

**DEPARTMENT OF GENERAL SERVICES**

**COMBINED REAL ESTATE REPORT**

**November 15, 2015**

## Department Of General Services Combined Real Estate Report

### **Introduction**

This report is provided in compliance with Section 4-8.01e of Chapter 665, 2015 Virginia Acts of the General Assembly, which provides:

e. Utilization of State Owned and Leased Real Property:

1. By November 15 of each year, the Department of General Services (DGS) shall consolidate the reporting requirements of § 2.2-1131.1 and § 2.2-1153 of the Code of Virginia into a single report eliminating the individual reports required by § 2.2-1131.1 and § 2.2-1153 of the Code of Virginia. This report shall be submitted to the Governor and the General Assembly and include (i) information on the implementation and effectiveness of the program established pursuant to subsection A of § 2.2-1131.1, (ii) a listing of real property leases that are in effect for the current year, the agency executing the lease, the amount of space leased, the population of each leased facility, and the annual cost of the lease; and, (iii) a report on DGS's findings and recommendations under the provisions of § 2.2-1153, and recommendations for any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized.

### **Summary of Savings and Income during the Period:**

|  |                     |
|--|---------------------|
| Lease Savings  | \$5,933,600         |
| Lease Administration Savings   | \$19,226            |
| Surplus Real Estate Sales Revenue                                    | \$12,965,000        |
| Surplus Real Estate Under Contract (receipt of revenue upon closing) | \$7,360,000         |
| Surplus Properties Listed For Sale (Based on Appraised Value)        | \$60,445,000        |
| <b>Total Savings/Income/Pending Income</b>                           | <b>\$86,722,826</b> |

Lease savings throughout this report are divided between cost savings and cost avoidance. Cost savings is defined as the reduced occupancy costs typically attributable to renegotiation of existing rents, reconfiguration of space to reduce rented areas, collocation efficiencies, and relocating from leased to owned properties, when that is the most economical choice. These are savings which reduce the real cost of doing business for the agency.

Cost avoidance is typically attributable to improved economic terms through value added in negotiations. Examples of cost avoidance include the landlord's agreement to pay a larger share of the cost of tenant improvements or the landlord's agreement to pay for furnishings and equipment ordinarily paid by the tenant.

The combined report for 2015 follows.

## **1. Division of Real Estate Services (DRES) – Program Status**

Virginia Code § 2.2-1131.1 requires an annual report on the progress of DGS' efforts to establish performance standards for the acquisition, lease and disposition of real property and for the management and utilization of such property at the individual agency and statewide levels to maximize the use of the Commonwealth's inventory of properties.

- **Lease Administration:** DRES is currently responsible for administering 528 leases with combined annual rental obligations of approximately \$62.7 Million. In addition to ensuring that rental payments are made on time and in the correct amounts, DRES identifies and corrects billing errors related to annual rent escalations and applicable operations and maintenance costs, saving agencies \$19,226.23 during the past year. Exhibits A-1 and A-2 are a complete list of the current expense leases and the income leases administered by DRES.
- **COVA Trax:** Previously DRES reported that our former real estate records management software vendor, BricsNet, had closed its business in 2012. After a lengthy procurement and contract negotiation, we awarded the contract to Trimble Buildings – Manhattan Software to configure a new integrated workplace management system for the Commonwealth known as COVA Trax. We anticipate implementing a new system in the next 60 days that will enhance DRES' management of real estate transactions and records and provide support to other agencies of the Commonwealth.

During the COVA Trax procurement, the General Assembly approved Item number 252 C.1 – C.3 2014 Special Session I Acts of the Virginia Assembly – Chapter 2, that requires the Secretary of Finance and the Secretary of Administration to convene a work group to consist of representatives from the Department of Accounts (DOA), the Department of General Services (DGS), and the Department of the Treasury (TRS) to evaluate options for improving the efficiency and accuracy of the Commonwealth's current methods of collecting and maintaining state property data. DRES is currently working with the software vendor, DOA and TRS to determine if the COVA Trax system may be configured to meet their needs as well.

