Virginia Council on Environmental Justice

Code:

Executive Order 29

Purpose:

It is important that no segment of the population, especially individuals most impacted and vulnerable, should bear disproportionately high or adverse effects from pollution. To ensure that all people and perspectives have a voice, the Commonwealth requires a consistent, action-oriented approach to incorporating environmental justice into decision-making. Governor Northam established the Virginia Council on Environmental Justice ('Council') to provide guidance and framework for addressing environmental justice considerations throughout Virginia.'

The Council provides recommendations on creating a consistent, action-oriented approach to incorporating environmental justice into decision-making. The Council will consist of an unspecified number of members appointed by the Governor with a Chair and a Vice Chair designated by the Secretary of Natural Resources. The primary duty of the Council is to issue an annual report to the Governor. Unlike the previous Advisory Council for Environmental Justice, this Council will be very specifically focused on establishing a framework for addressing environmental justice considerations throughout Virginia. This guidance on how to establish a framework of policies and procedures for environmental justice is the top priority of the Council as directed by the Governor.

Composition:

The Council will consist of an unspecified number of members appointed by the Governor with a Chair and a Vice Chair designated by the Secretary of Natural Resources.

Purpose:

The Secretary of Veterans and Defense Affairs serves an important two-fold purpose. First, it distinguishes and elevates issues and opportunities for veterans and transitioning service members in the Commonwealth of Virginia. Of primary importance are the employment, health care, and education needs of our veterans. With the Nation's fastest growing veteran population and the greatest number of veterans in the workforce per capita, the Secretariat maintains a particular focus on employment of our newest generation of veterans who have the new and current skills needed here in the Commonwealth.

The Secretariat also leads the Governor's initiatives focused on relationship building with and support of our military and defense installations and the communities surrounding them. Through the Governor's Virginia Military Advisory Council (VMAC) and active Secretariat community involvement, the Commonwealth continues to be an engaged host in support of the military and defense missions in the state.

INTERSTATE COMPACTS

Compacts are agreements between two or more states that bind them to the compacts' provisions, just as a contract binds two or more parties in a business agreement. As such, compacts are subject to the substantive principles of contract law and are protected by the constitutional prohibition against laws that impair the obligations of contracts (United States Constitution, Article I, Section 10).

Compacting states are bound to observe the terms of their agreements, even if those terms are inconsistent with other state laws. Compacts between states are somewhat similar to treaties between nations. Compacts have the force and effect of statutory law (whether enacted by statute or not) and they take precedence over conflicting state laws, regardless of when those laws are enacted.

However, unlike treaties, compacts are not dependent solely upon the good will of the parties. Once enacted, compacts may not be unilaterally renounced by a member state, except as provided by the compacts themselves. Moreover, Congress and the courts can compel compliance with the terms of interstate compacts. This is why compacts are considered an effective means of ensuring interstate cooperation.

The membership listed in the following compacts pertains only to appointments made by the Governor from the citizens of the Commonwealth of Virginia.

Executive Order

NUMBER ONE (2018)

EQUAL OPPORTUNITY

Importance of the Initiative

By virtue of the authority vested in me as Governor, I hereby declare that it is the firm and unwavering policy of the Commonwealth of Virginia to ensure equal opportunity in all facets of state government. The foundational tenet of this Executive Order is premised upon a steadfast commitment to foster a culture of inclusion, diversity, and mutual respect for all Virginians.

This policy specifically prohibits discrimination on the basis of race, sex, color, national origin, religion, sexual orientation, gender identity or expression, age, political affiliation, or against otherwise qualified persons with disabilities. The policy permits appropriate employment preferences for veterans and specifically prohibits discrimination against veterans.

State appointing authorities and other management principals are hereby directed to take affirmative measures, as determined by the Director of the Department of Human Resource Management, to emphasize the recruitment of qualified minorities, women, disabled persons, and older Virginians to serve at all levels of state government. This directive does not permit or require the lowering of bona fide job requirements, performance standards, or qualifications to give preference to any state employee or applicant for state employment.

Allegations of violations of this policy shall be brought to the attention of the Office of Equal Employment Services of the Department of Human Resource Management. No state appointing authority, other management principal, or supervisor shall take retaliatory actions against persons making such allegations.

Any state employee found in violation of this policy shall be subject to appropriate disciplinary action.

The Secretary of Administration is directed to review and update annually state procurement, employment, and other relevant policies to ensure compliance with the non-discrimination mandate contained herein, and shall report to the Governor his or her findings together with such recommendations as he or she deems appropriate. This review shall ensure that state procurement policies fully implement and align with the non-discrimination directives in the Virginia Public Procurement Act, including its prohibitions on discrimination based on race, religion, color, sex, sexual orientation, gender identity or expression, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment. The Director of the Department of Human Resource Management shall assist in this review.

No state employee or agent within the Executive Branch may engage in discrimination in the provision of public services based on race, religion, color, sex, sexual orientation, gender identity or expression, national origin, age, political affiliation, disability, or veteran status. Any state employee or agent who engages in such discrimination will be subject to appropriate disciplinary action. The Department of Human Resource Management is directed to promulgate, review and update appropriate policies in the Commonwealth's Standards of Conduct to implement these requirements in accordance with any other applicable laws and regulations.

NUMBER FOUR (2018)

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO SEVERE WEATHER

Importance of the Issue

On this date, February 12, 2018, I verbally declared a state of emergency to exist due to severe weather that began affecting portions of the Commonwealth of Virginia and resulted in local emergency declarations in the Counties of Buchanan, Dickenson, Lee, and Wise, and the City of Norton on February 10, 2018, resulting in significant flooding, road closures, mudslides, and damage to property.

The health and general welfare of the citizens require that state action be taken to help alleviate the conditions caused by this situation. The effects of this incident constitute a disaster wherein human life and public and private property are imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby confirm, ratify, and memorialize in writing my verbal order issued on this date, February 12, 2018, that a state of emergency exists and I direct that appropriate assistance be rendered by agencies of both state and local governments to prepare for potential impacts of this severe weather event, alleviate any conditions resulting from the incident, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions in so far as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with

my authority contained in § 44-146.17 of the *Code of Virginia*, I hereby order the following measures:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, along with other appropriate state agency plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. I direct that appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, be rendered by agencies of state government to respond to this situation.
- D. Evacuation of areas threatened or stricken by effects of the severe weather and flooding, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas and upon such timetable as the local governing body, in coordination with the VEOC, acting on behalf of the State Coordinator of Emergency Management, shall determine. I authorize the control of ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein upon such timetable as the local governing body, in coordination with the State Coordinator of Emergency Management and the VEOC, shall determine. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to § 44-146.17(5) and § 44-146.28:1 of the *Code of Virginia*. - F. The authorization of appropriate oversight boards, commissions, and agencies to ease building code restrictions and to permit emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and operations and other activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties.
- G. I hereby authorize the heads of executive branch agencies, acting when appropriate on behalf of their regulatory boards, to waive any state requirements or regulation for which the federal government has issued a waiver of the corresponding federal or state regulation based on the impact of events related to this situation.

- H. Activation of the statutory provisions in § 59.1-525 et seq. of the *Code of Virginia* related to price gouging.
- I. Authorization of a maximum of \$900,000 in state sum sufficient funds for state and local governments mission assignments authorized and coordinated through the Virginia Department of Emergency Management that are allowable as defined by The Stafford Act or *Code of Virginia*. DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO SEVERE WEATHER

Importance of the Issue

On this date, March 2, 2018, I am declaring a state of emergency to exist for the Commonwealth of Virginia based on the severe weather event.

The health and general welfare of the citizens require state action to help alleviate the conditions caused by this situation. The effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency. Accordingly, I direct state and local government agencies to render appropriate assistance, to prepare for potential severe weather impacts, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I hereby order the following measures:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, along with other appropriate state plans.

- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.

I authorize the control of ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein upon such timetable as the local governing body, in coordination with the State Coordinator of Emergency Management and the VEOC, shall determine. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. The exemption shall not exceed the duration of the motor carrier's or driver's direct assistance in providing emergency relief, or 14 days from the initial declaration of emergency, whichever is less.

Implementation and discontinuance of the transportation related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and

- M. Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- N. During this declared emergency, any person who holds a license, certificate, or other permit issued by any U.S. territory, state, or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, the person, without compensation other than reimbursement for actual and necessary expenses, may render aid involving that skill in the Commonwealth during a disaster, and such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such service as set forth in *Code of*

NUMBER VI (2018)

**EXECUTIVE ORDER SUPPORTING THE CRITICAL ROLE OF THE VIRGINIA
DEPARTMENT OF ENVIRONMENTAL QUALITY IN PROTECTION OF VIRGINIA'S
AIR, WATER, AND PUBLIC HEALTH**

Importance of the Initiative

The Commonwealth of Virginia has made significant progress in controlling and reducing air and water pollution, though challenges remain. As Governor, it is my constitutional responsibility to ensure “clean air, pure water, and the use and enjoyment for recreation of adequate public lands, waters and other natural resources.” Virginia’s Constitution further sets forth the policy to “protect [our] atmosphere, lands and waters from pollution, impairment or destruction for the benefit, enjoyment and general welfare of the people of the Commonwealth.”

Public health, recreational opportunities, safe drinking water, economic vitality, and our quality of life are linked directly to a healthy environment. It is critical that the Commonwealth’s natural resource agencies have the tools necessary to protect and improve our environmental quality.

Despite progress to reduce pollution, many Virginians, particularly those in urban and rural low income or minority communities, do not enjoy clean air and water for outdoor recreation and daily activities. Assessments of our waterways document improvements in the quality of some rivers and estuaries, but these assessments also show thousands of miles of streams that remain polluted. Additionally, many Virginians suffer from asthma attacks and other respiratory ailments that are directly attributable to poor air quality. Science also shows that carbon pollution and climate change are exacerbating these problems.

The Department of Environmental Quality (DEQ) is the Commonwealth’s lead agency charged with ensuring clean air and clean water. Over the past 25 years, DEQ has done extraordinary work to protect and enhance Virginia’s environment, and promote the health and well-being of the citizens of the Commonwealth.

Yet there is more work to do, and DEQ needs both the tools and the resources to safeguard our air and water for the improvement of our quality of life and that of future generations. Robust monitoring and verification coupled with strong, consistent and uniform enforcement of our air, water, and waste statutes empower Virginia's good corporate stewards, providing regulatory certainty for businesses and healthy places for employees to live, work, and play. This also eliminates any perverse incentive to ignore environmental requirements for short-term economic gain.

Executive Action

Accordingly, by virtue of the authority vested in me as the Chief Executive by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby order the Director of DEQ, in consultation with the Secretary of Natural Resources, to take the following actions:

- A. Review DEQ's permitting, monitoring, and enforcement activities across the air, water, and solid waste programs. This shall include:
 - a. Ensuring that DEQ's permitting programs are as protective of public health and the environment as authorized under state and/or federal law, and identifying within 90 days critical updates to regulations or guidance necessary to meet the objectives of this order;
 - b. Assessing the enforceability of permitting activity and determining if changes are needed in the methods DEQ uses in crafting such permits;
 - c. Reviewing the DEQ matrix that guides establishment of penalties to ensure that it effectively, consistently, and uniformly addresses violations that result in threats to public safety, public health, and the environment, as well as recurrent offenses;
 - d. Developing a protocol for engagement with the Attorney General's Office on enforcement efforts;
 - e. Identifying any gaps in monitoring, especially in areas where there is credible evidence to support an indication of impairment to public health or the environment;
 - f. Identifying the extent and causes of delays or backlogs in permitting programs;
 - g. Assessing any gaps in DEQ resources or authorities necessary to address challenges identified under this review; and
 - h. Reporting to the Secretary of Natural Resources within 180 days on the reviews required under this section.

- B. Evaluate every proposed federal regulatory or guidance modification released after January 20, 2017, regarding air, water, and solid waste to determine the impact on public health, drinking water supplies, and land and water protection. This ongoing review shall include:
 - a. Determining whether implementation of any proposed federal changes would lead to reduced effectiveness or efficiency in state programs to protect public health and the environment, which should be avoided;

- b. Ensuring that any potential rollback in federal protections does not alter DEQ's existing authority to protect public health, drinking water supplies, and the environment;
 - c. Assessing any gaps in DEQ resources or authorities necessary to address challenges identified under this review; and
 - d. Reporting initially to the Secretary of Natural Resources within 180 days on the reviews required under this section and every 90 days thereafter.
- C. Work with stakeholders to improve communication with the public and the regulated community and provide more opportunities for proactive education, especially among underserved and lower income populations. This shall include:
- a. Reviewing processes to identify ways to enhance public participation and community engagement, including ways to promote transparency and simplify regulatory hearings;
 - b. Engaging the regulated community, local governments, and other interested stakeholders in the development of new protocols;
 - c. Establishing an ombudsman dedicated to addressing public questions and concerns;
 - d. Assessing any gaps in DEQ resources or authorities necessary to address challenges identified under this review; and
 - e. Reporting to the Secretary of Natural Resources within 180 days on the reviews required under this section.

The Director of DEQ shall report monthly to the Secretary of Natural Resources on the progress of these reviews and shall complete his reviews as specified in this order. The Secretary of Natural Resources shall provide a report on recommended actions to the Governor by April 30, 2019. In addition, the Director of DEQ's review of proposed federal regulatory or guidance modifications shall be ongoing throughout my term as Governor.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

DIRECTING THE COMMISSIONER OF THE DEPARTMENT OF MOTOR VEHICLES TO EXTEND THE VALIDITY OF EXPIRING DRIVER'S LICENSES AND IDENTIFICATION CARDS

Importance of the Issue

On Thursday, April 26, 2018, an information technology equipment failure temporarily interrupted the electronic services provided by the American Association of Motor Vehicle Administrators. This disruption greatly impacted the ability of many Virginians to renew their driver's licenses and identification cards. On April 27, 2018, I verbally directed the Commissioner of the Department of Motor Vehicles to extend the validity period for expiring licenses and identification cards for a period of one week. This unforeseen disruption of services places citizens at risk of suffering fines and other costs resulting from their inability to renew their driver's licenses and identification cards in a timely manner.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby confirm, ratify, and memorialize in writing that verbal directive issued on April 27, 2018, whereby, it was determined that the Department of Motor Vehicles suffered a disruption in service that prevented the Department from processing applications for renewal of driver's licenses and identification cards.

In order to prevent any further hardship to the citizens of Virginia, and in accordance with my authority contained in §§ 46.2-330(A) and 46.2-345 of the *Code of Virginia*, I hereby order the following measures:

- I hereby direct the Commissioner of the Department of Motor Vehicles, and the directors of such other executive branch agencies as deem appropriate in their discretion, to extend the validity period of Virginia driver's licenses, learner's permits, commercial driver's

licenses, and identification cards issued by the Commonwealth that expire April 26, 2018, through April 30, 2018, until May 4, 2018, 11:59:59 PM EST.

