LETTER FROM THE CHAIRMAN

Fiscal Year 2013 marked another record year for the Virginia Department of Alcoholic Beverage Control (ABC)'s Retail Operations Division. Total gross sales for the fiscal year were \$769 million, \$35 million higher than last year and \$11 million higher than the projected \$758 million target. Profits were \$134 million, an increase of \$2 million from the previous fiscal year. Retail sales ended the year up 5.5 percent and mixed beverage licensee sales were up 1.5 percent. Six stores opened this year, generating a total of \$2.5 million in sales.

In addition to opening stores, ABC relocated eight stores and modernized nine. Store grand openings are now community events that include local officials and media representatives, as well as ABC executive staff. The agency is piloting a new store design that redirects customer flow to enhance the shopping experience. Specialized ceilings and floors, energy-efficient lighting and enhanced trade fixtures are featured. The new design will debut in Williamsburg in 2013 and in Leesburg in 2014.

Beginning July 1, 2012 all ABC retail locations not previously open on Sunday opened from 1 to 6 p.m. Total Sunday sales for Fiscal Year 2013 were \$43 million. In addition to Sunday sales expansion, 30 ABC stores increased hours of operation on other days to enhance the level of service in those locations.

A new quality control program monitors order-filling accuracy of warehouse personnel along with store-reporting accuracy when orders are received at the location. In addition, the agency implemented an incentive program rewarding warehouse order pickers who perform at a 99.9 percent accuracy rate.

After taking a close look at current operations and identifying best practices in other control states, ABC created a new division to direct the agency's product placement and marketing efforts. ABC hired a director of marketing to develop and manage agency-wide marketing and promotions functions, including promotions planning and analysis, store branding and product planning and performance.

The new licensing unit in ABC's Central Office continues to improve citizens' application process experience. Licensing centralization has established consistency in requirements and continues to decrease processing times.

To better equip ABC agents to enforce the commonwealth's alcohol laws, the bureau purchased a Field Support Vehicle (FSV) with \$750,000 of asset forfeiture funds. Virginia is home to hundreds of events and festivals each year, the majority of which involve adult beverages. The FSV functions as a centralized command post for ABC coordinating with local law enforcement and other public safety entities at these events and serves as an onsite police base for citizens in need of assistance.

Education initiatives this year included the Youth Alcohol and Drug Abuse Prevention Project (YADAPP), which hosted nearly 500 students and adult educators. ABC also began coordinating the Governor's Office for Substance Abuse Prevention (GOSAP) program. The Substance Abuse Awareness Vital for Virginia Youth (SAVVY) initiative hosted three successful Expos in Central, Northern and Eastern Virginia to provide prevention resources and networking to help combat youth substance abuse. The Alcohol and Aging Awareness Group (AAAG) continues to provide solutions to substance misuse problems facing older Americans.

ABC remains committed to the public safety of Virginia's citizens by providing alcohol education for people of all ages, excellent customer service at each retail location and a consistent source of revenue for some of the commonwealth's most important programs.

ABC VISION

To enhance the quality of life for Virginia's citizens by balancing service, revenue and control in the distribution, sale and consumption of alcoholic beverages.

ABC MISSION

To control the distribution of alcoholic beverages; operate efficient, conveniently located retail outlets; enforce the laws of the commonwealth pertaining to alcoholic beverages and youth access to tobacco products; and provide excellent customer service, a reliable source of revenue and effective public safety.

Warehouse Superintendent Retha McCargo packs a special order in the half-case area; she is one of five women who work in the warehouse. In preparation for the expansion of Sunday sales, Store Manager Stanley Poore checks products in Store 190. Commissioner Sandra Canada reviews Virginia wine products with Dual Operations Manager Chanel Srozinski at Store 148. A youth participant dons the YADAPP (Youth Alcohol Drug Abuse Prevention Project) T-shirt during the 28th annual conference. ABC special agents investigate an ABC violation; special agents conducted more than 9,800 criminal investigations and made 2,200 arrests during Fiscal Year 2013.

Commissioner Rhode left the ABC Board to serve as Deputy Secretary of Public Safety on Jan. 14, 2013. Subsequent to the fiscal year, on Nov. 1, 2013, Rhode was appointed Secretary of Public Safety by Gov. Bob McDonnell.

The 2013 session of the Virginia General Assembly did not display the controversy and clamor often associated with alcoholic beverage legislative efforts. Despite the lack of fierce legislative battles, there were 27 alcohol-related measures introduced, a number just below the average of recent years. Sixteen of these passed both houses of the legislature and became law July 1, 2013.

