

**VIRGINIA
IS FOR
LEARNERS**

Jillian Balow
Superintendent of Public Instruction

March 9, 2022

Members of the General Assembly of Virginia
General Assembly Building
Richmond, Virginia 23219

Dear Members of the 2022 General Assembly:

I am pleased to submit the report on the Virtual Virginia Program Plan, as required in Item 141.C.5 of the 2020 Appropriation Act.

The Department of Education shall develop a plan to establish a per-student, per-course fee schedule for local school divisions to participate in Virtual Virginia (VVA) coursework for elementary, middle, and high school students. Such fee schedule plan shall provide (i) an allotment of slots, determined by the Department, per course to a school division free of charge, and (ii) for any slots a school division wishes to use beyond the free slots, a per-course, per-student fee that may include discounts for school divisions based upon the composite index of local ability to pay. The department shall also include in its plan the current student participation enrollment by grade level in each VVA course, the number of students enrolled in VVA courses that a fee of any kind is charged and how such fee is currently paid for in each participating school division.

If you have questions or require additional information relative to this transmittal, please do not hesitate to contact Michael F. Bolling, Assistant Superintendent for Learning and Innovation, at Michael.Bolling@doe.virginia.gov or (804) 225-2034.

Sincerely,

Dicky Shanor for
Jillian Balow, Superintendent of Public Instruction

2022-2023 Virtual Virginia Program Plan

March 3, 2022

INTRODUCTION & 2021-2022 VIRTUAL VIRGINIA PROGRAM PLAN

The Virginia Department of Education has a long history in providing digital learning opportunities for students. Beginning in the 1980s, the Virginia Satellite Education Network (VSEN) offered AP and world language courses via satellite television to students throughout Virginia. In the mid-2000s, VDOE added web-based course delivery via the Virtual Virginia Advanced Placement School (VVAPS). Shortly thereafter, VDOE decided to fully embrace online education and merged the VSEN and VVAPS programs to form Virtual Virginia.

The Virginia Department of Education's Virtual Virginia (VVA) program provides K-12 online courses, a statewide learning management system (LMS) with digital content, and professional learning opportunities to schools, students, and educators across the Commonwealth. VVA promotes equitable access to rigorous courses, high-quality instruction, and digital learning resources for schools in the Commonwealth and across the nation. VVA also provides educational options to all learners, including underserved populations, as a complement to local public school offerings.

VVA works in partnership with Virginia public school divisions to facilitate access to courses, content, and professional learning opportunities that may otherwise be unavailable due to a variety of circumstances, including but not limited to low enrollment, scheduling conflicts, or a lack of highly qualified instructors in specific subject areas. One of VVA's core commitments is to provide academic flexibility while preserving the autonomy of Virginia public school divisions in meeting the varied schedules, needs, and expectations of learners. All learners enrolled in VVA courses remain affiliated with their local schools and remain part of their schools' membership.

During its 2020 session, the General Assembly directed the Department to develop a Virtual Virginia Program Plan.

Item 141.C.5 in the 2020 Appropriation Act:

The Department of Education shall develop a plan to establish a per-student, per-course fee schedule for local school divisions to participate in Virtual Virginia (VVA) coursework for elementary, middle, and high school students. Such fee schedule plan shall provide (i) an allotment of slots, determined by the Department, per course to a school division free of charge, and (ii) for any slots a school division wishes to use beyond the free slots, a per-course, per-student fee that may include discounts for school divisions based upon the composite index of local ability to pay. The department shall also include in its plan the

current student participation enrollment by grade level in each VVA course, the number of students enrolled in VVA courses that a fee of any kind is charged and how such fee is currently paid for in each participating school division.

Program priorities include securing access to VVA K-12 courses and digital learning content for schools and school divisions most in need of instructional and professional support; easing the fiscal and administrative costs of limited enrollment for school divisions that need to fill specific vacancies; and ensuring course selection and availability continues to expand to meet the demand of participating school divisions. The 2021-2022 plan took into account equitable access to VVA courses, meeting targeted needs, and cost-cutting solutions, as well as VVA's fiscal and programmatic capacity.

The VVA K-5 Elementary Program offers divisions, schools, and learners the option for high-quality, full-time online instruction (180 instructional days). Through this program VVA provides the Virginia-certified teacher of record, access to the VVA learning management system (LMS) with core asynchronous content, and high-quality synchronous instruction. Students participate in core instructional activities in Reading and Language Arts, Mathematics, Social Studies, Science, and STEM. Supplemental lessons in Physical Activity and Wellness, World Languages, Dance, and Art will be offered to students enrolled in the Elementary Program.

