

CHESAPEAKE BAY RESTORATION FUND

Grant Recommendations for 2014 Funding

Project Number and Organization	Project Summary	Contact and Address	Amount Recommended
001 Prince William Soil and Water Conservation District	PWSWCD seeks funding to run two Windy Knoll Meaningful Watershed Educational Experience projects for 3rd grade students. The funding will cover supplies for a stream buffer planting, including native plants and equipment that can be reused as the program is recreated, and supporting materials for hands-on lessons.	Laurie Raines 8850 Rixlew Lane Manassas, VA 20109 Phone #: 571-379-7514	\$ 1,500.00
004 International Baccalaureate Middle Years Program - Plaza Middle School	IBMYP seeks funding for 42 students, parents, and teachers to spend three days and two nights at one of the CBF Education Centers for a meaningful watershed experience.	Jennifer Krzewinski 3080 S. Lynnhaven Rd. Virginia Beach, VA 23452 Phone #: 757-648-4945	\$ 4,200.00
008 Tidewater Oyster Gardeners Association	Similar to their 08-13 grant applications, TOGO proposes to continue to expand their educational and outreach activities. They seek funding for a portion of the expenses for the Master Oyster Gardener Course, 2015, the publishing of three newsletters, and support for four TOGA- hosted events to address the needs of oyster gardeners.	Brian Wood P.O. Box 2463 Gloucester, VA 23061 Phone #: 571-237-6556	\$ 3,500.00
009 James River Association	As in their 2012 grant application, JRA seeks funding for their volunteer "RiverRats" program, which was created to provide more effective and consistent monitoring of waterways throughout the James River watershed. Their goals are to hold one training session each quarter, acquire 20 new RiverRats, conduct 40 RiverRat action projects, increase RiverRat membership in the Lower James River, investigate the feasibility of establishing RiverRat chapters, and recruit and train volunteers for weekly water monitoring.	William H. Street 9 South 12th St., 4th Floor Richmond, VA 23219 Phone #: 804-788-8811 ext. 201	\$ 4,610.00
013 Virginia Save Our Streams Program Izaak Walton League of America, Inc.	As in their 97-09, 2012, and 2013 grant applications, VA SOS proposes to continue to train interested citizens to be volunteer water quality monitors using a well established biological method of monitoring, train 50-100 new volunteers in stream monitoring, and develop mechanisms for publishing data. New for 2014, they will expand the network of volunteers collecting water quality data and use the data to educate the public; distribute a "Smart Watershed Restoration Manual" and associated training to volunteer water quality monitors in Va.; and identify one or more small watersheds within Va.'s Bay basin in which to pilot the smart watershed restoration model in 2015-2016.	Leah Miller 707 Conservation Lane Gaithersburg, MD 20878 Phone #: 301-548-0150 ext. 219	\$ 7,500.00
015 Friends of the North Fork of the Shenandoah River	FNFSR seeks funding for two weeklong "Summer Camps" for students on environmental education and dramatic arts: North Fork Explorers and Shenandoah River Players.	Leslie Mitchell P.O. Box 746 Woodstock, VA 22664 Phone #: 540-459-8550	\$ 6,560.00
016 Eastern Shore Community College Foundation	Continuing with their 2012 and 2013 grant applications, Eastern Shore Community College Foundation seeks funding to conduct Bay Environmental Education programs, which includes a field trip for 55 students in BIO 101 General Biology to the Va. Aquarium and, new for the 2014 grant cycle, a three-day field trip to CBF's Port Isobel Education Center at Tangier Island for 30 students and faculty/staff.	Eve Belote 29300 Lankford Hwy. Melfa, VA 23410 Phone #: 757-789-1767	\$ 3,400.00
017 James City County Department of Parks and Recreation	As in their 02-07 and 09-13 grant applications, James City County Parks and Recreation proposes to continue to offer educational programs to more children. They seek funds for a two-day "Chesapeake Bay Explorers" camp to every child (300 maximum) that participates in the Rec Connect Summer Camp, Days of Discovery Therapeutic Summer Camp, and the Rec N' It programs at no additional cost. The camp will focus on the importance of preserving the natural resources of the Bay and its watershed.	Vicki A. Sprigg 5300 Palmer Lane, Suite 1A Williamsburg, VA 23188 Phone #: 757-259-5403	\$ 3,000.00

