VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

This section of the annual financial report of the Virginia College Building Authority (“the Authority”) presents an analysis of the Authority’s financial performance during the fiscal year that ended on June 30, 2017. This information should be considered in conjunction with the information contained in the financial statements, which follow this section.

Authority Activities and Highlights

The Virginia College Building Authority is authorized to issue revenue bonds and notes to finance (1) capital projects of public institutions of higher education under the Pooled Bond Program; (2) capital projects of public institutions of higher education under the 21st Century College and Equipment Programs; and (3) loans to private, non-profit institutions of higher education within the Commonwealth.

Under the Pooled Bond Program, bonds of the Authority are secured by notes of participating institutions of higher education to which the general revenues of the college or university have been pledged. During the year, the Authority issued \$231.9 million of bonds under this Program.

The 21st Century Program and the Equipment Program were established in 1996 and 1986, respectively, and provide financing for state-supported institutions of higher education. The 21st Century Program provides funding for capital projects designated by the General Assembly. The Equipment Program provides funding for educational equipment. Bonds for both programs are payable from amounts to be appropriated by the General Assembly, and are frequently issued together as a single 21st Century College and Equipment Programs offering. During the year, the Authority issued \$248.4 million of bonds under this Program.

The Authority is also authorized to issue conduit revenue bonds and notes to finance educational projects through loans to private, non-profit institutions of higher education within the Commonwealth. Since these financings are not obligations of the Commonwealth, they are not included in these financial statements. However, for informational purposes only, a Schedule of Outstanding Bond Issues for Private Colleges and Universities is included on page 19 of this report.

Overview of the Financial Statements

This discussion and analysis is an introduction to the Authority’s basic financial statements, which are comprised of two components: 1) combined government-wide and fund financial statements and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities are two basic financial statements that report information about the Authority as a whole. The data is reported using the accrual basis of accounting, and provides insight as to whether or not the Authority’s total financial position has improved as a result of the current year’s activities.

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

The Statement of Net Position presents all of the Authority's assets and liabilities, with the difference between the two reported as "net position." Over time, increases and decreases in net position measure whether the Authority's financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying events giving rise to the change occur, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in these statements for some items that will only result in cash flows in future fiscal periods (e.g. receipt or payments on long-term debt obligations).

Both statements report governmental activities. The financial information in this section is related to Authority programs backed by appropriations from the Commonwealth and by note obligations from institutions of higher education. This includes the Authority's 21st Century College and Equipment Programs and Pooled Bond Program.

Fund Financial Statements

The fund financial statements provide detailed information about the major individual funds. A fund is a fiscal and accounting entity with a self-balancing set of accounts that the Authority uses to keep track of specific sources of funding and spending for a particular purpose.

All of the Authority's activity is reported in Governmental Funds Financial Statements. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental funds financial statements focus on near-term inflows and outflows of spendable resources. This approach is known as using the current financial resources measurement focus and the modified accrual basis of accounting. These statements provide a detailed short-term view of the Authority's finances that assists in determining whether there will be adequate financial resources available to meet the current needs of the Authority.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities. These reconciliations are presented in the adjustment column in each of the financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements.

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Government-wide Financial Analysis of the Authority

The primary purpose of the Authority is to provide a vehicle for financing capital and equipment needs for state supported institutions of higher education. The Department of the Treasury provides staff support for the Authority. Consequently, the only operating costs are those attributable to its financing programs, which are paid from bond proceeds. The Authority owns no capital assets.

