School Security Equipment Grant Program 2018-2019

OFFICE OF SUPPORT SERVICES**

2018-2019 School Security Equipment Grant Program

Legislation enacted by the 2013 General Assembly, HB 2343 and Item 139 C.13. of the 2013 Appropriation Act, created a school security equipment grant program for school divisions and regional programs. The legislation and appropriation act provision authorized \$6.0 million per year in grant funding through five-year equipment notes issued by the Virginia Public School Authority, with the debt service paid from the Literary Fund. \$6.0 million in funding was continued by the General Assembly for the 2018-2019 school year, the sixth year of the program.

2018-2019 grant requirements were as follows:

- Grants were awarded on a competitive basis using various criteria
- School divisions, including regional programs, were eligible to apply for and receive grant awards up to \$100,000
- Applications had to be submitted to the Department of Education by August 1, 2018
- School divisions were notified on October 4, 2018 of their grant award
- School divisions had to commit to purchase the funded security equipment within six months of being notified of their grant award
- Eligible schools had to be scheduled to remain open for at least five more years
- No planned renovations/additions could be scheduled for the next five years which would cause the security equipment being requested to become obsolete
- A local match of 25 percent of the state grant amount was required – the Superintendent of Public Instruction was authorized to reduce the local match for school divisions with a composite index of less than 0.2000. The Virginia School for the Deaf and the Blind was exempt from the local match requirement.

2018-2019 competitive criteria used to rank the applications were as follows:

- 15 points – allocated for new security equipment installed in schools with no video surveillance equipment currently
- 10 points – allocated if a previous school security audit recommended the requested school security equipment be installed in the school
- 5 points – allocated for schools built prior to 1990
- 20 points – allocated if the school had never received any grant funding under the program
- 10 points – allocated if the school did not have Uninterrupted Power Supply (UPS)
- Up to 20 points – allocated based on the school division composite index:
 - 0.0000 - 0.2999 – 20 points
 - 0.3000 - 0.5999 – 15 points
 - 0.6000 - 0.8000 – 10 points

- 20 points – allocated if the number of school-level incidents per 100 students for the following offense categories as reported in the School Safety section of the 2016-2017 School Report Card was at or above certain percentiles for all schools statewide: “weapons offenses,” “offenses against students, staff, and persons,” and “property offenses”:
 - At or above the 75th percentile – 20 points
 - At or above the 50th percentile, but below the 75th percentile – 15 points

2018-2019 applications received and awarded:

- 660 applications for funding were received totaling \$11,624,432.59 in equipment requests
- Funds were awarded based on a rank ordering of applications’ point total on the competitive application criteria
- Funding awards were made to 443 schools in 102 school divisions, and to one statewide educational program (Virginia School for the Deaf and the Blind) totaling \$6.0 million.

The majority of the school security equipment purchased in 2018-2019 included:

- Surveillance equipment and camera systems
- Electronic access control systems
- Mass notification and intercom systems
- Visitor badging systems
- Two-way radios
- Classroom locks
- Hand held metal detection systems

Attached is a report showing the school divisions and regional or statewide education programs that received funding for the 2018-2019 school year.

For 2019-2020, \$6.0 million in funding is available. Applications were received by August 1, 2019, and are being reviewed by the Department of Education to award grants for 2019-2020.