019 Rockfish Valley Foundation	With numerous letters of support, RVF seeks funding to purchase two ground water and surface water education models for use at their Natural History Center and Nelson County schools and develop a Spruce Creek Children's Nature Trail, which adjoins the Center. The models and trail will provide, together with exhibits, materials, and programs in the Natural History Center, the resources for water based education.	Peter A. Agelasto III P.O. Box 235 Nellysford, VA 22958 Phone #: 434-361-1296	\$ 3,094.45
020 Rivanna Conservation Society (Rivanna River Extreme Stream Makeover)	Continuing with their 2013 grant application and with letters of support, RCS proposes for their "Rivanna River Extreme Stream Makeover" project to improve water quality by installing stream buffers along portions of Moores Creek to reduce rainwater runoff through rain gardens, fencing of farm animals out of a portion of the river to reduce nutrient pollution, and public outreach and education for landowners and farmers.	Roberta Savage P.O. Box 1501 Charlottesville, VA 22902 Phone #: 434-985-1802	\$ 5,000.00
021 Rivanna Conservation Society (Water Health for the Commonwealth)	Continuing further with their 07-13 grant applications, RCS proposes for their watershed-wide monitoring "Network" project to create a river-wide "Network" of students and teachers, share proven educational technologies and techniques, support teachers in meeting their MWEE goals, assure self-sufficiency by providing educational tools, and convey the important relationship between local water concerns at the headwaters and those of the imperiled Bay.	Roberta Savage P.O. Box 1501 Charlottesville, VA 22902 Phone #: 434-985-1802	\$ 5,000.00
024 Bull Run Mountains Conservancy, Inc.	Continuing with their 11-13 grant applications on teacher workshops, BRMC seeks funding to offer a new workshop, with an overview of the watershed ecology of their region, by combining the two workshops they have conducted in the past. The previous workshops focused on the ecology of the ephemeral wetland habitats and worked with teachers to construct a vernal pool.	Michele Thieme P.O. Box 210 Broad Run, VA 20137 Phone #: 703-753-2631	\$ 1,930.00
025 Chesapeake Youth Foundation (formerly Volunteer Advocates for Chesapeake Youth)	As in their 03-13 grant applications, VACY proposes to continue to conduct five weekend camping trips and three day outings to perform environmental enhancements along the Bay. Each weekend outing will include 6-10 youth and provide 120-200 hours of community service and the day trips will include 10 youth conducting eight hours of service.	Mary R. Riley 301 Albemarle Dr. Chesapeake, VA 23322 Phone #: 757-382-8184	\$ 6,000.00
026 King and Queen Elementary School	The 6th and 7th graders at the school propose to focus on environmental education and conservation of their watershed through lessons on the Bay, field trips for hands-on activities, and the collection of water samples from nearby streams and lands where trash from several states is deposited. They seek funding for field trips and supplies.	Anne T. Kennedy 24667 The Trail Mattaponi, VA 23110 Phone #: 804-785-5830	\$ 6,000.00
027 Elizabeth River Project	Continuing with their 00-05, 2008, and 2012-2013 grant applications, Elizabeth River proposes for their Learning Barge "GreenSTEM" project to provide field trips for 6,000 students on how to help restore the Elizabeth River, resulting in river stewards empowered to protect their home river and the Bay.	Marjorie Jackson 475 Water St., Suite 103A Portsmouth, VA 23704 Phone #: 757-399-7487	\$ 5,500.00
028 Nansemond River Preservation Alliance	As in their 2012 and 2013 grant applications, NRPA seeks funding to expand their "Oyster Restoration" project, publish and distribute three "River Chat" newsletters, and offer three "River Talks" community environmental education workshops. New for 2014, they also seek funds for their programs "K-12 Oyster Growers" and "Connecting the Classroom to the Environment."	Elizabeth Taraski P.O. Box 6090 Suffolk, VA 23433 Phone#: 757-745-7447	\$ 6,000.00
030 Peninsula Metropolitan YMCA Star Achievers Academy (Cooper Elementary Magnet School)	As a continuation of the 04-05 grant applications from Cooper Elementary and the 2009 and 11-13 grant applications from the Peninsula Metropolitan YMCA, the YMCA proposes the involvement of up to 40 students, teachers, and families in science exploration, planning, and implementation of environmental education projects centered on the natural history of the Bay. They propose to do this through their "Wet and Wild Bay" project, which is an integrated classroom and experiential learning program in environmental science and ecology. The project will take place at the school site, Grandview Beach Nature Preserve, and the YMCA Camp Silver Beach. They seek funding for instructors, food, and lodging.	Tina Banks-Gray P.O. Box 7593 Hampton, VA 23666 Phone #: 757-826-6018	\$ 4,733.00

