It is also found and determined by the General Assembly that there exists in the Commonwealth of Virginia a need to (i) promote the technology-based economic development of the Commonwealth by building, attracting, and retaining innovation and high-technology jobs and

businesses in Virginia; (ii) increase industry competitiveness by supporting the application of innovative technologies that improve productivity and efficiency; (iii) attract and provide additional private and public funding in the Commonwealth to enhance and expand the scientific and technological research and commercialization at state and federal research institutions and facilities, including by supporting and working with technology transfer offices to advance research from proof-of-concept to commercialization resulting in new business and job creation; (iv) attract and provide additional private and public funding to support and enhance innovation-led entrepreneurship ecosystems and coordination of existing activities and programs throughout the Commonwealth to create new job opportunities and diversify the economy; (v) ensure promotion and marketing of Virginia's statewide innovation economy and support and coordinate regional marketing efforts to align local and statewide objectives; and (vi) close the Commonwealth's support gap through pre-seed and seed stage investments, coordination of private investor networks, and shared due diligence research.

C. To achieve the objectives set forth in subsection B, there is created and constituted a political subdivision of the Commonwealth to be known as the Commonwealth of Virginia Innovation Partnership Authority. The Authority's exercise of powers conferred by this article shall be deemed to be the performance of an essential governmental function and matters of public necessity for which public moneys may be spent and private property acquired. Nothing in this article shall be construed to diminish or limit the powers and responsibilities of institutions of higher education or other educational or cultural institutions set forth in Title 23.1, including but not limited to such institution's authority to establish its own independent policies and technology transfer offices.

The Authority shall be governed by a board of directors consisting of 11 voting members as follows: (i) the Secretary of Commerce and Trade, or his designee; (ii) six nonlegislative citizen members appointed by the Governor; (iii) three nonlegislative citizen members appointed by the Joint Rules Committee; and (iv) one director of technology transfer office or equivalent position from a major research public institution of higher education, appointed by the Joint Rules Committee.

B. Of the nonlegislative citizen members appointed by the Governor, (i) two nonlegislative citizen members shall be from the investor community with experience as a partner in a venture capital fund with a minimum of \$35 million under management or experience qualifying as an accredited investor, as defined by the federal Securities and Exchange Commission, who have experience investing, as an individual or as part of an angel group, in 10 or more early stage companies; (ii) two nonlegislative citizen members shall be from the technology sector with experience (a) as a founder of a science-based or technology-based business and who have raised equity capital or (b) as a senior executive in a science or technology company with operations in Virginia and with annual revenues in excess of \$100 million; and (iii) two nonlegislative citizen members shall have experience acquiring or commercializing intellectual property through private research or experience acquiring or commercializing intellectual property from a university or other research institution. Of the nonlegislative citizen members appointed by the Joint Rules Committee, two nonlegislative citizen members shall have experience in entrepreneurial development or entrepreneurial community and network development. In making the appointments, the Governor and the Joint Rules Committee shall consider the geographic and demographic diversity of the Board.

Code:

§ 4.1-101

Purpose:

The General Assembly has determined that there exists in the Commonwealth a need to control the possession, sale, transportation, distribution, and delivery of alcoholic beverages in the Commonwealth. Further, the General Assembly determines that the creation of an authority for this purpose is in the public interest, serves a public purpose, and will promote the health, safety, welfare, convenience, and prosperity of the people of the Commonwealth. To achieve this objective, there is hereby created an independent political subdivision of the Commonwealth, exclusive of the legislative, executive, or judicial branches of state government, to be known as the Virginia Alcoholic Beverage Control Authority. The Authority's exercise of powers and duties conferred by this title shall be deemed the performance of an essential governmental function and a matter of public necessity for which public moneys may be spent. The Board of Directors of the Authority is vested with control of the possession, sale, transportation, distribution, and delivery

of alcoholic beverages in the Commonwealth, with plenary power to prescribe and enforce regulations and conditions under which alcoholic beverages are possessed, sold, transported, distributed, and delivered, so as to prevent any corrupt, incompetent, dishonest, or unprincipled practices and to promote the health, safety, welfare, convenience, and prosperity of the people of the Commonwealth. The exercise of the powers granted by this title shall be in all respects for the benefit of the citizens of the Commonwealth and for the promotion of their safety, health, welfare, and convenience. No part of the assets or net earnings of the Authority shall inure to the benefit of, or be distributable to, any private individual, except that reasonable compensation may be paid for services rendered to or for the Authority affecting one or more of its purposes, and benefits may be conferred that are in conformity with said purposes, and no private individual shall be entitled to share in the distribution of any of the corporate assets on dissolution of the Authority.

B. The Virginia Alcoholic Beverage Control Authority shall consist of the Virginia Alcoholic Beverage Control Board of Directors, the Chief Executive Officer, and the agents and employees of the Authority. The Virginia Alcoholic Beverage Control Authority shall be deemed successor in interest to the Department of Alcoholic Beverage Control and the Alcoholic Beverage Control Board. C. Each appointee shall (i) have been a resident of the Commonwealth for a period of at least three years next preceding his appointment, and his continued residency shall be a condition of his tenure in office; (ii) hold, at a minimum, a baccalaureate degree in business or a related field of study; and (iii) possess a minimum of seven years of demonstrated experience or expertise in the direct management, supervision, or control of a business or legal affairs. Appointees shall be subject to a background check in accordance with ' 4.1-101.03.

After the initial staggering of terms, members shall be appointed for a term of five years. All members shall serve until their successors are appointed. Any appointment to fill a vacancy shall be for the unexpired term. No member appointed by the Governor shall be eligible to serve more than two consecutive terms; however, a member appointed to fill a vacancy may serve two additional consecutive terms. Members of the Board may be removed from office by the Governor for cause, including the improper use of its police powers, malfeasance, misfeasance, incompetence, misconduct, neglect of duty, absenteeism, conflict of interests, failure to carry out the policies of the Commonwealth as established in the Constitution or by the General Assembly, or refusal to carry out a lawful directive of the Governor. The Governor shall appoint the chairman and vice-chairman of the Board from among the membership of the Board. The Board may elect other subordinate officers, who need not be members of the Board. INTERSTATE COMPACTS

Compacts are agreements between two or more states that bind them to the compacts' provisions, just as a contract binds two or more parties in a business agreement. As such, compacts are subject to the substantive principles of contract law and are protected by the constitutional prohibition against laws that impair the obligations of contracts (United States Constitution, Article I, Section 10).

Compacting states are bound to observe the terms of their agreements, even if those terms are inconsistent with other state laws. Compacts between states are somewhat similar to treaties between nations. Compacts have the force and effect of statutory law (whether enacted by statute or not) and they take precedence over conflicting state laws, regardless of when those laws are enacted.

However, unlike treaties, compacts are not dependent solely upon the good will of the parties. Once enacted, compacts may not be unilaterally renounced by a member state, except as provided by the compacts themselves. Moreover, Congress and the courts can compel compliance with the terms of interstate compacts. This is why compacts are considered an effective means of ensuring interstate cooperation.

The membership listed in the following compacts pertains only to appointments made by the Governor from the citizens of the Commonwealth of Virginia.

ABOUT VIRGINIA

HISTORY OF THE GREAT SEAL OF THE COMMONWEALTH

Virginia's great seal was adopted by the Virginia Convention on July 5, 1776. Its design was the work of a committee chaired by George Mason, who was the principal author of the Virginia Declaration of Rights and the first Virginia Constitution. George Wythe, Richard Henry Lee, and Robert Carter Nicholas also served as members of the committee. Taking its theme from ancient Roman mythology, the seal emphasizes the importance of civic virtue.

The original design was never cast properly and a number of variations came into use. Attempting to legislate uniformity, the General Assembly of 1873 and 1903 passed acts describing the seal in detail. In 1930, a committee was named to prepare an "accurate and faithful description of the great seal of this Commonwealth, as it was intended to be by Mason and Wythe and their associates." The committee set forth the official design in use today, which is essentially the design adopted by the Virginia Convention of 1776.

The obverse side of the great seal depicts the Roman goddess Virtus representing the genius of the Commonwealth. She is dressed as an Amazon, a sheathed sword in one hand and a spear in the other and one foot on the form of Tyranny who is pictured with a broken chain in his left hand, a scourge in his right and his fallen crown nearby, implying that the struggle has ended in complete victory. Virginia's motto, "Sic Semper Tyrannis" (Thus Always to Tyrants), appears at the bottom.

On the reverse side of the seal are three Roman goddesses, Libertas (Liberty) in the center holding a wand and pileus in her right hand, Aeternitas (Eternity) with a globe and phoenix in her right hand, and Ceres (Fruitfulness) with a cornucopia in her left hand and an ear of wheat in her right. At the top is the word "Perseverando" (By Preserving). A border of Virginia creeper encircles the designs on each side.

The Art Commission established official colors in 1949 and a watercolor, the only official model for flag makers and stationers, hangs in the office of the Secretary of the Commonwealth.

The great seal, imprinted on two metallic discs two and one-fourth inches in diameter, is affixed to documents signed by the Governor and intended for use before tribunals or for purposes outside of the jurisdiction of Virginia. The lesser seal, a smaller version of the obverse side of the great seal (one and nine-sixteenth inches in diameter) is used on commissions for gubernatorial appointees and notaries, and to authenticate the signature of the Secretary of the Commonwealth.

The Secretary of the Commonwealth is designated by the *Code of Virginia* as the keeper of the seals.

HISTORY AND FACTS ON VIRGINIA

Capitol Building, Richmond

In 1607, the first permanent English settlement in America was established at Jamestown. The Jamestown colonists also established the first representative legislature in America in 1619. Virginia became a colony in 1624 and entered the union on June 25, 1788, the tenth state to do so. Virginia was named for Queen Elizabeth I of England, the "Virgin Queen" and is also known as the "Old Dominion." King Charles II of England gave it this name in appreciation of Virginia's loyalty to the crown during the English Civil War of the mid-1600s. Virginia is designated as a Commonwealth, along with Kentucky, Massachusetts, and Pennsylvania. In 1779, the capital was relocated from Williamsburg to Richmond.

The cornerstone for the Virginia Capitol Building was laid on August 18, 1785, and the building was completed in 1792. Modeled after the Maison Carrée at Nîmes, France, the Capitol was the first public building in the United States to be built using the Classical Revival style of architecture. Thomas Jefferson designed the central section of the Capitol, including its most outstanding feature: the interior dome, which is undetectable from the exterior. The wings were added in 1906 to house the Senate and House of Delegates. In 2007, in time to receive the Queen of England during the celebration of the 400th anniversary of the Jamestown Settlement, the Capitol underwent an extensive restoration, renovation and expansion, including the addition of a state of the art Visitor's Center that will ensure that it remains a working capitol well into the 21st Century. The Virginia state Capitol is the second oldest working capitol in the United States, having been in continuous use since 1788.

More information on the Capitol building can be found at <http://www.virginiacapitol.gov>.

Eight U.S. Presidents were born in Virginia: George Washington, Thomas Jefferson, James Madison, James Monroe, William Henry Harrison, John Tyler, Zachary Taylor, and Woodrow Wilson, giving Virginia the nickname the “Mother of Presidents.”

Virginia is also known as the “Mother of States.” All or part of the following eight states were formed from western territory once claimed by Virginia: Illinois, Indiana, Kentucky, Michigan, Minnesota, Ohio, West Virginia, and Wisconsin.

Why Virginia is a Commonwealth

Virginia was first designated a Commonwealth during the Interregnum (“between reigns”) while Oliver Cromwell was the Lord Protector of England. Under Cromwell’s leadership, the colony of Virginia enjoyed greater freedom in self-government than it had before. From 1660 until the end of the American Revolution in 1781, Virginia was considered a royal British colony along with the other twelve colonies established in North America before the English Civil War.

Virginia’s first constitution was passed on June 29, 1776. The constitution directed that “Commissions and grants shall run, in the Name of the Commonwealth of Virginia, and bear teste by the Governor with Seal of the Commonwealth annexed.” It also states “Government is, or ought to be, instituted for the common benefit, protection, and security of the people...” and “That all power is vested in and consequently derived from, the people...” These statements are the foundation and heart of the meaning of the “Commonwealth of Virginia.” The delegates at the Williamsburg convention decided to name their new form of government the Commonwealth of Virginia, probably in deference to the rebellion against the Crown and the relative freedom they had enjoyed as a colony over one hundred years before and during the Interregnum.

While Virginia was the first Commonwealth, Massachusetts and Pennsylvania became Commonwealths after the War of Independence. Kentucky, formerly part of Virginia, kept the Commonwealth distinction when it was formed in 1792.

This piece is a compilation of texts written by Thomas M. Moncure, Jr. of George Mason University and Louise A. Arnatt, Deputy Secretary of the Commonwealth of Virginia for Governor Mark Warner. Both texts were compiled by Anne Forsythe.

It is difficult to compile a clear and comprehensive list of governors for the colonial period because of the governmental and administrative changes made in England, and due to the proxy system whereby the person bearing the title of Governor often resided in England while a deputy resided in the colony. During the exploration or pre-colonization period, the territory that became Virginia was directly under the crown. Under the charter granted to the London Company, the early government of Virginia was a company appointed council and president, often spoken of as governor. The first man ever to have the title "governor" was Lord Delaware, appointed in 1609. When the London Company lost its charter in 1624, Virginia became a royal colony, and the governor was appointed by the crown. Those appointed to the position often resided in England and were represented in Virginia by deputies. During this period Virginia still remained a resident council and if the governor or deputy governor was absent from the colony the president of the council served as acting governor. There was a break in royal control after the Civil War in England when Parliament allowed the colony to be almost completely self-governed. From 1652 to 1660 the General Assembly elected four Governors. Royal authority was restored in 1660, and from that date until the American Revolution in 1776 the Governors were appointed by the crown.

After the colony declared independence, a constitution was adopted which provided for the election of the governor by the General Assembly for a one-year term. A governor could be reelected to serve a total of three consecutive years. He could be reelected again only after a break in service. From 1776 to 1852 the governor was chosen by the state legislature. When the office became vacant by death or resignation, the senior member of the Council of the State acted as governor until the Assembly was able to choose a successor. The Constitution of 1851 abolished the Council of State and provided for the popular election of the Governor for a four-year term. With the exception of the Reconstruction period 1865-1869, when provisional governors were designated by federal authorities, the governor has been elected by popular vote since 1852.

VIRGINIA INDIAN TRIBES

Archaeological evidence shows that people have been living in what is now Virginia as far back as 16-22,000 years ago. Virginia's modern day tribes were firmly established in ancestral lands long before the English arrived to settle at Jamestown. These tribes contributed significantly to the newcomers' ability to survive those first few years upon their arrival to present-day Virginia. Over the four hundred years since the first permanent English settlement at Jamestown, Virginia's native people have contributed greatly to the vitality of the Commonwealth of Virginia, and the nation, and continue to do so.

The Commonwealth recognizes 11 Virginia Indian tribes: the Cheroenhaka (Nottoway) Indian Tribe, Chickahominy Indian Tribe, Chickahominy Indians Eastern Division, Mattaponi Indian Tribe, Monacan Indian Nation, Nansemond Indian Tribe, Nottoway Indian Tribe of Virginia, Pamunkey Indian Tribe, Patowomeck Indian Tribe of Virginia, Rappahannock Tribe, and the Upper Mattaponi Indian Tribe.

Seven of these tribes are federally recognized, including the Chickahominy Indians Eastern Division, Chickahominy Indian Tribe, Monacan Indian Nation, Nansemond Indian Nation, Pamunkey Indian Tribe, Rappahannock Tribe, and Upper Mattaponi Indian Tribe.

EXECUTIVE ORDERS

Commonwealth of Virginia
Office of the Governor

Executive Order

NUMBER ONE (2018)

EQUAL OPPORTUNITY

Importance of the Initiative

By virtue of the authority vested in me as Governor, I hereby declare that it is the firm and unwavering policy of the Commonwealth of Virginia to ensure equal opportunity in all facets of state government. The foundational tenet of this Executive Order is premised upon a steadfast commitment to foster a culture of inclusion, diversity, and mutual respect for all Virginians.

This policy specifically prohibits discrimination on the basis of race, sex, color, national origin, religion, sexual orientation, gender identity or expression, age, political affiliation, or against otherwise qualified persons with disabilities. The policy permits appropriate employment preferences for veterans and specifically prohibits discrimination against veterans.

State appointing authorities and other management principals are hereby directed to take affirmative measures, as determined by the Director of the Department of Human Resource Management, to emphasize the recruitment of qualified minorities, women, disabled persons, and older Virginians to serve at all levels of state government. This directive does not permit or require the lowering of bona fide job requirements, performance standards, or qualifications to give preference to any state employee or applicant for state employment.

Allegations of violations of this policy shall be brought to the attention of the Office of Equal Employment Services of the Department of Human Resource Management. No state appointing authority, other management principal, or supervisor shall take retaliatory actions against persons making such allegations.

Any state employee found in violation of this policy shall be subject to appropriate disciplinary action.

The Secretary of Administration is directed to review and update annually state procurement, employment, and other relevant policies to ensure compliance with the non-discrimination mandate contained herein, and shall report to the Governor his or her findings together with such recommendations as he or she deems appropriate. NUMBER SIX (2018)

EXECUTIVE ORDER SUPPORTING THE CRITICAL ROLE OF THE VIRGINIA DEPARTMENT OF ENVIRONMENTAL QUALITY IN PROTECTION OF VIRGINIA'S AIR, WATER, AND PUBLIC HEALTH

Importance of the Initiative

The Commonwealth of Virginia has made significant progress in controlling and reducing air and water pollution, though challenges remain. As Governor, it is my constitutional responsibility to ensure “clean air, pure water, and the use and enjoyment for recreation of adequate public lands, waters and other natural resources.” Virginia’s Constitution further sets forth the policy to “protect [our] atmosphere, lands, and waters from pollution, impairment or destruction for the benefit, enjoyment and general welfare of the people of the Commonwealth.”

Public health, recreational opportunities, safe drinking water, economic vitality, and our quality of life are linked directly to a healthy environment. It is critical that the Commonwealth’s natural resource agencies have the tools necessary to protect and improve our environmental quality.

Despite progress to reduce pollution, many Virginians, particularly those in urban and rural low income or minority communities, do not enjoy clean air and water for outdoor recreation and daily activities. Assessments of our waterways document improvements in the quality of some rivers and estuaries, but these assessments also show thousands of miles of streams that remain polluted. Additionally, many Virginians suffer from asthma attacks and other respiratory ailments that are directly attributable to poor air quality. Science also shows that carbon pollution and climate change are exacerbating these problems.

The Department of Environmental Quality (DEQ) is the Commonwealth's lead agency charged with ensuring clean air and clean water. Over the past 25 years, DEQ has done extraordinary work to protect and enhance Virginia's environment, and promote the health and well-being of the citizens of the Commonwealth.

Yet there is more work to do, and DEQ needs both the tools and the resources to safeguard our air and water for the improvement of our quality of life and that of future generations. Robust monitoring and verification coupled with strong, consistent, and uniform enforcement of our air, water, and waste statutes empower Virginia's good corporate stewards, providing regulatory certainty for businesses and healthy places for employees to live, work, and play. This also eliminates any perverse incentive to ignore environmental requirements for short-term economic gain.

Executive Action

Accordingly, by virtue of the authority vested in me as the Chief Executive by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby order the Director of DEQ, in consultation with the Secretary of Natural Resources, to take the following actions:

- A. Review DEQ's permitting, monitoring, and enforcement activities across the air, water, and solid waste programs. This shall include:
 - a. Ensuring that DEQ's permitting programs are as protective of public health and the environment as authorized under state and/or federal law, and identifying within 90 days critical updates to regulations or guidance necessary to meet the objectives of this order;
 - b. Assessing the enforceability of permitting activity and determining if changes are needed in the methods DEQ uses in crafting such permits;
 - c. Reviewing the DEQ matrix that guides establishment of penalties to ensure that it effectively, consistently, and uniformly addresses violations that result in threats to public safety, public health, and the environment, as well as recurrent offenses;
 - d. Developing a protocol for engagement with the Attorney General's Office on enforcement efforts;
 - e. Identifying any gaps in monitoring, especially in areas where there is credible evidence to support an indication of impairment to public health or the environment;
 - f. Identifying the extent and causes of delays or backlogs in permitting programs;
 - g. Assessing any gaps in DEQ resources or authorities necessary to address challenges identified under this review; and
 - h. Reporting to the Secretary of Natural Resources within 180 days on the reviews required under this section.

- B. Evaluate every proposed federal regulatory or guidance modification released after January 20, 2017, regarding air, water, and solid waste to determine the impact on public health, drinking water supplies, and land and water protection. This ongoing review shall include:
 - a. Determining whether implementation of any proposed federal changes would lead to reduced effectiveness or efficiency in state programs to protect public health and the environment, which should be avoided;
 - b. Ensuring that any potential rollback in federal protections does not alter DEQ's existing authority to protect public health, drinking water supplies, and the environment;
 - c. Assessing any gaps in DEQ resources or authorities necessary to address challenges identified under this review; and
 - d. Reporting initially to the Secretary of Natural Resources within 180 days on the reviews required under this section and every 90 days thereafter.

- C. Work with stakeholders to improve communication with the public and the regulated community and provide more opportunities for proactive education, especially among underserved and lower income populations. This shall include:
 - a. Reviewing processes to identify ways to enhance public participation and community engagement, including ways to promote transparency and simplify regulatory hearings;
 - b. Engaging the regulated community, local governments, and other interested stakeholders in the development of new protocols;
 - c. Establishing an ombudsman dedicated to addressing public questions and concerns;
 - d. Assessing any gaps in DEQ resources or authorities necessary to address challenges identified under this review; and
 - e. Reporting to the Secretary of Natural Resources within 180 days on the reviews required under this section.

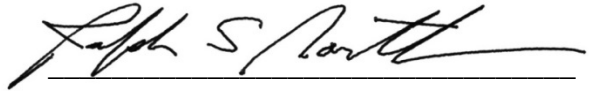

The Director of DEQ shall report monthly to the Secretary of Natural Resources on the progress of these reviews and shall complete his reviews as specified in this order. The Secretary of Natural Resources shall provide a report on recommended actions to the Governor by April 30, 2019. In addition, the Director of DEQ's review of proposed federal regulatory or guidance modifications shall be ongoing throughout my term as Governor.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

DIRECTING THE COMMISSIONER OF THE DEPARTMENT OF MOTOR VEHICLES TO EXTEND THE VALIDITY OF EXPIRING DRIVER'S LICENSES AND IDENTIFICATION CARDS

Importance of the Issue

On Thursday, April 26, 2018, an information technology equipment failure temporarily interrupted the electronic services provided by the American Association of Motor Vehicle Administrators. This disruption greatly impacted the ability of many Virginians to renew their driver's licenses and identification cards. On April 27, 2018, I verbally directed the Commissioner of the Department of Motor Vehicles to extend the validity period for expiring licenses and identification cards for a period of one week. This unforeseen disruption of services places citizens at risk of suffering fines and other costs resulting from their inability to renew their driver's licenses and identification cards in a timely manner.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby confirm, ratify, and memorialize in writing that verbal directive issued on April 27, 2018, whereby, it was determined that the Department of Motor Vehicles suffered a disruption in service that prevented the Department from processing applications for renewal of driver's licenses and identification cards.

In order to prevent any further hardship to the citizens of Virginia, and in accordance with my authority contained in §§ 46.2-330(A) and 46.2-345 of the *Code of Virginia*, I hereby order the following measures:

- I hereby direct the Commissioner of the Department of Motor Vehicles, and the directors of such other executive branch agencies as deem appropriate in their discretion, to extend the validity period of Virginia driver's licenses, learner's permits, commercial driver's

licenses, and identification cards issued by the Commonwealth that expire April 26, 2018, through April 30, 2018, until May 4, 2018, 11:59:59 PM EST.

Effective Date of this Executive Order

This Executive Order shall be effective retroactively from April 26, 2018, and shall remain in full force and effect until May 4, 2018, 11:59:59 PM EST.

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO SEVERE WEATHER AND FLOODING

Importance of the Issue

On this date, June 8, 2018, I am declaring a state of emergency to exist for the Commonwealth of Virginia based on a series of severe thunderstorms that began impacting the Commonwealth on May 14, 2018, and continued through June 3, 2018. These storms produced damaging winds and resulted in severe flooding, downed trees, large-scale power outages, and loss of life.

The health and general welfare of the citizens require state action to help alleviate the conditions caused by this situation. The effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency. Accordingly, I direct state and local government agencies to render appropriate assistance, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority detailed in § 44-146.17 of the *Code of Virginia*, I hereby order the following measures:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and

emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.

- C. Evacuation of areas threatened or stricken by effects of the severe weather and flooding, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas and upon such timetable as the local governing body, in coordination with the VEST, acting on behalf of the State Coordinator of Emergency Management, shall determine. I authorize the control of ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein upon such timetable as the local governing body, in coordination with the State Coordinator of Emergency Management and the VEST, shall determine. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- D. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to § 44-146.17(5) and § 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- E. Provision of appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, shall be rendered by agencies of state government to respond to this situation.
- F. Authorization of appropriate oversight boards, commissions, and agencies to waive and/or ease building code restrictions and permitting requirements, and to allow for emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and other operations and activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application, permit fees, or royalties. All appropriate executive branch agencies are to exercise their discretion to the extent allowed by law to address any pending deadlines or expirations affected by or attributable to this emergency event.
- G. Authorization for the heads of executive branch agencies, acting when appropriate on behalf of their regulatory boards, to waive any state requirements or regulation for which the federal government has issued a waiver of the corresponding federal or state regulation based on the impact of events related to this situation.
- H. Activation of the statutory provisions in § 59.1-525 *et seq.* of the *Code of Virginia* related to price gouging.
- I. Authorization of a maximum of \$300,000 in state sum sufficient funds for state and local government's mission assignments authorized and coordinated through the Virginia Department of Emergency Management that are allowable as defined by the Stafford Act,

42 U.S.C. 5121 *et seq.* This funding is also available for state response and recovery operations and incident documentation.

- J. Authorization of an amount estimated at \$500,000 for matching funds for the Individuals and Household Program, authorized by the Stafford Act (when presidentially authorized), to be paid from state funds.
- K. Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, and incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- L. During this declared emergency, any person who holds a license, certificate, or other permit issued by any U.S. territory, state, or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, without compensation other than reimbursement for actual and necessary expenses, may render aid involving that skill in the Commonwealth during a disaster, and such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such service as set forth in the *Code of Virginia* § 44-146.23(C). Additionally, members and personnel of volunteer, professional, auxiliary, and reserve groups identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23(a) and (f) of the *Code of Virginia*, in the performance of their specific disaster-related mission assignments.

Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC of the Commonwealth as defined herein and in § 44-146.28 of the *Code of Virginia*, other than costs defined in the paragraphs above pertaining to the Virginia National Guard and pertaining to the Virginia Defense Force, in performing these missions shall be paid from state funds.

Effective Date of this Executive Order

This Executive Order shall be effective May 14, 2018, and shall remain in full force and in effect until July 6, 2018, unless sooner amended or rescinded by further executive order. THE WAY AHEAD FOR VIRGINIA'S CHILDREN: ESTABLISHING THE CHILDREN'S CABINET

Importance of the Initiative

Virginia has a distinguished record as one of the best states for children and families. This national recognition is the result of substantial investments in education, health care, public safety, and a vibrant business environment that promotes job growth, employment opportunities, and career advancement.

However, complex challenges still exist for children in Virginia. Current research shows a child's environment and experiences from 0-5 years old have a dramatic influence on brain development and, ultimately, school readiness. One-third of Virginia kindergartners may not be fully ready for school and lack the appropriate social, self-regulation, literacy, or math skills based on a recent Joint Legislative Audit Review study. Nearly 500,000 children in Virginia do not have access to fresh or healthy food. Children who are food-insecure are in poorer health and are more likely to be developmentally at-risk than their peers. Finally, at least 19% of children in Virginia have endured two or more adverse childhood experiences: traumatic events linked to risky health behaviors, chronic health conditions, low life potential, and early death.

These particular challenges require collaboration from a wide range of state and local agencies, like education, health, human services, public safety, and the courts. In order to improve children's services in these areas, we need leaders at the highest levels of state government to direct and prioritize the resources and activities that will have the greatest impact on improving the lives of our children.

Establishment of the Cabinet

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish Virginia's Children's Cabinet ('Children's Cabinet').

Children's Cabinet

The Children's Cabinet shall work to develop a set of goals, identify strategies, and measure impact and outcomes related to the priorities described below. It shall encourage state agencies to collaborate across government and non-governmental entities on collective goals and support efforts to collect and share data to track outcome metrics and inform future policy. In addition, it shall evaluate and recommend ways to optimize and align local, state, and federal resources, and public-private partnerships to enhance current and prospective programs and services for Virginia's children and their families, particularly those at higher risk. It shall also identify best practices and areas for improvement.

Children's Cabinet Priorities

A. Early Childhood Development and School Readiness

A child's early experiences are lifelong determinants of health and well-being. Current research shows that the years from birth to school age are critically important for brain development. Many of the risks for the diseases of adult life are, in part shaped by learning, coping, and decision-making skills that are set in the earliest years. These skills determine whether children will be successful in school and, ultimately, in life.

In recognition of the scientific importance of these early years, the Children's Cabinet will encourage state agencies involved in providing health and education services to children and families to leverage new and current strategies to achieve the following goals:

1. Promote healthy pregnancies and social supports to new mothers and families for the first few years of a child's life

Healthy pregnancies are the foundation of a strong start for children. In 2014, one out of eleven babies was born pre-term in Virginia. The Commonwealth ranks 14th in the nation in terms of premature births. In order to provide a strong start for all children, we must ensure access to quality and affordable prenatal care, and education about maternal health and nutrition. The need for health care, education, and social supports does not end at birth. We must expand family support programs that teach safe sleep practices and parenting skills to promote healthy child development, implement policies that support women in breastfeeding, and strengthen economic supports to families.

2. Ensure that early childhood education is affordable, accessible, and of high quality everywhere in the Commonwealth

The path to success in school begins before a child enters the classroom. Families, communities, and schools play critical roles in helping children prepare for school. Because two out of three Virginia children live in families in which all parents work, we must work to build a durable, innovative, and effective early

childhood system in Virginia. The Children’s Cabinet will evaluate whether our current structure governing early childhood education and services promotes collaboration and efficiency, explore ways to make high quality early childhood education more accessible and affordable, and make recommendations for building a strong early childhood educator workforce.

B. Nutrition and Food Security

Children who do not have sufficient food do not perform well in school and are more likely to suffer from physical and mental health issues. Food insecurity among children is associated with lower math and reading scores in kindergarten through third grade, a higher likelihood of repeating a grade, behavioral problems, higher hospitalization rates, and higher rates of chronic health conditions. Similarly, pregnant women who are food-insecure are at higher risk of miscarriages, birth defects, and premature birth. The Children’s Cabinet will explore whether state agencies governing agriculture and food nutrition programs can leverage new and current strategies to achieve the following goals:

1. Expand access to nutritious food and decrease food insecurity for pregnant women

It is essential that women have access to nutritious food before, during, and after pregnancy. The Children’s Cabinet shall strategize ways to increase nutrition and food security for pregnant and post-partum women, especially low-income women. This includes, but is not limited to, increasing utilization of the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) among eligible families.

2. Expand access to nutritious food and decrease food insecurity for children

Childhood nutrition and food security is key to healthy childhood development. The Children’s Cabinet will support the work of state agencies to, among other strategies, expand access to school breakfast and meals after school, support innovation in summer meal programs, and streamline eligibility for free meals.

3. Promote community-based food systems to increase access to healthy, local foods

It is critical for Virginians, especially children, to have access to nutritious, affordable, and locally-sourced foods to enable them to thrive, learn, and succeed. The Children’s Cabinet will encourage the development of innovative models to provide increased access to healthy foods focusing on areas classified as food deserts. These strategies include, but are not limited to, promoting urban agriculture initiatives, farmer’s markets, farm to school, and local food systems to encourage a diversifying Virginia agricultural economy.

C. Systems of Care and Safety for School-Aged Youth

Virginia’s children are increasingly experiencing a complex set of environmental, health, and public safety related challenges that affect their ability to develop into thriving young adults. It is estimated that at least one in five of Virginia’s children exhibit symptoms of

mental health disorders and 19% of children in Virginia have experienced two or more adverse childhood experiences. Additionally, Virginia's annual school safety audit indicates that half of all threats reported to K-12 threat assessment teams involve threats of harm to self. Unfortunately, fewer than half of our youth receive the care they need. Because our youth spend a substantial amount of time in schools, we must equip the professionals who regularly interface with them to recognize and intervene as soon as concerning behaviors appear. Recognizing the need to support the health and safety of children, the Children's Cabinet will leverage strategies to achieve the following goals:

1. Develop recommendations to enhance student safety

Virginia is a national leader in school safety and has a consistent record of adopting innovative legislation, such as mandated threat assessments in K-12 schools and annual school safety audits, and implementing robust training programs for school personnel and school resource officers. We must continue to adapt and respond to new and emerging challenges affecting the safety of our communities, schools, and children. Our work must be grounded in the concept that trusting relationships between adults and youth are the foundation to ensuring the safety of our students. The Children's Cabinet will assemble school personnel, public safety officials, mental health professionals, and other community partners to make recommendations to the Governor by October 1, 2018. These recommendations will include enhancing information sharing and effectiveness of threat assessments teams; assessing the role, prevalence, and training of school resource and school security officers; evaluating existing ratios and staffing levels for school support staff; and identifying opportunities to expand training to a variety of personnel.

2. Support a consistent, evidence-based, and culturally-competent statewide response to childhood trauma

Adverse childhood experiences are serious childhood traumas that result in toxic stress and harm a child's brain and development. These traumas have a tremendous impact on future victimization, and lifelong health and opportunity. The Children's Cabinet will seek to coordinate efforts across state agencies, with external stakeholders and local communities to foster systems that provide a consistent trauma-informed response to children with adverse childhood experiences and build resiliency of individuals and communities.

Composition of the Children's Cabinet

The First Lady of the Commonwealth of Virginia will chair the Children's Cabinet. The remaining members of the Children's Cabinet will be appointed by the Governor, including the Lieutenant Governor and the Secretaries of Agriculture and Forestry, Education, Health and Human Resources, and Public Safety and Homeland Security. The Chair may invite other secretaries to participate as needed and appropriate.

Staffing

Staff support for the Children’s Cabinet will be provided by the secretariats and offices represented in the cabinet. The Children’s Cabinet will serve in an advisory role, in accordance with § 2.2-2100 of the *Code of Virginia*, and will meet upon the call of the Chair at least four times per year. The Children’s Cabinet will issue an annual report by no later than May 1, 2019, and any additional reports and recommendations as necessary or requested by the Governor.

Effective Date of the Executive Order

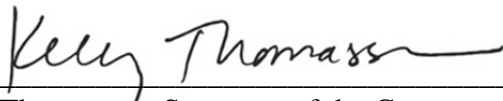

This Executive Order shall be effective for one year after its signing.

PARENTAL LEAVE FOR COMMONWEALTH EMPLOYEES

Importance of the Initiative

The Commonwealth of Virginia is the best place to work, live, and raise a family because of its commitment to providing opportunities for success in both the workplace and at home. The creation of this leave policy will not only provide benefits for children and parents, but also strengthen the Commonwealth's ability to recruit and retain a talented workforce.

Research shows paid time-off provides benefits for both children and parents. Access to parental leave has a positive impact on children's health and development and decreases infant mortality rates. For parents, paid time-off increases the likelihood they will return to the labor force and benefits health and well-being.

The Commonwealth's employees are dedicated public servants. They work hard to keep Virginia strong. The creation of this leave policy will provide them with the support they need in the workplace and at home. The paid parental leave policy is in addition to other leave benefits available to Commonwealth employees, such as Virginia Sickness and Disability Program leave (VSDP), sick leave, annual leave, and leave under the federal Family Medical Leave Act (29 U.S.C. §§ 2601-2654).

Parental Leave for Employees of the Commonwealth

By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby authorize the creation of Paid Parental Leave for employees of executive branch agencies (Agencies) in the Commonwealth under the following parameters:

1. A classified or at-will employee who has been employed by the Commonwealth for a minimum of twelve (12) consecutive months is eligible for parental leave (Eligible Employee).

2. Following the birth, adoption, or foster placement of a child younger than 18 years of age:
 - An Eligible Employee will receive eight (8) weeks (320 hours) of parental leave; and
 - If both parents are Eligible Employees, each shall receive parental leave, which may be taken concurrently, consecutively, or at different times.
3. Parental leave shall be taken within six (6) months following the birth, adoption, or foster placement of the child.
4. Parental leave shall only be taken once in a 12-month period and only once per child.
5. Parental leave shall be provided at 100% of the Eligible Employee's regular salary.
6. Parental leave shall not be counted against an Eligible Employee's annual or sick leave.
7. Legal holidays listed in § 2.2-3300 of the *Code of Virginia* shall not be counted against parental leave.
8. Parental leave shall run concurrently with leave provided under the Family and Medical Leave Act, if the employee is eligible.
9. Parental leave may run concurrently or sequentially with VSDP, if the employee is eligible for VSDP.

The Department of Human Resource Management (DHRM or Department) shall establish policy and guidance documents to support implementation of this Executive Order.

Exceptions for Classified and At-Will Employees

Requests for exceptions to this policy must be directed to the Eligible Employee's Human Resource Manager. If the Human Resource Manager at the Agency level approves the exception, then a request must be made to DHRM for final approval. DHRM will then notify the Human Resource Manager of its decision. The Human Resource Manager will subsequently inform the Eligible Employee of the final decision reached by DHRM and will process the leave request accordingly.

Agency Reporting

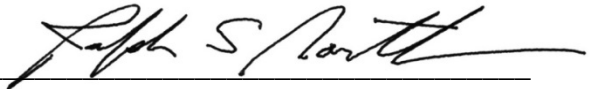

On July 1, 2019, and every July 1 thereafter, the Human Resource Manager for each Agency shall submit to DHRM a report regarding the usage of parental leave by Agency employees for the preceding fiscal year. The report shall be in a form and contain such data as prescribed by the Department.

Effective Date of the Executive Order

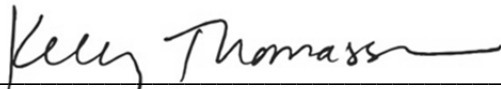

This Executive Order shall be effective upon signing and shall remain in full force and effect unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 25th Day of June, 2018.

NUMBER THIRTEEN (2018)

ESTABLISHING THE GOVERNOR'S ADVISORY COMMISSION ON QUALITY CHILD CARE AND EDUCATION

Importance of the Issue

As Governor of the Commonwealth of Virginia, I am committed to ensuring the prosperity of Virginia. The Commonwealth employs approximately 100,000 employees. Many of these employees play a critically-important role outside of their working hours – that of a parent. These employees work hard to secure a future that is bright and full of opportunity for their children. The Commonwealth should ensure a supportive work environment where employees can work toward the success of their families and the Commonwealth.

Currently, state employees across the Commonwealth struggle with the access to and affordability of quality early care and learning environments for their children. Childhood is a time of development and discovery for parent and child alike. Having a reliable, safe, and nurturing environment where young children can grow and explore individual potential is key to a parent's ability to be a productive member of the workforce. In order to compete to recruit and retain talented young employees, the Commonwealth must support state employees' ability to access and afford early care and learning for their children.

Establishment and Composition of the Commission

Thus, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134, 2.2-135 and 2.2-2100 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Virginia Advisory Commission on Quality Child Care and Education (Commission). Focusing on an area that reflects the highest concentration of the state government's labor force, the Commission will explore the feasibility of providing an evidence-based early care and learning program for young children of state employees working on and around Capitol Square in Richmond.

The Commission's membership shall be appointed by the Governor and co-chaired by the Secretaries of Education and Health and Human Resources or their designees (Co-Chairs). Membership shall also consist of the following:

- A representative from the Office of the First Lady;
- The Secretary of Administration or her designee;
- Two members from the House of Delegates, as recommended by the Speaker of the House;
- One member from the Senate, as recommended by the President pro tempore of the Senate; and
- Experts in early childhood education and development, as appointed by the Governor.

The Governor may appoint other members deemed necessary to carry out the assigned functions of the Commission. The Commission will meet upon the call of the Co-Chairs and will issue a report regarding their findings and recommendations no later than November 1, 2019, and any additional reports and recommendations as necessary or as requested by the Governor.

Staff support for the Commission will be provided by the Secretary of Education, the Secretary of Health and Human Resources, the Office of the Governor, and any other agencies or offices as may be designated by the Governor. An estimated 100 hours of staff time will be required to support the work of the Commission.

Our workforce is only as strong, resilient, and adaptive as we enable it to be. It is my hope that the Commission's findings and recommendations will be shared to promote best practices across the Commonwealth. More particularly, by seeking to nurture the growth of our children, while assisting their parents in managing a work-life balance, I hope the Commonwealth sets an example – an example other government and private sector employers will follow by exploring such opportunities for their employees.

Effective Date

This Executive Order shall be effective upon signing and shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 26th day of June, 2018.

Policy and Principles

The executive branch agencies of the Commonwealth must consider, review, and promulgate numerous regulations each year. This Executive Order sets out procedures and requirements to ensure the efficiency and quality of Virginia’s regulatory process. All state employees who draft, provide policy analysis for, or review regulations shall carefully consider and apply the principles outlined below during the regulatory development and review process.

General

- A. All regulatory activity should be undertaken with the least possible intrusion into the lives of the citizens of the Commonwealth and be necessary to protect the public health, safety, and welfare. Accordingly, agencies shall consider:
 - 1. The use of user fees or permits;
 - 2. The use of information disclosure requirements, rather than regulatory mandates, so that the public can make more informed choices;
 - 3. The use of performance standards in place of required techniques or behavior; and
 - 4. The consideration of reasonably available alternatives in lieu of regulation.
- B. Where applicable, and to the extent permitted by law, it shall be the policy of the Commonwealth that only regulations necessary to interpret the law or to protect the public health, safety, or welfare shall be promulgated. These principles shall be considered when an agency performs its periodic review of regulations pursuant to § 2.2-4017 and this Executive Order.
- C. Regulations shall be clearly written and easily understandable.
- D. Regulations shall be designed to achieve their intended objective in the most efficient, cost effective manner.

Regulatory Development

- A. Regulatory development shall be based on the best reasonably available and reliable scientific, economic, and other information concerning the need for, and consequences of, the intended regulation. Agencies shall specifically cite the best reasonably available and reliable scientific, economic, or statistical data as well as any other information in support of regulatory proposals.
- B. Regulatory development shall be conducted in accordance with the statutory provisions related to impact on small businesses. DPB shall work with state agencies to address these requirements during the regulatory review process, including notifications, as appropriate, to the Joint Commission on Administrative Rules.
- C. During regulatory development, agencies shall consider the impact on existing and potential Virginia employers and their ability to maintain and increase the number of jobs in the Commonwealth, as well as the cost of compliance to the general public.

Public Participation

- A. Agencies shall actively seek input for proposed regulations from interested parties, stakeholders, citizens, and members of the General Assembly.
- B. In addition to requirements established in Article 2 of the APA, agencies shall post all rulemaking actions on Town Hall to ensure that the public is adequately informed of rulemaking activities.
- C. All legal requirements and guidelines related to public participation shall be strictly followed to ensure that citizens have reasonable access and opportunity to present comments and concerns. Agencies shall inform interested persons of (1) Town Hall's email notification service that can send information regarding specific regulations, regulatory actions, and meetings about which citizens are interested, and (2) the process to submit comments in Town Hall public comment forums. Agencies shall establish procedures that provide for a timely written response to all comments and the inclusion of suggested changes that would improve the quality of the regulation.

Other

- A. Agencies, as well as reviewing entities, shall perform their tasks in the regulatory process as expeditiously as possible and shall adhere to the timeframes set out in this Executive Order.
- B. Regulations are subject to periodic evaluation, review, and modification, as appropriate, in accordance with the APA, policy initiatives of the Governor, and legislation.

- C. Each agency head will be held accountable for ensuring that the policies and objectives specified in this Executive Order are followed. Agency heads shall ensure that information requested by DPB, a Cabinet Secretary, or the Office of the Governor, in connection with this Executive Order, is provided on a timely basis. Incomplete regulatory packages may be returned to the appropriate agency by DPB.

Applicability

The review process in this Executive Order applies to rulemakings initiated by agencies of the Commonwealth of Virginia in accordance with Article 2 of the APA.

With the exception of the requirements governing the periodic review of existing regulations, the posting of meeting agenda and minutes, and the posting of guidance documents, agencies and agency regulatory action exempt from Article 2 of the APA are not subject to the requirements of this Executive Order. Nonetheless, the Governor, a Cabinet Secretary, or the Chief of Staff to the Governor may request in writing that an agency comply with all or part of the requirements of this Executive Order for regulations exempt from Article 2 of the APA. Copies of such requests shall be forwarded to the Governor's Policy Office and DPB. In addition, a Cabinet Secretary may request in writing that certain Article 2 exempt regulations be further exempted from all or part of the requirements of this Executive Order.

These procedures shall apply in addition to those already specified in the APA, the agencies' public participation guidelines, and the agencies' basic authorizing statutes. As of July 16, 2018, these procedures shall apply to all regulatory actions and stages that have been submitted to DPB for any stage of Executive Branch Review.

Any failure to comply with the requirements set forth herein shall in no way affect the validity of a regulation, create any cause of action or provide standing for any person under Article 5 of the APA (§ 2.2-4025 *et seq.* of the *Code of Virginia*), or otherwise challenge the actions of a government entity responsible for adopting or reviewing regulations.

Regulatory Review Process

Regulations shall be subject to Executive Branch Review as specified herein. All agency regulatory packages shall be submitted via Town Hall. For each stage of the regulatory development process, agencies shall complete and post the applicable ABD on Town Hall to describe the regulatory action and inform the public about the substance and reasons for the rulemaking. Agencies shall ensure that the correct regulatory text is synchronized with the appropriate stage information page on Town Hall.

If a regulatory package is submitted to DPB, and DPB determines that the package is not substantially complete, then DPB shall notify the agency within 10 days. At that time, the agency must withdraw the package from Town Hall and resubmit the package after all missing elements identified by DPB have been added. Agencies shall submit regulatory packages to the Registrar for publication on Town Hall within 14 days of being authorized to do so.

In rulemakings where there are two or more stages, the filing of each stage shall be submitted on Town Hall as expeditiously as the subject matter allows and no later than 180 days after the conclusion of the public comment period for the prior stage.

A. Standard Rulemaking Process

1. NOIRA Stage

The NOIRA shall include the nature and scope of the regulatory changes being considered and the relevant sections of the VAC. This package shall include draft regulatory text if it is available.

DPB shall review the NOIRA to determine whether it complies with all requirements of this Executive Order and applicable statutes, and whether the contemplated regulatory action comports with the policy of the Commonwealth as set forth herein. Within 14 days of receiving a complete NOIRA review package from the agency, the Director of DPB or his designee shall advise the appropriate Cabinet Secretary and the Governor of DPB's determination.

If the Director of DPB or his designee advises the appropriate Cabinet Secretary and the Governor that the NOIRA presents issues requiring further review, the NOIRA shall be forwarded to the Cabinet Secretary. The Cabinet Secretary shall review the NOIRA within 14 days and forward a recommendation to the Governor. If DPB does not find issues requiring further review, the agency shall be authorized to submit the NOIRA to the *Register* for publication after the Governor approves the NOIRA.

The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove NOIRAs on behalf of the Governor.

Public comments received following publication of the NOIRA should be encouraged and carefully considered in developing the proposed stage of a regulatory proposal.

2. Proposed Stage

Following the initial public comment period required by § 2.2-4007.01 of the *Code of Virginia*, and taking into account the comments received, the agency shall prepare a regulatory review package.

At this stage, the proposed regulation and regulatory review package shall be in as close to final form as possible, including completed review by all appropriate regulatory advisory panels or negotiated rulemaking panels. New issues that were not disclosed to the public when the NOIRA was published shall not be addressed at the proposed stage.

The order of Executive Branch Review shall be as follows:

- a. OAG. The OAG will conduct a review of the proposed regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation and determining whether the content of the proposed regulation conflicts with existing law. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the proposed regulation. After the OAG has completed its review, the package will be submitted to DPB.
- b. DPB. DPB shall review the proposed regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Consistent with § 2.2-4007.04 of the *Code of Virginia*, within 45 days of receiving a complete regulatory review package, the Director of DPB or his designee shall prepare a policy analysis and EIA, and advise the appropriate Cabinet Secretary and the Governor of the results of the review.
- c. Cabinet Secretary. The Cabinet Secretary shall review the proposed regulation package within 14 days and forward a recommendation to the Governor.
- d. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove proposed regulations on behalf of the Governor.

3. Revised Proposed Stage (Optional)

Following the public comment period of the proposed stage, required by § 2.2-4007.03 of the *Code of Virginia*, the agency may wish to make additional changes and/or receive additional public comment by publishing a revised proposed regulation (as allowed by § 2.2-4007.03 of the *Code of Virginia*). The order of Executive Branch Review for the revised proposed stage shall be the same as for the Proposed Stage, with the exception that DPB will perform its duties within 21 days.

4. Final Stage

Following the approval of the proposed regulation package or the revised proposed regulation package, and taking into account all comments received during the prior stage, the rulemaking entity shall revise the proposed regulation.

If any change with substantial impact—as determined by DPB—has been made to the regulatory text between the proposed and final stages, the agency shall obtain a letter from the OAG certifying that the agency has authority to make the additional changes.

The order of Executive Branch Review shall be as follows:

- a. DPB. DPB shall review the final stage package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. In particular, DPB shall assess the effect of any substantive changes made since the publication of the proposed regulation and the responsiveness of the agency to public comment. Within 21 days of receiving a complete final regulation package from the agency, the Director of DPB or his designee shall prepare a policy analysis advising the appropriate Cabinet Secretary and the Governor of the results of the review.
- b. Cabinet Secretary. The Cabinet Secretary shall review the final stage regulation package within 14 days and forward a recommendation to the Governor.
- c. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove proposed final regulations on behalf of the Governor.

B. Fast-Track Rulemaking Process

The fast-track rulemaking process is for rules that are expected to be noncontroversial.

DPB shall review the fast-track regulation to determine whether it complies with all other requirements of this Executive Order and applicable statutes, and whether the contemplated regulatory action comports with the policies of the Commonwealth as set forth herein. DPB shall request the Governor's Office to determine if the fast-track process is appropriate when there is any question as to whether a package should be allowed to proceed in this manner. The Governor or his designee retains sole discretion to disapprove use of the fast-track rulemaking process when the Governor or his designee determines it is not in the public interest.

After a fast-track regulation has been submitted on Town Hall, Executive Branch Review will proceed as follows:

1. OAG. The OAG will conduct a review of the proposed fast-track regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation and determining that the content of the proposed regulation does not conflict with existing law. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the fast-track regulation. After the OAG has completed its review, the package will be submitted to DPB.
2. DPB. DPB shall determine within 10 days or less whether the regulatory package is appropriate for the fast-track rulemaking process and communicate

this decision to the agency. After a package has been determined to be appropriate for the fast-track process, the Director of DPB or his designee shall have 30 days to prepare a policy analysis and EIA, and advise the appropriate Cabinet Secretary and the Governor of the results of the review.

3. Cabinet Secretary. The Cabinet Secretary shall review the fast-track regulation package within 14 days and forward a recommendation to the Governor.
4. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove fast-track regulations on behalf of the Governor.

C. Emergency Rulemaking Process

Emergency regulations may be promulgated by an agency if it determines there is an emergency situation, consults with the OAG, and obtains the approval of the Governor or his designee. Emergency regulations may also be promulgated where Virginia statutory law, an Act of Assembly such as the appropriation act, federal law, or federal regulation requires that a state regulation be effective in 280 days or fewer from its enactment and the regulation is not exempt from the APA.

If the agency plans to replace the emergency regulation with a permanent regulation, it should file an Emergency/NOIRA stage. The order of Executive Branch Review shall be as follows:

1. OAG. The OAG will conduct a review of the proposed emergency regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation and determining that the content of the proposed regulation does not conflict with existing law. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the proposed emergency regulation. After the OAG has completed its review, the package will be submitted to DPB.
2. DPB. DPB shall review the proposed emergency regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Within 14 days of receiving a complete emergency regulation package from the agency, the Director of DPB or his designee shall prepare a policy analysis, and advise the appropriate Secretary and the Governor of the results of the review.
3. Cabinet Secretary. The Cabinet Secretary shall review the proposed emergency regulation package within 10 days and forward a recommendation to the Governor.
4. Governor. The Chief of Staff to the Governor or his designee is hereby authorized to approve or disapprove emergency regulations on behalf of the

Governor.

An emergency regulation shall be effective for up to 18 months and may be extended for up to an additional six months if, despite the rulemaking entity's best efforts, a permanent replacement regulation cannot become effective before the emergency regulation expires. If an agency wishes to extend an emergency regulation beyond its initial effective period, the agency shall submit an emergency extension request to the Governor's Office via Town Hall as soon as the need for the extension is known, but no later than 30 days before the emergency regulation is set to expire. The emergency extension request must be granted prior to the expiration date of the emergency regulation, pursuant to § 2.2-4011(D) of the *Code of Virginia*.

D. Periodic Review of Existing Regulations

Existing state regulations shall be reviewed every four years to determine whether they should be continued without change or be amended or repealed, consistent with the stated objectives of applicable law, to minimize the economic impact on small businesses in a manner consistent with the stated objectives of applicable law, as regarding § 2.2-4007.1 of the *Code of Virginia*.

The regulatory review shall include: (1) the continued need for the rule; (2) the nature and complaints or comments received concerning the regulation from the public; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation.

Prior to commencement of the periodic regulatory review, the agency shall publish a notice of the review in the *Register* and post the notice on Town Hall. The agency shall provide a minimum of 21 days for public comment after publication of the notice. No later than 120 days after close of the public comment period, the agency shall publish a report of the findings of the regulatory review in the *Register* and post the report on Town Hall.

The periodic review shall include (1) a review by the Attorney General or his designee to ensure statutory authority for regulations, and (2) a determination by the Governor or his designee, whether the regulations are (a) necessary for the protection of public health, safety and welfare and (b) clearly written and easily understandable.

The periodic review must be conducted on Town Hall and may be accomplished either during the course of a comprehensive regulatory action using the standard rulemaking process, or by using the periodic review feature as follows:

1. If during the course of a comprehensive rulemaking, using the standard regulatory process, the agency plans to undertake a standard regulatory action, then the agency can fulfill the periodic review requirement by including a notice of a periodic review in the NOIRA. When the proposed stage is submitted for Executive Branch Review, the ABD shall include the result of

the periodic review. When a regulation has undergone a comprehensive review as part of a regulatory action and when the agency has solicited public comment on the regulation, a periodic review shall not be required until four years after the effective date of the regulatory action.

2. Using the periodic review feature. If, at the time of the periodic review, the agency has no plans to begin a comprehensive rulemaking using the standard rulemaking process, then the agency shall use the periodic review feature to announce and report the result of a periodic review using the appropriate Town Hall form. If the result of the periodic review is to amend or repeal the regulation, the agency shall link the periodic review with the subsequent action to amend or repeal the regulation.

Electronic Availability of Petitions and Documents

Agencies shall post petitions for rulemaking and decisions to grant or deny the petitions on Town Hall, in accordance with the timeframes established in § 2.2-4007 of the *Code of Virginia*.

Executive branch agencies shall post the notice of, and agenda for, a public regulatory meeting on Town Hall at least seven days prior to the date of the meeting, except if it is necessary to hold an emergency meeting in which case the agenda shall be posted as soon as possible.

In addition, agencies that promulgate regulations and keep minutes of regulatory meetings shall post such minutes of those meetings on Town Hall in accordance with the timeframes established in §§ 2.2-3707 and 2.2-3707.1 of the *Code of Virginia*.

Agencies shall post all guidance documents or a link to each agency guidance document, as defined by § 2.2-4101 of the *Code of Virginia* on Town Hall. Any changes to a guidance document or a guidance document link shall be reflected on Town Hall within 10 days of the change.

Effective Date of the Executive Order

This Executive Order amends Executive Order No. 14 (2018) issued by Governor Ralph S. Northam and rescinds Executive Order No. 58 (1999) issued by Governor James S. Gilmore, III. This Executive Order shall become effective on July 16, 2018, and shall remain in full force and effect until June 30, 2022, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia on this 16th day of July, 2018.

Agencies shall establish procedures that provide for a timely written response to all comments and the inclusion of suggested changes that would improve the quality of the regulation.

Other

- A. Agencies, as well as reviewing entities, shall endeavor to perform their tasks in the regulatory process as expeditiously as the regulatory subject matter will allow and shall adhere to the timeframes set out in this Executive Order.

- B. Regulations will be subject to periodic evaluation, review, and modification, as appropriate, in accordance with the APA, policy initiatives of the Governor, and legislation.
- C. Each agency head will be held accountable for ensuring that the policies and objectives specified in this Executive Order are put into effect. Agency heads shall ensure that information requested by DPB, the appropriate Cabinet Secretary, or the Office of the Governor, in connection with this Executive Order, is provided on a timely basis. Incomplete regulatory packages may be returned to the appropriate agency by DPB.

Applicability

The review process in this Executive Order applies to rulemakings initiated by agencies of the Commonwealth of Virginia in accordance with Article 2 of the APA.

With the exception of the requirements governing the periodic review of existing regulations, the posting of meeting agenda and minutes, and the posting of guidance documents, agencies and agency regulatory action exempt from Article 2 of the APA are not subject to the requirements of this Executive Order. Nonetheless, the Governor, a Cabinet Secretary, or the Chief of Staff may request in writing that an agency comply with all or part of the requirements of this Executive Order for regulations exempt from Article 2 of the APA. Copies of such requests shall be forwarded to the Governor's Policy Office and DPB. In addition, a Cabinet Secretary may request in writing that certain Article 2 exempt regulations be further exempted from all or part of the requirements of this Executive Order.

These procedures shall apply in addition to those already specified in the APA, the agencies' public participation guidelines, and the agencies' basic authorizing statutes. As of June 30, 2018, these procedures shall apply to all regulatory actions and stages that have been submitted to DPB for any stage of executive branch review.

Any failure to comply with the requirements set forth herein shall in no way affect the validity of a regulation, create any cause of action or provide standing for any person under Article 5 of the APA (§ 2.2-4025 *et seq.* of the *Code of Virginia*), or otherwise challenge the actions of a government entity responsible for adopting or reviewing regulations.

Regulatory Review Process

Regulations shall be subject to executive branch review as specified herein. All agency regulatory packages shall be submitted via the Town Hall. For each stage of the regulatory development process, agencies shall complete and post the applicable ABD on the Town Hall to describe the regulatory action and inform the public about the substance and reasons for the rulemaking. Agencies shall ensure that the correct regulatory text is synchronized with the appropriate stage information page on the Town Hall.

If a regulatory package is submitted to DPB, and DPB determines that the package is not substantially complete, then DPB shall notify the agency within 10 days. At that

time, the agency must withdraw the package from the Town Hall and resubmit the package only after all missing elements identified by DPB have been added. Agencies shall submit regulatory packages to the Registrar for publication on the Town Hall within 14 days of being authorized to do so.

In rulemakings where there are two or more stages, the filing of each subsequent stage shall be submitted on the Town Hall as expeditiously as the subject matter allows and no later than 180 days after the conclusion of the public comment period for the prior stage. If this deadline is not met, it shall be reported to the appropriate Cabinet Secretary in an end of year report further described below.

A. Standard Rulemaking Process

1. Notice of Intended Regulatory Action (NOIRA) Stage

The NOIRA shall include the nature and scope of the regulatory changes being considered and the relevant sections of the *Virginia Administrative Code*. This package shall include draft regulatory text if it is available.

DPB shall review the NOIRA to determine whether it complies with all requirements of this Executive Order and applicable statutes and whether the contemplated regulatory action comports with the policy of the Commonwealth as set forth herein. Within 14 days of receiving a complete NOIRA review package from the agency, the Director of DPB shall advise the appropriate Secretary and the Governor of DPB's determination. If the Director of DPB advises the appropriate Secretary and the Governor that the NOIRA presents issues requiring further review, the NOIRA shall be forwarded to the Secretary. The Secretary shall review the NOIRA within 14 days and forward a recommendation to the Governor. If DPB does not find issues requiring further review, the agency shall be authorized to submit the NOIRA to the Registrar for publication when the Governor approves the NOIRA for publication.

The Chief of Staff to the Governor is hereby authorized to approve or disapprove NOIRAs on behalf of the Governor. Public comments received following publication of the NOIRA should be encouraged and carefully considered in developing the proposed stage of a regulatory proposal.

2. Proposed Stage

Following the initial public comment period required by § 2.2-4007.01 of the *Code of Virginia*, and taking into account the comments received, the agency shall prepare a regulatory review package.

At this stage, the proposed regulation and regulatory review package shall be in as close to final form as possible, including completed review by all appropriate regulatory advisory panels or negotiated rulemaking panels. New issues that were not disclosed to the public when the NOIRA was published

shall not be addressed at the proposed stage.

The order of executive branch review shall be as follows:

- a. OAG. The OAG will conduct a review of the proposed regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the proposed regulation. After the OAG has completed its review, the package will be submitted to DPB.
- b. DPB. DPB shall review the proposed regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Per § 2.2-4007.04 of the *Code of Virginia*, within 45 days of receiving a complete regulatory review package, the Director of DPB shall prepare a policy analysis and EIA before advising the appropriate Secretary and the Governor of the results of the review.
- c. Cabinet Secretary. The Secretary shall review the proposed regulation package within 14 days and forward a recommendation to the Governor.
- d. Governor. The Chief of Staff to the Governor is hereby authorized to approve or disapprove proposed regulations on behalf of the Governor.

Revised Proposed Stage (Optional)

Following the proposed stage public comment period, required by § 2.2-4007.03 of the *Code of Virginia*, the agency may wish to make additional changes and/or receive additional public comment by publishing a revised proposed regulation. The order of executive branch review for the revised proposed stage shall be as follows:

- A. OAG. The OAG will conduct a review of the revised proposed regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the revised proposed regulation. After the OAG has completed its review, the package will be submitted to DPB.
- B. DPB. DPB shall review the revised proposed regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Within 21 days of receiving a complete regulatory package, the Director

of DPB shall prepare a policy analysis and EIA before advising the appropriate Secretary and the Governor of the results of the review.

