Voluntary Contributions: Amounts Collected for 2013-2015

Introduction

In 2004, the General Assembly enacted House Bill 1486 (2004 *Acts of Assembly*, Chapter 649), which limited the number of organizations qualifying for voluntary contributions to 25, and required that organizations receive at least \$10,000 in voluntary contributions annually for at least three consecutive years in order to continue to be included on the individual income tax return.

In 2005, the General Assembly clarified this requirement by passing House Bill 2303 (2005 *Acts of Assembly*, Chapter 860). This bill created a new process for limiting the voluntary contributions listed on the Virginia individual income tax return. As required by the 2004 legislation, the number of contributions is limited to 25, and all entities eligible to receive voluntary contributions must receive at least \$10,000 in each of the three previous taxable years for which there is complete data and for which the entity is listed on the individual income tax return. In addition, each new entity is required to be listed on the individual income tax return for three consecutive taxable years before the \$10,000 requirement is applied to it.

At the time that these changes were made, a survey of the other states that impose a broad-based income tax on individuals showed that Virginia, with 27 voluntary contributions, had by far the most voluntary contributions. The average number of voluntary contributions per state at that time was six.

Impact of Virginia 529 Contributions

In 2013, the General Assembly enacted House Bill 2145 and Senate Bill 1220, which became effective January 1, 2014. This legislation allowed an individual to designate that his individual income tax refund, or a portion thereof, be deposited into one or more Virginia College Savings Plan ("Virginia 529") accounts. The Department believes that the decrease in contributions to nonprofit organizations and the large number of organizations that were removed from the Taxable Year 2016 return was most likely due to taxpayers allocating their refunds to Virginia College Savings Plan accounts instead of nonprofit organizations.

The following table indicates that the total amount of all contributions has increased in the last three years, while the amount of voluntary contributions to nonprofits has decreased significantly since Taxable Year 2013.

	Voluntary Contributions to Nonprofits		VA 529 Contributions		Total Contributions
	Amount of Contributions	Number of Returns	Amount of Contributions	Number of Returns	
Taxable Year 2010	\$1,046,281	42,250	N/A	N/A	\$1,046,281
Taxable Year 2011	\$959,849	40,836	N/A	N/A	\$959,849
Taxable Year 2012	\$872,682	37,247	N/A	N/A	\$872,682
Taxable Year 2013	\$802,844	33,445	N/A	N/A	\$802,844
Taxable Year 2014	\$398,702	14,589	\$452,077	775	\$850,779
Taxable Year 2015	\$345,398	12,154	\$586,283	975	\$931,681

From Taxable Year 2013 to Taxable Year 2014, the number of contributors to nonprofit organizations decreased by 56 percent and the total amount contributed to nonprofit organizations decreased by 50 percent. From Taxable Year 2014 to Taxable Year 2015, the number of contributors to nonprofit organizations decreased by an additional 16 percent and the total amount contributed to nonprofit organizations decreased by 13 percent. No nonprofit organization received more contributions in Taxable Year 2014 or Taxable Year 2015 than it received in the prior year. Meanwhile, the amount of contributions to Virginia 529 Plan accounts continued to increase in Taxable Year 2015. It appears that the inclusion of the Virginia 529 Plan as a refund option negatively impacted the number and amount of contributions to nonprofit organizations in both years.
