

DEPARTMENT OF GENERAL SERVICES

COMBINED REAL ESTATE REPORT

November 15, 2014

Department Of General Services Combined Real Estate Report

Introduction

This report is provided in compliance with Section 4-8.01e of Chapter 2, 2014 Special Session I Acts of the General Assembly, which provides:

- e. Utilization of State Owned and Leased Real Property:
1. By November 15 of each year, the Department of General Services (DGS) shall consolidate the reporting requirements of § 2.2-1131.1 and § 2.2-1153 of the Code of Virginia into a single report eliminating the individual reports required by § 2.2-1131.1 and § 2.2-1153 of the Code of Virginia. This report shall be submitted to the Governor and the General Assembly and include (i) information on the implementation and effectiveness of the program established pursuant to subsection A of § 2.2-1131.1, (ii) a listing of real property leases that are in effect for the current year, the agency executing the lease, the amount of space leased, the population of each leased facility, and the annual cost of the lease; and, (iii) a report on DGS's findings and recommendations under the provisions of § 2.2-1153, and recommendations for any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized.

Summary of Savings and Income during the Period:

Lease Savings	\$5,929,673
Lease Administration Savings	\$124,426
Surplus Real Estate Sales Revenue	\$11,674,256
Surplus Real Estate Under Contract (receipt of revenue upon closing)	\$13,568,000
Surplus Properties Listed For Sale (Based on Appraised Value)	\$29,095,000
Total Savings/Income/Pending Income	\$60,391,355

Lease savings throughout this report are divided between cost savings and cost avoidance. Cost savings is defined as the reduced occupancy costs typically attributable to renegotiation of existing rents, reconfiguration of space to reduce rented areas, collocation efficiencies, and relocating from leased to owned properties, when that is the most economical choice. These are savings which reduce the real cost of doing business for the agency.

Cost avoidance is typically attributable to improved economic terms through value added in negotiations. Examples of cost avoidance include the landlord's agreement to pay a larger share of the cost of tenant improvements or the landlord's agreement to pay for furnishings and equipment ordinarily paid by the tenant.

The combined report for 2014 follows.

1. Division of Real Estate Services – Program Status

Virginia Code § 2.2-1131.1 requires an annual report on the progress of DGS' efforts to establish performance standards for the acquisition, lease and disposition of real property and for the management and utilization of such property at the individual agency and statewide levels to maximize the use of the Commonwealth's inventory of properties.

- **Lease Administration:** DRES is currently responsible for administering 542 leases with combined annual rental obligations of approximately \$58 Million. In addition to ensuring that rental payments are made on time and in the correct amounts, this process allows DRES to identify and correct billing errors related to annual rent escalations and applicable operations and maintenance costs, saving agencies \$124,426 during the past year. Exhibits A-1 and A-2 are a complete list of the current expense leases and the income leases administered by DRES.
- **Integrated Real Estate Management System (IREMS):** Last year DRES reported that our software vendor, BricsNet, had closed its business. Our contract allowed DGS to obtain the source code, and we originally planned to customize that system to better suit our needs. However, after considering the options with the advice of a neutral third party vendor, we have decided to pursue another software package. We solicited for vendors and are finalizing negotiations with the selected vendor. We anticipate implementing a new system in 2015 that will enhance DRES' management of real estate transactions and records and provide support to other agencies of the Commonwealth.
- **Real Estate Records:** Since April 2011, we have focused resources on collecting, reviewing and uploading data in order to meet the requirements of Virginia Code § 2.2-1136, as amended by the 2011 Session of the General Assembly. The amendment required DGS to complete an inventory of all real property owned by state departments, agencies and institutions by January 1, 2012. That inventory was completed and, in accordance with the statute, we annually update the inventory to confirm that the information is current and correct. A current inventory of state owned real estate is posted on the DRES website (<http://www.dgs.virginia.gov/DivisionofRealEstateServices/StateOwnedRealEstate/tabid/1524/Default.aspx>).
- **DRES Strategic Planning:** Using information on the current cost and utilization of office facilities, including current staffing levels, DRES has been able to develop long term plans. These long term plans forecast leasing activities several years out and identify potential collocation and other opportunities that require longer range planning to realize. Effective strategic planning is an on-going task and the plan was reviewed in depth when the Commonwealth's commercial brokerage representation changed from CB Richard Ellis of Virginia to Divaris Real Estate Inc. in 2014.
- **Space Utilization:** We continue to advocate more prudent use of space. While DRES has been successful in reducing the square feet per person metric for the Commonwealth, additional strategies are recommended to our client agencies. These strategies include increased teleworking and more creative use of space through hoteling or other workforce/workplace strategies. Since these matters involve management styles and policies within the agencies, as well as HR policies, DRES is not in a position to do more toward this goal at this time. DRES can recommend and prepare to act if and when any agencies incorporate these strategies into their overall management strategies.