- C. Cabinet Secretary. The Secretary shall review the revised proposed regulation package within 14 days and forward a recommendation to the Governor.
- D. Governor. The Chief of Staff to the Governor is hereby authorized to approve or disapprove revised proposed regulations on behalf of the Governor.

3. Final Stage

Following the public comment period required by § 2.2-4007.03 of the *Code of Virginia* and taking into account all comments received since the last stage was published, the rulemaking entity shall revise the proposed regulation.

If any change with substantial impact - as determined by DPB - has been made to the regulatory text between the proposed and final stages, the agency shall obtain a letter from the OAG certifying that the agency has authority to make the additional changes.

The order of executive branch review shall be as follows:

- a. DPB. DPB shall review the final stage package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. In particular, DPB shall assess the effect of any substantive changes made since the publication of the proposed regulation and the responsiveness of the agency to public comment. Within 14 days of receiving a complete final regulation package from the agency, the Director of DPB shall prepare a policy analysis before advising the appropriate Secretary and the Governor of the results of the review.
- b. Cabinet Secretary. The Secretary shall review the final stage regulation package within 14 days and forward a recommendation to the Governor.
- c. Governor. The Chief of Staff to the Governor is hereby authorized to approve or disapprove proposed final regulations on behalf of the Governor.

B. Fast-Track Rulemaking Process

The fast-track rulemaking process is for rules that are expected to be noncontroversial.

DPB shall review the fast-track regulation to determine whether the regulatory change

is appropriately within the intended scope of fast-track regulatory authority, whether it complies with all other requirements of this Executive Order and applicable statutes, and whether the contemplated regulatory action comports with the policy of the Commonwealth. DPB shall request the Governor's office to determine if the fast-track process is appropriate when there is any question as to whether a package should be allowed to proceed in this manner. The Governor shall retain discretion to disapprove use of the fast-track rulemaking process when the Governor determines use of this process is not in the public interest, the determination of which shall be at the sole discretion of the Governor.

After a fast-track regulation has been submitted on the Town Hall, executive branch review will proceed as follows:

1. OAG. The OAG will conduct a review of the proposed fast-track regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the fast-track regulation. After the OAG has completed its review, the package will be submitted to DPB.
2. DPB. DPB shall determine within 10 days or less whether the regulatory package is appropriate for the fast-track rulemaking process and communicate this decision to the agency. After a package has been determined to be appropriate for the fast-track process, the Director of DPB shall have 30 days to prepare a policy analysis and EIA before advising the appropriate Secretary and the Governor of the results of the review.
3. Cabinet Secretary. The Secretary shall review the fast-track regulation package within 14 days and forward a recommendation to the Governor.
4. Governor. The Chief of Staff to the Governor is hereby authorized to approve or disapprove fast-track regulations on behalf of the Governor.

C. Emergency Rulemaking Process

Emergency regulations may be promulgated by an agency if it determines there is an emergency situation, consults with the OAG, and obtains the approval of the Governor. Emergency regulations may also be promulgated in situations in which Virginia statutory law or the appropriation act or federal law or federal regulation requires that a state regulation be effective in 280 days or less from its enactment and the regulation is not exempt from the APA.

If the agency plans to replace the emergency regulation with a permanent regulation, it should file an Emergency/NOIRA stage. The order of executive branch

review shall be as follows:

1. OAG. The OAG will conduct a review of the proposed emergency regulation and produce a memorandum assessing the agency's legal authority to promulgate the regulation. The OAG may also provide any advice, recommendations, or other comments for consideration by the Governor with respect to the proposed emergency regulation. After the OAG has completed its review, the package will be submitted to DPB.
2. DPB. DPB shall review the proposed emergency regulatory package to determine whether it complies with all requirements of this Executive Order, applicable statutes, and other policies of the Commonwealth. Within 10 days of receiving a complete emergency regulation package from the agency, the Director of DPB shall prepare a policy analysis before advising the appropriate Secretary and the Governor of the results of the review.
3. Cabinet Secretary. The Secretary shall review the proposed emergency regulation package within 10 days and forward a recommendation to the Governor.
4. Governor. The Chief of Staff to the Governor is hereby authorized to approve or disapprove emergency regulations on behalf of the Governor.

An emergency regulation shall be effective for up to 18 months and may be extended for up to an additional six months if, despite the rulemaking entity's best efforts, a permanent replacement regulation cannot become effective before it expires. If an agency wishes to extend an emergency regulation beyond its initial effective period, the agency shall submit an emergency extension request to the Governor's Office via the Town Hall as soon as the need for the extension is known and no later than 30 days before the emergency regulation is set to expire. The emergency extension request must be granted prior to the expiration date of the emergency regulation, pursuant to § 2.2-4011(D) of the *Code of Virginia*.

Periodic Review of Existing Regulations

Every existing state regulation shall be reviewed at least once every four years by the promulgating agency, unless specifically exempted from periodic review by the Governor. A periodic review shall include notice to the public, a public comment period (minimum of 21 days), and a result to be announced no later than 60 days after the close of the public comment period.

The review shall ensure that each regulation complies with the principles set out in this Executive Order. In addition, each periodic review shall include an examination by the OAG to ensure statutory authority for the regulation and that the regulation does not exceed the agency's rulemaking authority. Agencies shall cooperate with reviews of regulations by the OAG, including, but not limited to, reasonable requests for data and other supporting information as may be necessary to conduct the review.

The periodic review must be conducted on the Town Hall and may be accomplished either during the course of a comprehensive regulatory action using the standard rulemaking process, or (2) by using the periodic review feature as follows:

- A. During the course of a comprehensive rulemaking using the standard regulatory process. If the agency already plans to undertake a standard regulatory action, the agency can fulfill the periodic review requirement by including a notice of a periodic review in the NOIRA. When the proposed stage is submitted for executive branch review, the ABD shall include the result of the periodic review. When a regulation has undergone a comprehensive review as part of a regulatory action and when the agency has solicited public comment on the regulation, a periodic review shall not be required until four years after the effective date of the regulatory action.
- B. Using the periodic review feature. If, at the time of the periodic review, the agency has no plans to begin a comprehensive rulemaking using the standard rulemaking process, then the agency shall use the periodic review feature to announce and report the result of a periodic review. If the result of the periodic review is to amend the regulation, the agency shall link the periodic review with the subsequent action to amend the regulation. If the result is to retain the regulation as is, the agency shall so indicate using the appropriate Town Hall form.

In addition to the procedures described above, the Governor may request a periodic review of a regulation at any time deemed appropriate. Such a request may outline specific areas to be addressed in the review. In the case of such a request, the agency shall follow the procedures for periodic review as established herein or such other procedures as may be stipulated by the Governor.

Petitions for Rulemaking

Agencies shall post petitions for rulemaking and decisions to grant or deny the petitions on the Town Hall, in accordance with the timeframes established in § 2.2-4007 of the *Code of Virginia*.

Regulatory Timeframe Deadlines

If an agency fails to meet any regulatory timeframe deadlines set forth below, it shall submit a report to its Cabinet Secretary and DPB no later than December 31 of the year in which the timeframe deadline is not met. This report shall include the Town Hall action and stage number, as well as an explanation of why the timeframe deadline was not met. The report must contain the following missed regulatory timeframe deadlines:

- A. For regulatory actions that have multiple stages, the period between the close of a public comment period and when the next stage is submitted on the Town Hall shall not exceed 180 days.

- B. Agencies have 14 days to submit a regulatory package to the Register once they have been authorized to do so.

Electronic Availability of Meeting Agenda and Minutes

Executive branch agencies shall post the notice of, and agenda for, a public regulatory meeting on the Town Hall at least 7 days prior to the date of the meeting, except if it is necessary to hold an emergency meeting in which case the agenda shall be posted as soon as possible.

In addition, agencies that promulgate regulations and keep minutes of regulatory meetings shall post such minutes of those meetings on the Town Hall in accordance with the timeframes established in § 2.2-3707 and § 2.2-3707.1 of the *Code of Virginia*.

Legislative Mandates

By July 1 of each year, agencies shall post on the Town Hall all legislative mandates for rulemaking activity required by the most recent session of the General Assembly. The agency shall then link each legislative mandate with the regulatory action that implements the mandate.

Electronic Availability of Guidance Documents

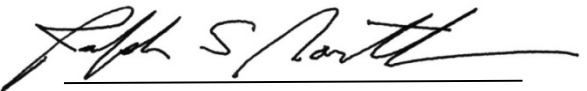

Agencies shall post all guidance documents or a link to each agency guidance document, as defined by § 2.2-4001 of the *Code of Virginia*, on the Town Hall. Any changes to a guidance document or a guidance document link shall be reflected on the Town Hall within 10 days of the change.

Effective Date of the Executive Order

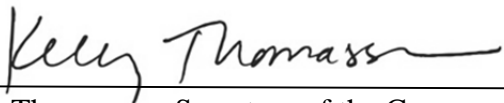

This Executive Order rescinds and replaces Executive Order Number 17 (2014) issued by Governor Terence R. McAuliffe. This Executive Order shall become effective on June 29, 2018, and shall remain in full force and effect until July 16, 2018, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia on this 29th day of June, 2018.

DECLARATION OF A STATE OF EMERGENCY IN PREPARATION FOR THE ANNIVERSARY OF CHARLOTTESVILLE

Importance of the Issue

The “Unite the Right” rally in Charlottesville on August 12, 2017, resulted in the tragic deaths of 32-year-old Heather Heyer, Virginia State Police Lieutenant H. Jay Cullen, III, and Virginia State Police Trooper-Pilot Berke M.M. Bates. Anniversary events, rallies, and protests are planned to be held in the City of Charlottesville and in Washington, D.C., on August 11-12, 2018. Accordingly, I declare a state of emergency in the Commonwealth of Virginia in order to prepare and coordinate our response to ensure the protection of residents’ lives, property, and Constitutional rights.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for these events, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid.
- D. Provision of assistance by the Virginia National Guard to the Virginia Department of State Police to ensure crowd control, direct traffic, prevent looting, and perform such other law enforcement functions as deemed necessary by the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security). Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. The members of the Virginia National Guard activated for this event shall be authorized under *Code of Virginia* § 44-75.1(A)(3), to perform all acts necessary to accomplish the above assistance. The Virginia National Guard shall have the power of arrest to enforce laws, including all violations of Section 18.2, Chapter 9, Articles 1 and 2 of the *Code of Virginia* (Crimes Against Peace and Order; Riot and Unlawful Assembly; Disorderly Conduct), and such other acts necessary to protect lives, preserve property, and in defense of self and others. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- E. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- F. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of*

ESTABLISHING AN INTER-AGENCY TASK FORCE ON WORKER MISCLASSIFICATION AND PAYROLL FRAUD

Importance of the Issue

The misclassification of employees as “independent contractors” undermines businesses that follow the law, deprives the Commonwealth of millions of dollars in tax revenues, and prevents workers from receiving legal protections and benefits.

A 2012 report of the Joint Legislative Audit and Review Commission (JLARC) found that one third of audited employers in certain industries misclassify their employees. By failing to purchase workers' compensation insurance, pay unemployment insurance and payroll taxes, or comply with minimum wage and overtime laws, employers lower their costs as much as 40%, placing other employers at a competitive disadvantage.

Based on state and national studies, JLARC estimated that worker misclassification lowers Virginia's state income tax collections as much as \$28 million a year. Agencies with relevant enforcement responsibilities, including the Virginia Employment Commission, the Department of Labor and Industry, the Department of Professional and Occupational Regulation, the State Corporation Commission's Bureau of Insurance, the Department of Taxation, and the Workers' Compensation Commission each address only one component of this practice and may not fully coordinate their efforts. In its study, JLARC recommended the establishment of a task force with representatives from the agencies listed above.

Establishment of the Task Force

Pursuant to the authority vested in me as Governor under Article V of the Constitution of Virginia, and the *Code of Virginia*, in order to examine the issue of worker misclassification and payroll fraud, I hereby create an Inter-Agency Taskforce on Worker Misclassification and Payroll Fraud (Taskforce).

Initiatives

The purpose of the Taskforce is to develop and implement a comprehensive plan with measurable goals to reduce worker misclassification and payroll fraud in Virginia. The activities of the Taskforce should include, but not be limited to:

1. Reviewing statutes and regulations related to worker misclassification and payroll fraud;
2. Evaluating current enforcement practices of the agencies involved;
3. Developing procedures for more effective inter-agency cooperation and joint enforcement;
4. Developing educational materials and an outreach strategy for employers;
5. Advising on any technological or other improvements in worker misclassification and payroll fraud detection;
6. Recommending any appropriate changes to relevant legislation or administrative rules;
7. Identifying ways to involve external stakeholders in the Taskforce's work;
8. Identifying ways to hold companies working on state contracts who commit payroll fraud through misclassification of workers accountable; and
9. Identifying ways to deter such misconduct through incentives and enforcement mechanisms.

The Taskforce will be chaired by the Secretary of Commerce and Trade and will include representatives from the Virginia Employment Commission, the Department of General Services, the Department of Labor and Industry, the Department of Professional and Occupational Regulation, the State Corporation Commission's Bureau of Insurance, the Department of Taxation, the Workers' Compensation Commission, and the Office of the Attorney General.

The Taskforce shall develop a work plan by November 1, 2018. The Taskforce shall report to the Governor on its progress by August 1, 2019.

Staffing

Staff necessary for the Task Force will be provided by the respective agencies participating with the Task Force.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and, pursuant to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, shall remain in full force and effect for a year from its signing or until superseded or rescinded.

Given under my hand and under the Seal of the Commonwealth of Virginia this 10th day of August, 2018.

AMENDED

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO POTENTIAL IMPACTS FROM HURRICANE FLORENCE

Importance of the Issue

On September 8, 2018, I declared that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response for potential impacts from Hurricane Florence. National Weather Service forecasts indicate Hurricane Florence could produce damaging winds, periods of heavy rainfall, power outages, and flooding in the Commonwealth. These conditions have the potential to impact life safety and create significant transportation issues throughout Virginia.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for the impacts of Hurricane Florence, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. NUMBER SEVENTEEN (2018)

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO POTENTIAL IMPACTS FROM HURRICANE FLORENCE

Importance of the Issue

On September 8, 2018, I declared that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response for potential impacts from Hurricane Florence. National Weather Service forecasts indicate Hurricane Florence could produce damaging winds, periods of heavy rainfall, power outages, and flooding in the Commonwealth. These conditions have the potential to impact life safety and create significant transportation issues throughout Virginia.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for the impacts of Hurricane Florence, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.

- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- F. This Emergency Declaration implements limited relief from the provisions of 49 CFR §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through, and from any area of the Commonwealth. This Emergency Declaration is also intended to satisfy the federal commercial motor vehicle requirements of 49 CFR §

390.23, which provide any motor carrier or driver operating a commercial motor vehicle emergency relief from Parts 390-399 of the Federal Motor Carrier Safety Regulations (Title 49, CFR). The exemption shall not exceed the duration of the motor carrier's or driver's direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.

- G. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.

In an effort to address the impacts attributable to Hurricane Florence on the health, safety, and general welfare of the residents of the Commonwealth, and in an attempt to expedite the return of impacted areas and structures to pre-event conditions insofar as possible, no permits for encroachments on state-owned submerged lands, tidal wetlands and coastal primary sand dunes or beaches shall be required to replace previously permitted structures in the same location and in identical or smaller dimensions as the previously permitted structure, and for beach nourishment activities along public beaches, provided any structure replacement or beach nourishment is initiated prior to the expiration of this Executive Order. No person may proceed with replacement of a previously permitted structure or beach nourishment activity under the provisions of this Executive Order without written approval from the Commissioner of the Virginia Marine Resources Commission.

NUMBER EIGHTEEN (2018)

**DIRECTING THE COMMISSIONER OF THE DEPARTMENT OF MOTOR
VEHICLES TO EXTEND THE VALIDITY OF EXPIRING DRIVER'S LICENSES AND
IDENTIFICATION CARDS**

Importance of the Issue

On Saturday, September 8, 2018, I declared that a state of emergency existed in the Commonwealth of Virginia due to the potential impacts of Hurricane Florence. In furtherance of state action to protect the health and general welfare of Virginia residents, some state government offices, including Department of Motor Vehicles customer service centers, in affected regions were closed, which greatly impacted the ability of many Virginians to renew their driver's licenses and identification cards. This widespread emergency closure placed residents at risk of incurring fines and other costs resulting from their inability to renew their credentials in a timely manner.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, and in accordance with my authority contained in §§ 46.2-330(A) and 46.2-345 of the *Code of Virginia*, in order to prevent any hardship to the residents of Virginia, I hereby direct the Commissioner of the Department of Motor Vehicles to extend the validity period of Virginia driver's licenses, learner's permits, commercial driver's licenses, and identification cards issued by the Commonwealth that expire September 11, 2018, through September 16, 2018, until September 21, 2018, 11:59:59 PM EST.

Effective Date of this Executive Order

This Executive Order shall be effective from September 11, 2018, and shall remain in full force and effect until September 21, 2018, 11:59:59 PM EST.

CLOUD SERVICE UTILIZATION AND READINESS

Importance of the Initiative

The Commonwealth of Virginia must ensure that we are continuously evaluating how information technology services are delivered to those who live and work in our state. Services provided by the Commonwealth must keep pace with the marketplace. A key part of achieving this goal is to ensure that the Commonwealth of Virginia aggressively incorporates the use of cloud technologies into Commonwealth information technology service delivery models. The Commonwealth's definition of cloud services can be found in the VITA Information Technology Resource Management (ITRM) Policies, Standards and Guidelines (<https://www.vita.virginia.gov/it-governance/itrm-policies-standards/>).

As with any technology, cloud services must be implemented in a manner that continues to ensure the availability, security, and privacy of Commonwealth and citizen data. This requires ongoing oversight and management to ensure compliance through Service Level Agreements and other means.

Leveraging cloud services models will allow the Commonwealth to:

- Speed up delivery of business solutions through faster paths to production;
- Provide flexible solutions capable of quickly adapting to new and changing business solutions;
- Reduce operations and maintenance requirements for basic needs such as power and space;
- Provide transparency so that customers are more aware of what they get for their money;
- Provide service elasticity to support increased citizen needs at peak times; and
- Provide a structure that allows for a more resilient environment in the case of a disaster or service outage.

Within 60 days of this Executive Order, the Virginia Information Technologies Agency (VITA) shall adopt a model for evaluating and incorporating cloud services where appropriate to support information technology (IT) services.

VITA shall also develop governance documents in support of this cloud approach that address requirements for evaluating new and existing IT for cloud readiness. This process, which shall apply to Executive Branch agencies as defined in § 2.2-2006 of the *Code of Virginia*, will include details regarding the following areas:

Development of New IT Applications and Solutions

- As of the effective date of this Executive Order, all new IT solutions proposed for development must either be cloud-enabled or have a documented exemption approved by the Commonwealth Chief Information Officer (CIO).
- Agencies shall minimize in-house development of custom IT solutions and applications and leverage cloud solutions if recommended by VITA's cloud governance process.

Existing Systems/Applications Cloud Enablement

- Agencies shall evaluate the continued use of dedicated hardware supporting premise-based IT solutions.
- Agencies shall develop formal processes to enable application development and business services to evaluate cloud service options when deploying, updating, or investing in existing IT solutions.

All agency cloud solutions shall adhere to VITA security and infrastructure policies, standards, and guidelines that will be located in the ITRM Policies, Standards & Guidelines. All agency cloud solutions shall be obtained through VITA's services as outlined by the agency unless otherwise approved by the CIO.

Agency Reporting

- VITA shall collect information from each agency indicating the percentage of physical and virtually deployed IT system components as well as cloud-ready workloads.
- By December 1, 2018, and annually thereafter, each agency shall identify each system's cloud-readiness status (cloud-ready or not cloud-ready) and report this information to VITA, unless granted a temporary or permanent exemption by the CIO.
- By January 15, 2019, agencies shall provide to VITA information regarding resource requirements necessary to make systems cloud-ready within their IT strategic plans, unless granted an exemption by the CIO.
 - This information shall be evaluated by VITA for cloud-readiness as part of the IT strategic planning process.
- By June 1, 2019, VITA shall report to the Secretary of Administration on the status of identifying cloud-ready systems within the Commonwealth.

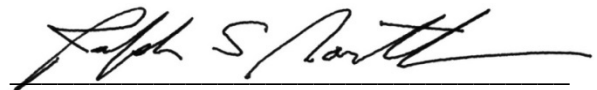

- Beginning September 1, 2019, VITA shall report annually to the Secretary of Administration on the progress of migrating systems identified as appropriate for cloud solutions.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force and effect until December 31, 2021, unless amended or rescinded by further Executive Order.

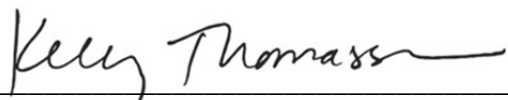

Given under my hand and under the Seal of the Commonwealth of Virginia this 17th Day of September, 2018.

TRANSFER OF THE DEPARTMENT OF MILITARY AFFAIRS TO THE SECRETARY OF VETERANS AND DEFENSE AFFAIRS

Importance of the Initiative

The Commonwealth of Virginia is home to many of our nation's most important national defense assets. The Commonwealth takes pride in protecting our defense forces' ability to train for our nation's security while also providing the service members and their families with an unmatched quality of life. By working collaboratively with our military installations, the Commonwealth is able to sustain our current economic infrastructure, while also jointly identifying areas of future advancement. Growing the military mission in the Commonwealth also includes growing the Virginia National Guard. Our Virginia National Guard has seen increased demands on its members with more frequent deployments and longer training periods. Ensuring the Virginia National Guard continues to meet end strength goals and remain a competitive recruiter is more important than ever. In order to achieve these goals, operations and collaboration with the federal government must be as efficient as possible.

The Secretary of Veterans and Defense Affairs elevates issues and coordinates policy for veterans and transitioning service members in the Commonwealth and serves as the Governor's liaison to the federal defense establishment. As described in § 2.2-231 of the *Code of Virginia*, the Secretary is to "provide active outreach to the U.S. Department of Defense and the defense establishment in Virginia to support the military installations and activities in the Commonwealth..."

Duties of the Department of Military Affairs (DMA), as outlined in § 44-11.1 of the *Code of Virginia*, consist of administering the Virginia Militia and integrating Department of Defense capabilities into state operations. DMA has extensive involvement with federal defense entities, an area where the Office of the Secretary of Veterans and Defense Affairs is deeply engaged. Transferring DMA to the Secretary of Veterans and Defense Affairs will streamline communications with federal defense entities on matters directly affecting the Virginia National Guard. More streamlined communications are critical as a significant part of the budget for the Virginia National Guard comes from federal sources.

The Virginia Department of Veterans Services (DVS), another agency under the Office of the Secretary of Veterans and Defense Affairs, is charged with supporting and enhancing the benefits provided to members of the Guard and their families. When members of the Guard and other service members transition from active service, DVS is there to assist them and their families with their transitions to civilian life, particularly in the areas of employment, education, benefits, housing, and behavioral health and rehabilitative services. Moving DMA under the Office of the Secretary of Veterans and Defense Affairs will better align resources and missions for our Guardsmen and their families.

The Department of Military Affairs will continue performing all existing duties in accordance with Virginia law, including working with other agencies in disaster preparedness, maintaining order and public safety in coordination with law enforcement, and developing and executing contingency plans for homeland defense.

Transfer of the Agency

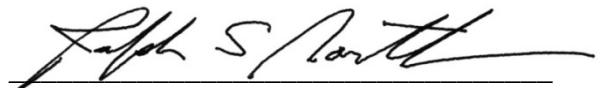

By virtue of the authority vested in me as Governor under § 2.2-230 of the *Code of Virginia*, I hereby authorize the transfer of administrative authority of the Department of Military Affairs from the Secretary of Public Safety and Homeland Security to the Secretary of Veterans and Defense Affairs.

Effective Date of the Executive Order

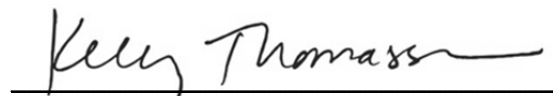

This Executive Order shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 24th day of September, 2018.

NUMBER TWENTY-ONE (2018)

ESTABLISHING THE GOVERNOR'S ADVISORY COMMISSION ON OPIOIDS AND ADDICTION

Importance of the Initiative

The disease of addiction is devastating our communities and taking the lives of too many Virginians. Since 2013, drug overdoses have been the leading cause of accidental death in the Commonwealth. Over 1,500 individuals in Virginia died as a result of drug overdoses just last year. Of those 1,500 fatalities, nearly 80 percent involved prescription opioid painkillers, heroin, or synthetic opioids like fentanyl. Opioid and heroin abuse continues to pose an immense public health and safety threat to Virginians and remains a public health emergency for the Commonwealth.

In addition to opioids and heroin, data shows that abuse of other potentially deadly drugs, particularly stimulants, is on the rise. In addition to maintaining a focus on opioids, Virginia's leaders must also focus on the biological, psychological, and social factors that foster addiction in an individual so that those factors can be addressed and mitigated. The disease of addiction is not exclusive to any substance and addiction will always find another drug.

Virginia cannot solve these problems through state intervention alone. The knowledge and experiences of providers, peers, local leadership, and other community partners is imperative as we work to reduce the impact of addiction and reduce the number of those who die from it. Under the authority established by Executive Directive Nine (2016), the Governor's Executive Leadership Team on Opioids and Addiction implements strategies, programs, and policies aimed at reducing overdose deaths. It is necessary to look to our partners to strengthen our understanding of the issue and share learned successes. Therefore, I direct relevant secretariats, agencies, health and behavioral health providers and organizations, education professionals, law enforcement, and other stakeholders to work together to identify and execute strategies to increase harm reduction opportunities, intensify prevention activities, enhance access to evidence-based treatment, and support individuals in recovery in Virginia.

Key Objectives

This advisory commission shall provide comments to the co-chairs of the Governor's Executive Leadership Team on Opioids and Addiction regarding the development of policies, programs, and other initiatives designed to impact the ongoing drug overdose epidemic in Virginia.

The advisory commission shall meet upon the call of the co-chairs. The co-chairs shall call the advisory commission to meet no less than twice per year. At such meeting, the Executive Leadership Team on Opioids and Addiction shall provide updates and metrics regarding opioid and addiction initiatives. Therefore, supplemental meetings may be held to review specific topics, initiatives, and programs.

Establishment of the Opioid and Addiction Commission

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia under the laws of the Commonwealth, including, but not limited to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Governor's Advisory Commission on Opioids and Addiction (Opioid and Addiction Commission).

The Opioid and Addiction Commission will serve in a consultative role, in accordance with § 2.2-2100 of the *Code of Virginia*, and will be responsible for advising the Governor's Executive Leadership Team on Opioids and Addiction and providing guidance on the following initiatives related to addressing the opioid and addiction public health emergency in the Commonwealth:

- a. Building the capacity of Virginia's communities to address the addiction epidemic through community mobilization and coalition development;
- b. Limiting availability of prescription opioids for misuse;
- c. Establishing pathways to treatment and recovery supports in Virginia;
- d. Establishing operational comprehensive harm reduction programs in Virginia; and
- e. Developing model protocols for Medication Assisted Treatment (MAT) for individuals being released from correctional settings that local/regional jails and community services boards can use.

Composition of the Opioid and Addiction Commission

The Opioid and Addiction Commission's membership shall be appointed by the Governor. The Secretaries of Health and Human Resources and Public Safety and Homeland Security will co-chair the Opioid and Addiction Commission. Membership for the Opioid and Addiction Commission will be composed of representatives from the Office of the Attorney

General, the General Assembly, and the judiciary, as well as community leaders in prevention, harm reduction, treatment, and recovery, including individuals with lived experiences. The Governor may appoint any other person(s) deemed necessary and proper to carry out the assigned functions.

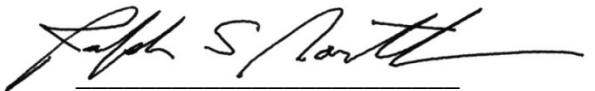

The Secretariat of Health and Human Resources shall provide a Staff Director to support the Opioid and Addiction Commission. The Secretariats of Public Safety and Homeland Security and Health and Human Resources shall provide other staff support as necessary. An estimated 100 hours of staff time will be required to support the work of the Opioid and Addiction Commission.

Effective Date

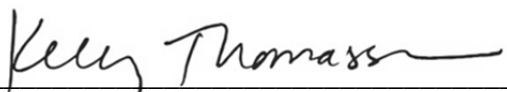

This Executive Order shall be effective upon its signing and, pursuant to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 26th day of September, 2018.

NUMBER TWENTY-TWO (2018)

**Establishment of the Governor's Conservation Cabinet:
A United Effort to Protect and Conserve Virginia's Natural Resources**

Importance of the Initiative

Conservation of natural resources and protection of the environment are key components of my plan as Governor to ensure that Virginia becomes an even better place to live work, play, start a business, and raise a family. While many of our conservation responsibilities fall under the Secretary of Natural Resources, state agencies overseen by other secretariats play important roles, as well.

Coordination across state government is critical to ensuring that state sponsored or permitted activities do not harm the environment. Systemic coordination is also imperative to identifying and engaging in conservation-related economic development and community enhancement opportunities. Many service or functional areas, like agriculture and forestry, transportation and local infrastructure, energy use and development, and outdoor recreation and tourism, interact with our land, air, water, and related ecosystems. It is up to us to determine what impacts such interactions will have.

Establishment of the Cabinet

Accordingly, by virtue of the authority vested in me as Chief Executive by Article V of the Constitution of Virginia and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish Virginia's Conservation Cabinet ("Conservation Cabinet").

The Conservation Cabinet shall be established within the Office of the Governor, to better protect Virginia's natural resources and to improve environmental quality across the Commonwealth. Through increased coordination of Virginia agencies, departments and programs the Conservation Cabinet will work to ensure a healthy environment and continued economic opportunity for all Virginians.

The Conservation Cabinet shall meet on a quarterly basis to discuss conservation issues related to the responsibilities of multiple secretariats, including but not limited to: clean air, clean water, energy, climate change, land conservation, tourism, and sustainable natural resource use. The Secretary of Natural Resources shall be the chair of the Conservation Cabinet, and, in consultation with other members of the Conservation Cabinet, shall develop and deliver to the Governor, no later than June 30th of 2019, a report describing collaboration across state government on conservation issues. Such report shall be made available digitally to the public.

Composition of the Conservation Cabinet

The members of the Conservation Cabinet shall be appointed by the Governor. The Conservation Cabinet shall be comprised of the Secretaries of Agriculture and Forestry, Commerce and Trade, Finance, Natural Resources, and Transportation. The Secretary of Natural Resources shall serve as the Chair of the Cabinet.

The members of the Conservation Cabinet, in addition to discussing topics detailed above, shall share updates on programs, projects and opportunities to protect and improve conservation of Virginia's natural resources, public health, and other relevant topics as they arise.

The Conservation Cabinet shall consult with the Secretary of Health and Human Resources on issues of the environment and public health, particularly with respect to environmental justice and the impacts of air pollution, drinking water contamination, and adverse effects of climate change.

The Conservation Cabinet shall consult with the Secretary of Education on issues related to environmental education and on conservation initiatives at public schools, colleges, and universities to teach environmental sciences and to ensure students have meaningful outdoor experiences.

The Conservation Cabinet will consult with experts and stakeholders within the scientific, economic, and other fields as necessary to carry out its mission.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

NUMBER TWENTY-THREE (2018)

**DECLARATION OF A STATE OF EMERGENCY
FOR THE COMMONWEALTH OF VIRGINIA DUE TO HURRICANE MICHAEL
AND IN SUPPORT OF STATES AFFECTED BY THE STORM**

Importance of the Issue

On this date, October 11, 2018, I declare that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response to potential impacts from Hurricane Michael, a Category 4 storm that will impact Florida, Georgia, South Carolina, North Carolina, and Virginia. This storm could produce heavy rainfall, power outages, and flooding in the Commonwealth and result in severe impacts to the southeastern portions of the United States, including loss of life and infrastructure damage. In order to save lives, restore infrastructure damage, assist other states impacted by this storm, and facilitate the rapid movement of private sector and public resources from and through Virginia, I hereby authorize state preparations under the full authorities of this Office.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for potential storm impacts, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for these additional police officers at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas upon a determination by the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon a determination made by the State Coordinator of Emergency Management. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.
- E. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as

Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.

- F. This Emergency Declaration implements limited relief from the provisions of 49 CFR §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.

- G. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, or agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of the point of origin or destination. Weight exemptions are not valid on posted structures for restricted weight. Weight exemptions are also not valid on interstate highways unless there is an associated Federal emergency declaration. The exemption shall not exceed the duration of the motor carrier's or driver's direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.
 - 1. All over-width loads, up to a maximum of 12 feet, and over-height loads up to a maximum of 14 feet must follow Virginia Department of Motor Vehicles' hauling permit and safety guidelines.
 - 2. In addition to described overweight/over-width transportation privileges, carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route or returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.

- H. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.

- I. Authorization of the Commissioner of Agriculture and Consumer Services to grant a temporary waiver of the maximum vapor pressure prescribed in regulation 2 VAC 5-425 *et seq.*, and to prescribe a vapor pressure limit the Commissioner deems reasonable. The temporary waiver shall remain in effect until emergency relief is no longer necessary, as determined by the Commissioner of Agriculture and Consumer Services.

- J. Provision of appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, be rendered by state agencies to respond to this situation.
- K. Authorization for the heads of executive branch agencies, with the concurrence of their Cabinet Secretary, to act, when appropriate, on behalf of their regulatory boards to waive any state requirement or regulation when the federal government has waived the corresponding federal or state regulation based on the impact of events related to this situation.
- L. Authorization for the State Veterinarian to grant exemptions for specific requirements for the importation of agricultural and companion animals into the Commonwealth from affected areas.
- M. Activation of the statutory provisions in § 59.1-525 *et seq.* of the *Code of Virginia* related to price gouging.
- N. Authorization of a maximum of \$2,000,000 in state sum sufficient funds for state and local government mission assignments authorized and coordinated through the Virginia Department of Emergency Management that are allowable as defined by The Stafford Act, 42 U.S.C. § 5121 *et seq.* and the EMAC. Such funding shall be based on the reimbursements anticipated under the Emergency Management Assistance Compact (EMCA). This funding is also available for state response and recovery operations and incident documentation. Out of this state disaster sum sufficient, an amount estimated at \$250,000 is authorized for the Department of Military Affairs for the state's portion of the eligible disaster-related costs. Such costs include any amounts incurred for salaries, travel, and meals during mission assignments authorized and coordinated through the Virginia Department of Emergency Management.
- O. Authorization of up to \$100,000 in sum sufficient funds shall be made available for operation of the VEOC.
- P. Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- Q. During this declared emergency, any person who holds a license, certificate, or other permit issued by any U.S. territory, state, or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, the person, without compensation other than reimbursement for actual and necessary expenses, may render aid involving that skill in the Commonwealth during this emergency and such person shall not be liable for negligently causing the death of, or injury to any person or for the loss of, or damage to, the property of any person resulting from such service as set forth

in § 44-146.23(C) of the *Code of Virginia*. Additionally, members and personnel of volunteer, professional, auxiliary, and reserve groups identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia* shall not be liable for the death of, or any injury to, persons or damage to property as a result of such activities, as provided in § 44-146.23(A) of the *Code of Virginia*.

NUMBER TWENTY-FOUR (2018)

INCREASING VIRGINIA'S RESILIENCE TO SEA LEVEL RISE AND NATURAL HAZARDS

Importance of the Initiative

Sea level rise, land subsidence, higher average temperatures, more frequent and intense weather events, severe drought, and increased development, have increased risk and will continue to increase and exacerbate risk from natural hazards across the Commonwealth of Virginia. The number of federally declared disasters has steadily increased nationally and in Virginia. The number has experienced a 250 percent increase in federally declared disasters over the past 20 years, including declarations for flooding, hurricanes, severe storms, and wildfire.

The best available science predicts that this trend will continue to worsen. A recent report from the United Nations Intergovernmental Panel on Climate Change states that the world is likely to experience dramatic increases in coastal flooding and severe weather events. Additional studies show that water levels in the Hampton Roads region are now 18 inches higher than they were a century ago, and that they are expected to gain up to five more feet, while the land sinks as much as 7.5 inches, by 2100. That combined rise is faster than anywhere else on the East Coast. The most recent National Climate Assessment reported that the intensity, frequency, and duration of North Atlantic hurricanes, as well as the frequency of the strongest hurricanes, have all increased.

This increase in extreme weather events and natural disasters will continue to have a profound impact on Virginia. It threatens public health and safety, our environment and natural resources, and the economic wellbeing of the Commonwealth, including our ports, military installations, transportation infrastructure, tourism assets, farms, and forests. We must act now to protect lives and property from multiple threats and reduce taxpayer exposure through fiscally responsible planning.

Directive

Accordingly, by virtue of the authority vested in me as the Chief Executive by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby order my administration to take the following actions to increase statewide resilience to natural hazards and extreme weather:

Section 1: Making Commonwealth Holdings More Resilient

- A. Designation of the Chief Resilience Officer of the Commonwealth of Virginia: The Secretary of Natural Resources shall serve as the Chief Resilience Officer of the Commonwealth of Virginia. The Chief Resilience Officer shall be responsible for planning and implementing pre-disaster mitigation strategies to reduce the near and long term impacts of natural hazards across the Commonwealth. The Chief Resilience Officer will serve as the primary point of contact on all issues relating to pre-disaster hazard mitigation and shall be responsible for coordination and planning of resilience initiatives across state government.
- B. Review of Vulnerability of Commonwealth Owned Buildings: It is imperative that the Commonwealth assess the vulnerability of state-owned buildings and takes steps to improve the resilience of state-owned buildings when appropriate. To properly assess the need for resilience upgrades and adaptation strategies for state-owned buildings, the Chief Resilience Officer will develop a facility assessment process and define a data set to be used to identify vulnerability of state-owned buildings. The Secretary of Administration shall collect the identified building data to be used by the Chief Resilience Officer in determining the vulnerability of state-owned buildings, identify steps to increase the resilience of those buildings that are most at risk, and where appropriate and feasible, seek alternative locations for state operations.
- C. Unified Sea Level Rise Projection for State-Owned Buildings: The Commonwealth of Virginia must have a standard approach for predicting sea level rise when scoping, designing, siting, and constructing state-owned buildings. The Chief Resilience Officer shall work collaboratively within state government and with assistance from regional, state, and national experts and stakeholders, to issue, within 180 days from issuance of this Order, a regional or statewide sea level rise projection. The standard shall apply to all projects beginning initial design for state-owned buildings, beginning on or after January 1, 2020. This standard shall apply to new construction and not renovations to existing state buildings and be applied barring extenuating circumstances as determined by the Chief Resilience Officer. In creating this standard, the Chief Resilience Officer shall consult with: the Secretary of Administration, the Secretary of Commerce and Trade, the Secretary of Finance, the Secretary of Transportation, and the Virginia Institute of Marine Science.
- D. Freeboard Standard for State-Owned Buildings: The Commonwealth of Virginia must ensure the resilience of state-owned buildings by setting a minimum freeboard standard for state-owned buildings. The Chief Resilience Officer shall collaboratively work within state government and with assistance from regional, state, and national experts, and stakeholders, to issue, within 180 days from issuance of this Order, a regional or statewide freeboard

standard. The standard shall apply to all projects beginning initial design for state-owned buildings beginning on or after January 1, 2020. This standard shall apply to new construction and not renovations to existing state buildings and be applied barring extenuating circumstances as determined by the Chief Resilience Officer. In creating this standard, the Chief Resilience Officer shall consult with: the Secretary of Administration, the Secretary of Commerce and Trade, the Secretary of Finance, the Secretary of Transportation, and the Virginia Institute of Marine Science.

Section 2: Reviews, Reports, and Recommendations

- A. Virginia Coastal Resilience Master Plan: The Commonwealth of Virginia has a responsibility to assist local governments in reducing flood risk through planning and implementing large scale flood protection and adaptation initiatives. The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall create and implement a Coastal Resilience Master Plan for coastal Virginia to reduce the impacts of tidal and storm surge flooding.

The plan shall:

1. Incorporate all ongoing planned and proposed federal, state, and local projects and infrastructure to reduce tidal and storm surge flooding and flood risk. Provide recommendations for additional hazard mitigation, flood control, and adaptation projects to fill in gaps and improve the preparedness and resilience of the entire coastal area of Virginia for flooding and sea level rise;
2. Be based upon the best available science and engineering;
3. Be updated and amended every five years;
4. Mitigate flood risks at the community level or greater whenever possible;
5. Employ natural and nature-based solutions to the maximum extent possible and provide guidance for land conservation efforts by identifying land providing resilience benefits along with other ecological services;
6. Consider potential areas and options for managed coastal retreat when appropriate;
7. Include detailed funding analysis with a needs assessment and recommendations for potential funding sources;
8. Conform to National Flood Insurance Program requirements and incorporate relevant sections of the floodplain protection plan required by 10.1-602 of the *Code of Virginia*.

In developing the Virginia Coastal Resilience Master Plan, the Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall consult with the following:

1. Local governments;
2. Relevant state agencies, boards, and advisory bodies;
3. Regional Planning District Commissions;
4. The Secure and Resilient Commonwealth Panel;
5. Federal partners, including but not limited to: the Department of Defense, including the U.S. Army Corps of Engineers; the National Atmospheric and Oceanic Administration; the Department of Transportation, the Department of Agriculture; the Department of the Interior; and the Department of Housing and Urban Development;
6. The Virginia Institute for Marine Science, the partner universities in the Virginia Sea Grant Program, the Commonwealth Center for Recurrent Flooding Resiliency; and
7. Non-governmental stakeholders including civic organizations, the business community, and non-profit organizations.

B. Review of State Pre-disaster Mitigation Programs: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall inventory all state-run programs to encourage and implement pre-disaster mitigation. The inventory shall include pre-disaster mitigation programs for all natural hazards including flooding, wildfire, and earthquake. Within 180 days from issuance of this Order, each Cabinet Secretary shall submit to the Chief Resilience Officer a report on any and all pre-disaster hazard mitigation programs administered by his or her Secretariat.

1. Reports to the Chief Resilience Officer shall include: the formal title of the program, the statutory authorization for the program, a summary of the program and its goals and successes, the name of the lead staff member assigned to the program, a summary of the annual available funding for the program, and a summary of unmet funding needs.
2. Within 90 days of receiving reports from Cabinet Secretaries, the Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall compile and make available to the public a comprehensive report of the findings from all secretariats, and make recommendations for improvements or additions to pre-disaster mitigation programs.

- C. Review of Compliance with Flood Protection and Dam Safety Laws: The Director of the Department of Conservation and Recreation (DCR), in coordination with the Chief Resilience Officer, shall review DCR's implementation of the *Code of Virginia*, Title 10, Chapter 6, Flood Protection and Dam Safety.

This review shall include:

1. Review of existing requirements to ensure that state-owned development is appropriately protected from flooding. The review shall also ensure that state-owned development is designed so that human health, safety, and welfare, as well as the natural and beneficial uses of the floodplain, are not at an increased risk of flooding, as authorized under state and federal law. The Director of DCR shall report his findings to the Chief Resilience Officer within 90 days from issuance of this Order, identifying critical updates to regulations, previous executive actions or guidance necessary to meet the objectives of this Order. In addition, the Director shall assess the effectiveness of current dam safety regulations in accounting for changing precipitation patterns and conditions;
2. Review of existing requirements to ensure the Commonwealth, as a participating community of the National Flood Insurance Program, continues to comply with 44 CFR § 60.11-13 and 23 CFR § 650, as authorized under state and federal law, and identifying within 90 days from issuance of this Order critical updates to regulations or guidance necessary to meet the objectives of this Order;
3. Assessment of the enforceability of existing state requirements, and the use of penalties for violations, and determining if changes are needed;
4. Development of a protocol for engagement with the Office of the Attorney General on enforcement efforts;
5. Assessment of any gaps in DCR resources or authorities necessary to address challenges identified under this review: and
6. The Director of the Department of Conservation and Recreation shall report to the Chief Resilience Officer within 180 days from issuance of this Order on the reviews required under this section.

- D. Sea Level Rise Projection Guidance for Local Governments: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall provide guidance to assist local governments with respect to regional or statewide sea level rise projections and work collaboratively to ensure these projections are useful for local decision-making. In developing this guidance, the Chief Resilience Officer shall consult with the following: localities, planning district commissions, impacted state and

federal agencies, the Virginia Institute for Marine Science, and the Commonwealth Center for Recurrent Flooding Resiliency.

- E. Freeboard Guidance for Local Governments: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall provide guidance for local governments with respect to local options to ensure best practices in establishing freeboard standards based on regional or statewide data and assistance. In developing this recommendation, the Chief Resilience Officer shall consult with the following: localities with flood prone areas, planning district commissions, impacted state and federal agencies, and the Commonwealth Center for Recurrent Flooding Resiliency.

Section 3: Coordination and Objectives

- A. Risk Communication: The Chief Resilience Officer, the Secretary of Public Safety and Homeland Security, and all relevant state agencies shall work to increase the Commonwealth's risk communication with regard to helping Virginia residents and local governments better understand their current and future risk from natural hazards.
- B. Increased Coordination of Hazard Mitigation Programs and Initiatives: The Chief Resilience Officer, or his designee, shall convene regular cross-agency, cross-secretariat meetings to ensure all programs identified in the report mandated by Section 2, subtitle B, paragraph 2, of this Order are working in concert with one another, removing barriers to success and leveraging one another for maximum benefit.
- C. Enhanced State and Military Collaborative Resilience: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection and the Secretary of Veterans and Defense Affairs, shall work with military installations, local governments, Department of Defense leaders, and other impacted stakeholders to identify and develop collaborative adaptation and mitigation opportunities in support of military and community readiness.
- D. Increased Scale and Scope of Pre-Disaster Hazard Mitigation: To the maximum extent possible, state agencies, in coordination with the Chief Resilience Officer, or his designee, should use their planning, grant-making, and legal authorities to ensure natural hazard mitigation projects are conducted on a community-wide, rather than individual property scale. This approach will ensure greater protection for all Virginia residents, public and private property, and natural features and ecosystems that provide valuable barriers to flooding and other services.
- E. Empower Localities to Reduce Risk: To the maximum extent possible, state agencies, in coordination with the Chief Resilience Officer, or his designee, should use their planning, grant-making, and legal authorities to empower local governments to plan and create more resilient communities. This may include: technical assistance and planning grants, sample zoning ordinances, assistance engaging federal programs like the National Flood

Insurance Program and the Community Rating System, Federal Emergency Management Agency (FEMA) Hazard Mitigation grants, and others.

The Department of Housing and Community Development shall consult with relevant stakeholders and subject matter experts for the purpose of identifying and suggesting resilience-specific improvements to the Uniform Statewide Building Code (USBC) for inclusion in the 2018 code update.

- F. Position the Commonwealth of Virginia to be a Leader in Resilience Technology: The Chief Resilience Officer, with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection, shall work with the Secretary of Commerce and Trade to ensure state, local, and regional efforts to test and implement resilience technologies are coupled with a coordinated effort to commercialize research and start and grow these businesses in the Commonwealth.

- G. Empower Individuals to Reduce their Risk: To the maximum extent possible, state agencies should use their planning, grant-making, and legal authorities to empower Virginian residents to take individual actions to increase resilience of private property to natural hazards. This includes creating tools and places where property owners can review data related to their risk, teaching Virginians best management practices to reduce risk to existing structures and planning tools to limit risk to new structures and encouraging the purchase of flood insurance policies both inside and outside of the Special Flood Hazard Area. State agencies and departments shall help Virginian property owners identify and apply for state and federal pre-disaster mitigation grants.

ESTABLISHING THE GOVERNOR'S AFFORDABLE HOUSING PRIORITIES TO ADDRESS VIRGINIA'S UNMET HOUSING NEEDS

Importance of the Issue

The sustained welfare of Virginians and the communities in which they reside depends upon the quality, availability, and affordability of housing. In recent decades, Virginia has made substantial progress in improving the quality of housing and the living environment of Virginians. However, both our urban and rural communities face a shortage of affordable housing. The high cost burden of housing, especially for lower wage earners or those with special needs, is contributing to housing instability and homelessness.

In addition to these existing needs, communities across the Commonwealth must also produce substantial new affordable housing units in order to accommodate anticipated economic and workforce growth. As the Commonwealth continues to diversify and strengthen its economy, ensuring the availability of quality, affordable housing that is proximate to employment and educational opportunities will continue to be a critical measure of community vitality and readiness for new economic investment.

To address these needs, the Commonwealth's housing initiatives should focus on enhancing Virginia's economic growth and promoting education, health, and job opportunities for all Virginians. The Commonwealth must continue to work with public and private partners to address housing instability and homelessness, provide permanent supportive housing for vulnerable populations with special needs, and expand the supply of quality, affordable housing required to meet the needs of a growing and diverse workforce. The Commonwealth must also commit to fostering inclusive communities through the deconcentration of poverty and efforts to ensure fair housing is a priority.

Establishment of the Commonwealth's Housing Initiatives

Accordingly, by virtue of the power vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, and subject to my continuing

and ultimate authority and responsibility to act in such matters, I hereby direct the Secretary of Commerce and Trade, with the assistance of the Director of the Department of Housing and Community Development and the Executive Director of the Virginia Housing Development Authority, to identify and implement actions to enable the development of quality, affordable housing with the goal of strengthening communities and fostering economic growth. I also direct the Secretary of Health and Human Resources and its agencies to partner in this effort and to identify personnel and resources to assist in the implementation of this Executive Order. The Secretary of Commerce and Trade and the Secretary of Health and Human Resources shall work with the Commonwealth's economic development and workforce development agencies on this effort.

The housing policies and actions developed pursuant to this Executive Order shall include the following:

1. Increase the supply of permanent supportive housing. This evidence-based housing model is critically important to address the most urgent areas of housing need, including programs to reduce homelessness and housing instability for vulnerable populations. The effort should bolster the ongoing inter-agency structures aimed at providing permanent supportive housing for individuals with developmental disabilities, serious mental illness, or substance use disorders, including pregnant and parenting women. The effort should also focus on individuals experiencing homelessness and individuals with other support service needs.
2. Address the shortage of quality affordable housing. The effort shall prioritize identifying and promoting policy solutions that reduce the cost of housing and provide additional affordable housing units, especially in proximity to existing and developing employment centers. The effort shall include engagement with local governments, the business community, nonprofit organizations, and other interested stakeholders. The effort should focus on coordinating economic development projects with housing production, supporting housing production technology, and supporting regional and local pilot projects that increase the supply of affordable housing units.
3. Reduce the rate of evictions across the Commonwealth. The effort shall include diversion and prevention programs that bolster housing stability for individuals and families, evaluating potential pilot programs that provide eviction relief, and counseling and education services. The Commonwealth should collaborate with stakeholders and researchers to ensure strong data collection and metrics are readily available to address this challenge, especially in communities with high eviction rates. The effort shall also prioritize policy solutions to address the underlying challenges of poverty that contribute to housing instability.

Staffing and Funding

Staffing shall be furnished by the Offices of the Secretary of Commerce and Trade and Secretary of Health and Human Resources, their agencies, and other agencies and offices as

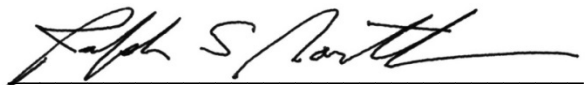

needed. Stakeholders consulted in the review and development of housing policy shall do so without compensation.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 15th day of November 2018.

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO WINTER WEATHER

Importance of the Issue

On this date, December, 8th, 2018, I declare that a state of emergency exists in the Commonwealth of Virginia based on the need to prepare and coordinate our response to winter weather forecast to begin affecting the Commonwealth on December 9, 2018. This storm may result in snow and ice accumulations, transportation issues, and power outages.

State action is required to protect the health and general welfare of Virginia residents. The anticipated effects of this situation constitute a disaster wherein human life and public and private property are, or are likely to be, imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby proclaim a state of emergency exists. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I order the following:

- A. Implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP), as amended, by state agencies along with other appropriate state plans.

- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Activation of the Virginia National Guard and the Virginia Defense Force to state active duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia Department of State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety and Homeland Security) may find necessary. Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of the Department of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. These police officers shall have the same powers and perform the same duties as the Virginia State Police officers appointed by the Superintendent. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- D. Activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- E. This Emergency Declaration implements limited relief from the provisions of 49 CFR, §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.
- F. Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, over width, registration, license, or hours of service exemptions to all carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, or agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of their point of origin or destination. Weight exemptions are not valid on posted structures for restricted weight.

Weight exemptions are also not valid on interstate highways unless there is an associated federal emergency declaration. The exemption shall not exceed the duration of the motor carrier's or drivers direct assistance in providing emergency relief, or 30 days from the initial declaration of emergency, whichever is less.

1. All over width loads, up to a maximum of 12 feet, and over height loads up to a maximum of 14 feet must follow Virginia Department of Motor Vehicles hauling permit and safety guidelines.
 2. In addition to described overweight/over width transportation privileges, carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route and returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.
- G. Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.

Authorization of appropriate oversight boards, commissions, and agencies to ease building code restrictions, permitting requirements, and to allow for emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and other operations and activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties. All appropriate executive branch agencies are to exercise discretion to the extent allowed by law to address any pending deadlines or expirations affected by or attributable to this emergency event.
- K. Authorization for the heads of executive branch agencies, with the concurrence of their Cabinet Secretary, to act, when appropriate, on behalf of their regulatory boards to waive any state requirement or regulation where the federal government has waived the corresponding federal or state regulation based on the impact of events related to this situation.

Authorization of a maximum of \$500,000 in state sum sufficient funds for state and local government mission assignments authorized and coordinated through the Virginia Department of Emergency Management that are allowable as defined by The Stafford Act, 42 U.S.C. § 5121 *et seq.* This funding is also available for state response and recovery operations and incident documentation. Out of this state disaster sum sufficient, an amount estimated at \$ 270,000 is authorized for the Department of Military Affairs for the state's portion of the eligible disaster-related costs incurred for salaries, travel, and meals during mission assignments authorized and coordinated through the Virginia Department of Emergency Management.
- N. Authorization of an amount estimated at \$500,000 for matching funds for the Individuals and Household Program, authorized by The Stafford Act 42 U.S.C. § 5121 *et seq.* (when presidentially authorized), to be paid from state funds.

Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- P. During this declared emergency, any person who holds a license, certificate, or other permit issued by any state or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, the person, without compensation other than reimbursement for actual and necessary expenses, may render aid involving that skill in the Commonwealth during this emergency. Such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such service as set forth in *Code of Virginia* § 44-146.23(C). Additionally, members and personnel of volunteer, professional, auxiliary, and reserve groups identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments, as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia*, shall not be liable for the death of, or any injury to, persons or damage to property as a result of such activities, as provided in § 44-146.23(A) of the *Code of Virginia*.

ESTABLISHING THE VIRGINIA COMPLETE COUNT COMMISSION

Importance of the Issue

The U.S. Constitution mandates a decennial count of all people living in the United States and its territories. This monumental task is one that affects the distribution of approximately \$675 billion dollars from the federal government to state, local, and tribal governments. It also affects the redistricting of legislative districts and reapportionment of seats that each state has in the U.S. House of Representatives. The 2020 Census is quickly approaching and all stakeholders should collectively support the efforts of the U.S. Census Bureau. The Virginia Complete Count Commission will maximize such efforts.

Historically, the U.S. Census Bureau has experienced low survey response rates from many communities across the Commonwealth. The Virginia Complete Count Commission is created to improve the participation and representation of all Virginians. It will consist of key community members and will represent the many geographic regions and diverse communities in the Commonwealth. The Commission will operate as a central conduit of information and facilitate the sharing of ideas and community resources regarding the 2020 Census. These efforts will improve collaboration between the Commonwealth and the U.S. Census Bureau and encourage all stakeholders to actively prepare for the 2020 Census.

Establishing the Commission

By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including, but not limited to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Virginia Complete Count Commission (Commission).

The Commission is comprised of up to 40 members appointed by the Governor, including representatives from stakeholder organizations, leaders from various underrepresented and

traditionally hard-to-count communities, and such other members as may be appointed by the Governor. All Commission members shall serve without compensation.

The Commission, using the local knowledge, expertise, and influence of its commission members, will develop and coordinate a census outreach program to increase awareness about the census and motivate residents to respond.

The census outreach strategy shall include, but not be limited to, state agency initiatives to encourage participation in the 2020 Census, the establishment of partnerships with non-profit community-based organizations, and a multi-faceted campaign designed to ensure an accurate and complete count of Virginia's population.

In carrying out its duties, the Commission may appoint working groups as it deems appropriate, and shall solicit participation from relevant experts and practitioners involved in census issues.

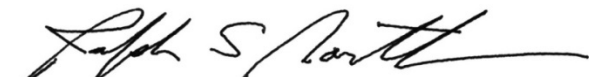

Staff support for the Commission shall be furnished by the Office of the Secretary of the Commonwealth, and other agencies and offices as needed.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect until December 18, 2019, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 18th day of December, 2018.

NUMBER TWENTY-NINE (2019)

ESTABLISHMENT OF THE VIRGINIA COUNCIL ON ENVIRONMENTAL JUSTICE

Importance of Environmental Justice

The Constitution of Virginia states that it is the Commonwealth's policy to "protect its atmosphere, lands, and waters from pollution, impairment, or destruction, for the benefit, enjoyment, and general welfare of the people of the Commonwealth." The protection of our natural resources applies equally to all individuals. All deserve to live in a healthy environment. The Commonwealth has a duty to protect our air, water, and land, and to ensure that no community in Virginia is disproportionately impacted by the negative effects of climate change.

Environmental justice is defined by the U.S. Environmental Protection Agency as the fair treatment and meaningful involvement of all people regardless of race, color, faith, national origin, or income, in the development, implementation, and enforcement of environmental laws, regulations, and policies.

No population, especially minority, low-income, or historically-underserved communities, should face higher levels or greater impacts of pollution than other populations. Some of these communities face more severe environmental degradation, which disproportionately affects public health and quality of life.

Recommendations to ensure that environmental justice concerns are understood, and that a framework is in place to address these concerns, are extremely valuable to the Commonwealth. While some state agencies incorporate environmental justice into their review process, there is currently no consistency in how these issues are evaluated. The Virginia Council on Environmental Justice (Council) will help generate proposals for consistent approaches to evaluate environmental justice.

Establishment of the Virginia Council on Environmental Justice

The Commonwealth requires a consistent, action-oriented approach to incorporating environmental justice into decision-making. The Council will provide recommendations to

establish a foundation of environmental justice principles intended to protect vulnerable communities from disproportionate impacts of pollution. Accordingly, I hereby formally convene this Council to provide independent advice and recommendations to the Executive Branch.

Composition and Support of the Council

The Governor will appoint members to carry out the assigned functions of the Council, and the members shall serve at the Governor's pleasure. The Governor may make appointments to the Council at any time. The Secretary of Natural Resources (Secretary) will designate from the appointed Council members a chair and a vice chair. Subject to the approval of the Secretary, the Council chair may appoint Council members to subcommittees to address specific topics between meetings of the full Council. The Council shall consult with the Secretary or the Secretary's designee to gain an understanding of emerging issues where their advice would be helpful to the Council. The Council may consult with issue area experts and members of the public to help develop recommendations and advice for the Commonwealth.

The Secretary will provide staff support for the Council. The Secretary of Health and Human Resources and the Secretary of Commerce and Trade may provide additional support and expertise as needed. The Council will serve in an advisory role without compensation, in accordance with § 2.2-2100 of the *Code of Virginia*, and will meet quarterly, at a minimum.

Duties of the Council

The Council shall issue a report to the Governor. This report shall provide advice and recommendations, demonstrating the Council's progress, and be submitted no later than January 22, 2020. The Council shall provide any additional reports and recommendations as requested by the Secretary or state agencies seeking specific advice.

The Council shall prioritize providing guidance for the development of policies and procedures to address environmental justice in its report. Proposing a long-term framework for the state, focusing on equality and equity, to ensure environmental justice issues are heard is essential. This framework shall also include recommendations on the integration of environmental justice considerations into existing state policies, permits, programs, and procedures. The Council shall provide options, across state agencies, for the Governor to consider.

The guidance shall focus on the following issues:

- A. Communications and partnerships: A focus on the experience of minority, low-income, and underserved communities in formulating environmental justice policies and procedures is an important part of having a meaningful impact. Executive Order Six (EO-6) supports the critical role of the Virginia Department of Environmental Quality in protecting Virginia's air, water, and public health. EO-6 strives to enhance communications providing more opportunities for proactive education, especially among

underserved communities. The communication goals outlined in EO-6 should guide the Council as it looks at other agencies and their communication with stakeholders.

As Virginia evolves and new environmental justice issues emerge, communication and partnerships with stakeholders will be extremely important. In its report, the Council shall suggest a framework that includes best practices, tools, and different approaches to enhance communications and build partnerships in vulnerable communities regarding state decisions. Such advice should help to ensure engagement in decision-making, capacity-building in disproportionately-burdened communities, and collaborative problem solving. The Council shall also provide recommendations on strengthening partnerships among governmental agencies, including federal, state, tribal, and local governments.

- B. Public health: Protecting public health is a priority for the Commonwealth. In its report, the Council shall suggest a framework to use in identifying potential risks or disproportionate public health impacts related to environmental pollution.
- C. Local governments: Many decisions affecting efforts to ensure environmental justice are made at the local level. The Council shall suggest an environmental justice framework, for local governments to reference as guidance.
- D. The report shall include solutions such as proposed legislation, regulations, policies, and research initiatives. The Council's report shall also consider the following items and include specific recommendations regarding:
 - 1. Climate change and resilience: Climate change is one of the biggest threats of our time, and its impacts can disproportionately affect minority, low-income and historically-underserved communities. Executive Order Twenty-Four (EO-24) was issued to increase Virginia's resilience to recurrent flooding, sea level rise, and other natural hazards. The Council shall consider EO-24 as it provides advice on this issue and include suggestions for resilience investments that would help reduce impacts on vulnerable communities. The Council may also recommend ways to increase equitable renewable energy development, clean energy technology, and energy efficiency programs to help ensure these climate solutions are available to all.
 - 2. Transportation systems: Low-income and minority communities can be more vulnerable to health impacts from transportation pollution and may lack access to cleaner public transportation and walking or biking routes. The Council shall examine transportation systems and include recommendations regarding areas that could be improved to reduce air pollution and other transportation-related environmental concerns and to provide equitable access to clean and efficient transportation choices.
 - 3. Clean Energy Transition: Many communities impacted by reduced demand for thermal coal are in rural areas. A just transition is crucial, and sustainable

economic development is increasingly important. The Council shall research Virginia's regions that are transitioning away from coal and provide recommendations to support those communities.