Mixed Beverages on Interstate 81

If there was a theme to the legislation this year, it might have been mixed beverage sales along the Interstate 81 corridor. When Virginia allowed the sale of liquor by the drink in 1968, it required a local referendum before cocktail service would be legalized. Several Southwest Virginia counties have never passed such a vote, although towns within the counties may have opted to authorize mixed drinks. Five bills were introduced and passed this session to exempt certain properties near I-81 from the referendum requirement. House Bill 1449 and Senate Bill 849 were duplicate pieces of legislation authorizing mixed beverage sales on property at Exit 109 and near Exit 128, in Montgomery County. House Bill 1667 approves liquor by the drink along three stretches along I-81 in Smyth County. House Bill 2288 provides for a referendum exemption for a stretch of property within 1,500 feet of the interstate along 11 miles in Wythe County. Finally, Senate Bill 1070 legalizes the issuance of mixed beverage licenses on property within the Town of Glade Spring, adjacent to the intersection of Interstate 81 and Route 91.

Craft Distilleries

Craft distillers are popping up across the country, and Virginia is no exception. Two measures adopted by the General Assembly this year are designed to assist them. House Bill 2300 adds distilleries to an exception to the “tied-house” restrictions on cross-ownership of manufacturing and retailing establishments. Ordinarily, manufacturers may not own or control retail licensed businesses. However, wineries and breweries have long had an exemption that allows them to have a retail license on or immediately adjacent to the winery or brewery premises. This has allowed the establishment of brewpubs, as well as restaurants associated with winery licensees. The new legislation will authorize the same exemption for distilleries.

ABC has entered into contracts with six Virginia distillers, allowing them to operate an ABC store on the licensed premises for the retail sale of the spirits produced at the contracting distillery. Since the sales operation at the distillery is an ABC store, the distiller may conduct limited product tastings. However, prior to July 1, the distiller had to give away the samples and could not charge for tasting events. Senate Bill 1235 allows distillers operating ABC stores at their distillery to make a charge to consumers to participate in a tasting event.

Farm Wineries

Farm wineries also received attention at this year’s session. House Bill 1849 and Senate Bill 1127 were identical measures allowing for the first time contract winemaking in Virginia. This legislation will allow a winery or farm winery to enter into an agreement with a farm winery whereby a farm winery provides grapes, fruits, or other agricultural products, and the other party crushes, processes, ferments, bottles, or any combination of such services. The resulting wine is considered the wine of the farm winery which provides the fruit.

Chief Operating Officer W. Curtis Coleburn

(continued)

Mulled wine and sangria have become popular products at some of Virginia's wine festivals, but it was discovered that the law did not allow the premixing of wine prior to a consumer's order. House Bill 2268 allows the premixing of wine to be served and sold for on-premises consumption at a farm winery and its remote retail locations.

Breweries and Beer Wholesalers

The Virginia ABC Board is given jurisdiction under the law to enforce the provisions of the Virginia Beer Franchise Act, which regulates the relationships between breweries and beer wholesalers. Prior law did not expressly provide an avenue for parties to bring complaints against threatened actions; the Board could just react after the provisions of the act were violated. House Bill 1587 provides that a wholesaler or brewery may file a petition against its trading partner, if it is alleged that a "contemplated action" by a brewery or wholesaler would constitute a violation of the act if carried out. Prior to filing a petition, the petitioner is required to attempt a good faith resolution of the issue in question.

Legislation Related to Licensing

Almost every year brings the creation of a new category of alcoholic beverage license. This year saw the birth of the annual mixed beverage performing arts facility license. This license is designed to cover some ownership issues involving facilities in the City of Richmond. It authorizes the sale of mixed beverages at performing arts facilities (1) owned by a governmental entity, (2) leased by a for-profit entity, and (3) rehabilitated in accordance with historic preservation standards.

As previously noted, unless there is an exception in the law, manufacturers cannot obtain retail licenses. In addition to the exception about retailers on or adjacent to the winery or brewery, there is another one which allows persons to own an interest in both an alcoholic beverage manufacturer and a licensed retailer if the manufacturer does not sell anything, directly or indirectly, to the retailer. Thus, a hotel chain could be owned by a brewery, so long as the hotel doesn't sell its parent company's beer. House Bill 1671 makes a small exception to this prohibition. It applies to a situation where a single out-of-state winery, not under common control or ownership with any other winery, may have one Virginia restaurant under common control. In this situation, the Virginia restaurant may sell wine produced by the out-of state winery under common control, as long as the wine is obtained from a Virginia wine wholesaler.