Effective Date of this Executive Order

This Executive Order shall be effective retroactively from April 26, 2018, and shall remain in full force and effect until May 4, 2018, 11:59:59 PM EST.

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO SEVERE WEATHER AND FLOODING

Importance of the Issue

On this date, June 8, 2018, I am declaring a state of emergency to exist for the Commonwealth of Virginia based on a series of severe thunderstorms that began impacting the Commonwealth on May 14, 2018, and continued through June 3, 2018. These storms produced damaging winds and resulted in severe flooding, downed trees, large-scale power outages, and loss of life.

The health and general welfare of the citizens require state action to help alleviate the conditions caused by this situation. The effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency. Accordingly, I direct state and local government agencies to render appropriate assistance, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority detailed in § 44-146.17 of the *Code of Virginia*, I hereby order the following measures:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and

The Way Ahead for Virginia's Children: Establishing the Children's Cabinet

Importance of the Initiative

Virginia has a distinguished record as one of the best states for children and families. This national recognition is the result of substantial investments in education, health care, public safety, and a vibrant business environment that promotes job growth, employment opportunities, and career advancement.

However, complex challenges still exist for children in Virginia. Current research shows a child's environment and experiences from 0-5 years old have a dramatic influence on brain development and, ultimately, school readiness. One-third of Virginia kindergartners may not be fully ready for school and lack the appropriate social, self-regulation, literacy, or math skills based on a recent Joint Legislative Audit Review study. Nearly 500,000 children in Virginia do not have access to fresh or healthy food. Children who are food-insecure are in poorer health and are more likely to be developmentally at-risk than their peers. Finally, at least 19% of children in Virginia have endured two or more adverse childhood experiences: traumatic events linked to risky health behaviors, chronic health conditions, low life potential, and early death.

These particular challenges require collaboration from a wide range of state and local agencies, like education, health, human services, public safety, and the courts. In order to improve children's services in these areas, we need leaders at the highest levels of state government to direct and prioritize the resources and activities that will have the greatest impact on improving the lives of our children.

Establishment of the Cabinet

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish Virginia's Children's Cabinet ('Children's Cabinet').

Children's Cabinet

The Children's Cabinet shall work to develop a set of goals, identify strategies, and measure impact and outcomes related to the priorities described below. It shall encourage state agencies to collaborate across government and non-governmental entities on collective goals and support efforts to collect and share data to track outcome metrics and inform future policy. In addition, it shall evaluate and recommend ways to optimize and align local, state, and federal resources, and public-private partnerships to enhance current and prospective programs and services for Virginia's children and their families, particularly those at higher risk. It shall also identify best practices and areas for improvement.

Children's Cabinet Priorities

A. Early Childhood Development and School Readiness

A child's early experiences are lifelong determinants of health and well-being. Current research shows that the years from birth to school age are critically important for brain development. Many of the risks for the diseases of adult life are, in part shaped by learning, coping, and decision-making skills that are set in the earliest years. These skills determine whether children will be successful in school and, ultimately, in life.

In recognition of the scientific importance of these early years, the Children's Cabinet will encourage state agencies involved in providing health and education services to children and families to leverage new and current strategies to achieve the following goals:

1. Promote healthy pregnancies and social supports to new mothers and families for the first few years of a child's life

Healthy pregnancies are the foundation of a strong start for children. In 2014, one out of eleven babies was born pre-term in Virginia. The Commonwealth ranks 14th in the nation in terms of premature births. In order to provide a strong start for all children, we must ensure access to quality and affordable prenatal care, and education about maternal health and nutrition. The need for health care, education, and social supports does not end at birth. We must expand family support programs that teach safe sleep practices and parenting skills to promote healthy child development, implement policies that support women in breastfeeding, and strengthen economic supports to families.

2. Ensure that early childhood education is affordable, accessible, and of high quality everywhere in the Commonwealth

The path to success in school begins before a child enters the classroom. Families, communities, and schools play critical roles in helping children prepare for school. Because two out of three Virginia children live in families in which all parents work, we must work to build a durable, innovative, and effective early

childhood system in Virginia. The Children’s Cabinet will evaluate whether our current structure governing early childhood education and services promotes collaboration and efficiency, explore ways to make high quality early childhood education more accessible and affordable, and make recommendations for building a strong early childhood educator workforce.

B. Nutrition and Food Security

Children who do not have sufficient food do not perform well in school and are more likely to suffer from physical and mental health issues. Food insecurity among children is associated with lower math and reading scores in kindergarten through third grade, a higher likelihood of repeating a grade, behavioral problems, higher hospitalization rates, and higher rates of chronic health conditions. Similarly, pregnant women who are food-insecure are at higher risk of miscarriages, birth defects, and premature birth. The Children’s Cabinet will explore whether state agencies governing agriculture and food nutrition programs can leverage new and current strategies to achieve the following goals:

1. Expand access to nutritious food and decrease food insecurity for pregnant women

It is essential that women have access to nutritious food before, during, and after pregnancy. The Children’s Cabinet shall strategize ways to increase nutrition and food security for pregnant and post-partum women, especially low-income women. This includes, but is not limited to, increasing utilization of the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) among eligible families.

2. Expand access to nutritious food and decrease food insecurity for children

Childhood nutrition and food security is key to healthy childhood development. The Children’s Cabinet will support the work of state agencies to, among other strategies, expand access to school breakfast and meals after school, support innovation in summer meal programs, and streamline eligibility for free meals.

3. Promote community-based food systems to increase access to healthy, local foods

It is critical for Virginians, especially children, to have access to nutritious, affordable, and locally-sourced foods to enable them to thrive, learn, and succeed. The Children’s Cabinet will encourage the development of innovative models to provide increased access to healthy foods focusing on areas classified as food deserts. These strategies include, but are not limited to, promoting urban agriculture initiatives, farmer’s markets, farm to school, and local food systems to encourage a diversifying Virginia agricultural economy.

C. Systems of Care and Safety for School-Aged Youth

Virginia’s children are increasingly experiencing a complex set of environmental, health, and public safety related challenges that affect their ability to develop into thriving young adults. It is estimated that at least one in five of Virginia’s children exhibit symptoms of

mental health disorders and 19% of children in Virginia have experienced two or more adverse childhood experiences. Additionally, Virginia's annual school safety audit indicates that half of all threats reported to K-12 threat assessment teams involve threats of harm to self. Unfortunately, fewer than half of our youth receive the care they need. Because our youth spend a substantial amount of time in schools, we must equip the professionals who regularly interface with them to recognize and intervene as soon as concerning behaviors appear. Recognizing the need to support the health and safety of children, the Children's Cabinet will leverage strategies to achieve the following goals:

1. Develop recommendations to enhance student safety

Virginia is a national leader in school safety and has a consistent record of adopting innovative legislation, such as mandated threat assessments in K-12 schools and annual school safety audits, and implementing robust training programs for school personnel and school resource officers. We must continue to adapt and respond to new and emerging challenges affecting the safety of our communities, schools, and children. Our work must be grounded in the concept that trusting relationships between adults and youth are the foundation to ensuring the safety of our students. The Children's Cabinet will assemble school personnel, public safety officials, mental health professionals, and other community partners to make recommendations to the Governor by October 1, 2018. These recommendations will include enhancing information sharing and effectiveness of threat assessments teams; assessing the role, prevalence, and training of school resource and school security officers; evaluating existing ratios and staffing levels for school support staff; and identifying opportunities to expand training to a variety of personnel.

2. Support a consistent, evidence-based, and culturally-competent statewide response to childhood trauma

Adverse childhood experiences are serious childhood traumas that result in toxic stress and harm a child's brain and development. These traumas have a tremendous impact on future victimization, and lifelong health and opportunity. The Children's Cabinet will seek to coordinate efforts across state agencies, with external stakeholders and local communities to foster systems that provide a consistent trauma-informed response to children with adverse childhood experiences and build resiliency of individuals and communities.

Composition of the Children's Cabinet

The First Lady of the Commonwealth of Virginia will chair the Children's Cabinet. The remaining members of the Children's Cabinet will be appointed by the Governor, including the Lieutenant Governor and the Secretaries of Agriculture and Forestry, Education, Health and Human Resources, and Public Safety and Homeland Security. The Chair may invite other secretaries to participate as needed and appropriate.

Staffing

Staff support for the Children’s Cabinet will be provided by the secretariats and offices represented in the cabinet. The Children’s Cabinet will serve in an advisory role, in accordance with § 2.2-2100 of the *Code of Virginia*, and will meet upon the call of the Chair at least four times per year. The Children’s Cabinet will issue an annual report by no later than May 1, 2019, and any additional reports and recommendations as necessary or requested by the Governor.

Effective Date of the Executive Order

This Executive Order shall be effective for one year after its signing.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 21st day of June, 2018.

NUMBER TWELVE (2018)

PARENTAL LEAVE FOR COMMONWEALTH EMPLOYEES

Importance of the Initiative

The Commonwealth of Virginia is the best place to work, live, and raise a family because of its commitment to providing opportunities for success in both the workplace and at home. The creation of this leave policy will not only provide benefits for children and parents, but also strengthen the Commonwealth's ability to recruit and retain a talented workforce.

Research shows paid time-off provides benefits for both children and parents. Access to parental leave has a positive impact on children's health and development and decreases infant mortality rates. For parents, paid time-off increases the likelihood they will return to the labor force and benefits health and well-being.

The Commonwealth's employees are dedicated public servants. They work hard to keep Virginia strong. The creation of this leave policy will provide them with the support they need in the workplace and at home. The paid parental leave policy is in addition to other leave benefits available to Commonwealth employees, such as Virginia Sickness and Disability Program leave (VSDP), sick leave, annual leave, and leave under the federal Family Medical Leave Act (29 U.S.C. §§ 2601-2654).

Parental Leave for Employees of the Commonwealth

By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby authorize the creation of Paid Parental Leave for employees of executive branch agencies (Agencies) in the Commonwealth under the following parameters:

1. A classified or at-will employee who has been employed by the Commonwealth for a minimum of twelve (12) consecutive months is eligible for parental leave (Eligible Employee).

2. Following the birth, adoption, or foster placement of a child younger than 18 years of age:
 - An Eligible Employee will receive eight (8) weeks (320 hours) of parental leave; and
 - If both parents are Eligible Employees, each shall receive parental leave, which may be taken concurrently, consecutively, or at different times.
3. Parental leave shall be taken within six (6) months following the birth, adoption, or foster placement of the child.
4. Parental leave shall only be taken once in a 12-month period and only once per child.
5. Parental leave shall be provided at 100% of the Eligible Employee's regular salary.
6. Parental leave shall not be counted against an Eligible Employee's annual or sick leave.
7. Legal holidays listed in § 2.2-3300 of the *Code of Virginia* shall not be counted against parental leave.
8. Parental leave shall run concurrently with leave provided under the Family and Medical Leave Act, if the employee is eligible.
9. Parental leave may run concurrently or sequentially with VSDP, if the employee is eligible for VSDP.

The Department of Human Resource Management (DHRM or Department) shall establish policy and guidance documents to support implementation of this Executive Order.

Exceptions for Classified and At-Will Employees

Requests for exceptions to this policy must be directed to the Eligible Employee's Human Resource Manager. If the Human Resource Manager at the Agency level approves the exception, then a request must be made to DHRM for final approval. DHRM will then notify the Human Resource Manager of its decision. The Human Resource Manager will subsequently inform the Eligible Employee of the final decision reached by DHRM and will process the leave request accordingly.

Agency Reporting

On July 1, 2019, and every July 1 thereafter, the Human Resource Manager for each Agency shall submit to DHRM a report regarding the usage of parental leave by Agency employees for the preceding fiscal year. The report shall be in a form and contain such data as prescribed by the Department.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force and effect unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 25th Day of June, 2018.

NUMBER THIRTEEN (2018)

ESTABLISHING THE GOVERNOR'S ADVISORY COMMISSION ON QUALITY CHILD CARE AND EDUCATION

Importance of the Issue

As Governor of the Commonwealth of Virginia, I am committed to ensuring the prosperity of Virginia. The Commonwealth employs approximately 100,000 employees. Many of these employees play a critically-important role outside of their working hours – that of a parent. These employees work hard to secure a future that is bright and full of opportunity for their children. The Commonwealth should ensure a supportive work environment where employees can work toward the success of their families and the Commonwealth.

Currently, state employees across the Commonwealth struggle with the access to and affordability of quality early care and learning environments for their children. Childhood is a time of development and discovery for parent and child alike. Having a reliable, safe, and nurturing environment where young children can grow and explore individual potential is key to a parent's ability to be a productive member of the workforce. In order to compete to recruit and retain talented young employees, the Commonwealth must support state employees' ability to access and afford early care and learning for their children.

Establishment and Composition of the Commission

Thus, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134, 2.2-135 and 2.2-2100 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Virginia Advisory Commission on Quality Child Care and Education (Commission). Focusing on an area that reflects the highest concentration of the state government's labor force, the Commission will explore the feasibility of providing an evidence-based early care and learning program for young children of state employees working on and around Capitol Square in Richmond.

The Commission's membership shall be appointed by the Governor and co-chaired by the Secretaries of Education and Health and Human Resources or their designees (Co-Chairs). Membership shall also consist of the following:

- A representative from the Office of the First Lady;
- The Secretary of Administration or her designee;
- Two members from the House of Delegates, as recommended by the Speaker of the House;
- One member from the Senate, as recommended by the President pro tempore of the Senate; and
- Experts in early childhood education and development, as appointed by the Governor.

The Governor may appoint other members deemed necessary to carry out the assigned functions of the Commission. The Commission will meet upon the call of the Co-Chairs and will issue a report regarding their findings and recommendations no later than November 1, 2019, and any additional reports and recommendations as necessary or as requested by the Governor.

Staff support for the Commission will be provided by the Secretary of Education, the Secretary of Health and Human Resources, the Office of the Governor, and any other agencies or offices as may be designated by the Governor. An estimated 100 hours of staff time will be required to support the work of the Commission.

Our workforce is only as strong, resilient, and adaptive as we enable it to be. It is my hope that the Commission's findings and recommendations will be shared to promote best practices across the Commonwealth. More particularly, by seeking to nurture the growth of our children, while assisting their parents in managing a work-life balance, I hope the Commonwealth sets an example – an example other government and private sector employers will follow by exploring such opportunities for their employees.

Effective Date

This Executive Order shall be effective upon signing and shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 26th day of June, 2018.

