## 2015-2016 School Security Equipment Grant Program

Legislation enacted by the 2013 General Assembly, HB 2343 and Item 139 C.13. of the 2013 Appropriation Act, created a school security equipment grant program for school divisions and regional education programs. The legislation and appropriation act provision authorized \$6.0 million per year in grant funding through five-year equipment notes issued by the Virginia Public School Authority, with the debt service paid from the Literary Fund. \$6.0 million in funding was continued by the General Assembly for the 2015-2016 school year, the third year of the program.

### 2015-2016 grant requirements were as follows:

- Grants were awarded on a competitive basis using various criteria
- School divisions, including regional programs, were eligible to apply for and receive grant awards up to \$100,000
- Applications had to be submitted to the Department of Education by August 1, 2015
- School divisions were notified on September 17, 2015 of their grant award
- School divisions had to commit to purchase the funded security equipment within six months of being notified of their grant award
- Eligible schools had to be scheduled to remain open for at least five more years
- No planned renovations/additions could be scheduled for the next five years which would cause the security equipment being requested to become obsolete
- A local match of 25 percent of the state grant amount was required – the Superintendent of Public Instruction was authorized to reduce the local match for school divisions with a composite index of less than 0.2000. The Virginia School for the Deaf and the Blind was exempt from the local match requirement.

### 2015-2016 competitive criteria used to rank the applications were as follows:

- 25 points – allocated based on the school division composite index:
  - .0000 - .2999 – 25 points
  - .3000 - .5999 – 20 points
  - .6000 - .8000 – 15 points
- 15 points – allocated for new security equipment installed in schools without any security equipment currently
- 15 points – allocated if the school did not have Uninterrupted Power Supply (UPS)
- 10 points – allocated if a previous school security audit recommended the requested school security equipment be installed in the school
- 10 points – allocated if the school did not receive funding in 2014-2015
- 5 points – allocated for schools built prior to 1980

- 15 or 20 points – allocated if the number of school-level incidents per 100 students for the following offense categories as reported in the School Safety section of the 2013-2014 School Report Card was at or above certain percentiles for all schools statewide: “weapons offenses,” “offenses against students, staff, and persons,” and “property offenses”:
  - At or above the 75<sup>th</sup> percentile – 20 points
  - At or above the 50<sup>th</sup> percentile, but below the 75<sup>th</sup> percentile – 15 points

**2015-2016 applications received and awarded:**

- 706 school applications for funding were received totaling \$11,185,065.90 in equipment requests
- Funds were awarded based on a rank ordering of applications’ point total on the competitive application criteria
- Funding awards were made to 518 schools in 100 school divisions, and one regional educational program (Regional Alternative Ed/King William) totaling \$6.0 million.

**The majority of the school security equipment purchased in 2015-2016 included:**

- Surveillance equipment and camera systems
- Electronic access control systems
- Mass notification and intercom systems
- Visitor badging systems
- Two-way radios
- Classroom locks

Attached is a report showing the school divisions and regional programs that received funding for the 2015-2016 year.

For 2016-2017, an additional \$6.0 million in funding is available. Applications were received by August 1, 2016, and are being reviewed for awarding grants for 2016-2017.
