REPORT ON STATUS OF MUNICIPAL UTILITY CUSTOMER ACCOUNTS

December 16, 2020 – August 31, 2021

Introduction

Item 4-14.00 Paragraph 7h of the 2020 Appropriations Act, as amended, requires utilities not subject to regulation by the State Corporation Commission (municipal utilities) to submit information on the status of customer accounts to the Commission on Local Government (CLG).¹ Each utility is required to report to the CLG information covering specific time periods. For this report, that time period covers December 16, 2020 through the end of the universal prohibition established in clause 7.a of the 2020 Appropriations Act, which staff identified as August 31, 2021. The report covers the following information:²

- a) The number and value of accounts that are at least 30 days in arrears;
- b) the number and value of accounts that are at least 60 days in arrears;
- c) The number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility;
- d) The number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason;
- e) The amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility;
- f) the carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred;
- g) The number, total value, and average debt of accounts offset by the funds provided in Item 479.10, paragraph B.2. of this act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type; and,
- h) The cumulative level of customer arrearages by locality.

Upon receipt of such information, the CLG is directed to compile an aggregated anonymized report and provide it to the Chairs of the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Secretary of Commerce and Trade.

On October 6, 2021, CLG staff shared advanced notice of the reporting requirement and questions with points of contact for municipal utilities and the chief administrative officers for cities, counties, and towns, including a link to a survey for purposes of collecting information for the reporting requirement.³ Responses were received from 120 municipal utilities, which does not appear to account for every municipal utility system that is within the Commonwealth of Virginia; however, an analysis and listing on unresponsive municipal utilities is not provided in this report.⁴ This is also 26 less than those utilities that reported for the report period ending December 16, 2020.

Please note that the report will be presented to the CLG for formal adoption at their next regularly scheduled meeting on November 4, 2021.

¹ The full text of this reporting requirement can be found in Appendix A.

² In many cases, CLG staff was asked to provide additional guidance/interpretation to municipal utilities with some of the information requested. Additional refinement and clarification on these matters may be necessary in future Appropriations Acts to ensure consistency and greater efficiency in the reporting process.

³ Please see Appendix B for a copy of the survey questions.

⁴ A table summarizing all responses that were received has been included as Appendix C.

Summary of Municipal Utility Customer Account Data

The following is a statewide summary of data collected for items (a) through (h) as described in Item 4-14.00 Paragraph 7h of the 2020 Appropriations Act, as amended.

a) The number and value of accounts that are at least 30 days in arrears;

Reporting municipal utilities indicated that 315,155 accounts were on file as being at least 30 days in arrears with a total statewide value of \$99,530,316.68. The range of these values is \$0 to \$23,871,285.78. The median value of total arrears for each municipal utility is \$67,490.01.

b) The number and value of accounts that are at least 60 days in arrears;

Reporting municipal utilities indicated that 234,876 accounts were on file as being at least 60 days in arrears with a total statewide value of \$82,178,054.51. The range of these values is \$0 to \$20,820,778.88. The median value of total arrears for each municipal utility is \$68,700.59.

c) The number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility;

Reporting municipal utilities indicated that 26,391 accounts were on file as participating in a repayment plan with a total statewide value of \$17,969,401.97. Average debts for these accounts varied widely by municipal utility, ranging from a low of \$0 to a high of \$5,558.93 with a median value of \$304.33.

d) The number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason;

Reporting municipal utilities indicated that 6,168 customers had been removed from repayment plans as of August 31, 2021, because they had paid their past due balance in full. Municipal utilities also reported 7,962 accounts were removed from repayment plans for reasons other than full payment of past due balances.

e) The amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility;

Reporting municipal utilities indicated that those accounts removed from repayment plans as of August 31, 2021 have a total statewide balance of \$3,286,345.54. Average debt for those accounts ranged from a low of \$0 to a high of \$2,038.30 with a median value of \$0.

f) The carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred;

Reporting municipal utilities indicated that the carrying costs associated with maintaining repayment plans accounted for a statewide total of \$18,001.34. Additional administrative costs

associated with repayment programs accounts for an additional statewide total of \$7,800.10.

g) The number, total value, and average debt of accounts offset by funds provided in Item 479.10, paragraph B.2. of the 2020 Appropriations Act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type;

