### Quarterly Report on Construction Procurement (Oct. 1, 2016 – Dec. 31, 2016)

March 1, 2017

The Department of General Services (DGS) was directed by the legislature to perform a Construction Procurement Survey and provide Quarterly and Annual Construction Procurement Reports as indicated in Chapter 760, 2015 Acts of the Assembly, excerpted below:

4. That all public bodies as defined in § 2.2-4301 of the Code of Virginia, including public institutions of higher education, shall submit a written report to the Director of the Department of General Services (the Director) for any non-transportation-related construction project in excess of \$2 million that was procured by any method other than competitive sealed bidding. Such report shall be in a form and manner prescribed by the Director after consultation with the contractor community and state and local government procurement officials. The report, at a minimum, shall identify the justification for the procurement method chosen and contain such other information deemed necessary or appropriate by the Director, including whether or not the procurement meets the standards as set forth by the Secretary of Administration guidelines. The Director shall (i) report such information quarterly to the Chairmen of the House Committee on General Laws and the Senate Committee on General Laws and Technology and (ii) post such reports on the Department of General Services' central electronic procurement website. In addition, on or before December 1 of each year, the Director shall submit an annual report to the Governor and the Chairmen of the House Committee on General Laws and Senate Committee on General Laws and Technology that includes (a) the Director's evaluation of and findings regarding the methods of procurement used for such construction procured by designbuild or construction management at risk method and (b) any recommendations for the improvement of (1) the method of procuring construction generally and (2) the Virginia Public Procurement Act (§ 2.2-4300 et seq. of the Code of Virginia).

This report addresses projects initiated July 1, 2015 – December 31, 2016 (i.e., for Construction Management at Risk and Design-Build procurements, a Request for Proposal was issued between July 1, 2015 – December 31, 2016). Please note that this quarterly report is an abbreviated version of the annual report; additional details and recommendations will be provided on the annual report due December 1, 2017.

The overall reporting rates on the survey are:

Entity Type	Current	Prior
	quarter	quarter
State Agencies	78%	86%
Cities and Counties	83%	76%
Towns	39%	32 %
State-established Boards, Authorities,		
and Commissions	41%	38 %
Locally-established Boards, Authorities, and		
Commissions	58%	44 %
Overall reporting rate, all types	60%	54%

The overall survey <u>registration rates</u> of known public bodies with construction procurement authority for this reporting period is 71% (compared to 66% for the prior reporting period).

The overall survey <u>reporting rates</u> of the 421 entities <u>who registered</u> as of this reporting period is 86% (compared to 82% of the 389 entities who registered as of the prior reporting period).

The group which completed the required survey includes the majority of larger state and local entities likely to spend significant amounts on construction. The overall reporting rate for the primary construction procurement entities (state, city, and county) is 82%.

From those entities responding to the survey, the following information can be reported on the use of alternate procurement methods:

Alternate procurement method	# projects reported this	# unique projects all
	quarter	reporting periods
Construction Manager at Risk	9	19
Design Build	2	10
Energy Savings Contracts	1	6
PPEA – CM at Risk	0	1
PPEA – Design-Build	1	4
Totals	13	40

#### Reported Use of Construction Manager at Risk (CM@Risk) Procurement:

Entities reported nine projects using the CM@Risk method of procurement. See attached for distribution of construction cost, justifications provided, and guidelines utilized.

#### Reported Use of Design-Build (DB) Procurement:

Entities reported two projects using DB procurement. See attached for distribution of construction cost, justifications provided, and guidelines utilized.

#### **Reported Use of Energy Savings Contract (ESCO) Procurement:**

Entities reported one project using ESCO procurement. See attached for distribution of construction cost, justifications provided, and guidelines utilized.

#### Reported Use of PPEA - Construction Manager at Risk (CM@Risk) Procurement:

No entities reported the use of the CM@Risk method of procurement under a PPEA agreement.

#### Reported Use of PPEA – Design-Build Procurement:

One entity reported the use of the Design-Build method of procurement under a PPEA agreement.

#### Reported Use of Job Order Contracting (JOC):

No entities reported the use of JOC.

#### **Overall Recommendations:**

No additional data has been received that would change the recommendations included in the annual report dated December 1, 2016.

Christopher L. Beschler Director