Two bills provide stricter rules for licensed establishments or their employees. Senate Bill 1349 makes the suspension or revocation of a license mandatory if the licensee has been found to defraud or attempt to defraud the Board or other government agency, by making or filing a false document required by law, with intent to deceive. House Bill 1720 creates a new Class 3 misdemeanor for any person who sells alcoholic beverages to anyone less than the legal age without requiring bona fide evidence of legal age.

Licensees who fail to pay a renewal fee on time will get an additional grace period under Senate Bill 1193, although they will have to pay for the privilege. Under prior law, a licensee could renew with penalty within 30 days after the due date, with a penalty of \$25 or 10 percent of the fee. The new law continues that grace period, but also allows payment for 45 more days, with a penalty of \$100 or 25 percent of the fee.

Substance Abuse Awareness Vital for Virginia Youth (SAVVY)

SAVVY SUBSTANCE-ABUSE
AWARENESS VITAL
FOR VIRGINIA YOUTH

ABC helped launch Governor McDonnell's new prevention initiative designed to enhance awareness about the dangers of substance abuse among youth. Substance Abuse Awareness Vital for Virginia Youth (SAVVY) featured a Facebook page, regional networking expos and a statewide recognition program for school divisions and community partners.

Each SAVVY Expo included 20 to 30 exhibitors representing local, state and federal agencies, law enforcement, community coalitions, PTAs and other youth-serving organizations. Parents, students, school counselors, nurses and administrators were among the participants. Secretary of Public Safety Marla Decker hosted and shared insights about substance abuse trends and prevention practices.

The SAVVY Schools and Communities Recognition Program culminated on June 3, 2013 when Governor McDonnell honored 14 Virginia school divisions and their community partners (photo featured on page 42). The Recognition Program acknowledged prevention activities informed by science, driven by local partnerships, and tuned to the specific needs of the community. Model Program honorees were Portsmouth and Roanoke County Public Schools.

Photos, above: At each SAVVY Expo, Secretary of Public Safety Marla Graff Decker hosted and shared insights about substance abuse trends and prevention practices. She thanked attendees for their community engagement and encouraged parents to talk to their children about drugs and avoidance strategies. **Below (clockwise from upper left):** Wayne Frith, executive director for Chesterfield Substance Abuse Free Environment, Inc., spoke about building prevention partnerships through community coalitions; ABC Education Coordinator Robert Jackson and Hampton Special Agent in Charge Bob Brooks; Va. State Police Senior Trooper Gene Ayers shared the Drug Abuse Resistance Education curriculum with parents; and Virginia Beach Police Officer David Nieves with members of the Heritage H.S. SADD Club.

A Message from the Chairman and Chief Operating & Financial Officers

We are pleased to present the Fiscal Year 2013 Annual Report for the Virginia Department of Alcoholic Beverage Control (ABC). These facts and figures represent a fifteenth consecutive record-breaking year for retail sales by our agency. In Fiscal Year 2013, we opened six new stores, relocated eight, modernized seven and expanded and modernized two. ABC operations returned record profits of \$134 million to the Commonwealth of Virginia. The agency has contributed more than \$1.7 billion dollars to the commonwealth in the last five years.

We stand behind these figures with pride in the accomplishments made possible by the hard working and dedicated employees of ABC. To the best of our knowledge, these figures accurately represent the operations of our agency during the fiscal year. The financial statements of the agency are audited annually by the Auditor of Public Accounts as required by the Code of Virginia.

Chairman J. Neal Insley (center) with Chief Financial Officer J. Craig Vanderland (left) and Chief Operating Officer W. Curtis Coleburn

(1) Includes state taxes, but does not include 5 percent sales tax.

(2) State taxes on distilled spirits (20 percent) and wine (4 percent) sold in ABC stores.

(3) Store expenses include miscellaneous revenue and net cash overages.

(4) "Rate of return" = (adjusted net profit + state taxes) ÷ gross sales

(1) Includes state taxes, but does not include 5 percent sales tax.

(2) State taxes on distilled spirits (20 percent) and wine (4 percent) sold in ABC stores.

(3) Store expenses include miscellaneous revenue and net cash overages.

(4) "Rate of return" = (adjusted net profit + state taxes) ÷ gross sales

ABC Marketing Division

ABC established a marketing division to develop and manage agency marketing and promotions functions in areas that include promotions planning and analysis, store branding, and product planning and performance. The division will provide vital support for the agency's revenue growth objectives as well as its service improvement strategies.

