Annual List Maintenance Report

July 1, 2013 – June 30, 2014

Executive Summary

The Department of Elections (ELECT) is pleased to report to the members of the Privileges and Elections Committees of the Virginia General Assembly in accordance with the Code of Virginia sections § 24.2-404 (F) and § 24.2-404.4 which requires the State Board of Elections (SBE) to report annually on each of its activities undertaken to maintain the Virginia voter registration system.

The SBE and ELECT are charged by federal and state law to maintain a central voter registration database. § 24.2-404 charges the SBE and ELECT with maintaining a “complete, separate, and accurate record of all registered voters in the Commonwealth.” Virginia was a leader in this area as one of the first states in the country to introduce a centralized voter registration database. In 2007, the state introduced the Voter and Election Registration Information System (VERIS) which expanded the database to include other processes handled by the SBE such as candidate and petition processing as well as list maintenance reporting. One such report is derived from VERIS and posted monthly on our website. The report documents Virginia’s registration statistics and can be found here:

Virginia maintains its voter registration list through a variety of processes. Each of those processes is introduced below, along with references to the section of the Code of Virginia whereby ELECT and SBE derive their authority to conduct such activities.

Maintaining an accurate list of registered voters requires using a mix of General Fund and federal dollars granted to Virginia through the Help America Vote Act (HAVA). Virginia is soon to run out of the HAVA funds granted and these activities will need to be maintained solely with General Funds. For example, SBE spent \$53,226 on vendor and printing costs for its 2013 confirmation mailing (described in detail below). SBE spent an additional \$81,882 on postage to mail the federally required annual mailing. The next confirmation mailing went out in early July 2014. Postage costs are just under \$153,000 for this mailing and printing costs are approximately \$45,000 for the most recent mailing. ELECT also participates in the Electronic Registration Information Center Project (ERIC) and the Interstate Voter Registration Crosscheck program which are also detailed below.

Virginia is a national leader in comparing our voter registration data against other states as evidenced by being one of only a few states to participate in both programs; however, our membership plus printing and postage for the mailings required for these programs cost in excess of \$300,000 annually. These costs are tangible, but the increase in processes required to perform these list maintenance activities require hiring additional skilled technical staff which can process the data, analyze it, and provide it to the local general registrars through our central voter registration database. Other activities such as felon, death, and non-citizen maintenance activities

are also discussed below and do not have a specific dollar figure attached, but require a significant portion of staff time.

ELECT relies heavily on local electoral boards, general registrars, and their staff to ensure an accurate list. More and more is being asked of our local voter registration offices to accurately and timely process data reviewed and analyzed by ELECT and loaded into the database. Our successes in maintaining our list would not be possible without their involvement and outstanding dedication and hard work.

Of note, on July 1, 2014, the Code of Virginia established the Department of Elections as a separate entity from the SBE. SBE and ELECT are used interchangeably throughout the report. During the timeline of the report however, ELECT did not yet exist.

Confirmation Mailings

Pursuant to state (§ 24.2-428) and federal law, SBE conducts an annual address match of Virginia's voters against records in the United States Postal Service's (USPS) National Change of Address (NCOA) registry. The NCOA database consists of information reporting change of address requests submitted by individuals to the USPS when moving. The USPS records the change of address requests and shares that information with commercial vendors for a variety of purposes.

The SBE annually submits the entire list of registered voters to a vendor to determine if any voters have submitted a change of address with the USPS. Voters who have a standing change of address with the USPS are then sent a confirmation mailing to the last known Virginia address asking the voter to verify their address or request cancellation of the voter's record. Voters are provided a postage prepaid envelope where the voter can respond confirming that his/her address did or did not change and requesting the general registrar to cancel his/her registration, if appropriate.

Voters who do not respond to the notice within 30 days are moved to an inactive status. Those voters will then be removed from the rolls if they fail to vote over a period of two federal elections (2 to 4 years). The SBE completed its most recent annual National Change of Address match in August 2013. Approximately, 287,733 voters were mailed a confirmation notice. As a result of this process, approximately 193,500 voters were moved from active to inactive status in August 2013.