4. Outdoor Access: Public spaces should serve everyone. Equal and equitable access to these spaces and natural areas is critical to fostering healthy communities. The Council shall provide recommendations for best practices and tools to ensure that all communities have public access to outdoor areas.

The Council shall solicit public comments and recommendations addressing these issues. The Council shall consider different perspectives and provide balanced advice and recommendations to the Governor.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force and effect for a year from its signing, pursuant to § 2.2-134 and § 2.2-135 of the *Code of Virginia*, unless amended or rescinded by further executive order.

TRANSFER OF THE MUSEUM OF NATURAL HISTORY TO THE SECRETARY OF EDUCATION

Importance of the Issue

The Commonwealth of Virginia is home to some of the finest state-owned museums in the nation. These museums are vital educational resources for citizens and visitors of the Commonwealth. Through these institutions, the public can study and enjoy history, science and the arts.

The Secretary of Education is responsible for coordinating among and supporting public education institutions throughout the Commonwealth. The secretariat provides guidance to the Virginia Department of Education, the Virginia Community College System and the State Council of Higher Education for Virginia, and Virginia's 16 public colleges and universities, 23 community colleges and five higher education and research centers, seven state-funded arts and cultural institutions, and the Library of Virginia.

Pursuant to the *Code of Virginia*, the Virginia Museum of Natural History investigates, preserves, and exhibits the various elements of natural history found in Virginia and other parts of the United States and the world. It encourages and promotes research in the varied natural heritage of Virginia and other parts of the world. It encourages individuals and scholars to study our natural history and to apply this understanding of the past to the challenges of the future. The museum coordinates an efficient network in Virginia where researchers and the public can readily access the museum's materials and its branches.

The mission and purpose of the Virginia Museum of Natural History can be achieved best if it is integrated into the network of Virginia's other museums, colleges, and universities. This requires transferring management and oversight responsibilities from the Secretary of Natural Resources to the Secretary of Education.

The Museum of Natural History will continue performing all existing functions and duties in accordance with Virginia law.

Transfer of the Museum

By virtue of the authority vested in me as Governor under § 2.2-208 and 2.2-215 of the *Code of Virginia*, I hereby authorize the transfer of administrative authority of the Virginia Museum of Natural History from the Secretary of Natural Resources to the Secretary of Education.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by further executive order.

NUMBER THIRTY-TWO

ESTABLISHMENT OF THE COMMISSION TO EXAMINE RACIAL INEQUITY IN VIRGINIA LAW

Importance of the Initiative

The Commonwealth of Virginia has a long and complex history, which includes a history of racial inequities and racially-discriminatory laws. The purpose of this Commission is to review the *Virginia Acts of Assembly*, *Code of Virginia*, and administrative regulations with the goal of identifying and making recommendations to address laws that were intended to or could have the effect of promoting or enabling racial discrimination or inequity. Such laws have no place in Virginia or its law books.

In the case of the *Acts of Assembly*, discriminatory laws have been enacted, and in some cases obviated by court rulings. Nonetheless, the words still remain in the *Acts* as all-but-hidden reminders of the initial malicious intent and the painful history that spawned the laws.

This Commission will work to identify the vestiges of inequity and inequality in Virginia's laws, laying the groundwork for the redefining of the Commonwealth in the 21st century as a state committed to the success and equitable treatment of every citizen.

Establishment of the Commission to Examine Racial Inequity in Virginia Law

Accordingly, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Commission to Examine Racial Inequity in Virginia Law (Commission). The Commission will identify laws in Virginia that have the effect or could have the effect of enabling or promoting racial inequity or inequality.

Composition and Support of the Commission

The Commission's members and chair(s) will be appointed by the Governor. The Governor will select experts, scholars, and community leaders with knowledge of and/or experience in civil rights, race and equity, and the law. The Governor may appoint other members at any time to carry out the assigned functions of the Commission. The Commission will have an advisory role and the members will serve without compensation, in accordance with § 2.2- 2100 of the *Code of Virginia*. In carrying out its duties, the Commission may appoint working groups as it deems appropriate, and may solicit participation from relevant subject matter experts, practitioners and historical analysts.

Staff support for the Commission will be provided by the Office of the Governor and any other agencies or offices as may be designated by the Governor. An estimated 250 hours of staff time will be required to support the work of the Commission.

Duties of the Commission

The Commission will meet upon the call of the chair(s) and will issue an interim report with its findings and recommendations no later than November 15, 2019, and any additional reports and recommendations as necessary or as requested by the Governor. This report may also include a proposed framework for the continuation of the Commission's work. The Commission's findings and recommendations will be distributed to promote best practices across the Commonwealth.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

AMENDED NUMBER THIRTY-TWO

CONTINUING THE COMMISSION TO EXAMINE RACIAL INEQUITY IN VIRGINIA LAW

Importance of the Initiative

The Commonwealth of Virginia has a long and complex history, which includes a lengthy and pervasive history of racial inequities and racially-discriminatory laws. The purpose of this Commission is to review the Virginia *Acts of Assembly*, *Code of Virginia*, and administrative regulations with the goal of identifying and making recommendations to address laws that were intended to or could have the effect of promoting or enabling racial discrimination or inequity. Such laws have no place in Virginia or its law books. The Commission is also, where appropriate, to propose new laws, regulations, or other policy changes that would help to address such inequities.

The first year of the Commission's work further demonstrated the needs for its continuing efforts. Throughout the summer and fall of 2019, the Commission, along with considerable research assistance from law students from the University of Richmond School of Law, law students from the University of Virginia School of Law, students from Virginia Commonwealth University. My staff reviewed *Acts of Assembly* from 1900 to 1960. In conducting the review, staff and student volunteers specifically highlighted sections of the *Acts of Assembly*, which contained explicit racist or discriminatory language or had clear discriminatory intent.

On December 5, 2019, the Commission issued its first [interim report](#), which identified dozens of instances of overtly discriminatory language still on our books, including laws prohibiting black and white children from attending the same school, prohibiting interracial marriage and prohibiting those of different races from traveling in the same railcars. These laws and others demonstrated the pervasive and extensive racism and segregation in Virginia, racism and segregation that were intentional, deliberate, and cut across all areas of life. And while many of these laws were obviated by court rulings, or federal or state legislative action, they remained in the *Acts* as an all-but-hidden reminder of our Commonwealth's painful and damaging history.

During the 2020 General Assembly Session, seven bills were introduced to repeal these *Acts of Assembly*. Every bill passed unanimously in both the House and the Senate. When the Governor signed the bills, a total of 91 *Acts of Assembly* were repealed.

The work of this Commission remains unsettlingly necessary. As recent police brutality and targeted community attacks have led to the deaths of people of color across the nation, including George Floyd, Breonna Taylor, and Ahmaud Arbery. Concurrently, the Coronavirus (COVID-19) pandemic, which has swept across the world and across this Commonwealth has further exposed racial disparities in access to health care, employee protections, workplace safety, housing and education. The work of this Commission is more important now than ever. The Commission is charged with identifying laws and policies to be amended, repealed or added with the goal of addressing the underlying inequalities that are the tragic legacy of Virginia's racist past and give rise to the problems we are seeing today.

This Commission will continue to work to identify the vestiges of inequity and inequality in Virginia's laws, laying the groundwork for the redefining of the Commonwealth in the 21st century as a state committed to the success and equitable treatment of every citizen.

Establishment of the Commission to Examine Racial Inequity in Virginia Law

Accordingly, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby continue the Commission to Examine Racial Inequity in Virginia Law (Commission). The Commission will identify laws in Virginia that have the effect or could have the effect of enabling or promoting racial inequity or inequality. Furthermore, the Commission will explore the collected data and research regarding the impact these laws have had on minority communities across the Commonwealth and will make policy or legislative recommendations to the Governor to ameliorate the discriminatory effects of these practices or laws.

Composition and Support of the Commission

The Commission's members and chair(s) will be appointed by the Governor. The Governor will select experts, scholars, and community leaders with knowledge of and/or experience in civil rights, race and equity, and the law. The Governor may appoint other members at any time to carry out the assigned functions of the Commission. The Commission will have an advisory role and the members will serve without compensation, in accordance with § 2.2- 2100 of the *Code of Virginia*. In carrying out its duties, the Commission may appoint working groups as it deems appropriate, and may solicit participation from relevant subject matter experts, practitioners and historical analysts.

Staff support for the Commission will be provided by the Office of the Governor and any other agencies or offices as may be designated by the Governor. An estimated 250 hours of staff time will be required to support the work of the Commission.

Duties of the Commission

The Commission will meet upon the call of the chair(s) and will issue an interim report with its findings and recommendations no later than November 15, 2020, and any additional reports and recommendations as necessary or as requested by the Governor. CONTINUING THE GOVERNOR'S ADVISORY COMMISSION ON QUALITY CHILD CARE AND EDUCATION

Importance of the Issue

As Governor of the Commonwealth of Virginia, I am committed to ensuring the prosperity of Virginia. The Commonwealth employs approximately 100,000 employees. Many of these employees play a critically-important role outside of their working hours – that of a parent. These employees work hard to secure a future that is bright and full of opportunity for their children. The Commonwealth should ensure a supportive work environment where employees can work toward the success of their families and the Commonwealth.

Currently, state employees across the Commonwealth struggle with the access to and affordability of quality early care and learning environments for their children. Childhood is a time of development and discovery for parent and child alike. Having a reliable, safe, and nurturing environment where young children can grow and explore individual potential is key to a parent's ability to be a productive member of the workforce. In order to compete to recruit and retain talented young employees, the Commonwealth must support state employees' ability to access and afford early care and learning for their children.

Establishment and Composition of the Commission

Thus, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134, 2.2-135 and 2.2-2100 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby continue the Virginia Advisory Commission on Quality Child Care and Education (Commission). Focusing on an area that reflects the highest concentration of the state government's labor force, the Commission will explore the feasibility of providing an evidence-based early care and learning program for young children of state employees working on and around Capitol Square in Richmond.

The Commission's membership shall be appointed by the Governor and co-chaired by the Secretaries of Education and Health and Human Resources or their designees (Co-Chairs). Membership shall also consist of the following:

- A representative from the Office of the First Lady;
- The Secretary of Administration or her designee;
- Two members from the House of Delegates, as recommended by the Speaker of the House;
- One member from the Senate, as recommended by the President pro tempore of the Senate; and
- Experts in early childhood education and development, as appointed by the Governor.

The Governor may appoint other members deemed necessary to carry out the assigned functions of the Commission. The Commission will meet upon the call of the Co-Chairs and will issue a report regarding their findings and recommendations no later than November 1, 2019, and any additional reports and recommendations as necessary or as requested by the Governor.

Staff support for the Commission will be provided by the Secretary of Education, the Secretary of Health and Human Resources, the Office of the Governor, and any other agencies or offices as may be designated by the Governor. An estimated 100 hours of staff time will be required to support the work of the Commission.

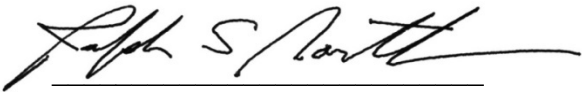

Our workforce is only as strong, resilient, and adaptive as we enable it to be. It is my hope that the Commission's findings and recommendations will be shared to promote best practices across the Commonwealth. More particularly, by seeking to nurture the growth of our children, while assisting their parents in managing a work-life balance, I want the Commonwealth to set an example – an example other government and private sector employers will follow.

Effective Date

This Executive Order shall be effective upon signing and shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO HIGHWAY DAMAGES FROM FLOODING

Importance of the Issue

On this date, June 11, 2019, I am declaring a state of emergency to exist for the Commonwealth of Virginia due to flooding that affected roadways in the southwest portions of the Commonwealth during February 24, 2019 – March 3, 2019.

The health and general welfare of the citizens require that state action be taken to help alleviate the conditions caused by this situation. The effects of this incident constitute a disaster wherein human life and public and private property are imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I declare that a state of emergency exists, and I am directing that appropriate assistance be rendered by agencies of both state and local governments to respond to the impacts of this severe weather event, alleviate any conditions resulting from the incident, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions in so far as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I hereby order the following protective and restoration measures:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan (COVEOP) along with other appropriate state agency plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Implementation by public agencies of their emergency assignments under my supervision and control as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.
- D. Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC of the Commonwealth as defined herein and in § 44 146.28 of the *Code of Virginia*, other than costs defined in the paragraphs above pertaining to the Virginia National Guard and pertaining to the Virginia Defense Force, in performing these missions shall be paid from state funds.

Effective Date of this Executive Order

This Executive Order shall be effective February 24, 2019, and shall remain in full force and effect until July 11, 2019, unless sooner amended or rescinded by further executive order. Termination of the Executive Order is not intended to terminate any federal-type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

ADVANCING EQUITY FOR SMALL-, WOMEN-, MINORITY-, AND SERVICE DISABLED VETERAN-OWNED BUSINESSES IN STATE CONTRACTING

Importance of the Issue

State contracting provides the catalyst for economic opportunity and expands access for many businesses. As part of this process, it is imperative for Virginia to maximize the participation of small businesses, including those owned by women, minorities, and service disabled veterans, in state contractual work. For Virginia to remain competitive and continue to advance its small business goals, significant work must be done for a more transparent, equitable, and inclusive process.

Furthermore, Virginia must work to maximize participation of a diverse group of vendors in state contractual work. Virginia has a long history of racial inequality and disenfranchisement of minority communities. We have made some progress in the last six decades since the civil rights movement began, but not enough. Additionally, in June we celebrate the centennial anniversary of Congress passing the women's right to vote. One hundred years later, however, women are more likely to live in poverty, economic gender inequality continues, and women are underrepresented in elected office, business, and the workforce.

The Commonwealth conducted procurement disparity studies in 2002 and 2009. The 2002 study resulted in a 2004 report, which found that from 1998 to 2002, only 1.27 percent of total state contracts were awarded to women-owned and minority-owned businesses. The 2009 study which was published in a 2011 report found that for 2007, 2.82 percent of total state contracts were awarded to women-owned and minority-owned businesses. While this showed movement, the update found continued disparity between the availability and utilization of women-owned and minority-owned businesses in all business categories of prime contractors including (i) construction, (ii) architecture and engineering, (iii) professional services, (iv) nonprofessional services, and (v) goods and supplies. As part of the effort under this Executive Order, a new disparity study must be conducted.

Directive

To provide for a more equitable and inclusive process, I am directing the following executive branch agencies and institutions of higher education that have statutory authority over procurement, in conjunction with the Department of Small Business and Supplier Diversity (DSBSD), as provided in § 2.2-1605(A)(6) of the *Code of Virginia*, to implement the requirements herein within their respective areas of procurement authority: Department of General Services (DGS), Virginia Information Technologies Agency (VITA), Virginia Department of Transportation (VDOT), those institutions of higher education that have autonomy in procurement granted under the Restructured Higher Education Financial and Administrative Operations Act (Code of Virginia § 23.1-1000, *et seq.*), and all other executive branch agencies that have statutory authority for procurement.

For purposes of this Executive Order: 1) “Executive Branch Agency” shall mean all entities in the executive branch, including agencies, authorities, commissions, departments, and all institutions of higher education; 2) “small businesses” shall include, but not be limited to, small, any subcategory of small, small women-owned, small minority-owned, or small service disabled veteran-owned businesses (SWaM).

Initiatives

With a continuing rational basis for small business enhancement, and pursuant to the authority vested in me as Governor under Article V of the Constitution of Virginia, § 2.2-4310(C) of the *Code of Virginia*, and applicable Memoranda of Understanding and Management Agreements entered into pursuant to Code of Virginia § 23.1-1000, *et seq.*, I hereby direct my Cabinet Secretaries and all Executive Branch Agencies as follows:

1. That the Commonwealth exceed a target goal of 42 percent of discretionary spending for Executive Branch Agencies with small businesses certified by DSBSD, which would be the highest percentage of expenditures since FY 2004. This percentage applies to discretionary spending in categories from which the Commonwealth derives procurement orders, prime contracts, and subcontracts. DSBSD, in consultation with Executive Branch Agencies with procurement responsibilities, shall advance this procurement goal. Further, for all new capital outlay construction solicitations issued, Executive Branch Agencies shall include a requirement for a target goal of 50 percent subcontracting to small businesses.

Each Executive Branch Agency shall submit annual agency SWaM plans to DSBSD on September 1, to include promotion and utilization of: small, any subcategory of small, small women-owned, small minority-owned, small service disabled veteran-owned, and employment service organizations. Executive Branch Agencies shall review and update their goals, policies, and procedures to conform with this Executive Order and the implementing regulations adopted pursuant to § 2.2-1605(A)(6) of the *Code of Virginia* and thereby ensure that a greater percentage of purchases is made from certified small businesses in goods, services, and construction categories from which the Commonwealth makes its purchases.

2. Continue the subcategory of small businesses eligible for micro business designation, which includes those certified small businesses that have no more than 25 employees and no more than \$3 million in average annual revenue over the three-year period prior to certification.
3. Conduct an updated disparity study on women- and minority-owned business participation in the Commonwealth's procurement transactions. The 2004 and 2011 disparity study reports provided an analysis that documented a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, indicating a need for a narrowly-tailored race and gender conscious program. However, these studies need to be updated to ensure that any policy derived there from will withstand legal scrutiny. As required in § 2.2-4310 of the *Code of Virginia*, I hereby direct the DSBSD to contract with a qualified, independent third party to conduct a disparity assessment on the status of women-owned and minority-owned business participation in the Commonwealth's procurement transactions. This study shall: (i) determine if disparity exists and (ii) if so, determine why the disparity exists and what solutions or remedies could be implemented, specifically evaluating narrowly-tailored race and gender conscious programs. I further direct all Executive Branch Agencies to support and provide requested data to DSBSD to facilitate this comprehensive study.
4. Executive Branch Agencies shall formulate policies and procedures for a set-aside program, which shall, at a minimum, require that purchases up to \$100,000 for goods, nonprofessional services, and construction, and up to \$80,000 for professional services, be set aside for award to DSBSD-certified small businesses when the price quoted is fair and reasonable and does not exceed 5 percent of the lowest responsive and responsible noncertified bidder. Purchases up to \$10,000 shall be set aside for award to micro businesses when the price quoted is fair and reasonable and does not exceed 5 percent of the lowest responsive and responsible noncertified bidder.
5. Executive branch agencies shall formulate policies and procedures to require a small business subcontracting plan in all procurements over \$100,000. Each bidder/offeree shall be required to submit their bid/proposal and their small business sub-contracting plan using DGS's central electronic procurement system, except for VDOT contracts for highway construction and design projects. Such plans shall identify all planned utilization of (i) small businesses, (ii) subcategory of small businesses, (iii) small women-owned businesses, (iv) small minority-owned businesses, and (v) small service disabled veteran-owned businesses.
6. Each prime contractor shall be required to report compliance with its small sub-contracting plans using DGS's central electronic procurement system, except for VDOT contracts for highway construction and design projects. Before final payment is made, the purchasing agency shall confirm that the prime contractor certified compliance with the contract's small business subcontracting plan. If there are any variances between the prime contractor's required small business subcontracting plan and the actual participation, the prime contractor shall provide a written explanation to the purchasing

agency. The written explanation shall be kept with the contract file and made available upon request.

Contracts and renewals shall include a provision allowing final payment to be withheld until the prime contractor complies with its small business subcontracting plan. Prior to entering into a new contract or renewing a contract with a prime contractor, a purchasing agency shall review a contractor's record of compliance with small business subcontracting plan requirements. A prime contractor's failure to meet satisfactorily designated small business subcontracting procurement plan requirements shall be considered in the prospective award or renewal of any future contracts with the prime contractor.

7. To ensure that all SWaM businesses have one central site to provide transparency to all Virginia opportunities and contracts, Executive Branch Agencies shall utilize DGS's central electronic procurement system to post current and future procurement and subcontracting opportunities. Executive Branch Agencies shall use DGS's central electronic procurement system beginning at the point of requisitioning for all procurement actions, including but not limited to technology, transportation, professional services, and construction. This data will also be instrumental in the facilitation of the disparity study.
8. Notwithstanding paragraphs 5, 6, and 7, institutions of higher education with statutory authority for procurement shall provide such data or plans as required using DGS's central electronic procurement system or by integration or interface with the DGS system.
9. Institutions of higher education shall work with the Secretary of Administration, Secretary of Commerce and Trade, and the Secretary of Education to define best practices and assist the Commonwealth in its work to advance equity for small-, women-, minority-, and service disabled veteran-owned businesses in state contracting.

Collaborative Agency Efforts

The above initiatives will spur creativity, promote economic development, and encourage procurement participation by small businesses, including those owned by women, minorities, and service disabled veterans. In support of the initiatives set out above, I further direct the following actions to be taken by Cabinet Secretaries and Executive Branch Agencies:

1. DSBSD, in conjunction with DGS, VITA, VDOT, and institutions of higher education with procurement autonomy, shall implement initiatives to enhance the development of small businesses in Virginia. Such initiatives shall include, but not be limited to:
 - Information on access to capital, including contract financing, bonding support, and other opportunities for economic development as well as management and technical assistance programs;

- Partnerships and outreach with local business groups, chambers of commerce, and other organizations to develop a diverse vendor base; and
 - Statewide mentor protégé programs.
2. DSBSD, in collaboration with DGS and institutions of higher education with procurement autonomy, shall conduct a vendor outreach training program throughout the Commonwealth. Such training shall include instructions on how to obtain certification from DSBSD as well as registration with and research through the DGS's central electronic procurement system. The training should encourage SWaM participation and help businesses overcome identified barriers.
 3. Executive Branch Agencies shall review the efficacy of implementing other small business enhancement tools and processes, such as:
 - Unbundling contracts;
 - Relaxing the requirement for mandatory attendance at pre-bid meetings;
 - Expanding time to respond to small purchase solicitations; and
 - Streamlining the paperwork required of small businesses.
 4. All Executive Branch Agencies shall include updated SWaM regulations and/or guidelines to reflect the requirements of this Executive Order in purchasing manuals, regulations, and guidelines.
 5. Executive Branch Agencies shall actively recruit small businesses to seek certification from DSBSD, to register on DGS's central procurement system, and to compete for state procurement opportunities.
 6. VDOT, for road and bridge construction, and DGS, for construction, shall develop guidelines to be used by Executive Branch Agencies in making construction mobilization payments to businesses when reasonable and necessary to facilitate contract initiation.
 7. The Virginia Economic Development Partnership (VEDP) shall send DSBSD its regular report to the Secretary of Commerce and Trade on new economic development announcements of business activity in the Commonwealth, including those announcements in which VEDP provided an administered economic incentive. Such report will enable DSBSD to ascertain in a timely manner what opportunities the activity may bring for Virginia's SWaM businesses.
 8. Each Executive Branch Agencies shall designate a SWaM equity champion to ensure equity in the solicitation of procurement proposals/bids and awarding of contracts.
 9. DSBSD, in collaboration from DGS, VITA, and institutions of higher education with procurement autonomy, shall develop equity in procurement trainings for agency heads,

presidents of institutions of higher education, and senior managers with procurement oversight. Such training shall be completed annually.

10. DSBSD and DGS may coordinate with the Virginia Association of Counties, the Virginia Municipal League, and the Virginia Association of Governmental Purchasing to identify opportunities for state and local government entities to collaborate in order to maximize procurement equity for small businesses.

Reporting Requirements

1. Cabinet Secretaries shall monitor their agencies' and higher education institutions' spending with all certified small businesses and meet with the Governor, or his designee, quarterly to discuss the agencies' performance. DSBSD shall develop a standard reporting format for such purposes. The report shall include information on purchases made from all certified small businesses. In addition, the Secretary of Commerce and Trade will assess overall state performance and report quarterly to the Governor.

Each Cabinet Secretary shall evaluate the performance of their agencies and institutions of higher education in implementing these directives. DSBSD, in cooperation with each Cabinet Secretary, shall provide quarterly reports to the Secretary of Commerce and Trade regarding the Commonwealth's progress in enhancing opportunities for SWaM businesses. The reports shall delineate the Commonwealth's spending in detail by SWaM category and agency.

2. Executive Branch Agencies with procurement responsibilities shall review practices, procedures, and proposal evaluation criteria to identify and remove barriers or limitations to SWaM participation. A section on "barriers or limitations" shall be included in annual Executive Branch Agency SWaM plans. SWaM plans shall be developed and submitted to DSBSD by September 1. DSBSD shall submit the annual SWaM Plan Compliance Report to the Secretary of Commerce and Trade on October 1 of each fiscal year.

Effective Date of this Order

This Executive Order rescinds and replaces Executive Order 20 (2014), issued by Governor Terence R. McAuliffe and shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

NUMBER THIRTY-SIX (2019)

ESTABLISHMENT OF THE VIRGINIA STEM EDUCATION COMMISSION

Importance of STEM Education and Employment

Virginia has a distinguished record as one of the best states for education, employment, and growth in the disciplines of science, technology, engineering, and mathematics (STEM). This is the result of our strong education pipeline and business friendly climate, which have fostered an economy that employs hundreds of thousands of Virginians in STEM fields. Additionally, Virginia is expected to add nearly 150,000 new STEM jobs in the next five years, with opportunities expected to grow for years to come. Employers know that they need employees with varying levels of STEM expertise; but the STEM education pipeline has not evolved as quickly as economic demand. Educational inequities too often limit access to advanced courses in STEM disciplines, credentials, and work-based learning for many of our most vulnerable and underrepresented students.

In order to close those achievement opportunity gaps, meet the growing economic demands for STEM-prepared employees, and maintain its recognition as one of the best states for STEM education and employment, the Commonwealth must be strategic about how it prepares young people and adapts to the rapidly evolving needs of employers. To accomplish this, Virginia must begin by creating a unified vision and adopting a set of dynamic shared goals to strategically inform how we prepare students for STEM jobs of the future.

Establishment of the Commission

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Virginia STEM Education Commission (Commission).

Duties of the Commission

The Commission will assist in aligning efforts around the state, measuring our programming and workforce landscape, identifying areas that can be better supported, and seeking methods in which we can more effectively prepare Virginians for employment. These goals will support the modernization of our education systems and local economies by preparing a capable and ready workforce to lead Virginia into a STEM-focused future.

The Virginia STEM Education Commission shall work to develop a State STEM Plan to include a set of definitions, goals, strategies, and measurable impacts and outcomes related to the following key areas:

1. Inspire and empower our students to develop the knowledge, skills, and mindsets necessary to thrive in a rapidly changing, technologically-advanced, global society.
2. Ensure equitable opportunities and access for every Virginian to become a vital part of a robust STEM ecosystem.
3. Continuously improve the awareness, effectiveness, support, and quality of partnerships among educational entities, employers, and nonprofits.
4. Create sustainable and supportive conditions to align Virginia's educational, economic, and community goals.

The Commission shall encourage state agencies to collaborate among government and non-governmental entities on collective goals and support efforts to share data to track outcome metrics, redesign future curriculum and course design, and inform state and local policy. In addition, it shall evaluate and recommend ways to optimize and align public-private partnerships and local, state, and federal resources to enhance current and prospective programs and services for Virginia's children and their families, particularly those at higher risk. It shall also identify best practices and areas for improvement.

The State STEM Plan will require collaboration from a wide range of state and local stakeholders, with early childhood, K-12, post-secondary, out-of-school programs, informal education, workforce development, environmental education, and business and industry partners from every region of the state.

Composition of and Support of the Commission

The First Lady of Virginia will chair the Commission. The remaining members of the Commission will be appointed by the Governor and will include experts from education, industry, and workforce perspectives from around the Commonwealth.

Staff support for the Commission will be provided by the Office of the Secretary of Education, the Virginia Department of Education, and the Science Museum of Virginia. An

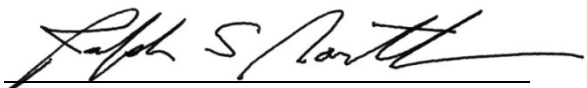

estimated 150 hours of staff time will be required to support the work of the Commission. The Commission will serve in an advisory role, in accordance with § 2.2-2100 of the *Code of Virginia*. Members will serve without compensation. The Commission will meet upon the call of the chair at least quarterly. The Commission will issue a written report no later than July 1, 2020, and any additional reports and recommendations as necessary or requested by the Governor.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

TRANSFER OF THE VIRGINIA BOARD OF ACCOUNTANCY TO THE SECRETARY OF FINANCE

Importance of the Initiative/Issue

The Virginia Board of Accountancy's (VBOA) mission is to protect the citizens of the Commonwealth through a regulatory program of examination, licensure for individuals and firms, consumer protection, professional education audits and peer review oversight. This mission provides assurance to the citizens of the Commonwealth that the individuals and firms we entrust to practice in public accounting meet certain professional standards.

The Secretary of Finance safeguards the Commonwealth's fiscal assets and oversees the allocation of its financial resources. Accordingly, the Secretary has a fiduciary responsibility to the citizens of the Commonwealth to protect the public.

The Virginia Board of Accountancy carries out its mission through a program of regulation development, oversight, and investigations. Transfer of the VBOA to the Secretary of Finance will more closely align the responsibilities of the VBOA and Secretary of Finance.

Directive

By virtue of the authority vested in me as Governor under § 2.2-211 of the *Code of Virginia*, I hereby authorize the transfer of administrative authority of the Virginia Board of Accountancy from the Secretary of Commerce and Trade to the Secretary of Finance.

REAUTHORIZING AN INTER-AGENCY TASKFORCE ON WORKER MISCLASSIFICATION AND PAYROLL FRAUD

Importance of the Issue

The misclassification of actual employees as “independent contractors” creates a competitive disadvantage for Virginia businesses that follow the law, deprives the Commonwealth of millions of dollars in tax revenues necessary to supply services to Virginia’s citizens, and prevents workers from receiving protections and benefits to which they legally are entitled.

A 2012 report of the Joint Legislative Audit and Review Commission (JLARC) found that one third of audited employers in certain industries misclassify employees. By failing to purchase workers' compensation insurance, pay unemployment insurance and payroll taxes, or comply with minimum wage and overtime laws, employers reduce their labor overhead as much as 40%, placing employers who properly classify employees at a competitive disadvantage.

Based on state and national studies, JLARC estimated that worker misclassification lowers Virginia’s state income tax collections as much as \$28 million per year. Agencies with relevant enforcement responsibilities, including the Virginia Employment Commission, the Department of Labor and Industry, the Department of Professional and Occupational Regulation, the State Corporation Commission’s Bureau of Insurance, the Department of Taxation, and the Workers’ Compensation Commission, each address only one component of this practice and may not fully coordinate their efforts. In its study, JLARC recommended the establishment of a task force with representatives from the agencies listed above.

Reauthorization of the Taskforce

Pursuant to the authority vested in me as Governor under Article V of the Constitution of Virginia, and the *Code of Virginia*, in order to continue to examine the issue of worker misclassification and payroll fraud, I hereby re-authorize the Inter-Agency Taskforce on Worker

Misclassification and Payroll Fraud (Taskforce) first established in Executive Order Sixteen (2018).

Initiatives

The purpose of the Taskforce going forward should include, but not be limited to:

1. Reporting on statutes and regulations related to worker misclassification and payroll fraud and, if appropriate, recommending changes or additions to relevant legislation or administrative rules including an assessment of whether existing definitions of “employer” and “employee” are satisfactory or should be updated in light of current employment practices;
2. Reporting on current enforcement practices of the agencies involved and recommending procedures for more effective interagency cooperation and joint enforcement;
3. Reporting on the findings of efforts in other states and providing examples of effective methods for education and outreach;
4. Identifying effective ways to hold accountable companies working on state contracts that commit payroll fraud through misclassification of workers; and
5. Identifying ways to deter such misconduct through incentives and enforcement mechanisms.

The Taskforce, co-chaired by the Secretary of Commerce and Trade and the Governor’s Chief Workforce Development Advisor, will include representatives from the Virginia Employment Commission, the Department of General Services, the Department of Labor and Industry, the Department of Professional and Occupational Regulation, the Department of Taxation, the Workers’ Compensation Commission, and the Office of the Attorney General.

The Taskforce shall meet with and receive input from stakeholder groups, to include business community representatives and labor organizations, impacted by misclassification statutes and regulations and shall report to the Governor its preliminary findings and recommendations no later than November 1, 2019.

Staffing

Staff necessary for the Taskforce will be provided by the respective participating agencies and from the Secretary of Commerce and Trade and the Chief Workforce Development Advisor.

Effective Date of the Executive Order

This Executive Order supersedes Executive Order No. 16 (2018) and shall be effective upon its signing and, pursuant to §§ 2.2-134 and 2.2-135 of the *Code of Virginia* shall remain in full force and effect for a year from its signing or until superseded or rescinded.

NUMBER THIRTY-NINE (2019)

ESTABLISHMENT OF THE COMMISSION ON AFRICAN AMERICAN HISTORY EDUCATION IN THE COMMONWEALTH

Importance of the Issue

The history of African Americans in Virginia, and our nation, is difficult, complex, and often untold. A robust understanding of this important history and its continuous influence on our communities today should be an essential component of the knowledge gained by every Virginia student. The Commonwealth has long been known for its rigorous academic standards, including its history and social science standards of learning, first established in 1995. Since that time, the standards have been routinely updated based on feedback from practitioners, historians, and stakeholders. Virginia's standards must be inclusive of African American history and provide opportunities for students to engage deeply, drawing connections to its relevance in our contemporary communities. A review of this content, instructional practices, and resources currently used to teach African American history in the Commonwealth will help ensure all Virginia students develop a comprehensive understanding of the African American voices that contribute to Virginia's story.

Establishment of the Commission

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Commission on African American History Education in the Commonwealth (Commission). The Commission will examine the current ways that African American history is described in the standards of learning and curriculum framework, and how that content is taught in classrooms.

Composition and Support of the Commission

The Commission's chair(s) and members will be appointed by the Governor. The Governor will select historians, teachers, school administrators, experts and community leaders with experience and expertise in African American history, policy, and civil rights. The

Governor may appoint other members as necessary to carry out the functions of the Commission.

Staff support for the Commission will be provided by the Office of the Secretary of Education, the Virginia Department of Education, and external partners as requested. An estimated 200 hours of staff time will be required to support the work of the Commission. The Commission will serve in an advisory role and the members will serve without compensation, in accordance with § 2.2-2100 of the *Code of Virginia*. The Commission will meet upon the call of the chair(s) at least quarterly over the coming year, and the meetings should be held in different regions of the state, providing robust opportunity for public feedback and input.

Duties of the Commission

The Commission will issue a report with its findings and recommendations no later than July 1, 2020, and issue any additional reports and recommendations as necessary or as requested by the Governor.

The Commission will make recommendations for improving the student experience, including but not limited to:

1. Technical edits to and recommendations for enriched standards related to African American history;
2. Broader considerations for the full history and social studies standards review process; and
3. Necessary professional development and instructional supports for teachers to ensure culturally competent instruction.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect for a year from its signing.

NUMBER FORTY (2019)

DECLARATION OF A STATE OF EMERGENCY DUE TO HURRICANE DORIAN

Importance of the Issue

On September 2, 2019, I declared a state of emergency in the Commonwealth of Virginia to prepare and coordinate our response to Hurricane Dorian. The anticipated effects of this situation constitute a disaster as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.
- C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their cabinet secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.

- D. Activation of § 59.1-525 *et seq.* of the *Code* related to price gouging.
- E. Activation of the Virginia National Guard to State Active Duty.
- F. Authorization of a maximum of \$2.75 million in state sum sufficient funds for state and local government mission assignments and state response and recovery operations authorized and coordinated through the Virginia Department of Emergency Management allowable by The Stafford Act, 42 U.S.C. § 5121 *et seq.* Included in this authorization is \$750,000 for the Department of Military Affairs.

Effective Date of this Executive Order

This Executive Order shall be effective as of September 2, 2019, and shall remain in full force and in effect until October 2, 2019 unless sooner amended or rescinded by further executive order. Termination of this Executive Order is not intended to terminate any federal type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

EMERGENCY PREPAREDNESS RESPONSIBILITIES OF STATE AGENCIES AND PUBLIC INSTITUTIONS OF HIGHER EDUCATION

Importance of the Issue

Sections 44-146.13 to 44-146.28:1 of the *Code of Virginia* authorize the development and maintenance of the Commonwealth of Virginia's emergency management program and organization and defines the emergency powers, authorities, and responsibilities of the governor. Emergency preparedness is a core responsibility of all executive branch agencies and public institutions of higher education (State Agencies). Therefore, I direct that all State Agencies implement the emergency management initiatives prescribed in this Order to enhance emergency preparedness in our Commonwealth, focusing on continuity of government, continuity of operations, and the operational capability to fulfill their roles in the event of a disaster.

This Order describes the overarching strategic preparedness initiatives for State Agencies. Specific operational responsibilities of State Agencies to respond to emergencies in the Commonwealth are outlined in the Commonwealth of Virginia Emergency Operations Plan (COVEOP), adopted and implemented by Executive Order 42 (2019). The COVEOP also delegates to certain State Agencies and members of the governor's cabinet special powers and authorities, including the authority to grant waivers to regulations and routine processes. Executive Order No. 2 (2018) sets forth the procedural authorities for declaring a state of emergency.

Preparedness is a Core Responsibility of Every State Agency

With protecting the citizens of the Commonwealth as a primary duty, and by virtue of the authority vested in me by Article 5, §§ 1 and 7 of the Constitution of Virginia and by § 44-146.17 of the *Code of Virginia*, as governor and Director of Emergency Management, I direct each State Agency to include emergency preparedness planning, training, and exercises as basic responsibilities. Additionally, each State Agency shall include emergency preparedness in its strategic planning and performance management process. All State Agencies shall support cabinet-level continuity of government efforts, develop and maintain a continuity of operations

plan, use all resources and capabilities to support statewide response and recovery efforts and provide emergency public information resources. Furthermore, I encourage legislative, judicial, and independent State Agencies to develop and maintain a continuity of operations plan in order to ensure the continued provision of essential state governmental services to citizens during an emergency.

Ensure State-Level Readiness

Catastrophic disaster response and recovery requires the whole of state government. As such, all cabinet-level offices and State Agencies, including those not designated in the COVEOP, shall be prepared to support disaster preparedness, response, and recovery efforts upon direction of the governor or his designee.

In order to be prepared for potential emergency situations, I order the following:

A. Cabinet Responsibilities

Each member of the governor's cabinet shall be responsible for conducting an annual review of the disaster preparedness, response, and recovery roles assigned to his or her office and State Agencies to ensure that they have adequate plans, federally-compliant emergency procurement contracts, staff, and resources to fulfill their responsibilities as assigned in the COVEOP.

B. Agency-Designated Virginia Emergency Support Team (VEST) Liaison Officer

The VEST is the interagency coordinating group that operates the Virginia Emergency Operations Center (VEOC) to carry out emergency response and recovery activities. In order to fulfill the mission of the Commonwealth's emergency management program, it is essential that all State Agencies have adequate representation on the VEST. Therefore, each executive branch agency shall appoint a VEST Liaison Officer and at least one alternate to serve as the primary point of contact for all disaster preparedness, response and recovery matters. VEST Liaison Officers shall have subject matter expertise to staff relevant Emergency Support Functions, the authority to dedicate resources, and the ability to fulfill other assignments upon activation of the VEST. VEST Liaison Officers shall also participate in monthly exercises in the VEOC and follow a training program as determined by the Virginia Department of Emergency Management (VDEM). The primary and alternate VEST Liaison Officers shall have direct access to the head of his or her agency.

The VEST Liaison Officers shall be responsible for the following duties:

1. Familiarity with the COVEOP available on the VDEM website;
2. Preparation and maintenance of the portions of the COVEOP for which they are responsible. Lead agencies are responsible for coordinating revisions to their respective portions of the COVEOP and complying with the content and submission requirements established by VDEM;

3. Pursuant to § 2.2-222.1 of the *Code of Virginia*, preparation and maintenance of a written internal agency plan to fulfill the responsibilities designated in the COVEOP. Plans shall be compliant with VDEM's template and submitted to VDEM annually by May 1;
4. Maintenance of a current roster of personnel with appropriate skill-sets designated to staff Emergency Support Functions or other VEST assignments during disaster operations;
5. The staffing and/or coordination of personnel to support 13-hour shifts in the VEOC, Disaster Recovery Center, and/or Joint Field Office during disasters or other emergencies as directed by VDEM;
6. Coordination of disaster-related information through standard VEST processes;
7. To serve as the agency point-of-contact for disaster-related waivers or exemptions for registration, licensing, or permitting requirements;
8. Oversight of the agency's collection of disaster-related costs and its submission of cost reports to the Finance and Administration Section of the VEST;
9. Identification and coordination of appropriate agency personnel to participate in VEST exercises and training events as authorized by the agency head in order to increase awareness of the role of personnel during disasters or emergencies;
10. The State Agency's compliance with the National Incident Management System; and
11. Completion of emergency management course requirements as determined by VDEM and participation in monthly VEST training and exercises.

C. State Agency Emergency Management Coordinator

Each State Agency shall appoint an Emergency Management Coordinator (EMC) and at least one alternate. Under the guidance of the EMC, each State Agency shall develop and maintain plans that outline the actions to be undertaken by building occupants during emergency situations, severe weather scenarios, and all related preparedness drills. The State Agency primary and alternate EMCs shall have direct access to the head of the facility, the head of the agency, or president of the public institutions of higher education during declared states of emergency.

EMCs shall be responsible for the following duties:

1. Development, adoption, and maintenance of a current written Occupant Emergency Action Plan with respect to executive branch agencies, consisting

of building evacuation, shelter-in-place, active threat, and other hazards or emergencies as deemed appropriate;

2. Coordination of the Occupant Emergency Action Plan with the appropriate local emergency management agency; and
3. Development, adoption, and maintenance of a written Crisis and Emergency Management Plan with respect to public institutions of higher education, and compliance with all related requirements in § 23.1-804 of the *Code of Virginia*.

EMCs shall also be responsible for the following duties related to continuity of operations planning:

1. The annual creation and update of the State Agency's continuity of operations plan to conform to the most recent template produced by VDEM;
2. The conduct of continuity awareness briefings (or other means of orientation) for all newly-hired personnel (including host or contract personnel) on the State Agency's continuity of operations plan within 90 days of hire or appointment;
3. The conduct of an annual continuity awareness briefing for agency leadership. The continuity awareness briefing must include, at a minimum, individual continuity plan duties, mission essential functions, and orders of succession;
4. The maintenance of a current roster of State Agency personnel required to implement the continuity of operations plan;
5. The conduct of an annual test or exercise of the continuity of operations plan that includes alert, notification, and activation procedures for key personnel;
6. The completion of an After Action Report within three months of a continuity of operations plan test, exercise, or actual event, and monitor the correction of identified deficiencies. These deficiencies shall also be corrected in a reasonable time frame as resources allow; and
7. The annual submission of a list of continuity of operations plan alternate facilities to the Department of General Services by July 1.

D. State Agency Participation in the Joint Information Center during Emergencies
Providing a consistent message to citizens and the public during a disaster is of critical importance. Therefore, I direct that all members of the governor's cabinet and State Agencies coordinate emergency public information with VDEM during states of emergency. I also direct that executive branch agencies appoint a public information officer to staff the VEST Joint Information Center at the request of VDEM. All State

Agency public information officers shall complete a training course in emergency public communications as directed by VDEM.

E. State Workforce Preparedness and Disaster Support

In order to promote a culture of preparedness within the Commonwealth, I direct that all personnel and faculty of State Agencies shall successfully complete Emergency Management for State Employees training annually. This course will be offered online through the Commonwealth of Virginia Learning Center website and will be available after January 1, 2020.

Members of my cabinet, executive branch agency heads, and other key personnel, including any state employee, are subject to having leave cancelled during preparedness activities for a declaration of state of emergency.

The state employee workforce is essential to the Commonwealth's ability to prepare for, respond to, and recover from emergencies and disasters. Therefore, all State Agencies shall include the standard emergency preparedness and assistance statement found on the Department of Human Resource Management web site in state Employee Work Profiles. This statement shall serve as notice to employees that they may be required to perform other emergency management duties, including supporting and staffing the VEST during a disaster. Department of Human Resource Management in coordination with VDEM, shall identify a method to leverage effectively the state employee workforce in anticipation of disaster response and recovery operations.

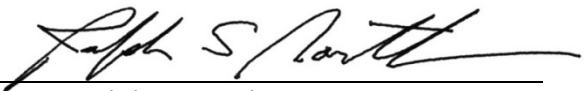

Effective Date of the Executive Order

This Executive Order rescinds and replaces Executive Order No. 41 (2011) issued by Governor Robert F. McDonnell.

This Executive Order shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

Executive Order

NUMBER FORTY-TWO (2019)

**PROMULGATION OF THE COMMONWEALTH OF VIRGINIA
EMERGENCY OPERATIONS PLAN AND DELEGATION OF AUTHORITY**

By virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia* as governor and as Director of Emergency Management, I hereby promulgate and issue the Commonwealth of Virginia Emergency Operations Plan (Plan) updated in July 2019 by the Virginia Department of Emergency Management. The Plan provides for state government's response to emergencies and disasters wherein assistance is needed by affected state, tribal, and local governments in order to save lives, protect public health, safety, and property, restore essential services, and enable and assist with economic recovery.

The plan is consistent with the Commonwealth of Virginia Emergency Services and Disaster Law (§ 44-3.2 of the *Code of Virginia*), the National Incident Management System as implemented in the National Response Framework (Third Edition) adopted in 2016, and the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. § 5121 *et seq.*, as amended) with its implementing regulations.

The State Coordinator of Emergency Management is hereby authorized to activate the Plan in order to coordinate state government emergency operations on my behalf. Furthermore, the State Coordinator of Emergency Management is hereby authorized, in coordination with the governor's office, to amend the Plan as necessary in order to achieve the preparedness goals and initiatives of the Nation and the Commonwealth in accordance with the Commonwealth of Virginia Emergency Services and Disaster Law (§ 44-3.2 of the *Code of Virginia*).

Successful implementation of the Plan and response and recovery capabilities will require the whole of state government. Therefore, during a declared state of emergency, I delegate the authority to issue waivers or exemptions for registration, licensing, or permitting requirements to the authorizing executive branch agency head in coordination with their respective cabinet

secretary. Upon action, the agency head shall provide my office and the Virginia Department of Emergency Management a copy of all waivers and exemptions.

When this Plan is activated, the following measures apply, as appropriate, in order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet the threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*:

- Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments, and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- When called to active duty in a declaration of a state of emergency, provision of assistance by the Virginia National Guard to the Virginia Department of State Police to ensure crowd control, direct traffic, prevent looting, and perform such other law enforcement functions as deemed necessary by the Superintendent of State Police (in consultation with the State Coordinator of Emergency Management, the Adjutant General, the Secretary of Public Safety and Homeland Security, and the Secretary of Veterans and Defense Affairs). Pursuant to § 52-6 of the *Code of Virginia*, I authorize the Superintendent of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers as deemed necessary. The members of the Virginia National Guard activated for this event shall be authorized under § 44-75.1(A)(3) of the *Code of Virginia*, to perform all acts necessary to accomplish the above assistance. The Virginia National Guard shall have the power of arrest to enforce laws, including all violations of § 18.2, Ch. 9, Art. 1 and 2 of the *Code of Virginia* (Crimes Against Peace and Order; Riot and Unlawful Assembly; Disorderly Conduct), and such other acts necessary to protect lives, preserve property, and in defense of self and others. Any bonds and/or insurance required by § 52-7 of the *Code of Virginia* shall be provided for them at the expense of the Commonwealth. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the *Code of Virginia* and are not subject to the civilian authorities of county or municipal governments.
- When so ordered by me, evacuation of areas threatened or stricken by effects of this event, as appropriate. Pursuant to § 44-146.17(1) of the *Code of Virginia*, I reserve the right to direct and compel the evacuation of all or part of the populace therein from such areas based on the advice of the State Coordinator of Emergency Management. I reserve the right to control the ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein based upon the advice of the State Coordinator of Emergency Management. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.

- As determined by the State Coordinator of Emergency Management, activation, implementation, and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.17(5) and 44-146.28:1 of the *Code of Virginia*. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the *Code of Virginia*.
- This Emergency Declaration implements limited relief from the provisions of 49 CFR, §§ 390.23 and 395.3 for the purpose of providing direct relief or assistance as a result of this disaster.
- Authorization of the Virginia Departments of State Police, Transportation, and Motor Vehicles to grant temporary overweight, overwidth, registration, license, or hours of service exemptions to any carriers transporting essential emergency relief supplies to, through and from any area of the Commonwealth. This authorization also applies to water, food, heating oil, motor fuels or propane, agricultural products, agricultural supplies, livestock and poultry, livestock and poultry feed, forest products and salvaged wood, waste, and trees cut in preparation for the storm, or providing restoration of utilities (including but not limited to electricity, gas, phone, water, wastewater, and cable) or removal of waste to, through, and from any area of the Commonwealth in order to support the disaster response and recovery, regardless of their point of origin or destination. When and where overweight restrictions are granted, posted structures for restricted weight and restrictions on interstate highways are not valid. The exemption shall not exceed the duration of the motor carriers' or drivers' direct assistance in providing emergency relief.
 1. All overwidth loads, up to a maximum of 12 feet, and overheight loads up to a maximum of 14 feet must follow Virginia Department of Motor Vehicles hauling permit and safety guidelines.
 2. If overweight/overwidth transportation privileges are granted, the carriers are also exempt from vehicle registration with the Department of Motor Vehicles. This includes vehicles en route and returning to their home base. The agencies cited in this provision shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.
- Implementation and discontinuance of the transportation-related provisions authorized above shall be disseminated by the publication of administrative notice to all affected and interested parties. I hereby delegate to the Secretary of Public Safety and Homeland Security, after consultation with other affected Cabinet Secretaries, the authority to implement and disseminate this Order as set forth in § 2.2-104 of the *Code of Virginia*.
- Authorization of the Commissioner of Agriculture and Consumer Services to grant a temporary waiver of the maximum vapor pressure prescribed in regulation 2 VAC 5-

425 *et seq.*, and to prescribe a vapor pressure limit the Commissioner deems reasonable. The temporary waiver shall remain in effect until emergency relief is no longer necessary, as determined by the Commissioner of Agriculture and Consumer Services.

- Provision of appropriate assistance, including temporary assignments of non-essential state employees to the Adjunct Emergency Workforce, shall be rendered by state agencies to respond to this situation, as necessitated by each agency or as directed by the State Coordinator of Emergency Management.
- Authorization of appropriate oversight boards, commissions, and agencies to ease building code restrictions, permitting requirements, and to allow for emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting, and other operations and activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties. All appropriate executive branch agencies are to exercise discretion to the extent allowed by law to address any pending deadlines or expirations affected by or attributable to this emergency event.
- Authorization for the Marine Resources Commissioner to act on behalf of the Commission in issuing permits pursuant to § 28.2-1200 *et seq.* of the *Code of Virginia* when, in the judgment of the Commissioner, it is necessary to address immediate health and safety needs and the Commission would be unable to convene in a timely manner. In an effort to address the impacts attributable to the disaster on the health, safety, and general welfare of the residents of the Commonwealth, and in an attempt to expedite the return of impacted areas and structures to pre-event conditions insofar as possible, no permits for encroachments on state-owned submerged lands, tidal wetlands and coastal primary sand dunes or beaches shall be required to replace previously permitted structures in the same location and in identical or smaller dimensions as the previously permitted structure, and for beach nourishment activities along public beaches, provided any structure replacement or beach nourishment is initiated prior to the expiration of this Executive Order. No person may proceed with replacement of a previously permitted structure or beach nourishment activity under the provisions of this Executive Order without written approval from the Commissioner of the Virginia Marine Resources Commission.
- Authorization for the heads of executive branch agencies, with the concurrence of their Cabinet Secretary, to act, when appropriate, on behalf of their regulatory boards to waive any state requirement or regulation where the federal government has waived the corresponding federal or state regulation based on the impact of events related to this situation.
- Authorization for the State Veterinarian to grant exemptions for specific requirements for the importation of agricultural and companion animals into the Commonwealth from affected areas.

- Activation of the statutory provisions in § 59.1-525 *et seq.* of the *Code of Virginia* related to price gouging.
- In the event, Virginia residents require a variety of emergency medical services and procedures to support the proper management, care, and support of persons affected by the disaster, activation of sections §§ 32.1-42.1, 32.1-48.05, and 44-146.17 (1) *et seq.* of the *Code of Virginia*.
- In the event of a mass fatality incident, as so determined by the Office of the Chief Medical Examiner in consultation with the State Coordinator of Emergency Management, authorization for the Board of Funeral Directors and Embalmers to ease enforcement of regulatory and statutory requirements relating to the management of human remains if necessary to address immediate health and safety needs and limit the spread of disease or contamination.
- Authorization for the Director of the Department of Health Professions to issue temporary licenses, registrations, and certifications to practice in the Commonwealth, for a period not to exceed one year, to health care practitioners who otherwise qualify by Virginia standards, who are displaced residents of affected U.S. jurisdictions, hold like unrestricted licenses, registrations, or certifications in their resident jurisdiction, and who are unable to furnish or have furnished on their behalf complete documentation of their credentials and license status as otherwise required by Virginia law. The Director shall also have the authority to defer the payment of licensing fees. The Director may revoke for cause, without hearing, any such license, regulation, or certification.
- As provided in the declaration of a state of emergency, authorization of state sum sufficient funds for state and local government mission assignments authorized and coordinated through the Virginia Department of Emergency Management. This funding is also available for state response and recovery operations, state share of federal disaster aid, state public assistance, and incident documentation. Out of this state disaster sum sufficient, I authorize funding for the Department of Military Affairs for the state's portion of the eligible disaster-related costs incurred for salaries, travel, and meals during mission assignments authorized and coordinated through the Virginia Department of Emergency Management.
- If eligible, authorization of matching funds for the Individuals and Household Program, authorized by The Stafford Act 42 U.S.C. § 5121 *et seq.* (when presidentially authorized), to be paid from state funds.
- Implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(B) of the *Code of Virginia*. § 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.

- Any person who holds a license, certificate, or other permit issued by any state or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, the person, without compensation other than reimbursement for actual and necessary expenses, may render aid involving that skill in the Commonwealth during this emergency. Such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such service as set forth in § 44-146.23(C) of the *Code of Virginia*. Additionally, members and personnel of volunteer, professional, auxiliary, and reserve groups identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments, as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23(A) of the *Code of Virginia*, shall not be liable for the death of, or any injury to, persons or damage to property as a result of such activities, as provided in § 44-146.23(A) of the *Code of Virginia*.

- A license issued to a health care practitioner by another state, and in good standing with such state, shall be deemed to be an active license issued by the Commonwealth to provide health care or professional services as a health care practitioner of the same type for which such license is issued in another state, provided such health care practitioner is engaged by a hospital, licensed nursing facility, or dialysis facility in the Commonwealth for the purpose of assisting that facility with public health and medical disaster response operations. Hospitals, licensed nursing facilities, and dialysis facilities must submit to the applicable licensing authority each out-of-state health care practitioner's name, license type, state of license, and license identification number within a reasonable time of such healthcare practitioner arriving at the applicable health care facility in the Commonwealth.
- As provided in § 44-146.23(F) of the *Code of Virginia*, no individual, corporation, partnership, association, cooperative, limited liability company, trust, joint venture, fraternal organization, religious organization, charitable organization, or any other legal or commercial entity and any successor, officer, director, representative, or agent thereof, who, without compensation other than reimbursement for actual and necessary expenses, provides services, goods, real or personal property, or facilities at the request and direction of the State Department of Emergency Management or a county or city employee whose responsibilities include emergency management shall be liable for the

FOREWORD

The Virginia Department of Emergency Management (VDEM) maintains the *Commonwealth of Virginia Emergency Operations Plan* (COVEOP) and presents the plan to the Governor for adoption. The Governor issued Executive Order 42 (2019) to adopt the current published full version of the COVEOP.

The COVEOP, developed by VDEM, provides a framework for the coordinating structures, processes, and mechanisms necessary to coordinate state response activities and support to affected local governments, individuals, other state agencies, non-governmental organizations (NGOs), and private sector partners. The COVEOP incorporates lessons learned from exercises, training, incidents, and events and aligns with the National Incident Management System (NIMS), the Department of Homeland Security (DHS) *National Response Framework* (NRF), and the *National Disaster Recovery Framework* (NDRF).

PART 1: STATE GOVERNMENT RESPONSE

1. COMPONENTS OF THE COMMONWEALTH OF VIRGINIA EMERGENCY OPERATIONS PLAN

The **Commonwealth of Virginia Emergency Operations Plan (COVEOP)** employs an all-hazards approach to incident management. It describes the concepts and structures of response operations, and identifies agencies and coordinating non-governmental organizations (NGOs) and private sector partners that have lead and support functions in the COVEOP. The COVEOP also includes the governor's executive order promulgating the Plan and the record of changes section to document updates made between promulgation years and approved by the governor or State Coordinator of Emergency Management (State Coordinator), as appropriate.

The **Virginia Emergency Support Team (VEST) Organization** provides the structure for coordinating state emergency operations and support of affected local governments and businesses. Each Emergency Support Function (ESF) section identifies the lead and supporting agencies, NGOs and private sector partners for that ESF and explains in general terms how the Commonwealth will organize and implement the ESF's functions. Agencies, NGOs, or private sector partners are assigned to lead or support roles in ESFs based upon applicable authorities and the organization's or agency's resources and capabilities.

The **Hazard Specific Annexes** address contingency or hazard situations requiring specialized response and recovery procedures. They describe policies, situations, concepts of operations, and responsibilities pertinent to incidents detailed in the Hazard Identification Risk Assessment in the Commonwealth of Virginia Hazard Mitigation Plan. These annexes are separate documents and are not contained within this Plan.

2. PURPOSE

The COVEOP provides the foundation for the state's emergency response and recovery operations. It identifies the role of state government and coordinating NGOs and private sector partners before, during, and after a disaster, large-scale emergency, or event affecting the Commonwealth of Virginia. It establishes the concepts and policies under which all elements of state government and coordinating NGOs and private sector partners will operate during emergencies and provides the framework within which more detailed emergency plans or procedures can be developed and maintained. This plan is compatible with federal plans and statutes in order to provide prompt, effective, and seamless assistance to local jurisdictions when federal assistance is requested.

To ensure the Commonwealth's ability to implement this Plan, each state agency that is tasked with a responsibility in the COVEOP or supporting plans and annexes shall develop, maintain, and ensure their ability to implement response plans in support of the COVEOP, as required by Code of Virginia §§ 2.2-222.1(E) and (F) of the *Code of Virginia*. In addition, executive branch agencies and institutions of higher education (IHEs) are required to develop, maintain, and ensure their ability to implement an all-hazards continuity plan as required by Executive Order 41 (2019). These continuity plans must include alternate operating capabilities and identify the functions, applications, and processes of the agency or IHE that are critical, time-sensitive, and

essential to restore and continue in an emergency or disaster. Agency functions critical to state emergency response and recovery operations shall have restoration priority.

Top priorities for incident management are to:

1. Save lives and protect the health and safety of the public, responders, and recovery workers;
2. Protect property and mitigate damages and impacts to individuals, communities, and the environment;
3. Protect and restore critical infrastructure and key resources; and
4. Facilitate recovery of individuals, businesses, communities, governments, and the environment.

3. SCOPE

Preparedness, response, recovery, and mitigation strategies are largely based on analyses of natural and technological hazards with a history of or potential for impacts in Virginia. The COVEOP is designed to address all hazards identified in the hazard identification and risk assessment (HIRA). The HIRA is contained in the Commonwealth of Virginia Hazard Mitigation Plan.

The COVEOP covers the full range of complex and constantly changing requirements in anticipation of, or response to, threats or acts of terrorism, major disasters, other emergencies, and events within or affecting the Commonwealth.

The COVEOP establishes interagency, multi-jurisdictional, and public/private mechanisms for state agency involvement in domestic incident management operations. These mechanisms include coordinating structures and processes for incidents requiring:

- Local-to-local support through Statewide Mutual Aid (SMA);
- State support to cities, counties, and towns;
- State-to-state support through the Emergency Management Assistance Compact (EMAC) or other appropriate instruments; and
- Public and private sector incident management integration.

This Plan is applicable to all agencies of the Commonwealth and coordinating NGOs and private sector partners that may be requested to provide assistance or conduct operations in response to an incident or event. This Plan also provides the foundation for the organization and coordination of short-term recovery.

4. PLANNING ASSUMPTIONS

This Plan was developed with the following assumptions:

1. Virginia is vulnerable to a variety of hazards.
2. A planned and coordinated response on the part of state and local officials can save lives, protect property, and more quickly restore essential services.

3. Incidents are typically managed at the lowest possible geographic, organizational, and jurisdictional level. As such, direction of emergency operations will be exercised by the level of affected local government closest to the incident.
4. If the cause of an incident is determined to have been a terrorist act, appropriate federal agencies will likely assume direction and control of the investigation, in coordination with state and local authorities, and localities will be continue to be responsible for all non-investigatory response and recovery functions.
5. In Virginia, all counties, independent cities, and towns have the primary responsibility for emergency operations and will commit all available resources to save lives, minimize property damage, and protect the environment. Should local emergency response capabilities be exceeded, outside assistance is available through mutual aid agreements, or through members of the Commonwealth's Statewide Mutual Aid Program.
6. State agencies assigned responsibilities in the COVEOP have developed and will maintain the necessary plans, standard operating procedures, mutual aid agreements, and model contracts to successfully accomplish their tasks.
7. State agencies are prepared to fulfill responsibilities assigned to them in the COVEOP, supporting plans, and joint operational or regional plans.
8. State agencies' abilities to execute their response and recovery tasks are enhanced through the development, maintenance, and exercising of agency continuity plans.
9. Coordinating NGOs and private sector partners have internal plans and procedures specific to their assigned roles and responsibilities in the COVEOP.
10. Incidents, including large-scale emergencies or events, require full coordination of operations and resources, and may:
 - Occur at any time with little or no warning;
 - Require significant information sharing across multiple jurisdictions and between the public and private sectors;
 - Involve single or multiple jurisdictions and/or geographic areas;
 - Have significant statewide and/or national impact requiring significant intergovernmental coordination;
 - Involve multiple, highly varied hazards or threats on a local, regional, statewide or national scale;
 - Result in mass casualties, displaced persons, property loss, environmental damage, and/or disruption of the economy and normal life support systems, essential public services, and basic infrastructure;
 - These effects may be minimized by the proactive notification and deployment of state resources in anticipation of or in response to major incidents in coordination and collaboration with local, private, and federal entities;
 - Require resources to assist individuals with access and functional needs;
 - Impact critical infrastructures across sectors;
 - Exceed the capabilities of state agencies, local governments, NGOs, and private

- sector partners;
- Attract a sizeable influx of public, private, and voluntary resources, including independent and spontaneous volunteers;
- Require short-notice state asset coordination and response; and/or
- Require prolonged, sustained incident management operations and support activities for long-term community recovery and mitigation.