2. Lease Report

Lease savings during the period amounted to \$1,234,254, plus cost avoidances of \$4,695,419, for a total savings of \$5,929,673. Since 2005, active portfolio management has produced aggregate cost savings of \$81,500,534 and cost avoidances of \$44,336,746, for combined savings of \$125,837,280.

Lease savings continue to lag behind those of previous years. Savings are largely driven by opportunities found in the inventory of leases coming due, their size, cost and locations and their prospects for collocations. DRES has been in existence for 10 years and the lease term for most Commonwealth leases are less than 10 years; therefore, DRES has had the opportunity to review and renegotiate most of the portfolio.

Under Section 4-8.01e of the Appropriation Act, we are to provide a listing of real property leases that are in effect for the current year for agencies with leases not under the DGS lease administration program. The report is prepared from information provided by agencies, departments and institutions. The Act specifically requires the controlling agency to report to DGS the amount of square feet occupied, the number of employees and contractors working in the space, and the cost of the lease. There are 1,158 non-administered expense leases listed on Exhibit A-3 and 218 non-administered income leases listed on Exhibit A-4.

For this reporting cycle, DRES received responses from all but one agency (the University of Virginia's College at Wise), and did not receive complete data for each lease from many respondents, although there was marked improvement from prior years' reporting. The incomplete reporting could significantly impact the tallies. For example, one university pays over \$2.7 million in rent per year for one lease, but this amount was not reported. In addition, DRES requests that agencies inform us of their lease activity, as well as about other transactions involving interests in real estate, during the course of the reporting period. However, during this reporting period, agencies reported 150 of the leases being maintained in our database had been terminated, but without prior notice to DRES. A smaller number of new leases were also reported for the first time.

DRES will continue to evaluate and refine the manner in which agencies, during the course of the year and for this reporting requirement, provide complete and timely data. Within the next 12 – 18 months, DRES will have a new database system. We anticipate it will enhance the efficiency of maintaining and reporting the data for us, as well as the agencies and institutions required to report to us.

3. Surplus Property

Virginia Code §2.2-1153 requires agencies to notify DGS when state-owned real estate under their control is no longer needed. The statute also requires the land-owning agencies to annually submit land use plans to DGS, and DGS is then required to provide a report to the Governor and the General Assembly setting forth the Departments findings. **Exhibit B** sets forth the categories of property declared surplus, potential surplus property identified by the Agency and/or DGS, and facilities identified by the Agency to be underutilized. Properties declared surplus are properties that are under contract to be sold, properties listed, properties declared surplus by the agency, properties authorized to be sold or conveyed by the General Assembly and properties that are surplus to the agency and reverting to their former owners. Potential surplus property identified by the Agency and/or DGS are properties that will be further reviewed by DGS and the Agency to determine further action. Facilities identified by the Agency to be underutilized will be further analyzed by DGS and the Agency to determine the best way to maximize the uses of the facilities.

- **Sales Activities:** During the period, DGS sold fifteen properties as identified in the following chart, generating income of \$11,674,255.60.

