AUDIT SUMMARY

Our audit of the Tobacco Region Revitalization Commission (Commission) for the fiscal year ended June 30, 2017, found:

- proper recording and reporting of all transactions, in all material respects, in the Commonwealth's accounting and financial reporting system and the Commission's grants management system;
- no matters involving internal control and its operation necessary to bring to management's attention;
- no instances of noncompliance with applicable laws and regulations or other matters that are required to be reported; and,
- satisfactory resolution of the prior year matter involving operations as discussed under the section titled "Follow-up to Prior Year Comment to Management."

COMMISSION HIGHLIGHTS

The Virginia Tobacco Region Revitalization Commission’s (Commission) primary mission is to revitalize tobacco-dependent communities in Southern and Southwest Virginia. Committees evaluate grant and loan proposals from eligible participants and make recommendations to the Commission as to what projects should be funded, in what amounts, and whether funding should be in the form of a loan or a grant.

Tobacco Indemnification and Community Revitalization Endowment

In 2002, the Tobacco Indemnification and Community Revitalization Endowment (Endowment) was established to receive proceeds from the sale of the Commission’s allocation of the Master Tobacco Settlement. The Endowment is held in trust by the Department of the Treasury and is managed by the Treasury Board. Annually, endowment earnings are distributed to the Tobacco Indemnification and Community Revitalization Fund (Fund). While the Code of Virginia §3.2-3104 allows for a distribution of up to 15 percent of the Endowment’s corpus to the Fund, the Commission’s goal is not to exceed a 4.5 percent corpus invasion during any year in which it meets its budget. For fiscal year 2017, the Commission had a corpus invasion of 3.99 percent of the Endowment’s Corpus July 1, 2016, balance of \$254,926,203. The Commission transferred the entire corpus invasion and Endowment earnings to the Fund during fiscal year 2017. The table below indicates Endowment activity for fiscal year 2017.

**Endowment Activity
Fiscal Year 2017**

Table 1

Beginning Balance, July 1, 2016	\$260,234,751
Endowment Earnings	9,788,342
Distributions to the Fund:	
Corpus invasion	(10,177,606)
Earnings	<u>(11,499,810)</u>
Ending Balance, June 30, 2017	<u>\$248,345,677</u>

Tobacco Indemnification and Community Revitalization Fund

During fiscal year 2017, the Commission expended approximately \$37.4 million from the Fund in two general categories: Community Revitalization and Administration. Community Revitalization payments were made to recipients under the Commission’s eight grant programs. In fiscal year 2017, Community Revitalization expenses were approximately \$35.5 million, or 95 percent of total expenses. The chart below represents a breakdown of these expenses by grant program.

Expenses by Grant Program Fiscal Year 2017

Chart 1

Source: Commonwealth’s accounting and financial reporting system

Administration expenses were approximately \$1.9 million, or 5 percent of total expenses. The majority of administration expenses were for payroll and benefits for the Commission’s staff, including payroll and benefits expenses for the Commonwealth’s Special Advisor for Rural Partnerships (Special Advisor), which is an appointed position. Remaining administration expenses included payments for facility and equipment rentals, supplies and materials, equipment, contractual services, and other necessary items to support the Commission’s operations.

FOLLOW-UP TO PRIOR YEAR COMMENT TO MANAGEMENT

At the time of last year’s audit report, there was no memorandum of understanding in place to document the sources of funding for the Special Advisor position. This position reports directly to the Secretary of Commerce and Trade and performs duties both inside and outside of the Tobacco Region. At the time of this report issuance, a memorandum of understanding has been prepared and approved for the shared position, which is now a Deputy Secretary of Commerce and Trade for Rural Economic Development, and is currently in place.

The Honorable Ralph S. Northam
Governor of Virginia

The Honorable Thomas K. Norment, Jr.
Chairman, Joint Legislative Audit
and Review Commission

We have audited the financial records and operations of the **Tobacco Region Revitalization Commission** (Commission) for the year ended June 30, 2017. We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Audit Objectives

Our audit's primary objectives were to evaluate the accuracy of recorded financial transactions in the Commonwealth's accounting and financial reporting system and the Commission's grants management system; review the adequacy of the Commission's internal controls; test compliance with applicable laws, regulations, contracts, and grant agreements; and review corrective actions of audit findings from prior year reports.

Audit Scope and Methodology

The Commission's management has responsibility for establishing and maintaining internal control and complying with applicable laws, regulations, contracts and grant agreements. Internal control is a process designed to provide reasonable, but not absolute, assurance regarding the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws, regulations, contracts, and grant agreements.

We gained an understanding of the overall internal controls, both automated and manual, sufficient to plan the audit. We considered significance and risk in determining the nature and extent of our audit procedures. Our review encompassed controls over the following significant cycles, classes of transactions, and account balances.

Collections of accounts receivable (grantee repayments)
Grant and loan payments
System access
Payroll expenses

We performed audit tests to determine whether the Commission’s controls were adequate, had been placed in operation, and were being followed. Our audit also included tests of compliance with provisions of applicable laws, regulations, contracts, and grant agreements. Our audit procedures included inquiries of appropriate personnel, inspection of documents, records, and contracts, and observation of the Commission’s operations. We performed analytical procedures, including budgetary and trend analyses. We also tested details of transactions to achieve our objectives.

A nonstatistical sampling approach was used. Our samples were designed to support conclusions about our audit objectives. An appropriate sampling methodology was used to ensure the samples selected were representative of the population and provided sufficient, appropriate evidence. We identified specific attributes for testing each of the samples and when appropriate, we projected our results to the population.

Conclusions

We found that the Commission properly stated, in all material respects, the amounts recorded and reported in the Commonwealth’s accounting and financial reporting systems and the Commission’s grants management system. The financial information presented in this report came directly from the Commonwealth’s accounting and financial reporting systems and the Commission’s grants management system.

We noted no matters involving internal control and its operation that we consider necessary to be reported to management. The results of our tests of compliance with applicable laws, regulations, contracts, and grant agreements disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. During our prior audit, we noted a matter involving operations necessary to being to management’s attention. The Commission has completed corrective action on our prior year Comment to Management as discussed further in the section titled “Follow-Up to Prior Year Comment to Management.”

Management’s Response and Report Distribution

We provided a draft of the report to the Commission management on September 6, 2018. Management elected not to provide a response for inclusion in the audit report.

This report is intended for the information and use of the Governor and General Assembly, management, and the citizens of the Commonwealth of Virginia and is a public record.
