**Dear Members of the General Assembly:**

On behalf of the Virginia Department of Education, I am pleased to submit the Public School Security Equipment Grant Report, as required by § [22.1-280.2:2\(H\)](#) in the *Code of Virginia*. The Public School Security Equipment Grant program was established in 2013 and designed to improve and help ensure the safety of students attending public schools in Virginia. This report provides detail on (i) the total grants paid during the immediately prior fiscal year to each eligible school division and (ii) a general description of the security equipment purchased by eligible school division.

If you have questions or require additional information relative to this report, please do not hesitate to contact by Director of the Office of Support Services, Vijay Ramnarain, at (804)225-2073, or [Vijay.Ramnarain@doe.virginia.gov](mailto:Vijay.Ramnarain@doe.virginia.gov).

Sincerely,

James F. Lane

# 2020-2021 SCHOOL SECURITY EQUIPMENT GRANT PROGRAM

Legislation enacted by the 2013 General Assembly, HB 2343 and Item 139 C.13. of the 2013 Appropriation Act, created a school security equipment grant program for school divisions and regional programs. The legislation and appropriation act provision authorized \$6.0 million per year in grant funding through five-year equipment notes issued by the Virginia Public School Authority, with the debt service paid from the Literary Fund. \$12.0 million in funding was continued by the General Assembly for the 2020-2021 school year, the eighth year of the program.

## 2020-2021 grant requirements were as follows:

- Grants were awarded on a competitive basis using various criteria
- School divisions, including regional programs, were eligible to apply for and receive grant awards up to \$250,000
- Applications had to be submitted to the Department of Education by August 1, 2020
- School divisions were notified on December 4, 2020, of their grant award
- School divisions had to commit to purchase the funded security equipment within six months of being notified of their grant award
- Eligible schools had to be scheduled to remain open for at least five more years
- No planned renovations/additions could be scheduled for the next five years which would cause the security equipment being requested to become obsolete
- A local match of 25 percent of the state grant amount was required – the Superintendent of Public Instruction was authorized to reduce the local match for school divisions with a composite index of less than 0.2000. The Virginia School for the Deaf and the Blind was exempt from the local match requirement.

## 2020-2021 competitive criteria used to rank the applications were as follows:

- **10 points** allocated for new security equipment installed in schools with no video surveillance equipment currently.
- **5 points** allocated if a previous school security audit recommended the installation of the school security equipment requested in this application be installed in the school.
- **5 points** allocated for year the school was built.
- **10 points** allocated if this school has never received any grant funding.
- **5 points** allocated if the school does not have an Uninterrupted Power Supply (UPS) to support security equipment.
- **15 points** allocated if the number of school-level incidents per 100 students for the following offense categories as reported in the School Safety section of the 2017-2018

School Report Card is at or above certain percentiles for all schools statewide: “weapons offenses,” “offenses against student, staff, and persons,” and “property offenses.”

- 15 points allocated – At or above the 75<sup>th</sup> percentile.
- 10 points allocated – At or above the 50<sup>th</sup> percentile but below the 75<sup>th</sup> percentile.
  
- **15 points** allocated for the Division Composite Index.
  - 15 points allocated – Division Composite Index of .0000 - .2999.
  - 10 points allocated – Division Composite Index of .3000 - .5999.
  - 5 points allocated – Division Composite Index of .6000 - .8000.
  
- **15 points** allocated based upon the Institutional Poverty Level Report.
  - 15 points allocated if the school poverty level is 60 percent or greater.
  - 10 points allocated if the school poverty level is between 30-59 percent.
  - 5 points allocated if the school poverty level is less than 30 percent.
  
- **5 points** allocated if the school is an elementary school.
  
- **15 points** awarded if interior cameras and/or two-way radios are to be installed in current or new school buses.
  - 15 points allocated if current bus fleet serving bus routes for the school has security equipment installed on less than 49 percent of the fleet.
  - 10 points allocated if current bus fleet serving bus routes for the school has security installed equipment on 50-74 percent of the fleet.
  - 5 points allocated if current bus fleet serving bus routes for the school has security installed equipment on more than 75 percent of the fleet.

**2020-2021 applications received and awarded:**

- 748 applications for funding were received totaling \$26,358,265.51 in equipment requests
- Funds were awarded based on a rank ordering of applications’ point total on the competitive application criteria
- Funding awards were made to 489 schools in 102 school divisions totaling \$12.0 million

**The majority of the school security equipment purchased in 2020-2021 included:**

- Surveillance equipment and camera systems
- Electronic access control systems
- Mass notification and intercom systems
- Two-way radios
- Classroom locks
- Security Vestibules
- Interior cameras and two-way talk radios for school buses

Attached is a report showing the school divisions that received funding for the 2020-2021 school year.

For the grant year 2021-2022, \$12.0 million in funding is available. Applications were received by August 1, 2021, and are being reviewed by the Department of Education to award grants for the grant year 2021-2022.
