hereinafter referred to as the 1993 Update).

<sup>3</sup> 1993 Update. It is important to note that, as a result, this catalog does not include those requirements imposed on local governments by judicial decision nor by burden resulting from a reduction of State or Federal financial assistance without a corresponding decrease in required services, which arguably also constitute mandates that can significantly affect localities.

compliance only if the locality accepts the State or Federal assistance in question. Mandates classified as “regulation of optional activities” result from State or Federal regulation of activities that local governments undertake voluntarily. Finally, mandates termed “state fiscal preemption” involve measures that result in a net reduction of revenues collected by a locality or a restriction on the locality’s authority to collect such revenues. This last type of mandate was introduced by Executive Order 58 and was not considered for inclusion in the catalog prior to the 2008 edition.

### **ASSOCIATED STATE OVERSIGHT OF MANDATES**

In addition to requiring that mandates be cataloged, the General Assembly has taken several other steps to monitor the effects of mandates on Virginia’s local governments.<sup>4</sup> For example, the legislature has directed the Division of Legislative Services to refer to the Commission any bills introduced in the General Assembly that may require one or more local governments to render a new service or expand an existing service, or require a net reduction in revenues by any county, city, or town.<sup>5</sup> The Commission must then conduct an investigation of such bills and prepare fiscal impact estimates to be filed with the Clerk of the House of Delegates for distribution to legislators considering those measures. These fiscal impact statements alert legislators to any adverse fiscal impacts that might result from the proposed legislation.

Further, in order to examine the fiscal as well as other impacts of existing mandates on localities, all State executive branch agencies are required to review mandates that they administer on local governments, and to report which, if any, might be altered or eliminated without interruption of local service delivery or undue threat to the health, safety, and welfare of citizens of the Commonwealth.<sup>6</sup> The Commission is responsible for coordinating the scheduling of the assessments and for notifying the Governor and the General Assembly when an agency assessment recommends the alteration or elimination of a mandate.

---

<sup>4</sup> For a complete listing of the Virginia statutes regarding mandates on localities, see Appendix F.

<sup>5</sup> Sec. 30-19.03, Code of Va.

<sup>6</sup> Sec. 2.2-613 and Sec. 15.2-2903(6), Code of Va.

The assessment of mandates by executive agencies is governed by Executive Order 58 that took effect in October 2007, superseding Executive Memorandum 1-98, which had guided the assessment process since October 1998.<sup>7</sup> Executive Order 58 eliminated the previous requirement to periodically reassess all mandates in the catalog, and limited assessment activities to four types of mandates: (1) new mandates; (2) newly identified mandates; (3) mandates that have been so substantially modified as to create a new mandate; and (4) mandates that the Commission, after duly considering input from local governments, state agencies, interest groups, and the public, has determined should be reassessed. In any case, no such mandate becomes subject to assessment until it has been in effect for at least twenty-four months, and no mandate can be reassessed more than once every four years unless it has been so substantially modified as to create a new mandate. The Commission annually establishes a schedule that state agencies must follow in assessing the types of mandates described above.

## **ORGANIZATION OF THE CATALOG**

### **Generally**

The 2010 edition of the catalog provides an inventory of all the State and Federal mandates on local governments in Virginia that had been identified as of August 2010. The catalog is organized into two parts. Part A contains those mandates administered by the executive agencies of the Commonwealth, and Part B lists the remaining mandates which either are administered by nonexecutive agencies or exist without State administrative oversight. In all, 597 mandates are included in the catalog. Of the total, 470 mandates subject to critical review by executive agencies are included, as opposed to 456 mandates listed in the 2009 edition.<sup>8</sup>

---

<sup>7</sup> EM 98-1 required periodic reassessments of every state agency mandate listed in the Catalog, but no more frequently than once every four years. Executive Order 58 (2007) revised the process so that assessment is limited only to mandates that are (1) new or previously unreported, (2) have been so revised that they constitute new mandates, or (3) that the Commission deems to be worthy of reassessment based on input from the public and interested groups.

<sup>8</sup> See Appendix C, Changes in Mandates since Issuance of 2009 Catalog of State and Federal Mandates on Local Governments.

**Part A**

Part A of the catalog lists those mandates administered by executive branch agencies and subject to assessment pursuant to the provisions of EO 58 (2007). They are cataloged according to administering agency. Each mandate has a separate entry containing standardized data, including a short title; a unique code number; a brief description of the mandated action; identification of the type of mandate; the name of the administering agency and the relevant secretariat; the statutory, regulatory, or constitutional authority on which the mandate is based; the mandate assessment period, if applicable; the assessment finding, where available; and additional applicable comments.<sup>9</sup>

**Part B**

Part B lists those mandates not subject to assessment because they are administered by nonexecutive branch agencies or because there is no State administrative oversight of the required action. Each entry for the mandates listed in Part B includes the same general information as that in Part A, but in this section references to the secretariat, assessment period, and assessment finding have been omitted.

**Appendices**

Detailed supplementary materials are provided in the appendices. Appendix A includes a copy of EO 58 (2007) which governs the mandates assessment process and contains a sample of the standardized format that agencies are required to follow in conducting their assessments. Appendix B offers a complete listing of the current schedule of assessment periods. Appendix C provides a separate listing of the changes in mandates since the publication of the previous edition: (1) new mandates, (2) newly

---

<sup>9</sup> Code numbers for mandates administered by executive agencies and subject to assessment are derived from the official abbreviations for the secretariat, followed by the official abbreviation for the administering agency and a three-digit number. Mandates not subject to review are identified as follows: judicial branch mandates begin with the letters “JUD,” followed by the official abbreviation for the appropriate court, and a three-digit number; legislative branch mandates begin with the letters “LEG,” followed by the official abbreviation of the agency, and a three-digit number; independent agency mandates begin with the letters “IND,” followed by the official abbreviation for the agency, and a three-digit number; mandates without State oversight begin with the letters “NSO,” followed by a three-digit number.

identified mandates, (3) those mandates which have been expanded, (4) mandates which have been eliminated, (5) mandates which have been removed from the catalog, and (6) other changes.<sup>10</sup> Appendix D provides a separate listing of the principal Federal mandates that affect Virginia's localities, with a brief description of the mandate and a listing of the authorizing measure. Examples of all of these Federal mandates can be found with complete entries in Parts A and B of the catalog. Appendix E provides a table showing the number of mandates by type and by administering agency and secretariat. Finally, Appendix F includes a summary of the provisions of the Code of Virginia that apply to mandates, followed by the precise wording of the statutes.