032 City of Norfolk Public Works Environmental Stormwater Management Division	With letters of support, the City of Norfolk proposes to create "Bay Star Homes" modeled after River Star Homes. The Division will target 300 homes in eight neighborhoods to engage in fertilizer reduction. Voluntary participants will collect soil samples and they will be sent to Va. Tech for analysis. Workshops hosted by Norfolk Botanical Garden will also be featured to promote pollution reduction, native landscaping, and water conservation. Outreach materials will be provided, including flags, to pledging homes to display on their lawn and to increase awareness about the program.	Fleta Jackson 2233 McKann Ave. Norfolk, VA 23509 Phone #: 757-823-4007	\$ 6,000.00
033 Aylett Country Day School	As in their 10-13 grant applications, Aylett Country Day School proposes field trips to Tangier Island, the Mariner's Museum (new for 2014), and the Bay Foundation Va. Canoe Program to give students a look at a waterman's way of life, the oyster and crab industry, and how state regulations affect the Bay. Through the use of teacher prepared materials and computer software, hands-on instruction and materials for fish dissection, and water experimentation, students will have opportunities to better understand the environmental and ecological implications from industrial runoff and mankind's neglect and misuse.	Robin D. Taylor P.O. Box 70 Millers Tavern, VA 23115 Phone #: 804-443-3214	\$ 2,000.00
034 Va. Tech - Virginia Cooperative Extension Westmoreland and Richmond County 4-H	Similar to their 08-09 and 12-13 grant applications, the Westmoreland and Richmond County 4-H proposes to continue with their environmental programming of the "4-H Water Wizard Daycamp" program, which is a Bay grass restoration service-learning project and in-school science SOL enrichment lessons. They seek funding to charter a boat for the three-day camp, including supplies, and two guided canoe trips on local creeks.	Wendy R. Herdman P.O. Box 8 18849 Kings Hwy. Montross, VA 22520 Phone #: 804-493-8924	\$ 1,740.00
035 Culpeper Soil and Water Conservation District (Rain Gardens)	With the first year funded in the 2012 grant cycle and as in their 2013 grant application, Culpeper SWCD seeks funding to design and install an additional four micro bioretention areas (rain gardens).	Greg Wichelns 351 Lakeside Dr. Culpeper, VA 22701 Phone #: 540-825-8591	\$ 3,700.00
036 Lord Fairfax Soil and Water Conservation District	LFSWCD proposes to conduct multiple educational activities focused on pasture grazing management to improve water quality and farm profitability. They seek funding to purchase and teach farmers how to use pasture sticks, purchase and demonstrate two above ground watering systems, support two "In Pasture Educational Field Days," and conduct one educational meeting and bus tour.	Rebecca Webert 722-B East Queen St. Strasburg, VA 22657 Phone #: 540-465-2424 ext. 102	\$ 5,000.00
038 James Madison University	JMU's project is designed to give pre-service teachers at JMU the knowledge to provide meaningful watershed experiences for elementary and middle school students. Partnering with CBF, the field class will provide hands-on activities at no extra cost to the students once they pay the normal tuition.	Dr. Fletcher Linder 1031 S. Main St., MSC 5705 Harrisonburg, VA 22807 Phone #: 540-568-5260	\$ 3,280.00
040 Hoffler Creek Wildlife Foundation	Continuing with their 2012 grant application, HCWF proposes for their "Creek Keepers Diet for Hoffler Creek" project to reduce enterococci and other pollutants in the creek to levels that are safe for all recreational activities; foster environmental stewardship of the creek and the Bay through public awareness, information, and action; and engage local teachers in the improvement of water quality and encourage them to take these lessons into their classrooms.	Helen W. Kuhns 4510 Twin Pines Rd. Portsmouth, VA 23703 Phone #: 757-686-8684	\$ 2,461.00
041 Chesapeake Academy	The Academy is seeking funds for Phase I of their project, which is to create an outdoor classroom space to enhance and expand their educational opportunities on campus. By adding an 8 ft. by 8 ft. section to their existing pathway, they would create a 12 ft. by 12 ft. teaching space that would allow students to have access to multiple observation and specimen collection sites on the water.	Julianne Keesee 107 Steamboat Rd. Irvington, VA 22480 Phone #: 804-438-5575	\$ 1,610.00