**Condensed Statement of Net Position
(in millions)**

	2017	2016
Current assets	\$ 285	\$ 600
Noncurrent assets	1,443	1,572
Total assets	1,728	2,172
Total deferred outflows	26	27
Current liabilities	645	685
Noncurrent liabilities	5,033	5,339
Total liabilities	5,678	6,024
Net position (deficit):		
Restricted	-	253
Unrestricted	(3,924)	(4,078)
Total net position (deficit)	\$ (3,924)	\$ (3,825)

Net position decreased by \$99 million, or 3%, in fiscal year 2017 as compared to fiscal year 2016. The 21st Century College and Equipment Programs comprise the majority of the Authority's net position. During the year the Authority spent \$574 million on disbursements to institutions and on bond interest expenses. Offsetting revenues were only \$477 million. The Authority's total assets decreased by \$444 million, or 20%, primarily attributable to a \$280 million decrease in the 21st Century College and Equipment Programs' assets and a \$164 million decrease in the Pooled Bond Program's total assets. Decreases in assets were primarily driven by program disbursements exceeding program receipts. Decreases in liabilities under the Pooled Bond Program offset the Pooled Bond asset decrease, leaving a minimal change in Pooled Bond net position, while liabilities under the 21st Century College and Equipment Programs decreased by \$182 million. The decrease in 21st Century liabilities is tied to bonds redeemed and refunded.

Deficit net position reported by the Authority is a function of the reporting of outstanding obligations for the 21st Century College and Equipment Programs without the reporting of the corresponding appropriation receivable from the Commonwealth, which secures these bonds. This is done since future appropriations are not considered available and do not constitute a legally binding commitment, and generally accepted accounting principles do

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

not permit the reporting of these receivables prior to their receipt. The General Assembly has never failed to appropriate funds to the Authority for payment of debt service on the Authority's bonds.

Condensed Statement of Activities
(in millions)

	2017	2016
Revenues:		
Appropriations from the Commonwealth	\$ 400	\$ 348
Other revenues/sources	76	85
Total revenues	476	433
Expenses:		
Interest on long-term debt	200	202
Construction and equipment disbursements	374	555
Other	1	3
Total expenses	575	760
Decrease in net position	(99)	(327)
Net position (deficit) July 1	(3,825)	(3,498)
Net position (deficit) June 30	\$ (3,924)	\$ (3,825)

The increase in revenues of \$43 million, or 10%, is attributable to a \$43 million increase in debt service-related receipts. The decrease in expenses of \$185 million is primarily due to a \$181 million decrease in disbursements to higher education institutions and a decrease of \$4 million in debt service-related disbursements.

Financial Analysis of the Authority's Funds

In the Special Revenue Fund, total assets decreased by \$322 million, or 69%, in fiscal year 2017. This is primarily attributable to current period receipts (comprised of \$86 million in spendable bond proceeds and \$582 million in receipts for debt service) being less than current period expenditures (comprised of \$416 million in disbursements to institutions and \$582 million in debt service expenditures). Liabilities decreased by \$8 million primarily due to lower payables to institutions of \$31 million offset by the addition of a temporary loan of \$39 million. These liabilities generally fluctuate with construction schedules and reimbursement requests.

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Debt Administration

As a financing entity, the whole business of the Authority is debt administration. The Authority issues bonds to finance capital projects approved by the General Assembly of the Commonwealth of Virginia. Depending on the program, certain bonds are secured by obligations of the recipient institutions of higher education; other bonds are secured by amounts to be appropriated by the General Assembly. The table below summarizes bond issuance activity during the year under each program.

**Summary of Authority Bond Obligations
(in millions)**

	21st Century Program - Capital	21st Century Program - Equipment	Pooled Bond Program	Total
Outstanding, 7/1/16	\$ 3,543	\$ 198	\$ 1,675	\$ 5,416
Issued during year	173	75	232	480
Retired during year	(202)	(54)	(104)	(360)
Defeased during year	(193)	-	(247)	(440)
Unamortized premium on bonds	318	-	-	318
Outstanding, 6/30/17	<u>\$ 3,639</u>	<u>\$ 219</u>	<u>\$ 1,556</u>	<u>\$ 5,414</u>

The Authority obtains bond ratings from Moody's Investors Service (Moody's), Standard and Poor's Rating Service (S&P) and Fitch Ratings, Inc. (Fitch). The table below summarizes the ratings on outstanding Authority bonds.