### **Index**

An index is provided to help the reader find information easily. It lists each mandate by administering agency, short title, and page number.

---

<sup>10</sup> Expanded mandates are those which, by legislative action, have been broadened with respect to the requirements placed on local governments.

### Disability Services Boards

SHHR.DRS001

Local governments may establish a disability services board to provide input to state agencies on service needs and priorities of persons with physical and/or sensory disabilities, provide information and resource referral to local governments regarding the Americans with Disabilities Act, provide other assistance and advice to local governments as may be requested, administer the Rehabilitative Services Incentive Fund grants, and conduct an assessment of needs of people with physical and/or sensory disabilities every three years.

Type: Regulation of Optional Activity

Agency: **Department of Rehabilitative Services**

Secretariat: Health and Human Resources

Authority: Code of Virginia §§ 51.5-47, 51.5-48; Item 320.K, 2010 Appropriations Act (Chapter 874)

Last Assessment Period: 6/1/2005 to 8/31/2005

Last Assessment Finding: Retain

Current Assessment Period:

Comment: The 2009 Appropriations Act suspended the mandate in § 51.5-47 that all localities establish disability services boards, making such boards optional. It did not suspend the mandated duties and responsibilities of such boards, but allowed them to forgo performance of these responsibilities if no disability services board is established.

### Stormwater Management Programs by Localities

SNR.DCR006

Local governments that own and operate a separate storm sewer system must adopt a comprehensive Stormwater Management Program that incorporates both structural and nonstructural measures to control the discharge of pollutants, to the maximum extent possible, from the system. Additionally, any locality located within Tidewater Virginia as defined by the Chesapeake Bay Preservation Act (§ 10.1-2100 et seq.), or any locality that is partially or wholly designated as a Municipal Separate Storm Sewer System under the provisions of the federal Clean Water Act, is required to adopt a local stormwater management program for land disturbing activities consistent with the Stormwater Management Law according to a schedule set by the Board but no sooner than 15 months and not more than 21 months following the effective date of the regulation that establishes local program criteria and delegation procedures, unless the Board provides an extension up to an additional 12 months. Any locality not specified above may elect to adopt and administer a local stormwater management program for land disturbing activities pursuant to the Stormwater Management Law. In the absence of the delegation of a stormwater management program to a locality, the Department of Conservation and Recreation will administer the responsibilities of Stormwater Management Law within the given jurisdiction. Localities administering their own programs and operating a stormwater utility must provide full or partial waivers from stormwater utility charges for properties that reduce post-development stormwater flows.

### Dam Safety and Flood Prevention Planning

SNR.DCR020

Localities must consider dam break inundation zones and potential impacts to downstream lives and properties when preparing their comprehensive plans, and must include provisions relating to impounding structure failure and impacts within dam break inundation zones in their subdivision ordinances. For any development proposed in such zones, localities must forward the subdivision plan to the Department of Conservation and Recreation (Department) with a request to determine the development's potential impacts on the spillway design flood standards required of the dam. If the Department determines that the subdivision plan would change such standards, the locality shall require the developer to submit an engineering study in conformance with 10.1-604 et seq. and 4 VAC 50-20 to the Department. The locality shall not permit the development unless the developer agrees to either alter the plan to avoid impacts or upgrade the dam. If the developer elects to upgrade the dam, the locality must require the developer to deposit with the locality or the Virginia Dam Safety, Flood Prevention and Protection Fund 50% of contract-ready costs to upgrade the dam, plus administrative fees.

### **Recycling Program and Annual Recycling Rate Report**

SNR.DEQ015

Solid Waste Planning Units (individual local governments or regional authorities) must develop and implement recycling programs to maintain a mandated recycling rate of 15% or 25%. Solid Waste Planning Units with population densities less than 100 persons per square mile or with a civilian unemployment level more than 50% above the statewide average qualify for the 15% level, while all others must meet the 25% mandate. Plans for achieving this rate must be included in the solid waste management plans on file with DEQ. Data to document recycling rates for the preceding calendar year must be reported by April 30 of each year to DEQ.

### Virginia Water Protection Permit

SNR.DEQ021

Local governments that intend to conduct activities in surface waters, including wetlands, must obtain the necessary federal and State permit, authorization, or certification to ensure that the activity will not result in a net loss of wetland acreage nor violate the State's water quality standards. The certification, permit, or authorization applies to numerous types of activities, regardless of federal permit requirements, such as dredging, building docks, developing water intakes, drainage or excavation of non-tidal wetlands, etc., and is granted through a Virginia Water Protection Permit that may contain special conditions necessary to protect water quality.

### Sewage Collection and Treatment Regulation

SNR.DEQ035

Owners of sewage collection systems and sewage treatment works are required to provide an engineered design for any new or upgraded facility, consistent with the Commonwealth's public health and water quality objectives. The owner must provide certification from a licensed Virginia professional engineer that the design and construction of the facility are in compliance with the design standards of the Sewage Collection and Treatment Regulations. For projects funded by WQIF, the owner must submit documents to DEQ for a technical evaluation for the funded portions of the project. These regulations also address operation and maintenance of facilities and requirements for operation and maintenance manuals. Localities must generally design new plants, expansions, and upgrades so that the facility has the capacity to treat septage from all onsite sewage disposal systems within the facility's service area.

### Voting Equipment and Systems

SOA.SBE001

Each city and county must provide, for all elections, electronic voting or counting systems approved by the State Board of Elections. These systems must meet federal and state accessibility standards for voters with disabilities and, upon determination by the Director of the United States Census, must accommodate alternative languages. State law stipulates the minimum number of voting devices required at each precinct, based on the number of registered voters and equipment type. New State Board of Elections regulation and state law presumption for military spouses and dependents could increase numbers of registered voters. Localities are responsible for preclearance under the Voting Rights Act before introducing new voting systems or equipment unless they have bailed out (fewer than 20 have). Localities must provide security for voting equipment under plans adopted by the Electoral Board and approved by the State Board of Elections.