Following each federal election, SBE will cancel those individuals who have been on the inactive list without voting for a period of two federal elections. Following the 2012 General Election, SBE cancelled approximately 202,804 inactive records from the voter rolls.

Comparison of Data with Other States

When a voter moves out of state and registers to vote in their new state, the voter should indicate to the new state that they were previously registered in Virginia. The new state should then notify Virginia that the voter wants to cancel their Virginia voter registration. This process is extremely slow, relies on self-reporting by voters and other states, and it is prone to errors.

The Code of Virginia section § 24.2-404.4 requires the SBE to attempt to establish a data sharing relationship with the neighboring states to maintain the accuracy of the voter registration list.

The SBE participates in the Interstate Voter Registration Crosscheck Program (Crosscheck) run by the State of Kansas. Each January, the participating states share their voter registration lists and receive back a list of potential duplicate registrations. In January 2014, 28 states shared approximately 101,000,000 records. Participating states included North Carolina, Tennessee, Kentucky, West Virginia, Massachusetts, Pennsylvania, South Carolina, Georgia, Ohio, Michigan, Indiana, Illinois, Mississippi, Louisiana, Arkansas, Missouri, Iowa, South Dakota, Nebraska, Kansas, Oklahoma, Colorado, Arizona, Nevada, Idaho, Washington and Alaska. As a result of this match, the SBE identified 49,566 registered voters who appear to have registered in one of the other states after their last date of activity in Virginia.

The SBE also participates in the Electronic Registration Information Center (ERIC) and starting sharing data with this program on a regular basis in January 2014. States participating in ERIC include Maryland, Delaware, Colorado, Utah, Nevada and Washington. The District of Columbia (DC) and Minnesota are in the process of joining ERIC at this time. During the period of this report, 10,184 voters were identified as having registered in one of the other states after their last date of activity in Virginia.

Each of these voters identified in these two programs was entered into the confirmation process provided for in the National Voter Registration Act (NVRA) and in the Code of Virginia section § 24.2-428 and will receive a confirmation mailer at their Virginia address and a cancellation request mailer at their out-of-state address in July-August 2014.

In addition, the SBE worked directly with DC in the fall of 2013 and identified 3,718 voters registered in both Virginia and DC. These voters were marked for confirmation on Virginia's voter registration list and will be receiving a confirmation mailer at their Virginia address in July-August 2014.

The Crosscheck program does not have a direct fee associated with it, however, the initial data back from Crosscheck requires substantial agency handling to determine what data is usable and what data is not usable. The ERIC program had a \$100,000 membership fee during the last membership cycle. That cost will go down with each new state that comes on board and the data quality from the ERIC program is significantly better than with the Crosscheck program.

While the membership cost for ERIC is expected to go down, membership in ERIC requires the SBE to reach out to voters identified as having incorrect information and to individuals who are not yet registered to vote, but appear to be eligible.

From July 1, 2013 – June 30, 2014, 70,147 voters were cancelled after registering to vote in another state.

Felon Records

Felon records are received by the SBE from two sources:

- § 24.2-409 requires the Virginia State Police (VSP) Central Criminal Record Exchange (CCRE) to provide the SBE with monthly lists of felony convictions. This section of the Code of Virginia also requires CCRE to provide SBE with an annual list of all felony convictions.
- NVRA requires that the U.S. Attorney's Offices provide SBE with felony conviction information on the federal level. § 24.2-409.1 requires SBE to share this information with the local general registrars.

Each month, the data from CCRE downloaded from the VSP and is loaded into the Virginia voter registration system. The federal felony conviction information is received on paper at the SBE, and SBE staff enters the conviction information into the voter registration system. The records are matched against existing registered voters and any potential matches are provided to the responsible local general registrar for further review and processing.

In addition, in August 2013, the SBE obtained the entire felon dataset from CCRE, containing approximately 16,000,000 records. This information was loaded into the voter registration system and any matched records were provided to the responsible local general registrar for further review and processing.