Virginia College Building Authority Bond Ratings

	Moody's	S&P	Fitch
21 st Century College and Equipment Programs	Aa1	AA+	AA+
Pooled Bond Program	Aa1	AA	AA+

Since the Authority's bond programs are either backed by state appropriations (21st Century College and Equipment Programs) or carry the credit support of the State Aid Intercept Provision (Pooled Bond Program), the bond ratings are a direct reflection of the Commonwealth's triple-A rating from each of the three rating agencies.

Future Impact to Financial Position

In August 2017, the Authority issued \$492.7 million in Educational Facilities Revenue Bonds (21st Century College and Equipment Programs) Series 2017C and \$99.9 million in

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Series 2017D. The proceeds will be used to finance certain capital projects at public institutions of higher education in the Commonwealth and pay the costs of issuing the bonds.

In December 2017, the Authority plans to issue Educational Facilities Revenue Bonds, Series 2017A, in the approximate amount of \$103 million, and Educational Facilities Federally Taxable Revenue Bonds, Series 2017B, in the approximate amount of \$24 million, under the Public Higher Education Financing Program (the "Pool Program"). The Authority will use the proceeds of the Series 2017A and 2017B Bonds to acquire Institutional Notes from participating public institutions of higher education. Each participating Institution will use the proceeds of its Institutional Note to finance capital projects approved by the General Assembly

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

AS OF JUNE 30, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Virginia College Building Authority (“the Authority”) was created by the Virginia College Building Authority Act of 1966, Chapter 12, Title 23.1, *Code of Virginia*. The Authority is a public body corporate and a political subdivision, agency, and instrumentality of the Commonwealth. Under this chapter, the Authority is authorized to issue revenue bonds and notes to finance (i) capital projects under the Authority’s Pooled Bond Program, and (ii) capital projects under the Authority’s 21st Century College and Equipment Programs for all public institutions of higher education of the Commonwealth.

Under the Pooled Bond Program, the Authority issues its bonds and uses the proceeds thereof to purchase notes of public institutions of higher education in the Commonwealth. Proceeds are used by the institutions to finance or refinance capital projects approved by the General Assembly. Authority bonds issued under the Pooled Bond Program are secured by payments on the notes to which the institutions have pledged their general revenues. Pooled Bond Program bonds have been issued under a Master Indenture of Trust dated as of September 1, 1997 (“the 1997 Indenture”).

Under the 21st Century College and Equipment Programs, bonds are issued under the Master Indenture of Trust dated December 1, 1996 (“the 1996 Indenture”), which provides for the payment of debt service from amounts to be appropriated by the General Assembly through a payment agreement between the Authority and the Treasury Board. Title to the capital projects financed remains with the Commonwealth.

Pursuant to the Educational Facilities Authority Act, Article 2 of Chapter 12 of Title 23.1, *Code of Virginia*, the Authority is authorized to issue revenue bonds and notes and to use the proceeds thereof to finance educational facilities projects through loans to private, non-profit institutions of higher education within the Commonwealth. Such financings are not obligations of the Commonwealth, but are limited obligations of the Authority payable solely from loan payments made by the private, non-profit institutions of higher education. This indebtedness, therefore, is not included in the financial statements. Total debt outstanding under this program at June 30, 2017 was \$716,325,765. (Detailed information for this program is presented on page 19 in the Supplementary Information section following the Notes to the Financial Statements.)

A separate report is prepared for the Commonwealth of Virginia, which includes all agencies, boards, commissions, and authorities over which the

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

Commonwealth exercises or has the ability to exercise oversight authority. The Authority is a component unit of the Commonwealth of Virginia and is included in the basic financial statements of the Commonwealth.

The accounting and reporting policies of the Authority conform to generally accepted accounting principles applicable to governmental units as prescribed by the Governmental Accounting Standards Board (“GASB”), the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the Authority’s more significant policies.