**Electoral Board, Registrar and Officers of Election**

SOA.SBE002

Counties and cities are required to have an electoral board to manage elections, a general registrar to administer voter registration and elections, and officers of election trained to administer voting at polling places. General registrars must mail notices required by federal and state laws, enter applications to register and vote absentee, administer absentee voting and maintain accurate records using a federally mandated centralized computer database, the Virginia Election and Registration Information System (VERIS). The general registrar must provide access to information required under election laws and the Virginia Freedom of Information Act. Localities are responsible for the costs of conducting all general and special elections except presidential primaries reimbursed by the Commonwealth. Costs include postage (only military absentee mail is paid) and international email capacity. Localities are responsible for the costs of certain post-election proceedings (recounts, contests, audits). County electoral boards are responsible for administering town elections.

### **Polling Place and Registration Facilities**

SOA.SBE003

Localities must provide adequate funds for voter registration, and polling place facilities meeting federal and state accessibility standards for persons with disabilities. Facilities must include adequate signage for accessible entrances. Localities must adopt ordinances designating precincts, including any central absentee precinct(optional); and must adopt ordinances establishing new precincts when required by law and decennially based on the census. New precincts are required when a presidential election produces a turnout exceeding 4,000 voters at a precinct; precincts cannot exceed 5,000 registered voters. Localities are responsible for advertising, notifying voters and having all ordinances creating or changing precincts precleared under the Voting Rights Act unless the locality has bailed out (fewer than 20 have done so).

### **Felony/Child Abuse/Molestation/Crime of Moral Turpitude Offense Certification Required**

SOE.DOE003

School boards shall require on applications for employment certification that the applicant has not been convicted of a felony or any offense involving the sexual molestation, physical or sexual abuse, or rape of a child; whether the applicant has been convicted of a crime of moral turpitude; and that the applicant has not been the subject of a founded case of child abuse and neglect. School boards must determine whether the applicant was the subject of a founded case of abuse and neglect by searching the in-state registry maintained by DSS, and take reasonable steps to determine whether the applicant was the subject of a founded case in another state. An applicant or employee who is the subject of a founded complaint of child abuse or neglect shall be denied employment. Prior to awarding a contract for services that requires a contractor or his employees to have direct contact with students, school boards must require the contractor and said employee to certify that he has not been convicted of a felony involving the sexual molestation, physical or sexual abuse, or rape of a child, and whether he has been convicted of a crime of moral turpitude.

### School Board Background Checks for Employees and Contractors

SOE.DOE006

School divisions shall require any individual who accepts a position of employment to undergo fingerprinting and a criminal history records check. Results of such criminal history records checks must be shared with school divisions with which reciprocity agreements for the exchange of such information exists. As a condition of awarding a contract for services that requires direct contact with students on school property during regular school hours or during school-sponsored activities, the school division must require the contractor and any relevant employee to provide certification that he or she has not been convicted of a felony or any offense regarding the sexual molestation or physical or sexual abuse or rape of a child. This does not apply to contractors in an emergency situation. School boards must ensure that public schools are registered with the Department of State Police to receive electronic notice of the registration or re-registration of any sex offender within the same or contiguous zip code area of that school division. School boards must develop policies about the availability of information regarding the sex offender registry for parents and develop protocols governing the release of children to persons who are not their parents. ### Electronic Classroom

SOE.DOE078

The Electronic Classroom program creates a statewide delivery of credit courses and staff development programs to address equity and educational disparity problems in schools across Virginia. The electronic classroom program is a distance-learning program that provides advanced level courses to students in areas of the Commonwealth where a qualified teacher is unavailable, or the number of qualifying students is too few to justify employment of a full-time teacher. State funds are currently provided to four local school divisions to hire teachers, aides, and technicians to operate each electronic classroom studio. Funding covers the costs related to production, broadcasts, and transponders.

## Catalog of State and Federal Mandates on Local Governments - 2010

---

---

### **Fair and Accurate Credit Transactions Act of 2003 (FACT)**

NSO.102

Local governments that bill customers for services already used, such as water, sewer, or gas services, are considered creditors under federal law and must implement federal policies to prevent identity theft. Creditors must develop a written program that identifies and detects the relevant warning signs ("red flags") of identity theft.

Type: Compulsory Order

Agency: **No State Oversight**

Authority: Fair and Accurate Credit Transactions Act of 2003, §§ 114 and 315; 16 CFR 681 (Fed.)

Comment: Not subject to review. No state oversight.

---

---

### **Manufactured Homes, Zoning Ordinances**

NSO.103

Localities with Zoning ordinances must treat manufactured housing in agricultural districts or districts having similar classifications in the same manner as traditional site-built housing, with respect to development standards, so long as the unit is placed on a permanent foundation and on individual lots.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia § 15.2-2290

Comment: Newly identified. Not subject to review. No state oversight.

---

---

### **Group Homes, Zoning Ordinances**

NSO.104

Zoning ordinances shall consider a residential facility or group home, licensed by the Department of Behavioral Health and Developmental Services, in which no more than eight individuals with mental illness, mental retardation, or developmental disabilities reside, with one or more resident counselors or other staff persons, as a residential occupancy by a single family.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia § 15.2-2291 (A)

Comment: Newly identified. Not subject to review. No state oversight.

### **Assisted Living Facilities, Zoning Ordinances**

NSO.105

Zoning ordinances shall consider a residential facility or group home, licensed by the Department of Social Services, in which no more than eight aged, infirm, or disabled persons reside, with one or more resident counselors or other staff persons, as residential occupancy by a single family.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia § 15.2-2291 (B)

Comment: Not subject to review. No state oversight. Previously applicable to a select group of localities, this mandate was expanded statewide by Chapters 796 and 847, 2010 Virginia Acts of Assembly.

---

---

### **Family Day Homes, Zoning Ordinances**

NSO.106

Zoning ordinances shall consider a family day home (in-home child care) for up to five children, exclusive of the provider's own children and any who reside in the home, as residential occupancy by a single family. This is not applicable to Arlington and Fairfax Counties, and the Cities of Alexandria, Fairfax, and Falls Church.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia § 15.2-2292

Comment: Newly identified. Not subject to review. No state oversight.

---

---

### **Temporary Family Healthcare Structures, Zoning Ordinances**

NSO.107

Zoning ordinances shall consider temporary family healthcare structures (i) for use by a caregiver in providing care for a mentally or physically impaired person and (ii) on property owned or occupied by the caregiver as his residence as a permitted accessory use in any single-family residential zoning district on lots zoned for single-family detached dwellings.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia § 15.2-2292.1

Comment: Newly identified. Not subject to review. No state oversight.

