Annual Report on State Jobs Eliminated Due to Privatization

Section 2.2-203.2:1 of the Code of Virginia requires the Secretary of Administration to report "to the Governor and the General Assembly on the number of state jobs eliminated in the immediately preceding fiscal year due to the privatization of commercial activities to a commercial source. As used in the section, 'commercial activities' and 'commercial source' shall mean the same as those terms are defined in § 2.2-2620."

Agencies reported to the Department of Human Resource Management that two positions were privatized during fiscal year 2016.

- George Mason University transitioned Print Services Shop work to Canon Inc.
 - Two Printing Technician III positions were eliminated. One of the actions was Layoff: Severance & Placement and one was Layoff: Severance Only.

Please let me know if you need additional information or if you have questions about this report.