B. Measurement Focus and Basis of Accounting

The accompanying financial statements are presented using the accounting principles generally accepted in the United States of America as prescribed by GASB. The government-wide statements use the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when they are earned and expenditures are recognized when the related liability is incurred, regardless of the timing of related cash flows. For financial reporting purposes, the Authority defines payables as those items which have been identified by the submitting institutions as payable at June 30 and which have been presented to the Authority for payment by the annually established submission date.

The accompanying governmental funds financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available to fund current operations. Expenditures are recognized when the related fund liability is incurred, except for principal and interest on long-term debt which is recognized when due.

The Authority uses the cash basis of accounting during the year and reports on the accrual and modified accrual basis for financial statement purposes at the end of the fiscal year.

C. Fund Accounting

The activities of the Authority are accounted for in a Special Revenue Fund. The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Special Revenue Fund consists of bond proceeds, bond funds and issuance expense funds. Included are funds established in accordance with the provisions of the 1996 Indenture with the Bank of New York Mellon Trust Company, N.A. for the 21st Century College Program and the Equipment Program revenue bonds issued

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

by the Authority, since their consolidation in 1999. Also included are the outstanding bonds issued under the Authority's Pooled Bond Program.

D. Bond Issuance Costs, Premiums, and Discounts

Costs associated with issuing debt are expensed in the year incurred. The original issue premium or discount, for each bond issuance, is also expensed in the year incurred unless it exceeds 1% of the amount of the bonds issued. In that case, the original issue premium or discount is deferred and amortized, on a straight-line basis, over the life of the outstanding debt. Premiums on Pooled Bonds are allocated to the participating institutions.

E. Budget to Actual Statement

Due to the nature of activity accounted for by the Authority, a budget is not prepared. Therefore, a Statement of Revenues, Expenditures, and Changes in Balances – Budget to Actual is not included in the financial statements.

F. Adjustments

The adjustments column represents the recording of bonds payable liabilities on the Statement of Net Position and the related effect of these transactions on the Statement of Activities. Governmental fund statements do not reflect bonds payable. The non-current portion of bonds payable includes those payments that are not due and payable in the current period.

2. DETAILED NOTES

A. Cash and Cash Equivalents

The Bank of New York Mellon Trust Company, N.A. holds certain deposits and cash equivalents of the Authority as trustee. Other funds of the Authority are invested in the State Treasurer's Local Government Investment Pool. Cash is defined as demand deposits, non-negotiable time deposits and certificates of deposit in accordance with Section 2.2-4401 of the *Code of Virginia*. Cash equivalents are defined as investments with an original maturity of less than three months.

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"). Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice will pledge collateral that ranges in amounts from

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Deposits held by trustees are collateralized in accordance with the Trust Subsidiary Act, Section 6.2-1057 et seq. of the *Code of Virginia*. Under the Act, the affiliate bank delivers securities to the trust department as collateral that is at least equal to the market value of the trust funds held on deposit in excess of amounts insured by federal deposit insurance.

Under a Master Indenture of Trust dated December 1, 1996, and under a Master Indenture of Trust dated September 1, 1997, the trustee is authorized to invest in the following investments: bonds, notes and other obligations issued or guaranteed by the United States government; bonds, notes and other evidences of indebtedness of any state of the United States of America or any locality of any state of the United States of America that meet the requirements of *Code* Sections 2.2-4500 and 2.2-4501A.3; and investments made pursuant to the Investment of Public Funds and Local Government Investment Pool Act. At June 30, 2017, The Bank of New York Mellon Trust Company, N.A., which currently serves as trustee for both Indentures, maintained \$147,669,799 in cash and cash equivalents for the Authority. The Authority also directly held cash equivalents of \$32,960 for a total invested balance of \$147,702,759.

At June 30, 2017, the Authority's funds were held in the Local Government Investment Pool, the State Non-Arbitrage Program[®], and other money market funds. All investments of the Authority are rated AAAM by Standard and Poor's. Details of the Authority's investments are presented in the following schedule.