NUMBER FOURTEEN (2018) (AMENDED)

DEVELOPMENT AND REVIEW OF STATE AGENCY REGULATIONS

Importance of the Initiative

By virtue of the authority vested in me as Governor under Article V of the Constitution of the Commonwealth of Virginia and under the laws of the Commonwealth, including, but not limited to, §§ 2.2-4013 and 2.2-4017 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish policies and procedures for the review of all new regulations and changes to existing regulations proposed by state agencies, which shall include all agencies, boards, commissions, and other entities of the Commonwealth within the executive branch authorized to promulgate regulations. Nothing in this Executive Order shall be construed to limit my authority under the *Code of Virginia*, including to require an additional 30-day public comment period, file a formal objection to a regulation, suspend the effective date of a regulation with the concurrence of the applicable body of the General Assembly, or to exercise any other rights and prerogatives existing under Virginia law.

Definitions

The following acronyms and definitions are set out for ease of use and represent only a summary of terms and acronyms related to the regulatory review process. More detailed descriptions and definitions appear in the Administrative Process Act (APA), § 2.2-4000, *et seq.* of the *Code of Virginia*.

“Agency Background Document” (ABD) refers to a form completed by agencies and uploaded on the Virginia Regulatory Town Hall website for each regulatory stage in order to describe and explain the regulatory action. The form for each stage is available on the Town Hall.

“Administrative Process Act” (APA) refers to § 2.2-4000, *et seq.* of the *Code of Virginia*, which contains provisions setting forth the process for promulgating regulations in Virginia.

“Day” means a calendar day.

“Virginia Department of Planning and Budget” (DPB) refers to the state entity that reviews regulatory proposals for economic and policy impact and manages the Virginia Regulatory Town Hall website.

“Economic Impact Analysis” (EIA) refers to a report prepared by DPB that evaluates the estimated costs and benefits of a regulatory proposal.

“Emergency rulemaking process” refers to the process used (1) when there is an emergency situation as determined by the agency and affirmed by the Governor that an emergency regulation is necessary, or (2) when a Virginia statutory law, Acts of Assembly (such as the appropriation act), federal law, or federal regulation requires that a state regulation be effective in 280 days or fewer from its enactment.

“Executive Branch Review” refers to the review of a regulatory proposal at various stages by the executive branch before the regulatory proposal is published in the *Virginia Register of Regulations* and is available for public comment.

“Exempt rulemaking process” refers to the process by which agency actions exempt from the promulgation requirements of Article 2 of the APA can be adopted and filed directly with the Office of the Registrar of Regulations (Registrar) and are not subject to Executive Branch Review outlined in this executive order. Agencies should consult with their respective cabinet secretary prior to promulgating a regulation under the exempt process.

“Fast-track rulemaking process” refers to the process utilized for rules that are expected to be noncontroversial.

“The Virginia Regulatory Town Hall website” (Town Hall) refers to the website managed by DPB and used by agencies to post regulatory proposals and to facilitate the regulatory review process.

“*Virginia Administrative Code*” (VAC) refers to Virginia’s official legal publication for regulations.

Policy and Principles

The executive branch agencies of the Commonwealth must consider, review, and promulgate numerous regulations each year. This Executive Order sets out procedures and requirements to ensure the efficiency and quality of Virginia’s regulatory process. All state employees who draft, provide policy analysis for, or review regulations shall carefully consider and apply the principles outlined below during the regulatory development and review process.

General

- A. All regulatory activity should be undertaken with the least possible intrusion into the lives of the citizens of the Commonwealth and be necessary to protect the public health, safety, and welfare. Accordingly, agencies shall consider:
 - 1. The use of user fees or permits;
 - 2. The use of information disclosure requirements, rather than regulatory mandates, so that the public can make more informed choices;
 - 3. The use of performance standards in place of required techniques or behavior; and
 - 4. The consideration of reasonably available alternatives in lieu of regulation.
- B. Where applicable, and to the extent permitted by law, it shall be the policy of the Commonwealth that only regulations necessary to interpret the law or to protect the public health, safety, or welfare shall be promulgated. These principles shall be considered when an agency performs its periodic review of regulations pursuant to § 2.2-4017 and this Executive Order.
- C. Regulations shall be clearly written and easily understandable.
- D. Regulations shall be designed to achieve their intended objective in the most efficient, cost effective manner.

Regulatory Development

- A. Regulatory development shall be based on the best reasonably available and reliable scientific, economic, and other information concerning the need for, and consequences of, the intended regulation. Agencies shall specifically cite the best reasonably available and reliable scientific, economic, or statistical data as well as any other information in support of regulatory proposals.
- B. Regulatory development shall be conducted in accordance with the statutory provisions related to impact on small businesses. DPB shall work with state agencies to address these requirements during the regulatory review process, including notifications, as appropriate, to the Joint Commission on Administrative Rules.
- C. During regulatory development, agencies shall consider the impact on existing and potential Virginia employers and their ability to maintain and increase the number of jobs in the Commonwealth, as well as the cost of compliance to the general public.

Public Participation

- A. Agencies shall actively seek input for proposed regulations from interested parties, stakeholders, citizens, and members of the General Assembly.
- B. In addition to requirements established in Article 2 of the APA, agencies shall post all rulemaking actions on Town Hall to ensure that the public is adequately informed of rulemaking activities.
- C. All legal requirements and guidelines related to public participation shall be strictly followed to ensure that citizens have reasonable access and opportunity to present comments and concerns. Agencies shall inform interested persons of (1) Town Hall's email notification service that can send information regarding specific regulations, regulatory actions, and meetings about which citizens are interested, and (2) the process to submit comments in Town Hall public comment forums. Agencies shall establish procedures that provide for a timely written response to all comments and the inclusion of suggested changes that would improve the quality of the regulation.

Other

- A. Agencies, as well as reviewing entities, shall perform their tasks in the regulatory process as expeditiously as possible and shall adhere to the timeframes set out in this Executive Order.
- B. Regulations are subject to periodic evaluation, review, and modification, as appropriate, in accordance with the APA, policy initiatives of the Governor, and legislation.

- C. Each agency head will be held accountable for ensuring that the policies and objectives specified in this Executive Order are followed. Agency heads shall ensure that information requested by DPB, a Cabinet Secretary, or the Office of the Governor, in connection with this Executive Order, is provided on a timely basis. Incomplete regulatory packages may be returned to the appropriate agency by DPB.

Applicability

The review process in this Executive Order applies to rulemakings initiated by agencies of the Commonwealth of Virginia in accordance with Article 2 of the APA.

With the exception of the requirements governing the periodic review of existing regulations, the posting of meeting agenda and minutes, and the posting of guidance documents, agencies and agency regulatory action exempt from Article 2 of the APA are not subject to the requirements of this Executive Order. Nonetheless, the Governor, a Cabinet Secretary, or the Chief of Staff to the Governor may request in writing that an agency comply with all or part of the requirements of this Executive Order for regulations exempt from Article 2 of the APA. Copies of such requests shall be forwarded to the Governor's Policy Office and DPB. In addition, a Cabinet Secretary may request in writing that certain Article 2 exempt regulations be further exempted from all or part of the requirements of this Executive Order.

These procedures shall apply in addition to those already specified in the APA, the agencies' public participation guidelines, and the agencies' basic authorizing statutes. As of July 16, 2018, these procedures shall apply to all regulatory actions and stages that have been submitted to DPB for any stage of Executive Branch Review.

Any failure to comply with the requirements set forth herein shall in no way affect the validity of a regulation, create any cause of action or provide standing for any person under Article 5 of the APA (§ 2.2-4025 *et seq.* of the *Code of Virginia*), or otherwise challenge the actions of a government entity responsible for adopting or reviewing regulations.

Regulatory Review Process

Regulations shall be subject to Executive Branch Review as specified herein. All agency regulatory packages shall be submitted via Town Hall. For each stage of the regulatory development process, agencies shall complete and post the applicable ABD on Town Hall to describe the regulatory action and inform the public about the substance and reasons for the rulemaking. Agencies shall ensure that the correct regulatory text is synchronized with the appropriate stage information page on Town Hall.

If a regulatory package is submitted to DPB, and DPB determines that the package is not substantially complete, then DPB shall notify the agency within 10 days. At that time, the agency must withdraw the package from Town Hall and resubmit the package after all missing elements identified by DPB have been added. Agencies shall submit regulatory packages to the Registrar for publication on Town Hall within 14 days of being authorized to do so.

In rulemakings where there are two or more stages, the filing of each stage shall be submitted on Town Hall as expeditiously as the subject matter allows and no later than 180 days after the conclusion of the public comment period for the prior stage.

A. Standard Rulemaking Process

1. NOIRA Stage

The NOIRA shall include the nature and scope of the regulatory changes being considered and the relevant sections of the VAC. This package shall include draft regulatory text if it is available.

DPB shall review the NOIRA to determine whether it complies with all requirements of this Executive Order and applicable statutes, and whether the contemplated regulatory action comports with the policy of the Commonwealth as set forth herein. Within 14 days of receiving a complete NOIRA review package from the agency, the Director of DPB or his designee shall advise the appropriate Cabinet Secretary and the Governor of DPB's determination.

If the Director of DPB or his designee advises the appropriate Cabinet Secretary and the Governor that the NOIRA presents issues requiring further review, the NOIRA shall be forwarded to the Cabinet Secretary. The Cabinet Secretary shall review the NOIRA within 14 days and forward a recommendation to the Governor. If DPB does not find issues requiring further review, the agency shall be authorized to submit the NOIRA to the *Register* for publication after the Governor approves the NOIRA.

The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove NOIRAs on behalf of the Governor.

Public comments received following publication of the NOIRA should be encouraged and carefully considered in developing the proposed stage of a regulatory proposal.

2. Proposed Stage

Following the initial public comment period required by § 2.2-4007.01 of the *Code of Virginia*, and taking into account the comments received, the agency shall prepare a regulatory review package.

At this stage, the proposed regulation and regulatory review package shall be in as close to final form as possible, including completed review by all appropriate regulatory advisory panels or negotiated rulemaking panels. New issues that were not disclosed to the public when the NOIRA was published shall not be addressed at the proposed stage.

The order of Executive Branch Review shall be as follows:

- a. OAG. The OAG will conduct a review of the proposed regulation and produce a memorandum assessing the agency’s legal authority to promulgate the regulation and determining whether the content of the proposed regulation conflicts with existing law. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the proposed regulation. After the OAG has completed its review, the package will be submitted to DPB.
- b. DPB. DPB shall review the proposed regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Consistent with § 2.2-4007.04 of the *Code of Virginia*, within 45 days of receiving a complete regulatory review package, the Director of DPB or his designee shall prepare a policy analysis and EIA, and advise the appropriate Cabinet Secretary and the Governor of the results of the review.
- c. Cabinet Secretary. The Cabinet Secretary shall review the proposed regulation package within 14 days and forward a recommendation to the Governor.
- d. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove proposed regulations on behalf of the Governor.

3. Revised Proposed Stage (Optional)

Following the public comment period of the proposed stage, required by § 2.2-4007.03 of the *Code of Virginia*, the agency may wish to make additional changes and/or receive additional public comment by publishing a revised proposed regulation (as allowed by § 2.2-4007.03 of the *Code of Virginia*). The order of Executive Branch Review for the revised proposed stage shall be the same as for the Proposed Stage, with the exception that DPB will perform its duties within 21 days.

4. Final Stage

Following the approval of the proposed regulation package or the revised proposed regulation package, and taking into account all comments received during the prior stage, the rulemaking entity shall revise the proposed regulation.

If any change with substantial impact—as determined by DPB—has been made to the regulatory text between the proposed and final stages, the agency shall obtain a letter from the OAG certifying that the agency has authority to make the additional changes.

The order of Executive Branch Review shall be as follows:

- a. DPB. DPB shall review the final stage package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. In particular, DPB shall assess the effect of any substantive changes made since the publication of the proposed regulation and the responsiveness of the agency to public comment. Within 21 days of receiving a complete final regulation package from the agency, the Director of DPB or his designee shall prepare a policy analysis advising the appropriate Cabinet Secretary and the Governor of the results of the review.
- b. Cabinet Secretary. The Cabinet Secretary shall review the final stage regulation package within 14 days and forward a recommendation to the Governor.
- c. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove proposed final regulations on behalf of the Governor.

B. Fast-Track Rulemaking Process

The fast-track rulemaking process is for rules that are expected to be noncontroversial.

DPB shall review the fast-track regulation to determine whether it complies with all other requirements of this Executive Order and applicable statutes, and whether the contemplated regulatory action comports with the policies of the Commonwealth as set forth herein. DPB shall request the Governor's Office to determine if the fast-track process is appropriate when there is any question as to whether a package should be allowed to proceed in this manner. The Governor or his designee retains sole discretion to disapprove use of the fast-track rulemaking process when the Governor or his designee determines it is not in the public interest.

After a fast-track regulation has been submitted on Town Hall, Executive Branch Review will proceed as follows:

1. OAG. The OAG will conduct a review of the proposed fast-track regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation and determining that the content of the proposed regulation does not conflict with existing law. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the fast-track regulation. After the OAG has completed its review, the package will be submitted to DPB.
2. DPB. DPB shall determine within 10 days or less whether the regulatory package is appropriate for the fast-track rulemaking process and communicate

this decision to the agency. After a package has been determined to be appropriate for the fast-track process, the Director of DPB or his designee shall have 30 days to prepare a policy analysis and EIA, and advise the appropriate Cabinet Secretary and the Governor of the results of the review.

3. Cabinet Secretary. The Cabinet Secretary shall review the fast-track regulation package within 14 days and forward a recommendation to the Governor.
4. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove fast-track regulations on behalf of the Governor.

C. Emergency Rulemaking Process

Emergency regulations may be promulgated by an agency if it determines there is an emergency situation, consults with the OAG, and obtains the approval of the Governor or his designee. Emergency regulations may also be promulgated where Virginia statutory law, an Act of Assembly such as the appropriation act, federal law, or federal regulation requires that a state regulation be effective in 280 days or fewer from its enactment and the regulation is not exempt from the APA.

If the agency plans to replace the emergency regulation with a permanent regulation, it should file an Emergency/NOIRA stage. The order of Executive Branch Review shall be as follows:

1. OAG. The OAG will conduct a review of the proposed emergency regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation and determining that the content of the proposed regulation does not conflict with existing law. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the proposed emergency regulation. After the OAG has completed its review, the package will be submitted to DPB.
2. DPB. DPB shall review the proposed emergency regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Within 14 days of receiving a complete emergency regulation package from the agency, the Director of DPB or his designee shall prepare a policy analysis, and advise the appropriate Secretary and the Governor of the results of the review.
3. Cabinet Secretary. The Cabinet Secretary shall review the proposed emergency regulation package within 10 days and forward a recommendation to the Governor.
4. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove emergency regulations on behalf of the

Governor.