Director of Marketing John Shiffer chairs the Product Management Committee, which continues to enhance the agency's abilities to identify and react to rapid changes in the marketplace. The committee is performing process evaluations of listings, delistings, slow movers, item expansion and discounts.

The decision to create a marketing division to lead the agency's product placement and marketing efforts brings Virginia ABC in line with best practices in other control states. ABC's marketing efforts include building relationships with industry partners and better serving retail customers with innovative products and services.

FINANCIAL STATEMENTS

Fiscal Year 2013 marked another record year for the Virginia Department of Alcoholic Beverage Control (ABC)'s Retail Operations Division. Total gross sales for the fiscal year were \$769 million, \$35 million higher than last year and \$11 million higher than the projected \$758 million target. Retail sales ended the year up 5.5 percent and mixed beverage licensee sales were up 1.5 percent.

Management's Discussion and Analysis

(UNAUDITED)

This discussion and analysis of the Virginia Department of Alcoholic Beverage Control's (ABC) financial performance provides a brief overview of financial activities for the fiscal year ended June 30, 2013.

FINANCIAL HIGHLIGHTS

- The Department's operating revenues increased 4.7% in Fiscal Year 2013.
- ABC operations returned record profits to the Commonwealth in Fiscal Year 2013 of \$133.7 million and excise taxes of \$126.9 million. The increase in profits for Fiscal Year 2013 is primarily due to the opening of additional stores on Sunday and an increase in sales throughout all stores.
- Six new stores opened in Fiscal Year 2013 generating \$2.5M in additional sales. Eight stores were relocated to improved market areas and nine were remodeled.
- During the 2012 legislation session, the General Assembly passed a new law (HB 896) which allowed the Board to open any Virginia ABC retail location on Sunday. As a result, an additional 207 localities were added to Sunday sales. Fiscal Year 2013 ended with a total of 340 stores operating on Sundays. The total Sunday sales for Fiscal Year 2013 reached \$43.0 million, an increase of \$21.0 million from Fiscal Year 2012 to Fiscal Year 2013.
- The Department's operating expenses increased 7.2% in Fiscal Year 2013. The cost of goods sold for alcohol increased \$17.0 million from Fiscal Year 2012, due to the increased sales volume. Personal Service costs increased by 9.5% from Fiscal Year 2012. The increase in Personal Services costs is attributed to a one-time 3.0% bonus approved by the Governor for all classified employees within state agencies, new stores and expanded Sunday operations. The agency also continues to increase its focus on enforcement. In addition, contractual service costs increased by \$0.8 million primarily due to the use of skilled services for IT improvement projects and additional VITA costs.

OVERVIEW OF FINANCIAL STATEMENTS

The audited annual report consists of a series of proprietary fund financial statements. The Statement of Net Position provides information about the Department's assets and liabilities and reflects the financial position as of June 30, 2013. The Statement of Revenues, Expenses, and Changes in Net Position reports the operating revenue activity and the expenses related to such activity for the twelve-month period ended June 30, 2013. The Statement of Cash Flows outlines the cash inflows and outflows relating to the operations for the same twelve-month period. The financial statements also include "notes" that provide additional information that is essential to a full understanding of the data provided in the statements. These statements provide current and noncurrent information about the Department's financial position.

FINANCIAL ANALYSIS

- ABC ended Fiscal Year 2013 with a total of \$64.1 million in current assets including \$53.4 million in inventory of alcohol merchandise for resale, a \$6.3 million increase. The increase in inventory is a result of the Advance Buy of inventory. ABC does not purchase the alcohol in our warehouse until it is being shipped to one of our stores. At periodic times throughout the year, vendors offer ABC an opportunity to purchase the inventory that ABC has in our warehouse, prior to the vendor implementing a price increase. At the end of June (Fiscal Year 2013), ABC purchased an additional \$7.3 million of alcohol that was in our warehouse. This results in significant savings to the agency, increased profits for the Commonwealth, and a higher inventory value at year-end.
- The change in Net Capital Assets from Fiscal Year 2012 to Fiscal Year 2013 is due to the following: Depreciation expenses being partially offset by costs associated with the implementation of an Online Product Registration System. This new system will be available in Fiscal Year 2014 and it will allow beer, wine importers and suppliers to efficiently submit labels for approval, as well as submit Importer and Franchise information on-line.
- In total, assets increased from \$68.0 million in Fiscal Year 2012 to \$73.4 million in Fiscal Year 2013, largely due to the Advance Buy.

