FY 2010 JAIL COST REPORT

ANNUAL JAIL REVENUES AND EXPENDITURES REPORT

(INCLUDING CANTEEN & OTHER AUXILIARY FUNDS)

November 1, 2011

PREFACE

The Compensation Board is pleased to present the twelfth annual Jail Cost Report in accordance with the provisions of Chapter 890, Item 67.90, Paragraph K. of the 2011 Virginia Acts of Assembly. The report presents known expenditures and revenues related to Virginia's operating jails and jail farms. The report also includes a brief profile of each facility. As directed by the General Assembly, we have reported on inmate canteen and other auxiliary inmate accounts activity. The financial information and statements presented in the report for each jail is certified for accuracy by the respective Sheriff/Regional Jail/Jail Farm Superintendent and Chief Financial Officer/Chairman.

Total costs related to Virginia's jails increased to \$986 million in FY 2010, up from \$818 million in FY 2009. The average daily population (ADP) in Virginia Jails increased to 28,753 inmates from FY09's ADP of 28,197.

Inmate costs per day vary widely throughout the state. Some of the factors that contribute to this variation may include jail size, age, capacity utilization, location, inmate programs and management practices. This year's report shows that approximately 70.3% of the daily operating costs are attributable to personal services. For each facility, we show the number of Compensation Board funded positions (7,816 for FY 2010) and note whether the locality supplements the Compensation Board's funded salaries for jail personnel. We also note the number of locally funded positions for each jail (if any); 1,673 for FY 2010.

The Commonwealth's percentage of costs funded (as a percentage of expenditures) to Virginia's jails increased to 45.2% in FY 2010 (40.7% for 2009). Commonwealth Construction Reimbursements increased from \$17.6 million in FY 2009 to \$149.3 million in FY 2010. The localities' funding percent decreased slightly to 45.8%, from 48.5% in FY 2009.

The report shows that \$99.2 million of federal funding via the American Recovery and Reinvestment Act (ARRA) was provided to Virginia's jails. Excluding those amounts, federal funding accounted for 4.9% of all funding provided to Virginia's jails in FY 2010, compared to 6.4% in FY 2009. In addition, recoveries from Virginia's jails for housing federal inmates decreased to \$8.7 million in FY 2010 from \$9.8 million in FY 2009. Funding from "Other" sources accounted for 4.1% of all FY 2010 funding provided to Virginia's jails, compared to 5.8% in FY 2009.

Compensation Board staff would like to express their appreciation for the cooperation they received from Sheriffs, Regional Jail and Jail Farm Superintendents and Finance/Budget staffs in Virginia's cities and counties in compiling the data for this report.

Questions or comments regarding this report should be directed to Robyn M. de Socio, Executive Secretary for the Compensation Board, at (804) 225-3439 or via e-mail at robyn.desocio@scb.virginia.gov.

INTRODUCTION

The FY 2010 Jail Cost Report is a compilation of revenue and expenditure data presented to show inmate cost per day and the percent of funding that the Commonwealth, Federal and Local governments, and other sources contribute to the operation of each jail. Debt service paid by the locality is also detailed as a separate item.

The 2011 Virginia Acts of Assembly, Item 67.90, Paragraph K., requires accounting for all inmate monies and the reporting thereof. Reported inmate monies include canteen, medical co-payments, telephone commissions, investment/interest and other inmate collections/work release revenues and expenditures.

During FY 2010, sixty-three (63) local and regional jails and jail farms were able to send their FY 2010 information through the mail or electronically. During this time, Compensation Board staff conducted five (5) on-site visits of local jails for the collection/verification of their respective data. As detailed on page 6, one new jail was added in fiscal year 2010.

Once Compensation Board staff determined that all revenues and expenses had been reported according to the Jail Cost Report specifications, the respective Sheriff/ Regional Jail/Jail Farm Superintendent and Chairman/Chief Financial Officer signed a certification attesting to the accuracy of the data presented (Appendix G).

FY 2010 EXECUTIVE SUMMARY

Total Operating Costs

The FY 2010 average operating cost per inmate per day increased to \$70.56, up \$0.10 from FY 2009. Jail operating costs per inmate day ranged from a low of \$40.38 at the Henry County Jail to a high of \$178.00 at the Loudoun County Jail.