Summary of Cash and Cash Equivalents
As of June 30, 2017

Cash and cash equivalents:	
State Non-Arbitrage Program [®] ⁽¹⁾	\$ 51,553,069
Local Government Investment Pool ⁽²⁾	93,081,620
Money Market Funds ⁽³⁾	1,370,107
Cash	1,697,963
Total cash and cash equivalents	\$ 147,702,759

⁽¹⁾ The Virginia State Non-Arbitrage Program[®] (SNAP[®]) offers a professionally-managed money market mutual fund, which provides issuers with a temporary pooled investment vehicle for proceeds pending expenditure, and with record keeping, depository and arbitrage rebate calculation services. SNAP[®] is in compliance with all of the standards of GASB Statement No. 79 and elects to report its investments for financial reporting at amortized cost. Participants in SNAP[®] should also report their investments in SNAP[®] at amortized cost. SNAP[®] is rated 'AAAM' by Standard & Poor's rating service.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

(2) The Local Government Investment Pool (LGIP) enables governmental entities to maximize their return on investments by providing for a State administered fund where monies can be commingled for investment purposes in order to realize the economies of large-scale investing and professional funds management. The LGIP is managed in accordance with the requirements of Governmental Accounting Standards Board (GASB) Statement No. 79. The LGIP is in compliance with all of the standards of GASB Statement No. 79 and elects to report its investments for financial reporting at amortized cost. Participants in the LGIP should also report their investments in the LGIP at amortized cost. The LGIP is rated 'AAAm' by Standard & Poor's rating service.

(3) The Authority invests certain short-term cash balances held within its accounts in the Fidelity Treasury Money Market. This is an open-ended mutual fund registered under the Investment Company Act of 1940. The fund maintains a policy of investing all their assets in U.S. Treasury obligations and repurchase agreements backed by those obligations. These funds are reported at amortized cost, which approximates fair value.

B. Notes Receivable

Under the Authority's Pooled Bond Program, note payments made by the public institutions of higher education under the terms of note agreements between the Authority and the institutions provide for the payment of debt service on the Pooled Bonds. A summary of future minimum note payments due from the institutions is shown in the schedule below.

Future Minimum Note Payments Due from Institutions
As of June 30, 2017

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

C. Due from the Federal Government

The America Recovery and Reinvestment Act of 2009 permits the Authority to issue federally taxable bonds known as "Build America Bonds" to finance capital expenditures. Under the "Build America Bond" program, instead of issuing federally tax-exempt bonds, the Authority can issue federally taxable Build

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

America Bonds and elect to receive a subsidy payment from the federal government equal to 35% of each interest payment due semiannually on such taxable bonds. The Authority has issued three such series of bonds, beginning in fiscal year 2010 (the 21st Century College and Equipment Programs Series 2009F and 2010B, and the Pooled Bond Program Series 2010A). Therefore, the Authority is accruing a receivable from the federal government for the subsidy payments which will be due on August 1, 2017 (21st Century Bonds) and September 1, 2017 (Pooled Bonds). As a result of the Federal Sequestration, the actual August 1, 2017 payment was reduced by 6.9% and the corresponding accrual was adjusted to reflect this reduction. It should be noted that the subsidy payments have not been pledged to the payment of the Build America Bonds, and the subsidy payments are not full faith and credit obligations of the United States. As such, future debt service payments have been reflected in these financial statements at their gross amounts, without consideration of possible future subsidy payments.

D. Due to Higher Education Institutions

Bonds were issued under the Pooled Bond Program and the proceeds of these bonds were used to purchase institutional notes from various public institutions of higher education. These institutions in turn will use the proceeds of the notes to finance capital projects. Therefore, the unspent portion of the note proceeds still held by the trustee at June 30, 2017 in the Special Revenue Fund is reflected as “due to higher education institutions” in the government-wide statements. Amounts reflected as “due to higher education institutions” in the fund financial statements represent normal year-end payables to institutions as a result of on-going operations.