### Cash Proffers, Temporary Restriction on Collection

NSO.108

Provides that cash proffers for residential construction, on a per-dwelling unit or per-home basis, shall not be collected or accepted by any locality until after completion of the final inspection and prior to the issuance of a certificate of occupancy, regardless of the language included within the proffer. This provision will expire on July 1, 2014.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: 2010 Virginia Acts of Assembly, Chapter 549.

Comment: Newly identified. Not subject to review. No state oversight.

---

---

### Transfer of Development Rights

NSO.109

Any locality may establish procedures, methods, and standards for the transfer of development rights. In order to implement the provisions of this act, a locality shall adopt an ordinance that provides for the specific requirements for recordation, monitoring ownership, assessing the appropriate infrastructure needs of the receiving property, and the perpetual preservation of the sending property.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia §§ 15.2-2316.1 et seq.

Comment: Newly identified. Not subject to review. No state oversight.

---

---

### Penalties for Pollutants in Public Sewer Systems

NSO.110

A locality may adopt an ordinance, establishing a uniform schedule of civil penalties for violations of ordinances governing the introduction of pollutants and wastes into the locality's public sewer system. The locality must provide for notice, hearing, and appeal of such penalties. Such civil penalties may not be more than \$100 for the initial summons and not more than \$150 for each additional summons and not more than a total of \$3,000 for a series of specified violations.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: Code of Virginia §§ 15.2-2122 (10)

Comment: Newly identified. Not subject to review. No state oversight.

### **Wireless Telecommunication Antenna Sites**

NSO.111

Local governments must act upon zoning applications for a wireless telecommunication antenna site within 150 days for a new tower site, or within 90 days for a co-located antenna. Additionally, a locality cannot deny an application solely because wireless service is already available from another provider.

Type: Regulation of Optional Activity

Agency: **No State Oversight**

Authority: 47 USC 332 (c)(7)(B) (Telecommunications Act of 1996)(Fed.); 24 FCC Rcd 13994.

Comment: Newly identified. Not subject to review. No state oversight.

---

---

### **Personal Property Taxation of Servicemembers and their Spouses**

NSO.112

Local governments must consider members of the Armed Services, and their spouses to be residents of their home jurisdiction for personal property taxation purposes, so long as the member is living within the jurisdiction solely for military purposes.

Type: Compulsory Order

Agency: **No State Oversight**

Authority: P. L. 108-189 (Servicemembers Civil Relief Act); P. L. 111-97 (Military Spouses Residency Relief Act) (Fed.)

Comment: Newly identified. Not subject to review. No state oversight.

---

---

### **Notification of Vacancies to Secretary of the Commonwealth**

NSO.113

Every locality shall annually, before July 1, send to the Secretary of the Commonwealth, a list of all elected officials serving within their locality. Whenever a vacancy occurs in any office, the locality shall notify the Secretary within ten days of said vacancy. Upon filling a vacancy, the Secretary shall also be notified within ten days.

Type: Compulsory Order

Agency: **No State Oversight**

Authority: Code of Virginia § 17.1-218

Comment: Newly identified. Not subject to review. No state oversight. 2010 Virginia Acts of Assembly, Chapter 352 changed the responsibility from the locality's Clerk of Court to the locality itself.

## COMMONWEALTH OF VIRGINIA

## OFFICE OF THE GOVERNOR

### EXECUTIVE ORDER 58 (2007)

---

#### **Establishment of Policies and Procedures for Agency Assessment of Mandates on Local Government**

By virtue of the authority vested in me as Governor under Article V of the Constitution of the Commonwealth of Virginia and under the laws of the Commonwealth, including but not limited to Sections 2.2-613 and 15.2-2903(6) of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish policies and procedures by which the executive agencies of the Commonwealth shall critically assess and periodically reassess all mandates imposed on localities administered by such agencies. Unnecessary, redundant and conflicting mandates imposed on localities siphon local governments' limited resources thereby contributing to fiscal stress and hardship and detracting from other needs and priorities. Thus, the purpose of the mandate assessment process is to determine which mandates, if any, may be altered or eliminated without interruption of local service delivery and without undue threat to the health, safety, and welfare of the residents of Virginia.

#### **A. Mandates Defined**

1. For purposes of implementing Section 15.2-2903(6) of the *Code of Virginia*, a mandate shall be defined as a constitutional, statutory, or administrative measure or action that places a requirement on local governments.
2. Mandates placing requirements on local governments shall be classified as compulsory orders, non-discretionary conditions of aid, regulation of optional activities, or state fiscal preemption. These classifications shall be defined as follows:

- (a) Compulsory Orders are measures or actions that impose requirements with which localities must comply in the performance of their prescribed responsibilities.
- (b) Non-Discretionary Conditions of Aid are requirements which are imposed as a condition of receiving state and/or federal financial aid for which localities are obligated or encouraged to apply.
- (c) Regulation of Optional Activities are measures imposing state and/or federal government requirements relative to the performance of activities that are not mandated but are subject to such regulation if performed.
- (d) State fiscal preemption is a measure or action that results in a net reduction of revenues collected by a locality or restricts a locality's authority to collect such revenues.

## **B. Requirements**

### 1. Assessment of Current Mandates

The executive agencies of the Commonwealth shall assess all local government mandates, which they currently administer, as determined by the Commission on Local Government and specified in the most recent edition of the Catalog of State and Federal Mandates on Local Governments, as follows:

- (a) All assessments performed by agencies pursuant to Section 2.2-613 and Section 15.2-2903(6) of the *Code of Virginia* shall be conducted consistent with the standardized assessment form adopted by the Commission on Local Government.
- (b) During the mandate assessment process, agencies should solicit fiscal impact data and evaluative comment from affected local governments and indicate on the assessment form the localities providing the data or that no data was provided.
- (c) Agencies shall initiate, conduct and complete the assessment of all mandates within the scheduled assessment periods established by the Commission on Local Government pursuant to the provisions of this Executive Order.