An emergency regulation shall be effective for up to 18 months and may be extended for up to an additional six months if, despite the rulemaking entity's best efforts, a permanent replacement regulation cannot become effective before the emergency regulation expires. If an agency wishes to extend an emergency regulation beyond its initial effective period, the agency shall submit an emergency extension request to the Governor's Office via Town Hall as soon as the need for the extension is known, but no later than 30 days before the emergency regulation is set to expire. The emergency extension request must be granted prior to the expiration date of the emergency regulation, pursuant to § 2.2-4011(D) of the *Code of Virginia*.

D. Periodic Review of Existing Regulations

Existing state regulations shall be reviewed every four years to determine whether they should be continued without change or be amended or repealed, consistent with the stated objectives of applicable law, to minimize the economic impact on small businesses in a manner consistent with the stated objectives of applicable law, as regarding § 2.2-4007.1 of the *Code of Virginia*.

The regulatory review shall include: (1) the continued need for the rule; (2) the nature and complaints or comments received concerning the regulation from the public; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation.

Prior to commencement of the periodic regulatory review, the agency shall publish a notice of the review in the *Register* and post the notice on Town Hall. The agency shall provide a minimum of 21 days for public comment after publication of the notice. No later than 120 days after close of the public comment period, the agency shall publish a report of the findings of the regulatory review in the *Register* and post the report on Town Hall.

The periodic review shall include (1) a review by the Attorney General or his designee to ensure statutory authority for regulations, and (2) a determination by the Governor or his designee, whether the regulations are (a) necessary for the protection of public health, safety and welfare and (b) clearly written and easily understandable.

The periodic review must be conducted on Town Hall and may be accomplished either during the course of a comprehensive regulatory action using the standard rulemaking process, or by using the periodic review feature as follows:

1. If during the course of a comprehensive rulemaking, using the standard regulatory process, the agency plans to undertake a standard regulatory action, then the agency can fulfill the periodic review requirement by including a notice of a periodic review in the NOIRA. When the proposed stage is submitted for Executive Branch Review, the ABD shall include the result of

the periodic review. When a regulation has undergone a comprehensive review as part of a regulatory action and when the agency has solicited public comment on the regulation, a periodic review shall not be required until four years after the effective date of the regulatory action.

2. Using the periodic review feature. If, at the time of the periodic review, the agency has no plans to begin a comprehensive rulemaking using the standard rulemaking process, then the agency shall use the periodic review feature to announce and report the result of a periodic review using the appropriate Town Hall form. If the result of the periodic review is to amend or repeal the regulation, the agency shall link the periodic review with the subsequent action to amend or repeal the regulation.

Electronic Availability of Petitions and Documents

Agencies shall post petitions for rulemaking and decisions to grant or deny the petitions on Town Hall, in accordance with the timeframes established in § 2.2-4007 of the *Code of Virginia*.

Executive branch agencies shall post the notice of, and agenda for, a public regulatory meeting on Town Hall at least seven days prior to the date of the meeting, except if it is necessary to hold an emergency meeting in which case the agenda shall be posted as soon as possible.

In addition, agencies that promulgate regulations and keep minutes of regulatory meetings shall post such minutes of those meetings on Town Hall in accordance with the timeframes established in §§ 2.2-3707 and 2.2-3707.1 of the *Code of Virginia*.

Agencies shall post all guidance documents or a link to each agency guidance document, as defined by § 2.2-4101 of the *Code of Virginia* on Town Hall. Any changes to a guidance document or a guidance document link shall be reflected on Town Hall within 10 days of the change.

Effective Date of the Executive Order

This Executive Order amends Executive Order No. 14 (2018) issued by Governor Ralph S. Northam and rescinds Executive Order No. 58 (1999) issued by Governor James S. Gilmore, III. This Executive Order shall become effective on July 16, 2018, and shall remain in full force and effect until June 30, 2022, unless amended or rescinded by further executive order.

DECLARATION OF A STATE OF EMERGENCY IN PREPARATION FOR THE ANNIVERSARY OF CHARLOTTESVILLE

Importance of the Issue

The “Unite the Right” rally in Charlottesville on August 12, 2017, resulted in the tragic deaths of 32-year-old Heather Heyer, Virginia State Police Lieutenant H. Jay Cullen, III, and Virginia State Police Trooper-Pilot Berke M.M. Bates. Anniversary events, rallies, and protests are planned to be held in the City of Charlottesville and in Washington, D.C., on August 11-12, 2018. Accordingly, I declare a state of emergency in the Commonwealth of Virginia in order to prepare and coordinate our response to ensure the protection of residents’ lives, property, and Constitutional rights.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for these events, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid.
- D. Provision of assistance by the Virginia National Guard to the Virginia Department of State Police to ensure crowd control, direct traffic, prevent looting, and perform such other law enforcement functions as deemed necessary by the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security). Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. The members of the Virginia National Guard activated for this event shall be authorized under *Code of Virginia* § 44-75.1(A)(3), to perform all acts necessary to accomplish the above assistance. The Virginia National Guard shall have the power of arrest to enforce laws, including all violations of Section 18.2, Chapter 9, Articles 1 and 2 of the *Code of Virginia* (Crimes Against Peace and Order; Riot and Unlawful Assembly; Disorderly Conduct), and such other acts necessary to protect lives, preserve property, and in defense of self and others. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- E. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- F. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of*

Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.

Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC as defined herein and in § 44-146.28 of the *Code of Virginia*, other than costs defined in the paragraphs above pertaining to the Virginia National Guard and pertaining to the Virginia Defense Force, shall be paid from state funds.

ESTABLISHING AN INTER-AGENCY TASK FORCE ON WORKER MISCLASSIFICATION AND PAYROLL FRAUD

Importance of the Issue

The misclassification of employees as “independent contractors” undermines businesses that follow the law, deprives the Commonwealth of millions of dollars in tax revenues, and prevents workers from receiving legal protections and benefits.

A 2012 report of the Joint Legislative Audit and Review Commission (JLARC) found that one third of audited employers in certain industries misclassify their employees. By failing to purchase workers' compensation insurance, pay unemployment insurance and payroll taxes, or comply with minimum wage and overtime laws, employers lower their costs as much as 40%, placing other employers at a competitive disadvantage.

Based on state and national studies, JLARC estimated that worker misclassification lowers Virginia's state income tax collections as much as \$28 million a year. Agencies with relevant enforcement responsibilities, including the Virginia Employment Commission, the Department of Labor and Industry, the Department of Professional and Occupational Regulation, the State Corporation Commission's Bureau of Insurance, the Department of Taxation, and the Workers' Compensation Commission each address only one component of this practice and may not fully coordinate their efforts. In its study, JLARC recommended the establishment of a task force with representatives from the agencies listed above.

Establishment of the Task Force

Pursuant to the authority vested in me as Governor under Article V of the Constitution of Virginia, and the *Code of Virginia*, in order to examine the issue of worker misclassification and payroll fraud, I hereby create an Inter-Agency Taskforce on Worker Misclassification and Payroll Fraud (Taskforce).

Initiatives

The purpose of the Taskforce is to develop and implement a comprehensive plan with measurable goals to reduce worker misclassification and payroll fraud in Virginia. The activities of the Taskforce should include, but not be limited to:

1. Reviewing statutes and regulations related to worker misclassification and payroll fraud;
2. Evaluating current enforcement practices of the agencies involved;
3. Developing procedures for more effective inter-agency cooperation and joint enforcement;
4. Developing educational materials and an outreach strategy for employers;
5. Advising on any technological or other improvements in worker misclassification and payroll fraud detection;
6. Recommending any appropriate changes to relevant legislation or administrative rules;
7. Identifying ways to involve external stakeholders in the Taskforce's work;
8. Identifying ways to hold companies working on state contracts who commit payroll fraud through misclassification of workers accountable; and
9. Identifying ways to deter such misconduct through incentives and enforcement mechanisms.

The Taskforce will be chaired by the Secretary of Commerce and Trade and will include representatives from the Virginia Employment Commission, the Department of General Services, the Department of Labor and Industry, the Department of Professional and Occupational Regulation, the State Corporation Commission's Bureau of Insurance, the Department of Taxation, the Workers' Compensation Commission, and the Office of the Attorney General.

The Taskforce shall develop a work plan by November 1, 2018. The Taskforce shall report to the Governor on its progress by August 1, 2019.

Staffing

Staff necessary for the Task Force will be provided by the respective agencies participating with the Task Force.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and, pursuant to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, shall remain in full force and effect for a year from its signing or until superseded or rescinded.

Given under my hand and under the Seal of the Commonwealth of Virginia this 10th day of August, 2018.

NUMBER SEVENTEEN (2018)

AMENDED

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO POTENTIAL IMPACTS FROM HURRICANE FLORENCE

Importance of the Issue

On September 8, 2018, I declared that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response for potential impacts from Hurricane Florence. National Weather Service forecasts indicate Hurricane Florence could produce damaging winds, periods of heavy rainfall, power outages, and flooding in the Commonwealth. These conditions have the potential to impact life safety and create significant transportation issues throughout Virginia.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for the impacts of Hurricane Florence, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.

- F. This Emergency Declaration implements limited relief from the provisions of 49 CFR §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.
- G. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, or agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of their point of origin or destination. Weight exemptions are not valid on posted structures for restricted weight. Weight exemptions are also not valid on interstate highways unless there is an associated Federal emergency declaration. The exemption shall not exceed the duration of the motor carrier's or driver's direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.
1. All over width loads, up to a maximum of 12 feet, and over height loads up to a maximum of 14 feet must follow Virginia Department of Motor Vehicles hauling permit and safety guidelines.
 2. In addition to described overweight/over width transportation privileges, carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route and returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.
- H. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.
- I. No person may proceed with replacement of a previously permitted structure or beach nourishment activity under the provisions of this Executive Order without written approval from the Commissioner of the Virginia Marine Resources Commission.

DIRECTING THE COMMISSIONER OF THE DEPARTMENT OF MOTOR VEHICLES TO EXTEND THE VALIDITY OF EXPIRING DRIVER'S LICENSES AND IDENTIFICATION CARDS

Importance of the Issue

On Saturday, September 8, 2018, I declared that a state of emergency existed in the Commonwealth of Virginia due to the potential impacts of Hurricane Florence. In furtherance of state action to protect the health and general welfare of Virginia residents, some state government offices, including Department of Motor Vehicles customer service centers, in affected regions were closed, which greatly impacted the ability of many Virginians to renew their driver's licenses and identification cards. This widespread emergency closure placed residents at risk of incurring fines and other costs resulting from their inability to renew their credentials in a timely manner.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, and in accordance with my authority contained in §§ 46.2-330(A) and 46.2-345 of the *Code of Virginia*, in order to prevent any hardship to the residents of Virginia, I hereby direct the Commissioner of the Department of Motor Vehicles to extend the validity period of Virginia driver's licenses, learner's permits, commercial driver's licenses, and identification cards issued by the Commonwealth that expire September 11, 2018, through September 16, 2018, until September 21, 2018, 11:59:59 PM EST.

Effective Date of this Executive Order

This Executive Order shall be effective from September 11, 2018, and shall remain in full force and effect until September 21, 2018, 11:59:59 PM EST.

CLOUD SERVICE UTILIZATION AND READINESS

Importance of the Initiative

The Commonwealth of Virginia must ensure that we are continuously evaluating how information technology services are delivered to those who live and work in our state. Services provided by the Commonwealth must keep pace with the marketplace. A key part of achieving this goal is to ensure that the Commonwealth of Virginia aggressively incorporates the use of cloud technologies into Commonwealth information technology service delivery models. The Commonwealth's definition of cloud services can be found in the VITA Information Technology Resource Management (ITRM) Policies, Standards and Guidelines (<https://www.vita.virginia.gov/it-governance/itrm-policies-standards/>).

As with any technology, cloud services must be implemented in a manner that continues to ensure the availability, security, and privacy of Commonwealth and citizen data. This requires ongoing oversight and management to ensure compliance through Service Level Agreements and other means.

Leveraging cloud services models will allow the Commonwealth to:

- Speed up delivery of business solutions through faster paths to production;
- Provide flexible solutions capable of quickly adapting to new and changing business solutions;
- Reduce operations and maintenance requirements for basic needs such as power and space;
- Provide transparency so that customers are more aware of what they get for their money;
- Provide service elasticity to support increased citizen needs at peak times; and
- Provide a structure that allows for a more resilient environment in the case of a disaster or service outage.

Within 60 days of this Executive Order, the Virginia Information Technologies Agency (VITA) shall adopt a model for evaluating and incorporating cloud services where appropriate to support information technology (IT) services.

VITA shall also develop governance documents in support of this cloud approach that address requirements for evaluating new and existing IT for cloud readiness. This process, which shall apply to Executive Branch agencies as defined in § 2.2-2006 of the *Code of Virginia*, will include details regarding the following areas:

Development of New IT Applications and Solutions

- As of the effective date of this Executive Order, all new IT solutions proposed for development must either be cloud-enabled or have a documented exemption approved by the Commonwealth Chief Information Officer (CIO).
- Agencies shall minimize in-house development of custom IT solutions and applications and leverage cloud solutions if recommended by VITA's cloud governance process.

Existing Systems/Applications Cloud Enablement

- Agencies shall evaluate the continued use of dedicated hardware supporting premise-based IT solutions.
- Agencies shall develop formal processes to enable application development and business services to evaluate cloud service options when deploying, updating, or investing in existing IT solutions.

All agency cloud solutions shall adhere to VITA security and infrastructure policies, standards, and guidelines that will be located in the ITRM Policies, Standards & Guidelines. All agency cloud solutions shall be obtained through VITA's services as outlined by the agency unless otherwise approved by the CIO.

Agency Reporting

- VITA shall collect information from each agency indicating the percentage of physical and virtually deployed IT system components as well as cloud-ready workloads.
- By December 1, 2018, and annually thereafter, each agency shall identify each system's cloud-readiness status (cloud-ready or not cloud-ready) and report this information to VITA, unless granted a temporary or permanent exemption by the CIO.
- By January 15, 2019, agencies shall provide to VITA information regarding resource requirements necessary to make systems cloud-ready within their IT strategic plans, unless granted an exemption by the CIO.
 - This information shall be evaluated by VITA for cloud-readiness as part of the IT strategic planning process.
- By June 1, 2019, VITA shall report to the Secretary of Administration on the status of identifying cloud-ready systems within the Commonwealth.

- Beginning September 1, 2019, VITA shall report annually to the Secretary of Administration on the progress of migrating systems identified as appropriate for cloud solutions.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force and effect until December 31, 2021, unless amended or rescinded by further Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 17th Day of September, 2018.

