Re: Report on Virginia Retirement System Internal Asset Management

Dear Governor McAuliffe, Co-Chairman Norment, Co-Chairman Hanger and Chairman Jones:

Pursuant to Item 490 of Chapter 780, 2016 Session Acts of Assembly (the "Appropriation Act"), I am pleased to provide a report on the fiscal 2016 results obtained by the internal investment management program at the Virginia Retirement System ("VRS").

The VRS internal investment management program continues to make an important contribution to the total fund. As of June 30, 2016, the internal investment management team managed a total of \$24.0 billion in assets (excludes the Currency Hedge Account), representing approximately 35.2% of the fund. This amount consisted of \$12.0 billion managed in equity related strategies, and \$12.0 billion managed in fixed income strategies. The following pie chart provides the breakdown between internally and externally managed assets as of June 30, 2016. In addition, I

am attaching, as a supplementary exhibit, a schedule that shows the various investment mandates being managed internally by VRS staff at fiscal year end.

The VRS Board of Trustees has established certain external benchmarks for evaluating portfolio managers and believes that intermediate time frames of 3 to 5 years are most useful for evaluating performance. I am pleased to report that the internally managed funds continued to demonstrate strong performance relative to policy benchmarks across both the 3 and 5 year periods ending on June 30, 2016, as demonstrated in the following table. We estimate that the value added to the total fund from these excess returns over the last 10 years is approximately \$932 million.

IAM Track Record as of June 30, 2016			
		3 Years	5 Years
Equity Mandates	Portfolio	9.6%	10.4%
	Benchmark	8.7%	9.0%
	Excess	0.9%	1.4%
Fixed Income Mandates	Portfolio	4.4%	4.1%
	Benchmark	4.1%	3.8%
	Excess	0.3%	0.3%

In addition to strong performance relative to policy benchmarks, the internal asset management team continues to operate at a low level of cost when compared to fees that would be charged by outside managers who offer similar strategies. By managing these strategies internally, VRS is saving approximately \$23 million annually based on an outside consultant's analysis. (The consultant provides benchmarking information for large pools of capital including pension funds, endowments/foundations and sovereign wealth funds and serves over 350 blue-chip corporate and government clients worldwide.)

The Honorable Terence R. McAuliffe, The Honorable Thomas K. Norment, Jr., The Honorable
Emmett W. Hanger, Jr., and The Honorable S. Chris Jones

The Board of Trustees is proud of the efforts and results of the internal asset management team at
VRS, and we are confident that the fund will continue to benefit from their work in the years ahead.

Sincerely,
