

VIRGINIA DEPARTMENT OF EDUCATION

REPORT

# **School Security Equipment Grant Program 2019-2020**

**NOVEMBER 6, 2020**

**DIVISION OF BUDGET, FINANCE, AND OPERATIONS  
OFFICE OF SUPPORT SERVICES**

### 2019-2020 School Security Equipment Grant Program

Legislation enacted by the 2013 General Assembly, HB 2343 and Item 139 C.13. of the 2013 Appropriation Act, created a school security equipment grant program for school divisions and regional programs. The legislation and appropriation act provision authorized \$6.0 million per year in grant funding through five-year equipment notes issued by the Virginia Public School Authority, with the debt service paid from the Literary Fund. Six million dollars in funding was continued by the General Assembly for the 2019-2020 school year, the seventh year of the program. The grants for 2019-2020 were funded from the five-year equipment notes issued by the Virginia Public School Authority in May 2019.

#### 2019-2020 grant requirements were as follows:

- Grants were awarded on a competitive basis using various criteria
- School divisions, including regional programs, were eligible to apply for and receive grant awards up to \$250,000
- Applications had to be submitted to the Department of Education by August 1, 2019
- School divisions were notified on October 17, 2019 of their grant award
- School divisions had to commit to purchase the funded security equipment within six months of being notified of their grant award
- Eligible schools had to be scheduled to remain open for at least five more years
- No planned renovations/additions could be scheduled for the next five years which would cause the security equipment being requested to become obsolete
- A local match of 25 percent of the state grant amount was required – the Superintendent of Public Instruction was authorized to reduce the local match for school divisions with a composite index of less than 0.2000. The Virginia School for the Deaf and the Blind was exempt from the local match requirement.

#### 2019-2020 competitive criteria used to rank the applications were as follows:

- **10 points** – allocated for new security equipment installed in schools with no video surveillance equipment currently
- **10 points** – allocated if a previous school security audit recommended the requested school security equipment be installed in the school
- **5 points** – allocated for schools built prior to 1990
- **15 points** – allocated if the school had never received any grant funding under the program
- **10 points** – allocated if the school did not have Uninterrupted Power Supply (UPS)
- **Up to 15 points** – allocated based on the school division composite index:
  - 0.0000 - 0.2999 – 15 points
  - 0.3000 - 0.5999 – 10 points
  - 0.6000 - 0.8000 – 5 points

- **15 points** – allocated if the number of school-level incidents per 100 students for the following offense categories as reported in the School Safety section of the 2017-2018 School Report Card was at or above certain percentiles for all schools statewide: “weapons offenses,” “offenses against students, staff, and persons,” and “property offenses”:
  - At or above the 75<sup>th</sup> percentile – 15 points
  - At or above the 50<sup>th</sup> percentile, but below the 75<sup>th</sup> percentile – 10 points
- **15 points** - allocated based upon the Institutional Poverty Level Report:
  - 15 points - allocated if the school poverty level is 60% or greater.
  - 10 points - allocated if the school poverty level is less than 60% but 30% or greater.
  - 5 points - allocated if the school poverty level is less than 30%.
- **5 points** - allocated if the school is an elementary school

**2019-2020 applications received and awarded:**

- 848 applications for funding were received totaling \$23,778,485 in equipment requests
- Funds were awarded based on a rank ordering of applications’ point total on the competitive application criteria
- Funding awards were made to 340 schools in 70 school divisions totaling \$6.0 million.

**The majority of the school security equipment purchased in 2019-2020 included:**

- Surveillance equipment and camera systems
- Electronic access control systems
- Mass notification and intercom systems
- Visitor badging systems
- Two-way radios
- Classroom locks or hand-held metal detection systems
- Security Vestibules

Attached is a report showing the school divisions that received funding for the 2019-2020 school year.

For the grant year 2020-2021, \$12.0 million in funding is available. Applications were received by August 1, 2020, and are being reviewed by the Department of Education to award grants for the grant year 2020-2021.

**2019-2020 School Security Equipment Grant Awarded Schools**