E. Allocation Payable

In past fiscal years, the Authority has issued bonds to support the General Assembly allocations to finance the purchase of equipment at public institutions of higher education. The Authority is committed by this to reimburse institutions of higher education for the cost of equipment from its cash and investments

In fiscal year 2017, institutions purchased and obtained reimbursement for \$5,645,296 in equipment, relating to the FY 2017 allocation, leaving \$79,824,704 of this allocation outstanding at June 30, 2017. Institutions purchased and obtained reimbursement for \$67,763,584 in equipment, relating to the FY 2016 allocation, leaving \$2,817,737 of this allocation outstanding at June 30, 2017. Institutions also purchased and obtained reimbursement for \$2,296,939 in equipment related to the FY 2015 allocation leaving \$532,542 of this allocation outstanding at June 30, 2017. The FY 2014 and 2013 allocations continue to have balances of \$497,109 and \$2,419, respectively, outstanding at June 30, 2017 as no additional reimbursements against these allocations occurred in FY 17. Amounts reflected as “allocation payable” in the government-wide and fund

financial statements represent normal year-end payables to institutions as a result of on-going operations.

F. Long-Term Indebtedness

Changes in Long-Term Debt - The following is a summary of changes in long-term debt of the Authority for the year ended June 30, 2017.

Payable at July 1, 2016	\$ 5,723,564,824
Bonds issued	480,275,000
Bonds retired	(360,180,000)
Bonds refunded	(440,120,000)
Premium on bonds sold	43,089,094
Annual amortization of premium on bonds sold	(32,748,605)
Bonds payable at June 30, 2017	\$ 5,413,880,313

The schedule below reflects the amounts needed to amortize long-term debt.

Annual Requirements to Amortize Long-Term Debt
As of June 30, 2017

Year Ending June 30	Principal	Interest	Total
2018	\$ 354,325,000	\$ 216,171,922	\$ 570,496,922
2019	356,545,000	204,441,934	560,986,934
2020	350,520,000	187,699,193	538,219,193
2021	359,325,000	171,326,834	530,651,834
2022	347,710,000	154,638,576	502,348,576
2023-2027	1,599,255,000	546,866,620	2,146,121,620
2028-2032	1,256,435,000	229,159,319	1,485,594,319
2033-2037	424,760,000	40,927,268	465,687,268
2038-2042	36,440,000	5,345,551	41,785,551
2043-2047	10,075,000	642,275	10,717,275
Add: Unamortized			
Premium	318,490,313	-	318,490,313
Total	\$5,413,880,313	\$1,757,219,492	\$ 7,171,099,805

G. Temporary Loan Payable

During fiscal year 2017, construction bonds for the 21st College and Equipment Program were issued, but spending outpaced available bond proceeds. The Authority determined that it would be prudent to wait to issue the next series of bonds for this program until the beginning of the next fiscal year. In order to meet the short-term needs of the Authority until the bonds could be issued, the Authority obtained a temporary loan from the Commonwealth in the amount of

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

\$39,191,331. Proceeds from the loan were used to reimburse institutions for expenses incurred in accordance with existing appropriations and allocations. The loan was repaid in its entirety in August 2017 when the 2017C 21st Century College and Equipment Programs bonds were issued.

H. Defeasance of Debt

From time to time, when interest rates indicate that it would be favorable to do so, the Authority has issued refunding bonds to defease outstanding bonds. These refundings have placed the proceeds of the new bonds in irrevocable trusts with escrow agents to provide for all future debt service on the defeased bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included on the Authority’s financial statements.

In accordance with Governmental Accounting Standards Board (GASB) Statement 23, “Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities,” as amended by GASB Statement No. 65, “Items Previously Reported as Assets and Liabilities,” the difference between the reacquisition price and the net carrying amount of the bonds defeased with refunding debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of Interest and Fiscal Charges over the shorter of the remaining life of the refunded debt or the life of the new debt. However, the deferral amount for the Pooled Bond Program has been allocated to the participating institutions and is therefore not reflected in the Authority’s financial statements.