6. CONCEPT OF OPERATIONS

The Commonwealth employs various emergency management coordinating structures, processes, and protocols to execute the COVEOP and support plans. The Commonwealth's concept of operations integrates the efforts of federal, state, tribal, local, NGOs and private sector partners into a comprehensive, statewide approach to incident management. Coordination of emergency response will be accomplished using the National Incident Management System, allowing for the incorporation of local, state, and federal agencies, and other responsible parties.

The governor may issue an executive order declaring that a state of emergency exists in all or part of the Commonwealth in accordance with § 44-146.17 of the *Code of Virginia*. All Executive Branch agencies, including state institutions of higher education, are resources of the governor and may be activated to support the Virginia Emergency Support Team (VEST) during response or recovery activities. All cabinet members, state elected officials, and department heads are authorized to transfer the directions, job assignments, personnel, and functions of their departments for the purpose of performing or facilitating emergency response and recovery, as necessary.

The Commonwealth's emergency management program and response operations are carried out by various stakeholders. Collectively, this group is the emergency management organization. § 44-146.18 of the *Code of Virginia* provides that emergency management organizations and operations will be structured around the existing constitutional government. Accordingly, the governor is the Director of Emergency Management for the Commonwealth. The governor appoints a Coordinator of Emergency Management (State Coordinator). The State Coordinator appoints the Virginia Emergency Support Team (VEST) Director, who manages the VEST and coordinates the Commonwealth's response activities. During a Presidentially-declared disaster, the State Coordinator is usually designated the State Coordinating Officer by the governor.

7. FUNCTIONAL ROLES AND RESPONSIBILITIES

Each political subdivision within the Commonwealth has specific roles and responsibilities in a disaster or emergency. Within the Commonwealth's state government, every agency and secretariat has been assigned roles and responsibilities in the COVEOP and many have additional roles assigned in support plans and hazard-specific annexes. In order to ensure the Commonwealth's preparedness, Ch. 32 of the *Code of Virginia* requires that localities and state agencies that are assigned roles and responsibilities in the COVEOP ensure they are able to meet those requirements.

An organizational chart showing the information outlined below can be found in Appendix B. A complete ESF matrix can be found in Appendix C.

 - Coordinate and administer the disaster mitigation, preparedness, response, and recovery plans and programs with the proponent federal, state, tribal, and local government agencies and related groups.

8.2 Plan Implementation

This plan is effective for execution upon and pursuant to the Executive Order promulgating the COVEOP. The State Coordinator will ensure that this document is subject to a minimum of an annual maintenance review and update based upon selective evaluations, after action reports, and new guidance. Additionally, following a VEST activation for an event, the State Coordinator may request a review of the COVEOP to ensure incorporation of the results of an after action review and/or new guidance or policies.

8.3 Plan Testing, Training, and Exercises

Responsible state agencies, and coordinating NGOs and private sector partners will conduct training to ensure the COVEOP can be effectively implemented in a timely manner.

VDEM, in coordination with the VEST, will conduct an annual exercise or a series of exercises of the COVEOP. Exercises may include multiple agencies, jurisdictions, NGOs, and private sector partners. Additionally, the VEST will participate with FEMA and Dominion Energy in an annual exercise of the Radiological Response Annex. Any deficiencies, findings, areas recommended for corrective action, or improvement arising from these exercises, or any other exercises coordinated from the VEOC, will be considered and corrected by appropriate training, plan update, and/or demonstration in any subsequent exercise or postulated event.

VDEM has developed and instituted an after action review (AAR) process in which all VEST agencies participate. Local government, NGOs, and private sector partner representatives are encouraged to participate in the AAR process.

8.4 Plan Maintenance

VDEM is responsible for maintaining the COVEOP. The COVEOP is continually reviewed and periodically updated as required to incorporate federal policy changes, gubernatorial directives, legislative changes, and operational changes based on lessons learned from exercises and actual events. The COVEOP will be reviewed and adopted in its entirety by the governor at least every four years.

This section outlines protocols for interim changes and full updates of the COVEOP. A COVEOP Management Standard Operating Procedure has been adopted to further define these protocols. Changes include additions of new or supplementary material and deletions. No proposed change should contradict or override authorities or other plans.

Any state agency or coordinating NGOs or private sector partners may propose and develop a change to the COVEOP. VDEM is responsible for coordinating review of the proposed change among the lead and support agencies, NGOs, and private sector partners of each affected ESF and any associated agency program areas, as required. If VDEM identifies planning needs that require immediate resolution, or at the request of a state agency, VDEM may convene a COVEOP Plan Committee and revise areas of the Plan identified by the committee.

Interim changes to the COVEOP that are administrative in nature may be approved by the State Coordinator. Major revisions or full updates will be sent to the Secretary of Public Safety and Homeland Security for review and concurrence prior to submitting the plan to the governor for approval. After receiving approval by the governor, major revisions will be promulgated by Executive Order.

The VDEM procedure for changes to the COVEOP includes:

- Obtaining the official approval for the change from the appropriate officials of the affected agencies, NGOs, and private sector partners;
- Notifying and receiving approval from the governor or his/her designee for all requested changes;
- Ensuring appropriate notifications about changes are made; and
- Maintenance of a record of changes.

PART 2: VIRGINIA EMERGENCY SUPPORT TEAM ORGANIZATION AND OPERATIONS

1. VEST ORGANIZATION

The Virginia Emergency Operations Center (VEOC) hosts the Virginia Emergency Support Team (VEST), which respond to calls for assistance from local governments throughout the Commonwealth. Representatives from state, federal, private, and nonprofit groups work together at the VEOC to form the VEST. As the statewide emergency management coordination and support mechanism, the VEST utilizes a National Incident Management System (NIMS) based framework to facilitate command and coordination, resource management, and communications and information management. In accordance with the NIMS guiding principles of flexibility, standardization, and unity of effort, the VEST implements a blended Incident Command System (ICS) and Emergency Support Function (ESF) structure. Although ICS is primarily used by field responders to manage a single incident, the concepts of command and control and a common language enhance communication between field and EOC personnel. The ESF structure facilitates a multidisciplinary approach to fulfilling requests for support and technical expertise within each of the critical response and recovery components, such as public safety, mass care, or public works and engineering. The integration of both well-established models maximizes internal and external VEST coordination activities.

The VEST is organized into six sections according to specific, operational roles. These sections are described below and the VEST Organizational Chart appears in Appendix A.

1.1 Direction, Control, and Coordination

1.1.1 Governor

The governor, or designee, may direct and control state emergency operations from the VEOC as the Incident Commander. The governor provides guidance to VEST command personnel on policy and governance issues such as emergency declarations, large-scale evacuations, access to extraordinary funding, and waivers to ordinances and regulations. Prior to a declaration, the governor or his designee (with or without the recommendation of the State Coordinator) may authorize the deployment of Virginia National Guard and/or the Virginia Defense Force. The State Coordinator will be notified of all authorization approvals, including any limitations not specified in the Virginia Code, either directly from the governor, the governor's designee, or through the Secretary of Public Safety and Homeland Security.

1.1.2 State Coordinator

The State Coordinator, as the Deputy Incident Commander, is the governor's designee to coordinate the state's response to all emergencies and disasters. The State Coordinator leads the command and control function by establishing the incident goals and objectives that drive VEST support and coordination activities. The State Coordinator advises the governor regarding issues such as emergency declarations, large-scale evacuations and public messaging.

1.1.3 VEST Command Personnel

Additional command and control personnel, including the VEST Director and Leads, utilize NIMS concepts such as management by objectives and incident coordination planning to implement the COVEOP and applicable hazard specific annexes and support plans. Command personnel work with the ESFs and VEST Sections to gather information necessary for the State Coordinator to advise and inform the governor appropriately.

- The VEST Director determines the initial VEST status level, based on the potential impacts of an incident and determines the appropriate staffing levels and activation timing.
- The VEST Leads report to the VEST Director and are responsible for ensuring that VEST operations are effectively meeting the incident goals and objectives established by the State Coordinator.

1.1.4 VEST Staffing

The staffing pattern for the VEST varies depending on the nature, size, and scope of the incident. Staffing of the VEST may continue throughout the recovery phase of the incident. State agency membership in the VEST is formally defined by the COVEOP, but additional agencies may be called upon to provide specific technical expertise as the need presents itself and in accordance with Title 44 of the *Code of Virginia*.

1.1.5 ESF 5 Emergency Management

The VEST Command and General Staff make up ESF 5. The Command and General Staff includes the State Coordinator, VEST Director, VEST Team Lead, Health and Safety Officer, and Access and Functional Needs Chief. ESF 5 coordinates and supports the overall activities of state government as related to emergency management. It provides the core management and administrative functions in support of the state emergency operations center, field operations, and the overall implementation of the Commonwealth of Virginia Emergency Operations Plan (COVEOP).

The conceptual framework and coordinating principles underlying the COVEOP are always in effect whether or not the plan has been formally activated by the State Coordinator, ESF 5 is not always operational in the same context. The lead agency for ESF 5, VDEM, has additional responsibilities and related duties during times when the Virginia Emergency Support Team (VEST) is not activated. All departments and agencies of the Commonwealth are Supporting Agencies of ESF 5.

Emergency Support Function 5 core staff is comprised of VDEM staff during normal operations and the VEST during enhanced, partial, and full activations, and recovery operations.

Emergency Support Function 5 activities include, but are not limited to:

- Alert and notification;
- Staff augmentation;
- Coordination of response and recovery operations;
- Deployment of emergency response and recovery resources;

- Incident action planning;
- Direction and control; and
- Information management.

1.2 Joint Information Center

In the Joint Information Center (JIC), Public Information Officers (PIO) from state agencies work together to ensure the most accurate, up-to-date information is available to the public. Information is disseminated from the JIC through Emergency Alert System messages, news releases, and media interviews.

1.2.1 ESF 15: EXTERNAL AFFAIRS

The JIC performs the functions of ESF 15.

1.2.1.1 Purpose & Scope

ESF 15 ensures sufficient staffing of the Joint Information Center to provide accurate, coordinated, and timely information to affected audiences during a potential or actual incident. The affected audiences include state agencies and local governments, elected officials, the media, the private sector, and the local populace.

1.2.1.2 Lead Agency

1.3 Planning Section

During a disaster, critical information is distilled at regular intervals to document the actions, plans, and decisions of responders. This data informs situation reports, spot reports, and briefings for the governor and other decision-makers, to maintain situation and resource status. Initiates future planning as directed.

1.4 Logistics Section

Requests for assistance may involve the flow of personnel, equipment, and services from place to place. The Logistics Section supports requests for assistance using technology, information, transportation, inventory, warehousing, material handling, and packaging. This section coordinates the movement of resources, the acquisition of resources using emergency procurement processes, and filling or requesting resources from the federal government, private sector, or from other states through the Emergency Management Assistance Compact (EMAC).

The Logistics Section performs the functions of ESF 7.

1.4.1 ESF 7: LOGISTICS

1.4.1.1 Purpose & Scope

The mission of ESF 7 is to manage and provide resources in support of emergency response and recovery operations. ESF 7 accomplishes this mission in coordination with

other ESFs, local governments, federal government, and private sector partners.

ESF 7 consists of, but is not limited to, emergency relief supplies, facility space, office equipment, office supplies, telecommunications, contracting services, transportation services, security services, and personnel required to support response activities.

ESF 7 provides support for requests not supportable by other ESFs, including mutual aid and excess and surplus property. Resource management will continue until the disposition of excess and surplus property, if any, is completed. For the purposes of this document, “resource management” refers to, but is not limited to, the provision of personnel, facilities, services, and materials.

1.5 Finance and Administration Section

Provides overall financial management and administration support to assist in incident management activities. This includes monitoring costs associated with an incident, analyzing disaster costs for funding requests, and providing financial status reports to leadership.

1.6 Operations Section

The Operations Section is divided into a Regional Support Branch and ESF branches.

The VEST's emergency response activities, from sheltering to recovery, are categorized into Emergency Support Functions (ESFs). These ESFs work together to track status updates, actions, and resource requests. The ESFs are divided into three branches according to their operational roles: Emergency Services, Infrastructure, and Human Services. The status of each ESF is measured by Essential Elements of Information (EEIs) identified as critical to rapidly assessing situation and needs. Each branch is outlined below with its ESFs, a broad statement of purpose and scope, lead and supporting agencies, and EEI measures.

1.6.1 Regional Support Branch

The Regional Support Branch coordinates directly with seven VDEM regions, which work directly with local jurisdictions to ensure a fast, agile, and integrated approach when responding to and recovering from disasters. Regional Support Branch may be subdivided as required to maintain an adequate span of control. Each VDEM region may, depending on the scale of the incident, establish a Regional Coordination Center (RCC). The RCC will coordinate the regional movement of resources to support incident response, and report through the Regional Support Branch to the VEOC.

1.6.2 Emergency Services Branch

The Emergency Services Branch coordinates the delivery of public safety, health and medical, and other life-safety and security services during incidents. This branch includes the ESFs listed below.

1.6.2.1 ESF 4: FIREFIGHTING

The federal government has concurrent jurisdiction and may also respond to oil and hazardous materials incidents using the mechanisms of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP) (found at 40 CFR 300, *et. seq.*) without activating ESF 10. Federal authority stems from the Comprehensive Environmental Response, Liability, and Compensation Act (CERCLA) and authorities granted by the federal government.

Hazardous materials are defined under §44-146.34 of the *Code of Virginia* as substances or materials that may pose unreasonable risks to health, safety, property, or the environment when used, transported, stored or disposed of, which may include materials that are solid, liquid, or gas. Hazardous materials may include toxic substances, flammable and ignitable materials, explosives, corrosive materials, chemical and biological substances, and radioactive materials. 1.7 Recovery Section

The Recovery Section houses ESF 14 and the Recovery Support Functions (RSFs). This branch facilitates short, interim, and long-term recovery from a disaster to rebuild businesses and develop new economic opportunities, with the goal of creating sustainable, more resilient, economically viable communities. The objective of recovery is to rebuild the economic fabric of the community in a coordinated and timely manner in order to retain and enhance the economic

base of the community to the maximum extent feasible. ESF 14 support will vary depending on the magnitude and type of incident and the potential for long-term and severe consequences. The state organization for recovery and mitigation parallels the federal organization to ensure the effective interface and coordination from both a functional and programmatic perspective. The recovery framework is structured to be flexible and scalable to quickly adapt to any disaster situation.

Recovery initiatives begin with an impact analysis of the incident, program support, and deployment of federal and state resources. Efforts expand to initiate and coordinate programs to assist in the comprehensive economic, social, and physical recovery and reconstruction of communities that have been impacted by large-scale disasters. Short term and long-term efforts focus on community recovery but also on mitigation efforts that reduce or eliminate risks and losses from future incidents. Mitigation strategies will be integrated into every phase of the recovery process to the maximum extent feasible utilizing local, regional, and state mitigation plans in place as well as plans and strategies developed specific to the event.

To support and facilitate short-term recovery, ESF 14 provides support to private individuals and businesses and to local governments and non-governmental organizations. The short term components of ESF 14 will be activated for any incident that receives a declaration of major disaster from the President. Under certain circumstances, ESF 14 may be activated for an incident that does not receive a federal declaration.

To support and facilitate long-term recovery, ESF 14 assists communities to overcome the consequences of a severe incident such as the destruction of critical infrastructure and the disruption of social and economic vitality. The long term components of ESF 14 will likely be activated for large-scale or catastrophic incidents that require federal assistance to address significant long-term impacts in the affected area (e.g., impacts on housing, businesses and employment, community infrastructure, and social services).

In addition, the Code of Virginia defines economic disaster and identifies situations that may stimulate the activation of the Economic Crisis Strike Force (ECSF). The governor may activate the Strike Force for economic crises that adversely affect the welfare of the citizens of the Commonwealth.

2. VEST OPERATIONS

Incident management begins with the identification of a risk, threat, or actual event and concludes when those affected have been restored to pre-incident conditions, when feasible. Incident management actions include, but are not limited to, notification and warning, activation of the VEST, response actions, assessment of impact, request for federal assistance, and recovery and mitigation activities.

2.1 Detection and Monitoring

The Virginia Emergency Operations Center receives notification of conditions, events, and/or occurrences that may affect the Commonwealth including reports of incidents or hazardous conditions existing within the Commonwealth and requests for assistance from local governments. State agencies, local governments, non-governmental organizations, and private sector partners report threats, incidents, and potential incidents to VDEM using established communications and reporting channels. Notification may be made through the Virginia Emergency Operations Center Situational Awareness Unit (SAU) via phone, email, hotline phones, and other pre-approved methods.

To support the VEST’s mission, VDEM maintains an on-call team to assist the State Coordinator in determining the need to activate and augment the VEST. The on-call team includes, but is not limited to, the VEST Lead, command and general staff, and VDEM Regional Support Division Staff.

2.2 Decision to Activate

The VEST may be activated for the following reasons:

- Declaration of emergency by the governor;
- Local and regional capabilities cannot sufficiently address event impacts; or
- The State Coordinator or VEST Director orders activation in support of:
 - A high-profile emergency or non-emergency event; and
 - A notice or no-notice event that demonstrates need for a state-level request for assistance.

Upon notification of an event or incident, the VEST Director will brief the State Coordinator and/or his or her designee(s) on the recommended course of action. Based upon an analysis of the information received, the State Coordinator may recommend the governor declare a state of emergency so that all necessary state resources can be immediately prepared or deployed to affected areas. A state emergency declaration, however, is not required to activate the VEST.

Activation of the VEST generally occurs at the VEOC, a secure facility. Based on the level of VEST activation and the event requirements, some ESFs may be physically present at the VEOC while others may not be activated or may activate remotely.

2.3 Notification of VEST

When activated, the VEST Director, in consultation with the State Coordinator, Deputy State Coordinator, and/or his or her designee, will initiate notification of the appropriate VEST staff and necessary state agencies, non-governmental organizations, and private sector partner regarding the activation of the VEST and will request representatives to support the VEST.

2.4 Public Alert and Warning

Public notifications and messages shall be disseminated through multiple distribution channels including, but not limited to:

- Public Announcements;
- Social Media;
- Watches and Warnings;
- Emergency Alert System (EAS);
- Wireless Emergency Alerts (WEA); and
- Other Emergency Bulletins.

2.5 Operational Levels

VEST operational levels are used for all emergencies and are not related to the emergency classification levels for fixed nuclear facilities referenced in the Radiological Emergency Response Plan of the COVEOP or the Hurricane Readiness Conditions referenced in the Hurricane and Tropical Storm Response Plan of the COVEOP.

The VEST has four operational levels:

2.5.1 Steady State / Routine Operations (Green)

During Steady State, emergency operations plans and procedures are developed and maintained. Training and exercises are conducted periodically as required to maintain readiness.

2.5.2 Increased Readiness / Monitoring (Yellow)

During Increased Readiness, multiple resources are required to mitigate or prepare for an incident. The incident is generally limited to one operational period and response is handled by VDEM Regional staff with support from the command and general staff.

2.5.3 Partial Support Operations with ESF Support (Orange)

During Partial Support Operations, some or all of the command and general staff positions are activated, the incident may extend into multiple operational periods, and ESF support is required.

2.5.4 Full Response Operations (Red)

Most complex incidents will require a full operational response, including resources external to VDEM, for safe and effected management an operation due to the high impact to local jurisdictions. During Full Response Operations, all command and general staff positioned are filled, branches are established, and most, if not all, ESFs are required.

2.6 Response Actions

In keeping with the National Incident Management System, emergency operations in the Commonwealth are handled at the lowest level of government that can effectively respond and manage an incident. Each county, city, and town has emergency management personnel who are trained and ready to respond. When support or assistance from the Commonwealth is or will likely be necessary, the governor, in consultation with the State Coordinator, or the State Coordinator, as appropriate, may activate the VEST to coordinate the state's response activities. These activities include: immediate actions to preserve life, property, and the environment; meet basic human needs; and maintain the social, economic, and political structure of the affected community.

2.6.1 VEST Response Responsibilities

During response operations, VEST leadership is responsible for:

- Providing a centralized state government emergency operations center to coordinate the Commonwealth's operations;
- Coordinating the delivery of resources to local governments;
- Providing advice and counsel to the governor or the governor's designee to formulate policy;
- Establishing operational priorities;
- Facilitating resolution of legal, policy, political, social, and economic concerns of the affected jurisdiction(s) as they affect response and recovery operations;
- Collecting, analyzing, and disseminating situational awareness information;
- Facilitating formulation of Protective Action Decisions, as needed;
- Providing sufficient staff to maintain communications with the federal, state, tribal,

- local, and private sector partners related to conditions or developing situations related to the emergency; and
- Facilitating demobilization plans and procedures.

During response operations, all VEST agencies and organizations are responsible for:

- Maintaining situational awareness through the collection, analysis, and dissemination of information and intelligence data;
- Implementing ESF standard operating procedures;
- Implementing applicable portions of the VEST SOG; and
- Participating in the after action report process.

2.6.2 Situational Awareness

As part of an effective response, the VEST must continuously refine its situational assessment of an incident as it unfolds in order to provide accurate information to decision makers. Maintaining situational awareness and an accurate common operating picture requires prompt and correct information from affected localities and other state and federal agencies using established reporting mechanisms.

2.6.3 Logistics

Resources and capabilities vary greatly across the Commonwealth. If an incident exceeds or is reasonably expected to exceed a locality's resources, it may ask the state for additional resources or personnel. Requests for assistance from entities including, but not limited to, nursing homes, colleges and universities, and independent authorities, will be submitted to the local emergency management coordinator in the jurisdiction in which the entity is located. The local emergency management coordinator or their designee will submit requests for assistance, as necessary, to the VEST when local capabilities are exceeded. Assistance may be provided through statewide mutual aid, local mutual aid, state and federal resources, or EMAC.

2.6.3.1 Local mutual aid is an agreement between two or more local emergency response agencies to provide assistance when the resource needs for an incident in one jurisdiction exceeds its capabilities.

2.6.3.2 Statewide mutual aid is a local and state program that provides a framework for assistance that clarifies interjurisdictional issues and for reimbursement for the cost of services.

2.6.3.3 EMAC is a state-to-state mutual aid system used during governor-declared states of emergency or disasters. EMAC allows states to send personnel, equipment, and commodities to assist with response and recovery efforts in other states. The § 44-146.28:1 of the *Code of Virginia* authorizes reimbursement for services requested and received from other states and payment for services sent to other states through EMAC.

2.6.4 Finance and Administration

The finance and administration function provides disaster financial management and administration for incident management activities. This function is coordinated by the Finance Division of VDEM and may be supported by staff from support agencies and other VDEM divisions. This function is tasked with:

- Ensuring that funds and other resources are provided expeditiously;
- Ensuring operations are conducted in accordance with applicable finance and procurement law, policies, regulations, and standards;
- Conducting all financial and administrative support activities for emergencies, disasters, and other events;
- Overarching financial management of personnel and operational costs; and
- Requesting support from various providers and support agencies, as needed.

2.6.5 Damage Assessments

An assessment of the damages and impacts of an incident begins at the local level. Local officials and state agency representatives are required to submit situation reports to the VEOC throughout the course of the incident and to send an initial damage assessment (IDA) to the VEOC or VDEM regional staff within seventy-two (72) hours after the end of immediate response operations for the incident. The time frame may be adjusted by the VEST depending upon the type of incident and/or circumstances. IDAs should be submitted to the VEST through WebEOC or on other systems as directed by VDEM. VEST staff summarize the damage assessments from all sources and evaluate the impact of the incident on localities and the state. These assessments are used by the VEST to determine what state and federal resources may be needed to manage the incident.

It is critical that the IDAs provide information that accurately reflects the damages and impacts sustained by the community because the decision to request a joint preliminary damage assessment (PDA) and seek a presidential disaster declaration is made based upon this information. As such, if the situation changes and new information becomes available, local officials and state agency representatives will update the VEST to amend their IDA as soon as reasonably possible.

Depending upon the findings from the IDAs, the State Coordinator may request FEMA conduct a PDA in coordination with affected localities and/or state agencies to verify the damages and estimate the amount of supplemental assistance needed. The Recovery Section will work with FEMA and other ESFs, as appropriate, to coordinate PDAs. PDAs will focus on more significantly affected areas, as identified by the IDAs, that may be eligible for federal assistance under the *Robert T. Stafford Act* (e.g., individual assistance and public assistance) or the Small Business Administration (SBA) Disaster Loan Program. State and federal personnel knowledgeable in these programs will accompany local or state officials to the damaged sites.

2.7 Presidential Declaration and Federal Assistance

The governor may request the President declare an emergency or major disaster if the need for resources exceeds the capabilities of the state. The identification of the need begins with the PDAs. The State Coordinator will report the findings of the PDAs to the governor and make a recommendation regarding a request for federal assistance. If the governor decides to request a presidential declaration based upon the recommendation and findings, the governor will then send a letter to the President requesting a major disaster declaration or to the SBA for a disaster declaration for specific localities in the Commonwealth. In this declaration request, the governor may request assistance for individuals, public entities, state agencies, local governments, and qualified non-profits.

The factors influencing the need for federal involvement in response and recovery may include, but are not limited to:

- Severity and magnitude of the incident;
- State or local needs exceeding available resources;
- The need to protect the public health, welfare, or the environment; and
- The economic ability of the state and/or the affected localities to recover from the incident.

When a governor's request for a presidential emergency or major disaster declaration is approved, the declaration will specify which federal assistance programs will be made available to the state and included jurisdictions. When a disaster event does not meet the criteria for receiving a declaration for individual assistance, it may still meet the criteria for a SBA disaster declaration. The governor may request an SBA disaster declaration if the findings of the SBA damage assessment process fulfill the criteria for a declaration.

During incidents for which the President has declared an emergency or major disaster, federal support is delivered in accordance with the relevant provisions of the *Robert T. Stafford Act* in coordination with the appropriate agencies of the Commonwealth. Additional federal assistance is requested and coordinated through the Virginia Emergency Support Team.

As defined by the *Code*, "any occurrence, or threat thereof, whether natural or man-made, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property or natural resources".

Emergency Alert System (EAS)

A network of broadcast stations interconnecting facilities authorized by the Federal Communications Commission to operate in a controlled manner, according to the State EAS Plan to inform the public of needed protective actions in the event of an emergency or disaster situation.

Emergency Coordination Officer (ECO)

An individual appointed by the head of each VERT agency to coordinate with the Department of Emergency Management, prepare and maintain parts of the COVEOP for which the agency is responsible, prepare and maintain internal plans and procedures and ensure the agency is capable of providing the assigned VERT functions.

Evacuation

Organized and supervised withdrawal, dispersal, or removal of people from dangerous or threatened areas, and their reception and care in safe areas.

Household pets do not include reptiles (with the exception of turtles), amphibians, fish, insects/arachnids, farm animals (including horses), and animals kept for racing purposes. Localities may define household pets differently, and this definition does not pre-empt that of any locality for their own pet sheltering response. Note that FEMA will only reimburse for time and supplies used for animals falling under the FEMA pets definition.

Local Emergency

A condition declared by the local governing body when in its judgment the threat of actual occurrence of an emergency or disaster is or threatens to be of sufficient severity and magnitude to warrant coordinated local government action to prevent or alleviate the damage, loss, hardship or suffering threatened or caused thereby.

Local Government

For managing local emergencies, local governments include counties, cities and towns. When applying for federal assistance for damaged facilities, local applicants may also include school districts, local public authorities, regional planning commissions and councils of government and some other authorities that perform quasi-governmental functions.

Written agreement between agencies, organizations and/or jurisdictions that they will assist one another on request by furnishing personnel, equipment and/or expertise in a specified manner.

National Incident Management System (NIMS)

A system mandated by the federal Homeland Security Presidential Directive (HSPD) 5 that provides a consistent, nationwide approach for governments (federal, state, tribal, and local), voluntary agencies and the private sector to work effectively and efficiently together to prepare for, respond to, and recovery from incidents, regardless of cause, size or complexity. NIMS uses a core set of concepts, principles and terminology.

National Response Framework (NRF)

A guide to how the Nation conducts all-hazards response. It is built upon scalable, flexible, and adaptable coordinating structures to align key roles and responsibilities across the Nation, linking all levels of government, nongovernmental organizations, and the private sector. It is intended to capture specific authorities and best practices for managing incidents that range from the serious but purely local, to large-scale terrorist attacks or catastrophic natural disasters.

Non-Governmental Organization (NGO)

A nonprofit entity that is based on interests of its members, individuals or institutions and that is not created by the government, but may work cooperatively with government. As defined in the NRF, preparedness is the range of deliberate, critical tasks and activities necessary to build, sustain, and improve the operational capability to prevent, protect against, respond to, and recover from incidents. Preparedness is a continuous process involving efforts

by and among governments and other organizations and by the general public.

Prevention

Actions to avoid an incident or to intervene to stop an incident from occurring. Prevention involves actions to protect lives and property. It involves identifying and applying intelligence and other information to a range of activities that may include such countermeasures as deterrence operations; heightened inspections; improved surveillance and security operations; investigations to determine the full nature and source of the threat; public health and agricultural surveillance and testing processes; immunizations, isolation, or quarantine; and, as appropriate, specific law enforcement operations aimed at deterring, preempting, interdicting, or disrupting illegal activity, and apprehending potential perpetrators.

Public Information Officer (PIO)

A member of the Command Staff in the VEOC and the JFO responsible for interfacing with the public and media with incident-related information.

APPENDIX E. VIRGINIA DEMOGRAPHICS

The Commonwealth of Virginia is susceptible to a wide range of natural or human-caused events that may have catastrophic impacts. Additionally, Virginia encompasses a multitude of Critical Infrastructure and Key Resource (CIKR) assets which, if attacked or compromised, may result in significant loss of life and financial resources. In the time of such occurrences, the Virginia Department of Emergency Management (VDEM) provides one centralized state government emergency response operation.

Virginia's population is estimated at 8,517,685 (2018 U.S. Census Bureau estimate) spread over approximately 42,774.2 square miles, including 3,282 square miles of water. Virginia ranks 12th among the 50 states in population and 35th in geographic size. The majority of the population is concentrated in the eastern half of the state.

NUMBER FORTY-THREE (2019)

EXPANDING ACCESS TO CLEAN ENERGY AND GROWING THE CLEAN ENERGY JOBS OF THE FUTURE

Importance of the Issue

The energy industry serves as the backbone of the Commonwealth's economy. Individuals, communities, and businesses need energy systems that are both reliable and affordable. At the same time, Virginia is beginning the transition to a more modern electric grid that will incorporate technological advances and meet the changing needs of customers.

Yet Virginia's policy structures have historically focused on the traditional power sector model of large, centralized power stations and conventional transmission and distribution infrastructure. In the coming years, renewable energy technologies and distributed energy resources such as rooftop solar, smart meters, and battery storage are likely to make up an ever-increasing share of our energy system. Similarly, it is anticipated that larger portions of the economy, such as transportation, building heating, and some industrial processes will rely increasingly on electricity.

As Virginia begins to shift to a more modern electric grid that is reliable, affordable, resilient, and environmentally responsible, the Commonwealth must continue to prioritize the transition to cleaner sources of energy, like wind, solar, and energy efficiency through an equitable approach to benefit all Virginians. The policies that we implement must be both forward-looking and adaptive to enable the energy transformations that are beginning. We must also ensure that the modernization of our electric grid is done in a way that prioritizes carbon-free sources of electricity to reduce our environmental impact and mitigate the impacts of climate change.

Climate change is an urgent and pressing challenge for Virginia. As recent storms, heat waves, and flooding events have reminded us, climate disruption poses potentially devastating risk to Virginia. The electric power sector represents approximately 30% of the carbon dioxide emissions in Virginia and is central to our efforts to address the problem. The reports from the United Nations Intergovernmental Panel on Climate Change and Fourth National Climate

Assessments make clear that swift decarbonization and a transition to clean energy is required to meet the urgency of the challenge.¹

Clean energy advancements offer an opportunity to address and prevent energy inequities facing Virginia's most vulnerable populations, including low-income communities and communities of color. Low-income households pay proportionately more than the average household for energy costs and often experience negative long-term effects on their health and welfare.² Research from the American Council for an Energy-Efficient Economy states that "the overwhelming majority of single family and multifamily low-income households (those with income at or below 80% of area median income), minority households, low-income households residing in multifamily buildings, and renting households experienced higher energy burdens than the average household in the same city."³ Clean energy innovation and energy efficiency strategies can alleviate this burden, lower energy bills, and provide access to clean energy for all Virginians. No segment of the population should bear disproportionately high or adverse effects from pollution and climate disturbance, and as we increase investments in clean energy, equity must be part of the framework. The U.S. Environmental Protection Agency describes equitable development as "an approach for meeting the needs of underserved communities through policies and programs that reduce disparities while fostering places that are healthy and vibrant."⁴

Virginia is well positioned to be a center of economic activity for this clean energy transition, and having this economic activity will help us capture the economic and health benefits from the clean economy for all Virginians. The clean energy sector has the power to create new business opportunities, expand customer access to renewable energy, and spark the high-demand jobs of the 21st century. Today, Virginia has more than 3,000 megawatts (MW) of solar currently in service or under development.⁵ In the last year, the number of solar jobs in Virginia has increased by nearly ten percent to 3,890 jobs.⁶ Additionally, the Commonwealth is home to 78,670 individuals who work in the energy efficiency sector, with 2,049 jobs added in the last year.⁷ The continued growth of clean energy investment in the Commonwealth has the potential to bring about long-term sustainable economic development while also mitigating the impacts of climate change through reduced carbon dioxide emissions.

With these two principles in mind – the need to support policies that enable the modernization of our electric grid and the potential for significant new job growth in the clean energy sector – the Commonwealth must establish ambitious goals and work with stakeholders across the industry to identify areas of growth.

Executive Action

Accordingly, by virtue of the authority vested in me as Chief Executive by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby direct all executive branch agencies, authorities, departments, and all institutions of higher education, to every extent practicable, to operate in accordance with the following guidelines:

- A. The Director of Department of Mines, Minerals and Energy (DMME), in consultation with the Secretary of Commerce and Trade, the Secretary of Natural Resources, and the Director of the Department of Environmental Quality (DEQ), shall develop a plan of action to produce thirty percent of Virginia’s electricity from renewable energy sources by 2030 and one hundred percent of Virginia’s electricity from carbon-free sources by 2050. The plan shall include the following resource considerations:
 1. **Solar and Onshore Wind Energy:** Solar and onshore wind energy are competitively priced energy resources that have the potential to provide significant economic development and job creation opportunities across the Commonwealth. Pursuant to energy legislation I signed last year (Senate Bill 966), Virginia has a statewide goal of achieving 5,500 MW of wind and solar energy by 2028. At least 3,000 MW of this target should be under development by 2022. In furtherance of this goal, Dominion Energy has committed to annually procure up to 500 MW of utility-scale solar and onshore wind projects through a competitive procurement process. Dominion has also committed to annual procurements of smaller-scale solar energy, including rooftop solar, through a competitive procurement process that will be issued annually beginning in 2019. These procurements will start at 50 MW and will scale up to 150 MW by January of 2022. Appalachian Power also initiated a competitive procurement process for 200 MW of utility-scale solar projects in Virginia, with projects to be operational by the end of 2021. In order to make certain these utility-scale and smaller-scale projects move forward, DMME’s plan must provide recommendations on actions to ensure the utilities meet these procurement targets and meet the requirement that all such projects are procured competitively, with at least twenty-five percent of such projects procured through power-purchase agreement (PPA). Furthermore, the plan shall include any legislative or executive recommendations to reduce barriers to achieving these solar and onshore wind goals.
 2. **Energy Efficiency:** Energy efficiency programs are the lowest cost energy option, producing electricity cost savings, creating jobs and revenue from the energy efficiency service sector, and helping to reduce greenhouse gases and other air pollutants. Virginia has a statewide goal of reducing retail electricity consumption by ten percent by 2022 using 2006 as a baseline. These reductions will come from a combination of sources, including building codes, energy performance contracting,

private financing programs, and investments from the Commonwealth's utilities. As part of Senate Bill 966, Dominion Energy will invest \$870 million and Appalachian Power will invest \$140 million in energy efficiency programs over the next decade. The legislation further states that at least 5 percent of these ratepayer-funded programs should be directed toward low-income, elderly, and disabled persons. To meet these spending goals, Dominion Energy should increase spending to \$100 million per year by 2019 and Appalachian Power should increase spending to \$15 million per year by 2019, excluding lost revenue recovery. DMME's plan shall provide recommendations to support implementation of this increased utility investment in energy efficiency programs. DMME shall work with the Virginia Resources Authority, Virginia Small Business Financing Authority, Virginia Housing Development Authority, and the Virginia Department of Housing and Community Development to include complementary policy options in the plan, such as developing and administering energy financing programs and enhancing building codes.

3. **Offshore Wind:** The offshore wind industry in the United States is on the cusp of a major boom that could see America become one of the largest offshore wind markets in the world. Virginia currently has a 12 MW demonstration project under construction, which will serve as a research and development project as Virginia moves forward with the development of our larger offshore wind energy area. The larger offshore wind energy area could supply as much as 2,500 MW of offshore wind, and it should be fully developed by 2026. The plan shall include recommendations on the timeline and steps needed to achieve this offshore wind target, including working with Dominion Energy and the U.S. Bureau of Ocean Energy Management to submit the Construction and Operation Plan (COP) by 2021 with construction beginning by 2024.
4. **Energy Storage:** As the Commonwealth integrates more renewable energy resources, balancing the intermittency of the grid through energy storage will become increasingly important. Senate Bill 966 requires Dominion Energy to develop a 30 MW battery storage pilot program and Appalachian Power to develop a 10 MW battery storage pilot program. Further, pumped hydroelectric storage facilities are now deemed in the public interest, and other sources of utility-scale storage are starting to become commercialized. The Plan shall include integration of storage technologies into the grid and pairing of such storage technologies with renewable generation, including distributed energy resources like rooftop solar.
5. **Energy Equity:** The plan shall also address issues related to equity and environmental justice so that the clean energy and climate goals outlined in this Order are achieved in a just manner that advances social, energy, and environmental equity. These clean energy resources shall be deployed to maximize the economic and environmental benefit to underserved communities while mitigating any impacts to those communities. The Plan shall include measures that provide communities of color and low- and moderate-income communities access to clean energy and a reduction in their energy burdens.

The Director of DMME shall report monthly to the Secretary of Commerce and Trade on the progress of these efforts, and shall submit the final plan to the Governor by July 1, 2020.

- B. The Commonwealth shall procure at least 30 percent of the electricity under the statewide electric contract with Dominion Energy from renewable energy resources by 2022. The Commonwealth has the potential to add significant low-cost solar and wind energy projects that will serve as a hedge against uncertain energy prices while helping to spur job creation opportunities in both the solar and onshore wind market. Virginia currently has an eight percent renewable energy procurement target that equates to approximately 110 MW of renewable generation. This target is currently accomplished through investment in both utility-scale solar energy facilities and smaller solar energy facilities contracted with third-party renewable energy developers. Since the original eight percent target was established, the price of solar and wind resources in Virginia continues to drop and serves as an important hedge against fluctuating energy and fuel costs. Virginia now has the potential to achieve at least 30 percent of generation from renewable resources through both utility-scale onshore wind and solar investments as well as smaller solar installations accomplished through PPA. To achieve this 30 percent target, the Secretary of Commerce and Trade, DMME, and the Department of General Services (DGS) shall negotiate amendments to the statewide Dominion energy contract to include the additional purchase of energy from utility-scale onshore wind and solar facilities. Additionally, to accommodate the procurement of smaller-scale PPAs, DMME shall annually initiate a competitive procurement process for smaller-scale PPAs at the Commonwealth's existing facilities, with the first competitive procurement issued in the fall of 2019 for at least 10 MW of cumulative distributed solar at state facilities annually. DMME shall work with DGS and all interested facilities in the development of the competitive process. Additionally, for newly-constructed buildings, all executive branch agencies and institutions shall evaluate the use of distributed solar resources during the design and engineering process.
- C. The Commonwealth shall reduce electricity consumption across all of the Commonwealth's agencies and institutions through development and execution of a comprehensive Resource Conservation Management Plan (RCMP). DMME shall, in coordination with DGS and DEQ, develop a RCMP as the framework to achieve the state's portion of the goal of reducing retail electricity consumption by ten percent by 2022 using 2006 as a baseline. The RCMP should include recommendations on reducing energy usage through measurement and tracking, operations and maintenance, and capital investment. It should cover both the existing building stock as well as new construction. As part of the RCMP framework, all state agencies and institutions should utilize energy performance contracting (EPC) to reduce energy consumption. EPC is a budget neutral, cost-effective tool that allows state agencies and publicly-owned facilities to reduce their deferred maintenance backlogs without adding any financial burden to the taxpayer. To date, more than 240 EPC projects have been completed by state and local agencies in Virginia, valuing nearly \$900 million in savings for the Commonwealth. DMME has managed the program since 2002, providing robust technical assistance to localities and

state agencies considering EPCs. To facilitate additional deployment of EPC, DMME shall produce a ranking of the top facilities that have achieved energy reductions and a list of facilities that most need improvement. DMME shall work with DGS and other agencies and executive branch institutions to double the 2018 total annual level of EPC contracting investment. All executive branch agencies and institutions shall work with DMME to conduct a general energy audit with the goal of implementing an EPC by 2022. For executive branch agencies that have already employed EPC, overall energy consumption should be re-evaluated to identify areas for further energy efficiency improvements.

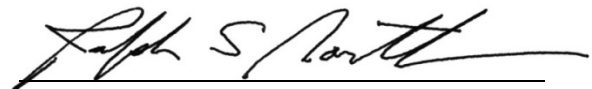

- D. To ensure that the Commonwealth has the workforce in place to meet the growing needs and technological advancements of the clean energy sector, the Chief Workforce Advisor and the Secretary of Commerce and Trade shall work with stakeholders to develop an energy workforce plan. Such plan shall include an evaluation of current curriculum and training programs, including K-12 curriculum and the potential for pre-employment programs. The plan shall address both awareness of energy sector career opportunities and access to career pathways and programs. The plan shall include specific recommendations for creating pathways out of poverty through careers in renewable energy and energy efficiency. The plan should also leverage existing efforts, including the Virginia Energy Workforce Consortium and Build Virginia.

Effective Date of the Executive Order

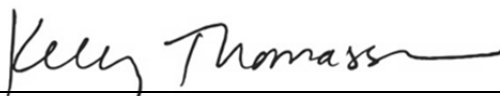

This Executive Order shall be effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 16th day of September, 2019.

NUMBER FORTY-FOUR (2019)

CONTINUATION OF THE GOVERNOR'S ADVISORY COMMISSION ON OPIOIDS AND ADDICTION

Importance of the Initiative

The disease of addiction is devastating our communities and taking the lives of too many Virginians. Since 2013, drug overdoses have been the leading cause of unnatural death in the Commonwealth. Nearly 1,500 individuals in Virginia died as a result of drug overdoses just last year. Of those nearly 1,500 fatalities, over 80 percent involved prescription opioid painkillers, heroin, or synthetic opioids like fentanyl. Opioid and heroin abuse continues to pose an immense public health and safety threat to Virginians and remains a public health emergency for the Commonwealth.

In addition to opioids and heroin, data shows that abuse of other potentially deadly drugs, particularly stimulants, is on the rise. In addition to maintaining a focus on opioids, Virginia's leaders must also focus on the biological, psychological, and social factors that foster addiction in an individual so that those factors can be addressed and mitigated. The disease of addiction is not exclusive to any substance and addiction will always find another drug.

Virginia cannot solve these problems through state intervention alone. The knowledge and experiences of providers, peers, local leadership, and other community partners is imperative as we work to reduce the impact of addiction and reduce the number of those who die from it. Under the authority established by Executive Directive Nine (2016), the Governor's Executive Leadership Team on Opioids and Addiction implements strategies, programs, and policies aimed at reducing overdose deaths. It is necessary to look to our partners to strengthen our understanding of the issue and share learned successes. Therefore, I direct relevant secretariats, agencies, health and behavioral health providers and organizations, education professionals, law enforcement, and other stakeholders to continue working together to identify and execute strategies to increase harm reduction opportunities, intensify prevention activities, enhance access to evidence-based treatment, and support individuals in recovery in Virginia.

Key Objectives

This advisory commission shall provide comments to the co-chairs of the Governor's Executive Leadership Team on Opioids and Addiction regarding the development of policies, programs, and other initiatives designed to impact the ongoing drug overdose epidemic in Virginia.

The advisory commission shall meet upon the call of the co-chairs. The co-chairs shall call the advisory commission to meet no less than twice per year. At such meeting, the Executive Leadership Team on Opioids and Addiction shall provide updates and metrics regarding opioid and addiction initiatives. Therefore, supplemental meetings may be held to review specific topics, initiatives, and programs.

The advisory commission shall provide a final report to the Governor including recommendations to address the opioid and addiction crisis in the Commonwealth.

Continuation of the Opioid and Addiction Commission

Accordingly, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia under the laws of the Commonwealth, including, but not limited to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby extend the Governor's Advisory Commission on Opioids and Addiction (Opioid and Addiction Commission).

The Opioid and Addiction Commission will serve in a consultative role, in accordance with § 2.2-2100 of the *Code of Virginia*, and will be responsible for advising the Governor's Executive Leadership Team on Opioids and Addiction and providing guidance on the following initiatives related to addressing the opioid and addiction public health emergency in the Commonwealth:

- a. Building the capacity of Virginia's communities to address the addiction epidemic through community mobilization and coalition development;
- b. Limiting availability of prescription opioids for misuse;
- c. Establishing pathways to treatment and recovery supports in Virginia;
- d. Establishing operational comprehensive harm reduction programs in Virginia; and
- e. Developing model protocols for Medication Assisted Treatment (MAT) for individuals being released from correctional settings that local/regional jails and community services boards can use.

Composition of the Opioid and Addiction Commission

The Opioid and Addiction Commission’s membership shall be appointed by the Governor. The Secretaries of Health and Human Resources and Public Safety and Homeland Security will co-chair the Opioid and Addiction Commission. Membership for the Opioid and Addiction Commission will be composed of representatives from the Office of the Attorney General, the General Assembly, and the judiciary, as well as community leaders in prevention, harm reduction, treatment, and recovery, including individuals with lived experiences. The Governor may appoint any other person(s) deemed necessary and proper to carry out the assigned functions.

The Secretariat of Health and Human Resources shall provide a Staff Director to support the Opioid and Addiction Commission. The Secretariats of Public Safety and Homeland Security and Health and Human Resources shall provide other staff support as necessary. An estimated 100 hours of staff time will be required to support the work of the Opioid and Addiction Commission.

Effective Date

This Executive Order shall be effective upon its signing and, pursuant to §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, shall remain in full force and effect for a year from its signing, unless amended or rescinded by further executive order.

NUMBER FORTY-FIVE

FLOODPLAIN MANAGEMENT REQUIREMENTS AND PLANNING STANDARDS FOR STATE AGENCIES, INSTITUTIONS, AND PROPERTY

Importance of the Initiative

Executive Order 24 “Increasing Virginia’s Resilience to Sea Level Rise and Natural Hazards,” issued in November 2018, set the Commonwealth on a course towards addressing its risk and resilience to natural hazards, including flooding. A key element of that Order required an analysis of flooding and flood preparedness in the Commonwealth. Based on that analysis, the Commonwealth must establish new policies and directives to ensure that necessary actions are taken to protect state property from the risk of floods.

Background

Flooding remains the most common and costly natural disaster in Virginia and the United States. With more than 100,000 miles of streams and rivers, as well as 10,000 miles of estuarine and coastal shoreline, Virginia’s flood risk is statewide, comes in many forms, and is increasing because of climate change and increased development in flood-prone areas. In 1987, in order to improve Virginia’s flood protection programs and to consolidate all related programs in one agency, responsibility for coordination of all state floodplain programs was transferred from the State Water Control Board to the Department of Conservation and Recreation (DCR). Section 10.1-602 of the *Code of Virginia* names DCR as the manager of the state’s floodplain program and the designated coordinating agency of the National Flood Insurance Program (NFIP). The Code stipulates that the Director of DCR or his designee shall serve as the State Coordinator for the NFIP.

DCR’s Floodplain Management Program was created to minimize Virginia’s flood hazards. In particular, it aims to prevent loss of life, reduce property damage, and conserve natural and beneficial values of state rivers and coastal floodplains. To achieve these goals, DCR promotes

NFIP compliance and participation, offers technical assistance and community education, coordinates with other local, state and federal agencies, and provides funding through the Dam Safety, Flood Prevention and Protection Assistance Fund (§ 10.1-603.16 *et. seq.* of the *Code of Virginia*).

Participation in the NFIP allows the Commonwealth to receive many types of disaster assistance, development loans, and other financial resources. The continued availability of these resources is dependent on compliance with the NFIP. Lack of compliance with the NFIP could result in the Commonwealth's suspension from the program, increased flood insurance costs, loss of NFIP flood insurance policies, inability to secure federally-backed mortgages and loans, and increased unreimbursed disaster costs for the Commonwealth.

The floodplain management policies identified in this Order are intended to avoid unnecessary costs from flooding, to reduce risks to human health, safety, and welfare, and to protect, preserve, and enhance the natural and beneficial uses of properly-managed floodplains to property and development under state ownership.

Virginia state government agencies have been operating under Executive Memorandum 2-97. Much has changed since then-Governor George Allen issued that memorandum. Now, in light of those changed conditions, it is necessary to establish clear policies and standards for state agencies.

Requirements for State-owned Properties in Flood-Prone Areas

Participation in the NFIP is contingent on a community voluntarily adopting floodplain management regulations that meet NFIP minimums as established by the Federal Emergency Management Agency (FEMA). In order to ensure the Commonwealth, as a participating community, complies with the NFIP as outlined in 44 CFR § 60.11-13 and is prepared for current and future flood conditions, this Order establishes mandatory standards for development¹ of state-owned properties in Flood-Prone Areas, which include Special Flood Hazard Areas,² Shaded X Zones,³ and the Sea Level Rise Inundation Area.⁴ These standards shall apply to all state agencies⁵.

¹ Development for NFIP purposes is defined in 44 CFR § 59.1 as “Any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.”

² The Special Flood Hazard Area may also be referred to as the 1% annual chance floodplain or the 100-year floodplain, as identified on the effective Flood Insurance Rate Map and Flood Insurance Study. This includes the following flood zones: A, AO, AH, AE, A99, AR, AR/AE, AR/AO, AR/AH, AR/A, VO, VE, or V.

³ The Shaded X Zone may also be referred to as the 0.2% annual chance floodplain or the 500- year floodplain, as identified on the effective Flood Insurance Rate Map and Flood Insurance Study.

⁴ The Sea Level Rise Inundation Area referenced in this Order shall be mapped based on the National Oceanic and Atmospheric Administration Intermediate-High scenario curve for 2100, last updated in 2017, and is intended to denote the maximum inland boundary of anticipated sea level rise.

⁵ “State agency” shall mean all entities in the executive branch, including agencies, offices, authorities, commissions, departments, and all institutions of higher education.

1. Development in Special Flood Hazard Areas and Shaded X Zones

- A. All development, including buildings, on state-owned property shall comply with the locally-adopted floodplain management ordinance of the community in which the state-owned property is located and any flood-related standards identified in the Virginia Uniform Statewide Building Code.
- B. If any state-owned property is located in a community that does not participate in the NFIP, all development, including buildings, on such state-owned property shall comply with the NFIP requirements as defined in 44 CFR §§ 60.3, 60.4, and 60.5 and any flood-related standards identified in the Virginia Uniform Statewide Building Code.
 - (1) These projects shall be submitted to the Department of General Services (DGS), for review and approval.
 - (2) DGS shall not approve any project until the State NFIP Coordinator has reviewed and approved the application for NFIP compliance.
 - (3) DGS shall provide a written determination on project requests to the applicant and the State NFIP Coordinator. The State NFIP Coordinator shall maintain all documentation associated with the project in perpetuity.
- C. No new state-owned buildings, or buildings constructed on state-owned property, shall be constructed, reconstructed⁶, purchased, or acquired by the Commonwealth within a Special Flood Hazard Area or Shaded X Zone in any community unless a variance is granted by the Director of DGS, as outlined in this Order.

2. Variance Process

- A. The Director of DGS may consider a variance to the requirements listed above if the following conditions are met:
 - (1) It has been demonstrated that granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or in the case of NFIP participating communities, conflicts with their existing local floodplain ordinances.
 - (2) The design of the building or structure complies with the freeboard standards adopted in this Order.

⁶ “Reconstructed” means a building that has been substantially damaged or substantially improved, as defined by the NFIP and the Virginia Uniform Statewide Building Code.

- (3) Buildings or structures are demonstrated to be a functionally dependent use, such as water treatment facilities, boat houses, fish hatcheries, and other similar uses, or
- (4) Buildings or structures are historic and require repair or rehabilitation and it has been demonstrated that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure, or
- (5) Buildings or structures are demonstrated to be necessary to protect public health, safety, and welfare.

B. The Director of DGS shall not approve any variance to the requirements set forth in Section 1 until the State NFIP Coordinator has reviewed and approved the application for NFIP compliance.

C. A variance to the requirements set forth in Section 1 does not waive the requirement to comply with a local floodplain ordinance, Virginia Uniform Statewide Building Code, or the requirements outlined in 44 CFR §§ 60.3, 60.4, or 60.5, as applicable.

D. The Director of DGS shall provide written rulings on variance requests to the applicant, the local community, and the State NFIP Coordinator. The State NFIP Coordinator shall maintain all documentation associated with the variance in perpetuity.

E. Any state agency that has received a variance prior to this Order shall provide the variance documentation to the State NFIP Coordinator to be maintained in perpetuity.

3. Freeboard⁷ Standards for State-Owned Buildings in Flood-Prone Areas

A. Riverine Areas

- (1) All new state-owned buildings located in a Special Flood Hazard Area shall be constructed so that the top of the lowest floor, including all equipment, is no less than three (3) feet above the Base Flood Elevation (or Flood Depth if an AO Zone), based on the effective Flood Insurance Rate Map and Flood Insurance Study for that area.
- (2) All new state-owned buildings located in a Shaded X Zone shall be constructed so that the top of the lowest floor, including all equipment, is no less than three (3) feet above the Water Surface Elevation or the Base

⁷ "Freeboard" is a factor of safety usually expressed in feet above a flood level for purposes of floodplain management, as defined by FEMA.

Flood Elevation of the adjacent Special Flood Hazard Area, whichever is less, based on the effective Flood Insurance Rate Map and Flood Insurance Study for that area.

B. Coastal Areas

- (1) All new state-owned buildings located in a Special Flood Hazard Area shall be constructed so that the bottom of the lowest horizontal structural member of the lowest floor, including all equipment, is no less than three (3) feet above the Base Flood Elevation (or Flood Depth if an AO Zone), based on the effective Flood Insurance Rate Map and Flood Insurance Study for that area.
- (2) All new state-owned buildings located in a Shaded X Zone shall be constructed so that the bottom of the lowest horizontal structural member of the lowest floor, including all equipment, is no less than three (3) feet above the Water Surface Elevation or the Base Flood Elevation of the adjacent Special Flood Hazard Area, whichever is less, based on the effective Flood Insurance Rate Map and Flood Insurance Study for that area. Wave action must be accounted for in the Water Surface Elevation.

C. Sea Level Rise Inundation Areas

- (1) All new state-owned buildings located in a Sea Level Rise Inundation Area and any Special Flood Hazard Area shall be constructed so that the bottom of the lowest horizontal structural member of the lowest floor, including all equipment, is no less than eight (8) feet above the Base Flood Elevation (or Flood Depth if an AO Zone), based on the effective Flood Insurance Rate Map and Flood Insurance Study for that area.
- (2) All new state-owned buildings located in a Sea Level Rise Inundation Area and any Shaded X Zone shall be constructed so that the bottom of the lowest horizontal structural member of the lowest floor, including all equipment, is no less than eight (8) feet above the Water Surface Elevation or the Base Flood Elevation of the adjacent Special Flood Hazard Area, whichever is less, based on the effective Flood Insurance Rate Map and Flood Insurance Study for that area. Wave action must be accounted for in the Water Surface Elevation in coastal areas.
- (3) All new state-owned buildings located in a Sea Level Rise Inundation Area but not in a Special Flood Hazard Area or Shaded X Zone shall be built so that the bottom of the lowest horizontal structural member of the lowest floor, including all equipment, is no less than five (5) feet above the mean sea level to account for future flood conditions. This freeboard standard is based on the Sea Level Rise Planning Standards identified in Section 4 below.

(4) The freeboard standards outlined in paragraphs 3C(1) and 3C(2) above is to account for future flood conditions and is based on three (3) feet of freeboard and the Sea Level Rise Planning Standards identified in Section 4 below.

D. If a Base Flood Elevation or Water Surface Elevation is not available, the state agency constructing the new state-owned building or structure shall have this elevation determined by a professional engineer in accordance with current hydrologic and hydraulic engineering analyses.

E. To reduce flood damages and allow for future adaptation opportunities, all new state-owned buildings located in Flood-Prone Areas shall be built using adaptive designs below the lowest floor.

F. The freeboard standards identified in this section shall apply to all new state-owned buildings receiving funding authorization on or after January 1, 2021.

4. Sea Level Rise Planning Standards

A. Based on recommendations from the Virginia Institute of Marine Science and the Commonwealth Center for Recurrent Flooding Resilience, the Commonwealth shall use the National Oceanographic and Atmospheric Administration (NOAA) Intermediate-High scenario curve, last updated in 2017, as the state standard for predicting sea level rise.

B. When scoping, designing, siting, and constructing state-owned buildings, a 50-year mid-life estimate for building longevity shall be used, which, under the NOAA Intermediate-High scenario curve, last updated in 2017, equates to nearly four (4) feet of sea level rise by 2070. This standard has been incorporated into the freeboard standards above, with an additional one (1) foot added to account for high tide.

C. The sea level rise planning standards identified in A and B of this section shall apply to all new state-owned buildings receiving funding authorization on or after January 1, 2021.

D. Additional studies and periodic updates of these planning standards shall be at the discretion of the Chief Resilience Officer.

5. Establishing Guidance Documentation

A. The Department of Conservation and Recreation, after consulting with DGS, shall develop a guidance document by October 1, 2020 to provide state agencies the methodology for complying with the freeboard standards and sea level rise planning standards adopted in this Order.

Establishing State-level Floodplain Management Standards for State Agencies

The Chief Resilience Officer shall convene a workgroup to establish state-level, NFIP compliant requirements for all development activities by state agencies on state-owned property within Flood-Prone Areas. The Secretaries of Administration, Commerce and Trade, Education, Natural Resources, Agricultural and Forestry, Public Safety and Homeland Security, Transportation, and Health and Human Resources, as well as the Special Assistant to the Governor for Coastal Adaptation and Protection or their designees, and any additional state officials designated by the Chief Resilience Officer shall comprise the members of the workgroup. The requirements and standards developed by the workgroup and approved by the Chief Resilience Officer shall replace the requirements in paragraphs 1A and 1B and shall incorporate the standards for state-owned buildings adopted in this Order.

1. As the state NFIP coordinating agency, the Department of Conservation and Recreation shall serve as lead staff to the workgroup.
2. The workgroup shall develop mandatory standards applicable to all state development in order to conform such development to the minimum requirements of the NFIP. The workgroup may also develop standards that exceed NFIP minimums that will enhance protection of life and property after analyzing short and long term costs to the Commonwealth.
3. Such standards shall include a process for permitting development in accordance with the established standards, a process for enforcing the established standards, and a process for documenting and maintaining records of any variances and development.
4. Such standards will incorporate the freeboard and sea level rise planning standards adopted in this Order.
5. Such standards shall include a process by which agencies may seek a variance from the standards developed by this workgroup. The process shall include a final review and approval process of any requests for a variance, which shall be done by the Department of Conservation and Recreation.

Effective Date of the Executive Order

This Executive Order rescinds Executive Memorandum 2-97: Floodplain Management Program for State Agencies, issued by Governor George Allen.

This Executive Order shall be effective November 15, 2019, and shall remain in full force and effect until superseded or rescinded by further executive action.

DECLARATION OF A STATE OF EMERGENCY FOR THE COMMONWEALTH OF VIRGINIA DUE TO HIGHWAY DAMAGES FROM FLOODING

Importance of the Issue

On this date, December 6, 2019, I declare a state of emergency to exist for the Commonwealth of Virginia due to flooding that affected roadways in the northern Virginia portions of the Commonwealth during July 5 to July 8, 2019.

The health and general welfare of the citizens require that state action be taken to help alleviate the conditions caused by this situation. The effects of this incident constitute a disaster wherein human life and public and private property are imperiled, as described in § 44-146.16 of the *Code of Virginia*.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the *Code of Virginia*, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the *Code of Virginia*, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I declare that a state of emergency exists, and I am directing that appropriate assistance be rendered by agencies of both state and local governments to respond to the impacts of this severe weather event, alleviate any conditions resulting from the incident, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions in so far as possible.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures to meet this threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the *Code of Virginia*, I hereby order the following protective and restoration measures:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan (COVEOP) along with other appropriate state agency plans.
- B. Activation of the Virginia Emergency Operations Center (VEOC) and the Virginia Emergency Support Team (VEST), as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to local governments and emergency services assignments of other agencies as necessary and determined by the State Coordinator of Emergency Management and other agencies as appropriate.
- C. Implementation by public agencies of their emergency assignments under my supervision and control as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28(b) of the *Code of Virginia*. Section 44-146.24 of the *Code of Virginia* also applies to the disaster activities of state agencies.

Effective Date of this Executive Order

This Executive Order shall be effective July 5, 2019, and shall remain in full force and effect until December 20, 2019, unless sooner amended or rescinded by further executive order. Termination of this Executive Order is not intended to terminate any federal-type benefits granted or to be granted due to injury or death as a result of service under this Order.