- **Real Estate Records:** To meet the requirements of Virginia Code § 2.2-1136, as amended by the 2011 Session of the General Assembly, DGS was to complete an inventory of all real property owned by state departments, agencies and institutions by January 1, 2012. We annually update the inventory to confirm that the information is current and correct. A current inventory of state owned real estate is posted on the DRES website (<http://www.dgs.virginia.gov/DivisionofRealEstateServices/StateOwnedRealEstate/tabcid/1524/Default.aspx>).
- **DRES Strategic Planning:** DRES manages the real estate of the Commonwealth as a portfolio reaching across agencies. Using information on the current cost and utilization of office facilities tracked with our records management system, including current staffing levels reported by agencies, DRES identifies potential collocation and other efficiency opportunities that may be obtained through long-range planning and occupant agency cooperation. Effective strategic planning is an on-going portfolio management task with the assistance of the Commonwealth's commercial broker, Divaris Real Estate Inc.

- **Space Utilization:** DRES continues to advocate more prudent use of space. We contracted with Faithful+Gould to update and expand our space guidelines to meet agency needs and remain current with real estate trends, available technology and delivery of services. We are on schedule to complete the update by year end. While DRES has been successful in reducing the square feet per person metric for the Commonwealth, additional strategies are recommended to our client agencies. These strategies include increased teleworking and more creative use of space through hoteling, where workspace and equipment are shared among staff, or other workforce/workplace strategies.

Since these matters involve management styles and policies within the agencies, as well as HR policies, DRES is not in a position to do more toward this goal at this time. DRES can recommend and prepare to act if and when any agencies incorporate these strategies into their overall management strategies.

## 2. Lease Report

Lease savings and cost avoidance during the period amounted to \$5,933,600. Since 2005, active portfolio management has produced aggregate cost savings of \$88,091,200 and cost avoidances of \$44,980,600, for combined savings of \$133,071,800.

Lease savings continue to lag behind those of previous years. Savings are largely driven by opportunities found in the inventory of leases coming due, their size, cost and locations and their prospects for collocations. DRES has been in existence for eleven (11) years and the lease term for most Commonwealth leases are less than ten (10) years; therefore, DRES has had the opportunity to review and renegotiate most of the portfolio. DRES takes an active role managing the portfolio and taking advantage of market rate trends by negotiating early renewals at reduced rates, mid-term refurbishment, furniture, move and additional tenant improvement allowances.

Under Section 4-8.01e of the Appropriation Act, we are to provide a listing of real property leases that are in effect for the current year for agencies with leases not under the DGS lease administration program. The report is prepared from information provided by agencies, departments and institutions. The Act specifically requires the controlling agency to report to DGS the amount of square feet occupied, the number of employees and contractors working in the space (the “headcounts”), and the cost of the lease. There are 1,244 non-administered expense leases listed on Exhibit A-3 and 367 non-administered income leases listed on Exhibit A-4.

For this reporting cycle, DRES received responses from all but four (4) agencies: the Board of Bar Examiners, the Department of Veterans Services, Norfolk State University and the Virginia School for the Deaf and Blind – Staunton.

Again this year we did not receive complete data for each lease from a number of respondents, as summarized below. The headcounts only apply to expense leases, so the non-reporting affects 6.6 % of the expense leases. Non-reported rents affect less than 1% of all the leases reported. The non-reporting on the income leases affects approximately 34% of the total of 367 reported leases. Non-reporting of the square footage of space occupied, as provided in the Appropriation Act, is more difficult to quantify. In many cases, square footage may not be relevant (tower leases, boat ramps), and in other

cases it may not be specified in the lease documents for non-administered and delegated leases sent to DRES or reported on the annual lease report.