NUMBER TWENTY (2018)

TRANSFER OF THE DEPARTMENT OF MILITARY AFFAIRS TO THE SECRETARY OF VETERANS AND DEFENSE AFFAIRS

Importance of the Initiative

The Commonwealth of Virginia is home to many of our nation's most important national defense assets. The Commonwealth takes pride in protecting our defense forces' ability to train for our nation's security while also providing the service members and their families with an unmatched quality of life. By working collaboratively with our military installations, the Commonwealth is able to sustain our current economic infrastructure, while also jointly identifying areas of future advancement. Growing the military mission in the Commonwealth also includes growing the Virginia National Guard. Our Virginia National Guard has seen increased demands on its members with more frequent deployments and longer training periods. Ensuring the Virginia National Guard continues to meet end strength goals and remain a competitive recruiter is more important than ever. In order to achieve these goals, operations and collaboration with the federal government must be as efficient as possible.

The Secretary of Veterans and Defense Affairs elevates issues and coordinates policy for veterans and transitioning service members in the Commonwealth and serves as the Governor's liaison to the federal defense establishment. As described in § 2.2-231 of the *Code of Virginia*, the Secretary is to "provide active outreach to the U.S. Department of Defense and the defense establishment in Virginia to support the military installations and activities in the Commonwealth..."

Duties of the Department of Military Affairs (DMA), as outlined in § 44-11.1 of the *Code of Virginia*, consist of administering the Virginia Militia and integrating Department of Defense capabilities into state operations. DMA has extensive involvement with federal defense entities, an area where the Office of the Secretary of Veterans and Defense Affairs is deeply engaged. Transferring DMA to the Secretary of Veterans and Defense Affairs will streamline communications with federal defense entities on matters directly affecting the Virginia National Guard. More streamlined communications are critical as a significant part of the budget for the Virginia National Guard comes from federal sources.

The Virginia Department of Veterans Services (DVS), another agency under the Office of the Secretary of Veterans and Defense Affairs, is charged with supporting and enhancing the benefits provided to members of the Guard and their families. When members of the Guard and other service members transition from active service, DVS is there to assist them and their families with their transitions to civilian life, particularly in the areas of employment, education, benefits, housing, and behavioral health and rehabilitative services. Moving DMA under the Office of the Secretary of Veterans and Defense Affairs will better align resources and missions for our Guardsmen and their families.

The Department of Military Affairs will continue performing all existing duties in accordance with Virginia law, including working with other agencies in disaster preparedness, maintaining order and public safety in coordination with law enforcement, and developing and executing contingency plans for homeland defense.

Transfer of the Agency

By virtue of the authority vested in me as Governor under § 2.2-230 of the *Code of Virginia*, I hereby authorize the transfer of administrative authority of the Department of Military Affairs from the Secretary of Public Safety and Homeland Security to the Secretary of Veterans and Defense Affairs.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by further executive order.

NUMBER TWENTY-ONE (2018)

ESTABLISHING THE GOVERNOR'S ADVISORY COMMISSION ON OPIOIDS AND ADDICTION

Importance of the Initiative

The disease of addiction is devastating our communities and taking the lives of too many Virginians. Since 2013, drug overdoses have been the leading cause of accidental death in the Commonwealth. Over 1,500 individuals in Virginia died as a result of drug overdoses just last year. Of those 1,500 fatalities, nearly 80 percent involved prescription opioid painkillers, heroin, or synthetic opioids like fentanyl. Opioid and heroin abuse continues to pose an immense public health and safety threat to Virginians and remains a public health emergency for the Commonwealth.

In addition to opioids and heroin, data shows that abuse of other potentially deadly drugs, particularly stimulants, is on the rise. In addition to maintaining a focus on opioids, Virginia's leaders must also focus on the biological, psychological, and social factors that foster addiction in an individual so that those factors can be addressed and mitigated. The disease of addiction is not exclusive to any substance and addiction will always find another drug.

Virginia cannot solve these problems through state intervention alone. The knowledge and experiences of providers, peers, local leadership, and other community partners is imperative as we work to reduce the impact of addiction and reduce the number of those who die from it. Under the authority established by Executive Directive Nine (2016), the Governor's Executive Leadership Team on Opioids and Addiction implements strategies, programs, and policies aimed at reducing overdose deaths. It is necessary to look to our partners to strengthen our understanding of the issue and share learned successes. Therefore, I direct relevant secretariats, agencies, health and behavioral health providers and organizations, education professionals, law enforcement, and other stakeholders to work together to identify and execute strategies to increase harm reduction opportunities, intensify prevention activities, enhance access to evidence-based treatment, and support individuals in recovery in Virginia.

Key Objectives

This advisory commission shall provide comments to the co-chairs of the Governor's Executive Leadership Team on Opioids and Addiction regarding the development of policies, programs, and other initiatives designed to impact the ongoing drug overdose epidemic in Virginia.

The advisory commission shall meet upon the call of the co-chairs. The co-chairs shall call the advisory commission to meet no less than twice per year. At such meeting, the Executive Leadership Team on Opioids and Addiction shall provide updates and metrics regarding opioid and addiction initiatives. Therefore, supplemental meetings may be held to review specific topics, initiatives, and programs.

Establishment of the Opioid and Addiction Commission

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia under the laws of the Commonwealth, including, but not limited to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Governor's Advisory Commission on Opioids and Addiction (Opioid and Addiction Commission).

The Opioid and Addiction Commission will serve in a consultative role, in accordance with § 2.2-2100 of the *Code of Virginia*, and will be responsible for advising the Governor's Executive Leadership Team on Opioids and Addiction and providing guidance on the following initiatives related to addressing the opioid and addiction public health emergency in the Commonwealth:

- a. Building the capacity of Virginia's communities to address the addiction epidemic through community mobilization and coalition development;
- b. Limiting availability of prescription opioids for misuse;
- c. Establishing pathways to treatment and recovery supports in Virginia;
- d. Establishing operational comprehensive harm reduction programs in Virginia; and
- e. Developing model protocols for Medication Assisted Treatment (MAT) for individuals being released from correctional settings that local/regional jails and community services boards can use.

Composition of the Opioid and Addiction Commission

The Opioid and Addiction Commission's membership shall be appointed by the Governor. The Secretaries of Health and Human Resources and Public Safety and Homeland Security will co-chair the Opioid and Addiction Commission. Membership for the Opioid and Addiction Commission will be composed of representatives from the Office of the Attorney

General, the General Assembly, and the judiciary, as well as community leaders in prevention, harm reduction, treatment, and recovery, including individuals with lived experiences. The Governor may appoint any other person(s) deemed necessary and proper to carry out the assigned functions.

The Secretariat of Health and Human Resources shall provide a Staff Director to support the Opioid and Addiction Commission. The Secretariats of Public Safety and Homeland Security and Health and Human Resources shall provide other staff support as necessary. An estimated 100 hours of staff time will be required to support the work of the Opioid and Addiction Commission.

Effective Date

This Executive Order shall be effective upon its signing and, pursuant to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

NUMBER TWENTY-TWO (2018)

**Establishment of the Governor's Conservation Cabinet:
A United Effort to Protect and Conserve Virginia's Natural Resources**

Importance of the Initiative

Conservation of natural resources and protection of the environment are key components of my plan as Governor to ensure that Virginia becomes an even better place to live work, play, start a business, and raise a family. While many of our conservation responsibilities fall under the Secretary of Natural Resources, state agencies overseen by other secretariats play important roles, as well.

Coordination across state government is critical to ensuring that state sponsored or permitted activities do not harm the environment. Systemic coordination is also imperative to identifying and engaging in conservation-related economic development and community enhancement opportunities. Many service or functional areas, like agriculture and forestry, transportation and local infrastructure, energy use and development, and outdoor recreation and tourism, interact with our land, air, water, and related ecosystems. It is up to us to determine what impacts such interactions will have.

Establishment of the Cabinet

Accordingly, by virtue of the authority vested in me as Chief Executive by Article V of the Constitution of Virginia and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish Virginia's Conservation Cabinet ("Conservation Cabinet").

The Conservation Cabinet shall be established within the Office of the Governor, to better protect Virginia's natural resources and to improve environmental quality across the Commonwealth. Through increased coordination of Virginia agencies, departments and programs the Conservation Cabinet will work to ensure a healthy environment and continued economic opportunity for all Virginians.

The Conservation Cabinet shall meet on a quarterly basis to discuss conservation issues related to the responsibilities of multiple secretariats, including but not limited to: clean air, clean water, energy, climate change, land conservation, tourism, and sustainable natural resource use. The Secretary of Natural Resources shall be the chair of the Conservation Cabinet, and, in consultation with other members of the Conservation Cabinet, shall develop and deliver to the Governor, no later than June 30th of 2019, a report describing collaboration across state government on conservation issues. Such report shall be made available digitally to the public.

Composition of the Conservation Cabinet

The members of the Conservation Cabinet shall be appointed by the Governor. The Conservation Cabinet shall be comprised of the Secretaries of Agriculture and Forestry, Commerce and Trade, Finance, Natural Resources, and Transportation. The Secretary of Natural Resources shall serve as the Chair of the Cabinet.

The members of the Conservation Cabinet, in addition to discussing topics detailed above, shall share updates on programs, projects and opportunities to protect and improve conservation of Virginia's natural resources, public health, and other relevant topics as they arise.

The Conservation Cabinet shall consult with the Secretary of Health and Human Resources on issues of the environment and public health, particularly with respect to environmental justice and the impacts of air pollution, drinking water contamination, and adverse effects of climate change.

The Conservation Cabinet shall consult with the Secretary of Education on issues related to environmental education and on conservation initiatives at public schools, colleges, and universities to teach environmental sciences and to ensure students have meaningful outdoor experiences.

The Conservation Cabinet will consult with experts and stakeholders within the scientific, economic, and other fields as necessary to carry out its mission.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

NUMBER TWENTY-THREE (2018)

**DECLARATION OF A STATE OF EMERGENCY
FOR THE COMMONWEALTH OF VIRGINIA DUE TO HURRICANE MICHAEL
AND IN SUPPORT OF STATES AFFECTED BY THE STORM**

Importance of the Issue

On this date, October 11, 2018, I declare that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response to potential impacts from Hurricane Michael, a Category 4 storm that will impact Florida, Georgia, South Carolina, North Carolina, and Virginia. This storm could produce heavy rainfall, power outages, and flooding in the Commonwealth and result in severe impacts to the southeastern portions of the United States, including loss of life and infrastructure damage. In order to save lives, restore infrastructure damage, assist other states impacted by this storm, and facilitate the rapid movement of private sector and public resources from and through Virginia, I hereby authorize state preparations under the full authorities of this Office.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for potential storm impacts, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for these additional police officers at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as

Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.

- F. This Emergency Declaration implements limited relief from the provisions of 49 CFR §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.

- G. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, or agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of the point of origin or destination. Weight exemptions are not valid on posted structures for restricted weight. Weight exemptions are also not valid on interstate highways unless there is an associated Federal emergency declaration. The exemption shall not exceed the duration of the motor carrier's or driver's direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.
 - 1. All over-width loads, up to a maximum of 12 feet, and over-height loads up to a maximum of 14 feet must follow Virginia Department of Motor Vehicles' hauling permit and safety guidelines.
 - 2. In addition to described overweight/over-width transportation privileges, carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route or returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.

- H. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.

- I. NUMBER TWENTY-FOUR (2018)

INCREASING VIRGINIA'S RESILIENCE TO SEA LEVEL RISE AND NATURAL HAZARDS

Importance of the Initiative

Sea level rise, land subsidence, higher average temperatures, more frequent and intense weather events, severe drought, and increased development, have increased risk and will continue to increase and exacerbate risk from natural hazards across the Commonwealth of Virginia. The number of federally declared disasters has steadily increased nationally and in Virginia. The number has experienced a 250 percent increase in federally declared disasters over the past 20 years, including declarations for flooding, hurricanes, severe storms, and wildfire.

The best available science predicts that this trend will continue to worsen. A recent report from the United Nations Intergovernmental Panel on Climate Change states that the world is likely to experience dramatic increases in coastal flooding and severe weather events. Additional studies show that water levels in the Hampton Roads region are now 18 inches higher than they were a century ago, and that they are expected to gain up to five more feet, while the land sinks as much as 7.5 inches, by 2100. That combined rise is faster than anywhere else on the East Coast. The most recent National Climate Assessment reported that the intensity, frequency, and duration of North Atlantic hurricanes, as well as the frequency of the strongest hurricanes, have all increased.

This increase in extreme weather events and natural disasters will continue to have a profound impact on Virginia. It threatens public health and safety, our environment and natural resources, and the economic wellbeing of the Commonwealth, including our ports, military installations, transportation infrastructure, tourism assets, farms, and forests. We must act now to protect lives and property from multiple threats and reduce taxpayer exposure through fiscally responsible planning.

Directive

Accordingly, by virtue of the authority vested in me as the Chief Executive by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby order my administration to take the following actions to increase statewide resilience to natural hazards and extreme weather:

Section 1: Making Commonwealth Holdings More Resilient

- A. Designation of the Chief Resilience Officer of the Commonwealth of Virginia: The Secretary of Natural Resources shall serve as the Chief Resilience Officer of the Commonwealth of Virginia. The Chief Resilience Officer shall be responsible for planning and implementing pre-disaster mitigation strategies to reduce the near and long term impacts of natural hazards across the Commonwealth. The Chief Resilience Officer will serve as the primary point of contact on all issues relating to pre-disaster hazard mitigation and shall be responsible for coordination and planning of resilience initiatives across state government.
- B. Review of Vulnerability of Commonwealth Owned Buildings: It is imperative that the Commonwealth assess the vulnerability of state-owned buildings and takes steps to improve the resilience of state-owned buildings when appropriate. To properly assess the need for resilience upgrades and adaptation strategies for state-owned buildings, the Chief Resilience Officer will develop a facility assessment process and define a data set to be used to identify vulnerability of state-owned buildings. The Secretary of Administration shall collect the identified building data to be used by the Chief Resilience Officer in determining the vulnerability of state-owned buildings, identify steps to increase the resilience of those buildings that are most at risk, and where appropriate and feasible, seek alternative locations for state operations.
- C. Unified Sea Level Rise Projection for State-Owned Buildings: The Commonwealth of Virginia must have a standard approach for predicting sea level rise when scoping, designing, siting, and constructing state-owned buildings. The Chief Resilience Officer shall work collaboratively within state government and with assistance from regional, state, and national experts and stakeholders, to issue, within 180 days from issuance of this Order, a regional or statewide sea level rise projection. The standard shall apply to all projects beginning initial design for state-owned buildings, beginning on or after January 1, 2020. This standard shall apply to new construction and not renovations to existing state buildings and be applied barring extenuating circumstances as determined by the Chief Resilience Officer. In creating this standard, the Chief Resilience Officer shall consult with: the Secretary of Administration, the Secretary of Commerce and Trade, the Secretary of Finance, the Secretary of Transportation, and the Virginia Institute of Marine Science.
- D. Freeboard Standard for State-Owned Buildings: The Commonwealth of Virginia must ensure the resilience of state-owned buildings by setting a minimum freeboard standard for state-owned buildings. The Chief Resilience Officer shall collaboratively work within state government and with assistance from regional, state, and national experts, and stakeholders, to issue, within 180 days from issuance of this Order, a regional or statewide freeboard

standard. The standard shall apply to all projects beginning initial design for state-owned buildings beginning on or after January 1, 2020. This standard shall apply to new construction and not renovations to existing state buildings and be applied barring extenuating circumstances as determined by the Chief Resilience Officer. In creating this standard, the Chief Resilience Officer shall consult with: the Secretary of Administration, the Secretary of Commerce and Trade, the Secretary of Finance, the Secretary of Transportation, and the Virginia Institute of Marine Science.