The average daily population (ADP) for all jails increased by 1.0% in FY 2010 to 28,753. During FY 2010, 10.4 million inmate responsible days were incurred by Virginia jails.

Total expenditures (including capital costs) reported to house inmates in local and regional jails and jail farms in FY 2010 were \$986.4 million. The Compensation Board provided funding of \$295.6 million, with other state agencies providing an additional \$149.8 million, primarily for capital costs. Virginia's localities contributed \$451.5 million to their jails and jail farms (including debt service obligations) and an additional \$9.5 million to house inmates at other jurisdictions. The federal government provided funding of \$48.0 million in direct grants and per diems, excluding Commonwealth provided ARRA Funds. Other funding, such as inmate telephone commissions, medical co-payments, and investment income/earned interest, contributed \$21.1 million. Work release funds generated by the inmates provided \$9.2 million. Funding received for out of state inmates was negligible. For FY 2010, the twenty-one regional jails showed a net deficiency of revenues of \$0.9 million, or \$0.09 per inmate day.

The Commonwealth's share of total expenditures increased during FY 2010 to 45.2%. The Commonwealth's share of total expenditures ranged from a low of 13.8% for the Newport News City Jail Farm to a high of 90.5% for the Western Virginia Regional Jail.

Average operating costs per inmate day for the northern region of Virginia continue to be the highest at \$90.40. The other regions of the state incurred costs substantially lower. The Central region was the next highest at \$70.74, followed by the Western region at \$68.35 and the Eastern region at \$67.70.

The locality's share of total expenditures ranged from a low of 1.4% for the Piedmont Regional Jail to a high of 81.8% for the Loudoun County Jail. The average share for localities was 45.8%.

Total Revenues

Commonwealth construction funding in FY2010 for jail expansion totaled \$149.3 million. The bulk of the activity was accounted for by the Western Virginia Regional Jail which received \$50.7 million, followed by the Riverside Regional Jail which received \$40.4 million. The Rappahannock Regional Jail received \$26.2; Prince William/Manassas Regional Jail received \$16.0 million; the Virginia Beach Regional Jail that received \$13.5. The Arlington County Jail and Chesapeake City Jail accounted for the remaining \$1.8 million and \$0.6 million respectively.

FY 2010 Executive Summary, continued

Total Revenues, continued

Fifty-six jails received Federal revenue of various types, excluding ARRA, totaling \$48.0 million (\$42.6 million in federal per diems, \$3.3 million in federal grants, and \$2.1 million in other federal funds). The Northern Neck Regional Jail and Western Tidewater Regional Jail received 63.4% and 40.1%, in respectively funding from federal sources. The average federal inmate revenue per diem received by all Virginia jails was \$68.55. The Commonwealth's overhead recovery program returned \$8.7 million to the general fund.

Virginia received a substantial allocation of Federal ARRA-SFSF program funds (\$109.5 million) and Virginia's administrative authorities approved the allocation of these funds at the 2010 fiscal year-end to supplant previous state general fund expenditures supporting Sheriffs' Offices and Regional Jails. Additionally, in FY10 the Compensation Board distributed to localities \$23.3 million in ARRA Edward Byrne Justice Assistance Grant funds (JAG) to support Sheriffs' Offices and Regional Jails. Based upon the disbursement of ARRA funds through the Compensation Board for Sheriffs' Offices and Regional Jails, the resulting allocation of a large portion of these funds was to Virginia's jails, including \$98.9 million for salaries at local and regional jails, and \$0.3 million for inmate per diem payments.

Sheriff Operated Local Jail Costs

During FY 2010 the local jails (45) incurred 5.5 million incarceration days, or 52.2% of the total for all Jails. Federal/Out of State inmate days accounted for 3.4% of the local jails' total. Operating costs per day for housing inmates in Sheriff-run local jails were \$81.74 (FY 2009, \$79.07) and total costs were \$89.79 or \$4.19 per day lower than the average of \$93.98 for all jails. On average, localities contributed 55.5% to their local jails' expenditures, compared to the statewide average locality contribution of 45.78% for all jails.