| <b>No Head Counts Reported<br/>(affects 83 expenses leases)</b> | <b>No Rents Reported (affects 42 income and expense leases)</b> | <b>Landlord Reports Incomplete<br/>(affects approximately 130 of the income leases)</b> |
|---|---|---|
| Blue Ridge Community College                                    | Blue Ridge Community College                                    | Dabney S. Lancaster Community College   |
| Christopher Newport University                                  | Mountain Empire Community College                               | Department of Conservation and Recreation   |
| Department of Corrections                                       | Patrick Henry Community College                                 | Patrick Henry Community College   |
| George Mason University   | Paul D. Camp Community College                                  | Rappahannock Community College  |
| Mountain Empire Community College                               | Southwest Virginia Community College                            | Southwest Virginia Community College  |
| Patrick Henry Community College                                 | Thomas Nelson Community College                                 | University of Virginia  |
| Paul D. Camp Community College                                  |   | Virginia Highlands Community College  |
| Southwest Virginia Community College                            |   | Virginia Western Community College  |
| Thomas Nelson Community College                                 |   |   |

DRES will continue to evaluate and refine the manner in which agencies, during the course of the year and for this reporting requirement, provide complete and timely data. Within the next two (2) months, COVA Trax will be the system of record and will provide enhanced data management and reporting. Additionally, working with the DGS ISS team, we are developing a web portal to ease the exchange of information with our agencies. We anticipate it will enhance the efficiency of maintaining and reporting the data for us, as well as the agencies and institutions required to report to us.

### **3. Surplus Property**

Virginia Code §2.2-1153 requires agencies to notify DGS when state-owned real estate under their control is no longer needed. The statute also requires the land-owning agencies to annually submit land use plans to DGS, and DGS is then required to provide a report to the Governor and the General Assembly setting forth the Department's findings. **Exhibit B** sets forth the categories of property declared surplus, potential surplus property identified by the Agency and/or DGS, and facilities identified by the Agency to be underutilized. Properties declared surplus are properties that are under contract to be sold, properties listed, properties declared surplus by the agency, properties authorized to be sold or conveyed by the General Assembly and properties that are surplus to the agency and reverting to their former owners. Potential surplus property identified by the Agency and/or DGS are properties that will be further reviewed by DGS and the Agency to determine further action. Facilities identified by the Agency to be underutilized will be further analyzed by DGS and the Agency to determine the best way to maximize the uses of the facilities. The summary report is also shared with Virginia Economic Development Authority to assist in promoting opportunities within the Commonwealth.

- **Sales Activities:** During the period, DGS sold three properties as identified in the following chart, generating income of \$12,965,000.

### **Surplus Properties Sold**

| <b>Agency</b> | <b>Name</b>       | <b>Location</b> | <b>Acres</b> | <b>Income</b> |
|---------------|-------------------|-----------------|--------------|---------------|
| ABC           | ABC Office/Retail | Alexandria      | 1.29         | \$12,500,000  |
| DBHDS         | SSVTC (Portion)   | Dinwiddie       | 16.256       | \$243,000     |
| VDACS         | SWVFM             | Carroll         | 15.42        | \$222,000     |

We currently have three (3) properties under contract, with a combined total value of \$7,360,000. Six (6) properties, with aggregate appraised values of \$60,445,000, are being marketed through our broker. The diversity of the property ranges from a rural two (2)-acre parcel improved with storage buildings, a commercial farmer's market facility, a 64,000+ square foot former agency headquarters building to 418+- acres of a closed health facility campus.