Section 2: Reviews, Reports, and Recommendations

- A. Virginia Coastal Resilience Master Plan: The Commonwealth of Virginia has a responsibility to assist local governments in reducing flood risk through planning and implementing large scale flood protection and adaptation initiatives. The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall create and implement a Coastal Resilience Master Plan for coastal Virginia to reduce the impacts of tidal and storm surge flooding.

The plan shall:

1. Incorporate all ongoing planned and proposed federal, state, and local projects and infrastructure to reduce tidal and storm surge flooding and flood risk. Provide recommendations for additional hazard mitigation, flood control, and adaptation projects to fill in gaps and improve the preparedness and resilience of the entire coastal area of Virginia for flooding and sea level rise;
2. Be based upon the best available science and engineering;
3. Be updated and amended every five years;
4. Mitigate flood risks at the community level or greater whenever possible;
5. Employ natural and nature-based solutions to the maximum extent possible and provide guidance for land conservation efforts by identifying land providing resilience benefits along with other ecological services;
6. Consider potential areas and options for managed coastal retreat when appropriate;
7. Include detailed funding analysis with a needs assessment and recommendations for potential funding sources;
8. Conform to National Flood Insurance Program requirements and incorporate relevant sections of the floodplain protection plan required by 10.1-602 of the *Code of Virginia*.

In developing the Virginia Coastal Resilience Master Plan, the Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall consult with the following:

1. Local governments;
2. Relevant state agencies, boards, and advisory bodies;
3. Regional Planning District Commissions;
4. The Secure and Resilient Commonwealth Panel;
5. Federal partners, including but not limited to: the Department of Defense, including the U.S. Army Corps of Engineers; the National Atmospheric and Oceanic Administration; the Department of Transportation, the Department of Agriculture; the Department of the Interior; and the Department of Housing and Urban Development;
6. The Virginia Institute for Marine Science, the partner universities in the Virginia Sea Grant Program, the Commonwealth Center for Recurrent Flooding Resiliency; and
7. Non-governmental stakeholders including civic organizations, the business community, and non-profit organizations.

B. Review of State Pre-disaster Mitigation Programs: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall inventory all state-run programs to encourage and implement pre-disaster mitigation. The inventory shall include pre-disaster mitigation programs for all natural hazards including flooding, wildfire, and earthquake. Within 180 days from issuance of this Order, each Cabinet Secretary shall submit to the Chief Resilience Officer a report on any and all pre-disaster hazard mitigation programs administered by his or her Secretariat.

1. Reports to the Chief Resilience Officer shall include: the formal title of the program, the statutory authorization for the program, a summary of the program and its goals and successes, the name of the lead staff member assigned to the program, a summary of the annual available funding for the program, and a summary of unmet funding needs.
2. Within 90 days of receiving reports from Cabinet Secretaries, the Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall compile and make available to the public a comprehensive report of the findings from all secretariats, and make recommendations for improvements or additions to pre-disaster mitigation programs.

C. Review of Compliance with Flood Protection and Dam Safety Laws: The Director of the Department of Conservation and Recreation (DCR), in coordination with the Chief Resilience Officer, shall review DCR's implementation of the *Code of Virginia*, Title 10, Chapter 6, Flood Protection and Dam Safety.

This review shall include:

1. Review of existing requirements to ensure that state-owned development is appropriately protected from flooding. The review shall also ensure that state-owned development is designed so that human health, safety, and welfare, as well as the natural and beneficial uses of the floodplain, are not at an increased risk of flooding, as authorized under state and federal law. The Director of DCR shall report his findings to the Chief Resilience Officer within 90 days from issuance of this Order, identifying critical updates to regulations, previous executive actions or guidance necessary to meet the objectives of this Order. In addition, the Director shall assess the effectiveness of current dam safety regulations in accounting for changing precipitation patterns and conditions;
2. Review of existing requirements to ensure the Commonwealth, as a participating community of the National Flood Insurance Program, continues to comply with 44 CFR § 60.11-13 and 23 CFR § 650, as authorized under state and federal law, and identifying within 90 days from issuance of this Order critical updates to regulations or guidance necessary to meet the objectives of this Order;
3. Assessment of the enforceability of existing state requirements, and the use of penalties for violations, and determining if changes are needed;
4. Development of a protocol for engagement with the Office of the Attorney General on enforcement efforts;
5. Assessment of any gaps in DCR resources or authorities necessary to address challenges identified under this review: and
6. The Director of the Department of Conservation and Recreation shall report to the Chief Resilience Officer within 180 days from issuance of this Order on the reviews required under this section.

D. Sea Level Rise Projection Guidance for Local Governments: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall provide guidance to assist local governments with respect to regional or statewide sea level rise projections and work collaboratively to ensure these projections are useful for local decision-making. In developing this guidance, the Chief Resilience Officer shall consult with the following: localities, planning district commissions, impacted state and

federal agencies, the Virginia Institute for Marine Science, and the Commonwealth Center for Recurrent Flooding Resiliency.

- E. Freeboard Guidance for Local Governments: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall provide guidance for local governments with respect to local options to ensure best practices in establishing freeboard standards based on regional or statewide data and assistance. In developing this recommendation, the Chief Resilience Officer shall consult with the following: localities with flood prone areas, planning district commissions, impacted state and federal agencies, and the Commonwealth Center for Recurrent Flooding Resiliency.

Section 3: Coordination and Objectives

- A. Risk Communication: The Chief Resilience Officer, the Secretary of Public Safety and Homeland Security, and all relevant state agencies shall work to increase the Commonwealth's risk communication with regard to helping Virginia residents and local governments better understand their current and future risk from natural hazards.
- B. Increased Coordination of Hazard Mitigation Programs and Initiatives: The Chief Resilience Officer, or his designee, shall convene regular cross-agency, cross-secretariat meetings to ensure all programs identified in the report mandated by Section 2, subtitle B, paragraph 2, of this Order are working in concert with one another, removing barriers to success and leveraging one another for maximum benefit.
- C. Enhanced State and Military Collaborative Resilience: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection and the Secretary of Veterans and Defense Affairs, shall work with military installations, local governments, Department of Defense leaders, and other impacted stakeholders to identify and develop collaborative adaptation and mitigation opportunities in support of military and community readiness.
- D. Increased Scale and Scope of Pre-Disaster Hazard Mitigation: To the maximum extent possible, state agencies, in coordination with the Chief Resilience Officer, or his designee, should use their planning, grant-making, and legal authorities to ensure natural hazard mitigation projects are conducted on a community-wide, rather than individual property scale. This approach will ensure greater protection for all Virginia residents, public and private property, and natural features and ecosystems that provide valuable barriers to flooding and other services.
- E. Empower Localities to Reduce Risk: To the maximum extent possible, state agencies, in coordination with the Chief Resilience Officer, or his designee, should use their planning, grant-making, and legal authorities to empower local governments to plan and create more resilient communities. This may include: technical assistance and planning grants, sample zoning ordinances, assistance engaging federal programs like the National Flood

Insurance Program and the Community Rating System, Federal Emergency Management Agency (FEMA) Hazard Mitigation grants, and others.

The Department of Housing and Community Development shall consult with relevant stakeholders and subject matter experts for the purpose of identifying and suggesting resilience-specific improvements to the Uniform Statewide Building Code (USBC) for inclusion in the 2018 code update.

- F. Position the Commonwealth of Virginia to be a Leader in Resilience Technology: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall work with the Secretary of Commerce and Trade to ensure state, local, and regional efforts to test and implement resilience technologies are coupled with a coordinated effort to commercialize research and start and grow these businesses in the Commonwealth.

- G. Empower Individuals to Reduce their Risk: To the maximum extent possible, state agencies should use their planning, grant-making, and legal authorities to empower Virginian residents to take individual actions to increase resilience of private property to natural hazards. This includes creating tools and places where property owners can review data related to their risk, teaching Virginians best management practices to reduce risk to existing structures and planning tools to limit risk to new structures and encouraging the purchase of flood insurance policies both inside and outside of the Special Flood Hazard Area. State agencies and departments shall help Virginian property owners identify and apply for state and federal pre-disaster mitigation grants.

ESTABLISHING THE GOVERNOR'S AFFORDABLE HOUSING PRIORITIES TO ADDRESS VIRGINIA'S UNMET HOUSING NEEDS

Importance of the Issue

The sustained welfare of Virginians and the communities in which they reside depends upon the quality, availability, and affordability of housing. In recent decades, Virginia has made substantial progress in improving the quality of housing and the living environment of Virginians. However, both our urban and rural communities face a shortage of affordable housing. The high cost burden of housing, especially for lower wage earners or those with special needs, is contributing to housing instability and homelessness.

In addition to these existing needs, communities across the Commonwealth must also produce substantial new affordable housing units in order to accommodate anticipated economic and workforce growth. As the Commonwealth continues to diversify and strengthen its economy, ensuring the availability of quality, affordable housing that is proximate to employment and educational opportunities will continue to be a critical measure of community vitality and readiness for new economic investment.

To address these needs, the Commonwealth's housing initiatives should focus on enhancing Virginia's economic growth and promoting education, health, and job opportunities for all Virginians. The Commonwealth must continue to work with public and private partners to address housing instability and homelessness, provide permanent supportive housing for vulnerable populations with special needs, and expand the supply of quality, affordable housing required to meet the needs of a growing and diverse workforce. The Commonwealth must also commit to fostering inclusive communities through the deconcentration of poverty and efforts to ensure fair housing is a priority.

Establishment of the Commonwealth's Housing Initiatives

Accordingly, by virtue of the power vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, and subject to my continuing

and ultimate authority and responsibility to act in such matters, I hereby direct the Secretary of Commerce and Trade, with the assistance of the Director of the Department of Housing and Community Development and the Executive Director of the Virginia Housing Development Authority, to identify and implement actions to enable the development of quality, affordable housing with the goal of strengthening communities and fostering economic growth. I also direct the Secretary of Health and Human Resources and its agencies to partner in this effort and to identify personnel and resources to assist in the implementation of this Executive Order. The Secretary of Commerce and Trade and the Secretary of Health and Human Resources shall work with the Commonwealth's economic development and workforce development agencies on this effort.

The housing policies and actions developed pursuant to this Executive Order shall include the following:

1. Increase the supply of permanent supportive housing. This evidence-based housing model is critically important to address the most urgent areas of housing need, including programs to reduce homelessness and housing instability for vulnerable populations. The effort should bolster the ongoing inter-agency structures aimed at providing permanent supportive housing for individuals with developmental disabilities, serious mental illness, or substance use disorders, including pregnant and parenting women. The effort should also focus on individuals experiencing homelessness and individuals with other support service needs.
2. Address the shortage of quality affordable housing. The effort shall prioritize identifying and promoting policy solutions that reduce the cost of housing and provide additional affordable housing units, especially in proximity to existing and developing employment centers. The effort shall include engagement with local governments, the business community, nonprofit organizations, and other interested stakeholders. The effort should focus on coordinating economic development projects with housing production, supporting housing production technology, and supporting regional and local pilot projects that increase the supply of affordable housing units.
3. Reduce the rate of evictions across the Commonwealth. The effort shall include diversion and prevention programs that bolster housing stability for individuals and families, evaluating potential pilot programs that provide eviction relief, and counseling and education services. The Commonwealth should collaborate with stakeholders and researchers to ensure strong data collection and metrics are readily available to address this challenge, especially in communities with high eviction rates. The effort shall also prioritize policy solutions to address the underlying challenges of poverty that contribute to housing instability.

Staffing and Funding

Staffing shall be furnished by the Offices of the Secretary of Commerce and Trade and Secretary of Health and Human Resources, their agencies, and other agencies and offices as

needed. Stakeholders consulted in the review and development of housing policy shall do so without compensation.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by further executive order.

NUMBER TWENTY-SIX (2018)

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO WINTER WEATHER

Importance of the Issue

On this date, December, 8th, 2018, I declare that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response to winter weather forecast to begin affecting the Commonwealth on December 9, 2018. This storm may result in snow and ice accumulations, transportation issues, and power outages.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.

- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- E. This Emergency Declaration implements limited relief from the provisions of 49 CFR, §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.
- F. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, or agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of their point of origin or destination. Weight exemptions are not valid on posted structures for restricted weight.

Weight exemptions are also not valid on interstate highways unless there is an associated federal emergency declaration. The exemption shall not exceed the duration of the motor carrier's or drivers direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.

1. All over width loads, up to a maximum of 12 feet, and over height loads up to a maximum of 14 feet must follow Virginia Department of Motor Vehicles hauling permit and safety guidelines.
 2. In addition to described overweight/over width transportation privileges, carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route and returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.
- G. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.
- H. Authorization of the Commissioner of Agriculture and Consumer Services to grant a temporary waiver of the maximum vapor pressure prescribed in regulation 2 VAC 5-425 *et seq.*, and to prescribe a vapor pressure limit the Commissioner deems reasonable. The temporary waiver shall remain in effect until emergency relief is no longer necessary, as determined by the Commissioner of Agriculture and Consumer Services.
- I. Provision of appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, be rendered by state agencies to respond to this situation.
- J. Authorization of appropriate oversight boards, commissions, and agencies to ease building code restrictions, permitting requirements, and to allow for emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and other operations and activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties. All appropriate executive branch agencies are to exercise discretion to the extent allowed by law to address any pending deadlines or expirations affected by or attributable to this emergency event.
- K. Authorization for the heads of executive branch agencies, with the concurrence of their Cabinet Secretary, to act, when appropriate, on behalf of their regulatory boards to waive any state requirement or regulation where the federal government has waived the corresponding federal or state regulation based on the impact of events related to this situation.

