Commonwealth of Virginia  
Annual Report to the Senate Finance and House Appropriations Committees  
Recovery Audit of State Agencies and Institutions  
January 15, 2014

---

In accordance with section 2.2-1822.1 of the *Code of Virginia* the Department of Accounts entered into a contract with PRG-Schultz USA, Inc. (auditors) in early 2005 for recovery audit services. The audit process involved review of state agency expenditures made to vendors for payment for goods and services. Reports regarding the status of these services have been submitted to the respective Chairs of the Senate Finance and House Appropriations Committees since the inception of the contract.

The contract with PRG-Schultz expired on December 31, 2008. Fiscal year 2007 was the last period audited by PRG-Schultz in accordance with that contract.

Under the prior contract, the recovery audit process collected \$502,517 in overpayments during fiscal years 2002, 2003, and 2004. The next two fiscal years 2005 and 2006 yielded \$304,750 in recovered overpayments. Finally, only \$173,300 was recovered as duplicate payments from fiscal year 2007 expenditures.

The recovery amounts were low in comparison to other Federal and State recovery reviews performed by the contractor. In fact the recovery audit contractor, PRG-Schultz USA, Inc. stated in their final report that, “the Commonwealth of Virginia is to be complimented for several procedures which support the minimal overpayment of disbursements.” As a result, there has been no cost recovery audit activity since the expiration of the contract and therefore no additional information to report.

The Department of Accounts is currently developing a Request for Proposal (RFP) to again procure recovery audit services in the near future.