NUMBER FORTY-SEVEN (2020)

EXPANDING OPPORTUNITIES FOR VIRGINIANS WITH DISABILITIES

Importance of the Issue

The way ahead for Virginia means inclusion and opportunity for all Virginians, including individuals with disabilities. An estimated one in ten Virginians have a disability.¹ The Americans with Disabilities Act of 1990 defines disability as any “physical or mental impairment that substantially limits one or more major life activity; [having] a record of such impairment; or being regarded as having such impairment.”² This definition is expansive and it is the responsibility of the Commonwealth to empower and provide supports to all Virginians with disabilities to maximize their inclusion, employment, and independence. All Virginians, including those with disabilities, have a right to enjoy the benefits of choice in society and the freedoms of everyday life.

The Commonwealth also has an obligation under the Americans with Disabilities Act, the *Olmstead v. L.C. by Zimring*, 527 U.S. 581 (1999) decision, and the Virginians with Disabilities Act to provide opportunities for individuals with disabilities to fully integrate into the community. This is more than an obligation—it is a necessity. Virginia must continue to prioritize the mandate of the *Olmstead* decision to ensure the integration of Virginians with disabilities in every community in the Commonwealth. Furthermore, it is the policy of this Commonwealth, as set forth in § 51.5-1 of the *Code of Virginia*, “to encourage and enable persons with disabilities to participate fully and equally in the social and economic life of the Commonwealth.”

Education is a key part of expanding our qualified workforce. In the 2018 Census Bureau Current Population Survey, an estimated 22.6% of Virginians with a disability do not have a high school diploma or equivalency, compared to 13.7% of the population without a disability. Similarly, 34.9% of Virginians with a disability end their education at high school or equivalent

¹ Erickson, W., Lee, C., & von Schrader, S. (2018). 2016 Disability Status Report: Virginia. Ithaca, NY: Cornell University Yang-Tan Institute on Employment and Disability (YTI).

level, compared to 21.8% without a disability, and only 22.1% of Virginians with a disability achieve a four-year degree, compared to 39.7% of Virginians without a disability.

Employment is a key component to supporting community integration and independence for individuals with disabilities. As the economy of the Commonwealth continues to grow and diversify, the need for qualified workers also increases. Unfortunately, individuals with disabilities are an underused resource to help address the need for qualified workers. Many job seekers with disabilities are unable to find full-time, competitive-wage jobs. The challenges that individuals with disabilities face based on their qualifications place limits on their earning potential. The 2017 Pew Research Center Disability Statistics Annual Report found median earnings for Virginians with disabilities ranged \$23,874-\$30,559, while median earnings for Virginians without a disability ranged \$35,888-\$51,302. The Commonwealth administers vocational rehabilitation programs through the Department for Aging and Rehabilitative Services (DARS), the Department for the Blind and Vision Impaired (DBVI), and the Department of Veteran Services (DVS) to place workers and veterans with disabilities in public and private sector jobs. Yet, according to the 2017 Disability Status Report by Cornell University, only 41.3% of Virginians with disabilities were employed in 2016, while 81.8% of Virginians without a disability were employed during the same time period. All qualified workers in Virginia should be given the same opportunities to gain employment that utilizes their talents. This contributes to the growth of Virginia's economy and enriches our communities.

Establishment of the Initiative

The Commonwealth should be a leader in inclusivity for individuals with disabilities by prioritizing hiring and workforce diversity and ensuring community integration. This initiative highlights our commitment to ensuring that all Virginians have adequate supports and opportunities to thrive in the Commonwealth. Many state agencies are already doing great work to help individuals with disabilities find employment and live actively in their communities. I seek to build on these efforts by providing greater supports for both visible and invisible disabilities as individuals choose their educational path and prepare to enter the workforce. We should also ensure increased access to competitive and integrated community-based employment. I encourage local governments and the private sector to take similar steps to provide career-building and job opportunities to qualified workers and to ensure access for all individuals, no matter their ability status.

Directive

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including but not limited to § 2.2-103 of the *Code of Virginia*, I hereby direct the Director of Diversity, Equity, and Inclusion to provide leadership and coordinate across Secretariats the following actions:

1. The Director of Diversity, Equity, and Inclusion shall work with the Secretary of Administration to implement § 2.2-203.2:3 of the *Code of Virginia*, to increase the employment of individuals within state government, including but not limited to the exploration and implementation of the following initiatives to:

- a. Use available hiring authorities, consistent with statutes, regulations, and prior executive orders;
 - b. Increase efforts to accommodate individuals with disabilities within state government employment by increasing the retention and return to work of individuals with disabilities; and
 - c. Expand existing efforts for the recruitment, accommodation, retention, and advancement of individuals with disabilities for positions available in state government.
2. The Secretary of Education and Chief Workforce Advisor, in coordination with the State Council of Higher Education for Virginia (SCHEV) shall identify opportunities and current best practices at institutions of higher education, community colleges, and vocational training programs to increase the number of Virginians with disabilities who are able to participate actively in advanced training and education programs they choose.
3. The Chief Workforce Advisor, in conjunction with the Secretaries of Commerce and Trade and Education, shall work with the Secretary of Health and Human Resources, who will direct DARS, and DBVI, and the Department for the Deaf and Hard of Hearing to strengthen and develop workforce pipelines for individuals with disabilities and promote the hiring of qualified individuals with disabilities by new and existing Virginia businesses as well as companies seeking to locate to the Commonwealth.
4. The Secretary of Veterans and Defense Affairs and the Secretary of Health and Human Resources will ensure that there is continued collaboration between DVS and DARS to serve disabled veterans. The Secretary of Veterans and Defense Affairs and DVS will also work with employers certified through the Virginia Values Veterans initiative to increase efforts to hire and place in jobs veterans with disabilities.
5. The Virginia Information Technology Agency shall work with other state agencies to improve the accessibility of the Commonwealth's websites for Virginians with disabilities and encourage similar efforts in the private sector.
6. The Director of Diversity, Equity, and Inclusion shall convene, at least annually, a stakeholder meeting to advise and provide input on the directives of this Executive Order and the Commonwealth's efforts towards accessibility, inclusion, and community integration for individuals with disabilities.

Reporting on Progress of the Initiative

The Director of Diversity, Equity, and Inclusion shall report to the Governor on the progress of this Order and the steps taken to ensure community integration, improve website accessibility, and advance employment of Virginians with disabilities.

Effective Date of the Executive Order

This Executive Order rescinds and replaces Executive Order No. 46 (2015) issued by Governor McAuliffe. This Executive Order shall be effective upon its signing and shall remain in full force and effect until amended or rescinded by further executive order.

DECLARATION OF A STATE OF EMERGENCY DUE TO POTENTIAL CIVIL UNREST AT THE VIRGINIA STATE CAPITOL

Importance of the Issue

The Commonwealth of Virginia is a welcoming state. Virginians understand that diversity of opinion keeps our democracy strong. The more voices involved in our political dialogue, the stronger we are. Civil discourse, even and especially, amongst those who disagree, is critical to our democracy's evolution and success. When the civility of that political discourse breaks down, the Commonwealth suffers. Three years ago, Virginia and the nation, watched horrified as civil protest was marred by violence and hate. The events that occurred in Charlottesville, Virginia demonstrated what can happen when peaceful demonstrations are hijacked by those who come into the Commonwealth and do not value the importance of peaceful assembly. We lost three Virginians. We must take all precautions to prevent that from ever happening again.

Credible intelligence gathered by Virginia's law enforcement agencies indicates that tens of thousands of advocates plan to converge on Capitol Square for events culminating on January 20, 2020. Available information suggests that a substantial number of these demonstrators are expected to come from outside the Commonwealth, may be armed, and have as their purpose not peaceful assembly but violence, rioting, and insurrection. Assuring that Virginia's Capitol Square and surrounding public areas are sheltered safe places for those who come to participate in the democratic process, as well as those who work on or near Capitol Square, is my greatest priority.

The anticipated effects of the potential convergence of tens of thousands of demonstrators on Capitol Square, some of whom may not come to assemble peacefully, constitutes an emergency as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by the Constitution of Virginia, by §§ 2.2-103 and 44-146.13 *et seq.* of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim that a state of emergency will exist starting on January 17, 2020 through January 21, 2020. Accordingly, I direct state and local governments to render appropriate assistance

to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state and local governments and to facilitate emergency services assignments to other agencies.
- B. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
- C. To provide for the shelter and safety of state employees who work on or near the Virginia State Capitol and those who come to peacefully assemble, and consistent with the General Assembly's prohibition on weapons in the Virginia State Capitol and the Pocahontas Buildings, and Executive Order 50 (McAuliffe), which prohibits firearms in offices occupied by executive branch agencies, no weapons, including firearms, may be carried or possessed on any land, real property, or improvements owned by the Commonwealth of Virginia within the area bounded by Broad Street, Ninth Street, Bank Street and Governor Street in the City of Richmond, Virginia, as well as any Commonwealth-owned parking lots for Virginia's Department of Transportation, the Madison Building, the Monroe Building, the Patrick Henry Building, Washington Building, the Jefferson Building, and the Oliver Hill Building.
 - 1. "Firearm" means any handgun, pistol, revolver, or other weapon designed or intended to propel or expel a projectile or missile of any kind by action of an explosion of any combustible material; rifle, shotgun, automatic or semi-automatic gun; assault firearm as defined in § 18.2-308.2:2 of the *Code*; machine gun; 3D printed gun; or similar weapon. Firearm does not include any ceremonial firearm currently on display in a legislative branch agency.
 - 2. "Weapon" means any weapon as defined in paragraphs (ii) through (v) of subsection A of § 18.2-308 of the *Code* and any stun weapon, as defined under § 18.2-308.1 of the *Code*, with the exception of a pocket knife having a folding metal blade of less than three inches. "Weapons" also includes, but is not limited to, sticks, torches, poles, bats, shields, helmets,

caustic substances (i.e., pepper spray), hazardous materials, scissors, razor blades, needles, toy guns, toy weapons, fireworks, glass bottles, laser pointers, aerosol containers, baseballs, softballs, UAVs/Drones, or any item that can inflict bodily harm that is visible, other than firearms.

3. The prohibition with respect to weapons (other than firearms) shall not apply to (a) any person possessing a knife customarily used for food preparation or service and using it for such purpose, (b) any person who possesses a knife or blade that he uses customarily in his trade and using it in such trade, (c) any tool used by a person customarily in his trade and being used pursuant to a contract with a legislative branch agency, or (d) any tool used by a state employee as a condition of his position and being used in the scope of employment. The prohibition with respect to weapons (other than firearms) shall not apply to any ceremonial weapon currently on display or use in a legislative branch agency.
4. This prohibition applies to both the open and the concealed carry of firearms and other weapons.

D. Exempt from paragraph C's prohibition are:

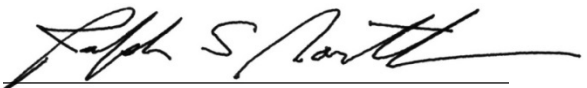

1. All on-duty sworn law enforcement personnel providing security for the areas listed in paragraph C during this emergency, as determined by the Chief of the Division of Capitol Police; and
2. Any other person otherwise acting in coordination with the Division of Capitol Police, as determined by its chief.

Effective Dates of this Executive Order

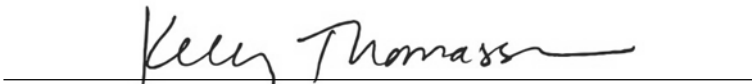

This Executive Order shall be effective from 5:00 p.m., Friday, January 17, until 5:00 p.m., Tuesday, January 21, 2020. Capitol Square will be open from 7:00 a.m. to 5:00 p.m. on the above days. Nothing in this Order rescinds or amends Executive Order 50 (McAuliffe), which remains in full force and effect.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 15th day of January, 2020.

DECLARATION OF A STATE OF EMERGENCY DUE TO POTENTIAL CIVIL UNREST AT THE VIRGINIA STATE CAPITOL

Importance of the Issue

The Commonwealth of Virginia is a welcoming state. Virginians understand that diversity of opinion keeps our democracy strong. The more voices involved in our political dialogue, the stronger we are. Civil discourse, even and especially, amongst those who disagree, is critical to our democracy's evolution and success. When the civility of that political discourse breaks down, the Commonwealth suffers. Three years ago, Virginia and the nation, watched horrified as civil protest was marred by violence and hate. The events that occurred in Charlottesville, Virginia demonstrated what can happen when peaceful demonstrations are hijacked by those who come into the Commonwealth and do not value the importance of peaceful assembly. We lost three Virginians. We must take all precautions to prevent that from ever happening again.

Credible intelligence gathered by Virginia's law enforcement agencies indicates that tens of thousands of advocates plan to converge on Capitol Square for events culminating on January 20, 2020. Available information suggests that a substantial number of these demonstrators are expected to come from outside the Commonwealth, may be armed, and have as their purpose not peaceful assembly but violence, rioting, and insurrection. Assuring that Virginia's Capitol Square and surrounding public areas are sheltered safe places for those who come to participate in the democratic process, as well as those who work on or near Capitol Square, is my greatest priority.

The anticipated effects of the potential convergence of tens of thousands of demonstrators on Capitol Square, some of whom may not come to assemble peacefully, constitutes an emergency as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by the Constitution of Virginia, by §§ 2.2-103 and 44-146.13 *et seq.* of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim that a state of emergency will exist starting on

January 17, 2020 through January 21, 2020. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state and local governments and to facilitate emergency services assignments to other agencies.
- B. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
- C. To provide for the shelter and safety of state employees who work on or near the Virginia State Capitol and those who come to peacefully assemble, and consistent with the General Assembly's prohibition on weapons in the Virginia State Capitol and the Pocahontas Buildings, and Executive Order 50 (McAuliffe), which prohibits firearms in offices occupied by executive branch agencies, no weapons, including firearms, may be carried or possessed on any land, real property, or improvements owned by the Commonwealth of Virginia within the area bounded by Broad Street, Ninth Street, Bank Street and Governor Street in the City of Richmond, Virginia, as well as any Commonwealth-owned parking lots for Virginia's Department of Transportation, the Madison Building, the Monroe Building, the Patrick Henry Building, Washington Building, the Jefferson Building, and the Oliver Hill Building.
 1. "Firearm" means any handgun, pistol, revolver, or other weapon designed or intended to propel or expel a projectile or missile of any kind by action of an explosion of any combustible material; rifle, shotgun, automatic or semi-automatic gun; assault firearm as defined in § 18.2-308.2:2 of the Code; machine gun; 3D printed gun; or similar weapon. Firearm does not include any ceremonial firearm currently on display in a legislative branch agency.
 2. "Weapon" means any weapon as defined in paragraphs (ii) through (v) of subsection A of § 18.2-308 of the *Code* and any stun weapon, as defined under § 18.2-308.1 of the *Code*, with the exception of a pocket knife having a folding metal blade of less than three inches. "Weapons" also includes, but is not limited to, sticks, torches, poles, bats, shields, helmets, caustic substances (i.e., pepper spray), hazardous materials, scissors, razor blades, needles, toy guns, toy weapons, fireworks, glass bottles, laser pointers, aerosol containers, baseballs,

softballs, UAVs/Drones, or any item that can inflict bodily harm that is visible, other than firearms.

3. The prohibition with respect to weapons (other than firearms) shall not apply to (a) any person possessing a knife customarily used for food preparation or service and using it for such purpose, (b) any person who possesses a knife or blade that he uses customarily in his trade and using it in such trade, (c) any tool used by a person customarily in his trade and being used pursuant to a contract with a legislative branch agency, or (d) any tool used by a state employee as a condition of his position and being used in the scope of employment. The prohibition with respect to weapons (other than firearms) shall not apply to any ceremonial weapon currently on display or use in a legislative branch agency.
4. This prohibition applies to both the open and the concealed carry of firearms and other weapons.

D. Exempt from paragraph C's prohibition are:

1. All on-duty sworn law enforcement personnel providing security for the areas listed in paragraph C during this emergency, as determined by the Chief of the Division of Capitol Police; and
2. Any other person otherwise acting in coordination with the Division of Capitol Police, as determined by its chief.

E. Pursuant to § 44-146.17 of the *Code*, violation of this Order shall be punishable as a Class 1 misdemeanor.

Effective Date of the Executive Order

This Amended Executive Order shall be effective from 5:00 p.m., Friday, January 17, until 5:00 p.m., Tuesday, January 21, 2020. Capitol Square will be open from 7:00 a.m. to 5:00 p.m. on the above days. Nothing in this Order rescinds or amends Executive Order 50 (McAuliffe), which remains in full force and effect.

DECLARATION OF A STATE OF EMERGENCY DUE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The Commonwealth of Virginia is monitoring an outbreak of a respiratory illness referred to as the coronavirus (COVID-19), which has spread from Wuhan, Hubei Province, China to more than 80 other locations internationally, including the Commonwealth. The Virginia Department of Health (VDH) has been working with local, state, and federal officials, healthcare and emergency management experts, and various state agencies to form a COVID-19 Taskforce to prepare for and respond to this threat. Therefore, on this date, March 12, 2020, I declare that a state of emergency exists in the Commonwealth of Virginia to continue to prepare and coordinate our response to the potential spread of COVID-19, a communicable disease of public health threat. NUMBER FIFTY-TWO (2020)

INCREASES IN HOSPITAL BED CAPACITY IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The Commonwealth of Virginia anticipates a sudden, yet temporary need to increase bed capacity in general hospitals and nursing homes within the Commonwealth. The increase may be needed to serve persons who become acutely ill due to the outbreak of a respiratory illness referred to as the novel coronavirus (COVID-19). Based on information from the Virginia Department of Health and the Centers for Disease Control and Prevention, the number of cases of COVID-19 continues to increase within the Commonwealth and in neighboring states. It is anticipated that the number of persons who will need to be admitted to a hospital or nursing home for care within our communities may exceed the current capacity of our hospitals and nursing homes. Certain requirements in the *Code of Virginia* limit the ability of our hospitals and nursing homes to increase quickly their bed capacity in response to this expected higher demand.

Directive

Therefore, by virtue of the authority vested in me by the Constitution of Virginia, by §§ 2.2-103 and 44-146.13 *et seq.* of the *Code*, and notwithstanding the provisions of Article 1.1 of Chapter 4 of Title 32.1 of the *Code*, I direct the State Health Commissioner, at his discretion, to authorize any general hospital or nursing home to increase licensed bed capacity as determined necessary by the Commissioner to respond to increased demand for beds resulting from COVID-19. Notwithstanding Virginia Code § 32.1-132, I further direct any beds added by a general hospital or nursing home pursuant to an authorization of the Commissioner under this Order will constitute licensed beds that do not require further approval or the issuance of a new license.

These actions are in concert with, and further the provisions of, Executive Order 51 in marshalling all resources and appropriate preparedness, response, and recovery measures to respond to the emergency. Any authorization by the Commissioner to increase bed capacity, and

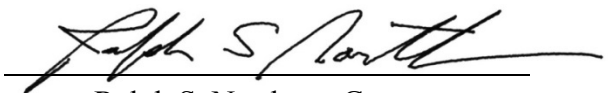

the authority for any resulting increased number of beds, will expire 30 days after the expiration or rescission of Executive Order 51, as it may be amended.

Effective Date of this Executive Order

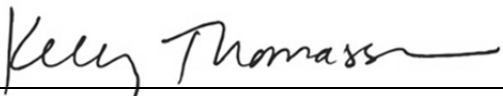

This Executive Order shall be effective March 20, 2020, and shall remain in full force and in effect until July 10, 2020, unless sooner amended or rescinded by further executive order.

TEMPORARY RESTRICTIONS ON RESTAURANTS, RECREATIONAL, ENTERTAINMENT, GATHERINGS, NON-ESSENTIAL RETAIL BUSINESSES, AND CLOSURE OF K-12 SCHOOLS DUE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The Commonwealth of Virginia continues to respond to the novel coronavirus (COVID-19) pandemic. On March 13, 2020, I ordered all K-12 schools in the Commonwealth closed for two weeks. On March 17, 2020, I, along with the Virginia State Health Commissioner, issued an Order of the Governor and State Health Commissioner Declaration of Public Health Emergency (later amended) limiting the number of patrons in restaurants, fitness centers, and theaters to no more than 10 per establishment. Despite these measures, COVID-19 presents an ongoing threat to our communities. Information from the Virginia Department of Health reveals occurrences of the virus in every region of the Commonwealth. Indeed, the data suggests that in several regions there may be community spread of the virus.

Now, we must take additional long term action to mitigate the impacts of this virus on our Commonwealth. Guidance on School Closures from the Centers for Disease Control and Prevention indicates that medium term closures (8-20 weeks) have greater impact on minimizing the spread of COVID-19 than shorter term closures (2-8 weeks). This guidance is consistent with the expertise of public health officials and their models of continuing spread of COVID-19 throughout the Commonwealth and the nation. Unnecessary person-to-person contact increases the risk of transmission and community spread. Consequently, we must limit such interactions to those necessary to access food and essential materials. Protecting the health and ensuring the safety of every Virginian is my highest priority.

Directive

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia* and in furtherance of Executive Order 51, I order the following:

1. Effective 11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, April 23, 2020, all public and private in person gatherings of 10 or more individuals are prohibited.
2. Cessation of all in-person instruction at K-12 schools, public and private, for the remainder of the 2019-2020 school year. Facilities providing child care services may remain open. On March 18, 2020, the Commissioner of the Virginia Department of Social Services, Duke Storen, issued [a letter](#) with guidance for daycare providers operating in the Commonwealth, including group size limits of 10 and stringent public health guidelines to prevent the spread of COVID-19. That guidance remains effective and I urge all Virginians with school-age children to review it. In addition, I urge child care providers to prioritize services for children of essential personnel, while asking all families with the ability to keep their children home, to do so. To that end, the Virginia Department of Social Services and the Virginia Department of Education will issue guidance to communities about operationalizing emergency child care services for essential personnel.
3. Closure of all dining and congregation areas in restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets effective 11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, April 23, 2020. Restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets may continue to offer delivery and take-out services.
4. Closure of all public access to recreational and entertainment businesses, effective 11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, April 23, 2020 as set forth below:
 - Theaters, performing arts centers, concert venues, museums, and other indoor entertainment centers;
 - Fitness centers, gymnasiums, recreation centers, indoor sports facilities, and indoor exercise facilities;
 - Beauty salons, barbershops, spas, massage parlors, tanning salons, tattoo shops, and any other location where personal care or personal grooming services are performed that would not allow compliance with social distancing guidelines to remain six feet apart;
 - Racetracks and historic horse racing facilities; and
 - Bowling alleys, skating rinks, arcades, amusement parks, trampoline parks, fairs, arts and craft facilities, aquariums, zoos, escape rooms, indoor shooting ranges, public and private social clubs, and all other places of indoor public amusement.

5. Essential retail businesses may remain open during their normal business hours. Such businesses are:
 - Grocery stores, pharmacies, and other retailers that sell food and beverage products or pharmacy products, including dollar stores, and department stores with grocery or pharmacy operations;
 - Medical, laboratory, and vision supply retailers;
 - Electronic retailers that sell or service cell phones, computers, tablets, and other communications technology;
 - Automotive parts, accessories, and tire retailers as well as automotive repair facilities;
 - Home improvement, hardware, building material, and building supply retailers;
 - Lawn and garden equipment retailers;
 - Beer, wine, and liquor stores;
 - Retail functions of gas stations and convenience stores;
 - Retail located within healthcare facilities;
 - Banks and other financial institutions with retail functions;
 - Pet and feed stores;
 - Printing and office supply stores; and
 - Laundromats and dry cleaners.
6. Effective 11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, April 23, 2020, any brick and mortar retail business not listed in paragraph 5 may continue to operate but must limit all in-person shopping to no more than 10 patrons per establishment. If any such business cannot adhere to the 10 patron limit with proper social distancing requirements, it must close.
7. All businesses shall, to the extent possible, adhere to social distancing recommendations, enhanced sanitizing practices on common surfaces, and other appropriate workplace guidance from state and federal authorities while in operation.
8. Although business operations offering professional rather than retail services may remain open, they should utilize teleworking as much as possible. Where telework is not feasible, such business must adhere to social distancing recommendations, enhanced sanitizing practices on common surfaces, and apply the relevant workplace guidance from state and federal authorities.
9. Nothing in the Order shall limit: (a) the provision of health care or medical services; (b) access to essential services for low-income residents, such as food

banks; (c) the operations of the media; (d) law enforcement agencies; or (e) the operation of government.

Violation of paragraphs 1, 3, 4, and 6 of this Order shall be a Class 1 misdemeanor pursuant to § 44-146.17 of the *Code of Virginia*.

Effective Date of this Executive Order

This Executive Order shall be effective March 23, 2020, amends Amended Order of the Governor and State Health Commissioner Declaration of Public Health Emergency, Order of Public Health Emergency One, and shall remain in full force and in effect until amended or rescinded by further executive order.

EXTENSION OF TEMPORARY RESTRICTIONS ON RESTAURANTS, RECREATIONAL, ENTERTAINMENT, GATHERINGS, NON-ESSENTIAL RETAIL BUSINESSES, AND CLOSURE OF K-12 SCHOOLS DUE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

Since issuing Executive Order 53 on March 23, 2020, the Commonwealth of Virginia has continued to implement aggressive measures to respond to and to mitigate the spread of the novel coronavirus (COVID-19) and its effects on Virginians. Data collected by the Virginia Department of Health, however, shows that the virus continues to spread across the state adversely affecting thousands of Virginians. Therefore, it is necessary to extend certain measures previously undertaken to ensure the safety and wellbeing of Virginians.

Directive

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia* and in furtherance of Executive Order 51, I order the following:

1. Effective **11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Wednesday, June 10, 2020**, all public and private in person gatherings of more than 10 individuals are prohibited, as further clarified in Executive Order 55.
2. Cessation of all in-person instruction at K-12 schools, public and private, for the remainder of the 2019-2020 school year. Facilities providing child care services may remain open. Restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets may continue to offer delivery and take-out services.
4. Closure of all public access to recreational and entertainment businesses, effective **11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, May 7, 2020** as set forth below:
 - Theaters, performing arts centers, concert venues, museums, and other indoor entertainment centers;
 - Fitness centers, gymnasiums, recreation centers, indoor sports facilities, and indoor exercise facilities;
 - Beauty salons, barbershops, spas, massage parlors, tanning salons, tattoo shops, and any other location where personal care or personal grooming services are performed that would not allow compliance with social distancing guidelines to remain six feet apart;
 - Racetracks and historic horse racing facilities; and
 - Bowling alleys, skating rinks, arcades, amusement parks, trampoline parks, fairs, arts and craft facilities, aquariums, zoos, escape rooms, indoor shooting ranges, public and private social clubs, and all other places of indoor public amusement.

SECOND AMENDED NUMBER FIFTY-THREE (2020)

FURTHER EXTENSION OF TEMPORARY RESTRICTIONS ON RESTAURANTS, RECREATIONAL, ENTERTAINMENT, GATHERINGS, NON-ESSENTIAL RETAIL BUSINESSES, AND CLOSURE OF K-12 SCHOOLS DUE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

Since issuing Executive Order 53 on March 23, 2020, Virginians have stayed home, travelled when necessary, educated their children at home, worn masks, and practiced social distancing when in public. Virginians have made sacrifices. And I am proud of Virginia and grateful for those efforts. Because Virginians have taken the novel coronavirus (COVID-19) pandemic seriously, we are making strides toward mitigating the spread of this deadly virus. There is, however, more to be done to ensure the safety and welfare of Virginians before the restrictions levied on March 23, 2020, can be eased. Therefore, it is necessary to extend for a second time certain measures previously undertaken to ensure the health and wellbeing of Virginians.

Directive

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia* and in furtherance of Executive Order 51, I order the following:

1. Effective 11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Wednesday, June 10, 2020, all public and private in person gatherings of more than 10 individuals are prohibited, as further clarified in Executive Order 55.
2. Cessation of all in-person instruction at K-12 schools, public and private, for the remainder of the 2019-2020 school year. Facilities providing child care services may remain open. On March 18, 2020, the Commissioner of the Virginia Department of Social Services, Duke Storen, issued [a letter](#) with guidance for daycare providers operating in the Commonwealth, including group size limits of

10 and stringent public health guidelines to prevent the spread of COVID-19. That guidance remains effective and I urge all Virginians with school-age children to review it. In addition, I urge child care providers to prioritize services for children of essential personnel, while asking all families with the ability to keep their children home, to do so. To that end, the Virginia Department of Social Services and the Virginia Department of Education will issue guidance to communities about operationalizing emergency child care services for essential personnel.

3. Closure of all dining and congregation areas in restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets effective **11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, May 14, 2020**. Restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets may continue to offer delivery and take-out services.
4. Closure of all public access to recreational and entertainment businesses, effective **11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, May 14, 2020** as set forth below:
 - Theaters, performing arts centers, concert venues, museums, and other indoor entertainment centers;
 - Fitness centers, gymnasiums, recreation centers, indoor sports facilities, and indoor exercise facilities;
 - Beauty salons, barbershops, spas, massage parlors, tanning salons, tattoo shops, and any other location where personal care or personal grooming services are performed that would not allow compliance with social distancing guidelines to remain six feet apart;
 - Racetracks and historic horse racing facilities; and
 - Bowling alleys, skating rinks, arcades, amusement parks, trampoline parks, fairs, arts and craft facilities, aquariums, zoos, escape rooms, indoor shooting ranges, public and private social clubs, and all other places of indoor public amusement.
5. Essential retail businesses may remain open during their normal business hours. Such businesses are:
 - Grocery stores, pharmacies, and other retailers that sell food and beverage products or pharmacy products, including dollar stores, and department stores with grocery or pharmacy operations;
 - Medical, laboratory, and vision supply retailers;
 - Electronic retailers that sell or service cell phones, computers, tablets, and other communications technology;
 - Automotive parts, accessories, and tire retailers as well as automotive repair facilities;

- Home improvement, hardware, building material, and building supply retailers;
 - Lawn and garden equipment retailers;
 - Beer, wine, and liquor stores;
 - Retail functions of gas stations and convenience stores;
 - Retail located within healthcare facilities;
 - Banks and other financial institutions with retail functions;
 - Pet and feed stores;
 - Printing and office supply stores; and
 - Laundromats and dry cleaners.
6. Effective **11:59 p.m., Tuesday, March 24, 2020 until 11:59 p.m., Thursday, May 14, 2020**, any brick and mortar retail business not listed in paragraph 5 may continue to operate but must limit all in-person shopping to no more than 10 patrons per establishment. If any such business cannot adhere to the 10 patron limit with proper social distancing requirements, it must close.
 7. All businesses shall, to the extent possible, adhere to social distancing recommendations, enhanced sanitizing practices on common surfaces, and other appropriate workplace guidance from state and federal authorities while in operation.
 8. Although business operations offering professional rather than retail services may remain open, they should utilize teleworking as much as possible.  10. The waiver of § 18.2-422 of the *Code of Virginia* so as to allow the wearing of a medical mask, respirator, or any other protective face covering for the purpose of facilitating the protection of one's personal health in response to the COVID-19 public health emergency declared by the State Health Commissioner on February 7, 2020 and reflected in Executive Order 51 declaring a state of emergency in the Commonwealth. Executive Order 51 is so amended. This waiver is effective as of March 12, 2020 until 11:59 p.m. on Wednesday, June 10, 2020.
 11. Continued cancellation of all specially-scheduled state conferences and large events until 11:59 p.m. on Wednesday, June 10, 2020.

12. Continued cessation of all official travel outside of Virginia by state employees, with increased flexibility for inter-state commuters and essential personnel until 11:59 p.m. on Wednesday, June 10, 2020.
13. Nothing in this Order abrogates the provisions of Executive Orders 51 or 55, which are still in full force and effect.

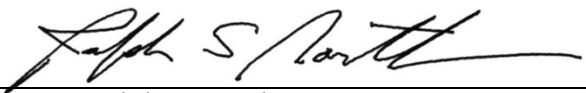

Violation of paragraphs 1, 3, 4, and 6 of this Order shall be a Class 1 misdemeanor pursuant to § 44-146.17 of the *Code of Virginia*.

DELEGATION OF AUTHORITY TO THE COMMISSIONER OF THE VIRGINIA EMPLOYMENT COMMISSION TO REQUEST TITLE XII ADVANCES TO SUPPORT VIRGINIA WORKERS

Importance of the Issue

Due to the novel coronavirus (COVID-19) public health emergency, many Virginians are out of work due to temporarily business closures, school closures, and other health-related emergencies. The United States Department of Labor is working on expanding the definition of who is eligible for unemployment benefits, an extension of time a person may be on unemployment benefits, and the amount of unemployment pay a dislocated worker receives per week. The increase in workers who are eligible as well as the increase in funds distributed to families in the Commonwealth will deplete the Virginia Unemployment Insurance Trust. The United States Department of Labor Employment and Training Administration issued guidance regarding on how to request and repay Title XII advances from the Federal Unemployment Account. Pursuant to that guidance, the Virginia Employment Commission must take action with the United States Department of Labor to secure benefits for Virginians.

Directive

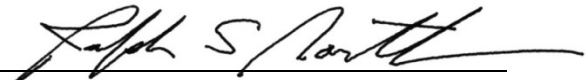

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, § 2.2-104 of the *Code of Virginia*, and my continuing and ultimate authority and responsibility to act in such matters, I hereby affirm and delegate to the Commissioner of the Virginia Employment Commission the authority and responsibility for executing agreements with the United States Department of Labor related to implement the S.B.3548 - Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and requesting Title XII advances from the Federal Unemployment Account.

Effective Date of this Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect until amended or rescinded by further executive order.

NUMBER FIFTY-SEVEN (2020)

LICENSING OF HEALTH CARE PROFESSIONALS IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The COVID-19 disease, caused by a virus that spreads easily from person to person that may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has spread throughout the Commonwealth. The number of cases of COVID-19 continues to increase within the Commonwealth and in neighboring states. It is anticipated that COVID-19 will result in increased demands on the Commonwealth's health professional workforce that will require additional personnel. Authorizing out-of-state licensed professionals, as well as residents, interns, and certain senior students to practice in the Commonwealth will assist in meeting that demand. In addition, permitting experienced nurse practitioners to practice without a practice agreement will increase the availability of primary care and hospital providers. Finally, expanding the use of telehealth will assist in the provision of needed health care services to the citizens of the Commonwealth.

Directive

Therefore, by virtue of the authority vested in me by the Constitution of Virginia and §44-146.17 of the *Code of Virginia*, during the state of emergency declared in Executive Order 51, I hereby order the following:

1. During the state of emergency declared by Executive Order 51, a license in good standing issued to a health care practitioner by another state shall be deemed to be an active license issued by the Commonwealth to provide health care or professional services as a health care practitioner of the same type for which such license is issued in another state, provided such health care practitioner is engaged by a hospital or an affiliate of such hospital where both share the same corporate parent, licensed nursing facility, dialysis facility, physicians' office, or other health care facility in the Commonwealth for the purpose of assisting that office or facility with public health and medical disaster response operations. Hospitals, licensed nursing facilities, dialysis facilities, physicians'

offices, and other health care facilities must submit to the applicable licensing board each out-of-state health care practitioner's name, license type, state of license, and license identification number within a reasonable time of such healthcare practitioner providing services for the health care facility or office in the Commonwealth. A health care facility includes assisted living facilities, congregate care settings, and any alternate care facility established in response to the COVID-19 emergency.

2. A clinical psychologist, professional counselor, marriage and family therapist, and clinical social worker with an active license issued by another state may be issued a temporary license by endorsement as a health care practitioner of the same type for which such license is issued in another state upon submission of an application and information requested by the applicable licensing board and the board's verification that the applicant's license issued by another state is active in good standing and there are no current reports in the United States Department of Health and Human Services National Practitioner Data Bank. Such temporary license shall expire ninety (90) days after the state of emergency ends. During such time the practitioner may seek a full Virginia license or transition patients to Virginia-licensed practitioners.
3. Health care practitioners with an active license issued by another state may provide continuity of care to their current patients who are Virginia residents through telehealth services. Establishment of a relationship with a new patient requires a Virginia license unless pursuant to paragraphs 1 or 2 above.
4. A healthcare practitioner may use any non-public facing audio or remote communication product that is available to communicate with patients. This exercise of discretion applies to telehealth provided for any reason regardless of whether the telehealth service is related to the diagnosis and treatment of COVID-19.
5. Nurse practitioners licensed in the Commonwealth of Virginia, except those licensed in the category of certified registered nurse anesthetists, with two or more years of clinical experience may practice in the practice category in which they are certified and licensed and prescribe without a written or electronic practice agreement.
6. Interns, residents, and fellows with active temporary training licenses to practice medicine issued by the Virginia Board of Medicine may practice in a hospital, including a clinic or alternate care facility operated by a hospital. without the supervision of a licensed physician or fully licensed member of the applicable faculty program at all times. The level of supervision required for each intern, resident, and fellow shall be established by the training program in coordination with the hospital where practice is occurring.
7. Senior fourth year medical students may practice in a hospital, including a clinic or alternate care facility operated by a hospital. without the direct tutorial supervision by a

licensed physician member of the hospital staff. The level of supervision required for each student shall be established by the institution in coordination with the hospital where practice is occurring.

8. Individuals who have completed an accredited respiratory care program may practice respiratory therapy and for ninety (90) days thereafter or until the individual has passed the National Board on Respiratory Care licensure examination and been issued a license or has failed the examination, whichever occurs first.

Nothing in this order designates the healthcare practitioners above as agents of the Commonwealth.

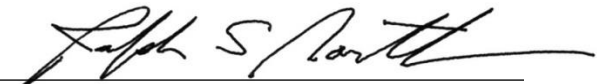

These actions are in concert with, and further the provisions of Executive Order 51 in marshalling all resources and appropriate preparedness, response, and recovery measures to respond to the emergency.

Effective Date of this Executive Order

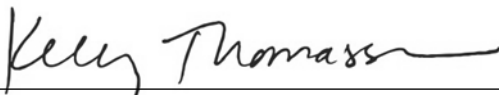

This Executive Order shall be effective April 17, 2020, and shall remain in full force and in effect until June 10, 2020 unless sooner amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 17th day of April, 2020.

Establishment of a relationship with a new patient requires a Virginia license unless pursuant to paragraphs 1 or 2 above.
4. A healthcare practitioner may use any non-public facing audio or remote communication product that is available to communicate with patients. This exercise of discretion applies to telehealth provided for any reason regardless of whether the telehealth service is related to the diagnosis and treatment of COVID-19.
5. Nurse practitioners licensed in the Commonwealth of Virginia, except those licensed in the category of certified registered nurse anesthetists, with two or more years of clinical experience may practice in the practice category in which they are certified and licensed and prescribe without a written or electronic practice agreement.
6. Physician assistants licensed in the Commonwealth of Virginia with two or more years of clinical experience may practice in their area of knowledge and expertise and may prescribe without a written or electronic practice agreement.
7. Interns, residents, and fellows with active temporary training licenses to practice medicine issued by the Virginia Board of Medicine may practice in a hospital, including a clinic or alternate care facility operated by a hospital without the supervision of a licensed physician or fully licensed member of the applicable faculty program at all times. The level of supervision required for each intern, resident, and fellow shall be

established by the training program in coordination with the hospital where practice is occurring.

8. Senior fourth year medical students may practice in a hospital, including a clinic or alternate care facility operated by a hospital without the direct tutorial supervision by a licensed physician member of the hospital staff. The level of supervision required for each student shall be established by the institution in coordination with the hospital where practice is occurring.
9. Individuals who have completed an accredited respiratory care program may practice respiratory therapy and for ninety (90) days thereafter or until the individual has passed the National Board on Respiratory Care licensure examination and been issued a license or has failed the examination, whichever occurs first.

Nothing in this order designates the healthcare practitioners above as agents of the Commonwealth.

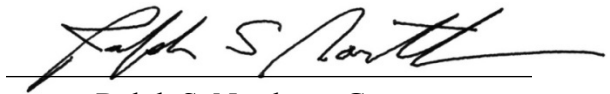

These actions are in concert with, and further the provisions of Executive Order 51 in marshalling all resources and appropriate preparedness, response, and recovery measures to respond to the emergency.

Effective Date of this Amended Executive Order

This Executive Order shall be effective April 17, 2020, and shall remain in full force and in effect until June 10, 2020 unless sooner amended or rescinded by further executive order.

Executive Order

SECOND AMENDED NUMBER FIFTY-SEVEN (2020)

**LICENSING OF HEALTH CARE PROFESSIONALS
IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)**

EXTENSION OF CERTAIN WAIVERS

Importance of the Issue

It is anticipated that COVID-19 will continue to place increased demands on the Commonwealth's health professional workforce that will require additional personnel. Authorizing out-of-state licensed professionals to continue providing care to the citizens of the Commonwealth via telehealth will assist in meeting that demand. In addition, continuing to permit experienced nurse practitioners and physician assistants to practice without a practice agreement will extend the availability of primary care and hospital providers. Finally, continuing to expand the availability of telehealth will assist in the needed provision of health care services to the citizens of the Commonwealth.

Directive

Therefore, by virtue of the authority vested in me by the Constitution of Virginia and §44-146.17 of the *Code of Virginia*, during the state of emergency declared in Amended Executive Order 51, I hereby order the following:

1. During the state of emergency declared in Amended Executive Order 51, a license issued to a health care practitioner by another state, and in good standing with such state, shall be deemed to be an active license issued by the Commonwealth to provide health care or professional services as a health care practitioner of the same type for which such license is issued in another state, provided such health care practitioner is engaged by a hospital, or an affiliate of such hospital where both share the same corporate parent, licensed nursing facility, or dialysis facility in the Commonwealth for the purpose of assisting that facility with public health and medical disaster response operations. Hospitals, licensed nursing facilities, and dialysis facilities must submit to the applicable licensing authority each out-of-state health care practitioner's name, license type, state of license, and license

identification number within a reasonable time of such healthcare practitioner providing services at the applicable health care facility in the Commonwealth. Health care practitioners with active licenses issued by other states who notified the applicable licensing authority under this Executive Order and were engaged by a physician's office or other health care facility that is not a hospital, nursing facility, or dialysis facility may continue to practice in the Commonwealth for an additional 30 days from the date of this Order and may apply for licensure in the Commonwealth in order to continue providing services to patients located in Virginia.

2. A clinical psychologist, professional counselor, marriage and family therapist, and clinical social worker with an active license issued by another state may be issued a temporary license by endorsement as a health care practitioner of the same type for which such license is issued in another state upon submission of an application and information requested by the applicable licensing board and the board's verification that the applicant's license issued by another state is active in good standing and there are no current reports in the United States Department of Health and Human Services National Practitioner Data Bank. Such temporary license shall expire September 8, 2020. During such time the practitioner may seek a full Virginia license or transition patients to Virginia-licensed practitioners.
3. Nurse practitioners licensed in the Commonwealth of Virginia, except those licensed in the category of Certified Registered Nurse Anesthetists, with two or more years of clinical experience may continue to practice in the practice category in which they are certified and licensed and prescribe without a written or electronic practice agreement until September 8, 2020.
4. Health care practitioners with an active license issued by another state may provide continuity of care to their current patients who are Virginia residents through telehealth services for the duration of Amended Executive Order 51. Establishment of a relationship with a new patient requires a Virginia license unless pursuant to paragraphs 1 or 2 above.
5. Physician assistants licensed in the Commonwealth of Virginia with two or more years of clinical experience may practice in their area of knowledge and expertise and may prescribe without a written or electronic practice agreement until September 8, 2020.
6. A healthcare practitioner may use any non-public facing audio or remote communication product that is available to communicate with patients for the duration of Amended Executive Order 51. This exercise of discretion applies to telehealth provided for any reason regardless of whether the telehealth service is related to the diagnosis and treatment of COVID-19.

Nothing in this order designates the healthcare practitioners above as agents of the Commonwealth.

These actions are in concert with, and further the provisions of Executive Order 51 in marshalling all resources and appropriate preparedness, response, and recovery measures to respond to the emergency.

Effective Date of this Executive Order

This Executive Order shall be effective June 10, 2020 and shall remain in full force and in effect for the duration of the state of emergency as declared in Amended Executive Order 51 unless sooner amended or rescinded by further executive order.

THIRD AMENDED NUMBER FIFTY-SEVEN (2021)

LICENSING OF HEALTH CARE PROFESSIONALS IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

FURTHER EXTENSION OF CERTAIN WAIVERS

Importance of the Issue

It is anticipated that COVID-19 will continue to place increased demands on the Commonwealth's health professional workforce that will require additional personnel, **including for the administration of COVID-19 vaccines. Continuing both the authorization of out-of-state licensed professionals to provide care to the citizens of the Commonwealth and the availability of telehealth will assist in meeting that demand, as will allowing physician assistants to practice outside of a practice agreement and allowing licensed practical nurses to administer vaccines without supervision. Partnerships in vaccine administration between private and public entities will also expand our capacity to vaccinate. Allowing temporary nurse aides to qualify to transition into certified nurse aides will help address a key workforce need.**

Directive

Therefore, by virtue of the authority vested in me by the Constitution of Virginia and §44-146.17 of the *Code of Virginia*, during the state of emergency declared in Amended Executive Order 51, I hereby order the following:

1. **Notwithstanding any contrary provision in Title 54.1 of the Code of Virginia**, a license issued to a health care practitioner by another state, and in good standing with such state, shall be deemed to be an active license issued by the Commonwealth to provide health care or professional services as a health care practitioner of the same type for which such license is issued in another state. Such license is permissible, provided the health care practitioner is engaged by a hospital (or an affiliate of such hospital where both share the same corporate parent), licensed nursing facility, dialysis facility, **the Virginia Department of Health (VDH)**, or a local or district health department for the

purpose of assisting that facility with public health and medical disaster response operations. Hospitals, licensed nursing facilities, dialysis facilities, **and health departments** must submit to the applicable licensing authority each out-of-state health care practitioner's name, license type, state of license, and license identification number within a reasonable time of such healthcare practitioner providing services at the applicable **facility in the Commonwealth**.

2. Health care practitioners with an active license issued by another state may provide continuity of care to their current patients who are Virginia residents through telehealth services. Establishment of a relationship with a new patient requires a Virginia license unless pursuant to paragraph 1 of this Order.
3. Physician assistants licensed in the Commonwealth of Virginia with two or more years of clinical experience may practice in their area of knowledge and expertise and may prescribe without a written or electronic practice agreement.
4. A healthcare practitioner may use any non-public facing audio or remote communication product that is available to communicate with patients. This exercise of discretion applies to telehealth provided for any reason regardless of whether the telehealth service is related to the diagnosis and treatment of COVID-19.
5. **A licensed practical nurse may administer the COVID-19 vaccine without the supervision of a registered nurse or licensed medical practitioner.**
6. **Licensed health professionals of health systems or hospitals whose scope of practice includes administration of the vaccine and who have administered the COVID-19 vaccine in the health system or hospital setting may administer the COVID-19 vaccine at any point of distribution held in collaboration between the health system or hospital and a local health department without additional training.**
7. **A local health department may collaborate with a federal health facility, whether civilian or military, for the purpose of COVID-19 vaccine administration. Federal personnel whose scope of practice includes vaccination may serve with the Medical Reserve Corps after a training and skills assessment as required by VDH.**
8. **Temporary nurse aides practicing in long term care facilities under the federal Public Health Emergency 1135 Waiver may be deemed eligible by the Board of Nursing to take the National Nurse Aide Assessment Program examination upon submission of a completed application, the employer's written verification of competency and employment as a temporary nurse aide, and provided no other grounds exist under Virginia law to deny the application.**

With the exception of healthcare practitioners volunteering with the Medical Reserve Corps, nothing in this Order designates the healthcare practitioners above as agents of the Commonwealth.

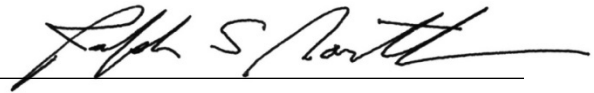

These actions are in concert with, and further the provisions of **Amended** Executive Order 51 in marshalling all resources and appropriate preparedness, response, and recovery measures to respond to the emergency.

Effective Date of this Executive Order

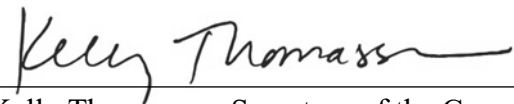

This Executive Order shall be effective **immediately** and shall remain in full force and effect for the duration of the state of emergency as declared in Amended Executive Order 51 unless sooner amended or rescinded by further executive order.

NUMBER FIFTY-EIGHT (2020)

ACCESS TO MEDICAID-COVERED HEALTH CARE SERVICES IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The COVID-19 disease, caused by a virus that spreads easily from person to person that may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic. This virus has spread throughout the Commonwealth. Based on information from the Virginia Department of Health and the Centers for Disease Control and Prevention, the number of cases of COVID-19 continues to increase within the Commonwealth and in neighboring states. It is anticipated that COVID-19 will result in increased demand for certain health care services, that, coupled with significant burden on the health care system, will require additional flexibilities for healthcare providers to ensure access to care for Medicaid and Family Access to Medical Insurance Security (FAMIS) members. Waiving copays for Medicaid and FAMIS members, suspending certain requirements for replacement durable medical equipment (DME), and ensuring new and updated information is immediately received by providers will assist in meeting beneficiary access to care needs. Extending allowable timeframes for certain background checks for personal care, respite services, and companion services will expand the availability of critical long term care providers.

Directive

Therefore, by virtue of the authority vested in me by the Constitution of Virginia and § 44-146.17 of the *Code of Virginia*, and in furtherance of the state of emergency declared in Executive Order 51, I hereby order the following:

1. The Department of Medical Assistance Services (DMAS) will suspend pre-admission screening pursuant to § 32.1-330 of the *Code of Virginia*. All new nursing facility admissions will be treated like exempted hospital discharges.

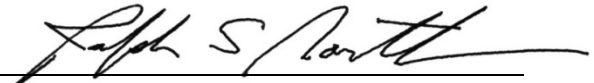

2. Copays required under § 32.1-351(C) of the *Code of Virginia* for Virginians receiving health insurance through the Family Access to Medical Insurance Security Plan are waived.
3. Requirements pursuant to § 32.1-325(A)(14) of the *Code of Virginia* concerning certificates of medical necessity and any supporting verifiable documentation are waived with respect to replacement of durable medical equipment (DME). DMAS will also suspend enforcement of additional replacement requirements for DME, prosthetics, orthotics, and supplies that are lost, destroyed, irreparably damaged, or otherwise rendered unusable, such that the face-to-face requirement, a new physician's order, and new medical necessity documentation are not required for replacement equipment.
4. Personal care, respite, and companion providers in the agency- or consumer-directed program, who are providing services to individuals over the age of 18, may work for up to 60 days, as opposed to the current 30-day limit in § 32.1-162.9:1 of the *Code Virginia*, while criminal background registries are checked. Consumer-directed Employers of Record must ensure that the attendant is adequately supervised while the criminal background registry check is processed. Agency providers must adhere to current reference check requirements and ensure that adequate training has occurred prior to the aide providing the services in the home. Agency providers shall conduct weekly supervisory visits through telehealth methods when the aide works prior to receiving criminal background registry results. This section does not apply to services provided to individuals under the age of 18, with the exception of parents of minor children in the consumer-directed program.
5. Requirements under § 2.2-4002.1 of the *Code Virginia* related to the 30-day advance public notice and comment period are waived as to DMAS only, so that the DMAS can issue Medicaid Memos to ensure that healthcare providers receive immediate information on flexibilities to ensure access to care for Medicaid members.

Effective Date of this Executive Order

This Executive Order shall be effective April 23, 2020, and shall remain in full force and in effect until June 10, 2020 unless sooner amended or rescinded by further executive order.

The Commonwealth continues to respond to the threat posed by the novel coronavirus (COVID-19). The actions we take now will help protect the health and safety of our citizens for months to come. NUMBER SIXTY (2020)

CLARIFICATION OF CERTAIN IMMUNITY FROM LIABILITY FOR HEALTHCARE PROVIDERS IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The Commonwealth of Virginia continues to respond to the COVID-19 pandemic. The number of confirmed cases, hospitalizations, and persons under investigation in Virginia has increased substantially. As testing increases, it is highly likely that these numbers will continue to rise. Hospitals and nursing homes across the Commonwealth are reporting large numbers of patients presenting with COVID-19 symptoms, which is putting significant stress on these facilities, as they were already dealing with a more severe seasonal influenza than usual. Healthcare providers are experiencing critical shortages of personal protective equipment (PPE) and other supplies. In some cases, they are being required to reuse PPE where possible and appropriate. Healthcare providers are not able to quickly resupply these critical resources due to severe supply chain disruptions as a result of increased equipment use in the worldwide COVID-19 response. In addition, staffing levels at hospitals are often strained by the inability to transfer patients with COVID-19 to other sites of care such as assisted living facilities, hospice facilities, and nursing homes because of the need to contain the spread of the virus. All of these difficulties are created by the effects of COVID-19 and present less than optimal conditions to deliver the healthcare indicated by conventional standards of care.

Response to the COVID-19 disaster will require both public and private healthcare providers and other persons to deliver care using personnel, supplies, and equipment in ways that would not be undertaken in conventional practices. Examples could include the need to use a single ventilator for multiple patients at the same time, reuse of PPE, and withholding healthcare services in certain situations. It is in the public interest to afford healthcare providers involved in the delivery of healthcare impacted by COVID-19 with adequate protection against liability for good faith actions or omissions taken in their efforts to combat this health emergency.

Sections 8.01-225.01 and 8.01-225.02 of the *Code of Virginia* provide certain liability protection to healthcare providers during a state of emergency.

Section 8.01-225.01 provides in relevant part:

A. In the absence of gross negligence or willful misconduct, any health care provider who responds to a disaster by delivering health care to persons injured in such disaster shall be immune from civil liability for any injury or wrongful death arising from abandonment by such health care provider of any person to whom such health care provider owes a duty to provide health care when (i) a state or local emergency has been or is subsequently declared; and (ii) the provider was unable to provide the requisite health care to the person to whom he owed such duty of care as a result of the provider's voluntary or mandatory response to the relevant disaster.

Section 8.01-225.02 in relevant part provides:

In the absence of gross negligence or willful misconduct, any health care provider who responds to a disaster shall not be liable for any injury or wrongful death of any person arising from the delivery or withholding of health care when (i) a state or local emergency has been or is subsequently declared in response to such disaster, and (ii) the emergency and subsequent conditions caused a lack of resources, attributable to the disaster, rendering the health care provider unable to provide the level or manner of care that otherwise would have been required in the absence of the emergency and which resulted in the injury or wrongful death at issue.

It is apparent that in enacting these provisions, the General Assembly intended to afford healthcare providers immunity from certain liability in exactly the circumstances presented by the COVID-19 health crisis. And so, it is imperative that it is clear that the liability protections in these provisions are meant to protect healthcare providers providing healthcare in response to the COVID-19 health emergency.

Directive

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia* and in furtherance of Executive Order No. 51, I clarify the following with respect to my executive actions and §§ 8.01-225.01 and 8.01-225.02 of the *Code of Virginia*:

1. COVID-19 is a “communicable disease of public health threat” as defined in § 44-146.16 of the *Code of Virginia* that constitutes a “disaster” as defined in § 44-146.16 of the *Code of Virginia*.
2. Executive Order No. 51 declares a state emergency in response to the COVID-19 disaster.

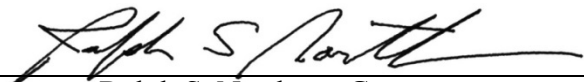

3. “Responds to a disaster” includes but is not limited to, pursuant to Order of Public Health Emergency Two as amended, temporary withholding of the provision of procedures, consultations or surgeries performed in an inpatient or outpatient surgical hospital licensed under 12 Va. Admin. Code § 5-410, free-standing emergency department or endoscopy center, physicians’ office, or dental, orthodontic, oral surgeon, or endodontic offices that require PPE, the delay of which was not anticipated to cause harm to the patient by negatively affecting the patient’s health outcomes, or leading to disability or death.
4. “Emergency and subsequent conditions caused a lack of resources, attributable to the disaster, rendering the health care provider unable to provide the level or manner of care that otherwise would have been required in the absence of the emergency” shall be deemed to include but is not limited to: (i) insufficient availability of PPE, ventilators, or other drugs, blood products, supplies or equipment; (ii) insufficient availability of trained staff; (iii) having licensed healthcare professionals deliver care that, while included in the scope of their licensure, exceeds the scope of their credentials at the hospital or other health care facility at which they deliver services or exceeds the scope of the services that they normally provide; (iv) implementation or execution of triage protocols or scarce resource allocation policies necessitated by healthcare provider declaration of crisis standards of care; and (v) using supplies or equipment in innovative ways that are different from the way that these supplies and equipment are normally used.
5. Nothing in this Executive Order shall affect the right or ability to claim immunity from liability for any cause of action under any other federal or state law, regulation, rule, or order or any theory of common law immunity nor the right of any person to receive benefits to which he would otherwise be entitled under law nor the right of any such person to receive any benefits or compensation under any act of the General Assembly or United States Congress.

Effective Date of this Executive Order

This Executive Order shall be effective until the expiration of Executive Order 51 unless sooner amended or rescinded.

AMENDED NUMBER SIXTY (2020)

FURTHER CLARIFICATION OF CERTAIN IMMUNITY FROM LIABILITY FOR HEALTHCARE PROVIDERS IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

The Commonwealth of Virginia continues to respond to the COVID-19 pandemic. The number of confirmed cases, hospitalizations, and persons under investigation in Virginia has increased substantially. As testing increases, it is highly likely that these numbers will continue to rise. Hospitals and nursing homes across the Commonwealth are reporting large numbers of patients presenting with COVID-19 symptoms, which is putting significant stress on these facilities, as they were already dealing with a more severe seasonal influenza than usual. Healthcare providers are experiencing critical shortages of personal protective equipment (PPE) and other supplies. In some cases, they are being required to reuse PPE where possible and appropriate. In addition, staffing levels at hospitals are often strained by the inability to transfer patients with COVID-19 to other sites of care such as assisted living facilities, hospice facilities, and nursing homes because of the need to contain the spread of the virus. The effects of COVID-19 create these difficulties and present less than optimal conditions to deliver the healthcare indicated by conventional standards of care.

With the possibility that a vaccine may soon be available, Virginia must prepare for its safe and efficient use, distribution, and storage. Further, it is critical that both public and private healthcare providers and other persons **who** deliver care **continue to** use personnel, supplies, and equipment in ways that would not be undertaken in conventional practices. Examples could include the need to use a single ventilator for multiple patients at the same time, reuse of PPE, withholding healthcare services in certain situations, **and the storage, distribution, prescription, dispensation, administration, or research of vaccines or other countermeasures under an Emergency Use Authorization.** It is in the public interest to afford healthcare providers **and others** involved in the delivery of healthcare impacted by COVID-19 with adequate protection against liability for good-faith actions or omissions taken in their efforts to combat this health emergency.

Sections 8.01-225.01 and 8.01-225.02 of the *Code of Virginia* provide certain liability protection to healthcare providers during a state of emergency.

Section 8.01-225.01 provides in relevant part:

A. In the absence of gross negligence or willful misconduct, any health care provider who responds to a disaster by delivering health care to persons injured in such disaster shall be immune from civil liability for any injury or wrongful death arising from abandonment by such health care provider of any person to whom such health care provider owes a duty to provide health care when (i) a state or local emergency has been or is subsequently declared; and (ii) the provider was unable to provide the requisite health care to the person to whom he owed such duty of care as a result of the provider's voluntary or mandatory response to the relevant disaster.

Section 8.01-225.02 in relevant part provides:

In the absence of gross negligence or willful misconduct, any health care provider who responds to a disaster shall not be liable for any injury or wrongful death of any person arising from the delivery or withholding of health care when (i) a state or local emergency has been or is subsequently declared in response to such disaster, and (ii) the emergency and subsequent conditions caused a lack of resources, attributable to the disaster, rendering the health care provider unable to provide the level or manner of care that otherwise would have been required in the absence of the emergency and which resulted in the injury or wrongful death at issue.

Section 8.01-225.03 of the *Code of Virginia* provides similar liability protection to other providers of healthcare services, including hospices, home care organizations, private providers, assisted living facilities, and adult day care centers during the public health emergency related to the COVID-19 virus. Section 8.01-225.03 in relevant part provides:

In the absence of gross negligence or willful misconduct, any (i) hospice licensed pursuant to § 32.1-162.3, (ii) home care organization licensed pursuant to § 32.1-162.9, (iii) private provider licensed by the Department of Behavioral Health and Developmental Services pursuant to Article 2 (§ 37.2-403 et seq.) of Chapter 4 of Title 37.2, (iv) assisted living facility licensed pursuant to § 63.2-1701, or (v) adult day care center licensed pursuant to § 63.2-1701 that delivers care to or withholds care from a patient, resident, or person receiving services who is diagnosed as being or is believed to be infected with the COVID-19 virus shall not be liable for any injury or wrongful death of such patient, resident, or person receiving services arising from the delivery or withholding of care when the emergency and

subsequent conditions caused by the emergency result in a lack of resources, attributable to the disaster, that render such hospice, home care organization, private provider licensed by the Department of Behavioral Health and Developmental Services, assisted living facility, or adult day care center unable to provide the level or manner of care that otherwise would have been required in the absence of the emergency and that resulted in the injury or wrongful death at issue.

Section 44-146.23 of the *Code of Virginia* provides certain liability protection to public and private agencies and their employees engaged in emergency services activities, which include medical and health services. Section 44-146.23 in relevant part provides:

Neither the Commonwealth, nor any political subdivision thereof, nor federal agencies, nor other public or private agencies, nor, except in cases of willful misconduct, public or private employees, nor representatives of any of them, engaged in any emergency services activities, while complying with or attempting to comply with this chapter or any rule, regulation, or executive order promulgated pursuant to the provisions of this chapter, shall be liable for the death of, or any injury to, persons or damage to property as a result of such activities. The provisions of this section shall not affect the right of any person to receive benefits to which he would otherwise be entitled under this chapter, or under the Workers' Compensation Act (§ 65.2-100 et seq.), or under any pension law, nor the right of any such person to receive any benefits or compensation under any act of Congress. For the purposes of the immunity conferred by this subsection, representatives of public or private employees shall include, but shall not be limited to, volunteers in state and local services who are persons who serve in a Medical Reserve Corps (MRC) unit or on a Community Emergency Response Team (CERT).