- Total liabilities owed by the Department increased \$6.3 million from last fiscal year, with current liabilities representing \$5.7 million of the total amount. The current liability amount is largely represented in accounts payable due to the Advance Buy, as well as payments due to the Commonwealth for line of credit repayment, taxes payable (see Note 4) and the undistributed balance of profits. Noncurrent liabilities netted a slight increase.
- The Department lacks working capital (current assets in excess of current liabilities) to fund all business needs at year-end including accelerated payments of taxes and profits before June 30. Given this periodic lack of necessary working capital, the Department depends on a \$60.0 million line of credit with the State Comptroller to meet day-to-day operations. At June 30, 2013, the amount borrowed was \$28,264,939. (see Note 4)

REVENUE: The vast majority of the Department's revenues come from the sale of alcoholic beverages. These revenues are achieved through the 340+ state-run stores located throughout the state. Gross sales including state tax on sales in Fiscal Year 2013 reached an all time high of \$768.8 million, up \$35.0 million over Fiscal Year 2012. The gross revenue after state tax on sales of alcohol increased from \$612.9 million to \$642.0 million or 4.8%. License and permit fees had a slight increase in Fiscal Year 2013 totaling \$12.1 million compared to \$12.0 million in Fiscal Year 2012. Miscellaneous revenue and penalties increased over last year and there was a decrease in federal grants and contracts. Other sources of revenue include lottery, wine wholesalers tax and mixed beverage taxes on common carriers.

Operating Revenues	Fiscal Year 2013	Fiscal Year 2012	Changed
Sales of alcohol	\$641,997,839	\$612,861,516	\$29,136,323

EXPENSES: In Fiscal Year 2013 operating expenses (not including cost of sales, alcohol and lottery) increased from \$141.2 million to \$151.3 million, an increase of 7.2%. Approximately 70.9% of the Department's total expenses are for the cost of sales of distilled spirits and mixers sold through ABC stores and less than 1.0% for lottery cost of sales. Following cost of merchandise is personal services, which accounts for 17.3% of total expenses. The remaining 11.4% is made up of contractual services (e.g. store rents), continuous charges (utilities) and other miscellaneous charges. Personal service costs increased primarily due to two factors. ABC had increases in salary expense directly correlated to the Governor approved one-time 3.0% bonus for all state agencies, new stores, expanded Sunday operations and an increased focus on licensing and enforcement. The increased cost of contractual services is due to the use of skilled services for IT staff improvement projects and additional VITA costs. Depreciation expense increased due to the capitalization of the Cisco Wireless Security System for the warehouse and stores and new vehicles for ABC Enforcement Officers.

PROFITS: Prior to the statutory distribution of quarterly net profits to the General Fund, transfers required in the Appropriation Act for each fiscal year must be executed. In Fiscal Year 2013, approximately \$67.1 million of the agency's \$133.7 million in net profits were transferred to other state agencies. The majority, \$65.4 million, transfers to the Department of Behavioral Health and Developmental Services incurred for care, treatment, study and rehabilitation of alcoholics. The remaining \$66.6 million was distributed to the General Fund in accordance with the Code of Virginia.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- During Fiscal Year 2014, the Department expects to see a continuous increase in the retail sales sector, and will continue to monitor mixed beverage licensee sales. ABC is currently forecasting gross sales of \$800.0 million, a 3.9% increase over Fiscal Year 2013.
- ABC expects expenses to continue to increase in Fiscal Year 2014. Expenses such as store rents will increase because of contractual escalation clauses. The Department also foresees increases in non-merchandise expenditures, which includes product shipping to stores and on-going infrastructure improvements in order to comply with data security standards mandated for credit card payments. A 2.0% salary and wage increase will take effect in early Fiscal Year 2014. This will increase personal service costs by an estimated \$1.4M. Health insurance for salaried employees will also increase personal service cost by 16.4%. ABC also expects an increase in technology charges for maintenance of existing operation systems to the VITA/NG partnership as a result of rate changes.
- Appropriation Act profit transfer requirements for Fiscal Year 2014 are \$136.5 million. ABC expects to meet this transfer requirement. Risks included economic declines, particularly during the holiday season and unforeseen increases in expenses.