- L. Activation of the statutory provisions in § 59.1-525 *et seq.* of the *Code of Virginia* related to price gouging.
- M. Authorization of a maximum of \$500,000 in state sum sufficient funds for state and local government mission assignments authorized and coordinated through the Virginia Department of Emergency Management that are allowable as defined by The Stafford Act, 42 U.S.C. § 5121 *et seq.* This funding is also available for state response and recovery operations and incident documentation. Out of this state disaster sum sufficient, an amount estimated at \$ 270,000 is authorized for the Department of Military Affairs for the state's portion of the eligible disaster-related costs incurred for salaries, travel, and meals during mission assignments authorized and coordinated through the Virginia Department of Emergency Management.
- N. Authorization of an amount estimated at \$500,000 for matching funds for the Individuals and Household Program, authorized by The Stafford Act 42 U.S.C. § 5121 *et seq.* (when presidentially authorized), to be paid from state funds.
- O. Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- P. Such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such service as set forth in *Code of Virginia* § 44-146.23(C). Additionally, members and personnel of volunteer, professional, auxiliary, and reserve groups identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments, as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia*, shall not be liable for the death of, or any injury to, persons or damage to property as a result of such activities, as provided in § 44-146.23(A) of the *Code of Virginia*.
- Q. Designation of physicians, nurses, and other licensed and non-licensed health care providers and other individuals, as well as hospitals, nursing facilities and other licensed and non-licensed health care organizations, political subdivisions and other private entities by state agencies, including the Departments of Health, Behavioral Health and Developmental Services, Social Services, Emergency Management, Transportation, State Police, and Motor Vehicles, as representatives of the Commonwealth engaged in emergency services activities, at sites designated by the Commonwealth, within the

meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia*, in the performance of their disaster-related mission assignments.

- R. As provided in § 44-146.23(F) of the *Code of Virginia*, no individual, corporation, partnership, association, cooperative, limited liability company, trust, joint venture, fraternal organization, religious organization, charitable organization, or any other legal or commercial entity and any successor, officer, director, representative, or agent thereof, who, without compensation other than reimbursement for actual and necessary expenses, provides services, goods, real or personal property, or facilities at the request and direction of the State Department of Emergency Management or a county or city employee whose responsibilities include emergency management shall be liable for the death of or injury to any person or for the loss of, or damage to, the property of any person where such death, injury, loss, or damage was proximately caused by the circumstances of the actual emergency or its subsequent conditions, or the circumstances of this emergency.

Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC as defined herein and in § 44-146.28 of the *Code of Virginia*, other than costs defined in the paragraphs above pertaining to the Virginia National Guard and pertaining to the Virginia Defense Force, shall be paid from state funds.

Effective Date of this Executive Order

This Executive Order shall be effective December 7, 2018, and shall remain in full force and in effect until January 6, 2019, unless sooner amended or rescinded by further executive order. ESTABLISHING THE VIRGINIA COMPLETE COUNT COMMISSION

Importance of the Issue

The U.S. Constitution mandates a decennial count of all people living in the United States and its territories. This monumental task is one that affects the distribution of approximately \$675 billion dollars from the federal government to state, local, and tribal governments. It also affects the redistricting of legislative districts and reapportionment of seats that each state has in the U.S. House of Representatives. The 2020 Census is quickly approaching and all stakeholders should collectively support the efforts of the U.S. Census Bureau. The Virginia Complete Count Commission will maximize such efforts.

Historically, the U.S. Census Bureau has experienced low survey response rates from many communities across the Commonwealth. The Virginia Complete Count Commission is created to improve the participation and representation of all Virginians. It will consist of key community members and will represent the many geographic regions and diverse communities in the Commonwealth. The Commission will operate as a central conduit of information and facilitate the sharing of ideas and community resources regarding the 2020 Census. These efforts will improve collaboration between the Commonwealth and the U.S. Census Bureau and encourage all stakeholders to actively prepare for the 2020 Census.

Establishing the Commission

By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including, but not limited to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Virginia Complete Count Commission (Commission).

The Commission is comprised of up to 40 members appointed by the Governor, including representatives from stakeholder organizations, leaders from various underrepresented and

traditionally hard-to-count communities, and such other members as may be appointed by the Governor. All Commission members shall serve without compensation.

The Commission, using the local knowledge, expertise, and influence of its commission members, will develop and coordinate a census outreach program to increase awareness about the census and motivate residents to respond.

The census outreach strategy shall include, but not be limited to, state agency initiatives to encourage participation in the 2020 Census, the establishment of partnerships with non-profit community-based organizations, and a multi-faceted campaign designed to ensure an accurate and complete count of Virginia's population.

In carrying out its duties, the Commission may appoint working groups as it deems appropriate, and shall solicit participation from relevant experts and practitioners involved in census issues.

Staff support for the Commission shall be furnished by the Office of the Secretary of the Commonwealth, and other agencies and offices as needed.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect until December 18, 2019, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 18th day of December, 2018.

NUMBER TWENTY-EIGHT (2019)

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO WINTER WEATHER

Importance of the Issue

On this date, January 12, 2019, I declare that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response to winter weather forecasted to impact the Commonwealth on January 12th. This storm could result in significant snow and ice accumulation, create transportation issues, and result in significant power outages.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.

- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- E. This Emergency Declaration implements limited relief from the provisions of 49 CFR §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.
- F. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through, and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels, or propane, agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, and providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of their point of origin or destination. Weight exemptions are not valid on posted structures for restricted weight. Weight exemptions are also not valid on interstate highways unless there is an associated

federal emergency declaration. The exemption shall not exceed the duration of the motor carrier's or drivers direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.

1. All overwidth loads, up to a maximum of 12 feet, and overheight loads up to a maximum of 14 feet, must follow Virginia Department of Motor Vehicles' hauling permit and safety guidelines.
 2. In addition to described overweight/overwidth transportation privileges, carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route and returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.
- G. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.
- H. Authorization of the Commissioner of Agriculture and Consumer Services to grant a temporary waiver of the maximum vapor pressure prescribed in regulation 2 VAC 5-425 *et seq.*, and to prescribe a vapor pressure limit the Commissioner deems reasonable. The temporary waiver shall remain in effect until emergency relief is no longer necessary, as determined by the Commissioner of Agriculture and Consumer Services.
- I. Provision of appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, be rendered by state agencies to respond to this situation.
- J. Authorization of appropriate oversight boards, commissions, and agencies to ease building code restrictions, permitting requirements, and to allow for emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and other operations and activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties. All appropriate executive branch agencies are to exercise discretion to the extent allowed by law to address any pending deadlines or expirations affected by or attributable to this emergency event.
- K. Authorization for the heads of executive branch agencies, with the concurrence of their Cabinet Secretary, to act, when appropriate, on behalf of their regulatory boards to waive any state requirement or regulation where the federal government has waived the corresponding federal or state regulation based on the impact of events related to this situation.

- L. Activation of the statutory provisions in § 59.1-525 *et seq.* of the *Code of Virginia* related to price gouging.
- M. Authorization of a maximum of \$100,000 in state sum sufficient funds for state and local government mission assignments authorized and coordinated through the Virginia Department of Emergency Management that are allowable as defined by The Stafford Act, 42 U.S.C. § 5121 *et seq.* This funding is also available for state response and recovery operations and incident documentation. Out of this state disaster sum sufficient, an amount estimated at \$50,000 is authorized for the Department of Military Affairs for the state's portion of the eligible disaster-related costs incurred for salaries, travel, and meals during mission assignments authorized and coordinated through the Virginia Department of Emergency Management.
- N. Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- O. During this declared emergency, any person who holds a license, certificate, or other permit issued by any state or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, the person, without compensation other than reimbursement for actual and necessary expenses, may render aid involving that skill in the Commonwealth during this emergency. Such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such service as set forth in *Code of Virginia* § 44-146.23(C). Additionally, members and personnel of volunteer, professional, auxiliary, and reserve groups identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments, as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia*, shall not be liable for the death of, or any injury to, persons or damage to property as a result of such activities, as provided in § 44-146.23(A) of the *Code of Virginia*.
- P. Designation of physicians, nurses, and other licensed and non-licensed health care providers and other individuals, as well as hospitals, nursing facilities and other licensed and non-licensed health care organizations, political subdivisions and other private entities by state agencies, including the Departments of Health, Behavioral Health and Developmental Services, Social Services, Emergency Management, Transportation, State Police, and Motor Vehicles, as representatives of the Commonwealth engaged in emergency services activities, at sites designated by the Commonwealth, within the meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia*, in the performance of their disaster-related mission assignments.

Q. As provided in § 44-146.23(F) of the *Code of Virginia*, no individual, corporation, partnership, association, cooperative, limited liability company, trust, joint venture, fraternal organization, religious organization, charitable organization, or any other legal or commercial entity and any successor, officer, director, representative, or agent thereof, who, without compensation other than reimbursement for actual and necessary expenses, provides services, goods, real or personal property, or facilities at the request and direction of the State Department of Emergency Management or a county or municipal employee whose responsibilities include emergency management shall be liable for the death of or injury to any person or for the loss of, or damage to, the property of any person where such death, injury, loss, or damage was proximately caused by the circumstances of the actual emergency or its subsequent conditions, or the circumstances of this emergency.

Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC as defined herein and in § 44-146.28 of the *Code of Virginia*, other than costs defined in the paragraphs above pertaining to the Virginia National Guard and pertaining to the Virginia Defense Force, shall be paid from state funds.

NUMBER TWENTY-NINE (2019)

ESTABLISHMENT OF THE VIRGINIA COUNCIL ON ENVIRONMENTAL JUSTICE

Importance of Environmental Justice

The Constitution of Virginia states that it is the Commonwealth's policy to "protect its atmosphere, lands, and waters from pollution, impairment, or destruction, for the benefit, enjoyment, and general welfare of the people of the Commonwealth." The protection of our natural resources applies equally to all individuals. All deserve to live in a healthy environment. The Commonwealth has a duty to protect our air, water, and land, and to ensure that no community in Virginia is disproportionately impacted by the negative effects of climate change.

Environmental justice is defined by the U.S. Environmental Protection Agency as the fair treatment and meaningful involvement of all people regardless of race, color, faith, national origin, or income, in the development, implementation, and enforcement of environmental laws, regulations, and policies.

No population, especially minority, low-income, or historically-underserved communities, should face higher levels or greater impacts of pollution than other populations. Some of these communities face more severe environmental degradation, which disproportionately affects public health and quality of life.

Recommendations to ensure that environmental justice concerns are understood, and that a framework is in place to address these concerns, are extremely valuable to the Commonwealth. While some state agencies incorporate environmental justice into their review process, there is currently no consistency in how these issues are evaluated. The Virginia Council on Environmental Justice (Council) will help generate proposals for consistent approaches to evaluate environmental justice.

Establishment of the Virginia Council on Environmental Justice

The Commonwealth requires a consistent, action-oriented approach to incorporating environmental justice into decision-making. The Council will provide recommendations to

establish a foundation of environmental justice principles intended to protect vulnerable communities from disproportionate impacts of pollution. Accordingly, I hereby formally convene this Council to provide independent advice and recommendations to the Executive Branch.

Composition and Support of the Council

The Governor will appoint members to carry out the assigned functions of the Council, and the members shall serve at the Governor's pleasure. The Governor may make appointments to the Council at any time. The Secretary of Natural Resources (Secretary) will designate from the appointed Council members a chair and a vice chair. Subject to the approval of the Secretary, the Council chair may appoint Council members to subcommittees to address specific topics between meetings of the full Council. The Council shall consult with the Secretary or the Secretary's designee to gain an understanding of emerging issues where their advice would be helpful to the Council. The Council may consult with issue area experts and members of the public to help develop recommendations and advice for the Commonwealth.

The Secretary will provide staff support for the Council. The Secretary of Health and Human Resources and the Secretary of Commerce and Trade may provide additional support and expertise as needed. The Council will serve in an advisory role without compensation, in accordance with § 2.2-2100 of the *Code of Virginia*, and will meet quarterly, at a minimum.

Duties of the Council

The Council shall issue a report to the Governor. This report shall provide advice and recommendations, demonstrating the Council's progress, and be submitted no later than January 22, 2020. The Council shall provide any additional reports and recommendations as requested by the Secretary or state agencies seeking specific advice.

The Council shall prioritize providing guidance for the development of policies and procedures to address environmental justice in its report. Proposing a long-term framework for the state, focusing on equality and equity, to ensure environmental justice issues are heard is essential. This framework shall also include recommendations on the integration of environmental justice considerations into existing state policies, permits, programs, and procedures. The Council shall provide options, across state agencies, for the Governor to consider.

The guidance shall focus on the following issues:

- A. Communications and partnerships: A focus on the experience of minority, low-income, and underserved communities in formulating environmental justice policies and procedures is an important part of having a meaningful impact. Executive Order Six (EO-6) supports the critical role of the Virginia Department of Environmental Quality in protecting Virginia's air, water, and public health. EO-6 strives to enhance communications providing more opportunities for proactive education, especially among

underserved communities. The communication goals outlined in EO-6 should guide the Council as it looks at other agencies and their communication with stakeholders.

As Virginia evolves and new environmental justice issues emerge, communication and partnerships with stakeholders will be extremely important. In its report, the Council shall suggest a framework that includes best practices, tools, and different approaches to enhance communications and build partnerships in vulnerable communities regarding state decisions. Such advice should help to ensure engagement in decision-making, capacity-building in disproportionately-burdened communities, and collaborative problem solving. The Council shall also provide recommendations on strengthening partnerships among governmental agencies, including federal, state, tribal, and local governments.

- B. Public health: Protecting public health is a priority for the Commonwealth. In its report, the Council shall suggest a framework to use in identifying potential risks or disproportionate public health impacts related to environmental pollution.
- C. Local governments: Many decisions affecting efforts to ensure environmental justice are made at the local level. The Council shall suggest an environmental justice framework, for local governments to reference as guidance.
- D. The report shall include solutions such as proposed legislation, regulations, policies, and research initiatives. The Council's report shall also consider the following items and include specific recommendations regarding:
 - 1. Climate change and resilience: Climate change is one of the biggest threats of our time, and its impacts can disproportionately affect minority, low-income and historically-underserved communities. Executive Order Twenty-Four (EO-24) was issued to increase Virginia's resilience to recurrent flooding, sea level rise, and other natural hazards. The Council shall consider EO-24 as it provides advice on this issue and include suggestions for resilience investments that would help reduce impacts on vulnerable communities. The Council may also recommend ways to increase equitable renewable energy development, clean energy technology, and energy efficiency programs to help ensure these climate solutions are available to all.
 - 2. Transportation systems: Low-income and minority communities can be more vulnerable to health impacts from transportation pollution and may lack access to cleaner public transportation and walking or biking routes. The Council shall examine transportation systems and include recommendations regarding areas that could be improved to reduce air pollution and other transportation-related environmental concerns and to provide equitable access to clean and efficient transportation choices.
 - 3. Clean Energy Transition: Many communities impacted by reduced demand for thermal coal are in rural areas. A just transition is crucial, and sustainable

economic development is increasingly important. The Council shall research Virginia's regions that are transitioning away from coal and provide recommendations to support those communities.