Section 44-146.16 of the *Code of Virginia* defines "Emergency services" as:

[T]he preparation for and the carrying out of functions, other than functions for which military forces are primarily responsible, to prevent, minimize, and repair injury and damage resulting from disasters, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions. These functions include, without limitation, firefighting services, police services, medical and health services, rescue, engineering, warning services, communications, radiological, chemical, and other special weapons defense, evacuation of persons from stricken areas, emergency welfare services, emergency transportation, emergency resource management, existing or properly assigned functions of plant protection, temporary restoration of public utility services, and other functions related to civilian protection. These functions also include

the administration of approved state and federal disaster recovery and assistance programs.

It is apparent that in enacting these provisions, the General Assembly intended to afford immunity from certain liability in exactly the circumstances presented by the COVID-19 health crisis. Therefore, it is imperative that it is clear that the liability protections in these provisions protect healthcare providers **and other persons and entities involved in the delivery of healthcare, including any COVID-19 vaccine or countermeasure**, in response to the COVID-19 health emergency.

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia* and in furtherance of **Amended** Executive Order No. 51, I clarify the following with respect to my executive actions and §§ 8.01-225.01, 8.01-225.02, **8.01-225.03, 44-146.23, and 44-146.16** of the *Code of Virginia*.

Directive

1. COVID-19 is a “communicable disease of public health threat” as defined in § 44-146.16 of the *Code of Virginia* that constitutes a “disaster” as defined in § 44-146.16 of the *Code of Virginia*.
2. **Amended** Executive Order No. 51 declares a state emergency in response to the COVID-19 disaster.
3. “Responds to a disaster” includes but is not limited to, **(i)** pursuant to Order of Public Health Emergency Two as amended, temporary withholding of the provision of procedures, consultations or surgeries performed in an inpatient or outpatient surgical hospital licensed under 12 Va. Admin. Code § 5-410, free-standing emergency department or endoscopy center, physicians’ office, or dental, orthodontic, oral surgeon, or endodontic offices that require PPE, the delay of which was not anticipated to cause harm to the patient by negatively affecting the patient’s health outcomes, or leading to disability or death; and **(ii) pursuant to federal or state programs or direction, withholding of the prescription, dispensation, or administration of any COVID-19 vaccine or other countermeasure with an Emergency Use Authorization or other approval issued by the U.S. Food and Drug Administration.**
4. **For purposes of §§ 8.01-225.01, 8.01-225.02, and 8.01-225.03, “[e]mergency and subsequent conditions caused a lack of resources, attributable to the disaster, rendering the health care provider, hospice, home care organization, private provider licensed by the Department of Behavioral Health and Developmental Services, assisted living facility, or adult day care center unable to provide the level or manner of care that otherwise would have been required in the absence of the emergency” shall be deemed to include but is not limited to: (i) insufficient availability of PPE, ventilators, the COVID-19 vaccine or other countermeasure**

- with an Emergency Use Authorization or other approval issued by the U.S. Food and Drug Administration or other drugs, blood products, supplies or equipment;** (ii) insufficient availability of trained staff; (iii) having licensed healthcare professionals deliver care that, while included in the scope of their licensure, exceeds the scope of their credentials at the hospital or other health care facility at which they deliver services or exceeds the scope of the services that they normally provide; (iv) implementation or execution of triage protocols or scarce resource allocation policies necessitated by healthcare provider declaration of crisis standards of care; (v) using supplies or equipment in innovative ways that are different from the way that these supplies and equipment are normally used.
5. **For purposes of § 44-146.23, and this Order “public or private agencies” and “public or private employees” shall be deemed to include any “health care provider” as that term is defined in § 8.01-581.1, any (i) hospice licensed pursuant to § 32.1-162.3, (ii) home care organization licensed pursuant to § 32.1-162.9, (iii) private provider licensed by the Department of Behavioral Health and Developmental Services pursuant to Article 2 (§ 37.2-403 *et seq.*) of Chapter 4 of Title 37.2, (iv) assisted living facility licensed pursuant to § 63.2-1701, and (v) adult day care center licensed pursuant to § 63.2-1701. Any employees of any of the forgoing shall be deemed “public or private employees” for purposes of this Order.**
 6. **For purposes of § 44-146.16, “emergency services” shall be deemed to include the distribution, storage, prescription, dispensation, administration, or research of any COVID-19 vaccine or other countermeasure with an Emergency Use Authorization or other approval issued by the U.S. Food and Drug Administration, as those functions minimize, and repair injury and damage resulting from the COVID-19 pandemic.**
 7. Nothing in this Order shall affect the right or ability to claim immunity from liability for any cause of action under any other federal or state law, regulation, rule, or order or any theory of common law immunity nor the right of any person to receive benefits to which he would otherwise be entitled under law nor the right of any such person to receive any benefits or compensation under any act of the General Assembly or United States Congress **nor the right of any person to make a claim pursuant to the National Vaccine Injury Compensation Program or Countermeasures Injury Compensation Program.**
 8. **This Order shall only apply to causes of action arising (a) out of the emergency declared in Amended Executive Order 51 and (b) prior to Amended Executive Order 51’s expiration.**

Effective Date of this Executive Order

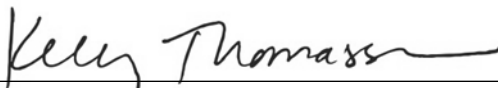

This Executive Order shall be effective upon its signing and remain in full force and effect until the expiration of **Amended** Executive Order 51 unless sooner amended or rescinded.

Given under my hand and under the Seal of the Commonwealth of Virginia, this **11th day of December, 2020**.

NUMBER SIXTY-ONE (2020)

AND

ORDER OF PUBLIC HEALTH EMERGENCY THREE

**PHASE ONE EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

On March 12, 2020, I declared a state of emergency existed in the Commonwealth due to the spread of the novel coronavirus (COVID-19), a communicable disease of public health threat. In that Order, I banned out-of-state travel for state employees, with some limited exceptions. The next day, I closed all K-12 schools for two weeks. Two days later, I ordered a statewide ban on public events of more than 100 people according to guidance from the Center on Disease Control and Prevention. On March 17, 2020, the State Health Commissioner and I issued Order of Public Health Emergency One (Health Order No. 1), later amended, which limited restaurants, fitness centers, and theaters to 10 or fewer patrons.

On March 23, 2020, I issued Executive Order 53. That Order closed certain recreational and entertainment business, limited the operations of non-essential retail businesses, restaurants and dining establishments, and banned gatherings of more than 10 people. It also closed all K-12 schools for the remainder of the academic school year and urged Virginians to stay home except for essential travel. Executive Order 55, which was issued on March 30, 2020, established a temporary Stay at Home Order unless carrying out a necessary life function and continued limiting all in-person gatherings to 10 people or fewer. It also ceased in-person instruction of less than 10 people at all institutions of higher education, restricted certain reservations at privately-owned campgrounds, and closed all public beaches except for exercising and fishing.

The objective of these actions was to slow the spread of this virulent and deadly disease. These extreme measures were necessary to save lives. By issuing the Stay at Home Order, encouraging physical distancing and teleworking, restricting businesses and gatherings, we lowered transmission rates. These measures also prevented our healthcare systems from being overwhelmed—affording our healthcare systems and healthcare providers time to acquire the tools and resources necessary to respond to the virus. Equally as important, these measures were also

necessary to prepare Virginians for the new normal of living and working in the midst of a pandemic.

Now, we must set the path forward. While Virginia's efforts and sacrifices seem to have slowed the spread of the virus, we know it is still present. It is critical that as we begin to ease some of the restrictions in the next phase of our response, we remain vigilant, cautious, and measured. We cannot race back to the lives we led before the pandemic. The path forward will not be business as usual. We must remember to continue to practice physical distancing, to continue teleworking, whenever possible, to wash our hands frequently, to not touch our faces, and to wear face covering whenever possible. These measures, as well as the ones outlined below, are meant to make necessary ventures outside of your home *safer*, but everyone, especially those who may be more vulnerable to the virus, must understand we are all *safer at home*.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

AMENDED ORDER OF PUBLIC HEALTH EMERGENCY THREE

**PHASE ONE EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

**Expansion of Permitted Activities at
Beaches in the City of Virginia Beach**

Importance of the Issue

On March 12, 2020, I declared a state of emergency existed in the Commonwealth due to the spread of the novel coronavirus (COVID-19), a communicable disease of public health threat. In that Order, I banned out-of-state travel for state employees, with some limited exceptions. The next day, I closed all K-12 schools for two weeks. On March 17, 2020, the State Health Commissioner and I issued Order of Public Health Emergency One (Health Order No. 1), later amended, which limited restaurants, fitness centers, and theaters to 10 or fewer patrons.

On March 23, 2020, I issued Executive Order 53. That Order closed certain recreational and entertainment business, limited the operations of non-essential retail businesses, restaurants and dining establishments, and banned gatherings of more than 10 people. It also closed all K-12 schools for the remainder of the academic school year and urged Virginians to stay home except for essential travel. Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

SECOND AMENDED NUMBER SIXTY-ONE (2020)

AND

SECOND AMENDED ORDER OF PUBLIC HEALTH EMERGENCY THREE

**PHASE ONE EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Expansion of Permitted Activities at All Public Beaches & Racetracks

Importance of the Issue

On March 12, 2020, I declared a state of emergency existed in the Commonwealth due to the spread of the novel coronavirus (COVID-19), a communicable disease of public health threat. In that Order, I banned out-of-state travel for state employees, with some limited exceptions. The next day, I closed all K-12 schools for two weeks. Two days later, I ordered a statewide ban on public events of more than 100 people according to guidance from the Center on Disease Control and Prevention. On March 17, 2020, the State Health Commissioner and I issued Order of Public Health Emergency One (Health Order No. 1), later amended, which limited restaurants, fitness centers, and theaters to 10 or fewer patrons.

On March 23, 2020, I issued Executive Order 53. That Order closed certain recreational and entertainment business, limited the operations of non-essential retail businesses, restaurants and dining establishments, and banned gatherings of more than 10 people. It also closed all K-12 schools for the remainder of the academic school year and urged Virginians to stay home except for essential travel. Executive Order 55, which was issued on March 30, 2020, established a temporary Stay at Home Order unless carrying out a necessary life function and continued limiting all in-person gatherings to 10 people or fewer. It also ceased in-person instruction of less than 10 people at all institutions of higher education, restricted certain reservations at privately-owned campgrounds, and closed all public beaches except for exercising and fishing.

The objective of these actions was to slow the spread of this virulent and deadly disease. These extreme measures were necessary to save lives. By issuing the Stay at Home Order, encouraging physical distancing and teleworking, restricting businesses and gatherings, we lowered transmission rates. These measures also prevented our healthcare systems from being

overwhelmed—affording our healthcare systems and healthcare providers time to acquire the tools and resources necessary to respond to the virus. Equally as important, these measures were also necessary to prepare Virginians for the new normal of living and working in the midst of a pandemic.

Now, we must set the path forward. While Virginia’s efforts and sacrifices seem to have slowed the spread of the virus, we know it is still present. It is critical that as we begin to ease some of the restrictions in the next phase of our response, we remain vigilant, cautious, and measured. We cannot race back to the lives we led before the pandemic. The path forward will not be business as usual. We must remember to continue to practice physical distancing, to continue teleworking, whenever possible, to wash our hands frequently, to not touch our faces, and to wear face covering whenever possible. These measures, as well as the ones outlined below, are meant to make necessary ventures outside of your home *safer*, but everyone, especially those who may be more vulnerable to the virus, must understand we are all *safer at home*.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

 - ix. Post signage to provide public health reminders regarding social distancing, gatherings, options for high risk individuals, and staying home if sick.
 - x. If religious services cannot be conducted in compliance with the above requirements, they must not be held in-person.

Further, any social gathering held in connection with a religious service is subject to the public and private in-person gatherings restriction in section B, paragraph 2. Additional suggested guidance can be found [here](#).

NUMBER SIXTY-TWO (2020)

AND

ORDER OF PUBLIC HEALTH EMERGENCY FOUR

**JURISDICTIONS TEMPORARILY DELAYED FROM ENTERING PHASE ONE IN
EXECUTIVE ORDER 61 AND PERMITTED TO REMAIN IN PHASE ZERO
NORTHERN VIRGINIA REGION**

Importance of the Issue

Executive Order 61, issued on May 8, 2020, and effective at 12:00 a.m., May 15, 2020, eased certain restrictions imposed under Second Amended Executive Order 53 and Executive Order 55 (both Orders are collectively referred to as Phase Zero). Executive Order 61 sets out the Commonwealth of Virginia's path into Phase One. The easing of the Phase Zero restrictions was premised, in part, on the Commonwealth's achievement of certain metrics in responding to the novel coronavirus (COVID-19). The easing of those restrictions is meant to be a floor, and not a ceiling. As previously acknowledged, some regions may need to move into Phase One more slowly than the rest of the Commonwealth. Prior to issuing Executive Order 61, I advised that any locality unready to move into Phase One, upon my review and approval of their request to remain in Phase Zero, could do so.

On May 9, 2020, local officials from the Counties of Arlington, Fairfax, Loudoun, and Prince William, and the Cities of Alexandria, Fairfax, Falls Church, Manassas, Manassas Park, as well as the Towns of Dumfries, Herndon, Leesburg, and Vienna (Northern Virginia Region) requested to remain in Phase Zero. Data provided in connection with that request reveals that with respect to hospitalizations, percent positivity, and case numbers, the Northern Virginia Region faces unique challenges when compared to the rest of the Commonwealth. The Northern Virginia Region is substantially higher than the rest of the Commonwealth in percentage of positive tests for COVID-19. The Northern Virginia Region has about a 25% positivity rate, while the rest of the Commonwealth is closer to 10%. Further, in the last 24 hours, the Northern Virginia Region reported over 700 cases, while the rest of the Commonwealth reported approximately 270. On any given day, 70% of the Commonwealth's positive cases are attributable to the Northern Virginia Region.

In addition, while personal protective equipment (PPE) for hospitals appears to be adequate at this time, the Northern Virginia Region asserts PPE for outpatient facilities continues to be a challenge. Similarly, although the number of deaths in the Northern Virginia Region appear to be trending downward, COVID-19 patients in the Northern Virginia Region make up a significantly larger portion of the region's hospital bed capacity, when compared to COVID hospitalizations in the rest of the Commonwealth. Consequently, after considering the Northern Virginia Region's request and the relevant data, I find the request to delay entering Phase One and to remain in Phase Zero appropriate.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, I grant the Northern Virginia Region's request to remain in Phase Zero. Accordingly, as to the Northern Virginia Region, the following measures are extended effective 12:00 a.m. Friday, May 15, 2020:

1. Continued closure of all dining and congregation areas in restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets. Restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets may continue to offer delivery and take-out services.
2. Continued closure of all public access to recreational and entertainment businesses, as set forth below:
 - a. Theaters, performing arts centers, concert venues, museums, and other indoor entertainment centers;
 - b. Fitness centers, gymnasiums, recreation centers, indoor sports facilities, and indoor exercise facilities;
 - c. Beauty salons, barbershops, spas, massage parlors, tanning salons, tattoo shops, and any other location where personal care or personal grooming services are performed that would not allow compliance with physical distancing guidelines to remain six feet apart;
 - d. Racetracks and historic horse racing facilities; and
 - e. Bowling alleys, skating rinks, arcades, amusement parks, trampoline parks, fairs, arts and craft facilities, aquariums, zoos, escape rooms, indoor shooting ranges, public and private social clubs, and all other places of indoor public amusement.

 - a. Grocery stores, pharmacies, and other retailers that sell food and beverage products or pharmacy products, including dollar stores, and department stores with grocery or pharmacy operations;
 - b. Medical, laboratory, and vision supply retailers;
 - c. Electronic retailers that sell or service cell phones, computers, tablets, and other communications technology;
 - d. Automotive parts, accessories, and tire retailers as well as automotive repair facilities;
 - e. Home improvement, hardware, building material, and building supply retailers;
 - f. Lawn and garden equipment retailers;
 - g. Beer, wine, and liquor stores;
 - h. Retail functions of gas stations and convenience stores;
 - i. Retail located within healthcare facilities;
 - j. Banks and other financial institutions with retail functions;
 - k. Pet and feed stores;
 - l. Printing and office supply stores; and
 - m. Laundromats and dry cleaners.

Employers are required to provide face coverings to employees.

4. Any brick and mortar retail business not listed in paragraph 3 may continue to operate but must limit all in-person shopping to no more than 10 patrons per establishment. If any such business cannot adhere to the 10 patron limit with proper physical distancing requirements, it must close. Brick and mortar retail business not listed in paragraph 3 are encouraged to follow the Guidelines for All Business Sectors as best practices linked [here](#).
5. All businesses are encouraged to follow the Guidelines for All Business Sectors as best practices linked [here](#) and other appropriate workplace guidance from state and federal authorities while in operation.

6. Although business operations offering professional rather than retail services may remain open, they should utilize teleworking as much as possible. Where telework is not feasible, such business must adhere to physical distancing recommendations, enhanced sanitizing practices on common surfaces, and apply the relevant workplace guidance from state and federal authorities.
7. All individuals in Northern Virginia Region shall remain at their place of residence, except as provided below by this Order. To the extent individuals use shared or outdoor spaces, whether on land or on water, they must at all times maintain physical distancing of at least six feet from any other person, with the exception of family members, as defined below, or caretakers.  - h. Volunteering with organizations that provide charitable or social services; and
 - i. Leaving one's residence due to a reasonable fear for health or safety, at the direction of law enforcement, or at the direction of another government agency.
8. All public and private in-person gatherings of more than 10 individuals are prohibited. The presence of more than 10 individuals performing functions of their employment is not a "gathering." A "gathering" includes, but is not limited to, parties, celebrations, or other social events, whether they occur indoors or outdoors. This restriction does not apply to the gathering of family members living in the same residence. "Family members" include blood relations, adopted, step, and foster relations, as well as all individuals residing in the same household. Family members are not required to maintain physical distancing while in their homes.

9. Continued cessation of all in-person instruction at K-12 schools, public and private, for the remainder of the 2019-2020 school year. Facilities providing child care services may remain open.
10. Institutions of higher education shall continue to cease all in-person classes and instruction, and cancel all gatherings of more than ten individuals. For purposes of facilitating remote learning, performing critical research, or performing essential functions, institutions of higher education may continue to operate, provided that physical distancing requirements are maintained.
11. Continued cessation of all reservations for overnight stays of less than 14 nights at all privately-owned campgrounds, as defined in § 35.1-1 of the *Code of Virginia*.
12. Continued closure of all public beaches as defined in § 10.1-705 of the *Code of Virginia* for all activity, except exercising and fishing. Physical distancing requirements must be followed.

The continued waiver of § 18.2-422 of the *Code of Virginia* so as to allow the wearing of a medical mask, respirator, or any other protective face covering for the purpose of facilitating the protection of one's personal health in response to the COVID-19 public health emergency declared by the State Health Commissioner on February 7, 2020, and reflected in Executive Order 51 declaring a state of emergency in the Commonwealth. Executive Order 51 is so further amended. This waiver is effective as of March 12, 2020.

Violation of paragraphs 1, 2, 4, 8, 10, 11, 12 of this Order shall be a Class 1 misdemeanor pursuant to § 44-146.17 of the *Code of Virginia*.

PHASE ZERO JURISDICTIONS

Importance of the Issue

Executive Order 61, issued on May 8, 2020, and effective at 12:00 a.m., May 15, 2020, eased certain restrictions imposed under Second Amended Executive Order 53 and Executive Order 55 (both Orders are collectively referred to as Phase Zero). Executive Order 61 sets out the Commonwealth of Virginia's path into Phase One. The easing of the Phase Zero restrictions was premised, in part, on the Commonwealth's achievement of certain metrics in responding to the novel coronavirus (COVID-19). Data provided in connection with that request reveals that with respect to hospitalizations, percent positivity, and case numbers, the Northern Virginia Region faces unique challenges when compared to the rest of the Commonwealth. Consequently, after considering the Northern Virginia Region's request and the relevant data, I find the request to delay entering Phase One and to remain in Phase Zero appropriate.

On May 14, 2020, the City of Richmond and the County of Accomack requested to delay implementation of Phase One. Unlike many jurisdictions in the Commonwealth, the City of Richmond's percent positivity of COVID-19 cases has failed to decrease over the past two weeks. Further, its total case count grew. Although Accomack's population is .39% of the Commonwealth, its positive cases represent 2.14% of the statewide totals. Similarly, the number of COVID-19 cases in the County of Accomack continues to increase. Local health officials opine that the County of Accomack's total positive cases could increase by over fifty percent in a matter of days. After considering the City of Richmond's and the County of Accomack's requests and the relevant data, I find the requests to delay entering Phase One and to remain in Phase Zero appropriate.

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, I grant the Northern Virginia Region's, the City of Richmond's, and the County of Accomack's requests to remain in Phase Zero. Accordingly, as to the Northern Virginia Region, **the City of Richmond, and the County of Accomack, including all towns and political subdivisions contained therein (collectively, Phase Zero Jurisdictions)**, the following measures are extended effective 12:00 a.m. Friday, May 15, 2020:

1. Continued closure of all dining and congregation areas in restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets. NUMBER 63 (2020)

ORDER OF PUBLIC HEALTH EMERGENCY FIVE

REQUIREMENT TO WEAR FACE COVERING WHILE INSIDE BUILDINGS

Importance of the Issue

The Commonwealth of Virginia continues to respond to the novel coronavirus (COVID-19) pandemic. Measures undertaken over the last ten weeks have slowed the spread of the virus; however, its transmission continues to threaten our communities. We must remain vigilant. In fact, as we reopen Virginia, it is critical that we become even more vigilant. Studies of the virus show that a substantial number of individuals with coronavirus are asymptomatic. In addition, individuals who contract the virus may still transmit the virus to others before ever showing symptoms. Therefore, a person with no symptoms of the virus could spread it by speaking, coughing, or sneezing. As more people venture back to businesses, employees are put in a vulnerable position when patrons come in without a face covering. We must make sure workers are safe as they interact with customers. Science shows us that face coverings can help stop the spread of the virus. That is why the Centers for Disease Control and Prevention (CDC) recommends wearing cloth face coverings, even those made from household items or common materials in public settings. I strongly urge all Virginians to wear face coverings when leaving their homes. But as to indoor settings to which the public has access, mere encouragement is not enough to protect the health and safety of Virginians.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

A. Face Coverings Required-Patrons

All patrons in the Commonwealth aged ten and over shall when entering, exiting, traveling through, and spending time inside the settings listed below cover their mouth and nose with a face covering, as described and recommended by the CDC:

1. Personal care and personal grooming businesses, including but not limited to, beauty salons, barbershops, spas, massage centers, tanning salons, tattoo shops, and any other location where personal care or personal grooming services are provided.
2. All brick and mortar retail businesses, including both essential and non-essential brick and mortar retail businesses, as delineated in Amended Executive Order 61 and Amended Order of Public Health Emergency Three (2020).
3. Food and beverage establishments, including but not limited to, restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers markets, when permitted to reopen for indoor dining.
4. Entertainment or recreation businesses, including but not limited to, racetracks, historic horse racing facilities, theaters, performing arts centers, concert venues, museums, and other indoor entertainment centers, bowling alleys, skating rinks, arcades, amusement parks, trampoline parks, fairs, arts and craft facilities, aquariums, zoos, escape rooms, public and private social clubs, and all other places of indoor public amusement, once permitted to reopen to the public. Face coverings shall also be required when patrons are outdoors at these businesses if a distance of six feet from every other person cannot be maintained.
5. Train stations, bus stations, and intrastate public transportation, including buses, rideshares, trains, taxis, and cars for hire, as well as any waiting or congregating areas associated with boarding public transportation. This requirement shall not apply in any area under federal jurisdiction or control.
6. Any other indoor place shared by groups of people who are in close proximity to each other. This restriction does not apply to persons while inside their residence or the personal residence of another. Face coverings may be removed to participate in a religious ritual.

E. Department of Labor and Industry

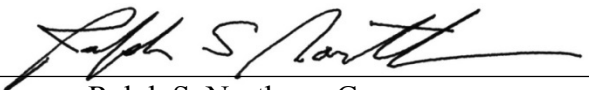

Except for paragraph B above, this Order does not apply to employees, employers, subcontractors, or other independent contractors in the workplace. The Commissioner of the Virginia Department of Labor and Industry shall promulgate emergency regulations and standards to control, prevent, and mitigate the spread of COVID-19 in the workplace. AMENDED NUMBER 63 (2020)

AMENDED ORDER OF PUBLIC HEALTH EMERGENCY FIVE REQUIREMENT TO WEAR FACE COVERING WHILE INSIDE BUILDINGS

Importance of the Issue

The Commonwealth of Virginia continues to respond to the novel coronavirus (COVID-19) pandemic. We must remain vigilant. Science shows us that face coverings can help stop the spread of the virus. That is why the Centers for Disease Control and Prevention (CDC) recommends wearing cloth face coverings, even those made from household items or common materials in public settings. I strongly urge all Virginians to wear face coverings when leaving their homes. But as to indoor settings to which the public has access, mere encouragement is not enough to protect the health and safety of Virginians. **Therefore, Executive Order 63, issued in May, required face coverings to be worn in certain indoor public spaces. Now, as we continue to prioritize the health and safety of our students, educators, and school staff, additional requirements to wear face coverings are necessary.**

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51, and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Directive

A. Face Coverings Required-Patrons and Visitors

All individuals in the Commonwealth aged **five** and over shall, when entering, exiting, traveling through, and spending time inside the settings listed below, cover their mouth and nose with a face covering, as described and recommended by the CDC:

1. Personal care and personal grooming businesses, including but not limited to, beauty salons, barbershops, spas, massage centers, tanning salons, tattoo shops, and any other location where personal care or personal grooming services are provided.
2. All brick and mortar retail businesses, including both essential and non-essential brick and mortar retail businesses, as delineated in **Sixth Amended Executive Order 67 and Amended Order of Public Health Emergency Seven (2020)**.
3. Food and beverage establishments, including but not limited to, restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, tasting rooms, and farmers' markets.
4. Entertainment or recreation businesses, including but not limited to, racetracks, historic horse racing facilities, theaters, performing arts centers, concert venues, museums, and other indoor entertainment centers, bowling alleys, skating rinks, arcades, amusement parks, trampoline parks, fairs, arts and craft facilities, aquariums, zoos, escape rooms, public and private social clubs, and all other places of indoor public amusement. Face coverings shall also be required when patrons are outdoors at these businesses if a distance of six feet from every other person cannot be maintained.
5. Train stations, bus stations, and intrastate public transportation, including buses, rideshares, trains, taxis, and cars for hire, as well as any waiting or congregating areas associated with boarding public transportation. This requirement shall not apply in any area under federal jurisdiction or control.
6. Any other indoor place shared by groups of people who are in close proximity to each other. This restriction does not apply to persons while inside their residence or the personal residence of another. Face coverings may be removed to participate in a religious ritual.
7. State or local government buildings when accessed for the purpose of securing public services.

B. Face Coverings Required-Employees of Essential Retail Businesses

All employees of essential retail businesses as listed in **Sixth Amended Executive Order 67 and Amended Order of Public Health Emergency Seven (2020)**, Section C, paragraph 1 shall wear a face covering whenever working in customer facing areas. **Sixth Amended Executive Order 67 and Amended Order of Public Health Emergency Seven (2020)** is so further amended.

C. Enforcement

The Virginia Department of Health shall have authority to enforce this Order. Any willful violation or refusal, failure, or neglect to comply with this Order, issued pursuant to § 32.1-13 of the *Code of Virginia*, is punishable as a Class 1 misdemeanor pursuant to § 32.1-27 of the *Code*

of Virginia. The State Health Commissioner may also seek injunctive relief in circuit court for violation of this Order, pursuant to § 32.1-27 of the *Code of Virginia*. No minor shall be subject to criminal penalty for failure to wear a face covering. Adults accompanying minors should use the adult's best judgment with respect to placing face coverings on a minor between the ages of two through **four** while inside the public areas noted above. Adults accompanying minors age **five** through 18 shall use reasonable efforts to prompt the minor to wear face coverings while inside the public areas noted above.

Medical-grade masks and personal protective equipment should be reserved for medical personnel. The use of cloth face coverings does not replace the need to maintain six feet of physical social distancing, clean and disinfect frequently touched surfaces routinely in all public settings, stay home when sick, and practice frequent handwashing.

D. Exceptions

The requirement to wear a face covering does not apply to the following:

1. While eating or drinking;
2. Individuals exercising or using exercise equipment;
3. **Any person who is playing a musical instrument, when wearing a mask or face covering would inhibit the playing of the instrument (e.g. wind instrument), if at least 10 feet of physical distancing can be maintained from other persons, whether the rehearsal or performance is indoors or outdoors.**
4. Any person who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove the face covering without assistance;
5. Any person seeking to communicate with the hearing impaired and for which the mouth needs to be visible;
6. When temporary removal of the face covering is necessary to secure government, or medical services;
7. Persons with health conditions **or disabilities** that prohibit wearing a face covering. Nothing in this Order shall require the use of a face covering by any person for whom doing so would be contrary to his or her health or safety because of a medical condition. **Adaptations and alternatives for individuals with health conditions or disabilities should be considered whenever possible to increase the feasibility of wearing a mask or to reduce the risk of COVID-19 spreading if it is not possible to wear one.**

Any person who declines to wear a face covering because of a medical condition shall not be required to produce or carry medical documentation verifying the stated condition nor shall the person be required to identify the precise underlying medical condition.

E. Department of Labor and Industry

Except for paragraph B above, this Order does not apply to employees, employers, subcontractors, or other independent contractors in the workplace. The Commissioner of the Virginia Department of Labor and Industry shall promulgate emergency regulations and standards to control, prevent, and mitigate the spread of COVID-19 in the workplace. The regulations and standards adopted in accordance with §§ 40.1-22(6a) or 2.2-4011 of the *Code of Virginia* shall apply to every employer, employee, and place of employment within the jurisdiction of the Virginia Occupational Safety and Health program as described in 16 Va. These regulations and standards must address personal protective equipment, respiratory protective equipment, and sanitation, access to employee exposure and medical records and hazard communication. Further, these regulations and standards may not conflict with requirements and guidelines applicable to businesses set out and incorporated into **Sixth Amended Executive Order 67 and Amended Order of Public Health Emergency Seven**.

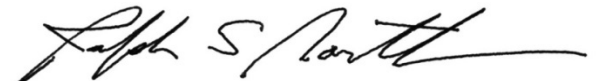

Effective Date of this Executive Order

This Order is in furtherance of Amended Executive Order 51 (2020) and **Sixth Amended Executive Order 67 and Amended Order of Public Health Emergency Seven (2020)**.

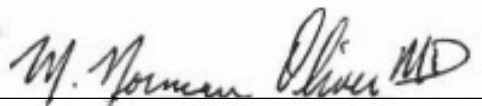

Further, this Order shall be effective 12:00 a.m., Monday, November 16, 2020, and shall remain in full force and effect until amended or rescinded by further executive order.

NUMBER SIXTY-FOUR (2020)

DECLARATION OF A STATE OF EMERGENCY DUE TO CIVIL UNREST AND INSTITUTION OF A CURFEW IN THE CITY OF RICHMOND

Importance of the Issue

On this day, May 31, 2020, I declare that a state of emergency exists in the Commonwealth of Virginia due to past and potential future civil unrest that poses a danger to public safety. The Commonwealth of Virginia has experienced significant events in the past 48 hours that have required intervention to restore order, ensure the safety of protestors and the public, protect property, and provide additional resources to support our local and state partners. In the past 24 hours alone, there have been numerous instances of unlawful activity resulting in injuries to peaceful protestors and first responders, significant property damage, and continued escalation of violent events. Specific incidents include unlawful assemblies declared in the City of Richmond, Prince William County, and Roanoke, extensive property damage in the City of Richmond including the burning of two buildings, vehicle fires, debris and dumpster fires, vandalism, looting, and the damage to law enforcement vehicles.

The Commonwealth has a compelling interest to maintain peace and order in the face of escalating tension. The effects of this civil unrest constitute an emergency wherein human lives and public and private property are imperiled, as described in § 44-146.16 of the *Code of Virginia (Code)*. Action is necessary to preserve life and property and to alleviate the conditions caused by this situation.

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, and as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim that a state of emergency exists in the Commonwealth of Virginia. Accordingly, I direct state and local governments to render appropriate assistance to prepare for and respond to this situation, to

alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.
- C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
- D. Activation of the Virginia National Guard to State Active Duty.
- E. Authorization of a maximum of \$350,000 in state sum sufficient funds for state and local government mission assignments and state response and recovery operations authorized and coordinated through the Virginia Department of Emergency Management allowable by The Stafford Act, 42 U.S.C. § 5121 *et seq.* Included in this authorization is \$250,000 for the Department of Military Affairs.

Further, I declare that the City of Richmond shall be under a curfew between the hours of 8 p.m. and 6 a.m. beginning May 31, 2020, and ending June 3, 2020. Unless extended by further executive order, the curfew shall end at 6 a.m., June 3, 2020. While the curfew is in place no person shall be present on any street, road, alley, avenue, park, or other public place in the City of Richmond with the following exceptions:

- Persons traveling to and from home, work, or places of worship;
- Hospital personnel;
- Members of the press;
- State and City of Richmond employees and volunteers;
- Military personnel including but not limited to national guard troops;

- Private emergency medical transport workers;
- Persons seeking emergency services; and
- Other emergency workers

Nothing in this Order shall be construed to prohibit or restrict travel to a hospital in the event of a medical emergency, nor shall such travel be considered in violation of this Order.

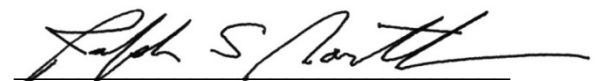

Violation of this Order shall be a Class 1 misdemeanor pursuant to § 44-146.17 of the *Code of Virginia*.

Effective Date of this Executive Order

This Order shall be effective immediately and with the exception to the provisions instituting a curfew, shall remain in full force and effect until June 29, 2020, unless amended or rescinded by further executive order.

NUMBER SIXTY-FIVE (2020)

AND

ORDER OF PUBLIC HEALTH EMERGENCY SIX

**PHASE TWO EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Excluding the City of Richmond and the Northern Virginia Region

Importance of the Issue

On May 8, 2020, Executive Order 61 and Order of Public Health Emergency Three began easing business, gathering, and traveling restrictions originally imposed by Executive Order 53 and Executive Order 55 issued in March of 2020. We did this because our health data metrics showed that we were increasing testing availability, we have adequate supply of personal protective equipment and hospital bed supply, the percentage of positive tests, hospitalizations, and positive tests were trending downward. The health data metrics for some jurisdictions, however, still presented sharper challenges. Therefore, pursuant to Executive Order 62 and Order of Public Health Emergency Four (2020), later amended, the Northern Virginia Region (as defined by that Order), the County of Accomack, and the City of Richmond remained in Phase Zero. On May 29, 2020, those jurisdictions moved into Phase One.

During the weeks that the majority of Virginia has been in Phase One, the public health metrics have continued to show the same trends. Our testing is increasing, our supply of personal protective equipment is steady, our hospital bed capacity remains steady, our hospitalizations statewide have a slight downward trend, and the percentage of positive tests continue to trend downward.

Now under this Order, the majority of the Commonwealth will move into Phase Two. The Northern Virginia Region and the City of Richmond will remain in Phase One under Third Amended Executive Order 61 and Third Amended Order of Public Health Emergency Three (2020). We have made remarkable progress over the past several weeks. As we move forward, we will remain vigilant, cautious, and measured. We will continue teleworking, whenever possible, to wash our hands frequently, to not touch our faces, and to wear face coverings. Through these

efforts, we will continue to protect ourselves, our families, and our fellow Virginians as we respond to this emergency.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

NUMBER SIXTY-SIX (2020)

ESTABLISHMENT OF JUNETEENTH AS A STATE HOLIDAY

Importance of the Issue

Since 1619, when both representative democracy and enslaved Africans arrived in Virginia, we have struggled to live up to our proclaimed ideals of freedom and justice for all. We have failed time and again to guarantee to all Americans the unalienable rights of life, liberty, and the pursuit of happiness. We have said one thing but consistently done another.

The year 2020 has cast fear, violence, and tragedy upon our nation and our Commonwealth. We have persevered through a world-wide pandemic, wept over the senseless loss of lives, and lifted voices in protest while confronting the elusiveness of justice.

This Friday, June 19, 2020, “Juneteenth” as it is also known, marks the anniversary of the day in 1865 when news of the Emancipation Proclamation reached Texas, the last of the former Confederate states to abolish slavery. This was a pivotal moment in American history when all enslaved black people finally learned they were free people. It was a moment of celebration and joy. It was a moment when America finally took a step closer to its promise of freedom, equality, and justice for all.

But we know that there is much more to be done, and many, many more steps to be taken.

On Juneteenth past, we have acknowledged the date with written proclamations, most often shared with smaller community groups. These proclamations, while important, do not do enough. We must amplify the message. It must be heard by all who call Virginia home. The commemoration of Juneteenth is a reminder that liberty and justice must never again be reserved for the few.

It will be on this day going forward that we mark a holiday of education, reflection, and celebration. On this day, we will educate ourselves on our history—all of our history. We will reflect on how our nation and our Commonwealth failed to recognize the humanity of all people,

and we will celebrate the end of enslavement and redouble our efforts to rid our society of its shameful legacy of racism, discrimination, and inequity.

I encourage all Virginians to think about the significance of this day. It was significant in 1865 because it marked the end of human bondage for African Americans in the United States. But our recognition of Juneteenth now signifies that we understand its importance to all Americans. Juneteenth is not African American history. It is *American* history. It is as woven into the fabric of our great country as is the celebration of independence on July 4th. And it should be so celebrated.

Directive

Therefore, by the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including but not limited to §§ 2.2-103, 2.2-3300, and 2.2-3322 of the *Code of Virginia*, I hereby declare June 19 (Juneteenth) a permanent state holiday for all executive branch agencies and institutions of higher education. I further direct the Secretary of Administration in conjunction with the Department of Human Resource Management to oversee the administration of this policy.

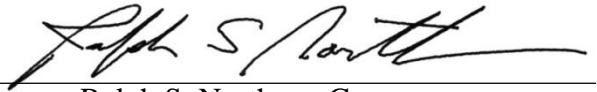

It is my hope that Juneteenth will subsequently be celebrated by the public and private sectors as well as localities all across the Commonwealth.

Effective Date of the Executive Order

This Executive Order shall remain in full force and effect until amended or rescinded by further executive order.

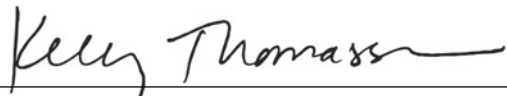

Given under my hand and under the Seal of the Commonwealth of Virginia on this 17th day of June, 2020.

Executive Order

**NUMBER SIXTY-SEVEN (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY SEVEN
PHASE THREE EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

On June 2, 2020, Executive Order 65 and Order of Public Health Emergency Six implemented Phase Two, continuing to ease business, gathering, and traveling restrictions originally imposed by Executive Order 53 and Executive Order 55 issued in March of 2020. During the weeks following, the public health metrics have continued to show positive trends. Our testing is increasing, our supply of personal protective equipment is steady, our hospital bed capacity remains steady, our hospitalizations statewide have a downward trend, and the percentage of positive tests continue to trend downward. Virginia continues to make significant progress.

As outlined below, we will move forward into Phase Three. In doing so, we must remember that the virus is still in our communities. We must remain cautious—continue teleworking whenever possible, wash our hands frequently, do not touch our faces, and wear face coverings. Through these efforts, we will continue to protect ourselves, our families, and our fellow Virginians as we respond to this emergency.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Executive Order

**AMENDED NUMBER SIXTY-SEVEN (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY SEVEN**

**PHASE THREE FURTHER EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

On June 2, 2020, Executive Order 65 and Order of Public Health Emergency Six implemented Phase Two, continuing to ease business, gathering, and traveling restrictions originally imposed by Executive Order 53 and Executive Order 55 issued in March of 2020. Executive Order 67 and Order of Public Health Emergency Seven issued on June 30, 2020 moved the Commonwealth into Phase Three. Subsequently, the public health metrics showed positive trends for the majority of the Commonwealth. Concerning trends in the cities of Virginia Beach, Chesapeake, Norfolk, Suffolk, Portsmouth, Hampton, Williamsburg, Newport News, Poquoson, James City County, and York County (Eastern Region) necessitated additional business and gathering restrictions as set out in Amended Executive Order 68 and Order of Public Health Emergency Eight, which was issued on August 3, 2020. Virginia continues to make progress. And as we continue to learn more about the COVID-19 virus, it is appropriate to modify certain targeted Phase Three business restrictions.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Executive Order

**SECOND AMENDED NUMBER SIXTY-SEVEN (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY SEVEN**

**PHASE THREE FURTHER EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

On June 2, 2020, Executive Order 65 and Order of Public Health Emergency Six implemented Phase Two, continuing to ease business, gathering, and traveling restrictions originally imposed by Executive Order 53 and Executive Order 55 issued in March of 2020. Executive Order 67 and Order of Public Health Emergency Seven issued on June 30, 2020 moved the Commonwealth into Phase Three. Subsequently, the public health metrics showed positive trends for the majority of the Commonwealth. Concerning trends in the cities of Virginia Beach, Chesapeake, Norfolk, Suffolk, Portsmouth, Hampton, Williamsburg, Newport News, Poquoson, James City County, and York County (Eastern Region) necessitated additional business and gathering restrictions as set out in Amended Executive Order 68 and Order of Public Health Emergency Eight, which was issued on August 3, 2020. Virginia continues to make progress. And as we continue to learn more about the COVID-19 virus, it is appropriate to modify certain targeted Phase Three business restrictions.

**THIRD AMENDED NUMBER SIXTY-SEVEN (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY SEVEN**

**PHASE THREE FURTHER EASING OF CERTAIN TEMPORARY RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

LIFTING ADDITIONAL RESTRICTIONS ON THE EASTERN REGION

Importance of the Issue

On June 30, 2020, Executive Order 67 and Order of Public Health Emergency Seven continued to ease business, gathering, and traveling restrictions originally imposed by Executive Order 53 and Executive Order 55, moving the Commonwealth into Phase Three. On July 28, 2020, Executive Order 68 and Order of Public Health Emergency Eight imposed additional restrictions on the Cities of Virginia Beach, Chesapeake, Norfolk, Suffolk, Portsmouth, Hampton, Williamsburg, Newport News, Poquoson, James City County, and York County (Eastern Region). Additional measures in the Eastern Region were necessitated by concerning trends that indicated an increase in transmission of the Novel Coronavirus (Covid-19) in those jurisdictions.

Subsequent reports from health directors the Eastern Region show that these trends are improving. As of September 9, 2020, the percent positivity rate for polymerase chain reaction (PCR) tests in the Eastern Region is 6.7% and has been decreasing for 12 days. The number of new cases in the Eastern Region has been decreasing for 46 days. Hospitalizations, including COVID intensive care unit hospitalizations, have been decreasing for approximately three weeks and the current rate of emergency room visits for COVID-Like Illness (CLI) is steadily decreasing. These and other metrics indicate that the trends in the Eastern Region have improved and continue to do so.

Accordingly, the additional restrictions placed on the Eastern Region by Executive Order 68 and Order of Public Health Emergency Eight are lifted, and Phase Three is fully re-implemented in the Eastern Region.

**PHASE THREE FURTHER ADJUSTING OF CERTAIN TEMPORARY
RESTRICTIONS DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

Third Amended Executive Order 67 and Order of Public Health Emergency Seven eased business, gathering, and traveling restrictions in the Commonwealth. Our businesses have adapted their operations in an effort to minimize the risk of transmission, and these efforts are helping to mitigate the spread of the virus. **PHASE THREE FURTHER ADJUSTING OF CERTAIN TEMPORARY
RESTRICTIONS DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

Third Amended Executive Order 67 and Order of Public Health Emergency Seven eased business, gathering, and traveling restrictions in the Commonwealth. During Phase Three, we continue to use proven measures, such as wearing face coverings, frequent hand washing, and physical distancing, to protect against the transmission of the Novel Coronavirus (Covid-19). Our businesses have adapted their operations in an effort to minimize the risk of transmission, and these efforts are helping to mitigate the spread of the virus. However, it is the responsibility of every Virginian to continue to engage in these preventative measures to protect each other. Executive Order

**SIXTH AMENDED NUMBER SIXTY-SEVEN (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY SEVEN**

**PHASE THREE TIGHTENING OF CERTAIN TEMPORARY RESTRICTIONS DUE
TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

While the Commonwealth's case count per capita and positivity rate remain comparatively low, all five health regions in the Commonwealth are experiencing increases in new COVID-19 cases, positive tests, and hospitalizations. Virginia is averaging 1,500 new COVID-19 cases per day, up from a statewide peak of approximately 1,200 in May. The statewide percent test positivity rate is at 6.5%, an increase from 4.3% approximately one month ago. All five health regions report a positivity rate over five percent and hospitalizations have increased statewide by more than 35 percent in the last four weeks. Case investigation interviews show a pattern of increased socialization with extended (non-household) family members and friends. Recent scientific literature suggests indoor settings contribute to community transmission. Modeling data demonstrates that large gatherings substantially increase transmission of the virus. Although Virginians have done much to mitigate the spread of the virus, it is clear that additional measures are necessary. Accordingly, I order following additional restrictions.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Alcoholic beverages may continue to be sold via delivery or take-out after 10 p.m., as permitted by existing regulations promulgated by the Virginia Alcoholic Beverage Control Authority.**
- b. **Closure of all dining and congregation areas in restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, and tasting rooms between the hours of 12:00 a.m. and 5 a.m. Restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, and tasting rooms may continue to offer delivery and take-out services between the hours of 12:00 a.m. and 5 a.m.**

Executive Order

SIXTY-EIGHT (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY EIGHT

**ADDITIONAL RESTRICTIONS ON THE EASTERN REGION
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

On June 30, 2020, Executive Order 67 and Order of Public Health Emergency Seven implemented Phase Three in the Commonwealth of Virginia. The Order continued to ease business, gathering, and traveling restrictions originally imposed by Executive Order 53 and Executive Order 55 issued in March of 2020. For many weeks, Virginia made progress in key measures of disease trends and healthcare capacity. In recent weeks, Virginia has experienced slight increases in case counts, percent test positivity, and hospitalizations. While, generally, our testing has increased, our supply of personal protective equipment is steady, and our hospital bed capacity remains stable, statewide hospitalizations and positive tests have slightly increased.

The slight increase in the statewide trends in percent test positivity and other health indicators is likely heavily driven by the significant recent positive case count increases in the Eastern Region. As of data available on July 27, 2020, test positivity rates in the Cities of Virginia Beach, Chesapeake, Norfolk, Suffolk, Portsmouth, and Hampton range from 9.9% to 18.6%. The Cities of Williamsburg, Newport News, Poquoson, James City County, and York County are experiencing increased test positivity of 8.7% compared to approximately 3.4% one month ago. The test positivity rate for the remainder of Virginia is trending at 6%.

Case counts in these jurisdictions are also steadily increasing. For example, between July 15, 2020 and July 25, 2020, the City of Virginia Beach reported an average of 103 new cases per day. On July 25, 2020, the City of Virginia Beach reported 329 new cases, more than triple the number reported the previous day. On July 25, 2020, the City of Chesapeake reported 126 new cases, the largest number it has ever reported for a single day. Since July 15, 2020, the City of Norfolk reported 919 new cases, averaging 90 cases per day. The Cities of Hampton and

Portsmouth also show trends of increasing cases, with the City of Portsmouth reporting 60 new cases on July 25, 2020, its largest daily total to date.

In addition to test positivity and increasing case counts, hospitalizations in these jurisdictions have been steadily increasing for several weeks, including the number of confirmed intensive care unit hospitalizations. Similarly, the number of visits to emergency rooms for COVID-like illness in these jurisdictions has increased steadily for several weeks, a marker of increased disease activity and individuals seeking care.

Moreover, reports from health directors in these jurisdictions show disturbing trends in connection with the increasing number of cases. There is a significant shift to a younger demographic with a marked increase in 20-29-year olds testing positive for COVID-19. Case investigations of positive individuals in those jurisdictions consistently show a pattern of increased socialization with extended (non-household) family and friends, such as birthdays, backyard barbeques and other celebrations, and gatherings amongst friends. Some of these jurisdictions have also noted businesses hosting crowds around bar areas. All case investigations of positive individuals in those jurisdictions involved a lack of social distancing or wearing facial coverings.

Considering this data and the related trends, additional measures are necessary in the affected jurisdictions to protect public health and to reduce the transmission of COVID-19.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered in the Cities of Virginia Beach, Chesapeake, Norfolk, Suffolk, Portsmouth, Hampton, Williamsburg, Newport News, Poquoson, James City County, and York County (Eastern Region):

Alcoholic beverages may be sold via delivery or take-out after 10 p.m., as permitted by existing regulations promulgated by the Virginia Alcoholic Beverage Control Authority and consistent with subparagraph b below.

Restaurants, dining establishments, food courts, breweries, microbreweries, distilleries, wineries, and tasting rooms must otherwise comply with the requirements in Executive Order 67 and Order of Public Health Emergency Seven.

2. All Public And Private In-Person Gatherings

All public and private in-person gatherings of more than 50 individuals are prohibited. A “gathering” includes, but is not limited to, parties, celebrations, or other social events, whether they occur indoors or outdoors. The presence of more than 50 individuals performing functions of their employment is not a “gathering.”

This restriction does not apply to the gathering of family members living in the same residence. “Family members” include blood relations, adopted, step, and foster relations, as well as all individuals residing in the same household or visiting such household pursuant to a child custody arrangement or order. Family members are not required to maintain physical distancing while in their homes

Nothing in this Order is intended to place further restrictions on religious services. As permitted in Executive Order 67 and Order of Public Health Emergency Seven, individuals may continue to attend religious services subject to the following requirements:

- a. Individuals attending religious services must be at least six feet apart when seated and must practice proper physical distancing at all times. Family members may be seated together.

- f. Post signage to provide public health reminders regarding physical distancing,

gatherings, options for high risk individuals, and staying home if sick.

- g. If religious services cannot be conducted in compliance with the above requirements, they must not be held in-person.

Further, any social gathering held in connection with a religious service is subject to the public and private in-person gatherings restriction of 50 individuals or less.

3. Enforcement

- a. The Virginia Alcoholic Beverage Control Authority and Virginia Department of Health shall have authority to enforce paragraph 1 of this Order. Any willful violation or refusal, failure, or neglect to comply with this Order, issued pursuant to § 32.1-13 of the Code of Virginia, is punishable as a Class 1 misdemeanor pursuant to § 32.1-27 of the Code of Virginia. The State Health Commissioner may also seek injunctive relief in circuit court for violation of this Order, pursuant to § 32.1-27 of the Code of Virginia.
- b. Any agency with regulatory authority over a business listed in paragraph 1 may enforce this Order as to that business to the extent permitted by law.
- c. Violations of paragraph 2 of this Order shall be a Class 1 misdemeanor pursuant to § 44-146.17 of the Code of Virginia.

4. Exceptions

Nothing in the Order shall limit: (i) the provision of health care or medical services; (ii) access to essential services for low-income residents, such as food banks; (iii) the operations of the media; (iv) law enforcement agencies; or (v) the operation of government.

5. Executive Order 67 and Order of Public Health Emergency Seven

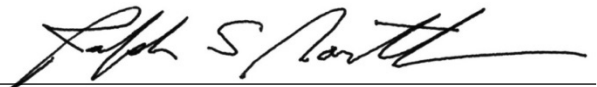

Executive Order 67 and Order of Public Health Emergency Seven is still effective in the Eastern Region to the extent its provisions do not conflict with the provisions in this Order. Where any such conflict exists, this Order controls.

Effective Date of the Executive Order

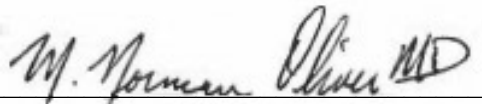

This Order shall be effective 12:00 a.m., July 31, 2020. This Executive Order shall remain in full force and effect until amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia and the Seal of the Office of the State Health Commissioner of the Commonwealth of Virginia, this 28th day of July, 2020.

Case counts in these jurisdictions are also steadily increasing. For example, between July 15, 2020 and July 25, 2020, the City of Virginia Beach reported an average of 103 new cases per day. On July 25, 2020, the City of Virginia Beach reported 329 new cases, more than triple the number reported the previous day. On July 25, 2020, the City of Chesapeake reported 126 new cases, the largest number it has ever reported for a single day. Since July 15, 2020, the City of Norfolk reported 919 new cases, averaging 90 cases per day. The Cities of Hampton and Portsmouth also show trends of increasing cases, with the City of Portsmouth reporting 60 new cases on July 25, 2020, its largest daily total to date.

In addition to test positivity and increasing case counts, hospitalizations in these jurisdictions have been steadily increasing for several weeks, including the number of confirmed intensive care unit hospitalizations. Similarly, the number of visits to emergency rooms for COVID-like illness in these jurisdictions has increased steadily for several weeks, a marker of increased disease activity and individuals seeking care.

Moreover, reports from health directors in these jurisdictions show disturbing trends in connection with the increasing number of cases. There is a significant shift to a younger demographic with a marked increase in 20-29-year olds testing positive for COVID-19. Case investigations of positive individuals in those jurisdictions consistently show a pattern of increased socialization with extended (non-household) family and friends, such as birthdays, backyard barbeques and other celebrations, and gatherings amongst friends. Some of these jurisdictions have also noted businesses hosting crowds around bar areas. All case investigations of positive individuals in those jurisdictions involved a lack of social distancing or wearing facial coverings.

Considering this data and the related trends, additional measures are necessary in the affected jurisdictions to protect public health and to reduce the transmission of COVID-19.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered in the Cities of Virginia Beach, Chesapeake, Norfolk, Suffolk, Portsmouth, Hampton, Williamsburg, Newport News, Poquoson, James City County, and York County (Eastern Region):

DECLARATION OF A STATE OF EMERGENCY DUE TO HURRICANE ISAIAS

Importance of the Issue

On this date, July 31, 2020, I declare that a state of emergency exists in the Commonwealth of Virginia to prepare and coordinate our response to Hurricane Isaias. The anticipated effects of this situation constitute a disaster as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.
- C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.

- D. Activation of § 59.1-525 *et seq.* of the *Code* related to price gouging.
- E. Activation of the Virginia National Guard to State Active Duty.
- F. Authorization of a maximum of \$1,000,000.00 in state sum sufficient funds for state and local government mission assignments and state response and recovery operations authorized and coordinated through the Virginia Department of Emergency Management allowable by The Stafford Act, 42 U.S.C. § 5121 *et seq.* Included in this authorization is \$500,000.00 for the Department of Military Affairs, if it is called to State Active Duty.

Effective Date of this Executive Order

This Executive Order shall be effective July 31, 2020, and shall remain in full force and in effect for thirty days, unless sooner amended or rescinded by further executive order. Termination of this Executive Order is not intended to terminate any federal type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

NUMBER SEVENTY (2020)

ADDRESSING THE IMPACT OF THE NOVEL CORONAVIRUS (COVID-19) ON THE COMMONWEALTH'S PSYCHIATRIC HOSPITAL SYSTEM

Importance of the Issue

The Commonwealth of Virginia, through the Department of Behavioral Health and Developmental Services, operates eight behavioral health facilities for adults and one for children. Under § 37.2-809.1 of the *Code of Virginia*, these facilities must admit patients under emergency custody who meet the criteria for temporary detention when no other facility of temporary detention can be identified. Prior to the COVID-19 pandemic, the census of the state-operated psychiatric hospitals averaged 95 percent or over their total bed capacity. Through the month of July 2020, the state-operated psychiatric hospitals experienced an increase in admissions and at times exceeded their operating bed capacity. Several state-operated psychiatric hospitals have experienced the drop-off of patients when there were no beds in the state-operated psychiatric hospital to serve the patients safely. Such drop-offs pose a risk to both patients and staff.

In addition to the increase in census levels, state-operated psychiatric hospitals have seen confirmed cases of COVID-19 in patients and staff. In order to control the spread of the virus within the congregate settings of state-operated psychiatric hospitals, patients with confirmed or suspected diagnoses of COVID-19 must be isolated or quarantined. Isolating and quarantining, however, reduces bed capacity and further exacerbates the pressure on the state-operated psychiatric hospitals to admit patients subject to temporary detention orders after the emergency custody period expires.

While our state-operated psychiatric hospitals provide high quality behavioral health care and treatment, they do not have the capability to manage or to treat medical conditions that require medical interventions. Transferring patients with acute symptoms of COVID-19 that require medical monitoring and intervention or patients with other medical conditions who cannot be managed adequately at the state-operated psychiatric hospitals negatively impacts the health and safety of those patients.

COVID-19 will continue to place increased demands on the Commonwealth's state-operated psychiatric hospitals. Response to the mental health effects of the COVID-19 disaster will require both public and private providers, as well as other agencies involved in the civil commitment

process, to work together. We must prioritize the patient's best interests to ensure that each patient receives the requisite care and treatment. We must also ensure that the state-operated psychiatric hospital system continues to operate as a safety net for patients experiencing a mental health crisis.

Directive

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, and in furtherance of Amended Executive Order No. 51, I direct the following:

1. As currently permitted by Chapter 8 of Title 37.2 of the *Code of Virginia*, when the state-operated psychiatric hospitals are operating at 100% of their total bed capacity, state-operated psychiatric hospitals will not agree to serve as the facility of temporary detention for patients who are not under emergency custody pursuant to § 37.2-808 of the *Code of Virginia*.
2. Prior to the transfer and transport of a patient subject to a temporary detention order to a state-operated psychiatric hospital, the facility where the patient is located and the transporting law enforcement agency or alternative transportation provider are strongly encouraged to contact the state-operated psychiatric hospital of temporary detention to ensure that a bed is available for the patient. If the state-operated psychiatric hospital system is at or over total bed capacity, the facility where the patient is located and the transporting law enforcement agency or alternative transportation provider are encouraged to work with the state-operated psychiatric hospital to delay transportation of the patient until the state-operated psychiatric hospital can provide a bed.
3. Prior to releasing a patient under a temporary detention order for transport to a state-operated psychiatric hospital, providers participating in the State Medicaid Plan must comply with the applicable *Criteria for Medical Assessment Prior to Admission to a Psychiatric Hospital, Inpatient Psychiatric or Crisis Stabilization Unit* found at <http://www.dbhds.virginia.gov/assets/doc/about/masg/adults-medical-and-screening-guidelines-11-5-2018.pdf> and <http://www.dbhds.virginia.gov/assets/doc/about/masg/peds-medical-assessment-and-screening-guidelines-11-5-2018.pdf>. Such providers shall screen patients under emergency custody or temporary detention for COVID-19 in accordance with guidance issued by the Centers for Disease Control and Prevention and the Virginia Department of Health. In addition, with consent of the patient subject to emergency custody or temporary detention, such providers should administer a COVID-19 active infection test prior to the transfer of the patient to a state-operated psychiatric hospital. If no other payment source is available, the Department of Behavioral Health and Developmental Services will reimburse the provider for the cost of the test.
4. Hospitals with emergency rooms that are subject to the federal Emergency Medical Treatment and Labor Act, 42 U.S.C. § 1395dd, must ensure that transfers of patients under temporary detention orders to state-operated psychiatric hospitals are appropriate transfers. Hospitals with emergency rooms should take into account a patient's

COVID-19 status and the inability of the state-operated psychiatric hospitals to isolate and treat such patients properly. Doctors in a hospital where a patient is located for emergency custody and the state-operated psychiatric hospital must communicate regarding a patient's COVID-19 status prior to transfer. Law enforcement and alternative transportation providers involved in the transportation of patients under temporary detention orders should work with the hospital where the patient is located for emergency custody and the state-operated psychiatric hospital to ensure that transport occurs only when safe for the patient.

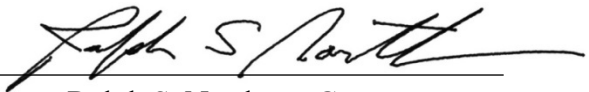

5. Appropriate use of a medical temporary detention order will ensure that patients receive the medical care they need and could help to reduce the census pressures at the state-operated psychiatric hospitals. Section 37.2-1104 of the *Code of Virginia* provides a medical temporary detention process that should be used in certain circumstances to address and stabilize a patient's medical condition before transfer to a state-operated psychiatric hospital. For patients experiencing intoxication, using the medical temporary detention process, where applicable, may alleviate the need for further psychiatric hospitalization. If a patient undergoing an emergency mental health evaluation has an acute medical condition, including COVID-19 or intoxication, and is incapable of making an informed decision regarding treatment, consideration should be given to whether the criteria for a medical temporary detention order under § 37.2-1104 of the *Code of Virginia* are met.
6. Every state-operated psychiatric hospital, community services board (CSB), behavioral health authority (BHA), and private inpatient provider licensed by the Department of Behavioral Health and Developmental Services required to participate in the acute psychiatric bed registry under § 37.2-308.1 of the *Code of Virginia* (Registry) shall update information included in the Registry whenever there is a change in bed availability, but not less than twice daily, to assist in the location of facilities of temporary detention for patients experiencing a mental health crisis.
7. In order to facilitate discharge of patients from state-operated psychiatric hospitals to increase bed capacity, if the responsible CSB or behavioral health authority BHA disagrees with a state-operated psychiatric hospital's identification of a patient as ready for discharge, the CSB/BHA shall document that disagreement in the patient's treatment plan within 72 hours of the state-operated psychiatric hospital's identification. Section 37.2-505(A) (3) of the *Code of Virginia* governing disagreements related to discharge shall otherwise apply.

Effective Date of this Executive Order

This Executive Order shall be effective until the expiration of Amended Executive Order 51 unless this Order is sooner amended or rescinded by further executive order.

NUMBER SEVENTY-ONE (2020)

ESTABLISHMENT OF THE VIRGINIA COASTAL RESILIENCE TECHNICAL ADVISORY COMMITTEE

Importance of Initiative

In response to the growing threat of natural hazards and sea level rise in the Commonwealth, I issued Executive Order 24, Increasing Virginia's Resilience to Sea Level Rise and Natural Hazards, in 2018. This Order, instructed the Chief Resilience Officer (CRO), with the assistance of the Special Assistant to the Governor for Coastal Adaptation and Protection (SACAP), to create and implement a Coastal Resilience Master Plan (Master Plan). The Master Plan will guide coastal adaptation and protection efforts, align state programs, and prioritize local and regional projects. In October 2020, I approved the Virginia Coastal Resilience Master Planning Framework (Framework), which outlines the guiding principles, goals, and actions necessary to create a full Master Plan.