042 Oyster Reef Keepers of Virginia, Inc.	Continuing with their 03-06 and 09-13 grant applications and with a letter of support, ORKV seeks funding for 400,000 oysters and materials to 175 classes for their "Schools Restoring Oysters to the Chesapeake" program. Also, as in their 2012 grant application, they seek further funding to provide their popular "Classroom Mini Reef" program to 15 teachers, which will give them the ability to bring the living environment into their classrooms.	Laurie Carroll Sorabella P.O. Box 55201 Virginia Beach, VA 23471 Phone #: 757-460-1200	\$ 8,000.00

044 Loudoun Soil and Water Conservation District	Continuing further with their grant applications of 98-99, 02-04, and 10-13, Loudoun SWCD seeks funding for their two "Riparian Buffer Planting Workshops." The workshops will involve students, government agency staff, and local citizen groups in establishing five more acres of forested riparian buffers. Participants will have the opportunity to learn about the values of riparian buffers while being involved in planting native trees, shrubs, grasses, and legumes.	Patricia McIlvaine 30-H Catoclin Circle, SE Suite H Leesburg, VA 20175 Phone #: 571-918-4530 ext. 104	\$ 2,600.00
046 Boxerwood Education Association, Inc.	Similar to their 2002, 2004, and 07-13 grant applications, Boxerwood proposes for their newly reconceived Watershed Investigators "The Rockbridge Rivers Project" (RRP) to involve 1,000 Rockbridge area students (grades 4-6) in a shared citizen-science project focusing on water quality monitoring of their local streams and rivers. The new version involves more classroom integration, scaled-up student decision-making, and cross-school student-to-student project sharing via a widely disseminated RRP student newsletter. They also propose to send 80 (7th grade) students and teachers to the Bay in a 3-day, 2-night environmental education immersion experience, expanding their capstone "Bay Ambassadors Program."	Elise Sheffield 963 Ross Rd. Lexington, VA 24450 Phone #: 540-463-2697	\$ 5,000.00
048 Va. Tech - Eastern Shore Agricultural Research and Extension Center	The Center proposes to evaluate the Bay and irrigation water quality on the Eastern Shore of Va. and analyze the correlation between Salmonella and other environmental factors. They seek funding for travel, supplies and materials, and hourly wage labor.	Dr. Steven Rideout Dr. Ganyu Gu 33446 Research Dr. Painter, VA 23420 Phone #: 757-414-0724 ext. 45	\$ 6,120.00
051 Mattaponi & Pamunkey Rivers Association, Inc.	Funded in 2006, which included Hamilton-Holmes Middle School, MPRA seeks funding for their three-day river camp held at Sandy Point State Forest for children ages 8-14. The first day will be "Fish Camp," the second day "Critter Camp," and the third day will be "River Ecology Camp."	Dawn C. Shank P.O. Box 157 Walkerton, VA 23177 Phone #: 804-769-2968	\$ 300.00
052 Chesterfield County, Virginia Department of Environmental Engineering	With a letter of support, the County proposes to provide car wash BMP publications and portable washwater collection kits to youth and community groups that engage in charity car washes. This program will eliminate pollution at community car washes and provide take-home information for their participants. They seek funding for five portable car wash containment kits and 5,000 copies of the car wash BMP guide.	Lorne Field P.O. Box 40 Chesterfield, VA 23832 Phone #: 804-748-1920	\$ 2,600.00
053 Nauticus Foundation (formerly The National Maritime Center Foundation)	Continuing with their 2013 grant application, Nauticus proposes for their "Norfolk Youth and Community Environmental Education and Marine Debris Removal Program" to promote environmental conservation and preservation; reduce marine debris and improve water quality; provide stimulating, unique hands-on learning opportunities; and educate and involve their community.	Kate Elizabeth Glass One Waterside Dr. Norfolk, VA 23510 Phone #: 757-664-1038	\$ 8,000.00
054 Friends of the Occoquan	Similar to their 02-13 grant applications, FOTO proposes to continue to preserve and maintain the Occoquan watershed by recruiting volunteers for a Fall 2013 and Spring 2014 cleanup and install international bilingual signs at two parks/marinas. FOTO further proposes to prepare Wetland models into Spanish and distribute to schools and other organizations and, new for 2014, distribute "Marketing Strategy Palm Cards" during their activities and meetings.	German Vanegas P.O. Box 1452 Woodbridge, VA 22195 Phone #: 703-624-7124	\$ 3,000.00