## Executive Order 58 (2007)

- (d) Agencies shall submit their assessments, including any recommendations regarding the alteration or elimination of mandates, to the appropriate Cabinet Secretary for endorsement or amendment.
  - (f) Completed assessments, signed by the Agency Head and approved by the Cabinet Secretary, shall be submitted by the agency to the Commission on Local Government no later than five business days after the conclusion of the scheduled assessment period.
  - (g) The Commission on Local Government shall distribute copies of all completed assessments received from state agencies to the Governor, the Secretary of Commerce and Trade, the Clerks of the House of Delegates and Senate, the Virginia Association of Counties (VACo) and the Virginia Municipal League (VML) and to other interested parties upon request.
2. Annual Specification of Scheduled Assessment Periods
- (a) Each year at such time as the Commission on Local Government shall designate, agencies shall submit to the Commission a proposed schedule establishing specific dates for the assessment periods for new or newly identified mandates, as specified in Section 4 of this Executive Order, or for the reassessment of existing mandates as may be appropriate pursuant to Section 5 of this Executive Order.
  - (b) The Commission on Local Government shall adopt the schedule for assessment periods proposed by the agencies, unless, in its judgment, substantial reason exists for modification.
  - (c) The Commission on Local Government shall submit the adopted schedule for assessment periods to the Secretary of Commerce and Trade and the Governor for their review and approval.
  - (d) Subsequent to approval by the Secretary of Commerce and Trade and the Governor, the Commission on Local Government shall forward copies of the schedule for assessment periods to the affected agencies.
  - (e) Subsequent to approval by the Secretary of Commerce and Trade and the Governor, the Commission on Local

Government shall file copies of the schedule for assessment periods and any modifications thereof with the Clerks of the House of Delegates and the Senate. The Commission shall also file copies of the schedule and any modifications with VACo and VML and with the Registrar of Regulations for appropriate publication in The Virginia Register.

3. Modification of Scheduled Assessment Periods

- (a) With due notice and sufficient cause, approved agency assessment periods may be subsequently modified by the Commission on Local Government upon its own initiative or upon the request of the administering agency, affected local governments, VACo or VML.
- (b) All modifications to agency assessment periods approved by the Commission on Local Government shall be subject to the approval of the Secretary of Commerce and Trade.

4. New and Newly Identified Mandates

- (a) The Commission on Local Government shall endeavor to identify for inclusion in the next annual catalog of state and federal mandates, as prescribed by Section 15.2-2903(7) of the *Code of Virginia*, all mandates on local government not previously cataloged.
- (b) Executive agencies are directed to assist the Commission on Local Government in identifying new mandates which they will administer as well as mandates not previously identified which they are currently administering.
- (c) Executive agencies administering such mandates shall be responsible for their assessment consistent with the relevant sections of this Executive Order.
- (d) No mandate shall be subject to assessment by any agency until it has been in effect for a minimum of two years.

5. Reassessment of Mandates

- (a) No mandate that has been assessed or reassessed by any agency through the assessment period concluding in April 2007 shall again be subject to reassessment unless such reassessment is requested by the Commission on Local Government after the Commission has duly considered input

Executive Order 58 (2007)

from local governments, state agencies, interest groups and the public.

- (b) No mandate shall be subject to reassessment more than once every four years unless such mandate has been so substantially modified as to create a new mandate. Any mandate so modified shall not be subject to assessment by any agency until it has been in effect in its modified form for a minimum of two years.
- (c) All reassessments of mandates shall be scheduled and conducted consistent with the relevant sections of this Executive Order.

This Executive Order rescinds Executive Memorandum 1-98 issued on October 29, 1998.

This Executive Order shall be effective upon its signing and shall remain in full force and effect until amended or rescinded by further Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 11<sup>th</sup> day of October, 2007.

Catalog of State and Federal Mandates on Local Governments--2010

**Schedule for the Assessment of State and Federal Mandates on Local Governments**

Pursuant to the provisions of Sections 2.2-613 and 15.2-2903(6) of the Code of Virginia, the following schedule, established by the Commission on Local Government and approved by the Secretary of Commerce and Trade and Governor McDonnell, represents the timetable that the listed executive agencies will follow in conducting their assessments of certain State and federal mandates that they administer on local governments. Such mandates are either new (in effect for at least 24 months) or newly identified. In conducting these assessments, agencies will follow the process established by EXECUTIVE ORDER 58 which became effective October 11, 2007. These mandates are abstracted in the CATALOG OF STATE AND FEDERAL MANDATES ON LOCAL GOVERNMENTS published by the Commission on Local Government.

**EXPANDED MANDATES**

Education, Department of

Charter School Applications (SOE.DOE119) has been significantly amended to require the Board of Education to participate in the application review process. Also, applicants can now seek reconsideration of an application that has been denied. 2010 General Assembly, Chapter 650. *See page 145.*

Transportation, Department of

Subdivision Street Development Control (STO.VDOT009) has been expanded by the implementation of the Secondary Street Acceptance Requirements, effective March 9, 2009. Virginia Register, Vol. 25 Issue 15. *See page 203.*

Entrance to State Highway Standards (STO.VDOT012) has been effectively expanded by more stringent access management regulations that took effect July 1, 2008 and October 14, 2009. The Catalog entry remains unchanged, however the mandate will need to be reassessed in FY2012/2013. Virginia Register, Vol. 24 Issue 17 & Vol. 26 Issue 1. *See page 204.*

No State Oversight

Contractor's License Required for Building Permit or Business License (NSO.021) was expanded to now require that localities not issue business licenses to contractors until proof of a valid State contractor's license is provided. 2010 General Assembly, Chapters 82 and 755. *See page 226.*

**ELIMINATED MANDATES**

Education, Department of

Triennial Census of School-Age Population (SOE.DOE020) has been eliminated, as population estimates from the Weldon-Cooper Center for Public Service at UVA will now be utilized for the distribution of sales and use taxes to localities. 2010 General Assembly, Chapters 386 and 629.

**MANDATES REMOVED FROM THE CATALOG**

Transportation, Department of

Americans with Disabilities Act (STO.VDOT027) has been removed from the Catalog because provisions regarding the Americans with Disabilities Act as they relate to road projects are already listed under Road and Bridge Standards (STO.VDOT017).

No State Oversight

Multi-County Transportation Improvement District (NSO.004) has been removed from the Catalog as it is only applicable to one district that was created under the statute. Any new transportation improvement districts would follow the Local Transportation Improvement District enabling statutes (STO.VDOT028). 1993 General Assembly, Chapter 395.

**OTHER CHANGES**

The order of the entries in Part A has been amended so that they are now sorted by catalog entry code. The prior method of sorting was by agency name, which was found to be confusing. This new method also results in the mandates being grouped together by Secretariat.