Since coastal resilience and protection encompasses many policy initiatives, state agencies, and federal resources, a significant amount of coordination is required to protect Virginia's Coastal Regions as defined in the Framework. Creating the Virginia Coastal Resilience Technical Advisory Committee (TAC) will help facilitate that coordination. The TAC will support the CRO and the SACAP in evaluating coastal adaptation and protection project proposals, facilitating project implementation, and developing updates to the Master Plan.

Directive to Establish the Virginia Technical Advisory Committee

Protecting Virginia's coastal communities requires thoughtful collaboration among state, local, and regional leaders, federal partners, scientific experts, and stakeholders. The TAC will facilitate this coordination and develop recommendations for specific, place based, prioritized coastal adaptation and protection strategies. Therefore, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134 and 2.2-135 of the

Code of Virginia, and subject to my continuing and ultimate authority to act in such matters, I hereby formally convene the TAC to provide independent advice and recommendations to the Office of the Governor and relevant executive branch agencies.

A. Composition and Support of the Committee

The TAC will be comprised of representatives of state agencies, coastal planning district commissions (PDCs) and regional commissions (RCs), and academic advisors, among others. Members shall serve at the pleasure of the Governor and shall include, but shall not be limited to, the following individuals or their designees:

- The Executive Directors of each of the eight coastal PDCs/RCs;
- The Director of the Virginia Department of Conservation and Recreation;
- The Director of the Virginia Department of Emergency Management;
- The Director of the Virginia Department of Housing and Community Development;
- The Executive Director of the Virginia Resources Authority;
- The Director of the Virginia Department of Environmental Quality;
- The Director of the Virginia Transportation Research Council;
- The Commissioner of the Virginia Marine Resources Commission;
- The Coordinator of the Commonwealth Center for Recurrent Flooding Resiliency;
- The Virginia Institute for Marine Science Associate Dean for Research and Advisory Services;
- The Director of the William and Mary Law School Coastal Policy Center;
- The Director of the Virginia Tech Center for Coastal Studies;
- The Director of the Environmental Resilience Institute at the University of Virginia;
- The Commander of the U.S. Army Corps of Engineers, Norfolk District;
- The Director of Virginia Sea Grant;
- The Governor's Chief Diversity, Equity, and Inclusion Officer; and
- The Governor's Chief Data Officer.

The CRO will serve as chair of the TAC. Staff support will be provided by the SACAP with assistance from the Coastal Zone Management Program (CZM), pursuant to a separate agreement. Appointed TAC members will serve in an advisory role without compensation in accordance with § 2.2-2100 of the *Code of Virginia*, and will meet quarterly, at a minimum, as well as upon the call of the chair.

B. Duties of the Committee

1. Assist with Creation of the Master Plan

The TAC shall assist the CRO and SACAP with creating a full Master Plan by developing and implementing protocols for evaluation of projects and strategy proposals. Once

the Master Plan process and initial Master Plan are finalized, the TAC will continue to facilitate implementation, evaluate progress, and develop Master Plan updates. In alignment with the guiding principles of the Virginia Master Planning Framework, actions recommended by the TAC will:

1. Acknowledge climate change and its consequences and base decision making on the best available science;
2. Identify and address socioeconomic inequities and work to enhance equity through coastal adaptation and protection efforts;
3. Recognize the importance of protecting and enhancing green infrastructure, such as natural coastal barriers and fish and wildlife habitat, by prioritizing nature-based solutions; and
4. Utilize community and regional scale planning to the maximum extent possible, seeing region-specific approaches tailored to the needs of individual communities.

2. Perform Risk Assessments and Provide Recommendations

In support of completing the Master Plan, the TAC will be responsible for tracking scientific developments, reviewing proposed local and regional actions, and recommending additional risk assessment and engineering studies as required to support:

1. Developing a Prioritized List of Coastal Adaptation and Protection Projects

The TAC, working with the CRO and SACAP, will submit a prioritized list of both built and natural infrastructure coastal adaptation and protection projects as part of the Master Plan by December, 2021. This list will identify critical infrastructure needs, at-risk communities, adaptation strategies, and specific resilience projects to include with the Master Plan. It will be organized by the four Virginia Coastal Regions of Hampton Roads, Rural Coastal Virginia, the Northern Fall Line, and the Southern Fall Line, as categorized in the Framework.

2. Creating Evaluative Criteria for Master Plan Projects

Consistent with the guiding principles of the Framework, the TAC will create evaluative criteria for Master Plan supported projects. The prioritized list of built and infrastructure projects, mentioned above, will serve as one element of the TAC evaluation criteria. The TAC will use this criterion to review Master Plan project proposals and make recommendations for state engagement in project implementation. In cooperation with the CRO, the TAC will also incorporate the *ConserveVirginia* initiative to assess coastal adaptation and protection strategies.

3. Making Recommendations to Strengthen State and Non-State Partnerships

Coastal adaptation and protection strategies should align with other federal and state programs, including those focused on resilience, economic and community development, and flooding adaptation and protection initiatives. The TAC shall make recommendations regarding how the Commonwealth can strengthen partnerships with the Department of Defense and other federal installations, as well as:

- i. Align economic development initiatives, Framework, and Master Plan objectives, and
- ii. Coordinate across multiple resilience, pre-disaster, urban development, and flooding adaptation grant programs.

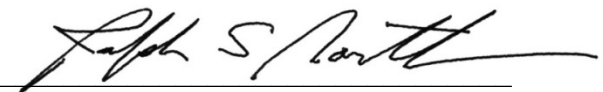

These recommendations will focus on programs administered by the Department of Conservation and Recreation, Virginia Department of Emergency Management, Department of Housing and Community Development, Federal Emergency Management Agency, U.S. Department of Housing and Urban Development, and the U.S. Army Corps of Engineers.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in full force unless amended or rescinded by further executive order.

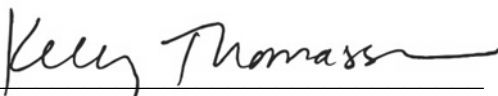

Given under my hand and under the Seal of the Commonwealth of Virginia this 16th day of November 2020.

NUMBER SEVENTY-TWO (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY NINE
COMMONSENSE SURGE RESTRICTIONS

**CERTAIN TEMPORARY RESTRICTIONS DUE TO NOVEL CORONAVIRUS
(COVID-19)**

Importance of the Issue

In November, as case counts and positivity rates began to rise, we took additional measures to stem the spread of the virus throughout the Commonwealth. In general, Virginians cooperated with those measures. Unfortunately, the surge that began many weeks ago is continuing across the Commonwealth. All five health regions are experiencing increases in new COVID-19 cases, positive tests, and hospitalizations. Virginia is averaging more than 4,000 new COVID-19 cases per day, up from a statewide peak of approximately 1,200 in May. Virginia's PCR percent test positivity rate is at 11.1 percent, an increase from 6.5 percent approximately one month ago. As of December 10, 2020, all but one health region reported a PCR test positivity rate at or above ten percent. Hospitalizations have increased by approximately 83 percent in the last four weeks. COVID-19 ICU hospitalizations have been increasing for 33 days and the statewide rate (4.4 per 100,000 persons) has exceeded the threshold of concern (3.5 per 100,000 persons) for the rate of confirmed COVID-19 hospitalizations. Since this pandemic began in March, we have learned that socialization with persons outside of your household and sustained activities in indoor settings contribute significantly to the transmission of the virus. Virginians must continue to practice the measures that we know work to stem the spread of the virus: wash your hands, avoid touching your face, avoid gatherings, and wear face coverings both indoors and outdoors. Therefore, additional measures are necessary to protect public health and stem the spread of COVID-19.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance

of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

I. MODIFIED STAY AT HOME ORDER

All individuals in Virginia should remain at their place of residence between the hours of 12:00 a.m. and 5:00 a.m. Individuals may leave their residences for the purposes of:

- a. Obtaining food, beverages, goods, or services as permitted in this Order;
- b. Seeking medical attention, essential social services, governmental services, assistance from law enforcement, or emergency services;
- c. Taking care of other individuals or animals;
- d. Traveling required by court order or to facilitate child custody, visitation, or child care;
- e. Engaging in exercise, provided individuals comply with social distancing requirements;
- f. Traveling to and from one's residence, place of worship, or work;
- g. Traveling to and from an educational institution;
- h. Volunteering with organizations that provide charitable or social services; or
- i. Leaving one's residence due to a reasonable fear for health or safety, at the direction of law enforcement, or at the direction of another government agency.

Executive Order

AMENDED NUMBER SEVENTY-TWO (2021)
AND
ORDER OF PUBLIC HEALTH EMERGENCY NINE
COMMONSENSE SURGE RESTRICTIONS
EXTENSION OF CERTAIN TEMPORARY RESTRICTIONS DUE TO
NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of the virus in the Commonwealth. Now, approximately five weeks later, however, we are not out of the woods. As of January 25, 2021, Virginia's seven-day moving average of new COVID-19 cases is still more than 4,000 per day. Virginia's PCR percent test positivity rate is at 12.5 percent—an increase from 11.1 percent approximately one month ago. The statewide rate of COVID-19 ICU hospitalizations (6.1 per 100,000) is well above the threshold of concern (3.5 per 100,000). The health data makes clear that Executive Order 72's temporary restrictions must remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, physically distance from others, stay home when possible, and wear face coverings indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

I. CONTINUED MODIFIED STAY AT HOME ORDER

All individuals in Virginia should continue remain at their place of residence between the hours of 12:00 a.m. and 5:00 a.m. Individuals may leave their residences for the purposes of:

- a. Obtaining food, beverages, goods, or services as permitted in this Order;
- b. Seeking medical attention, essential social services, governmental services, assistance from law enforcement, or emergency services;
- c. Taking care of other individuals or animals;
- d. Traveling required by court order or to facilitate child custody, visitation, or child care;
- e. Engaging in exercise, provided individuals comply with social distancing requirements;
- f. Traveling to and from one's residence, place of worship, or work;
- g. Traveling to and from an educational institution;
- h. Volunteering with organizations that provide charitable or social services; or
- i. Leaving one's residence due to a reasonable fear for health or safety, at the direction of law enforcement, or at the direction of another government agency.

Executive Order

SECOND AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

**COMMONSENSE SURGE RESTRICTIONS
EXTENSION OF CERTAIN TEMPORARY RESTRICTIONS DUE TO
NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of the virus in the Commonwealth. Now, approximately five weeks later, however, we are not out of the woods. As of January 25, 2021, Virginia's seven-day moving average of new COVID-19 cases is still more than 4,000 per day. Virginia's PCR percent test positivity rate is at 12.5 percent—an increase from 11.1 percent approximately one month ago. The statewide rate of COVID-19 ICU hospitalizations (6.1 per 100,000) is well above the threshold of concern (3.5 per 100,000). The health data makes clear that Executive Order 72's temporary restrictions must remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, physically distance from others, stay home when possible, and wear face coverings indoors and in public. We have to continue to work together to keep each other safe.

Executive Order

THIRD AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

**EASING OF COMMONSENSE SURGE RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of COVID-19 in the Commonwealth. Even though case counts are decreasing, there is still a cause for concern and a need for continued restrictions. Virginia's seven-day moving average of new COVID-19 cases is still more than 2,000 per day, which is higher than at any point in the first nine months of the pandemic. Virginia's seven-day PCR percent test positivity rate is 8.3 percent. The statewide rate of COVID-19 ICU hospitalizations (3.8 per 100,000) is still above the threshold of concern (3.5 per 100,000). Therefore, the health data makes it clear that, while Executive Order 72's temporary restrictions can be eased slightly, they must largely remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Executive Order

FOURTH AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

**FURTHER EASING OF COMMONSENSE SURGE RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of COVID-19 in the Commonwealth. Currently, Virginia's seven-day moving average of new COVID-19 cases is more than 1,211 per day, which is higher than at any point in the first nine months of the pandemic. Virginia's seven-day PCR percent test positivity rate is 5.4 percent. The statewide rate of COVID-19 ICU hospitalizations (2.3 per 100,000) is below the threshold of concern (3.5 per 100,000). The daily case incidence rate is 17.6 per 100,000, which is above the threshold of concern (14.3 per 100,000) and cases have been increasing for seven days. Therefore, the health data makes it clear that, while Executive Order 72's temporary restrictions can continue to be eased slightly, they must largely remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Executive Order

FIFTH AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

FURTHER EASING OF COMMONSENSE SURGE RESTRICTIONS DUE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of COVID-19 in the Commonwealth. Currently, Virginia's seven-day moving average of new COVID-19 cases is **1,348** per day, which is higher than at any point in the first nine months of the pandemic. Virginia's seven-day PCR percent test positivity rate is **6.1** percent. The statewide rate of COVID-19 ICU hospitalizations (**2.8** per 100,000) is below the threshold of concern (3.5 per 100,000). The daily case incidence rate, however, is **15.8** per 100,000, which is above the threshold of concern (14.3 per 100,000). Cases have been **decreasing for six days, but this is considered to be a fluctuating trend**. Therefore, the health data makes it clear that Executive Order 72's temporary restrictions must largely remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Executive Order

SIXTH AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

**FURTHER EASING OF COMMONSENSE SURGE RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of COVID-19 in the Commonwealth. Currently, Virginia's seven-day moving average of new COVID-19 cases is 1,348 per day, which is higher than at any point in the first nine months of the pandemic. Virginia's seven-day PCR percent test positivity rate is 6.1 percent. The statewide rate of COVID-19 ICU hospitalizations (2.8 per 100,000) is below the threshold of concern (3.5 per 100,000). The daily case incidence rate, however, is 15.8 per 100,000, which is above the threshold of concern (14.3 per 100,000). Cases have been decreasing for six days, but this is considered to be a fluctuating trend. Therefore, the health data makes it clear that Executive Order 72's temporary restrictions must largely remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

Executive Order

SEVENTH AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

**FURTHER EASING OF COMMONSENSE SURGE RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

In responding to the coronavirus pandemic, Virginia has administered nearly seven million doses of the COVID-19 vaccine. More than four million people have received at least one dose of the vaccine—more than 30 percent of Virginians are fully vaccinated. COVID-19 cases, hospitalizations, and the percent of positive tests continue to fall throughout the Commonwealth. Virginia is currently reporting a percent positivity of 3.5 percent, lower than at any time since the start of the pandemic. The Commonwealth’s 7-day average of new cases is at 555, the lowest it has been in over 10 months. The number of Virginians hospitalized is at the lowest number of hospitalizations recorded. The improvement in these metrics is due in large measure to individuals and businesses doing the right thing.

We have made tremendous progress, and we can continue to ease certain restrictions. But the virus is still a threat to our communities. It is critical that every Virginian get vaccinated, and if unvaccinated, take precautions: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. The science shows that vaccines are effective against the spread of the virus. Through its May 13, 2021 guidance, the Center for Disease Control and Protection (CDC) recognized the efficacy of vaccines and advised that it is now safe to no longer wear masks in certain circumstances.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

PROTECTING BUSINESSES FROM INCREASING COST OF UNEMPLOYMENT INSURANCE

Importance of the Issue

Due to the novel coronavirus (COVID-19) public health emergency, many Virginians are out of work due to business closures, school closures, and other health-related emergencies. The United States Department of Labor has greatly expanded the definition of who is eligible for unemployment compensation benefits, the period of time a person may be on unemployment compensation benefits, and the amount of unemployment pay a dislocated worker receives per week. The increase in workers who are eligible as well as the increase in funds distributed to families in the Commonwealth has depleted the Virginia Unemployment Insurance Trust Fund, and resulted in greatly increased levels of employer benefit charges and anticipated increases in the tax rates of covered employers under the *Virginia Unemployment Compensation Act*.

In response to this crisis, the United States Department of Labor's Employment and Training Administration has issued guidance letters (Federal Guidance) regarding the broad, emergency flexibility that States have to provide temporary relief to unemployed individuals and employers directly impacted by COVID-19. Pursuant to that guidance and its own authority, the Virginia Employment Commission (Commission) has already taken action with the United States Department of Labor to secure benefits for Virginians and request and repay Title XII advances from the Federal Unemployment Account.

However, there is still work that the Commission can do to lessen the tax burden on businesses that has resulted from record unemployment. Under the Federal Guidance, the Virginia Employment Commission may also relax its ordinary requirements in calculating the annual statement of the employers' benefit charges and taxes for the preceding fiscal year because of the historic demands on the Commonwealth's unemployment system and resulting employer benefit charges during this pandemic. Pursuant to that guidance, the Virginia Employment Commission must take action to provide relief to employers whose experience rating accounts have been chargeable with overwhelming amounts of benefits attributable to record high rates of unemployment during the COVID-19 pandemic.

Directive

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, Section 2.2-104 of the *Code of Virginia*, Item 131, Section F, Chapter 56 of the Acts of Assembly of the 2020 Special Session I, § 44-146.17 of the *Code of Virginia*, in furtherance of Amended Executive Order 51 (2020), and my continuing and ultimate authority and responsibility to act in such matters, I hereby delegate to the Commissioner of the Virginia Employment Commission the following authority and responsibility. The Commissioner shall:

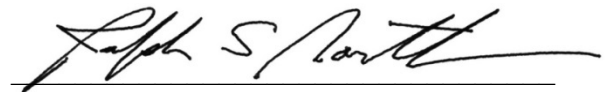

- Calculate the appropriate tax rate of each covered employer whose experience rating account has been chargeable with benefits for the second quarter (April 2020, May 2020, and June 2020) of the calendar year 2020;
- Modify the annual computation to omit addition of the benefits for the second quarter (April 2020, May 2020, and June 2020) of the calendar year 2020, that she may calculate and provide to every covered employer by December 31st, or as soon as practical thereafter, a statement of the employer's benefit charges and taxes for the preceding fiscal year under Article 4 of Title 60.2 of the *Code of Virginia*, and as contained in the *Virginia Unemployment Compensation Act*;
- Calculate a proper variation in the computation of the employers' benefit charges for the preceding fiscal year;
- Execute any necessary agreements with the United States Department of Labor related to continued implementation of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), 15 U.S.C. § 9001, et seq., for such other temporary tax relief for such covered employers during this public health emergency.

Effective Date of this Executive Order

This Executive Order shall be effective upon its signing and remain in full force and effect until the expiration of Amended Executive Order 51 unless sooner amended or rescinded.

**DECLARATION OF A STATE OF EMERGENCY
DUE TO CIVIL UNREST IN WASHINGTON, D.C. AND
POTENTIAL CIVIL UNREST IN THE COMMONWEALTH**

Importance of the Issue

On this day, January 6, 2021, I declare that a state of emergency exists in the Commonwealth of Virginia due to potential civil unrest that poses a danger to public safety. Due to significant events in Washington, District of Columbia, the Commonwealth is at a heightened risk of civil unrest that may require intervention to restore order, ensure the safety of the public, protect property, and provide additional resources to support our local, state, and federal partners. Specifically, violent protests in Washington, D.C. have led its Mayor to declare a state of emergency and impose a curfew. The District also requested assistance from the Commonwealth to address this unrest and restore order to our nation's Capital.

There is significant concern that the unrest unfolding in our nation's Capital may spark violence in the Commonwealth. This is of particular concern with respect to areas of the Commonwealth in close proximity to the District. To alleviate that potential, the Mayor of the City of Alexandria and the Chair of Arlington County Board requested curfews in the City of Alexandria and the County of Arlington.

The Commonwealth has a compelling interest to maintain peace and order in the face of escalating tension. The effects of this civil unrest constitute an emergency wherein human lives and public and private property are imperiled, as described in § 44-146.16 of the *Code of Virginia (Code)*. Action is necessary to preserve life and property and to alleviate the conditions caused by this situation.

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, and as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim that a state of emergency exists in the Commonwealth of Virginia. Accordingly, I direct state and local

governments to render appropriate assistance to prepare for and respond to this situation, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.
- C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
- D. Activation of the Virginia National Guard to State Active Duty to assist in mitigating this emergency as well as providing support to Washington, D.C. pursuant to the National Guard Mutual Assistance Compact, § 44-54.1 *et seq.* and the Emergency Management Assistance Compact, 44-146.28:1 *et seq.* of the *Code*, as well as any other applicable law.
- E. Authorization of a maximum of \$2,750,000.00 in state sum sufficient funds for state and local government mission assignments and state response and recovery operations authorized and coordinated through the Virginia Department of Emergency Management allowable by The Stafford Act, 42 U.S.C. § 5121 *et seq.* Included in this authorization is \$750,000.00 for the Department of Military Affairs.

Further, I declare that the City of Alexandria and the County of Arlington shall be under a curfew between the hours of 6:00 p.m., January 6, 2021 and 6:00 a.m., January 7, 2021. Unless extended by further executive order, that curfew shall end at 6:01 a.m. January 7, 2021. While the curfew is in place, no person shall be present on any street, road, alley, avenue, park, or other public place in the City of Alexandria and the County of Arlington with the following exceptions:

- Persons traveling to and from home, work, or places of worship;
- Hospital personnel;
- Members of the press;

- State and City of Alexandria or County of Arlington employees and volunteers;
- Military personnel including but not limited to national guard troops;
- Private emergency medical transport workers;
- Travel to and from public meetings of the City of Alexandria and the County of Arlington;
- Persons seeking emergency services; and
- Other emergency workers.

Nothing in this Order shall be construed to prohibit or restrict travel to a hospital in the event of a medical emergency, nor shall such travel be considered in violation of this Order.

Further, in the event of any conflict between this Order and Executive Order 72, Order of Public Health Emergency Nine, Section I, this Order governs.

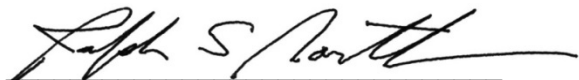

Violation of this Order shall be a Class 1 misdemeanor pursuant to § 44-146.17 of the *Code*.

Effective Date of this Executive Order

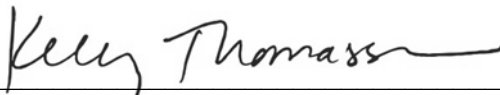

This Order shall be effective immediately, and with the exception to the provisions instituting the curfews, shall remain in full force and effect until February 6, 2021, unless amended or rescinded by further executive order.

VIRGINIA LEADING BY EXAMPLE TO REDUCE PLASTIC POLLUTION AND SOLID WASTE

Importance of the Initiative

The Commonwealth of Virginia has a growing population and a growing economy that present significant challenges in managing solid waste. Since 2011, solid waste disposed of at landfills and incinerators in Virginia has realized a cumulative increase of two million tons to nearly 23 million tons per year. At the same time, many recycling programs in the Commonwealth have curtailed or ceased operations since China stopped importing U.S. recyclables in 2018.

Landfills or incinerators subject to strict environmental standards are the best option for waste that cannot currently be reused or recycled. Such facilities, however, - no matter how strictly regulated - have negative environmental and social impacts on nearby communities and siting often raises issues of environmental justice. Therefore, it is critical that the Commonwealth focus on reducing its disposal of solid waste, and diverting as much as possible from landfills to beneficial reuse.

Single-use disposable plastic items, in particular, pose a severe and growing threat to fish and wildlife and to the health of the Chesapeake Bay. Plastics are the most pervasive type of marine debris in our ocean and along our coasts. In 2019 alone, volunteers collected more than 12,000 plastics bags and 13,000 plastic bottles, in addition to many other types of marine debris, from Virginia's coastline.

As a large producer of solid waste, the Commonwealth must lead by example and phase out its use of plastics and polystyrene items in favor of better alternatives. The Commonwealth must also significantly reduce the amount of solid waste it sends to landfills and incinerators, and work with the private sector to do the same.

Directive

Accordingly, by virtue of the authority vested in me by Article V of the Constitution of Virginia and the laws of the Commonwealth, I hereby order my administration to take the following actions to reduce plastic pollution and eliminate the need for new solid waste disposal facilities in Virginia:

I. State Agency Plastic Pollution Reduction

A. Immediate Cessation of Use

Within 120 days from issuance of this Order, all executive branch state agencies, including state institutions of higher education, and their concessioners (Agency or Agencies) shall discontinue buying, selling, or distributing these specific items: disposable plastic bags, single-use plastic and polystyrene food service containers, plastic straws and cutlery, and single-use plastic water bottles that:

- An Agency determines are not for medical, public health, or public safety use; or
- An Agency determines, with the concurrence of the Director of the Department of Environmental Quality (Department), should be eliminated instead as part of a phase-out plan pursuant to this subsection B below and completed no later than December 31, 2022.

B. Planned Phase-out -- State Agency Plastic Pollution Reduction Plan

Within 180 days from issuance of this Order, each Agency shall develop a State Agency Plastic Pollution Reduction Plan (Plan) to eliminate the buying, selling, or distribution of **all** non-medical single-use plastic and expanded polystyrene objects (even those utilized for public health or public safety use). These Plans shall include an inventory of all non-medical single-use plastic and expanded polystyrene items typically used by the Agency. Each Agency shall determine appropriate alternative replacement items. Such alternatives should be either reusable, compostable, or recyclable. Each Agency Plan shall set timelines for phasing out single-use items identified in its Plan. The schedule for phasing out **all** non-medical single-use plastic and expanded polystyrene objects shall be:

- 25 percent reduction by December 31, 2022;
- 50 percent reduction by December 31, 2023;
- 75 percent reduction by December 31, 2024; and
- 100 percent reduction by December 31, 2025

Agency Plans shall also identify additional needs and opportunities for reducing all solid waste, including plastics and polystyrene, from Agency operations and facilities, and diverting such waste from landfills through composting, beneficial reuse, enhanced recycling, and other strategies.

II. State Agency Plastic Pollution Reduction Reporting and Compliance

The Department shall provide technical assistance to Agencies to support compliance with the requirements of this Order.

A. Department to provide State Agency Plastic Pollution Reduction Plan template

Within 45 days from the issuance of this Order, the Director of the Department shall provide to state agencies a State Agency Plastic Pollution Reduction Plan template (Plan), including short- and long-term actions.

B. Department guidance and recommendations

Within 90 days from the issuance of this Order, the Department shall issue general guidance and recommendations to all Agencies regarding implementation of this Order and shall update these recommendations annually. In issuing and updating the general guidance and recommendations, the Department shall consult and coordinate with the Department of General Services, the Virginia Information Technologies Agency, the Virginia Department of Transportation, and those institutions of higher education that have autonomy in procurement granted under the Restructured Higher Education Financial and Administrative Operations Act (*Code of Virginia* § 23.1-1000, et seq.).

C. Submission of Agency Plans and Department reports

Within 180 days of the issuance of this Order, state agencies shall submit their Plastic Pollution Reduction Plans to the Department. Agencies shall submit an annual update of their Plan and a progress report to the Department by July 1 of each year beginning in 2022. The Department shall submit an annual statewide progress report to the Secretary of Natural Resources (Secretary) by December 1 of each year beginning in 2022.

III. Report on Solid Waste Reduction and Diversion

The Secretary shall develop recommendations for reducing solid waste and diverting such waste from landfills through composting, beneficial reuse, enhanced recycling, and other strategies. In developing these recommendations, the Secretary shall engage the Secretaries of Commerce and Trade, Agriculture and Forestry, Education, and Health and Human Resources, as well as stakeholders in these and other areas as appropriate. No later than October 1, 2021, the Secretary shall submit to the Governor and the General Assembly a report reflecting those recommendations and recommendations for executive and legislative actions necessary to ensure that the Commonwealth does not exceed the capacity of existing landfills and incinerators. The Secretary shall coordinate with the Plastic Waste Prevention Advisory Council established pursuant to Chapter 798 of the 2020 *Acts of Assembly*.

IV. Exclusions

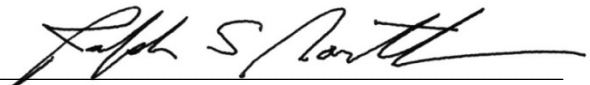

Nothing in this Order shall restrict any Agency from using any items as necessary to respond to any executive action declaring a state of emergency or order of public health emergency that would otherwise be restricted in use by this Order.

Effective Date of the Executive Order

This Executive Order shall be effective upon its signing and shall remain in full force and effect until amended or rescinded by further executive order.

NUMBER SEVENTY-EIGHT (2021)

DECLARATION OF A STATE OF EMERGENCY DUE TO THE SHUTDOWN OF THE COLONIAL PIPELINE

Importance of the Issue

On this date, May 11, 2021, I declare that a state of emergency exists in the Commonwealth of Virginia to prepare and coordinate our response to the voluntary shutdown of the Colonial Pipeline due to a cyber-attack on its business systems' informational technology infrastructure on May 7, 2021. If prolonged, the pipeline closure will result in gasoline supply disruptions to various retailers throughout the Commonwealth, since the pipeline is the primary source of gasoline to many Virginia retailers. While current gasoline reserves in the Commonwealth are sufficient to address immediate supply concerns, a long-term disruption in the pipelines will require transportation of fuel and other oil-derivatives via interstate and state roadways. The anticipated effects of this situation constitute a disaster as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, as Governor and Director of Emergency Management, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to alleviate any conditions resulting from the situation and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.

C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.

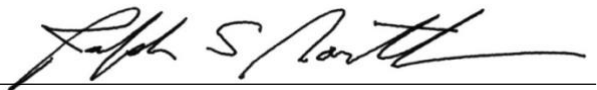

D. Activation of § 59.1-525 *et seq.* of the *Code* related to price gouging.

Effective Date of this Executive Order

This Executive Order shall be effective May 11, 2021, and shall remain in full force and in effect until June 10, 2021, unless sooner amended, terminated, or rescinded by further executive order. Termination of this Executive Order is not intended to terminate any federal type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 11th day of May, 2021.

NUMBER SEVENTY-NINE (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY TEN

**ENDING OF COMMONSENSE PUBLIC HEALTH RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

Since March 2020, Virginians have fought against the spread of COVID-19. We have witnessed service and sacrifice across the Commonwealth from our frontline workers, our students and teachers, our business owners, essential employees, and our families and neighbors. We have lost an astounding number of Virginians to this pandemic, and everyone has lost something. Commonsense public health restrictions have kept many Virginians safe during the last year, and with vaccines now widely available – over three million Virginians are fully vaccinated and safe from serious illness or death caused by COVID-19 – it is time to begin our new normal. COVID-19 remains a serious risk to unvaccinated people, and I encourage all Virginians to get their shot as soon as possible. Masks are a critical tool in protecting yourself and others until you are fully vaccinated.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:

CONTINUED GUIDANCE ON MASK WEARING

A. Masks – Indoors and Outdoors

All individuals in the Commonwealth aged five and older should cover their mouth and nose with a mask in accordance with the Centers for Disease Control and Prevention guidance linked [here](#).

B. Masks – Enforcement

1. The Virginia Department of Health shall have authority to enforce this Order.
The State Health Commissioner may also seek injunctive relief in circuit court for violation of this Order, pursuant to § 32.1-27 of the *Code of Virginia*.
2. Medical-grade masks and personal protective equipment should be reserved for medical personnel. The use of cloth masks does not replace the need to maintain the appropriate physical distancing, clean and disinfect frequently touched surfaces routinely in all public settings, stay home when sick, and practice frequent handwashing.

C. Masks – Exceptions

1. Where required to wear a mask, the requirement does not apply to the following:
 - a. While eating or drinking;
 - b. Individuals exercising or using exercise equipment;
 - c. Any person who is playing a musical instrument when wearing a mask would inhibit the playing of the instrument (*e.g.*, wind or brass instrument) so long as at least ten feet of physical distance can be maintained from other persons, whether the rehearsal or performance is indoors or outdoors;
 - d. Any person who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove the mask without assistance;
 - e. Any person seeking to communicate with people who are deaf or hard of hearing and for which the mouth needs to be visible;
 - f. When temporary removal of the mask is necessary to secure government or medical services;
 - g. When necessary to participate in a religious ritual; and

h. Persons with health conditions or disabilities that prohibit wearing a mask. Nothing in this Order shall require the use of a mask by any person for whom doing so would be contrary to his or her health or safety because of a medical condition. Adaptations and alternatives for individuals with health conditions or disabilities should be considered whenever possible to increase the feasibility of wearing a mask to reduce the risk of COVID-19 spreading if it is not possible to wear one.

2. Any person who declines to wear a mask because of a medical condition shall not be required to produce or carry medical documentation verifying the stated condition, nor shall the person be required to identify the precise underlying medical condition.

D. Masks – Public and Private K-12 Schools

All students, teachers, staff, and visitors must wear a mask over their nose and mouth while on school property subject to **section C**.

E. Masks – Waiver

The waiver of § 18.2-422 of the *Code of Virginia* is continued, so as to allow the wearing of a medical mask, respirator, or any other protective face covering for the purpose of facilitating the protection of one's personal health in response to the COVID-19 public health emergency declared by the State Health Commissioner on February 7, 2020, and reflected in Amended Executive Order 51 (2020) declaring a state of emergency in the Commonwealth. Amended Executive Order 51 (2020) remains so amended. This waiver is effective as of March 12, 2020, and will remain in effect until 11:59 p.m. on June 30, 2021, unless amended or rescinded by further executive order.

Effective Date of this Executive Order

This Order is in furtherance of Amended Executive Order 51 (2020). Further, this Order terminates Seventh Amended Number Seventy-Two (2021) and Order of Public Health Emergency Nine, shall be effective **midnight on May 28, 2021**, and shall remain in full force and effect until amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia and the Seal of the Office of the State Health Commissioner of the Commonwealth of Virginia, **this 14th day of May, 2021.**

COMMISSION TO EXAMINE RACIAL AND ECONOMIC INEQUITY IN VIRGINIA LAW

Importance of the Initiative

On June 4, 2019, Executive Order 32 established the Commission to Examine Racial Inequity in Virginia Law. Its purpose, inspired by the leadership of Senator Lionell Spruill and Delegate Marcia Price, was to review the *Acts of Assembly*, the *Code of Virginia*, and Virginia's administrative regulations to identify and make recommendations to address laws that either were intended to or could have the effect of promoting or enabling racial discrimination or inequity. The Commission's work focused on researching historic law to identify remainders of racially discriminatory language in order to right the wrongs of history. On December 5, 2019, the Commission issued a report to the Governor reflecting the Commission's findings and recommendations. Relying upon those recommendations, the General Assembly repealed 91 discriminatory *Acts of Assembly* in its 2020 Regular Session.

In response to the racial justice demonstrations during the summer of 2020, Amended Executive Order 32 (June 4, 2020) extended the Commission for another year. Under the Amended Order, the Commission's work shifted to identify laws and policies that needed to be amended, repealed, or enacted to address underlying and persistent racial inequities. On August 6, 2020, the Commission issued a memorandum on criminal justice, followed by its second report issued on November 15, 2020. Throughout its existence, the Commission has brought to light racially discriminatory laws and offered policy proposals to address that discrimination.

While the increased focus on racial reckoning magnified the critical need for criminal justice reform, the COVID-19 pandemic exposed economic inequities in the Commonwealth, particularly for Virginians of color. Now citizens and advocates are calling for more equitable economic opportunities as we rebuild Virginia's post-pandemic economy.

Therefore, it is time to establish a new commission to examine the intersection between institutional racism and economic inequality. This new commission will identify racially discriminatory laws and the inequitable economic policies that shadow them. A core initiative of my Administration is to build a Virginia that works for everyone, no matter who you are or where you come from. This new commission will strive to make that vision a reality.

Establishment of the Commission to Examine Racial and Economic Inequity in Virginia Law

Accordingly, by virtue of the authority vested in me as Governor, under Article V of the Constitution of Virginia and §§ 2.2-134 and 2.2-135 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish the Commission to Examine Racial and Economic Inequity in Virginia Law (Commission). The Commission will identify laws and policies in Virginia that have the effect or could have the effect of enabling or promoting racial or economic inequity or inequality.

Composition and Support of the Commission

The Governor will appoint the Commission's members and its chair(s). The Governor will appoint experts, scholars, and community leaders with knowledge of and/or experience in civil rights, race and equity, economics, and the law. The Governor may appoint other members to carry out the Commission's duties at any time. The Commission will have an advisory role, and the members will serve without compensation, in accordance with § 2.2- 2100 of the *Code of Virginia*. In carrying out its duties, the Commission may establish working groups as it deems appropriate and may solicit participation from relevant subject matter experts, practitioners, and historical analysts.

The Office of the Governor and any other agencies or offices as may be designated by the Governor will provide staff support for the Commission. An estimated 250 hours of staff time will be required to support the work of the Commission.

Duties of the Commission

The Commission will meet upon the call of the chair(s) and shall issue an interim report with any findings and recommendations to the Governor no later than September 30, 2021. The Commission shall issue any additional reports to the Governor as necessary or as requested by the Governor. The Commission's reports shall be made available to the public.

Finally, this new Commission will build upon the model of the Commission to Examine Racial Inequity in Virginia Law by continuing to engage advocates, community leaders, and special interest groups who serve and represent Virginia's diverse constituencies.

Effective Date of the Executive Order

This Executive Order shall be effective upon signing and shall remain in force and effect for one year, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 30th day of July, 2021.

DECLARATION OF A STATE OF EMERGENCY DUE TO SEVERE WEATHER

Importance of the Issue

On this date, August 31, 2021, I declare that a state of emergency exists in the Commonwealth of Virginia to prepare and coordinate our response to severe weather storms. The Virginia Emergency Operations Center has monitored severe weather and rain events that started moving through the western portion of the Commonwealth on August 30, 2021, to include Tropical Storm Ida, which will cover large portions of the entire state beginning today, August 31, 2021. The rainfall experienced so far, in conjunction with the amount forecast in coming days, presents significant resource and operational challenges.

The impacts of these weather systems have already caused flash flooding, downed trees, electrical outages, and significant impacts to roads and bridges. Given the storm's current forecast, the Commonwealth will assist localities, especially those with vulnerable populations, to provide support in response to a large-scale weather event during the COVID-19 pandemic. Pre-positioning response assets and supplies and activating the Virginia Emergency Support Team will be necessary to assist our localities.

The anticipated effects of this situation constitute a disaster as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

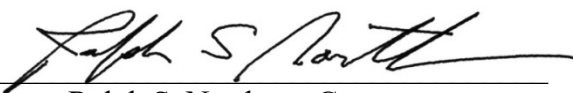

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.
- C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
- D. Activation of § 59.1-525 *et seq.* of the *Code* related to price gouging.
- E. Authorization of a maximum of **\$1,000,000** in state sum sufficient funds for state and local government mission assignments and state response and recovery operations authorized and coordinated through the Virginia Department of Emergency Management allowable by The Stafford Act, 42 U.S.C. § 5121 *et seq.* Included in this authorization is **\$300,000** for the Department of Military Affairs.
- F. Activation of the Virginia National Guard to State Active Duty.

Effective Date of this Executive Order

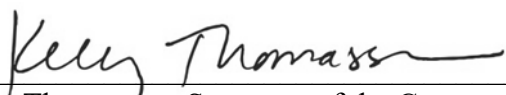

This Executive Order shall be effective August 30, 2021, and shall remain in full force and in effect until September 28, 2021 unless sooner amended or rescinded by further executive order. Termination of this Executive Order is not intended to terminate any federal type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

CONSULTATION WITH FEDERALLY RECOGNIZED TRIBAL NATIONS FOR ENVIRONMENTAL AND HISTORIC PERMITS AND REVIEWS

Importance of the Initiative

The Commonwealth of Virginia is home to Tribal Nations with whom the Commonwealth has important and unique government-to-government relationships. Virginia's Tribal Nations were firmly established on ancestral lands long before the English arrived to settle in Jamestown in 1607. Prior to English colonization, Algonquian, Siouan, and Iroquoian speaking people flourished on these lands.

These Tribal Nations had their land taken and their identities, culture, and sovereignty attacked and undermined. While Articles 3 and 4 of the 1677 Treaty of Middle Plantation promised to respect the boundaries of reserved Tribal lands in perpetuity, most tribes in the Commonwealth had their land seized and their reservations disbanded.

Over the centuries, the relationship of Virginia's Indian population and the Commonwealth varied greatly. Tribal Nations have often been forced to fight to maintain their identities in the face of racist and assimilationist policies. In recent decades, the Commonwealth has strengthened its relationship with Tribal Nations and now recognizes that Tribal Nations have always been integral to the cultural and historic fabric of the Commonwealth.

Virginia first acknowledged Tribal Nations through a formalized state recognition process in 1983. In 2015, the United States federal government finally formally acknowledged a Virginia Tribe in the modern era. Since 2018, the federal government has recognized seven Tribal Nations indigenous to the Commonwealth of Virginia.

Federal agencies are required to offer an opportunity for government-to-government consultation with federally recognized Tribal Nations when taking actions that have tribal implications.

This Order ensures the Commonwealth of Virginia provides similar opportunities for consultation with federally recognized Tribal Nations when evaluating certain state permit applications for potential impacts to environmental, cultural, and historic resources.

Consultation

The Department of Environmental Quality, the Department of Conservation and Recreation, the Department of Historic Resources, and the Virginia Marine Resources Commission shall develop policies and procedures to ensure an opportunity for meaningful and culturally appropriate, written consultation with potentially impacted Indigenous tribes, nations and communities acknowledged pursuant to the Federally Recognized Indian Tribe List Act of 1994, 25 U.S.C. 479.

This order shall apply to the following permits and reviews to the extent permitted by law:

- Environmental Impact Reports for major state projects, prepared pursuant to *Code of Virginia* §10.1-1188
- State Corporation Commission project reports, prepared pursuant to *Code of Virginia* § 56-46.1; 20 VAC 5-302-25
- Virginia Department of Aviation environmental reports, pursuant to *Code of Virginia* § 5.1-7
- Environmental Impact Assessments for Oil or Gas Well Drilling Operations in Tidewater Virginia, pursuant to 9 VAC 15-20
- Federal Consistency Determinations pursuant to Section 307 of the "Coastal Zone Management Act of 1972" (CZMA), 14 U.S.C. § 1456
- Ground water withdrawal permits for groundwater withdrawals greater than one million gallons per day, issued pursuant to *Code of Virginia* § 62.1-266
- Designation of historic districts, buildings, structures, or sites as historic landmarks, pursuant to *Code of Virginia* § 10.1-2206.1
- Burial Permits for Relocation of Human Remains, pursuant to *Code of Virginia* § 10.1-2305
- Cave Collection Permits, pursuant to the *Code of Virginia* § 10.1-1000, for permit applications pertaining to the study, extraction or removal of any archaeological or historic feature in caves
- Local government notifications for new and existing impoundment structures or dams, pursuant to 4 VAC 50-20-58
- Construction or Alteration of Virginia Regulated Impounding Structures Permit, pursuant to 4 VAC 50-20-70 and 4 VAC 50-20-80
- Underwater Recovery Permits, pursuant to *Code of Virginia* § 10.1-2214

Federal Permitting

Major Air, Waste, and Water Permits

The Environmental Protection Agency (EPA) is required to consult on a government-to-government basis with federally recognized Tribal governments when EPA actions and decisions

may affect tribal interests. The EPA provides an opportunity for consultation with federally recognized Tribes for major air, waste, and water discharge permits issued pursuant to the federal Clean Air Act, 42 U.S.C. § 7401 et seq. and the federal Clean Water Act, 33 U.S.C. § 1251 et seq.

The Department of Environmental Quality shall continue to coordinate, as requested by both the EPA and federally recognized Tribes, in the issuance or modification of these major permits to ensure there is an opportunity for tribal input during the permit development process.

Joint Permit Applications for shoreline erosion control projects, piers, wharfs, dredging, and construction related activities

As part of its regulatory duties, the Virginia Marine Resources Commission (VMRC) coordinates with the Department of Environmental Quality and the U. S. Army Corps of Engineers (Corps) in its review of local, state and federal Joint Permit Applications for shoreline erosion control projects, piers, wharfs, dredging, and other marine and non-marine construction related activities.

VMRC shall continue to coordinate with the Corps and federally recognized Tribal Nations in the issuance or modification of Joint Permit Applications to ensure there is opportunity for tribal input during the development process.

Ombudsman for Tribal Consultation

The Secretary of the Commonwealth, with advice from the Tribal Nations, shall designate an Ombudsman for Tribal Consultation within the office of the Secretary of the Commonwealth. The Ombudsman shall:

- Facilitate communication and consultation between federally recognized Tribal Nations and the agencies identified in the Order to ensure an opportunity for meaningful consultation on the permits and reviews listed in this Order.
- In consultation with Tribal Nations and within 60 days, develop a list of localities in which federally recognized Tribal Nations should be consulted.
- In consultation with Tribal Nations, make recommendations to the Governor for additional types of permits and reviews for which consultation shall be required.
- In consultation with Tribal Nations, make recommendations to the Governor regarding circumstances under which Tribal consent should be required for issuance of certain permits.

Implementation

Within 90 days of the effective date of this Executive Order, each impacted agency shall establish a Tribal consultation policy to ensure an opportunity for meaningful and timely input by Tribal representatives for the permits and reviews listed in this order.

An agency Tribal consultation policy shall, to the extent permitted by law, include provisions that:

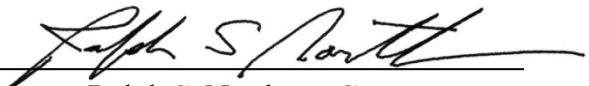

- Designate a consultation official who has the authority to define agency actions appropriate for consultation, evaluate the adequacy of the consultation, and ensure that agency programs consultation practices are consistent.
- Define appropriate means of notifying federally recognized Tribal Nations, which may be dependent on tribal preferences.
- Establish procedures to ensure that sufficient information and time is provided for Tribal officials to make an informed opinion.
- Establish procedures for the agency to provide feedback to the federally recognized Tribal Nations involved in the consultation process to explain how their input was considered.

Effective Date of the Executive Order

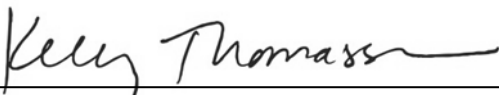

This Executive Order shall be effective upon signing and shall remain in full force and effect unless amended or rescinded by further Executive Order.

NUMBER EIGHTY-FOUR (2022)

ACTION TO PROVIDE CERTAIN OPERATIONAL RELIEF FOR HOSPITALS AND HEALTHCARE WORKERS, VIA DECLARATION OF A LIMITED STATE OF EMERGENCY

Importance of the Issue

As the Commonwealth of Virginia continues to respond to the novel coronavirus (COVID-19) pandemic, the highly-transmissible Omicron variant is driving a significant increase in hospitalizations. This increase in people hospitalized due to COVID-19—the overwhelming majority of whom are unvaccinated—is placing stress on Virginia’s general hospitals and nursing facilities and creating a sudden yet temporary need to increase bed capacity in these facilities. In addition, the winter season is spurring an increasing number of flu and respiratory syncytial virus (RSV) cases in Virginia, impacting hospital capacity. Staffing levels at these facilities are severely strained by a national shortage of healthcare workers. Healthcare workers across the country are facing severe burnout and exhaustion 22 months into the pandemic. Reinstating both the authorization of out-of-state licensed professionals to provide care to the citizens of the Commonwealth and the availability of telehealth services will assist in meeting that demand.

Over 3,500 patients are hospitalized statewide as a result of COVID-19, with a seven-day average of 3,118 patients hospitalized as of January 9, 2022. Statewide ventilator numbers have significantly increased over last month, with 314 patients on ventilator support as of January 10, 2022 compared to 146 ventilated COVID-19 patients on December 1, 2021. ICU COVID-19 hospitalizations have more than doubled—increasing from 235 to 567 patients in the ICU—since December 1, 2021. Virginia is quickly approaching its record of 585 COVID-19 ICU patients reported on January 13, 2021.

The increase in COVID-19 continues to result in increased demand for certain health-care services that, coupled with significant burden on the health-care system, require additional flexibilities for health-care providers to ensure access to care for Medicaid and Family Access to Medical Insurance Security (FAMIS) members.

Vaccines are now approved for all persons aged five and older and booster shots are now recommended for certain persons who have previously been vaccinated, in accordance with Centers for Disease Control guidance. It is anticipated that additional vaccinators will again be necessary. It remains critical that all doses of COVID-19 immunizations administered in the Commonwealth are reported to the Virginia Immunization Information System in a manner consistent with the Virginia Immunization Information System Regulations.

The General Assembly afforded immunity from certain liability in circumstances such as those presented by the COVID-19 health crisis. Sections 8.01-225.01 and 8.01-225.02 of the *Code of Virginia* provide certain liability protection to healthcare providers during a state of emergency. Section 44-146.23 of the *Code of Virginia* provides certain liability protection to public and private agencies and their employees engaged in emergency services activities, which include medical and health services.

Directive

Therefore, on this date, January 10, 2022, I declare that a limited state of emergency exists in the Commonwealth of Virginia due to COVID-19, a communicable disease of public health threat and its impact on hospitals and the health-care workforce. The effects of COVID-19 constitute a disaster as described in § 44-146.16 of the *Code of Virginia (Code)*. By virtue of the authority vested in me by Article V of the Constitution of Virginia and by § 44-146.17 of the *Code*, I declare that a limited state of emergency exists in the Commonwealth of Virginia.

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

1. Authorization for the Commissioner of the Virginia Department of Health, the Commissioner of the Department of Behavioral Health and Developmental Services, the Director for the Department of Medical Assistance Services and the Director of the Department of Health Professions, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state regulation, and enter into contracts as required to implement this order without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
2. Notwithstanding the provisions of Article 1.1 of Chapter 4 of Title 32.1 of the *Code*, I direct the State Health Commissioner, at his discretion, to authorize any general hospital or nursing home licensed by the Virginia Department of Health (VDH) or to increase licensed bed capacity as determined necessary by the Commissioner to respond to increased demand for beds resulting from COVID-19. Notwithstanding § 32.1-132 of the *Code*, I further direct that any beds added by a general hospital or nursing home pursuant to an authorization of the Commissioner under this Order will constitute licensed beds that do not require further approval or the issuance of a new license. Any authorization by the Commissioner to increase bed capacity, and the authority for any resulting increased number of beds, will expire 30 days after the expiration or rescission of this Order, as it may be further amended.

3. Notwithstanding any contrary provision in Title 54.1 of the *Code*, a license issued to a health-care practitioner, pharmacist, pharmacy intern, or pharmacy technician by another state, and in good standing with such state, shall be deemed to be an active license or registration issued by the Commonwealth to provide health-care or professional services as a health-care practitioner of the same type for which such license or registration is issued in another state provided the health-care practitioner is engaged by a hospital (or an affiliate of such hospital where both share the same corporate parent), licensed nursing home, dialysis facility, the VDH, or a local or district health department for the purpose of assisting that facility with public health and medical and health operations. Hospitals, licensed nursing homes, dialysis facilities, and health departments must submit to the applicable licensing authority each out-of-state health-care practitioner's name, license type, state of license, and license identification number within a reasonable time of such health-care practitioner providing services at the applicable facility in the Commonwealth.
4. Health-care practitioners with an active license issued by another state may provide continuity of care to their current patients who are Virginia residents through telehealth services. Establishment of a relationship with a new patient requires a Virginia license unless pursuant to paragraph 3 of this Order.
5. Physician assistants licensed in Virginia with two or more years of clinical experience may practice in their area of knowledge and expertise and may prescribe without a written or electronic practice agreement.
6. A health-care practitioner may use any non-public facing audio or remote communication product that is available to communicate with patients, provided that such communication product is not inconsistent with the waivers and flexibilities issued by the United States Department of Health and Human Services and the Centers for Medicare and Medicaid Services. This exercise of discretion applies to telehealth services provided for both COVID-19 and for other diagnosis and treatment services unrelated to COVID-19.
7. A licensed practical nurse may administer the COVID-19 vaccine without the supervision of a registered nurse or licensed medical practitioner.
8. Licensed health professionals of health systems or hospitals whose scope of practice includes administration of the vaccine and who have administered the COVID-19 vaccine in a health system or hospital setting may administer the COVID-19 vaccine at any point of distribution that is held in collaboration between a health system or hospital and a local health department without undergoing additional training.
9. A local health department may collaborate with a federal health facility, whether civilian or military, for the purpose of COVID-19 vaccine administration. Federal personnel whose scope of practice includes vaccination may serve with the Medical Reserve Corps after a training and skills assessment as required by VDH.
10. The Department of Medical Assistance Services (DMAS) shall suspend pre-admission screening pursuant to § 32.1-330 of the *Code*. All new nursing home admissions will be treated

as exempted hospital discharges. Community based LTSS screening teams shall be exempt from face-to-face screenings and may screen for nursing home admission from a community setting or waiver services using telehealth or telephonic screening.

11. DMAS shall waive requirements pursuant to § 32.1-325(A)(14) of the *Code* concerning certificates of medical necessity. Any supporting verifiable documentation requirements are waived with respect to replacement of durable medical equipment (DME). DMAS shall also suspend enforcement of additional replacement requirements for DME, prosthetics, orthotics, and supplies that are lost, destroyed, irreparably damaged, or otherwise rendered unusable, such that the face-to-face requirement, a new physician's order, and new medical necessity documentation are not required for replacement equipment.

12. Any health-care provider as defined in §32.1-127.1:03 of the *Code*, or any other person permitted by law to administer the COVID-19 vaccine, who administers COVID-19 immunizations, shall report to the Virginia Immunization Information System in a manner consistent with the Virginia Immunization Information System Regulations.

13. The number of technicians a pharmacist may supervise shall be increased. No pharmacist shall supervise more than five persons performing the duties of a pharmacy technician at one time. Pharmacy technicians performing COVID-19 administrative tasks will not be counted in the ratio count.

14. Emergency Medical Services (EMS) agencies shall continue to coordinate and work with health-care providers to address the overwhelming demands and capacity shortages being experienced by EMS agencies and other first responders. This includes strategies to manage and coordinate pre-hospital care as well as patient discharge and transport.

15. Temporary nurse aides practicing in long term care facilities under the federal Public Health Emergency 1135 Waiver may be deemed eligible by the Board of Nursing to take the National Nurse Aide Assessment Program examination upon submission of a completed application, the employer's written verification of competency and employment as a temporary nurse aide, and provided no other grounds exist under Virginia law to deny the application.

16. Copays required under § 32.1-351(C) of the *Code* for Virginians receiving health insurance through the Family Access to Medical Insurance Security Plan are waived.

17. Personal care, respite, and companion providers in the agency- or consumer-directed program, who are providing services to individuals over the age of 18, may work for up to 60 days, as opposed to the current 30-day limit in § 32.1-162.9:1 of the *Code*, while criminal background registries are checked. Consumer-directed Employers of Record must ensure that the attendant is adequately supervised while the criminal background registry check is processed. Agency providers must adhere to current reference check requirements and ensure that adequate training has occurred prior to the aide providing the services in the home. Agency providers shall conduct weekly supervisory visits through telehealth methods when the aide works prior to receiving criminal background registry results. This section does not apply to services provided

to individuals under the age of 18, with the exception of parents of minor children in the consumer-directed program.

18. Requirements under § 2.2-4002.1 of the *Code* related to the 30-day advance -public notice and comment period are waived as to DMAS only, so that DMAS can issue Medicaid Memos to ensure that healthcare providers receive immediate information on flexibilities to ensure access to care for Medicaid members.

19. Prior to the transfer and transport of a patient subject to a temporary detention order to a state-operated psychiatric hospital, the facility where the patient is located and the transporting law enforcement agency or alternative transportation provider are strongly encouraged to contact the state-operated psychiatric hospital of temporary detention to ensure that a bed is available for the patient. If the state-operated psychiatric hospital system is at or over total bed capacity, the facility where the patient is located and the transporting law enforcement agency or alternative transportation provider are encouraged to work with the state-operated psychiatric hospital to delay transportation of the patient until the state-operated psychiatric hospital can provide a bed.

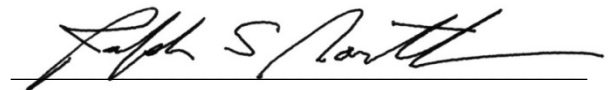

20. Prior to releasing a patient under a temporary detention order for transport to a state-operated psychiatric hospital, providers participating in the State Medicaid Plan must comply with the applicable *Criteria for Medical Assessment Prior to Admission to a Psychiatric Hospital, Inpatient Psychiatric or Crisis Stabilization Unit* found at <http://www.dbhds.virginia.gov/assets/doc/about/masg/adults-medical-and-screening-guidelines-11-5-2018.pdf> and <http://www.dbhds.virginia.gov/assets/doc/about/masg/peds-medical-assessment-and-screening-guidelines-11-5-2018.pdf>. Such providers shall screen patients under emergency custody or temporary detention for COVID-19 in accordance with guidance issued by the Centers for Disease Control and Prevention and the Virginia Department of Health. In addition, with consent of the patient subject to emergency custody or temporary detention, such providers should administer a COVID-19 active infection test prior to the transfer of the patient to a state-operated psychiatric hospital. If no other payment source is available, the Department of Behavioral Health and Developmental Services will reimburse the provider for the cost of the test.

NUMBER EIGHTY-FIVE (2022)

DECLARATION OF A STATE OF EMERGENCY DUE TO SEVERE WINTER WEATHER

Importance of the Issue

On this date, January 14, 2022, I declare that a state of emergency exists in the Commonwealth of Virginia to prepare and coordinate our response to severe winter weather. The Virginia Emergency Operations Center has been actively monitoring the movement of a major winter weather system heading toward Virginia, with anticipated tracks showing impacts beginning the evening of Saturday, January 15, 2022. The National Weather Service is still refining its forecasts based on real-time data, but initial forecasts are predicting impactful to highly impactful snow, sleet, ice, and freezing rain across broad swaths of the Commonwealth, to include higher impacts in the same area affected by the first event. This area is still dealing with the consequences of last week's back-to-back events, including power restoration and significant debris removal. This upcoming weather system is likely to include additional downed trees, more electrical outages, and significant impacts on travel conditions.

Given the storm's current forecast, the Commonwealth is leaning forward to assist localities and assist all Virginians who face the impacts of this complex, statewide storm while also coordinating continued COVID operations. Pre-positioning response assets and supplies will be necessary to assist our local and state partners whose resources have been severely strained by on-going events. The Virginia Emergency Support Team will activate for this incident.

The anticipated effects of this situation constitute a disaster as described in § 44-146.16 of the *Code of Virginia (Code)*. Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's armed forces, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 *et seq.* of the *Code*.

Directive

In order to marshal all public resources and appropriate preparedness, response, and recovery measures, I order the following actions:

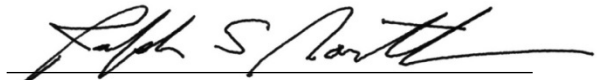

- A. Implementation by state agencies of the Commonwealth of Virginia Emergency Operations Plan, as amended, along with other appropriate state plans.
- B. Activation of the Virginia Emergency Operations Center and the Virginia Emergency Support Team, as directed by the State Coordinator of Emergency Management, to coordinate the provision of assistance to state, local, and tribal governments and to facilitate emergency services assignments to other agencies.
- C. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. All waivers issued by agencies shall be posted on their websites.
- D. Activation of § 59.1-525 *et seq.* of the *Code* related to price gouging.
- E. Authorization of a maximum of \$1,000,000 in state sum sufficient funds for state and local government mission assignments and state response and recovery operations authorized and coordinated through the Virginia Department of Emergency Management allowable by The Stafford Act, 42 U.S.C. § 5121 *et seq.* Included in this authorization is \$500,000 for the Department of Military Affairs.
- F. Activation of the Virginia National Guard to State Active Duty.

Effective Date of this Executive Order

This Executive Order shall be effective January 14, 2022, and shall remain in full force and in effect until February 13, 2022, unless sooner amended or rescinded by further executive order. Termination of this Executive Order is not intended to terminate any federal type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 14th day of January 2022.

Executive Directive One (2018)

Directing The Virginia Racing Commission Regarding Regulations Related To Historic Horse Racing Pursuant To House Bill 1609

Importance of the Initiative

The Commonwealth of Virginia has a rich history of horse racing dating back to when Virginia was still a colony. Virginians have been breeding and racing thoroughbreds for hundreds of years, and it is an important part of our economy. From early days to the Triple Crown-winning Secretariat from Caroline County and continuing to today, horse racing holds a special place in Virginia's history.

Currently, Virginia no longer hosts thoroughbred racing on the scale that reflects our state's close historic association with the sport. The horse track at Colonial Downs that once held regular races has not seen a horse race in several years. Without a major thoroughbred track in the state where Virginia-bred horses can race, and without a source of revenue to support the industry, it will be difficult for Virginia to once again be a place where the horse industry can thrive.

For these reasons, I was pleased to sign House Bill 1609 into law. I am hopeful that this legislation will reinvigorate the horse industry and allow thoroughbred racing to return to Virginia.

While I am excited about the opportunities that this legislation presents to Virginia's horse industry, the signing of this legislation begins an important process regarding the regulation of historic horse racing. HB 1609 authorizes the expansion of Virginia's pari-mutuel wagering laws to include wagering on horse races that have already taken place. As seen in other states that have adopted similar legislation, this type of wagering often takes place through an electronic machine. These machines can allow for multiple, simultaneous bets and for numerous bets in a very short period of time. House Bill 1609 allows this type of wagering to take place at a significant infrastructure facility horse track and at up to ten satellite facilities across the state. This is a significant departure from the type of pari-mutuel wagering that has taken place in Virginia to date.

House Bill 1609 empowers the Virginia Racing Commission ("Commission") to craft regulations regarding the conduct of historic horse racing. The Administrative Process Act (Va. Code § 2.2-4000 *et seq.*) requires that I approve any regulations promulgated by the Virginia Racing Commission before they become effective.

Given the importance of these regulations to the people of the Commonwealth of Virginia, the Virginia horse racing industry, local communities, law enforcement, and various other interests, it is essential that these regulations be crafted in an open, deliberate, and responsible manner. It is also important that the regulations be comprehensive to ensure that any gaming activity in Virginia is conducted responsibly and in a manner consistent with the intent of the General Assembly.

Directive to the Virginia Racing Commission

Accordingly, pursuant to the authority vested in me as the Chief Executive Officer of the Commonwealth and pursuant to Article V of the Constitution of Virginia and the laws of the Commonwealth, I hereby provide the following directives to the Commission regarding the promulgation of regulations related to historic horse racing as authorized by House Bill 1609 (2018).