From July 1, 2013 – June 30, 2014, 7,227 voters were cancelled after a felony conviction was reported to the SBE.

Mentally Incapacitated Adjudications

Pursuant to § 24.2-410 of the Code of Virginia, the clerks of the circuit courts send the SBE a paper-based monthly report indicating any individuals who were adjudicated mentally incapacitated. SBE staff enters the information into the voter registration system and the records are matched against existing registered voters. Any potential matches are provided to the responsible local general registrar for further review and processing.

From July 1, 2013 – June 30, 2014, 388 voters were cancelled after a mentally incapacitated adjudication was reported to SBE.

Non-Citizen Records

The Code of Virginia section § 24.2-410.1 requires the Department of Motor Vehicles (DMV) to ask its applicants if they are a citizen or not. If the applicant indicates that they are not a citizen, the DMV provides their information to the SBE. SBE matches the information to the voter registration list and any potential matches are provided to the responsible local general registrar for further review and processing.

The Code of Virginia section § 24.2-427 B authorizes ELECT to use of the Department of Homeland Security's Systematic Alien Verification for Entitlements Program (SAVE Program) for purposes of verifying citizenship status. ELECT has established a memorandum of understanding with DHS and is now working to setup required training for its staff members on the use of the system. ELECT expects that the SBE will have to establish regulations for the use of the SAVE Program. In addition, there is pending litigation in Florida over the use of the SAVE Program for voter registration purposes that ELECT is keeping a close eye on.

ELECT will also be issuing a letter to the clerks of the courts in Virginia that, among other things requests that they grant access to the general registrars the list of potential jurors who declare themselves to not be a citizen.

From July 1, 2013 – June 30, 2014, 434 voters were cancelled after declaring themselves to be a non-citizen.

Death Records

Two sections of code provide instruction to the SBE in regards to ensuring that voters who have died are removed from the voter registration list in a timely manner:

- § 24.2-404.3 requires the SBE to conduct a match of the voter registration list against the list of deceased persons maintained by the Social Security Administration (SSA). The SSA distributes its death records through the U.S. Department of Commerce's National Technical Information Service (NTIS). The SBE subscribes to a monthly update data service from the NTIS so that it can obtain this data.
- § 24.2-408 requires the Bureau of Vital Statistics at the Virginia Department of Health (BVS) to provide to the SBE with a monthly list of those who have died in the previous month. Currently, the BVS uploads a monthly file to the SBE containing these records.

