***Report on Transfers from Community Colleges at***  
***Virginia Public Institutions***

***2010***

Reporting Mandate: Chapter 650, 2004 (Senate Bill 6) Sect. 23-9.2:3.02

Annual Report on the total number of transfer students each institution of higher education admitted, enrolled, and graduated from institutions within the Virginia Community College System.

This report describes the total number of Virginia Community College System (VCCS) transfer students each four-year institution of higher education enrolled and graduated from 2002-03 to 2006-07. The number of VCCS transfer students admitted to each higher education institution is not included because this information is not reported to the State Council of Higher Education.

The data tables included in this report provide information about VCCS students transferring to four-year institutions with, and without, the associate degree in the fall terms of 2002, 2003, 2004, 2005, and 2006. The tables indicate numbers of transfers by institution, attaining the baccalaureate within two, three, and four years after transfer.

Note: the cohort of students transferring in the fall of 2006 will have reached the four-year limit for graduation during the 2009-10 academic year. The tables also provide numbers of students who did not complete the baccalaureate degree within four years after transfer under the label “*still enrolled/DNG (did not graduate)*.” These students are not tracked in the data subsequent to the fourth year after transferring.

With regard to the reported data, please note the following observations:

***Table 1: Enrollment and Time to Baccalaureate Degree  
VCCS Transfers with Transfer Associate Degrees  
2002-03—2006-07***

- The information in Table 1 indicates that the number of VCCS transfers with transfer associate degrees enrolling in baccalaureate degree programs increased 36% from 2002-03 to 2006-07.
- Of the total number (6,150) of VCCS transfers with the transfer associate degree, 69% (4,259) completed the baccalaureate degree within 2, 3, and 4 years.
- More transfer students completed the baccalaureate degree within 3 years than within the timeframes of 2 or 4 years.

***Table 2: Enrollment and Time to Baccalaureate Degree  
VCCS Transfers with Associate Degrees, Occ./Tech Credit  
2002-03—2006-07***

- The information in Table 2 indicates that the number of VCCS transfer students with occupational-technical associate degrees enrolling in baccalaureate degree programs decreased 9% from 2002-03 to 2006-07.
- Of the total number (1,062) of VCCS transfers with the occupational/technical associate degree, 55% (580) completed the baccalaureate degree within 2, 3, and 4 years.
- More transfer students completed the baccalaureate degree within 3 years than within the timeframes of 2 or 3 years.

It is important to note that occupational and technical associate degrees are not designed to transfer into baccalaureate programs. However, some students with this degree do in fact transfer to four-year institutions. Some four-year institutions are better prepared programmatically to accept transfer credits from occupational/technical degrees.

***Table 3: Enrollment and Time to Baccalaureate Degree  
VCCS Transfers Without an Associate Degree  
2002-03—2006-07***

- The information in Table 3 indicates that numbers of VCCS transfers without associate degrees enrolling in baccalaureate degree programs increased .4% from 2002-03 to 2006-07.
- Of the total number (17,300) of VCCS transfers without the associate degree, 57% (9,803) completed the baccalaureate degree within 2, 3, and 4 years.
- More transfer students completed the baccalaureate degree within 3 years than within the timeframes of 2 or 4 years.

The majority of VCCS students who transfer do so without an associate degree. The second largest category of transfers have transfer associate degrees, followed by occupational/technical associate degrees.
