COMMONWEALTH of VIRGINIA

DAVID A. VON MOLL, CPA COMPTROLLER

Office of the Comptroller

P. O. BOX 1971 RICHMOND, VIRGINIA 23218-1971

August 10, 2018

The Honorable Ralph S. Northam Governor Commonwealth of Virginia State Capitol Richmond, Virginia 23219

Dear Governor Northam:

In compliance with the provisions of Section 2.2-813 of the *Code of Virginia*, I hereby submit my preliminary annual report on the financial condition of the General Fund of the Commonwealth for the fiscal year ended June 30, 2018.

The Commonwealth ended fiscal year 2018 with a total fund balance in the General Fund of \$1.8 billion measured on the cash basis of accounting. This is an increase of \$447.1 million, or 33.4 percent, from last year's ending fund balance of \$1.3 billion. Planned (budgeted) decreases in General Fund balance for this year were \$637.7 million. The difference between the planned decrease and actual increase is primarily attributed to revenue collections and other sources being approximately \$702.6 million more than expected and expenditures and other uses being approximately \$382.2 million less than budgeted. This report includes funds that are defined as part of the General Fund pursuant to Governmental Accounting Standards Board Statement No. 54 (GASB No. 54), *Fund Balance Reporting and Governmental Fund Type Definitions.* Accordingly, \$221.0 million of the ending fund balance is attributable to these funds, such as the Water Quality Improvement Fund and the Commonwealth's Development Opportunity Fund. Additional information on fund equity is located in Note 5, and fund balance classifications are shown in the first graph on page 9.

Revenue Stabilization Fund

The Revenue Stabilization Fund is routinely segregated from the General Fund, but Virginia law directs that the Revenue Stabilization Fund be included as a component of the General Fund for financial reporting purposes. Therefore, it is included here both as a cash asset and as a restricted component of fund balance. The Revenue Stabilization Fund can be used only for constitutionally authorized purposes.

The Revenue Stabilization Fund has principal and interest on deposit of \$283.3 million restricted as a part of the General Fund balance. During fiscal year 2018, in accordance with the provisions of Article X, Section 8 of the *Constitution of Virginia* and Section 2.2-1830 of the *Code of Virginia*, a withdrawal of \$272.5 million was made from the fund.

The Honorable Ralph S. Northam August 10, 2018 Page 2

Under the provisions of Article X, Section 8 of the *Constitution of Virginia*, a deposit of \$262.9 million is required during fiscal year 2020 based on fiscal year 2018 revenue collections.

Section 2.2-1829(b) of the *Code of Virginia* requires an additional deposit into the Fund when specific criteria have been met. No such deposit is required since the specified criteria were not met for fiscal year 2018.

Revenue Reserve Fund

The Revenue Reserve Fund is routinely segregated from the General Fund, but Virginia law directs that the Revenue Reserve Fund be included as a component of the General Fund for financial reporting purposes. Therefore, it is included here both as a cash asset and as a committed component of fund balance.

Section 2.2-1831.2 of the *Code of Virginia* established the Revenue Reserve Fund. As of June 30, 2018, the fund has principal and interest on deposit of \$156.4 million committed as a part of the General Fund balance.

This fund was established to mitigate certain anticipated revenue shortfalls when appropriations based on previous revenue forecasts exceed expected revenues in subsequent forecasts. Pursuant to Chapter 1, 2018 Acts of Assembly Special Session 1 Enactment Clause 7, the Department of Planning and Budget has identified a deposit of \$234.4 million to be made during fiscal year 2019. This amount represents the fiscal year 2018 revenue collections in excess of the official estimate reduced by the fiscal year 2020 mandatory deposit to the Revenue Stabilization Fund and statutory deposit to the Water Quality Fund for excess revenues. This amount is also reported as a part of committed fund balance.

