Cooperative Extension/Agricultural Experiment Station Division
Annual Report of Actual Expenditures by Fund Source and Program
2013-14

Item 226 B.2 of Chapter 2 of the 2014 Appropriation Act, requires the submission of an annual report of actual expenditures for the Cooperative Extension/Agricultural Experiment Station Division (CE/AES) to the Department of Planning and Budget, House Appropriations Committee, and Senate Finance Committee by September 1 each year.

The report summarizing the sources and uses of funds for the Cooperative Extension/Agricultural Experiment Station Division (Agency 229) for fiscal year 2013-14 is attached. This report is provided in the format defined by the Secretary of Education in November 2011. The report arrays sources and uses according to the Commonwealth's fund and program accounting structure. The total expenditures made directly by the localities in support of extension programs are also displayed. Consistent with the Commonwealth's standards, the report is provided on a cash basis which reflects actual revenues and expenditures as of a point in time, in this case June 30, 2014.

The Cooperative Extension/Agricultural Experiment Station Division Annual Report of Actual Expenditures by Fund Source and Program for 2013-14 is attached. The second page reconciles the information provided through the report to the Commonwealth's Accounting and Reporting System (CARS) and compares it to the authorized appropriation.

- a) Locality reimbursement/support reflects activities funded by a locality, with the needed resources transferred to Virginia Tech and subsequently expensed by the university and recorded in its accounting system. These funds are recorded as "recoveries" and are limited in use to cover the costs (normally agent salaries and fringe benefits) as agreed to by the locality.
- b) Direct payments by localities occur outside of the university (e.g. space and services in county office buildings, etc.) and are not recorded in Virginia Tech's accounting system or management reports.
- c) Degree credit instruction occurs only in Agency 208.
- d) Academic Support includes efforts to provide support services that directly support the primary function of the agency. For Agency 229 this is a portion of the College of Agriculture and Life Sciences Dean's Office including a portion of the Dean, support staff, and operating costs as well as Extension Leadership costs including the Director, state program leaders (4-H, FCS, ANR, Community Viability), support staff, and associated operating costs.
- e) Institutional Support includes efforts to provide operational support for the day-to-day functioning of the agency (e.g. payroll, human resources services, purchasing, accounting, budgeting, etc.).
- f) Operation and Maintenance of Plant includes efforts to operate and maintain the physical plant facilities (e.g. utilities, insurance, custodial services, maintenance, leased property, etc.).
- g) Virginia Tech manages expenditures for Federal Land Grant Appropriations on a federal fiscal year basis ending Sept 30. Therefore, at June 30 a net positive or negative balance usually exists. Net negative balances are temporarily financed by internal university loans.
- h) Virginia Tech manages Fund 0300 expenditures such that they can only be expended to the extent revenue has been actually received to cover such expenditures. Therefore, expenditures for the three columns in Fund 0300 have been allocated among these columns to match the revenues received by June 30 for each fiscal year. There are normally revenues in transit from local governments at each year end.

* Cash basis totals reflect actual revenues and expenditures as of a point time, in this case June 30.