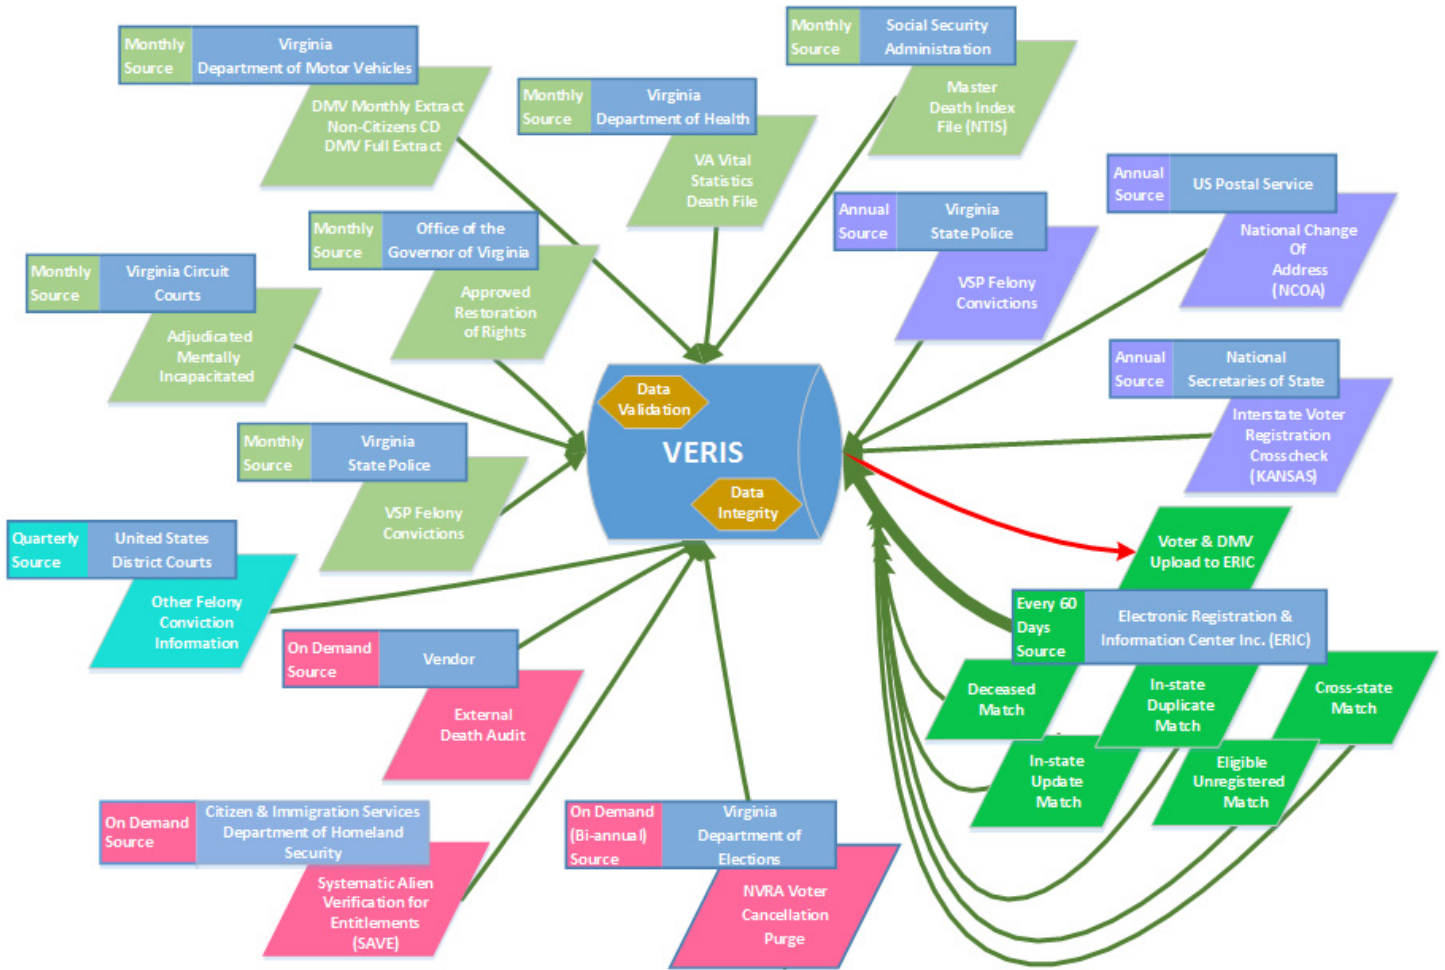

Each month, the data from NTIS and BVS is loaded into the Virginia voter registration system. The records are matched against existing registered voters and any potential matches are provided to the responsible local general registrar for further review and processing.

The SBE also receives a death report from the Electronic Registration Information Center (ERIC) every 60 days. ERIC also subscribes to the NTIS data and compares Virginia's data to the SSA data. In addition, ELECT conducted a death records audit in August 2013 using a vendor. Death records identified by the ERIC process and the death audit process are also provided to the responsible local general registrar for further review and processing.

The SBE pays \$2,730 for its annual subscription for the SSA data. The BVS data is provided free of charge. The ERIC program had a \$100,000 membership fee its first year, but the death report is one of several reports that the SBE receives from ERIC. The death audit cost the SBE \$12,393.

From July 1, 2013 – June 30, 2014, 46,049 voters were cancelled due to having been identified as deceased.