Amounts Available for Reappropriation

Section 4-1.05a.1 of Chapter 1 requires reappropriation of 2018 fiscal year unexpended appropriations for Legislative and Judicial Departments, as well as Independent Agencies and states that institutions of higher education reappropriations are subject to Section 23.1-1002 of the *Code of Virginia*. Additionally, this Section specifies that unexpended balances in the Executive Department will be reappropriated where required by the *Code of Virginia*, where necessary for the payment of preexisting obligations, or where the Governor determines reappropriation is appropriate. Section 4-0.01b provides that all appropriations, however, are declared to be conditioned on the receipt of sufficient revenue to support them.

Based on an analysis by the Department of Planning and Budget of unexpended appropriations and balances at June 30, 2018, the following amounts have been committed: \$7.3 million for capital outlay project needs; \$30.2 million for health care services, \$2.8 million for central capital planning; \$34.0 million for communication sales and use tax distributions; \$17.1 million for natural disaster sum sufficient amounts; \$77.0 million for mandatory reappropriations; \$73.8 pending transfer to the Water Quality Improvement Fund; \$390.8 million for the Revenue Reserve Fund; and \$500,000 for local government fiscal distress relief.

In addition, the Department of Planning and Budget has identified \$212.2 million as available balances to meet the requirements of Chapter 2 and \$164.0 million to be assigned for discretionary reappropriations.

The Honorable Ralph S. Northam August 10, 2018 Page 3

Of the remaining unexpended balance of \$2.5 million, \$1.7 million is committed for deposit into the Transportation Trust Fund and \$836,000 is committed for nonrecurring expenditures as required by Section 2.2-1514 of the *Code of Virginia*.

Additionally, restricted balances of \$3.1 million, committed balances of \$153.1 million and assigned balances of \$64.8 million are being reported due to the inclusion of additional funds pursuant to GASB No. 54.

Virginia Water Quality Improvement Fund

Section 10.1-2128 of the *Code of Virginia* established the Virginia Water Quality Improvement Fund. The Fund has \$19.3 million on deposit committed as part of the General Fund balance. The Fund was established to provide Water Quality Improvement Grants to various entities to assist in pollution prevention and reduction. The Fund shall consist of amounts appropriated by the General Assembly. Unless otherwise specified by the general appropriation act, these appropriations shall consist of ten percent of revenues collected in excess of the official estimate and ten percent of any unrestricted and uncommitted fund balance not required for reappropriation. For the year ended June 30, 2018, \$55.3 million and \$18.5 million that represent ten percent of the revenue collected in excess of the official estimate and ten percent of any unrestricted and uncommitted fund balance not required for reappropriation, respectively, have been committed. For additional information regarding the Virginia Water Quality Improvement Fund, see Note 11.

Basis of Presentation

This preliminary annual report is comprised of cash basis financial statements that present the financial condition, results of operations, and changes in fund balance of the Commonwealth's General Fund. The notes to the financial statements are an important and integral part of the statements.

This preliminary report is presented on an unaudited basis. In preparing this report, we relied upon the internal accounting controls of the Commonwealth that are designed to provide management with reasonable, but not absolute, assurances that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and are properly recorded to permit the preparation of financial statements.