Behavioral Health and Developmental Services, Department of

Support Services for Community Services Board (SHHR.DBHDS006) has been amended to clarify the auditing procedures available for localities to provide the required administrative support for Community Service Boards. *See page 33.*

Several entries for the Department of Behavioral Health and Developmental Services have been updated to be consistent with the terms that the Department uses when referring to individuals receiving services through the Department, Community Service Boards, and Behavioral Health Authorities.

Conservation and Recreation, Department of

Stormwater Management Programs by Localities (SNR.DCR006) has been amended to reflect legislation extending the time of adoption of local stormwater management programs by certain localities. 2010 General Assembly, Chapter 137. *See page 76.*

Education, Department of

Internet Use Policy (SOE.DOE105) has been amended to require that local school divisions file an acceptable policy with the Department of Education. Instead, the local school division need only certify that the local school board has approved such policy. *See page 141.*

Remediation Programs Evaluation (SOE.DOE107) has been amended to remove Board of Education reporting requirements. *See page 141.*

Housing and Community Development, Department of

Disclosure of Proffered Cash Payments and Expenditures has been renumbered from SCT.CLG001 to SCT.DHCD018 as the Commission on Local Government is no longer a separate state agency. *See page 18.*

Juvenile Justice, Department of

Delinquency Prevention (SPS.DJJ002) has been amended to state that funding is not currently available for this program. *See page 170.*

Motor Vehicles, Department of

Vehicle Registration Withholding Program (STO.DMV004) has been changed to reflect new legislation that allows a locality to have the Department withhold motor vehicle registration renewals for unpaid parking tickets, without regard to the locality in which the vehicle is registered. Prior to this legislation, a locality could only request such hold for parking tickets for vehicles which were registered within their jurisdiction. 2010 General Assembly, Chapter 125. *See page 189.*

Social Services, Department of

The term “Child Day Care” used within the Department of Social Services entries has been replaced with “Child Care.”

Transportation, Department of

Coordination of State and Local Transportation Planning (STO.VDOT030) has been amended to clarify that a traffic impact analysis is required to be submitted to VDOT for development proposals. *See page 210.*

No State Oversight

Affordable Housing Promotion (NSO.010) previously addressed statutes regarding

comprehensive planning efforts and real estate assessments. As legislation has expanded the scope of affordable housing policy, a separate mandate entry has been created (SFIN.TAX012) to address the real estate assessment component of this mandate. *See pages 27 and 227.*

Federal Anti-Discrimination Policy (NSO.014) and Civil Rights Act of 1964 (NSO.038) have been merged into NSO.014 to continue to reflect ongoing amendments that have occurred since the original enactment of the Civil Rights Act. *See page 225.*

Uniform Fiscal Year (NSO.017) has been updated to reflect that uniform fiscal year requirements are now required in all units of local government. The recodification of Title 15.1 removed the exception for towns with a population under 3,500. 1997 General Assembly, Chapter 587. *See page 225.*

Mandatory Arrest in Family Violence Cases (NSO.028) has been updated to clarify the procedures that are to be followed by officers. Provisions regarding individual department policies and procedures requirements are now administered through the Department of Criminal Justice Services, which is reflected in the newly identified mandate SPS.DCJS030. 2008 General Assembly, Chapters 600 & 871. *See page 229.*

Immigration Status (NSO.059), previously identified as Immigration Reform and Control Act of 1986, has been amended to incorporate subsequent federal immigration laws that have been enacted to allow local and state governments to deny illegal immigrants access to certain government programs. *See page 236.*

Principles of New Urbanism and Traditional Neighborhood Development (NSO.086) has been amended to clarify that it is only applicable within Urban Development Areas. *See page 243.*

Classification and Taxation of Certain Commercial and Industrial Real Property for Transportation Improvements (NSO.093) has been amended to change references to the Hampton Roads Transportation Authority to the Hampton Roads Planning District Commission, and removed an erroneous reference to a sunset date of June 30, 2013, which is not applicable. 2010 General Assembly, Chapters 864 & 871. *See page 246.*

Road Impact Fees (NSO.094) has been updated to reflect new population thresholds which expanded the localities enabled to implement the fees. 2007 General Assembly, Chapter 896. *See page 246.*

Municipal Permits for Overweight and Oversize Vehicles (NSO.101) now provides a more complete list of which types of vehicles qualify. *See page 248.*

## **Appendix D**

### **Principal Federal Mandates Affecting Virginia Localities**

## **Appendix D: Principal Federal Mandates Affecting Virginia Localities**

Appendix D provides a separate listing of the principal Federal mandates that affect localities in Virginia. Whereas Parts A and B of this catalog include State mandates, Federal mandates, and mandates based on both State and Federal sources of authority, this section lists only Federal mandates. The source of authority for a particular mandate may seem inconsequential from the standpoint of a locality endeavoring to comply with numerous intergovernmental mandates, but distinguishing between Federal and State mandates is important, since it is the first step in determining accountability. However, Federal mandates on local governments can be difficult to identify.

First, although the Federal government may impose mandates on local governments directly (e.g., the Americans with Disabilities Act), it may also do so indirectly. For example, it may require the State to impose certain mandates on localities, to be administered according to Federal guidelines by State agencies as pass-through mandates (e.g., Temporary Assistance to Needy Families Program). The Federal government may also require the State to administer certain programs according to State regulations, provided the State adopts the Federal standards or more stringent standards of its own (e.g., the Clean Water Act). Similarly, some Federal mandates direct the State to meet the requirements of one program or risk termination or reduction of assistance in another program (e.g., the Urban Mass Transportation Act of 1964). In each of these cases, an essentially Federal mandate is ultimately implemented on the basis of both Federal and State law.

Second, Federal mandates often operate differently from State-imposed actions, and with different effects. For example, unlike State grants, Federal grants to localities often include not only individual program requirements but also a variety of unrelated national policy requirements affecting civil rights, environmental protection, occupational health and safety, fair employment standards, and the like. The merit of such policies aside, compliance with these additional “cross-cutting” mandates may increase a locality’s administrative burdens and costs, as well as the opportunity costs of subordinated local priorities. Yet the Federal nature of these grants-in-aid may not be apparent, if the grant programs or the associated cross-cutting mandates are administered by State agencies.

Examples of all of these types of Federal mandates are found in Parts A and B of this catalog with full entries. The list provided in Appendix D, while not an exhaustive inventory of all Federal mandates that affect localities, serves to identify the principal ones. Entries in this section include a short title, a brief description, and source of authority.

