<p>This data was collected directly from the facilities using a survey and with individual follow up from the Office of Licensing after several prompts.</p> <p>¹ Inpatient Acute Care Psychiatric Facilities frequently adjust staffed beds in the facility according to the census; some beds for 14-17 year olds can also be used for children under 14. Due to this reason, providers often do not distinguish between “Under Age 14” and “Ages 14-17” when allocating beds. This is reflected in the Total.</p> <p>Numbers include Commonwealth Center for Children with 48 licensed and staffed beds</p> <p>² Psychiatric Residential Treatment Facilities frequently adjust staffed beds in the facility according to the census; some beds for 14-17 year olds can also be used for children under 14.