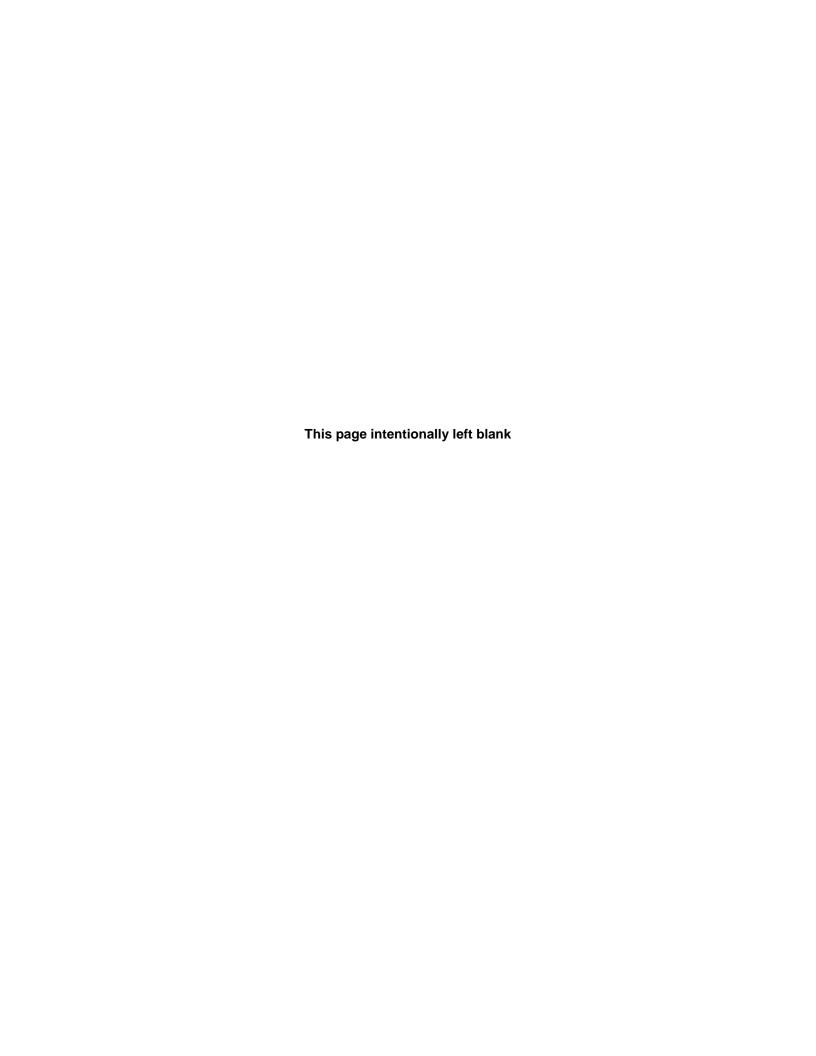

Final Report and Award

The final Annual Report of the Comptroller, due on December 15, 2018, will include certain accruals and other information required for conformance with generally accepted accounting principles. It will be audited by the Auditor of Public Accounts.

We are proud to report that the Comprehensive Annual Financial Report for the year ended June 30, 2017, was awarded the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA). Virginia's Annual Report has received this award for 32 consecutive years. In addition, Virginia received a companion award from the GFOA for its fiscal year 2017 Popular Report, entitled *Virginia Financial Perspective*. Virginia's Popular Report has received this award for 23 consecutive years.

Respectfully submitted,

David A. Von Moll

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying General Fund financial statements of the Commonwealth of Virginia have been prepared on a cash basis of accounting. Revenues and expenditures are recorded according to the provisions of the Appropriation Act; therefore, no accruals of revenues or expenditures have been included.

The General Fund includes transactions related to cash received and used for those services traditionally provided by a state government, which are not reported in other funds. It is a governmental fund, and therefore, its focus is on the measurement of financial position and related changes thereto, rather than on income determination.

All funds will be presented using the appropriate bases of accounting as defined by generally accepted accounting principles in the Annual Report of the Comptroller, due on December 15, 2018.

B. Budget

Budgetary amounts shown in the General Fund Statement of Revenue Collections and Estimates represent Chapter 836, 2017 Acts of Assembly (original), and Chapter 1, 2018 Acts of Assembly Special Session 1 (final), as adjusted for executive and other administrative actions. The Commonwealth's budget is prepared principally on a cash basis and represents appropriations as authorized by the General Assembly. The Governor, as required by the *Code of Virginia*, submits to the General Assembly a State budget composed of all proposed expenditures, estimated revenues and borrowings for a biennium.

The budget is prepared on a biennial basis; however, the budget of the General Fund contains separate appropriations for each year within the biennial budget, as approved by the General Assembly and signed into law by the Governor. For management control purposes, the budget is controlled at the program level. Under certain circumstances, the Director of the Department of Planning and Budget may transfer an appropriation within a State agency or from one State agency to another, provided that total fund appropriations, as contained within the budget, are not exceeded. Increases in General Fund appropriations must be approved by the General Assembly.