### **Virginia Statutes Affecting Mandates on Local Governments**

## Virginia Statutes Affecting Mandates on Local Governments

The Code of Virginia has several provisions relating to State and federal mandates imposed on local governments. Those provisions are summarized below:

### AGENCY ASSESSMENT

Each State executive agency is required to assess the mandates it administers to determine which mandates, if any, may be altered or eliminated. (Code of Virginia § 2.2-613)

#### **§ 2.2-613. Agency mandates on localities; assessment.**

*Pursuant to § [15.2-2903](#), all agencies, as defined in § [2.2-128](#), shall conduct an assessment of all mandates imposed on local governments administered by the agency to determine which mandates, if any, may be altered or eliminated.*

### GUBERNATORIAL SUSPENSION OF MANDATES

The Governor may suspend for up to one year any administrative mandate imposed on a local government, except for those administered by the Department of Education, if the local government faces fiscal stress and the Governor determines that the suspension of the mandate would help alleviate the fiscal hardship faced by the local government. Before the mandate is suspended, information regarding the request for a suspension must be published in the Virginia Register. The Governor also must report annually to the General Assembly on any local requests for a mandate suspension and his response to the request.

Between July 1, 2010, and ending July 1, 2012, the term for which a Governor may suspend these mandates is extended from one to two years. (Code of Virginia § 2.2-113)

#### **§ 2.2-113. Temporary suspension of state mandates.**

*A. The Governor may suspend, temporarily and for a period not to exceed one year, any mandate, or portion thereof, prescribed by any unit of the executive branch of state government on a county, city, town, or other unit of local government upon a finding that it faces fiscal stress and the suspension of the mandate or portion thereof would help alleviate the fiscal hardship.*

*However, for a period beginning July 1, 2010, and ending July 1, 2012, the Governor may suspend any such mandate for a period not to exceed two years upon proper application by a locality pursuant to this section.*

*B. No application shall be made by the locality until approved by resolution of the governing body.*

*C. At the time of application, the following information shall be published in the Virginia Register: (i) the name of the petitioning locality, (ii) the mandate or portion thereof*

*requested to be suspended, (iii) the impact of the suspension of the mandate on the ability of the local government to deliver services, (iv) the estimated reduction in current budget from the suspension, and (v) the time period requested for suspension. Publication in the Virginia Register shall occur at least 20 days in advance of any suspension by the Governor.*

*D. No later than January 1 of each year, the Governor shall submit to the General Assembly a report that identifies each petitioning locality, the mandate or portion thereof for which suspension was sought, and the response provided to the locality.*

*E. Nothing in this section shall apply to the Department of Education.*

*In making a determination of fiscal stress, the Governor may consider, but is not limited to, the following factors: any changes in anticipated revenue, income distribution of residents, revenue effort, revenue capacity, and changes in local population and employment levels.*

## **FEDERAL MANDATES**

The Implementation of Federal Mandates Act establishes a procedure by which the Governor and General Assembly will critically review all State agency budgetary requests resulting from federal mandates to ensure that federally mandated programs are properly based on federal constitutional and statutory authority and are implemented in the most cost effective manner possible. State agencies are directed to report to the Department of Planning and Budget any monetary savings and reduced regulatory burdens that could be effected by alternative strategies for implementation of federal mandates designed to meet the intent of federal statutes without having to follow all applicable federal guidelines. (Code of Virginia §§ 2.2-618 and 2.2-619)

### **§ 2.2-618. State programs to implement federal statutes.**

*Any agency of the executive branch of state government that is authorized to develop a state program to implement any mandates contained in a federal statute shall develop the state program and adopt any necessary regulations using the following criteria:*

- 1. State programs shall be developed by the agency to meet the requirements of federal statutes in good faith with a critical view toward any federal regulations, guidelines, or policies.*
- 2. State programs shall be developed with due consideration of the financial restraints of the Commonwealth, local governments, and the citizens of Virginia.*
- 3. Any state program that implements the goals of the federal statute shall use the most efficient method possible with careful consideration given to cost of the program and the impact of the program on Virginia citizens and local governments, and the long-range public health, safety, and welfare of citizens of the Commonwealth.*

**§ 2.2-619. Governor to report to the General Assembly.**

*A. The Governor shall report to the General Assembly regarding the proposed implementation of this section.*

*B. If any state program is authorized or mandated by a federal statute, no state funds for the program shall be appropriated unless:*

- 1. The state program is necessary to protect the public health, safety, and welfare;*
- 2. The state program is necessary to implement the federal statute;*
- 3. The operation of the state program benefits the state by providing a cost-effective implementation of the federal statute by the Commonwealth, local government, and business; or*
- 4. The state program benefits the Commonwealth, local government, and business by providing a cost-effective means to meet a higher public health, safety, and welfare standard established under state law.*

*C. Each agency making a budget request for state appropriations for a state program authorized or mandated by federal statute shall include in its budget request citations to the federal constitutional provisions and the state constitutional or statutory provisions that authorize the state program. The Governor shall review the budget request and determine whether additional state statutory authority is required in order to implement the state program and shall make recommendations to the General Assembly.*

*D. The General Assembly, after receiving a recommendation from the Governor, shall determine whether a state program is necessary and whether federal constitutional authority and state constitutional or statutory authority exist. The General Assembly shall review toward the interpretation of the federal statute found in federal regulations, guidelines, or policies. Appropriation of state funds for a state program shall constitute the General Assembly's determination that the state program is necessary and that federal constitutional authority and state constitutional or statutory authority exist. State appropriations may not be based solely on requirements found in regulations, guidelines, or policies of a federal agency.*

*E. Prior to recommending to the General Assembly any budget for an agency that is charged with implementing federal mandates, the Governor shall request that the agency provide information to the Department of Planning and Budget regarding any monetary savings for the state and any reduction in regulatory burdens on the public and on local governments that could be or have been achieved through the development of state policies that meet the intent of the federal statute but do not necessarily follow all applicable federal regulations, guidelines, or policies. The agency shall also provide advice to the Department of Planning and Budget regarding any changes in law that are necessary to provide the agency with the authority to implement state policies in such a way as to create additional savings or greater reductions in regulatory burdens. The Department of Planning and Budget shall review and compile the information received*

*from agencies pursuant to this section and shall include recommendations in the executive budget.*

*F. For purposes of this section, "state program" shall not include any portion of a program that is funded with nontax or nonfee revenue, or both, which state authorities are required to administer in a trusteeship or custodial capacity and that are not subject to appropriation by the General Assembly.*