#### **4. Division of Real Estate Services Internal Actions:**

- **Web Site:** DRES continues to revise and update our current web site to provide information and guidance to our customers. The current DRES web site can be accessed at <http://www.dgs.virginia.gov/DivisionofRealEstateServices/tbid/174/Default.aspx>. As stated earlier, DRES is working with other DGS teams to develop a web portal to ease agency reporting as well as developing a new overall website to better communicate and showcase the DGS services available.
- **Customer Survey:** We conducted a customer survey to determine how our customers view DRES and in particular their perceptions of our communications. Listening to our customers, we began sending regular e-mail briefs containing division and staff updates, report reminders, etc., to our customers and posting the information on our web site.
- **Customer Service Survey:** After the closing of a real estate transaction, DRES sends a customer service survey for feedback. The survey had not been updated since its creation several years ago. This past year, DRES drafted a new survey with more pertinent questions and posted it on our website to ease customer access and response.
- **Manual Updates:** DRES reported last year that we were revising the Real Estate Management Policy & Procedures manual and would post the updated version on our web site in 2015. The project was delayed by the rollout of the new software system and the internal decision to seek the assistance from an experienced firm that has produced manuals for others. The DRES team compiled the necessary content for the manual and has contracted with Faithful+Gould to create a manual that is easy to follow by anyone wanting to understand the Commonwealth real estate process. We anticipate completing and distributing the manual in early 2016. DRES did complete the lease Occupant Handbook this past year and it is posted on our website.

- **Conservation:** DRES assisted in 26 agency real estate acquisitions in which six (6) of the transactions placed 530 acres in conservation as natural area preserve or wildlife management areas.
- **Special Projects:** This past year, DRES initiated two special projects for better utilization of Commonwealth real estate – the antenna/tower portfolio and the residential housing portfolio analysis. DRES is working with agencies to expand the details that we are tracking regarding the tower and residential assets to determine best management practices and develop marketing strategies to provide opportunities for operating income to off-set agency expenses relating to the properties. DRES is also reviewing the portfolios for possible opportunities to compliment other Commonwealth initiatives, such as expanding technology and veteran housing.

### **Referenced Code of Virginia Sections:**

§ 2.2-1131.1. Establishment of performance standards for the use of property.

- A. The Department shall establish performance standards for the acquisition, lease and disposition of property and for the management and utilization of such property at the individual agency and statewide levels to maximize the use of property for which it is held. For the purposes of this section "property" means the same as that term is defined in § [2.2-1147](#).
- B. The head of each state agency or institution shall ensure that property assets held by the agency on behalf of the Commonwealth are managed in accordance with the standards set by the Department. State public institutions of higher education that have delegated authority to manage aspects of their real property usage and have signed a memorandum of understanding with the Secretary of Administration related to such delegated authority shall be deemed in compliance with the standards set by the Department as long as they abide by the terms of the memorandum of understanding. Standards established in accordance with the memorandum of understanding shall be reported to the Department by October 1 of each year.
- C. The Department may take appropriate actions, including assuring compliance with the standards set by the Department and entering into leasing arrangements or other contracts, to ensure that asset usage by each state agency is proper and cost effective.
- D. No later than November 30 of each year, the Department shall report to the Governor and the General Assembly on the implementation and effectiveness of this program.

§ 2.2-1136. Review of easements; maintenance of real property records.

- A. The Department shall review all deeds, leases and contractual agreements with utilities to serve state institutions or agencies that require the approval of the Governor, as well as all easements and rights-of-way granted by institutions and agencies to public and private utilities.
- B. The Department shall be responsible for the maintenance of real property records of all state departments, agencies and institutions, except records of real property acquired by the Department of Transportation for the construction of highways, and may have such boundary,

topographic and other maps prepared as may be necessary. In addition, the Department shall develop the criteria for and conduct an inventory of all real property, as defined in § [2.2-1147](#), owned by state departments, agencies and institutions by January 1, 2012, and update the inventory at least annually thereafter. Such inventory shall be reviewed by the Department in developing recommendations pursuant to subsection A of § [2.2-1153](#). All state departments, agencies and institutions shall cooperate with the Department and provide such data and documents as may be required to develop and maintain the records and inventory required by this section.