2. ANALYSIS OF GENERAL FUND REVENUE

The Department of Accounts produces a monthly General Fund Statement of Revenue Collections and Estimates which is published on the Secretary of Finance's website. The following analysis relates components of the Preliminary General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual with the monthly revenue report for June 30, 2018. The inclusion of additional funds in the Preliminary General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual has no impact on either the budgetary or statutory purposes of the funds considered General Fund for financial reporting purposes.

4. DUE FROM / TO OTHER FUNDS

These amounts are included in the accompanying statements pursuant to the requirements of GASB No. 54. The due from amount represents future reimbursements to be received from the Federal government. The due to amount primarily represents an internal borrowing that will finance Emergency Management Assistance Compact mission assignments.

5. FUND EQUITY

Restricted fund balances are those that have a restriction by the *Constitution of Virginia* or from a party external to the Commonwealth. Committed fund balances are amounts that can only be used for a specific purpose pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. The authority in the Commonwealth is the General Assembly and Governor. Assigned fund balances are those that the government intends to use for a planned purpose, but which are not restricted or committed. Unassigned fund balances are those that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific or planned purposes within the General Fund. Pursuant to Section 2.2-1514 of the *Code of Virginia*, any unassigned balances in the General Fund are automatically committed for transfer to the Transportation Trust Fund and nonrecurring expenditures as further discussed in Note 13.

6. REVENUE STABILIZATION FUND

In accordance with Article X, Section 8 of the *Constitution of Virginia*, the amount estimated as required for deposit to the Revenue Stabilization Fund must be appropriated for that purpose by the General Assembly. During fiscal year 2018, in accordance with the provisions of Article X, Section 8 of the *Constitution of Virginia* and Section 2.2-1830 of the *Code of Virginia*, a withdrawal of \$272.5 million was made from the fund.

Under the provisions of Article X, Section 8 of the *Constitution of Virginia*, a deposit of \$262.9 million is required during fiscal year 2020 based on fiscal year 2018 revenue collections.

Section 2.2-1829(b) of the *Code of Virginia* requires an additional deposit into the Fund when specific criteria have been met. No such deposit is required since the specified criteria were not met for fiscal year 2018.

The Revenue Stabilization Fund has principal and interest on deposit of \$283.3 million restricted as a part of General Fund balance. Pursuant to the constitutional amendment of Article X, Section 8, effective January 1, 2011, the amount on deposit cannot exceed fifteen percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years.

7. LOTTERY PROCEEDS FUND

In accordance with Article X, Section 7-A of the *Constitution of Virginia*, lottery proceeds must be distributed to the Commonwealth's localities and the school divisions to be expended for the purposes of public education. Further, Section 58.1-4022.1 of the *Code of Virginia* directs the Lottery Proceeds Fund be included as a component of the General Fund for financial reporting purposes. Accordingly, the financial activity of the Lottery Proceeds Fund for fiscal year 2018 is included in the Preliminary Statement of Revenues, Expenditures, and Changes in Fund Balance. The remaining cash balance of \$7.7 million is restricted as a component of the General Fund balance.

8. COMMITTED AND ASSIGNED FUND BALANCE

Committed Fund Balance represents amounts that must be spent for specific purposes that have been legislatively mandated by the Governor and General Assembly. Assigned Fund Balance represents amounts that the Commonwealth has identified for planned purposes but for which the intended use is not legislatively mandated. The accompanying Balance Sheet includes amounts that share the same purpose and title, such as Economic and Technological Development as both Committed and Assigned components of fund balance. The distinction between these classifications results from whether there is a statutory restriction on certain amounts contained within the fund.

A. OTHER COMMITTED FUND BALANCE

As of June 30, 2018, the breakdown of Other Committed Fund Balance is as follows.