In crafting these regulations, the Commission shall consider the following:

- Identification of a revenue source for the Virginia horse racing industry in order to support the reintroduction of thoroughbred racing in Virginia;
- That any license or authority granted by the Commission for the purpose of conducting historic horse racing be used for the purpose of conducting wagering on live horse racing, simulcast horse racing, or historic horse racing and not for any other purpose;
- Placement of reasonable limitations on the proliferation of gaming in Virginia through historic horse racing machines in order to ensure the safety and welfare of the people of the Commonwealth of Virginia;
- Local community opinions in determining whether to allow historic horse racing in a given locality;
- Ensuring due attention is paid to gambling addiction education, prevention, and treatment in the conduct of historic horse racing; and
- Establishment of a maximum number of historic horse racing machines at a racetrack and a maximum number of historic horse racing machines at a satellite facility as well as provisions related to physical size of satellite facilities.

In order to provide a full opportunity for public engagement during the development of regulations related to historic horse racing, I direct:

- That the Commission and its staff shall maximize opportunities for public engagement, comment, and public review of draft proposed and final regulations and that such public engagement begin immediately;
- That the Commission and its staff shall actively engage interested parties in public meetings, including local government representatives and organizations and law enforcement, in drafting regulations and that such engagement begin immediately; and
- That the Commission shall work to keep the Secretaries of Commerce and Trade and Finance, the Office of the Governor, and members of the Virginia General Assembly informed regarding the regulatory development process.

I further direct:

- That the Department of Planning and Budget, in conducting its economic impact analysis, consider the impact these regulations will have on potential future revenues to the Commonwealth from other sources.

Effective Date

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive order or directive.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 9th day of April, 2018.

Executive Directive Two (2018)

Establishing The Governor's Executive Leadership Team on Highway Safety

Importance of the Initiative

Motor vehicle crashes present a clear and significant threat to the safety and well-being of those who use Virginia's roads.

In 2017, there were 843 fatalities on Virginia's roadways. This represents a 20.4 percent increase in fatalities from 700 deaths in 2014. Of the 843 fatalities, 308 involved motorists not wearing seatbelts, 318 were speed related, 248 were alcohol related, and 208 involved distracted driving. In addition, the number of people ages 15 to 20 who died not wearing seat belts during motor vehicle crashes doubled from January 1 through June 30, 2018, compared to the same time period the prior year.

Those who work in transportation and public safety view every crash as preventable and are committed to the vision of zero fatalities on our roadways.

The Transportation Secretariat and the Public Safety and Homeland Security Secretariat, in partnership with other public and private entities, have undertaken a concerted effort to stop the upward trend in fatalities and strive for a meaningful and continuous reduction in fatalities.

Therefore, I am establishing an Executive Leadership Team on Highway Safety (Team) to address this critical public safety concern. This Team shall have the mission of reducing motor vehicle crash related fatalities.

The Team will be led by the Deputy Secretaries of Transportation and Public Safety and Homeland Security. In addition, the Team shall be comprised of designated leadership from the following state agencies:

- Department of Education;
- Department of Health;
- Department of Motor Vehicles;

- Department of Transportation; and
- Virginia State Police.

Key Objectives

To meet its mission, the Team will work with the Commonwealth's many partners to:

1. Prioritize key safety strategies and actions using the emphasis areas identified in the Virginia Strategic Highway Safety Plan and in consideration of Vision Zero and other government and private partner safety efforts;
2. Use a data-driven approach to target areas of immediate focus and determine ways to support current highway safety efforts to provide the most significant return on investment;
3. Identify resources to assist with the implementation of action plans to promote highway safety and reduce motor vehicle accident-related deaths, injuries, and crashes;
4. Implement coordinated multi-agency campaigns to strengthen and support efforts to reduce motor vehicle deaths, injuries, and crashes; and
5. Make recommendations on strategies, and report progress to the Governor.

The Team shall convene as necessary to accomplish these objectives and meet with stakeholders to gather information and report on efforts.

Staffing

The Team shall be staffed by existing staff in the Office of the Secretaries of Transportation and Public Safety and Homeland Security and any other Secretariats, agencies, or offices as designated by the Governor.

Effective Date

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive order or directive.

Executive Directive Three (2019)

Continuing the Statewide Agencies Radio System (STARS)

Importance of the Initiative

Virginia has recognized the necessity of establishing a statewide system of integrated land mobile radio and wireless data communication to be used and maintained for state agencies. As a result, the Statewide Agencies Radio System (STARS) was developed. This system seeks to meet the mutual communication needs of state and local entities that are engaged in public protection and safety. Interoperable communications among state agencies and localities is just as important now as it was then. The Northam Administration reaffirms its commitment to enhancing communications systems with this Directive.

The management of a statewide radio system shared between numerous agencies and localities poses considerable challenges. Due to the complex, multi-user nature of STARS, a centralized structure is necessary to meet the needs of users and to provide direction, troubleshooting support, and communication that ensures efficient system operation.

In order to be effective, a statewide radio system must meet the demands of a diverse group of agencies. Therefore, Cabinet Secretaries for each of the participating agencies, must be empowered to oversee the system. Additionally, a Virginia State Police (VSP) maintenance and operation unit will manage, maintain, and operate the reliable integrated radio communications system.

Continuation of the Statewide Agencies Radio System (STARS)

By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including but not limited to § 2.2-103 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters. I hereby continue the STARS Initiative.

Pursuant to Chapter 3, Title 52, of the *Code of Virginia*, I hereby continue the initiatives associated with STARS to meet the need for an integrated land mobile radio and wireless data communications system for certain state and local entities for interconnection via the Commonwealth Link to Interoperable Communications (COMLINC), between state and local communication systems. As part of this initiative, I hereby continue the STARS Steering Group

(Steering Group), the STARS Management Team (Management Team), and the User Agency Requirements Committee (UARC).

STARS Initiative Membership

The STARS Initiative Membership shall consist of the following entities, and any other state and local entities that the Steering Group approves:

- Chesapeake Bay Bridge and Tunnel Police;
- Department of Agriculture and Consumer Services;
- Department of Alcoholic Beverage Control;
- Division of Capitol Police;
- Department of Conservation and Recreation;
- Department of Corrections;
- Department of Emergency Management;
- Department of Environmental Quality;
- Department of Fire Programs;
- Department of Forestry;
- Department of Game and Inland Fisheries;
- Department of Health;
- Department of Juvenile Justice;
- Department of Military Affairs;
- Department of Mines, Minerals, and Energy;
- Department of Motor Vehicles;
- Department of State Police;
- Department of Transportation;
- Virginia Information Technologies Agency;
- Virginia Marine Resources Commission;
- Virginia Port Authority; and
- Buchanan County.

Withdrawal by state agencies from the STARS system shall only be done upon written approval of the Secretary of Public Safety and Homeland Security.

All STARS-allotted equipment used by a departing state agency, locality or authority shall be returned to the VSP. If an agency purchases additional radios and later decides to leave the STARS system, the radios will be wiped and returned to that agency. All equipment purchased by a state agency, locality, or authority for use on STARS will be maintained and asset managed as part of the STARS radio cache of the VSP. Additional radios can be added to the fleet with the concurrence of the STARS Management Team after determining the impact on the overall network's performance.

STARS Steering Group

The Steering Group shall provide overall direction and governance for the development, implementation, and ongoing operation of STARS.

A. Composition of the Steering Group

The Secretaries of Public Safety and Homeland Security, Transportation, Natural Resources, Commerce and Trade, Health and Human Resources, Agriculture and Forestry, and Finance shall serve as members of the Steering Group.

B. Duties of the Steering Group

The Steering Group shall

- Provide direction and overall governance for STARS, including communications, privacy, and security;
- Coordinate and assign radio frequency licenses granted by either the Federal Communication Commission or the National Telecommunications and Information Administration to agencies of the Commonwealth. Although assigned to individual state agencies, it is within the purview of the STARS Steering Group to determine the use of spectrum resources;
- Promote interagency cooperation and coordination in the use of communications resources;
- Hold meetings at least semiannually; and
- Designate and oversee the Management Team.

STARS Initiative Management Team

The Management Team shall be comprised of VSP staff to oversee the technical development, implementation, and ongoing operation of STARS.

A. Composition of the Management Team

The Management Team shall be led by the VSP Communications Officer and consist of persons with project management, electrical engineering, civil engineering, communications technology, procurement, contract administration, and accounting expertise. The Office of Public Safety and Homeland Security Commonwealth Interoperability Coordinator shall be a member of the Management Team.

B. Duties of the Management Team

The Management Team shall be responsible for maintaining a comprehensive management plan and procedures for the use and operation of STARS. It shall be responsible for resolving general operating issues between STARS users. Any issues that cannot be resolved by the Management Team shall be addressed by the Steering Group. It shall also take possession of all equipment used on STARS by user agencies and authorities (independent of how the equipment was obtained) and be responsible for maintenance and asset management.

The Management Team is responsible for determining which equipment is appropriate for use on STARS on the basis of operability, interoperability, and maintainability. The Management Team shall meet as necessary.

STARS Initiative User Agency Requirements Committee (UARC)

The User Agency Requirements Committee (UARC), consisting of representatives from each member agency, authority and institution, shall assist the Management Team. The UARC shall have two co-chairs. The VSP Communications Officer shall serve as co-chair and the second co-chair shall be recommended by the UARC membership and approved by the Steering Group. The designated representative or alternate shall attend meetings of the UARC and shall coordinate a yearly agency audit of STARS equipment with the support of the Management Team. The representatives are the sole points of contact for their agencies pertaining to acquiring, installing, and moving STARS equipment. The representative shall consult with the Management Team prior to adding any electrical device to a STARS-equipped vehicle.

STARS Initiative Procurement

As provided in Item 457 of the 2002 Appropriation Act (Chapter 899 of the 2002 Acts of Assembly), the Commonwealth entered into a contract with Motorola on July 13, 2004, for the design, construction, and implementation of STARS with the approval of the Governor and the

General Assembly. The Secretary of Public Safety and Homeland Security, with the assistance of the Secretary of Finance, the Department of Planning and Budget, and the Treasurer, continues the oversight of the funding for STARS.

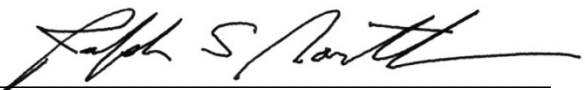

The Steering Group shall report on the status of STARS, including the status of any contract negotiations within the limitations of the Virginia Public Procurement Act (§ 2.2-4300 *et seq.* of the *Code of Virginia*) to the Governor and General Assembly by January 1 of each year.

Effective Date of this Executive Directive

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive order or directive.

Executive Directive Four (2019)

Establishing The Governor's Executive Leadership Team on School Readiness

Importance of the Initiative

Nearly 100,000 students enter kindergarten classrooms in Virginia schools each fall. Only 60% of these children start school with the key literacy, math, and socio-emotional skills needed to be successful in school. When considering the most vulnerable young learners, the numbers are more concerning; fewer than half of children from economically disadvantaged families enter school fully prepared for success.

Every Virginia child, regardless of background or zip code, is capable of and deserves to enter school prepared to reach his or her full potential. Yet the stark disparities in access to quality early childhood care and education contribute to disparate outcomes for children, especially for children from economically disadvantaged backgrounds, children who are English Language Learners, and children in rural or underserved areas.

Last year, I directed my administration to explore ways to increase access to early childhood care and education for Virginia families through Executive Orders 11, 12, and 13. My administration remains committed to building on this progress and the good work of our partners across the Commonwealth.

School Readiness Landscape

In recent years, state leaders have worked in a collaborative, bipartisan manner to strengthen Virginia's early childhood system. The General Assembly created the School Readiness Committee, a state-level advisory council, in 2016. In recent sessions, the legislature strengthened criminal background checks, expanded health and safety expectations, and invested in improving instruction quality. As part of these efforts, the legislature directed the Joint Legislative and Audit Review Commission (JLARC) to analyze and improve the system. JLARC released its analysis in December 2017. Through bipartisan efforts, during the 2018 session, actions were taken to improve school readiness outcomes in the Commonwealth. This included measuring kindergarten readiness through the Virginia Kindergarten Readiness Program and creating and monitoring a uniform measure of quality in all Virginia Preschool Initiative classrooms. The state's most recent expansion of quality preschool through Virginia Preschool Initiative Plus, provided by a federal grant, resulted in the elimination of the school readiness

gap between economically disadvantaged children and their non-disadvantaged peers, according to analysis by SRI International.

Additionally, the Secretary of Health and Human Resources and the Secretary of Education, in combination with the School Readiness Committee, and other public and private entities, have made a concerted effort to improve school readiness in the Commonwealth over the last five years. The Commonwealth has invested state dollars and secured significant federal funds to pilot and promote efforts in local communities, including the 2019 Preschool Development Grant Birth through Five (PDG B-5). Eleven communities across Virginia are leading the way in efforts to unify, measure, and strengthen access and quality in their early childhood systems. Through PDG B-5, the state has undergone a needs assessment and strategic planning process, which included data analysis, synthesis of 15 state reports, focus groups, stakeholder interviews, and intensive engagement with an Impact Workgroup. This culminated with a convening of the School Readiness Committee in June 2019 to review and establish statewide priorities and goals for improving school readiness.

Achievement Gap and Funding Needs

Virginia is ranked 33rd nationally in terms of state spending on preschool according to the National Institute for Early Education Research. The vast majority of economically disadvantaged families with children five and under in Virginia do not have access to an affordable early childhood care and education option. As of Fall 2018, 24% of economically disadvantaged four-year-olds and 72% of economically disadvantaged three-year-olds were not served through federal, state, or local government funding, which includes childcare subsidy, Head Start and school-based preschool. To close the gap for underserved children, Virginia needs to increase state funding to offer more children an affordable, quality publicly-funded option. Families should still be able to choose the setting that best serves their children, whether from a public provider or private provider who accepts public funding.

Establishment of Quality Metrics

Current data about publicly-funded programs – preschool, Early Head Start, Head Start and Child Care Assistance – is incomplete. Although the Virginia Quality initiative is open to all publically funded early learning programs, there is no mandate for participation and therefore no uniform way that quality is measured in Virginia. Without a consistent standard for comparison of early learning programs, it is difficult for families to understand their options and for communities to strengthen their local systems.

The Commonwealth must focus on building a uniform quality measurement and improvement system that evaluates and supports every publicly-funded program serving children five and under. This includes centers, family day homes, and school settings. A uniform measurement system would allow the Commonwealth to align supports and incentives to reach uniform quality measurements. As part of this process, it will be important to balance the availability of care with educational standards so that quality options for low-income families are expanded and not lowered.

Increasing public funding and implementing a quality measurement and improvement system will require more unified oversight and accountability at the state level. The Bipartisan Policy Institute ranked Virginia as 37th in the nation for state integration of early childhood programs. The Commonwealth must address this fragmentation of funding and programs in order for efforts to support and scale high quality options to be successful.

Establishment of the Executive Leadership Team on School Readiness

Therefore, I am establishing an Executive Leadership Team on School Readiness (Executive Leadership Team or Team) to address these critical concerns. This Team shall make recommendations that unify and strengthen the early childhood system to ensure all Virginia children have equal opportunities to enter school ready to succeed. This Team will identify and seek to address disparities both in access to and quality of early childhood care and education across the Commonwealth.

The Executive Leadership Team's core objectives include:

1. Ensure that all at-risk three-year-olds and four-year-olds in Virginia have access to a publicly-subsidized option; and
2. Ensure that all publicly-funded programs that serve children birth to five are measured as quality as part of a uniform quality rating system by 2025.

Executive Leadership Team Priorities

To meet its mission, the Team will work with the Commonwealth's many partners to:

1. Conduct a series of stakeholder listening sessions around the state to share needs assessment and strategic plan findings and to solicit feedback on how to improve school readiness in the Commonwealth.
2. Analyze existing funding streams and formulas including, but not limited to the Virginia Preschool Initiative (VPI), IDEA Part B, Title I, Early Head Start, Head Start and the Child Care Development Block Grant in order to make recommendations on how to maximize access for underserved children and families. Analysis should illustrate what would be required to ensure that every underserved three-year-old and four-year-old has access to a publicly subsidized option by 2025 without jeopardizing access for infants and toddlers.
3. Build, pilot and scale a uniform quality measurement and improvement system for all early childhood care and education programs that accept public funds to serve children five and under outside of their homes.
4. Develop recommendations to most effectively consolidate state oversight and administration for all early care and education programs that serve children out of their home.

Reporting

The Team shall convene as necessary to accomplish these objectives and meet with stakeholders to gather information. A written report shall be provided to the Governor by September 30, 2019, and subsequent reports will provided upon the request of the Governor.

Composition of the Executive Leadership Team

The Executive Leadership Team will be co-chaired by the Chief School Readiness Officer and the Commissioner of Virginia Department of Social Services. In addition, the Team shall be comprised of staff from the following executive branch agencies, and any other state agencies, as designated by the co-chairs:

- Department of Education;
- Department of Social Services; and
- Department of Planning and Budget.

Effective Date

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive order or directive.

Executive Directive Five (2019)

Access to Affordable, Quality Health Care Coverage

Importance of the Issue

Prior to the passage of the federal Patient Protection and Affordable Care Act (ACA), Virginians seeking access to health care faced significant barriers. One of the barriers was pre-existing condition exclusions, which either denied access to commercial health insurance outright or allowed an individual to obtain insurance but not for the services related to the pre-existing condition. Others fell into the Medicaid coverage gap, which meant that they were ineligible for Medicaid under the traditional requirements, yet their income proved to be too low to qualify for the Affordable Care Act's subsidies and credits. This put meaningful health care coverage out of reach.

When individuals and families have quality meaningful coverage, they can access critical services to treat medical and behavioral conditions before symptoms hinder physical, social, and emotional wellbeing. Individuals and families with a stable source of health coverage are more likely to obtain and maintain employment, complete educational goals, and report a higher overall satisfaction and quality of life. Virginia took a step in the right direction by expanding access to Medicaid to approximately 400,000 Virginians as of January 1, 2019. Medicaid expansion, coupled with reforms to make coverage in the private market more affordable, could help cut the uninsured rate in Virginia by more than half.

Unfortunately, recent federal actions threaten Virginia's trajectory to expand affordable healthcare coverage to more people across the Commonwealth. Whether through the expansion of substandard health plans, reduction in federal support for consumer outreach and enrollment assistance, Medicaid work requirements without appropriate employment supports, or increasing barriers to enrollment in comprehensive plans (including shortening the open enrollment period), federal policies are making meaningful coverage out of reach. If left unchecked, these policies will reduce affordability, decrease quality, and increase the number of Virginians forced to go uninsured or underinsured. To minimize the adverse impact these harmful federal policies can have on Virginians entails an unwavering commitment to a multipronged strategy that leverages state resources, achieves affordability through state innovation, and prioritizes consumer interest and protection. Achieving measurable improvement will require leaders at the highest levels of state government to direct and prioritize the resources and activities that will have the greatest impact on improving access to health coverage, as well as ensure each individual is treated equitably and with dignity and respect.

Access Health Care Coverage

By virtue of the authority vested in me as Governor, I hereby direct the Secretary of Health and Human Resources (Secretary) to identify, develop, and implement actions that will increase the number of Virginians enrolled in quality, affordable health care coverage.

This Executive Directive is premised on a steadfast commitment by this Administration to ensure that all Virginians, regardless of race, sex, color, national origin, religion, ability status, sexual orientation, gender identity or expression, age, or political affiliation can afford meaningful high-quality health coverage.

The Secretary, in collaboration with the Secretaries of Finance and Public Safety and Homeland Security, is directed to review policies and programs to promote greater access and enrollment in meaningful, affordable health insurance coverage. The Secretary shall work with other state agencies, community partners, providers, health plans, and policy makers to implement policies and processes that will result in measurable and sustained improvement in access to affordable health care coverage.

Directive to Ensure Access to Affordable, Quality Health Care Coverage

Accordingly, pursuant to the authority vested in me as the Chief Executive Officer of the Commonwealth and pursuant to Article V of the Constitution of Virginia and the laws of the Commonwealth, I hereby issue the following directives to promote health coverage and meaningful access for all Virginians. The Secretary shall pursue the following:

Leverage State Resources

- Improve and streamline eligibility and enrollment policies, processes, and systems to ensure timely access to needed health and social services.
- Target data-driven outreach strategies and resources to measurably increase health and other benefits coverage of eligible but not yet enrolled Virginians.
- Foster community partnerships in order to further promote and advance progress for equity in health care and outcomes.

Provide Affordability through State Innovation

- Address outlier health care costs to reduce health insurance premiums statewide.
- Develop an approach that allows Virginia to make decisions that best meet the specific needs of the Commonwealth's consumers.
- Develop a data-driven strategy to create efficiencies in coverage and improve health outcomes, with a special focus on particularly vulnerable populations, including but not limited to: pregnant women, justice-involved populations, non-English speaking populations, individuals with disabilities, and youth in foster care.

Focus on Consumers

- Develop a publicly-available Language Access Plan to regularly assess compliance with accessibility and usability of services, regardless of reading level, limited English proficiency, or disability.
- Propose actions to evaluate and improve consumer communications, including applications, notices, marketing, and outreach; and ensure that such communications whether written, electronic, or spoken, are fully accessible to all individuals and provide clear information.
- Increase transparency of health care coverage choices to empower consumers to make informed, timely decisions about which services and plans best meet their individual/family needs.
- Improve consumer protection policies for short-term limited duration plans and association health plans.
- When relevant, the Secretary shall provide an implementation timeline and/or legislative proposals.

Effective Date

This Executive Directive shall become effective upon its signing and shall remain in full force and effect until amended or rescinded by further executive directive.

Executive Directive Six (2020)

Continuing the Community Integration Team

Community Integration Team

Virginians with disabilities have a right to enjoy the same benefits of society and freedoms of everyday life that Virginians without disabilities enjoy. The Commonwealth has an obligation under the U.S. Supreme Court’s *Olmstead v. L.C. by Zimring*, 527 U.S. 581 (1999) decision, the Americans with Disabilities Act, and the Virginians with Disabilities Act to provide opportunities for individuals with disabilities to become fully integrated into the community if they choose. This is more than an obligation—it is a necessity. Virginia must continue to prioritize the mandate of the *Olmstead* decision to ensure the integration of individuals with disabilities into every community in the Commonwealth, as set forth in § 51.5-1 of the *Code of Virginia*, “to encourage and enable persons with disabilities to participate fully and equally in the social and economic life of the Commonwealth.”

By virtue of the authority vested in me as Governor under Article V, Section 1 of the Constitution of Virginia and § 2.2-103 and § 2.2-104 of the *Code of Virginia*, I hereby direct the following Cabinet Secretaries and their respective executive branch agencies and councils to continue their collaborative efforts to complete and update a comprehensive, cross-governmental strategic plan designed to ensure continued community integration of Virginians with disabilities:

Secretary of Commerce and Trade

Department of Housing and Community Development

Secretary of Education

Department of Education

Virginia School for the Deaf and Blind

Secretary of Health and Human Resources

Department of Aging and Rehabilitative Services

Department for the Blind and Vision Impaired

Department of Behavioral Health and Developmental Services

Department for the Deaf and Hard of Hearing

Department of Medical Assistance Services

Virginia Board for People with Disabilities

Secretary of Veterans and Defense Affairs
Department of Veterans' Services

Secretary of Transportation
Department of Rail and Public Transportation

Chief Workforce Development Officer

Strategic Plan for Individuals with Disabilities

The goals of this strategic plan shall be to provide individuals with disabilities the opportunity to choose to move from institutions to appropriate, more integrated settings and to avoid institutionalization. The plan shall contain strategies that comprehensively address community services and supports, housing, transportation, employment and workforce issues, and shall be accompanied by a report on statewide progress in addressing these issues. Additional agencies that are not part of the Community Integration Implementation Team may be consulted in the development of the plan. The plan shall be submitted to me for my approval no later than August 31, 2020, and shall be updated and submitted every four years by August 31.

I hereby direct the Cabinet Secretaries, executive branch agencies and councils to work in close collaboration with local governments, local government agencies, and stakeholders in the Commonwealth.

Effective Date of the Executive Directive

This Executive Directive rescinds Executive Directive 6 (Kaine 2007) and will remain in full force and effect unless amended or rescinded by further executive action.

Amended Executive Directive Seven (2020)

Directing the Commissioner of the Department of Motor Vehicles to Continue Certain Administrative Action Due to the Novel Coronavirus (COVID-19)

Importance of the Issue

Since issuing Executive Directive Seven on March 17, 2020, the Commonwealth of Virginia has continued to implement aggressive measures to respond to and to mitigate the spread of the novel coronavirus (COVID-19) and its effects on Virginians. Data collected by the Virginia Department of Health, however, shows that the virus continues to spread across the state adversely affecting thousands of Virginians. Therefore, it is necessary to extend certain actions previously undertaken to ensure the safety and wellbeing of Virginians.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, § 44-146.17 of the *Code of Virginia*, and my continuing and ultimate authority and responsibility to act in such matters, I direct the Virginia Department of Motor Vehicles (DMV) to undertake the following measures:

- DMV Customer Service Centers (CSC), DMV 2 Go, and DMV Connect locations statewide shall remain closed to the public until May 11, 2020. During this time, online and mail services will remain available to customers. DMV services should reopen to the public with limited operations on May 11, 2020.

Third Amended Executive Directive Seven (2020)

Directing the Commissioner of the Department of Motor Vehicles to Take Certain Administrative Actions Due to the Novel Coronavirus (COVID-19)

Importance of the Issue

Since issuing the Second Amended Executive Directive Seven on May 8, 2020, the Commonwealth of Virginia has continued to implement aggressive measures to respond to and to mitigate the spread of the novel coronavirus (COVID-19) and its effects on Virginians. **On May 8, 2020, Executive Order Sixty-One and Order of Public Health Emergency Four, later amended, was executed presenting a detailed framework of Phase One of the “Forward Virginia” plan to safely and gradually ease public health restrictions while containing the spread of COVID-19.** Therefore, it is necessary to **modify** actions previously undertaken to ensure the safety and wellbeing of Virginians.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, § 44-146.17 of the *Code of Virginia*, and my continuing and ultimate authority and responsibility to act in such matters, I direct the Virginia Department of Motor Vehicles (DMV) to undertake the following measures:

- DMV Customer Service Centers (CSC), DMV 2 Go, and DMV Connect locations **continue a phased reopening to the public with limited operations by appointment that began on May 18, 2020.** Online and mail services will continue to remain available to customers.
- Extend the validity of every driver, vehicle, special identification, and driver credential due to expire on or before **July 31, 2020**, for up to 90 days not to exceed **August 31, 2020.** Such action will give customers additional time beyond the expiration date to renew the credentials.
- Minimize customer contact during driver training at Class B Virginia Driver Training Schools by suspending behind-the-wheel training until **the date the locality in which the school is located enters Phase One as outlined in Executive Order 61 and Amended Order of Public Health Emergency Four.** When these driver training schools reopen, they should adhere to the **Guidelines for All Business Sectors as best practices linked [here](#).**

- In addition, when a Class B Virginia Driver Training School reopens, DMV will support the minimization of customer contact during driver training until the school's respective location enters Phase Two by:
 - Waiving the two-student minimum requirement under the Virginia Driver Training Schools Regulations;
 - Waiving the student-to-student observation periods during in-vehicle instruction; and
 - Allowing one-on-one in-vehicle instruction.

Fourth Amended Executive Directive Seven (2020)

Directing the Commissioner of the Department of Motor Vehicles to Further Extend Certain Administrative Actions to Support the Department's Phased Reopening

Importance of the Issue

Executive Directive Seven (2020) initially issued on March 17, 2020, directed the closure of Department of Motor Vehicle (DMV) Customer Service Centers (CSC), DMV 2 Go, and DMV Connect locations statewide effective March 18, 2020, as part of the Commonwealth's response to and mitigation of the spread of the novel coronavirus (COVID-19) and its effects on Virginians. The Third Amended Executive Directive Seven (2020) issued on May 27, 2020, extended the validity of every driver, vehicle, special identification, and driver credential due to expire on or before July 31, 2020, for up to 90 days not to exceed August 31, 2020.

Since that time, Executive Orders Sixty-One and Public Health Emergency Three, Executive Order Sixty-Two Public Health Emergency Four, and Sixty-Five and Public Health Emergency Four and Six have been issued, and where applicable, amended to provide guidance for easing various imposed restrictions related to the pandemic. The DMV began a phased reopening of the DMV Customer Service Centers (CSC), DMV 2 Go, and DMV Connect locations to the public, with limited operations by appointment, on May 18, 2020. As of June 22, 35 of the 75 DMV CSCs have reopened and with full subscription of available appointments.

The phased reopening of DMV offices necessitated by the pandemic limited DMV operations and now poses additional challenges to providing Virginians services within the time period provided by Third Amended Executive Directive Seven. This new occurrence makes additional action necessary to maintain the validity of Virginian's driver, vehicle, special identification, and driver credentials.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, § 44-146.17 of the *Code of Virginia*, and my continuing and ultimate authority and responsibility to act in such matters, I direct the DMV to undertake the following additional measures:

- DMV CSC, DMV 2 Go, and DMV Connect locations shall continue the phased reopening to the public with limited operations by appointment that began on May 18, 2020. Online and mail services will continue to remain available to customers.
- Extend the validity of every driver, vehicle, special identification, and driver credential due to expire on or before July 31, 2020, for up to an additional 90 days not to exceed October 31, 2020. Such action will provide customers additional time beyond the current extension period in the Third Amended Executive Directive Seven to obtain an appointment as needed to renew their credentials.

Effective Date of this Amended Executive Directive

Fifth Amended Executive Directive Seven (2020)

Directing the Commissioner of the Department of Motor Vehicles to Further Extend Certain Administrative Actions to Support the Department's Phased Reopening

Importance of the Issue

Executive Directive Seven (2020) initially issued on March 17, 2020, directed the closure of Department of Motor Vehicle (DMV) Customer Service Centers (CSC), DMV 2 Go, and DMV Connect locations statewide effective March 18, 2020, as part of the Commonwealth's response to and mitigation of the spread of the novel coronavirus (COVID-19) and its effects on Virginians. The Third Amended Executive Directive Seven (2020) issued on May 27, 2020, extended the validity of every driver, vehicle, special identification, and driver credential due to expire on or before July 31, 2020, for up to 90 days not to exceed August 31, 2020. The Fourth Amended Executive Directive Seven (2020) issued on June 25, 2020, extended the validity of every driver, vehicle, special identification, and driver credential due to expire on or before July 31, 2020, for up to an additional 90 days not to exceed October 31, 2020.

Since that time, the Virginia Department of Labor and Industry (DOLI) adopted § 16VAC25-220 Emergency Temporary Standard (ETS) on July 15, 2020, which became effective July 27, 2020, placing additional restrictions on Virginia employers to protect the health and general welfare of Virginia residents. Third Amended Executive Order Sixty-One (Public Health Emergency Three), Amended Executive Order Sixty-Two (Public Health Emergency Four), and Amended Executive Order Sixty-Five (Public Health Emergency Six), impose restrictions related to the pandemic, and the DOLI regulations further impact DMV operations. Together, these make additional actions necessary to maintain the validity of Virginian's driver and special identification credentials.

DMV has continued a phased reopening of the DMV Customer Service Centers (CSC) and DMV Connect locations to the public, with limited operations by appointment and in compliance with the governing regulations. As of August 24, 2020, 68 of the 75 DMV CSCs have reopened and with full subscription of available appointments.

To help mitigate the challenges to providing Virginians services to maintain credentials while responsibly operating during this pandemic, by mid-September DMV will offer eight-year credential holders who are currently required to renew in-person the option to obtain a two-year credential without requiring an appointment for an in-person visit to a CSC. While this will reduce the need for thousands of appointments and in-person visits, there will remain thousands

of new customers each month who will continue to be impacted by the operating restrictions required to protect the health and general welfare of Virginia residents.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, § 44-146.17 of the *Code of Virginia*, and my continuing and ultimate authority and responsibility to act in such matters, I direct the DMV to undertake the following measures to provide customers additional time to obtain an appointment for in-person visits needed to renew their credentials:

- Extend the validity of every driver and special identification credential not previously extended and due to expire between August 1, 2020, and October 31, 2020, for 60 days from the expiration date on the face of the credential; and
- Extend the validity of every driver and special identification credential not previously extended and due to expire between November 1, 2020, and November 29, 2020, for up to an additional 29 days from the expiration date on the face of the credential not to exceed November 30, 2020.

Effective Date of this Amended Executive Directive

This Executive Directive shall be effective from August 28, 2020, and shall remain in full force and effect unless rescinded or further amended.

Executive Directive Nine (2020)

Directing the Virginia Marine Resources Commission Regarding Regulations Related to Atlantic Menhaden Pursuant to HB 1448 and SB 791

Importance of the Initiative

Atlantic menhaden serve as the base of the marine food chain in the Chesapeake Bay and along the U.S. Atlantic Coast. They are a primary food source for commercially and recreationally important fish species such as striped bass, bluefish, red drum, and seatrout that bring in tens of billions of dollars and support hundreds of thousands of jobs in Virginia and other East Coast states. Whales, dolphins, and seabirds also depend on menhaden for their survival. Atlantic Menhaden are important to recreational and commercial fishermen in other ways, as well. The fish are the primary bait option for commercial crabbers and for anglers targeting many species of gamefish. They are also the target of purse seine fisheries based on Virginia's Northern Neck that provide either full time or seasonal employment to hundreds of people living in that area, and support the regional economy.

Earlier this month, the General Assembly passed and I signed House Bill 1448 and Senate Bill 791 transferring all management authority for Atlantic Menhaden from the legislature to the Virginia Marine Resources Commission (VMRC), which manages all other saltwater fish species in Virginia waters. VMRC implements science-based quotas established by the Atlantic States Marine Fisheries Commission (ASMFC), a regional fishery management organization composed of voting members from all the East Coast states. This transfer was necessary because the General Assembly did not always adopt ASMFC recommendations on Atlantic Menhaden in a timely manner, which led most recently to an exceedance of Virginia's 2019 Chesapeake Bay quota and a moratorium on Atlantic Menhaden fishing in Virginia waters imposed by the U.S. Secretary of Commerce effective June 17, 2020.

House Bill 1448 and Senate Bill 791 give VMRC the authority to set regulations that will bring Virginia into compliance with the ASMFC menhaden management plan and prevent the moratorium from becoming effective. As this regulatory authority is a significant new responsibility for VMRC, it is appropriate for me to offer guidance to the agency on how I expect it to implement the law.

Directive to the Virginia Marine Resources Commission

Accordingly, pursuant to the authority vested in me as the Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby provide the following directives to the Commission regarding the promulgation of regulations related to management of Atlantic menhaden in Virginia waters as authorized by House Bill 1448 and Senate Bill 791 (2020).

In crafting these regulations, the Commission shall consider the following:

- Ensuring that regulations are finalized in a timely manner to demonstrate to the Atlantic States Marine Fisheries Commission and the U.S. Department of Commerce that the current moratorium on Atlantic Menhaden fishing in Virginia waters should be lifted before its June 17, 2020 effective date;
- Establishing the Chesapeake Bay harvest cap for the Atlantic Menhaden reduction fishery at the level necessary to ensure compliance with current and future Atlantic States Marine Fisheries Commission management plans;
- The economic importance of menhaden to the Northern Neck and coastal Virginia, and ensuring continued sustainable harvest of Atlantic Menhaden by the purse seine reduction and bait fisheries, including in the Chesapeake Bay; and
- Ensuring continued protection of the Chesapeake Bay ecosystem.

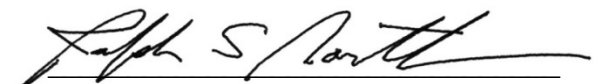

Additionally, the Commissioner of the VMRC shall request of the Atlantic States Marine Fisheries Commission that the Commonwealth be allowed to pay back the purse seine reduction fishery harvest overage from the 2019 fishing season in equal amounts over the 2020 and 2021 fishing seasons.

Effective Date of the Executive Directive

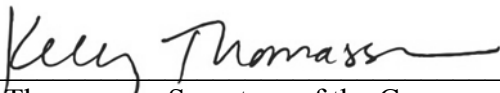

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive action.

Executive Directive Ten (2020)

Authorizing the Chief Executive Officer of the Virginia Alcoholic Beverage Control Authority to Take Certain Administrative Action Due to the Novel Coronavirus (COVID-19)

Importance of the Issue

On March 12, 2020, I declared a state of emergency in the Commonwealth of Virginia due to the potential impacts of the spread of the novel coronavirus (COVID-19). The health and general welfare of Virginia residents require that state action be taken to help alleviate the conditions caused by this situation.

Therefore, by virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia, § 44-146.17 of the *Code of Virginia*, and my continuing and ultimate authority and responsibility to act in such matters, I direct the Virginia Alcoholic Beverage Control Authority (ABC) to take the following measures:

1. Defer for 90 days the collection of any renewal fees for any license or permit issued by ABC that expired or will expire on or after March 31, 2020, and before the later of (i) July 1, 2020, or (ii) 30 days following the expiration or rescission of Executive Order 51. A licensee or permittee whose renewal fees are deferred shall pay the required renewal fee no later than 90 days after the original expiration date of such license or permit. Such action will give licensees an additional 90 days, beyond the original expiration date, to pay any renewal fees for their licenses and permits. All applicable penalties prescribed in § 4.1-203 of the *Code of Virginia* shall be waived.
2. Allow the sale and service of cocktails off-premises by establishments licensed to sell mixed beverages pursuant to §§ 4.1-210(A)(1) or 4.1-210(A)(12) of the *Code of Virginia*.
3. Allow the sale and service of cocktails off-premises by distilleries licensed pursuant to §§ 4.1-206(A)(1), 4.1-206(A)(2), and 4.1-206(A)(3) of the *Code of Virginia* exercising the privilege to sell samples granted by §§ 4.1-119(D) and 4.1-119(G) of the *Code of Virginia*.
4. Prescribe the terms and conditions under which the sale and service of cocktails off-premises shall be permitted under paragraphs two and three above. The terms

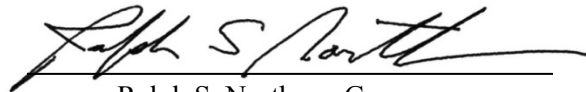

and conditions shall affirmatively state that the privilege of any licensee to sell and serve cocktails off premises shall expire at 11:59 p.m. on the date on which Executive Order 51 expires or is rescinded, or upon revocation of such privilege by the Board of Directors for Virginia Alcoholic Beverage Control Authority.

Effective Date of this Executive Directive

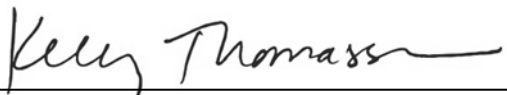

This authority granted to ABC by this Executive Directive shall be effective from April 9, 2020, 11:59 p.m., and shall remain in full force and effect until Executive Order 51 expires, or is rescinded

Given under my hand and under the Seal of the Commonwealth of Virginia, this 8th day of April, 2020.

Continuing the Commonwealth of Virginia Campaign: Employee Workplace Giving and Volunteerism

Importance of the Initiative

The Commonwealth of Virginia Campaign (CVC) is an annual charitable giving campaign created in 1997 under the Virginia Department of Human Resource Management (DHRM) to promote a culture of caring and giving within the Commonwealth of Virginia. The CVC assists the Commonwealth's employees in their charitable giving by providing a single vehicle for charitable contributions that minimizes workplace disruptions and maximizes charitable contributions. Since its inception, employees of the Commonwealth have given over \$50 million, including \$2.2 million in 2019.

In 2010, Governor McDonnell recognized the CVC as an annual campaign and created the Advisory Council in Executive Order 26 (2010). Recognizing the importance of charitable giving by state employees, Governor McAuliffe continued the CVC through Executive Order 27 (2014). In his Executive Order, Governor McAuliffe expanded the size of the Advisory Council and established Agency Coordinators to organize the CVC within each agency.

The success of the campaign in 2020 is vital due to the global impact of the COVID-19 pandemic. Now more than ever, Virginians helping Virginians when they are able is important. The CVC's newly-designed website makes it easy for state employees to support trusted local and global charities. [The website](#) contains everything employees need to support charities, including online pledges using ePledge.

I know that state employees stand ready at a moment's notice to step up and help where needed and, with the support and guidance of Virginia's leadership, can accomplish anything.

Directive to all State Agencies

By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including but not limited to Sections 2.2-103A and 2.2-104 of the *Code of Virginia* and subject to my continuing and

ultimate authority and responsibility to act in such matters, I hereby authorize all agencies of the Commonwealth to renew their efforts to continue the annual Commonwealth of Virginia Campaign as established in Executive Order 27 (2014) and supplemented by this Executive Directive.

Key Objectives

The Commonwealth of Virginia Campaign will continue to provide a responsive and convenient system to facilitate charitable giving.

The goals of the campaign will be to:

1. Ensure maintenance of a value-based Commonwealth of Virginia Campaign.
2. Serve as a model for other state workplace giving campaigns.
3. Enhance commitment from leadership across secretariats.
4. Establish employee-supported annual campaign giving goals.
5. Provide assistance to participating 501(c)(3) registered non-profit organizations in serving the needs within the Commonwealth.
6. Facilitate an efficient and cost-effective vehicle by which state employees can voluntarily contribute to charities that align with their passion or cause.
7. Recognize the need for transparency of the campaign by offering an online giving guide that increases employee knowledge about CVC and how employees can start their own campaigns.
8. Ensure fiscal accountability.
9. Consolidate all fundraising solicitations into one campaign, and prohibit interruptions in the state workplace from outside fundraising.
10. Encourage employees to volunteer their time and share their skills in support of their communities.

Role of the Advisory Council and Agency Coordinators

The Commonwealth of Virginia Campaign will continue to be conducted annually in all state agencies through the participation and leadership of the CVC Advisory Council and the Agency CVC Coordinators:

1. **The CVC Advisory Council (CVCAC)** shall oversee, articulate, and review the

general campaign's annual goals and procedures and set the campaign's strategic direction. The members shall serve as the "Ambassadors" of the campaign and provide governance to both the Virginia State Employee Assistance Fund and the Virginia State Employee Loan Program, and manage both programs. The committee's members will continue to serve three-year terms and include one representative from each cabinet secretariat, the legislative branch, the judicial branch, seven regional representatives, and three state employees chosen at-large.

2. **Agency CVC Coordinators** will continue to be appointed by the agency heads and serve as the "Ground-Level Advocates" tasked with organizing the campaign within their respective agencies. Agency CVC Coordinators shall continue to collaborate with the statewide campaign and serve as the point of contact for their agency. Agency CVC Coordinators will work closely with their agency heads in the planning of a successful campaign by coordinating special fundraising events, promoting peer-to-peer fundraising, monitoring their campaign's progress, and reporting direct giving to achieve their agency's goals. This role is critical to conducting a successful campaign.

The Director of DHRM shall continue to serve as the chairperson of the CVCAC and lead the development and implementation of the operating procedures for the campaign's organization and administration.

Effective Date of the Executive Directive

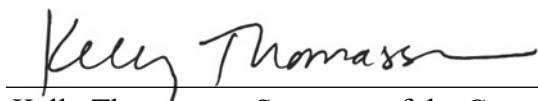

This Executive Directive supplements Executive Order Number 27 (2014), issued by Governor Terrence R. McAuliffe. This Executive Directive shall be effective upon its signing and shall remain in full force and effect until rescinded or amended by further executive action.

Executive Directive Thirteen (2020)

Directing the Virginia Coastal Zone Management Program Regarding Responsibility and Reporting to the Commonwealth's Chief Resilience Officer

Importance of the Initiative

The Virginia Coastal Resilience Master Plan (Master Plan) was initiated by Executive Order 24 (2018) and positions the Commonwealth to take the lead in making Virginia's coast more resilient to the impacts of climate change and sea level rise. Among its many accomplishments, the Master Plan defines the responsibilities of the Chief Resilience Officer (CRO) and the Special Assistant to the Governor for Coastal Adaptation and Protection (SACAP). This leadership is key to addressing the economic, social, environmental, and public health and safety threats of coastal natural hazards. The Coastal Resilience Master Planning Framework (Framework) that was developed pursuant to Executive Order 24 demonstrates how the Commonwealth will lead by providing a sound approach to developing and implementing solutions that will build resilience and maintain thriving coastal communities.

In using the Framework to develop and implement a full Master Plan, the CRO and SACAP will require significant administrative and technical support. This support will include decision option identification; stakeholder and advisor input management; data collection and synthesis; and performance monitoring. The Virginia Coastal Zone Management Program (CZM) is well positioned to provide this support.

The CZM Program is a network of state agencies and coastal localities led by the Virginia Department of Environmental Quality (DEQ) and grant funded by the National Oceanic and Atmospheric Administration (NOAA). CZM is of particular importance to the master planning process because it funds a variety of projects that support coastal adaptation and protection. The CZM Program is housed within DEQ, an appropriate arrangement given the CZM mission and the need for financial administration and support from a state agency. However, the CZM Program also has professional coastal planning expertise that should be applied directly to the master planning process. Therefore, a system of direct reporting to the Chief Resilience Officer on issues of coastal adaptation and protection will improve coordination of the Commonwealth's coastal resilience initiatives while also retaining financial and administrative support from DEQ.

Directive to the Coastal Zone Management Program

Accordingly, pursuant to the authority vested in me as the Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby provide the following directives to the Coastal Zone Management Director regarding responsibility and reporting to the Commonwealth's Chief Resilience Officer.

The Director of the CZM Program shall report directly to the Chief Resilience Officer on matters of coastal adaptation and protection, pursuant to the Chief Resilience Officer's role as the primary point of contact on all issues relating to pre-disaster hazard mitigation and responsibility for coordination and planning of resilience initiatives across state government.

In the Chief Resilience Officer's absence, or under other circumstances as determined by the Chief Resilience Officer, the Director of the CZM Program shall report directly to the Special Assistant to the Governor for Coastal Adaptation and Protection on all matters of coastal adaptation and protection, and shall, in any event, inform the Special Assistant for Coastal Adaptation and Protection of the CZM Program's actions and activities, and coordinate with the Special Assistant for further development of the Coastal Resilience Master Plan.

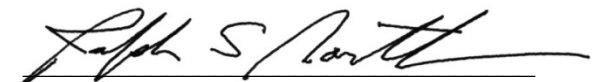

Consistent with the terms of its NOAA grant agreement, the Coastal Zone Management Plan, and the Coastal Needs Assessment and Strategies, the Director of the CZM Program shall provide technical support to the CRO and the SACAP as necessary to develop and implement the Virginia Coastal Resilience Master Plan.

Effective Date of the Executive Directive

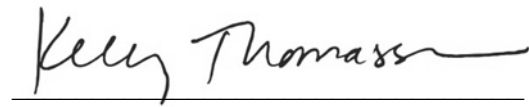

This Executive Directive shall be effective upon its signing and shall remain in force and effect unless amended or rescinded by future executive action.

Establishing Virginia's Security Corridors Sentinel Landscapes State Coordinating Committee

Importance of the Initiative

The Commonwealth of Virginia is home to multiple critical military installations. The land on which those installations is situated, along with the surrounding communities and natural resources, is an increasingly important part of our Nation's national security infrastructure. In order to protect, preserve, and expand the resilience and capabilities of these essential facilities, Virginia believes it is of utmost importance to receive a Sentinel Landscape designation from the federal government.

A Sentinel Landscape is an undeveloped or primarily agricultural land area around a military installation that has been designated for special protection from development that could constrain the military's ability to carry out training and testing activities. A Sentinel Landscape is anchored by at least one military installation and includes agricultural and forestry lands that would significantly benefit from natural resource restoration and/or conservation projects. When designated as a Sentinel Landscape, the military installations will be protected from land uses that are incompatible with the military's mission. Furthermore, the surrounding land and landowners will benefit from increased access to certain federal funding opportunities, thereby protecting working lands and improving the health and resilience of our environment.

Because the lands around the Commonwealth's military installations are also often affected by other environmental initiatives, a Sentinel Landscape designation will help the Commonwealth support and build on established initiatives such as:

- The Virginia Coastal Resilience Master Planning Framework, signed October 22, 2020, which will lead to a Virginia Coastal Resilience Master Plan and planning process, directed by Executive Order Number 24 (2018).
- Implementation of the Chesapeake Bay Watershed Implementation Plan Phase III, which will achieve federal water quality goals for the Chesapeake Bay by 2025.
- ConserveVirginia, a first in the nation, data-driven, statewide, land conservation strategy that identifies high value lands and conservation sites across the Commonwealth of Virginia, launched in April 2019.

- The Virginia-led Healthy Watersheds partnership project, which expands the use of forestland to meet critical climate adaptation efforts through carbon sequestration and ecosystem services enhancement to affect water and air quality.
- The Regional Greenhouse Gas Initiative (RGGI), which Virginia joined on January 1, 2021, and the Clean Energy and Community Flood Preparedness Act, which the General Assembly passed in 2020, authorizing the use of 45% of funds from RGGI carbon credit sales for the Virginia Community Flood Preparedness Fund.
- Collaboration with the Department of Defense and the Department of Homeland Security Installations to address expanded resilience opportunities as directed by the 2018 – 2021 National Defense Authorization Acts and 2018 National Defense Strategy.

States can apply to have land designated as a Sentinel Landscape by submitting an application to the Federal Coordinating Committee (FCC). The FCC is led by the Sentinel Landscapes Partnership comprised of the U.S. Department of Agriculture, Department of Defense, and Department of the Interior.

Directive to Establish Virginia Security Corridors Sentinel Landscape State Coordinating Committee

Therefore, I am establishing a Virginia Security Corridors Sentinel Landscape State Coordinating Committee (State Coordinating Committee) to lead Virginia’s effort to seek a Security Corridors Sentinel Landscape designation from the FCC.

The State Coordinating Committee will:

- Prepare and submit an application to the FCC by April 1, 2021 to designate a Sentinel Landscape in Virginia.
- Facilitate collaboration to develop goals for Virginia’s Security Corridors Sentinel Landscape implementation.
- Determine recommendations for identifying the initial priorities and desired outcomes for each of the four sub-sentinel landscapes. Each sub-sentinel landscape will represent a discrete section of the larger Sentinel Landscape. Each sub-sentinel landscape will be designated based on its location and will conduct the Sentinel Landscapes’ initiatives within its geographic area.

Composition of the State Coordinating Committee

The Secretary of Agriculture and Forestry will lead the State Coordinating Committee in partnership with the Secretary of Veterans and Defense Affairs. The Secretaries will continue their collaborative efforts with state, local, tribal, and regional leaders, federal partners, scientific

experts, other Secretariats and state agencies, and other stakeholders to meet the goals of the State Coordinating Committee.

The State Coordinating Committee shall be staffed by existing staff in the Office of the Secretaries of Agriculture and Forestry, Veterans and Defense Affairs, and any other Secretariats, agencies, or offices as designated by the Governor.

Effective Date of the Executive Directive

This Executive Directive shall be effective upon signing and shall remain in full force and effect unless amended or rescinded by further executive order or directive.

EXECUTIVE DIRECTIVE FIFTEEN (2021)

Authorization for the Department of Military Affairs to Cover Health Insurance Costs for Service Members Called to State Active Duty

Importance of the Issue

During emergencies, the Commonwealth of Virginia is often required to call members of the Virginia National Guard and Virginia Defense Force to State Active Duty, a temporary state employee status, to respond to natural or man-made threats. These citizen-soldiers are required to leave their civilian employment to become full-time members of the Virginia National Guard or Virginia Defense Force and often place themselves in harm's way. Under current Virginia law, these service members are not allowed to become participants in the Virginia State Employee Health Care program. When State Active Duty requires service longer than 14 days, some of these service members may lose their civilian health care insurance within 15-30 days of leaving their civilian employment for military duty unless they pay both the employer and the employee portions of their employer-sponsored health care insurance costs. These costs are prohibitively expensive for most service members.

Directive to the Department of Military Affairs

Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, and by § 44-146.17 of the *Code of Virginia*, I authorize the Virginia Department of Military Affairs (Department) to pay the employer portion of health care insurance premiums for any member of the Virginia National Guard or Virginia Defense Force (Service Member) when the following circumstances are met:

- A state of emergency has been declared for the Commonwealth; and
- The declaration of a state of emergency activated the Virginia National Guard or the Virginia Defense Force; and
- A service member was called to State Active Duty under the declaration of state of emergency for greater than 14 days; and

- The Service Member demonstrates the following to the satisfaction of the Department:
 - Immediately prior to being called to State Active Duty, the Service Member was employed; and
 - The Service Member received health care insurance coverage through his or her employer; and
 - The employer paid an insurance premium to maintain the Service Member's health care insurance coverage; and
 - As a result of the Service Member's State Active Duty status during the declared state of emergency, the employer is no longer paying an insurance premium to maintain the Service Member's health care insurance coverage.

Any payment made by the Department for health care insurance premiums pursuant to this Directive shall cover only the employer portion of the health care insurance premiums from day 15 of the State Active Duty until the date the Service Member is discharged from State Active Duty. Such payments by the Department may cover insurance premiums where the same health insurance plan covers both the Service Member and his or her family.

The Department may use the sum sufficient identified in the relevant state of emergency declaration for any payment authorized by this Directive.

The Department shall establish policies, procedures, and protocols to implement and record any payment authorized by this Directive. On or before November 1, 2021, and annually thereafter, the Department shall report to the Secretary of Veterans and Defense Affairs all payments made pursuant to this Directive.

Nothing in this Directive shall create a legal cause of action against the Commonwealth of Virginia or the Department for health insurance premiums or for payment of health care costs.

Effective Date of this Executive Directive

This Executive Directive is effective immediately and shall remain in full force and effect until June 30, 2022.

Directing the Commissioner of the Virginia Employment Commission (VEC) to Further Expand Capacity of Unemployment Insurance (UI) System

Importance of the Issue

The Commonwealth of Virginia ranks 51st out of 53 states and territories regarding the amount of federal funding it receives relative to what Virginia businesses pay in taxes. Despite being underfunded, the Commonwealth's UI system successfully distributed \$12.9 billion in benefits to over 1.3 million eligible Virginians since the start of the pandemic. This is a testament to the incredible value of this system to Virginia citizens and the economy. The Commonwealth is now ranked sixth in the nation and first in the Mid-Atlantic region for the timely payment of benefits to eligible applicants.

It is evident, however, that we must do more to ensure that Virginians' unemployment benefit claims are resolved in a timely manner and that those who are eligible for benefits receive them quickly. VEC must have access to and mobilize additional staff and funding to carry out this critical role.

Directive to Further Expand Capacity of Unemployment Insurance System

By virtue of the authority vested in me as Governor by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby direct VEC to undertake the following measures to prioritize the adjudication of UI claims:

- A. Increase the number of adjudications being processed by VEC per week from 5,700 to 10,000 by June 30, 2021, and to 20,000 by July 31, 2021.
- B. Coordinate with the Virginia Department of Human Resource Management to identify employees across Virginia's state agencies who can temporarily serve as VEC adjudicators, program support and administrative staff, or fraud investigators.
- C. Continue to hire staff and upgrade and enhance technology to improve call wait times. This will include, if necessary, procuring an additional contract for contact center services and staff to augment the ongoing expansion.

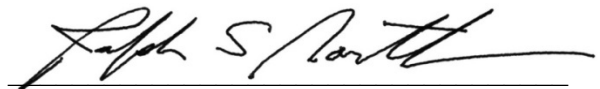

- D. Complete the UI system modernization project in order to launch the new live system by October 2021.
- E. Collaborate with Virginia’s congressional delegation, with support from the Office of the Governor, to resolve the disparity in federal funding across state unemployment systems.

Effective Date of the Executive Directive

Executive Directive Number Seventeen (2021)

Virginia Leading by Example to Restore the Chesapeake Bay and Its Tributaries

Importance of the Initiative

Overwhelming scientific evidence shows us that nutrient and sediment pollution degrade water quality and harm living resources. The Commonwealth of Virginia has pursued and achieved significant reductions in nutrient and sediment pollution to the Chesapeake Bay and the rivers and streams that are tributaries to the Bay. Despite real progress, continued reductions in nutrient and sediment pollution are necessary both to restore the Chesapeake Bay ecosystem and to meet federal Clean Water Act requirements.

A restored Chesapeake Bay will make Virginia a more desirable place to live, work, and play. It will enhance our state and local economies by supporting tourism, outdoor recreation, fisheries, aquaculture, and other sustainable, water-oriented economic development. Restoration work also creates jobs, improves land management, and benefits local communities by making them more attractive and resilient places to live.

In order to meet our commitment to restoring the Bay, the Commonwealth developed a Phase III Watershed Implementation Plan (WIP) to achieve the Chesapeake Bay Total Maximum Daily Load no later than 2025 while also accounting for the additional pollution loads resulting from climate change. The WIP calls for additional actions to reduce nutrient and sediment pollution by local governments, homeowners, wastewater treatment facilities, developers and farmers. State agencies and public institutions of higher education that own land in the Commonwealth's Chesapeake Bay watershed must also take action to reduce nutrient and sediment pollution. The Commonwealth therefore committed in the Phase III WIP to develop a watershed implementation plan specific to state lands.

State Lands Watershed Implementation Plan

The goal of the State Lands Watershed Implementation Plan (SWIP) is to achieve significant reductions in, or to offset, unregulated, nonpoint source nutrient and sediment pollution originating from the lands and activities of all Virginia agencies, public institutions of higher education, and other state governmental entities that own or manage land within Virginia's Chesapeake Bay watershed.

The SWIP required development of a comprehensive dataset of acreage of state lands within the Chesapeake Bay watershed and calculation of pollution load reductions using the Chesapeake Bay Watershed model. The SWIP details reduction targets of 122,000 pounds of nitrogen and 10,100 pounds of phosphorus.

To achieve the reduction targets, the SWIP describes 11 programmatic actions:

1. Standards for Sustainable Agriculture and Forestry
2. Converting Managed Turf to Native Landscapes
3. Unregulated Stormwater Runoff from Impervious Surfaces on Developed Land
4. Native Habitat Valuation for Human Health, Wildlife, and Water Quality
5. Onsite Sewer Systems
6. Pilot Fee-for-Documented-Performance Projects
7. Community Outreach and Education
8. Aligning Habitat Restoration, Resilience, and Water Quality Goals
9. Build Water Quality Improvements into Virginia's Hazard Mitigation Plan
10. Interagency Technical Support and Collaboration
11. Clean Water Jobs Training Collaborative

The SWIP also identifies specific pollutant load reducing practices, treatments, and technologies to be implemented between 2021 and 2025 in order to achieve nitrogen, phosphorus, and sediment reduction targets by major river basins.

The SWIP can be found [here](#).

Directive

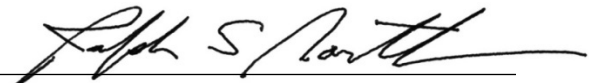

Accordingly, by virtue of the authority vested in me as the Chief Executive by Article V of the Constitution of Virginia and under the laws of the Commonwealth, I hereby order the Secretary of Natural Resources in partnership with the Secretary of Administration, Secretary of Public Safety and Homeland Security, and the Conservation Cabinet to ensure that the SWIP is fully implemented by all Virginia executive branch agencies, public institutions of higher education, and other state governmental entities that own or manage land within Virginia's Chesapeake Bay watershed.

This Executive Directive shall be effective upon its signing and shall remain in full force and effect until amended or rescinded by further executive directive.

Ensuring a Safe Work Place

Importance of the Initiative

For the past 16 months, the COVID-19 pandemic has disrupted all of our lives. The Commonwealth implemented policies over this time to protect state workers, including expanding telework policies, masking, and social distancing measures. While these measures have proven effective, vaccination is the only method to protect fully against the virus.

Vaccinations are now widely available and easily accessible, and Virginia's vaccination rates are outpacing most other states. More than 73 percent of Virginia adults have received at least one shot, and 54 percent of all Virginians are fully vaccinated against the virus. Because the vaccines are safe and effective, unvaccinated Virginians account for nearly everyone who is now being hospitalized or dying from COVID-19. But the urgency to expand vaccinations further is growing, as the highly-contagious Delta variant spreads, case numbers rise again, and hospitalizations increase. In order to protect the safety of Virginia's workforce and the people we serve, it is necessary to require state employees to be vaccinated and to encourage other employers to do the same.

Directive

By virtue of the authority vested in me as Governor, by Article V, Sections 1 and 7 of the Constitution of Virginia, and by § 2.2-103 of the *Code of Virginia*, I direct the following:

A. Disclosure of Vaccine Status

All Executive Branch Employees and state contractors who enter the work place or who have public-facing work duties must disclose their vaccine status to the designated agency personnel.

B. Weekly Testing

Executive Branch Employees who are not fully vaccinated or who refuse to disclose their current vaccine status, according to paragraph A, must undergo weekly COVID-19 testing and disclose weekly the results of those tests to the designated agency personnel.

C. Mask Requirement

1. All Executive Branch Employees and state contractors who have not been fully vaccinated must cover their mouth and nose with a mask in accordance with the Centers for Disease Control and Prevention while indoors and conducting public business.

D. Scope

For purposes of this Directive, “Executive Branch Employees” should be construed broadly and includes but is not limited to employees in the following offices, agencies, institutions, and authorities:

- Office of the Governor;
- Office of the Lieutenant Governor;
- Secretary of the Commonwealth;
- Executive Branch Agencies;
- Institutions of Higher Education; and
- Authorities established within the Executive Branch by the *Code of Virginia* or designated under a Secretariat in the *Code of Virginia*.

This Directive does not apply to Executive Branch Employees or state contractors while they work remotely without in-person contact with other employees, the public, visitors, vendors, those in custodial care, or customers.

E. Implementation

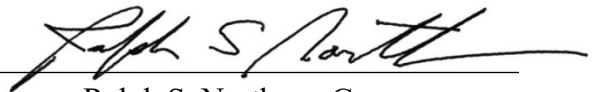

The Department of Human Resource Management shall issue policies, procedures, and guidance to implement this Directive no later than August 15, 2021. Such policies, procedures, and guidance shall address any exceptions and the availability of a process to evaluate requests related to religious objections or a disability.

Effective Date

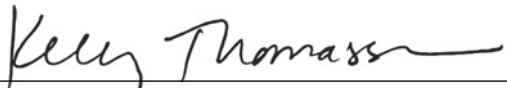

This Executive Directive shall be effective September 1, 2021 and shall remain in full force and effect until amended or rescinded by further executive action.

Given under my hand and under the Seal of the Commonwealth of Virginia this 5th day of August, 2021.

Ralph S. Northam, Governor

Attest:

Kelly Thomasson, Secretary of the Commonwealth