INDEPENDENT AUDITOR'S REPORT

Report on Financial Statements

We have audited the accompanying financial statements of the Department of Alcoholic Beverage Control as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Department's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Department of Alcoholic Beverage Control as of June 30, 2013, and the changes in its financial position and its cash flows for the year ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1A, the basic financial statements of the Department of Alcoholic Beverage Control are intended to present the financial position and the changes in financial position and cash flows of only that portion of the business-type activities and the aggregate remaining fund information of the Commonwealth of Virginia that is attributable to the transactions of the Department. They do not purport to, and do not, present fairly the Commonwealth of Virginia's overall financial position as of June 30, 2013, and the changes in its financial position and its cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

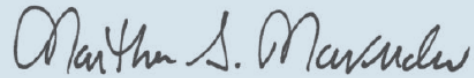

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Department of Alcoholic Beverage Control's basic financial statements. The statistical highlights and financial reports sections are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The statistical highlights and financial reports sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Report Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated October 1, 2013, on our consideration of the Department of Alcoholic Beverage Control's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Departments' internal control over financial reporting and compliance.

DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL

NOTES TO FINANCIAL STATEMENTS

AS OF JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Department of Alcoholic Beverage Control administers ABC laws with an emphasis on public service and a focus on public safety by ensuring a safe, orderly, and regulated system for convenient distribution and responsible consumption of alcoholic beverages while generating a reasonable profit for the Commonwealth.

A separate report is prepared for the Commonwealth of Virginia, which includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority or is the recipient of their services and/or benefits. The Department is an agency of the Commonwealth of Virginia and is included in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

B. Fund Accounting

The activities of the Department are accounted for in an enterprise fund. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis, including depreciation and amortization, be financed or recovered primarily through user charges.

C. Basis of Accounting

The Department's records are maintained on the accrual basis, with an economic focus, whereby revenues are recognized when earned and expenses are recognized when the liability is incurred.

Operating revenues and expenses include activities related to the sale of alcohol and licenses, as well as enforcement activities. Nonoperating revenues and expenses include activities that have the characteristics of noncapital financing activities, such as the collection of rent, as defined by GASB Statement 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement 34.

D. Inventories

Merchandise inventory, purchased for resale, is valued at average cost, which is lower than market value.

2. CASH WITH THE TREASURER OF VIRGINIA

All state funds of the Department are held by the Treasurer of Virginia, pursuant to Section 2.2-1800, et. seq., Code of Virginia, who is responsible for the collection, disbursement, custody, and investment of state funds. Each fund's equity in pooled state funds is reported as "Cash and Cash Equivalents" on the Statement of Net Position and is not categorized as to credit risk.

3. CAPITAL ASSETS

The following schedule presents the changes in capital assets by category.

	Balance at July 01, 2012	Acquired	Deleted	Balance at June 30, 2013

Total capital assets, net	\$ 10,076,413	\$ (822,273)	\$ -	\$ 9,254,140

The Department capitalizes all property, plant, and equipment that have a cost or value equal to or greater than \$5,000. The Department capitalizes all intangibles that have a cost or value equal to or greater than \$100,000. Property, plant, equipment, and intangibles are stated at cost and at the time of acquisition are set up in a comprehensive capital asset system. Depreciation of the cost of property, plant, equipment, and intangibles are provided on a straight-line basis over their estimated lives of from ten to thirty years on buildings, from three to eight years on equipment, and from three to five years on intangibles. Intangible assets are defined as assets that lack physical substance, are non-financial in nature and useful lives or benefit period exceed one or more years. Examples of intangible assets are: software, land use rights (right-of-ways) and intellectual property (patents, copyrights and trademarks).

4. DUE TO THE COMMONWEALTH

A. Note Payable

The Department has a line of credit for \$60,000,000 with the Treasurer of Virginia. Repayment is made from revenue collections pursuant to Title 4.1, Chapter 1 of the Code of Virginia. As of June 30, 2013, the Department had outstanding \$28,264,939 of its available line of credit to extinguish a cash overdraft.

A. Note Payable (Continued)

The following schedule presents the changes in short term debt activity:

<u>Balance at July 01, 2012</u>	<u>Acquired</u>	<u>Deleted</u>	<u>Balance at June 30, 2013</u>
\$28,488,757	\$28,264,939	(\$28,488,757)	\$28,264,939

B. General Fund

The Department collects certain taxes on behalf of the General Fund of the Commonwealth. The state tax on sales is collected from store sales and is paid quarterly to the General Fund of the Commonwealth. The liter tax is collected on wholesalers' direct wine shipments. The 2013 Virginia Acts of Assembly required \$9,141,363 of the gross liter tax to be transferred to the General Fund for expenses incurred for care, treatment, study, and rehabilitation of alcoholics by the Department of Behavioral Health and Development Services and other state agencies. Of the remaining liter tax, twelve percent is retained by the Department and reported as wine wholesalers' tax on the Department's financial statements. The remaining eighty-eight percent is paid to the General Fund of the Commonwealth quarterly. Collections and transfers of state tax on sales and liter tax are not reported on the Statement of Revenues, Expenses, and Changes in Net Position. Activity relating to the amounts due to the General Fund for the year ended June 30, 2013, is summarized below.