Regional Jail Costs

Regional jail's operating costs were \$58.79 or \$11.77 lower per day than the state's average of \$70.56. These jails tend to be the newest in the state and are designed with additional capacity for future population growth. When debt service and long-term capital costs are included, the regional jails' total costs were \$10.02 per inmate day higher than the state average (Regional's \$104.00 per inmate day compared to \$93.98, respectively).

Regional jails were responsible for 5.1 million incarceration days, or 48.6% of the state's total inmate responsible days. With an ADP of 1,191 federal inmates, regional jails held 69.9% of the federal and out of state inmate population.

Jail Farm Costs

The state continues to partially fund the operation of two jail farms. Jail farms accounted for the remaining 1% of in mate responsible days. The jail farm average operating cost per inmate day was \$74.22, or \$3.66 a day higher than the state average of \$70.56. The jail farms incurred minimal capital expenditures/debt service costs during the year (\$0.22 per inmate day). As a result, total expenditures per inmate day were \$74.44. The jail farms did not hold any federal inmates nor receive any federal funding.

FY 2010 Executive Summary, continued

Additional Housing Costs Incurred at Other Localities

The City of Harrisonburg paid the highest amount (\$1.4 million) for housing inmates at other locations, followed by the County of Powhatan at \$0.4 million. For localities that operated a jail and/or were a member in a regional jail, Loudoun County paid the highest amount for housing inmates in other facilities (due to capacity limitations) at \$2.5 million, followed by Brunswick County at \$0.9 million.

Canteen Fund & Other Inmate related Accounts

Beginning with the collection of data for fiscal year 2002, a statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, and any other fees collected from inmates and investment/interest monies was required for inclusion in the Jail Cost Report.

Jails continue to employ three different operations and accounting approaches. Maintaining a canteen operation and fund continued to be the most used method. The funds are accounted for on a (1) Gross Basis - costs and revenues received for the items purchased were recorded; The remaining Jails used: (2) Net Basis - a net commission was received for the sale of the item purchased; and (3) Canteen items directly purchased from a local vendor with no funds accounted for at Jail Level – the items purchased were charged directly to the inmates at cost. The individual jail's operating policy had a direct impact on the related size and amount of inmate canteen activity. If a jail sells tobacco products through the canteen and how often inmates are allowed to make purchases greatly affects the funds reported.

Similarly, the other inmate related accounts included Telephone Commissions, Inmate Medical Co-payments, and Work Release and Investment/Interest revenue were recorded using different accounting approaches. Most of the jails deposited the revenues into either an inmate canteen fund or with the locality/fiscal agent's general fund. When these funds were maintained as separate accounts, their activities were reported by location in the Inmate Canteen and Other Auxiliary Funds Report found in Appendix D.

SPECIFICATIONS FOR AUDITS OF COUNTIES, CITIES, AND TOWNS CHAPTER 2 AUDIT PROCEDURES

2-1 General

This chapter contains required audit procedures for local government audits made pursuant to §15.2-2511 of the <u>Code of Virginia</u>. Chapter 3 contains additional procedures that localities agree to have performed, when they accept state grants, contracts or other state funding. The de gree of testing on these state compliance issues may depend on the terms of the state law, agreement or other requirements of the program.

Auditors should be thoroughly fam iliar with this chapter before planning and performing the audit and should incorporate these considerations into the auditor's plan and programs. The procedures contained in this chapter do not constitute an audit in accordance with *Government Auditing Standards*. The auditor should perform such additional procedures, as he deems necessary to satisfy those standards.

Where appropriate, the auditor must meet the requirement of the Single Audit Act Amendments of 1996 and United States Office of Managem ent and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Non-Profit Organization*.

No manual defining audit specifications can meet all the present and future needs of local governments or their auditors. Changes will be needed as new accounting and auditing pronouncements and/or as problems emerge. The Auditor of Publi c Accounts will period ically update these specifications as chang es occur. However, responsibility for complying with professional standards remains with the auditor and the auditor should follow all new pronouncements.

The auditor should familiarize himself with Virginia local governments including internal control and compliance issues. Available informational resources are provided in Chapter 1.

Requirement: The auditor must document in the working papers the justification for changing specifically required audit procedures.

2-7 <u>Inmate Canteen and Other Auxiliary Funds</u>

(Contact: Compensation Board; Robyn DeSocio, Executive Secretary; Phone – 804.225.3439 [robyn.desocio@scb.virginia.gov]).