Accounts Offset by Item 479.10, paragraph B.2. of the 2020 Appropriations Act, as Amended (COVID-19 Municipal Utility Relief Program, as described below)

Virginia allocated additional federal Coronavirus Relief Funds (CRF) for the purpose of allowing municipal utilities (electric, gas, water and wastewater) to set up local relief programs for their customers experiencing economic hardship due to the COVID-19 pandemic. The arrearage assistance covered the period from March 1, 2020-November 1, 2021. The Virginia Department of Housing and Community Development (DHCD) facilitated an application process for localities to apply in partnership with their municipal utilities to create local relief programs in accordance with U.S. Treasury guidance and other regulatory matters concerning the use of CRF funds. Funding allocations were awarded to municipal utility systems that applied, and the information below summarizes information on some of those program outcomes for this reporting period.

For residential accounts 30 or more days in arrears, reporting municipal utilities indicated 68,972 accounts with a total statewide value of \$27,214,375.28 assisted by the 2020 Appropriations Act. The average debt of accounts ranged from \$0 to \$771.80 with a median of \$220.00.

For residential accounts 60 or more days in arrears, reporting municipal utilities indicated 56,130 accounts with a total statewide value of \$23,005,938.76 assisted by the 2020 Appropriations Act. The average debt of accounts ranged from \$0 to \$834.91 with a median value of \$260.33.

For non-residential accounts 30 or more days in arrears, reporting municipal utilities indicated 1,390 accounts with a total statewide value of \$1,893,508.63 assisted by the 2020 Appropriations Act. The average debt of accounts ranged from \$0 to \$11,920.96 with a median value of \$0.

For non-residential accounts 60 or more days in arrears, reporting municipal utilities indicated 1,124 accounts with a total statewide value of \$1,696,432.21 assisted by the 2020 Appropriations Act. The average debt of accounts ranged from \$0 to \$11,920.96 with a median value of \$0.

Accounts Offset by Direct and Indirect Coronavirus Relief Funds

The budget language requested a summary of this data by coronavirus relief fund type. This report has broken those types down by indirect and direct relief.

For residential accounts 30 or more days in arrears, reporting municipal utilities indicated 527 accounts with a total statewide value of \$85,700.34 assisted by the Direct CARES Act funds. The

average debt of accounts ranged from \$0 to \$803.00 with a median value of \$0.

For residential accounts 60 or more days in arrears, reporting municipal utilities indicated 194 accounts with a total statewide value of \$58,162.26 assisted by the Direct CARES Act funds. The average debt of accounts ranged from \$0 to \$803.00 with a median value of \$0.

For residential accounts 30 or more days in arrears, reporting municipal utilities indicated 19,088 accounts with a total statewide value of \$7,662,402.73 assisted by the Indirect CARES Act funds. The average debt of accounts ranged from \$0 to \$815.00 with a median value of \$0.

For residential accounts 60 or more days in arrears, reporting municipal utilities indicated 18,133 accounts with a total statewide value of \$6,973,103.14 assisted by the Indirect CARES Act funds. The average debt of accounts ranged from \$0 to \$927.64 with a median value of \$0.

For non-residential accounts 30 or more days in arrears, reporting municipal utilities indicated 2 accounts with a total statewide value of \$2,128.00 assisted by the Direct CARES Act funds. The average debt of accounts ranged from \$0 to \$1,064.00 with a median value of \$0.

For non-residential accounts 60 or more days in arrears, reporting municipal utilities indicated 7 accounts with a total statewide value of \$11,360.94 assisted by the Direct CARES Act funds. The average debt of accounts ranged from \$0 to \$2,306.22 with a median value of \$0.

For non-residential accounts 30 or more days in arrears, reporting municipal utilities indicated 301 accounts with a total statewide value of \$480,956.55 assisted by the Indirect CARES Act funds. The average debt of accounts ranged from \$0 to \$9,203.93 with a median value of \$0.

For non-residential accounts 60 or more days in arrears, reporting municipal utilities indicated 258 accounts with a total statewide value of \$398,558.35 assisted by the Indirect CARES Act funds. The average debt of accounts ranged from \$0 to \$11,534.17 with a median value of \$0.

h) The cumulative level of customer arrearages by locality;

Because the number of localities covered by municipal utilities varies, this data cannot be summarized at the state level.