Surplus Properties Sold

Agency	Name	Location	Acres	Income
DBHDS	CSH parcel	Dinwiddie	25.046	\$450,828
DBHDS	SEVTC	Chesapeake	74.78	\$7,500,000
DOC	Tazewell Prison	Tazewell	.52	\$230,000
DMA	Camp Pendleton	Virginia Beach	17.69	\$580,000
DOF	Goochland Office	Goochland	1.0	\$181,500
VDACS	Office Building	Onley	.23	\$22,000
VDOT	Land	Albemarle County	7.99	\$80,000
VDOT	Area Headquarters	Brunswick County	7.674	\$35,000
VDOT	Land	Prince George County	3	\$34,100
VDOT	Area Headquarters	Rappahannock County	2.916	\$159,500
VDOT	Land	Richmond	6.7	\$127,600
VDOT	Area Headquarters	Orange	3.1	\$185,000
DGS	Powers Taylor Office Building	Richmond	0.13	\$1,450,000
DOF	Sandston Office	Henrico County	.54	\$180,000
DGS	Land	Richmond	2.5	\$458,727.60

We currently have four properties under contract with a combined total value of \$13,568,000. Four properties, with aggregate appraised values of \$29,095,000, are being marketed through our broker.

4. Division of Real Estate Services Internal Actions:

- **Web Site:** DRES continues to revise and update our web site to provide information and guidance to our customers. The current DRES web site can be accessed at <http://www.dgs.virginia.gov/DivisionofRealEstateServices/tabid/174/Default.aspx>.
- **Customer Survey:** We recently conducted a customer survey to determine how our customers view DRES and in particular their perceptions of our communications. The survey proved to be very effective and we will quickly implement changes in communications that will provide the timely information our customer's state they need. We now send a monthly e-mail brief to our customers and post the information on our web site.
- DRES is revising the Real Estate Management Policy & Procedures manual and will post the updated version on our web site in 2015.

The following sections of the Code of Virginia are referenced in this report:

§ 2.2-1131.1. Establishment of performance standards for the use of property.

- A. The Department shall establish performance standards for the acquisition, lease and disposition of property and for the management and utilization of such property at the individual agency and statewide levels to maximize the use of property for which it is held. For the purposes of this section "property" means the same as that term is defined in § [2.2-1147](#).
- B. The head of each state agency or institution shall ensure that property assets held by the agency on behalf of the Commonwealth are managed in accordance with the standards set by the Department. State public institutions of higher education that have delegated authority to manage aspects of their real property usage and have signed a memorandum of understanding with the Secretary of Administration related to such delegated authority shall be deemed in compliance with the standards set by the Department as long as they abide by the terms of the memorandum of understanding. Standards established in accordance with the memorandum of understanding shall be reported to the Department by October 1 of each year.
- C. The Department may take appropriate actions, including assuring compliance with the standards set by the Department and entering into leasing arrangements or other contracts, to ensure that asset usage by each state agency is proper and cost effective.
- D. No later than November 30 of each year, the Department shall report to the Governor and the General Assembly on the implementation and effectiveness of this program.

§ 2.2-1136. Review of easements; maintenance of real property records.

- A. The Department shall review all deeds, leases and contractual agreements with utilities to serve state institutions or agencies that require the approval of the Governor, as well as all easements and rights-of-way granted by institutions and agencies to public and private utilities.
- B. The Department shall be responsible for the maintenance of real property records of all state departments, agencies and institutions, except records of real property acquired by the Department of Transportation for the construction of highways, and may have such boundary, topographic and other maps prepared as may be necessary. In addition, the Department shall develop the criteria for and conduct an inventory of all real property, as defined in § [2.2-1147](#), owned by state departments, agencies and institutions by January 1, 2012, and update the inventory at least annually thereafter. Such inventory shall be reviewed by the Department in developing recommendations pursuant to subsection A of § [2.2-1153](#). All state departments, agencies and institutions shall cooperate with the Department and provide such data and documents as may be required to develop and maintain the records and inventory required by this section.
- C. The Department shall make the inventory referred to in subsection B available on the Department's website. The description of the inventory shall include parcel identification consistent with national spatial data standards in addition to a street address as available and reported to the Department by agencies and institutions.