056 St. Mary Star of the Sea School	In order to take full advantage of their new pier and outdoor classroom to be completed in late 2013, the Sea School seeks funding for their three educational programs, which will enhance the learning for the students and other students who visit the shoreline for field experiences and interactions with the Bay watershed. They are requesting a Flow Through Tank, four Oyster Substrate Habitat Cubes, and a Tide Gauge.	Kathryn C. Kelchner 14 N. Willard Ave. Hampton, VA 23663 Phone #: 757-723-6358	\$ 500.00
057 Piedmont Environmental Council (Mill Run Elementary School)	PEC, partnering with Mill Run Elementary School, proposes to create a naturally landscaped area that will form the centerpiece for educating students, parents, and the larger community about water quality, habitat restoration, and sustainable landscaping practices. The "Outdoor Classroom Gardens" will be near a tributary creek in the Broad Run watershed.	Douglas Larson P.O. Box 460 Warrenton, VA 20188 Phone #: 540-316-9973	\$ 2,500.00

063 Chesapeake Bay Governor's School for Marine & Environmental Science	CBGS proposes to expand the environmental education experiences for their students by incorporating regular monitoring for harmful algal blooms into their current water quality sampling activities. Their objective is to acquire the necessary tools for implementing regular phytoplankton monitoring with the National Centers for Coastal Ocean Science. They seek funding for equipment and supplies.	Dr. Dianne B. Pollard P.O. Box 1410 Tappahannock, VA 22560 Phone #: 804-443-0267	\$ 5,000.00
064 The Watermen's Museum	With letters of support, the Museum proposes to involve students in Bay restoration efforts by having them conduct applied research targeted at helping local oyster growers better produce oysters, encourage participant schools to adopt previously developed oyster activities, and address the goal to enhance and restore tidal fisheries by determining techniques to more efficiently grow oysters through aquaculture.	David H. Niebuhr, Ph.D. P.O. Box 519 Yorktown, VA 23690 Phone #: 757-887-2641	\$ 8,000.00
065 Middle Peninsula Chesapeake Bay Public Access Authority	MPCBPAA is requesting funds to purchase 100, 6"x6" aluminum signs for marking property boundaries on their land with the goal of opening another 200 acres of land for public access.	Harrison P. Bresee III P.O. Box 286 Saluda, VA 23149 Phone #: 804-758-2311	\$ 500.00
066 Urbanna Oyster Festival Foundation Marine Science Legacy Program	As in their 11-13 grant applications and with letters of support, the Foundation seeks funding for their "Marine Science Legacy Program," which involves Middlesex Co. students and teachers in active environmental learning by providing on the water field trips for 9.5 days through the CBF. They also seek funds for their "Education Day," which provides programs for their students and teachers from nonprofit organizations. Lastly, the funding would also provide educational lecture/debate series for local high school students.	Bethany Smith Kim Olsen P.O. Box C Urbanna, VA 23175 Phone #: 804-758-0368	\$ 3,000.00
067 Booker T. Washington Middle School	Similar to their 2013 grant application, Booker T. Washington Middle School seeks funding to provide 7th graders (150 students) field trips to York River State Park, with the staff of Chesapeake Experience, to hike to Fossil Beach, seine along the river, and conclude with a kayak paddle on Taskinas Creek to collect water samples, test the differences in salinity levels, and note the different grasses that grow along the creek. They also seek funds to offer two staff development days to Jamestown and New Kent Forestry Center, both with Chesapeake Experience, to further explore the upper waters of the James River.	Deborah L. Fields 3700 Chestnut Ave. Newport News, VA 23607 Phone #: 757-928-6860 ext. 1104	\$ 2,800.00
069 Madison County 4-H Adventure Club (c/o Madison County, Virginia)	Madison Co. proposes for their "Waverly Yowell Elementary School Habitat Restoration and Education" project to develop an outdoor classroom accessible to students and families; provide outdoor-based learning experiences for 360 elementary students; provide leadership and practical application experiences to 10 high school 4-H Club members; develop site-based curriculum and train 15 teachers on its use; stabilize a highly eroded area adjacent to a Robinson River tributary and reduce sedimentation of adjacent stream; restore one acre of riparian forest; improve habitat for terrestrial salamanders, small mammals, specific bird species, and pollinators; and add to the statewide data bank for water quality, terrestrial salamanders and song birds, and the North American count for butterflies.	Kristine D. Jarvis P.O. Box 705 Madison, VA 22727 Phone #: 540-347-3120 ext. 3	\$12,750.00