APPENDIX A

Item 4-14.00 Paragraph 7h of the 2020 Appropriations Act, as amended

h. Utilities not subject to regulation by the Commission shall submit information on the status of customer accounts to the Commission on Local Government managed by the Department of Housing and Community Development, including (a) the number and value of accounts that are at least 30 days in arrears; (b) the number and value of accounts that are at least 60 days in arrears; (c) the number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility; (d) the number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason; (e) the amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility; (f) the carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred; (g) the number, total value, and average debt of accounts offset by the funds provided in Item 479.10, paragraph B.2. of this act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type; and, (h) the cumulative level of customer arrearages by locality. The Commission on Local Government shall provide the Chairs of the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Secretary of Commerce and Trade an aggregated anonymized report by utility containing such compiled information by December 31, 2020, within 90 days of the expiration of the universal prohibition established in clause 7.a., and annually, on or before December 31st, thereafter for the following two years. The report due on December 31, 2020 shall cover the period from March 16, 2020 through December 15, 2020. The report due within 90 days of the end of the universal prohibition established in clause 7.a. shall cover the period from December 16, 2020 to the end of the universal prohibition established in clause 7.a. Annual reports shall cover the period from the end of the universal prohibition established in clause 7.a. to December 16th of the year the report is due.

APPENDIX B

Survey Instrument for Municipal Utility Customer Account Data Collection

Fall 2021 Municipal Utility Report Survey

Section 1: Introduction

1) Please provide the following information:*

Your Name: _____

Phone Number: _____

Email Address: _____

Organization: _____

Section 2A (General Information): 12/16/2020 through 8/31/2021

2) Please indicate the total number of accounts that were at least 30 days in arrears as of August 31, 2021.*

3) Please indicate the total value of accounts that were at least 30 days in arrears as of August 31, 2021.*

4) Please indicate the total number of accounts that were at least 60 days in arrears as of August 31, 2021. This should include the number of accounts reported in Question 2 unless they are less than 60 days overdue.*

5) Please indicate the total value of accounts that were at least 60 days in arrears as of August 31, 2021. This should include the value reported in Question 3 unless they are less than 60 days overdue.*

6) Please indicate how many accounts were participating in repayment plans as of August 31, 2021.*

7) Please indicate the total value of the accounts reported in question 6.*

8) Please indicate the average debt of those accounts reported in Question 6. This value should be your answer to Question 7 divided by your answer to Question 6.*

9) Please indicate the number of accounts that were removed from repayment plans between December 16, 2020 and August 31, 2021 because they became current on their balance.*

10) Please indicate the number of accounts that were removed from repayment plans between December 16, 2020 and August 31, 2021 for reasons other than becoming current on their balance.*

11) Please indicate the total outstanding debt of accounts that were removed from repayment plans between December 16, 2020 and August 31, 2021.*

12) Please indicate the average outstanding debt of accounts removed from repayment plans between December 16, 2020 and August 31, 2021. This value should be the answer to Question 11 divided by the combined values reported in Question 9 and Question 10.*

13) If you tracked carrying costs associated with accounts participating in repayment plans between December 16, 2020 and August 31, 2021, please indicate that amount here.

14) If you tracked administrative costs associated with accounts participating in repayment plans between December 16, 2020 and August 31, 2021, please indicate that amount here.*

Section 2B (Residential): 12/16/2020 through 8/31/2021

15) Please indicate the number of residential accounts at least 30 days in arrears that you were able to assist with Municipal Utility Relief Program funding between December 16, 2020 and August 31, 2021.*

16) Please indicate the total value of residential accounts at least 30 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021.*

17) Please indicate the average debt of residential accounts at least 30 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021. This value should be the total reported in Question 16 divided by the value reported in Question 15.*

18) If applicable, please indicate the total number of residential accounts at least 30 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

19) If applicable, please indicate the total value of residential accounts at least 30 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

20) If applicable, please indicate the average debt of residential accounts at least 30 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts. The value provided in this question should be the total reported in Question 19 divided by the value provided in Question 18.*

21) Please indicate any record that you have of the total number of residential accounts at least 30 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

22) Please indicate any record that you have of the total value of residential accounts at least 30 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

23) Please indicate any record that you have of the average debt of residential accounts at least 30 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts. The value provided for this question should equal the amount reported in Question 22 divided by the value provided in Question 21.*