4. Outdoor Access: Public spaces should serve everyone. Equal and equitable access to these spaces and natural areas is critical to fostering healthy communities. The Council shall provide recommendations for best practices and tools to ensure that all communities have public access to outdoor areas.

The Council shall solicit public comments and recommendations addressing these issues. The Council shall consider different perspectives and provide balanced advice and recommendations to the Governor.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force and effect for a year from its signing, pursuant to § 2.2-134 and § 2.2-135 of the *Code of Virginia*, unless amended or rescinded by further executive order.

Executive Directive One (2018)

Directing The Virginia Racing Commission Regarding Regulations Related To Historic Horse Racing Pursuant To House Bill 1609

Importance of the Initiative

The Commonwealth of Virginia has a rich history of horse racing dating back to when Virginia was still a colony. Virginians have been breeding and racing thoroughbreds for hundreds of years, and it is an important part of our economy. From early days to the Triple Crown-winning Secretariat from Caroline County and continuing to today, horse racing holds a special place in Virginia's history.

Currently, Virginia no longer hosts thoroughbred racing on the scale that reflects our state's close historic association with the sport. The horse track at Colonial Downs that once held regular races has not seen a horse race in several years. Without a major thoroughbred track in the state where Virginia-bred horses can race, and without a source of revenue to support the industry, it will be difficult for Virginia to once again be a place where the horse industry can thrive.

For these reasons, I was pleased to sign House Bill 1609 into law. I am hopeful that this legislation will reinvigorate the horse industry and allow thoroughbred racing to return to Virginia.

While I am excited about the opportunities that this legislation presents to Virginia's horse industry, the signing of this legislation begins an important process regarding the regulation of historic horse racing. HB 1609 authorizes the expansion of Virginia's pari-mutuel wagering laws to include wagering on horse races that have already taken place. As seen in other states that have adopted similar legislation, this type of wagering often takes place through an electronic machine. These machines can allow for multiple, simultaneous bets and for numerous bets in a very short period of time. House Bill 1609 allows this type of wagering to take place at a significant infrastructure facility horse track and at up to ten satellite facilities across the state. This is a significant departure from the type of pari-mutuel wagering that has taken place in Virginia to date.

House Bill 1609 empowers the Virginia Racing Commission ("Commission") to craft regulations regarding the conduct of historic horse racing. The Administrative Process Act (Va. Code § 2.2-4000 *et seq.*) requires that I approve any regulations promulgated by the Virginia Racing Commission before they become effective.

Given the importance of these regulations to the people of the Commonwealth of Virginia, the Virginia horse racing industry, local communities, law enforcement, and various other interests, it is essential that these regulations be crafted in an open, deliberate, and responsible manner. It is also important that the regulations be comprehensive to ensure that any gaming activity in Virginia is conducted responsibly and in a manner consistent with the intent of the General Assembly.

Directive to the Virginia Racing Commission

Accordingly, pursuant to the authority vested in me as the Chief Executive Officer of the Commonwealth and pursuant to Article V of the Constitution of Virginia and the laws of the Commonwealth, I hereby provide the following directives to the Commission regarding the promulgation of regulations related to historic horse racing as authorized by House Bill 1609 (2018).

In crafting these regulations, the Commission shall consider the following:

- Identification of a revenue source for the Virginia horse racing industry in order to support the reintroduction of thoroughbred racing in Virginia;
- That any license or authority granted by the Commission for the purpose of conducting historic horse racing be used for the purpose of conducting wagering on live horse racing, simulcast horse racing, or historic horse racing and not for any other purpose;
- Placement of reasonable limitations on the proliferation of gaming in Virginia through historic horse racing machines in order to ensure the safety and welfare of the people of the Commonwealth of Virginia;
- Local community opinions in determining whether to allow historic horse racing in a given locality;
- Ensuring due attention is paid to gambling addiction education, prevention, and treatment in the conduct of historic horse racing; and
- Establishment of a maximum number of historic horse racing machines at a racetrack and a maximum number of historic horse racing machines at a satellite facility as well as provisions related to physical size of satellite facilities.

In order to provide a full opportunity for public engagement during the development of regulations related to historic horse racing, I direct:

- That the Commission and its staff shall maximize opportunities for public engagement, comment, and public review of draft proposed and final regulations and that such public engagement begin immediately;
- That the Commission and its staff shall actively engage interested parties in public meetings, including local government representatives and organizations and law enforcement, in drafting regulations and that such engagement begin immediately; and
- That the Commission shall work to keep the Secretaries of Commerce and Trade and Finance, the Office of the Governor, and members of the Virginia General Assembly informed regarding the regulatory development process.

I further direct:

- That the Department of Planning and Budget, in conducting its economic impact analysis, consider the impact these regulations will have on potential future revenues to the Commonwealth from other sources.

Effective Date

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive order or directive.

Executive Directive Two (2018)

Establishing The Governor's Executive Leadership Team on Highway Safety

Importance of the Initiative

Motor vehicle crashes present a clear and significant threat to the safety and well-being of those who use Virginia's roads.

In 2017, there were 843 fatalities on Virginia's roadways. This represents a 20.4 percent increase in fatalities from 700 deaths in 2014. Of the 843 fatalities, 308 involved motorists not wearing seatbelts, 318 were speed related, 248 were alcohol related, and 208 involved distracted driving. In addition, the number of people ages 15 to 20 who died not wearing seat belts during motor vehicle crashes doubled from January 1 through June 30, 2018, compared to the same time period the prior year.

Those who work in transportation and public safety view every crash as preventable and are committed to the vision of zero fatalities on our roadways.

The Transportation Secretariat and the Public Safety and Homeland Security Secretariat, in partnership with other public and private entities, have undertaken a concerted effort to stop the upward trend in fatalities and strive for a meaningful and continuous reduction in fatalities.

Therefore, I am establishing an Executive Leadership Team on Highway Safety (Team) to address this critical public safety concern. This Team shall have the mission of reducing motor vehicle crash related fatalities.

The Team will be led by the Deputy Secretaries of Transportation and Public Safety and Homeland Security. In addition, the Team shall be comprised of designated leadership from the following state agencies:

- Department of Education;
- Department of Health;
- Department of Motor Vehicles;

- Department of Transportation; and
- Virginia State Police.

Key Objectives

To meet its mission, the Team will work with the Commonwealth's many partners to:

1. Prioritize key safety strategies and actions using the emphasis areas identified in the Virginia Strategic Highway Safety Plan and in consideration of Vision Zero and other government and private partner safety efforts;
2. Use a data-driven approach to target areas of immediate focus and determine ways to support current highway safety efforts to provide the most significant return on investment;
3. Identify resources to assist with the implementation of action plans to promote highway safety and reduce motor vehicle accident-related deaths, injuries, and crashes;
4. Implement coordinated multi-agency campaigns to strengthen and support efforts to reduce motor vehicle deaths, injuries, and crashes; and
5. Make recommendations on strategies, and report progress to the Governor.

The Team shall convene as necessary to accomplish these objectives and meet with stakeholders to gather information and report on efforts.

Staffing

The Team shall be staffed by existing staff in the Office of the Secretaries of Transportation and Public Safety and Homeland Security and any other Secretariats, agencies, or offices as designated by the Governor.

Effective Date

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive order or directive.

About Virginia

HISTORY OF THE GREAT SEAL OF THE COMMONWEALTH

Virginia's great seal was adopted by the Virginia Convention on July 5, 1776. Its design was the work of a committee chaired by George Mason, who was the principal author of the Virginia Declaration of Rights and the first Virginia Constitution. George Wythe, Richard Henry Lee, and Robert Carter Nicholas also served as members of the committee. Taking its theme from ancient Roman mythology, the seal emphasizes the importance of civic virtue.

The original design was never cast properly and a number of variations came into use. Attempting to legislate uniformity, the General Assembly of 1873 and 1903 passed acts describing the seal in detail. In 1930, a committee was named to prepare an "accurate and faithful description of the great seal of this Commonwealth, as it was intended to be by Mason and Wythe and their associates." The committee set forth the official design in use today, which is essentially the design adopted by the Virginia Convention of 1776.

The obverse side of the great seal depicts the Roman goddess Virtus representing the genius of the Commonwealth. She is dressed as an Amazon, a sheathed sword in one hand and a spear in the other and one foot on the form of Tyranny who is pictured with a broken chain in his left hand, a scourge in his right and his fallen crown nearby, implying that the struggle has ended in complete victory. Virginia's motto, "Sic Semper Tyrannis" (Thus Always to Tyrants), appears at the bottom.

On the reverse side of the seal are three Roman goddesses, Libertas (Liberty) in the center holding a wand and pileus in her right hand, Aeternitas (Eternity) with a globe and phoenix in her right hand, and Ceres (Fruitfulness) with a cornucopia in her left hand and an ear of wheat in her right. At the top is the word "Perseverando" (By Preserving). A border of Virginia creeper encircles the designs on each side.

The Art Commission established official colors in 1949 and a watercolor, the only official model for flag makers and stationers, hangs in the office of the Secretary of the Commonwealth.

The great seal, imprinted on two metallic discs two and one-fourth inches in diameter, is affixed to documents signed by the Governor and intended for use before tribunals or for purposes outside of the jurisdiction of Virginia. The lesser seal, a smaller version of the obverse side of the great seal (one and nine-sixteenth inches in diameter) is used on commissions for gubernatorial appointees and notaries, and to authenticate the signature of the Secretary of the Commonwealth.

The Secretary of the Commonwealth is designated by the *Code of Virginia* as the keeper of the seals.

HISTORY AND FACTS ON VIRGINIA

Capitol Building, Richmond

In 1607, the first permanent English settlement in America was established at Jamestown. The Jamestown colonists also established the first representative legislature in America in 1619. Virginia became a colony in 1624 and entered the union on June 25, 1788, the tenth state to do so. Virginia was named for Queen Elizabeth I of England, the “Virgin Queen” and is also known as the “Old Dominion.” King Charles II of England gave it this name in appreciation of Virginia’s loyalty to the crown during the English Civil War of the mid-1600s. Virginia is designated as a Commonwealth, along with Kentucky, Massachusetts, and Pennsylvania. In 1779, the capital was relocated from Williamsburg to Richmond.

The cornerstone for the Virginia Capitol Building was laid on August 18, 1785, and the building was completed in 1792. Modeled after the Maison Carrée at Nîmes, France, the Capitol was the first public building in the United States to be built using the Classical Revival style of architecture. Thomas Jefferson designed the central section of the Capitol, including its most outstanding feature: the interior dome, which is undetectable from the exterior. The wings were added in 1906 to house the Senate and House of Delegates. In 2007, in time to receive the Queen of England during the celebration of the 400th anniversary of the Jamestown Settlement, the Capitol underwent an extensive restoration, renovation and expansion, including the addition of a state of the art Visitor’s Center that will ensure that it remains a working capitol well into the 21st Century. The Virginia state Capitol is the second oldest working capitol in the United States, having been in continuous use since 1788.

More information on the Capitol building can be found at <http://www.virginiacapitol.gov>.

Eight U.S. Presidents were born in Virginia: George Washington, Thomas Jefferson, James Madison, James Monroe, William Henry Harrison, John Tyler, Zachary Taylor, and Woodrow Wilson, giving Virginia the nickname the “Mother of Presidents.”

Virginia is also known as the “Mother of States.” All or part of the following eight states were formed from western territory once claimed by Virginia: Illinois, Indiana, Kentucky, Michigan, Minnesota, Ohio, West Virginia, and Wisconsin.

Why Virginia is a Commonwealth

Virginia was first designated a Commonwealth during the Interregnum (“between reigns”) while Oliver Cromwell was the Lord Protector of England. Under Cromwell’s leadership, the colony of Virginia enjoyed greater freedom in self-government than it had before. From 1660 until the end of the American Revolution in 1781, Virginia was considered a royal British colony along with the other twelve colonies established in North America before the English Civil War.

Virginia’s first constitution was passed on June 29, 1776. The constitution directed that “Commissions and grants shall run, in the Name of the Commonwealth of Virginia, and bear teste by the Governor with Seal of the Commonwealth annexed.” It also states “Government is, or ought to be, instituted for the common benefit, protection, and security of the people...” and “That all power is vested in and consequently derived from, the people...” These statements are the foundation and heart of the meaning of the “Commonwealth of Virginia.” The delegates at the Williamsburg convention decided to name their new form of government the Commonwealth of Virginia, probably in deference to the rebellion against the Crown and the relative freedom they had enjoyed as a colony over one hundred years before and during the Interregnum.

While Virginia was the first Commonwealth, Massachusetts and Pennsylvania became Commonwealths after the War of Independence. Kentucky, formerly part of Virginia, kept the Commonwealth distinction when it was formed in 1792.

This piece is a compilation of texts written by Thomas M. Moncure, Jr. of George Mason University and Louise A. Arnatt, Deputy Secretary of the Commonwealth of Virginia for Governor Mark Warner. Both texts were compiled by Anne Forsythe.

It is difficult to compile a clear and comprehensive list of governors for the colonial period because of the governmental and administrative changes made in England, and due to the proxy system whereby the person bearing the title of Governor often resided in England while a deputy resided in the colony. During the exploration or pre-colonization period, the territory that became Virginia was directly under the crown. Under the charter granted to the London Company, the early government of Virginia was a company appointed council and president, often spoken of as governor. The first man ever to have the title "governor" was Lord Delaware, appointed in 1609. When the London Company lost its charter in 1624, Virginia became a royal colony, and the governor was appointed by the crown. Those appointed to the position often resided in England and were represented in Virginia by deputies. During this period Virginia still remained a resident council and if the governor or deputy governor was absent from the colony the president of the council served as acting governor. There was a break in royal control after the Civil War in England when Parliament allowed the colony to be almost completely self-governed. From 1652 to 1660 the General Assembly elected four Governors. Royal authority was restored in 1660, and from that date until the American Revolution in 1776 the Governors were appointed by the crown.

After the colony declared independence, a constitution was adopted which provided for the election of the governor by the General Assembly for a one-year term. A governor could be reelected to serve a total of three consecutive years. He could be reelected again only after a break in service. From 1776 to 1852 the governor was chosen by the state legislature. When the office became vacant by death or resignation, the senior member of the Council of the State acted as governor until the Assembly was able to choose a successor. The Constitution of 1851 abolished the Council of State and provided for the popular election of the Governor for a four-year term. With the exception of the Reconstruction period 1865-1869, when provisional governors were designated by federal authorities, the governor has been elected by popular vote since 1852.

Information on Virginia Governors was obtained from A Hornbook of Virginia History, third edition, Edited by Emily J. Salmon, 1983.
