Re: September 2012 Lottery Results

Dear Governor McDonnell:

I am pleased to provide our report of monthly activities and financial update for the month of September 2012, as required in §58.1-4006 of the *Code of Virginia*.

September sales totaled \$124.5 million, up \$2.6 million (+2.1%) compared to the same month last year. Lottery sales for the fiscal year through September totaled \$384.6 million, up \$22.5 million (6.2%) compared to last year. Net income for the first three months totaled \$121.9 million, an increase of \$9.3 million (+8.3%) compared to last year. Scratcher and Powerball sales were strong through the first three months of the fiscal year.

As always, the Lottery will participate in the statewide revenue forecasting process this fall, to determine whether an adjustment to the current \$457.3 million revenue estimate is warranted.

Please let me know if you have any questions or if you would like more information.

Very truly yours,

Paula I. Otto

Sales

Lottery sales for the fiscal year totaled \$384.6 million through September. This represents an increase of \$22.5 million (+6.2%) compared to the prior year.

Scratcher sales of \$201.2 million were \$11.0 million (+5.8%) higher than last year, accounting for half of the overall sales increase. Sales of daily games (Pick 3, Pick 4, and Cash 5) increased slightly, up \$3.7 million (+3.2%) from last year. Sales in the jackpot games category (Mega Millions, Powerball, Win for Life, and Decades of Dollars) increased \$7.3 million (+13.7%) compared to last year. Sales of Fast Play games, a category that represents less than 1% of total sales, were \$415,300 (+15.2%) higher than last year.

Expenses

The overall prize expense rate (prizes as a percent of sales) through September was 57.8%, lower than last year's rate of 59.3%. The scratcher prize rate of 67.3% was lower than last year's rate of 68.0%. The daily games prize rate of 45.9% was lower than last year's rate of 49.9%. The jackpot games prize expense rate was 49.8%, higher than last year's rate of 48.8%. It is important to note that significant fluctuations in prize expense rates occur during the short term, especially for daily games that have fixed prizes; however, overall long-term prize rates reflect outcomes more in line with statistical expectations.

With higher sales, retailers earned \$660,000 more than last year, for a total \$21.2 million in earnings. Overall, retailers earned 5.5% of Lottery sales in commissions and incentives so far this fiscal year.

Administrative operating costs, including online gaming, ticket printing and distribution expenses, were \$4.8 million more than the same period last year. Administrative spending stands at 5.1% of sales for the year so far.

Net Income

Through September 2012, year to date profits totaled \$121.9 million, an increase of \$9.3 million (+8.3%) compared to last year.

CONTRIBUTIONS TO DEBT SETOFF & LITERARY FUND

For the 2012 fiscal year to date, the Lottery made debt setoff collection payments to the Department of Taxation totaling \$303,150. Also, unclaimed prizes totaling \$2,515,304 were transferred to the Literary Fund for the first three months of fiscal year 2012.