070 Fredericksburg Academy	During the Academy's 2012-2013 school year, Ms. Laskey's 7th grade class and Brent's Native Plantings designed and installed a native plant landscape, which absorbs stormwater that is being deposited from a roof and turf area. The Academy seeks funding for plants to continue native planting on another area of their campus.	Katie Laskey 10800 Academy Dr. Fredericksburg, VA 22408 Phone #: 440-781-1668	\$ 500.00
071 Virginia Association of Soil and Water Conservation Districts Educational Foundation	As in their 02-04 and 06-13 grant applications, the VASWCD Educational Foundation proposes to continue to provide educational opportunities to high school students through Envirothon, which is a natural resources competition. Also, as in 2013, VASWCD will focus on the growth of the program through increased marketing efforts. They seek funding for Envirothon Marketing Outreach and Resource Trunk Materials/local SWCD Envirothon Kit updates.	Elizabeth Sokolik 7308 Hanover Green Dr. Suite 100 Mechanicsville, VA 23111 Phone #: 804-559-0324	\$10,000.00

078 Clean Virginia Waterways Longwood University	As in their 03 and 10-13 grant applications and with 2014 being the 20th year for this project, CVW seeks funds for the 2014 "Virginia Waterways Cleanup," which is a project to increase public awareness and knowledge of Va.'s watersheds by involving 7,500 volunteers in removing solid waste debris and litter from beaches and the tributaries to the Bay. New for 2014, they also seek funding for their year-round litter prevention educational programs which speak to groups, schools, nonprofits, and corporations.	Kathleen M. Register Dept. of Natural Sciences Stevens 113 201 High St. Farmville, VA 23909 Phone #: 434-395-2602	\$ 7,000.00
086 Northern Neck Soil and Water Conservation District	With a letter of support, Northern SWCD seeks funding to purchase equipment that would enable them to better serve their community with their "four" newly expanded outdoor, hands-on educational programs for students and teachers. The four workshops will be held in different areas of the Rappahannock-York/Bay watersheds.	Faye Andrashko P.O. Box 220 5559 Richmond Rd. Warsaw, VA 22572 Phone #: 804-333-3525 ext. 113	\$ 5,981.24
089 Friends of the Rappahannock (Student Stream Team)	Continuing with their 2011 and 2013 grant applications on the "Student Stream Team" program, FOR proposes for 60 students at Stafford High School's Learn and Serve program and 28 students at Lighthouse Academy Montessori School to be able to identify riparian buffers as a strategy to improve water quality and explain how they work to prevent sediment and nutrient contamination of the Rappahannock River and the Bay, design an action plan to restore a buffer, plant trees and other vegetation along 500 linear feet of riparian habitat to restore a stream, and conduct restoration site monitoring.	Bryan D. Hofmann 3219 Fall Hill Ave. Fredericksburg, VA 22401 Phone #: 540-373-3448	\$ 5,000.00
090 Montessori Children's House of Franktown	For their "Montessori Nature and Sensory Garden" project and in collaboration with the Eastern Shore Resource Conservation and Development Council, MCHF proposes to restore the grounds at their school by planting and establishing an Eastern Shore native plant garden. By selecting native plants, MCHF will become a leader in the community for the demonstration of native plant landscaping.	Gillian Willis P.O. Box 5 7551 Bayside Rd. Franktown, VA 23354 Phone#: 757-442-2215	\$ 5,780.00
093 City of Petersburg Department of Public Works	The City proposes to provide educational opportunities with field applications for the four elementary schools in the City of Petersburg. The students will receive a lecture on the importance of a clean water environment with respect to preserving the quality of the Bay, followed by an outdoor field trip that will involve painting stencils on drop inlets in the areas with environmental preservation logos.	Darryl E. Walker 103 W. Tabb St. Petersburg, VA 23803 Phone #: 804-733-2355	\$ 4,000.00
094 W. H. Taylor Elementary School PTA	Expanding on their 2013 grant application of an outdoor classroom for "Science and Environmental Awareness Education," the Taylor PTA seeks funding for a dedicated seating area where classes can assemble for instruction and observation, additional educational signage (supplementing the butterfly garden sign funded through the 2013 grant), a learning station, bird houses, and classroom education materials.	Robert Reali 1122 W. Princess Anne Rd. Norfolk, VA 23507 Phone #: 757-618-4067	\$ 2,500.00

TOTAL AMOUNT RECOMMENDED: \$214,749.69