- C. The Department shall make the inventory referred to in subsection B available on the Department's website. The description of the inventory shall include parcel identification consistent with national spatial data standards in addition to a street address as available and reported to the Department by agencies and institutions.

§ 2.2-1153. State agencies and institutions to notify Department of property not used or required; criteria.

- A. Whenever any department, agency or institution of state government possesses or has under its control state-owned or leased property that is not being used to full capacity or is not required for the programs of the department, agency or institution, it shall so notify the Department. Such notification shall be in a form and manner prescribed by the Department. Each department, agency and institution shall submit to the Department a land use plan for state-owned property it possesses or has under its control showing present and planned uses of such property. Such plan shall be approved by the cognizant board or governing body of the department, agency or institution holding title to or otherwise controlling the state-owned property or the agency head in the absence of a board or governing body, with a recommendation on whether any property should be declared surplus by the department, agency or institution. Development of such land use plans shall be based on guidelines promulgated by the Department. The guidelines shall provide that each land use plan shall be updated and copies provided to the Department by September 1 of each year. The Department may exempt properties that are held and used for conservation purposes from the requirements of this section. The Department shall review the land use plans, the records and inventory required pursuant to subsection B of § [2.2-1136](#) and such other information as may be necessary and determine whether the property or any portion thereof should be declared surplus to the needs of the Commonwealth. By October 1 of each year, the Department shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees setting forth the Department's findings, the sale or marketing of properties identified pursuant to this section, and recommending any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized. The Department shall provide a listing of surplus properties on the Department's website. The description of surplus property shall include parcel identification consistent with national spatial data standards in addition to a street address.

Until permanent disposition of the property determined to be surplus is effected, the property shall continue to be maintained by the department, agency or institution possessing or controlling it, unless upon the recommendation of the Department, the Governor authorizes the transfer of the property to the possession or control of the Department. In this event, the

department, agency or institution formerly possessing or controlling the property shall have no further interest in it.

- B. The Department shall establish criteria for ascertaining whether property under the control of a department, agency or institution should be classified as "surplus" to its current or proposed needs. Such criteria shall provide that the cognizant board or governing body, if any, of the department, agency or institution holding the title to or otherwise controlling the state-owned property, or the agency head in the absence of a board or governing body, shall approve the designation of the property as surplus.
- C. Notwithstanding the provisions of subsection A:
  - 1. The property known as College Woods, which includes Lake Matoaka and is possessed and controlled by a college founded in 1693, regardless of whether such property has been declared surplus pursuant to this section, shall not be transferred or disposed of without the approval of the board of visitors of such college by a two-thirds vote of all board members at a regularly scheduled board meeting. The General Assembly shall also approve the disposal or transfer.
  - 2. Surplus real property valued at less than \$5 million that is possessed and controlled by a public institution of higher education may be sold by such institution, provided that (i) at least 45 days prior to executing a contract for the sale of such property, the institution gives written notification to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees; and (ii) the Governor may postpone the sale at any time up to 10 days prior to the proposed date of sale. Such sale may be effected by public auction, sealed bids, or by marketing through one or more Virginia licensed real estate brokers after satisfying the public notice provisions of subsection A of § [2.2-1156](#). The terms of all negotiations resulting in such sale shall be public information. The public institution of higher education may retain the proceeds from the sale of such property if the property was acquired by nongeneral funds. If the institution originally acquired the property through a mix of general and nongeneral funds, 50 percent of the proceeds shall be distributed to the institution and 50 percent shall be distributed to the State Park Conservation Resources Fund established under subsection A of § [10.1-202](#). The authority of a public institution of higher education to sell surplus real property described under this subdivision or to retain any proceeds from the sale of such property shall be subject to the institution meeting the conditions prescribed in subsection B of § [23-38.88](#) and § [23-38.112](#) (regardless of whether or not the institution has been granted any authority under Subchapter 3 (§ [23-38.91](#) et seq.) of Chapter 4.10 of Title 23).