### **PILOT PROGRAM FOR REGULATIONS**

An agency proposing a regulation imposing a statewide mandate shall consider, where appropriate, implementing the mandate on a limited basis with a representative number of localities. Such a pilot program may be used to determine the effectiveness or impact of proposed regulations prior to statewide adoption. (Code of Virginia § 2.2-4010)

#### ***§ 2.2-4010. Pilot programs for regulations imposing local government mandates.***

*Where an agency proposes to consider the exercise of authority to promulgate a regulation that will impose a statewide mandate on the Commonwealth's localities, the agency shall consider, where appropriate, implementing the regulation on a limited basis with a representative number of localities. An agency may use such a pilot program to determine the effectiveness or impact of proposed regulations prior to statewide adoption.*

### **ASSESSMENT SCHEDULE AND CATALOG**

The Commission on Local Government is required to coordinate the assessment of mandates which agencies must conduct. The Commission must establish a schedule for the assessment of mandates and advise the Governor and the General Assembly as to which mandates, according to the assessments, can be altered or eliminated without interruption of local service delivery or undue threat to the health, safety, and welfare of residents. No assessment shall be required to be performed more than once every four years. The Commission is also required to prepare, and annually update, a catalog of State and federal mandates imposed on local governments, including, where available, a summary of the fiscal impact of new mandates. (Code of Virginia § 15.2-2903)

#### ***§ 15.2-2903. General powers and duties of Commission.***

*The Commission shall have the following general powers and duties:*

- 1. To make regulations, including rules of procedure for the conducting of hearings;*
- 2. To keep a record of its proceedings and to be responsible for the custody and preservation of its papers and documents;*
- 3. To serve as a mediator between localities;*

*4. To investigate, analyze, and make findings of fact, as directed by law, as to the probable effect on the people residing in any area of the Commonwealth of any proposed action in that area:*

*a. To annex territory,*

*b. To have an area declared immune from annexation,*

*c. To establish a town or independent city,*

*d. To settle or adjust boundaries between localities,*

*e. To make a transition from city status to town status,*

*f. To make a transition from a county to a city,*

*g. To consolidate two or more localities, at least one of which is a county, into a city, or*

*h. To enter into economic growth-sharing agreements among localities;*

*5. To conduct investigations, analyses and determinations, in the sole discretion of the Commission, for the guidance of localities in the conduct of their affairs upon the request of such localities;*

*6. To receive from all agencies, as defined in § [2.2-128](#), assessments of all mandates imposed on localities administered by such agencies. The assessments shall be conducted on a schedule to be set by the Commission, with the approval of the Governor and the Secretary of Commerce and Trade, provided that the assessments shall not be required to be performed more than once every four years. The purpose of the assessments shall be to determine which mandates, if any, may be altered or eliminated. If an assessment reveals that such mandates may be altered or eliminated without interruption of local service delivery and without undue threat to the health, safety and welfare of the residents of the Commonwealth, the Commission shall so advise the Governor and the General Assembly;*

*7. To prepare and annually update a catalog of state and federal mandates imposed on localities including, where available, a summary of the fiscal impact on localities of all new mandates. All departments, agencies of government, and localities are directed to make available such information and assistance as the Commission may request in maintaining the catalog; and*

*8. To perform such other duties as may be imposed upon it, from time to time, by law.*

## **FISCAL IMPACT STATEMENTS**

The Commission on Local Government is required to prepare a fiscal impact statement on legislation which may require local governments to render a new service or expand any

existing service, or which may require a net reduction in revenues by any county, city, or town. The Division of Legislative Services is directed to refer any legislation appearing to meet that criterion to the Commission for the preparation of the fiscal impact statement. (Code of Virginia §§ 30-19.03)

***§ 30-19.03. Estimates to be prepared for legislation affecting local government expenditures and revenues.***

*Whenever any bill requiring a net additional expenditure by any county, city, or town, or whenever any bill requiring a net reduction of revenues by any county, city, or town, is filed during any session of the General Assembly, the Commission on Local Government shall investigate and prepare an estimate setting forth, to the extent practicable, the additional expenditures or reduction of revenues, if any, to be required of the affected localities in event of enactment of such legislation.*

*A bill shall be deemed to require an expenditure if it has the effect of requiring any county, city, or town to (i) perform or administer a new or expanded program or service, (ii) maintain an existing program or service at a specified level of spending or delivery, (iii) assume or incur administrative costs in support of a state or state-related program, or (iv) furnish capital facilities for state or state-related activities.*

*For purposes of this section, "net additional expenditure" means the cost anticipated to be incurred annually, less any revenues receivable on account of the program or service from fees charged recipients of the program or service, state or federal aid paid specifically and categorically in connection with the program or service, new or increased local sources of revenue authorized and designated specifically to offset the cost of the program or service, and any offsetting savings resulting from the reduction or elimination of any program or service directly attributable to the performance of the required program or service.*

*A bill shall be deemed to require a net reduction of revenues if it has the effect of requiring any county, city, or town to (i) relinquish an existing or potential source of local revenue by classification or exclusion or (ii) diminish an existing or potential source of revenue by classification or exclusion.*

*For the purposes of this section, "net reduction of revenues" means the reduction anticipated in local revenues, including, but not limited to, general levies, special levies, revenues received pursuant to §§ [58.1-605](#) and [58.1-606](#) and administrative and user fees, to be incurred annually, less any new local revenues receivable and any offsetting savings resulting from the reduction of local revenues, caused by the classification or exclusion being proposed.*

*The provisions of this section shall not apply to a reduction in local revenues that is required or arises from a court order or judgment, nor to a revenue reduction that is adopted at the option of any county, city, or town under a law that is permissive rather than mandatory, nor to a revenue reduction that is the result of a measure providing tax relief on a statewide basis.*

Catalog of State and Federal Mandates on Local Governments—2010

*The Division of Legislative Services shall examine all bills filed during any legislative session for the purpose of identifying and forwarding to the Commission on Local Government those bills requiring the preparation of fiscal estimates pursuant to this section.*

*As soon thereafter as may be practicable, the Commission on Local Government shall forward copies of such estimates to the Clerk of the House of Delegates for transmittal to each patron of the legislation and to the chairman of each committee of the General Assembly to consider the same.*

*All departments, agencies of government, the Division of Legislative Services, and all local governmental units of the Commonwealth are directed to make available such information and assistance as the Commission on Local Government may request in preparing the estimates required by this section.*