24) Please indicate the number of residential accounts at least 60 days in arrears that you were able to assist with Municipal Utility Relief Program funding between December 16, 2020 and August 31, 2021.*

25) Please indicate the total value of residential accounts at least 60 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021.*

26) Please indicate the average debt of residential accounts at least 60 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021. This value should be the total reported in Question 25 divided by the value reported in Question 24.*

27) If applicable, please indicate the total number of residential accounts at least 60 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct CARES Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

28) If applicable, please indicate the total value of residential accounts at least 60 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct CARES Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

29) If applicable, please indicate the average debt of residential accounts at least 60 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts. The value provided in this question should be the total reported in Question 28 divided by the value provided in Question 27.*

30) Please indicate any record that you have of the total number of residential accounts at least 60 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

31) Please indicate any record that you have of the total value of residential accounts at least 60 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

32) Please indicate any record that you have of the average debt of residential accounts at least 60 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts. The value provided for this question should equal the amount reported in Question 31 divided by the value provided in Question 30.*

Section 2C (Non-Residential): 12/16/2020 through 8/31/2021

33) Please indicate the number of non-residential accounts at least 30 days in arrears that you were able to assist with Municipal Utility Relief Program funding between December 16, 2020 and August 31, 2021.*

34) Please indicate the total value of non-residential accounts at least 30 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021.*

35) Please indicate the average debt of non-residential accounts at least 30 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021. This value should be the total reported in Question 34 divided by the value reported in Question 33.*

36) If applicable, please indicate the total number of non-residential accounts at least 30 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct CARES Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

37) If applicable, please indicate the total value of non-residential accounts at least 30 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct CARES Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

38) If applicable, please indicate the average debt of non-residential accounts at least 30 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts. The value provided in this question should be the total reported in Question 37 divided by the value provided in Question 36.*

39) Please indicate any record that you have of the total number of non-residential accounts at least 30 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

40) Please indicate any record that you have of the total value of non-residential accounts at least 30 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

41) Please indicate any record that you have of the average debt of non-residential accounts at least 30 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts. The value provided for this question should equal the amount reported in Question 40 divided by the value provided in Question 39.*

42) Please indicate the number of non-residential accounts at least 60 days in arrears that you were able to assist with Municipal Utility Relief Program funding between December 16, 2020 and August 31, 2021.*

43) Please indicate the total value of non-residential accounts at least 60 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021.*

44) Please indicate the average debt of non-residential accounts at least 60 days in arrears that you were able to assist with Municipal Utility Relief Program funds between December 16, 2020 and August 31, 2021. This value should be the total reported in Question 43 divided by the value reported in Question 42.*

45) If applicable, please indicate the total number of non-residential accounts at least 60 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

46) If applicable, please indicate the total value of non-residential accounts at least 60 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts.*

47) If applicable, please indicate the average debt of non-residential accounts at least 60 days in arrears that you were able to assist with Direct CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Direct Cares Act funds are defined as funds that were received by the Municipal

Utility System or Municipality directly from the Federal Government for the exclusive purposes of providing direct arrearage relief to customer accounts. The value provided in this question should be the total reported in Question 46 divided by the value provided in Question 45.*

48) Please indicate any record that you have of the total number of non-residential accounts at least 60 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

49) Please indicate any record that you have of the total value of non-residential accounts at least 60 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts.*

50) Please indicate any record that you have of the average debt of non-residential accounts at least 60 days in arrears that you were able to assist with Indirect CARES Act funds between December 16, 2020 and August 31, 2021. For the purposes of this question, Indirect Cares Act funds are defined as funds that were received by the

Municipal Utility System or Municipality as a pass-through from the State that were utilized (regardless of express purpose) to provide arrearage relief to customer accounts. The value provided for this question should equal the amount reported in Question 49 divided by the value provided in Question 48.*

Section 2D (Aggregate Information): 12/16/2020 through 8/31/2021

51) Please indicate each locality that your utility serves along with the total amount of arrearages for each locality as of August 31, 2021. (Please note that some utility providers only serve one locality while others may serve multiple)

	Locality	Total Arrearages as of 8/31/2021
Locality 1	_____	_____
Locality 2	_____	_____
Locality 3	_____	_____

Locality 4	_____	_____
Locality 5	_____	_____
Locality 6	_____	_____
Locality 7	_____	_____

Thank You!

APPENDIX C
