RE: Virginia Disability Commission Report

DLAS/Members of the General Assembly,

The Virginia Disability Commission met August 17, 2015, at the Virginia State Capitol. The Commission received an update regarding current activities and services of the Department for Aging and Rehabilitative Services, including services offered to students with autism. Additionally, Commission members, stakeholders, and agencies representatives from across the Commonwealth were given an opportunity to speak before the Commission and make recommendations for legislative proposals and possible subjects of interest. However, no recommendations were expressed at that time or subsequent to the meeting.

Accordingly, pursuant to Section 30-232 of the Code of Virginia, I am writing to inform DLAS that the Commission will not be recommending any legislation for adoption or examination by the Virginia General Assembly during the 2016 Session. Should you have any questions or concerns, please do not hesitate to contact me.

Respectfully,