Background Information:

Most local correctional facilities, including jails, offer canteen services to their inmates. Facilities use various methods to sell these items to inmates, depending on the size of the facility and the number of times each week canteen services are offered. Any profits from the canteen operations must benefit the inmates in the custody of the Sheriff or Regional Jail Superintendent.

Some Sheriffs also receive funds from other sources directly related to jail operations. These include telephone comm issions, inmate medical co-payments, work release and other fees collected from inmates.

The inmate canteen accounts and tele phone commissions are public funds. The Code of Virginia requires that these funds be used w ithin the jail facility for purposes to benefit the inm ates. The funds should not be used for the sheriff's personal gain or convenience.

Some jails have established work release and medical treatment programs where inmates contribute to the costs. Inmate co-payments for medical services are a set fee that covers only a portion of the costs of the serve ices. The medical co-payments should directly off set the costs for medical programs.

Annually the Compensation Board prepares a Jail Cost Report on jail revenue and expenditure data from all local and regional jails and jail farms that receive funds from the Compensation Board. Beginning with the collection of data for fiscal year 2002, the jails must include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical copayment funds, any other flees collected from inmates, and investment/interest monies for inclusion in the report.

Allowability Requirement – Inmate Canteen Accounts

In accordance with Section 53.1-127.1, the inmate canteen account profits are required to be used for purposes to benefit the inmates under the jurisdiction of the Sheriff or Regional Jail Superintendent. Allowable expenses include:

• Commissary-services, supplies, furnishings, equipment, training. Also, personnel services for time spent directly guarding or working in the commissary. [Note: These are all direct costs of the canteen.]

The profits from the inmate canteen should not be used to fund the norm al operations of the jail. They may be used for:

- Education-services, supplies, equipment, furnishings, training.
- Recreation-services, supplies, equipment, furnishings.
- Library-services, supplies, furnishings, equipment, books, magazines, periodicals, newspapers.
- Indigent Inmate Care-stamps, clothing, personal hygiene items, vision, dental, medical, commissary items.
- Inmate care/programs-safety equipment, workforce clothing, workforce tools, laundry equipment, supplies, hygiene items, medical equipment.
- Special Food Service-special meals or food items associated with holidays and/or specific events/occasions.
- Special Counseling/Pastoral Care-services, supplies, equipm ent, furnishings, training.

The above allowable expenses are not c onsidered all inclusive and funds should not be used for goods or services that can be provided to the jail at no cost. Additional expenses m ay be approved at the sole discretion of the Sheriff/Regional Jail Superintendent, provided that the expense is for the care and welfare of inmates. No expense shall be for the personal gain, benefit, consumption or use of any individual other than jail inmates.

2-7 Inmate Canteen and Other Auxiliary Funds – continues

Allowability Requirement – Telephone Commissions

Commissions on inm ate telephone calls preferably go directly to the local treasurer and are used to defray the cost of the jail operation s. In some localities, the commissions are received directly by the Sheriff and are included in the canteen proceeds accounts. The allowable costs for telephone commissions that are received in the inmate canteen account are described above.

Allowability Requirement – Inmate Medical Co-payment Funds

The inmate medical co-payment funds should directly off set the costs for medical programs.

<u>Allowability Requirement – Other Inmate Fees (Work Release, RAID and HEM monies) and Investment/Interest Monies</u>

All fees collected from inmates and all interest earned on inmate accounts must be used for the benefit of the inm ates or deposited with the Treasurer and used to defray the cost of jail operations.

Requirement - Inmate Canteen and other Auxiliary Funds

The auditor must obtain the Jail Canteen Fund Activity Report for the fiscal year under audit and perform the following:

- Agree the revenue and expense amounts from the Jail Canteen Fund Activity to the accounting ledger.
- Select as ample of disbursement transactions from the inmate canteen accounts. For each transaction selected, determine whether the disbursement benefited the inmates based on the allowable costs described above.
- Select a sample of in mate medical co-payment fees. Trace each fee to the general ledger to determine whether it defrayed the inmate medical program costs.
- Select a sample of other fees collected from inmates, and investment/interest monies. For each transaction selected, determine whether the disbursement benefited the inmates.