The Authority issued two series of refunding bonds in fiscal year 2017. The schedule below reflects the refunding activity during the year.

Refunding Bonds Issued During Fiscal Year 2017

Program	Refunding Issue	Refunded Issue	Maturities Defeased	Amount Defeased
Pooled	2016A	2006A	2024-28	\$ 37,810,000
Pooled	2016A	2007A	2026-37	52,910,000
Pooled	2016A	2009B	2020-39	156,425,000
21st Century	2017B	2006BC	2018-26	70,930,000
21st Century	2017B	2007A	2018-22	39,380,000
21st Century	2017B	2011A	2018, 2023-28	<u>82,665,000</u>
Total Defeased, FY 2017				<u>\$ 440,120,000</u>

The issuance of the Authority’s Series 2016A Pooled Program refunding bonds refunded three series of the Authority’s bonds as reflected on the above schedule.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

This defeasance resulted in an accounting loss of \$15,830,000. Total debt service payments over the next 24 years will be reduced by \$43,046,653 resulting in a present value savings of \$35,811,996 discounted at the rate of 1.8808526 percent.

The issuance of the Authority's Series 2017B 21st Century Program refunding bonds refunded three series of the Authority's bonds as reflected on the above schedule. This defeasance resulted in an accounting loss of \$1,507,000. Total debt service payments over the next 11 years will be reduced by \$16,623,508 resulting in a present value savings of \$16,146,444 discounted at the rate of 1.5314650 percent.

At June 30, 2017, \$803,300,000 of bonds outstanding are considered defeased for financial reporting purposes.

I. Deficit Net Position

Generally accepted accounting principles direct that governmental funds recognize revenues in the accounting period in which they become both measurable and available to finance expenditures of the fiscal period. Under the 21st Century College and Equipment Programs, bonds issued under the Master Indenture of Trust dated December 1, 1996 are secured by General Assembly appropriations through a payment agreement between the Authority and the Treasury Board. Because future appropriations are not considered available and do not constitute a legally binding commitment, the Authority ended the year with a fund deficit of \$3,923,963,157. The General Assembly has never failed to appropriate funds to the Authority for payment of debt service on the Authority's bonds.

J. Subsequent Events

In August 2017, the Authority issued \$492.7 million in Educational Facilities Revenue Bonds (21st Century College and Equipment Programs) Series 2017C and \$99.9 million in Series 2017D. The proceeds will be used to finance certain capital projects at public institutions of higher education in the Commonwealth and pay the costs of issuing the bonds.

In December 2017, the Authority plans to issue Educational Facilities Revenue Bonds, Series 2017A, in the approximate amount of \$103 million, and Educational Facilities Federally Taxable Revenue Bonds, Series 2017B, in the approximate amount of \$24 million, under the Public Higher Education Financing Program (the "Pool Program"). The Authority will use the proceeds of the Series 2017A and 2017B Bonds to acquire Institutional Notes from participating public institutions of higher education. Each participating Institution will use the proceeds of its Institutional Note to finance capital projects approved by the General Assembly.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

K. Risk Management

The Authority is exposed to various risks of loss related to torts; theft or, damage to, and destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The Department of the Treasury participates in insurance plans maintained by the Commonwealth of Virginia on behalf of the Authority. The state employee health care and worker's compensation plans are administered by the Department of Human Resource Management and the risk management insurance plans are administered by the Department of the Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The Department of the Treasury pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

(a) "Yield" refers to the NIC in most cases, to the TIC when available, and to the Arbitrage Yield in other cases.

(b) The prior year outstanding balance has been adjusted to 0. The \$85 million issue was a commercial paper issue. Based on the issue date, the commercial paper would have matured during FY 16 (in 270 days or less) and should have been recorded as "Issued (Retired) During Year" in FY 16, thus creating an Outstanding amount of 0.

VIRGINIA COLLEGE BUILDING AUTHORITY
Richmond, Virginia
