Re: August 2010 Lottery Results

Dear Governor McDonnell:

I am pleased to provide our report of monthly activities and financial update for the month of August 2010, as required in §58.1-4006 of the *Code of Virginia*.

Sales for the month of August totaled \$115.0 million, down \$17.1 million (-13.0 %) compared to the same month last year. Last year, sales were exceptionally strong as a result of the Mega Millions jackpot growing to \$336 million in August 2009. Year to date sales total \$232.9 million, down \$13 million (-5.3%) compared to last year. Net income for the fiscal year through August totaled \$75.9 million, a decrease of \$4.0 million (-5.1%) from last year.

It is important to note that significant fluctuations in sales and prize expense rates occur during the short term. Comparing one or two months of sales and profits to the same period in the prior year does not provide an accurate reflection of expected results. As always, the Lottery will participate in the statewide revenue forecasting process this fall, to determine whether an adjustment to the current \$435.2 million revenue estimate is warranted.

Please let me know if you have any questions or if you would like more information.

Very truly yours,

Paula I. Otto

The overall prize expense rate (prizes as a percent of sales) through August was 56.7%, down 0.7% from last year's rate of 57.4%.