The following sections of the Code of Virginia are referenced in this report:

§ 2.2-1153. State agencies and institutions to notify Department of property not used or required; criteria.

- A. Whenever any department, agency or institution of state government possesses or has under its control state-owned or leased property that is not being used to full capacity or is not required for the programs of the department, agency or institution, it shall so notify the Department. Such notification shall be in a form and manner prescribed by the Department. Each department, agency and institution shall submit to the Department a land use plan for state-owned property it possesses or has under its control showing present and planned uses of such property. Such plan shall be approved by the cognizant board or governing body of the department, agency or institution holding title to or otherwise controlling the state-owned property or the agency head in the absence of a board or governing body, with a recommendation on whether any property should be declared surplus by the department, agency or institution. Development of such land use plans shall be based on guidelines promulgated by the Department. The guidelines shall provide that each land use plan shall be updated and copies provided to the Department by September 1 of each year. The Department may exempt properties that are held and used for conservation purposes from the requirements of this section. The Department shall review the land use plans, the records and inventory required pursuant to subsection B of § [2.2-1136](#) and such other information as may be necessary and determine whether the property or any portion thereof should be declared surplus to the needs of the Commonwealth. By October 1 of each year, the Department shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees setting forth the Department's findings, the sale or marketing of properties identified pursuant to this section, and recommending any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized. The Department shall provide a listing of surplus properties on the Department's website. The description of surplus property shall include parcel identification consistent with national spatial data standards in addition to a street address.

Until permanent disposition of the property determined to be surplus is effected, the property shall continue to be maintained by the department, agency or institution possessing or controlling it, unless upon the recommendation of the Department, the Governor authorizes the transfer of the property to the possession or control of the Department. In this event, the department, agency or institution formerly possessing or controlling the property shall have no further interest in it.

- B. The Department shall establish criteria for ascertaining whether property under the control of a department, agency or institution should be classified as "surplus" to its current or proposed needs. Such criteria shall provide that the cognizant board or governing body, if any, of the department, agency or institution holding the title to or otherwise controlling the state-owned property, or the agency head in the absence of a board or governing body, shall approve the designation of the property as surplus.

The following sections of the Code of Virginia are referenced in this report:

C. Notwithstanding the provisions of subsection A:

1. The property known as College Woods, which includes Lake Matoaka and is possessed and controlled by a college founded in 1693, regardless of whether such property has been declared surplus pursuant to this section, shall not be transferred or disposed of without the approval of the board of visitors of such college by a two-thirds vote of all board members at a regularly scheduled board meeting. The General Assembly shall also approve the disposal or transfer.

2. Surplus real property valued at less than \$5 million that is possessed and controlled by a public institution of higher education may be sold by such institution, provided that (i) at least 45 days prior to executing a contract for the sale of such property, the institution gives written notification to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees; and (ii) the Governor may postpone the sale at any time up to 10 days prior to the proposed date of sale. Such sale may be effected by public auction, sealed bids, or by marketing through one or more Virginia licensed real estate brokers after satisfying the public notice provisions of subsection A of § [2.2-1156](#). The terms of all negotiations resulting in such sale shall be public information. The public institution of higher education may retain the proceeds from the sale of such property if the property was acquired by nongeneral funds. If the institution originally acquired the property through a mix of general and nongeneral funds, 50 percent of the proceeds shall be distributed to the institution and 50 percent shall be distributed to the State Park Conservation Resources Fund established under subsection A of § [10.1-202](#). The authority of a public institution of higher education to sell surplus real property described under this subdivision or to retain any proceeds from the sale of such property shall be subject to the institution meeting the conditions prescribed in subsection B of § [23-38.88](#) and § [23-38.112](#) (regardless of whether or not the institution has been granted any authority under Subchapter 3 (§ [23-38.91](#) et seq.) of Chapter 4.10 of Title 23).