	<u>State Tax on Sales</u>	<u>Liter Tax on Wine</u>	<u>Total</u>

C. Department of Taxation - Sales Tax

The Department collects sales tax on all sales of alcohol and remits collections monthly to the Department of Taxation. Sales tax collections and transfers are not reported on the Statement of Revenues, Expenses, and Changes in Net Position. Activity relating to the amounts due to the Department of Taxation for the year ended June 30, 2013, is summarized below.

Balance due to the Department of Taxation, July 1, 2012	\$659,060
Sales Tax Collections	\$31,263,867
Transfers to the Department of Taxation	(\$31,586,749)
Balance due to the Department of Taxation, June 30, 2013	\$336,177

D. Earned Surplus

The Appropriation Act, Chapter 2 of the 2012 Acts of Assembly, requires the Department to transfer an estimate of its fourth quarter profits in the month of June. In accordance with the Alcoholic Beverage Control Act, Section §4.1-116 of the Code of Virginia, the Department transfers any additional net profit to the General Fund of the Commonwealth 50 days after the last day of the quarter. The Department underestimated profit for the fourth quarter resulting in an additional \$6,488,319 due to the General Fund at June 30, 2013.

5. LEASE COMMITMENTS

The Department is committed under various operating lease agreements for retail store buildings. Rent expense under operating lease agreements amounted to \$ 21,464,838 for the year. A summary of future obligations under lease agreements as of June 30, 2013, follows.

Year Ending June 30,	
2014	20,001,433
2015	17,166,450
2016	13,643,610
2017	8,909,802
2018	4,870,055
2019 - 2022	4,303,490
Total Obligations	<u>\$68,894,839</u>

6. COMPENSATED ABSENCES

Compensated absences reflected in the Statement of Net Position represent the amounts of vacation, sick, and compensatory leave earned by employees of the Department, but not taken at June 30, 2013. The amount reflects all earned vacation, sick, and compensatory leave payable under the Commonwealth of Virginia’s leave payout policies. Information on the Commonwealth’s leave payout policies is available at the statewide level in the Commonwealth of Virginia’s Comprehensive Annual Financial Report.

<u>Balance at July 01, 2012</u>	<u>Short Term Decrease</u>	<u>Long Term Increase</u>	<u>Balance at June 30, 2013</u>	<u>Amounts due within one year</u>
\$5,128,931	(\$151,739)	\$531,778	\$5,508,970	\$2,546,258

7. SECURITIES LENDING TRANSACTIONS

Investments held by the Treasurer of Virginia represent the Department’s allocated share of cash collateral received and reinvested and securities received for the State Treasury’s securities lending program. Information related to the credit risk of these investments and the State Treasury’s securities lending program is available on a statewide level in the Commonwealth of Virginia’s Comprehensive Annual Financial Report. The Commonwealth’s policy is to record unrealized gains and losses in the General Fund in the Commonwealth’s basic financial statements. When gains or losses are realized, the actual gains and losses are recorded by the affected agencies.

8. COLLECTIONS OF MALT BEVERAGE TAX

During the year ended June 30, 2013, the Department collected \$42,846,308 in malt beverage taxes. These funds are deposited by the Department directly with the Treasurer of Virginia for credit to the General Fund of the Commonwealth and are not available to the Department to meet current operating needs and are not included in the financial statements.

9. PENSION PLAN AND OTHER POST RETIREMENT BENEFITS

The employees of the Department are employees of the Commonwealth. The employees participate in a defined benefit plan administered by the Virginia Retirement System (VRS). The VRS also administers life insurance and health related plans for retired employees. Information related to these plans is available on a statewide level only in the Commonwealth of Virginia's Comprehensive Annual Financial Report. The Commonwealth, not the Department, has overall responsibility for contributions to these plans.