		Amount	
Other Committed	(In Thousand		
Capital Outlay	\$	1,812	
Educational and Training Programs		1,274	
Governmental Operations - Administrative Services		58	
Agriculture and Forestry		18	
Total Other Committed Fund Balance	\$	3,162	

B. OTHER ASSIGNED FUND BALANCE

As of June 30, 2018, the breakdown of Other Assigned Fund Balance is as follows.

	Amount	
Other Assigned	(In Thousands)	
Governmental Operations - Legislative Services	\$	4,274
Educational and Training Programs		3,740
Governmental Operations - Administrative Services		3,416

Contract and Debt Administration		198
Regulatory Oversight		27
Transportation Activities		6
Agriculture and Forestry		2
Total Other Assigned Fund Balance	\$	14,853

9. COMMUNICATION SALES AND USE TAX FUND

The Appropriation Act directs the Communications Sales and Use Tax Fund be included as a component of the General Fund for financial reporting purposes. The Commonwealth collects communication sales and use taxes and disburses these amounts to localities. The remaining cash balance of \$34.0 million is reported as committed fund balance.

10. ACCELERATED SALES TAX COLLECTIONS

Pursuant to Section 58.1-615 *Code of Virginia* as amended by Chapter 1, 2018 Acts of Assembly Special Session 1, Section 3-5.06, the Commonwealth collected and deposited in the General Fund \$213.2 million in accelerated sales and use taxes in June 2018. This portion of the \$3.8 billion sales and use tax collections recorded as fiscal year 2018 was accelerated from revenues that would otherwise have been collected in July 2018 and recorded as revenues in the fiscal year 2019 cash basis financial statements.

11. VIRGINIA WATER QUALITY IMPROVEMENT FUND

Section 10.1-2128 of the *Code of Virginia* established the Virginia Water Quality Improvement Fund. As of June 30, 2018 the balance on deposit (\$19.3 million) is reported as committed fund balance.

The Fund was established to provide Water Quality Improvement Grants to various entities to assist in pollution prevention and reduction. The Fund shall consist of amounts appropriated by the General Assembly. Unless otherwise specified by the general appropriation act, these appropriations shall consist of ten percent of revenues collected in excess of the official estimate and ten percent of any unrestricted and uncommitted fund balance not required for reappropriations. For the year ended June 30, 2018, \$55.3 million and \$18.5 million that represent ten percent of the revenue collected in excess of the official estimate and ten percent of any unrestricted and uncommitted fund balance not required for reappropriation, respectively, have been committed. Upon appropriation by the General Assembly, \$73.8 million will be transferred from the General Fund to the Virginia Water Quality Improvement Fund.

12. REVENUE RESERVE FUND

Section 2.2-1831.2 of the *Code of Virginia* established the Revenue Reserve Fund. As of June 30, 2018, the fund has principal and interest on deposit of \$156.4 million committed as a part of the General Fund balance.

This fund was established to mitigate certain anticipated revenue shortfalls when appropriations based on previous revenue forecasts exceed expected revenues in subsequent forecasts. Pursuant to Chapter 1, 2018 Acts of Assembly Special Session 1 Enactment Clause 7, the Department of Planning and Budget has identified a deposit of \$234.4 million to be made during fiscal year 2019. This amount represents the fiscal year 2018 revenue collections in excess of the official estimate reduced by the fiscal year 2020 mandatory deposit to the Revenue Stabilization Fund and statutory deposit to the Water Quality Fund for excess revenues. This amount is also reported as a part of committed fund balance.

13. TRANSPORTATION TRUST FUND AND NONRECURRING EXPENDITURES

Pursuant to *Code of Virginia* Section 2.2-1514, 67 percent of the general fund balance that has not been restricted, committed or assigned shall be committed for transfer to Transportation Trust Fund and the remaining balance shall be committed for nonrecurring expenditures. For the year ended June 30, 2018, \$1.7 million and \$836,000 are reported as committed fund balance for the Transportation Trust Fund and nonrecurring expenditures, respectively.
