RE: 2020 Department of Medical Assistance Services Official Medicaid Forecast

Dear Chairman Torian, Chairman Howell, and Director Timberlake:

Pursuant to Item 317, Paragraph A., 2020 Appropriation Act I am providing you with the official forecasts for Virginia General Medicaid, Behavioral Health, and Long-Term Care expenditures for fiscal years 2021 through 2023. Traditionally, the expenditure forecast is drawn against the most recent approved Appropriation Act. However, given that the 2020 General Assembly Special Session 1 budget bill, HB5005, was approved October 16, 2020, DMAS has also taken the additional step of drawing the expenditure forecast against HB5005.

November 2, 2020

Page 2

As required by Item 317, I also am providing an enrollment forecast for the same forecast period and a breakout of forecasted expenditures by caseload/utilization, inflation and policy changes. These forecasts include both the base and expansion populations of Medicaid. Please note that the current estimates for Medicare Part A, B, and D premiums are subject to change upon the release of the official rates by the Centers for Medicare and Medicaid Services. These rates are not yet available; therefore, these forecasts use proxy rates.

Please let me know if you have any questions.

Sincerely,