10. RISK MANAGEMENT

The Department is exposed to various risks of loss related to torts; theft or, damage to, and destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The Department of Alcoholic Beverage Control participates in insurance plans maintained by the Commonwealth of Virginia. The state employee health care and worker's compensation plans are administered by the Department of Human Resource Management and the risk management insurance plans are administered by the Department of Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The Department of Alcoholic Beverage Control pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

11. CONTINGENT LIABILITIES

Legal Proceedings

The Department is named as a party in several legal proceedings. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the Department in respect to the various proceedings; however, it is believed that any ultimate liability resulting from these suits will not have a material, adverse effect on the financial condition of the Department.

Bailment Inventory

The Department houses and controls bailment inventory in the warehouse and is therefore responsible for the exercise of reasonable care to preserve the inventory until it is purchased by the Department or returned to the supplier. The Department uses the bailment system for payment of merchandise for resale. The Department initiates payments to the vendors based on shipments from the ABC warehouse to the retail stores, rather than receipt of invoice from the vendor. At June 30, 2013, the bailment inventory was valued at \$33,157,022.

VIRGINIA DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL

IMPROVED WAREHOUSE OPERATIONS

Logistics and Internal Audit implemented a store order audit program in March 2013 to measure and account for accuracy before store orders leave the warehouse. ITSD and Logistics developed a program in the inventory system MIPS that verifies warehouse product weights into the warehouse's in-line weight scales. Management launched an incentive payout to pickers who picked at 99.9 percent accuracy. Preliminary results indicated improved accuracy across the board.

NEW MARKETING DIVISION

The agency established a marketing division to develop and manage marketing and promotions functions. The division provides vital support for the agency's revenue growth objectives as well as its service improvement strategies. Director of Marketing John Shiffer began on March 25, 2013 and leads the division.

REALIGNMENT OF ENFORCEMENT REGIONS

To address demographic and population changes, the ABC Bureau of Law Enforcement realigned a number of regional office territories to better serve stakeholders and opened a new Richmond regional office that is located in Chesterfield County more central to the agency's customer base.

IMPROVED LICENSING PROCESS

The agency centralized its retail license application process in March by making the initial phase of the process consistent for all applicants statewide. The newly formed licensing unit, located in Richmond, continues to improve citizen experience with consistency in requirements and decreased processing times.

GROWTH IN RETAIL SALES

Beginning July 1, 2012 the agency expanded Sunday hours at all ABC retail locations that had not previously been open on Sunday. With the exception of three stores, all stores were open from 1–6 p.m. Total Sunday sales for the fiscal year were \$42.9 million. Increases in annual revenue were also seen from the agency's Black Friday sales, where customers received a 10 percent discount for purchases totaling \$50 or more. Total statewide sales for that day rang in at \$5.9 million, an 86 percent increase over the previous year.

REVAMPED GRAND OPENINGS

The agency hosted public celebrations for the grand opening (or reopening) of six stores including Cumberland County's and Poquoson's first stores. Other store events occurred in Virginia Beach (Northampton Boulevard), and in Ashburn, Tackett's Mill and Mount Vernon in the northern Virginia areas. At fiscal year end the agency operated 343 stores. In anticipation of continued growth, the agency redrew the retail region boundaries and increased the number of regional managers by two.

SUBSTANCE ABUSE AWARENESS VITAL FOR VIRGINIA'S YOUTH (SAVVY)

Launched in September in support of the Governor's new prevention initiative, SAVVY informed parents, educators, students and youth advocates about the dangers of substance abuse. At three expos, experts discussed the growing use of synthetic cannabinoids, hallucinogenic bath salts and misused prescription medicine.

YADAPP

Continuing its outreach to high school students, the agency's Education section hosted the 28th Youth Alcohol & Drug Abuse Prevention Program (YADAPP) in Farmville. More than 450 adults and teens from across the commonwealth participated in the week-long July conference.

FIELD SUPPORT VEHICLE

In April 2013 the Bureau of Law Enforcement added a new dimension to its enforcement operations with the acquisition of a state-of-the-art field support vehicle. The vehicle, purchased with \$750,000 of asset forfeiture funds, serves as a centralized command post at large-scale events involving alcohol. The FSV was a game-changer for the bureau in that it enhanced communications, provided more centralized operational efficiency and heightened the visibility of the law enforcement personnel at highly populated events.

DOMESTIC VIOLENCE AWARENESS

In support of the Governor's initiative to educate Virginians about the importance of speaking out against domestic violence, the agency wrote and produced a 60-second public service announcement (PSA) called "Stop the Silence. Stop the Violence." The PSA, which included ABC employees as extras, ran on Richmond networks and was posted on the agency's YouTube site. Links on the agency's, Governor's and Secretary of Public Safety's sites pushed views to more than 2,000.