The VVA 6-12 Secondary Program offers more than 100 online courses taught by Virginia-certified teachers for high school and middle school learners (grades 6-12) in 18-week block and 36-week full-year schedules. Virtual Virginia promotes meaningful interactions between K-12 learners and instructors through time-based or task/product-based measures of attendance. For secondary students (grades 6-12), interactions with teachers or appropriate school staff are structured to support daily engagement through a variety of formats, including synchronous group instruction, synchronous 1:1 instruction, email communications, assignment feedback, and engagement in a course discussion board, in addition to logging in to the VVA learning management system. VVA secondary teachers provide daily synchronous instruction to students. Synchronous sessions are recorded for any students unable to attend, and recordings are posted in Virtual Virginia courses.

Students enrolled in VVA courses retain membership in the enrolling division; they apply for free or reduced-price meals through their enrolled school division's application and approval process; and are served via local processes that vary by division. The local enrolling school retains autonomy to provide additional specials, student services, screeners/diagnostic exams, and SOL assessments per the school/division policies. Two cohort start date options are available to support differing school calendars across

the Commonwealth.

CURRENT 2021-2022 VVA PROGRAM PLAN PARTICIPATION MODEL

In the 2021-2022 VVA configuration, access to K-12 instruction is provided to Virginia public school students, including a free enrollment allotment in grades 6-12 and a per-student, per-course fee schedule.

Grades K-5 Enrollment Fees, 2021-2022 (Per Student)

	Band I	Band II	Band III	Band IV**
2022-2024 LCI*	0.0001-0.3700	0.3701-0.5000	0.5001-0.8000	N/A
Semester	\$1,325	\$1,800	\$2,275	\$2,750
Year	\$2,650	\$3,600	\$4,550	\$5,500

* *Local Composite Index*

** *Virginia private school, homeschooled, out-of-state, and international students*

Grades 6-12 Enrollment Fees, 2021-2022 (Per Student, Per Course)

	Band I	Band II	Band III	Band IV**
2022-2024 LCI*	0.0001-0.3700	0.3701-0.5000	0.5001-0.8000	N/A
Semester (0.5 cr)	\$125	\$175	\$225	\$275
Year	\$250	\$350	\$450	\$550

* *Local Composite Index*

** *Virginia private school, homeschooled, out-of-state, and international students*

The statewide free allotment for the 2021-2022 school year was 6,000 grade 6-12 semester-equivalency enrollments. The VVA free allotment of course enrollments were provided on a first-come, first-served basis pending available openings in each course. Each Virginia public school was able to enroll up to 15 students per course in more than 100 secondary online courses (per student, per course) with no enrollment fee. If a

public school required additional enrollments beyond the 15-per-course allotment or beyond the number of free enrollments supported by the current appropriation, they were able to do so by paying enrollment fees based on the school division's Local Composite Index (LCI). Schools pay this fee using their state and local appropriations.

Virginia private school, homeschooled, out-of-state, and international students also participate in VVA regular school year courses (see Appendix B).

Summer Session 2022 course enrollment fees are \$375 per enrollment (per student, per course) for full courses in grades 6-12, \$200 per credit recovery course in grades 6-12, and \$75 per student, per enrichment cohort for grades K-5. Summer Session enrollment fees are covered by the parent/guardian.

2022-2023 VIRTUAL VIRGINIA PROGRAM PLAN

In the 2022-2023 academic year, no changes are needed to the existing 2021-2022 VVA Program Plan per Items (i) and (ii) in the 2020 Appropriation Act.

- Item (i): No change in 2022-2023
- Item (ii): No change in 2022-2023

SUMMARY: CURRENT 2021-2022 MODEL AND 2022-2023 MODEL

2021-2022 MODEL	2022-2023 MODEL
15 free course enrollment slots for each available course grades 6-12	No change
Free course enrollment allotment is first-come, first-served for each school	No change
Enrollment fee beyond the initial free allotted slots (fee based on LCI)	No change
K-12 enrollment fee schedules consist of 4 bands	No change
Virginia private school, homeschooled, out-of-state, and international students are charged a \$275 per semester enrollment fee (per student, per course)	No change
Access to statewide LMS and digital content for public school teachers and their students at no cost to public school divisions	No change
Access to Professional Learning offerings for Virginia public school educators at no cost to the school division	No change

IMPACT OF THE VVA 2022-2023 PROGRAM PLAN ON LOCAL SCHOOL DIVISIONS

With no changes to the existing program plan, the 2022-2023 VVA program will further support school divisions by helping them respond to the changing educational needs and expectations of their students and families. School divisions are able to maintain and build capacity to serve a variety of learning needs.

In the most recent VVA feedback survey of Virginia school division personnel:

- 92% of school division personnel were moderately or completely satisfied with VVA program, and
- 90% of school division personnel believed students' VVA experience created a positive view of virtual learning.

APPENDIX A

Appendix A includes data reflecting current 2021-2022 course enrollments as of March 3, 2022. Enrollment for spring 2022 was still open at the time of reporting. Grade-level and free allotment information for 2021-2022 will be available in the end-of-year VVA MSC reporting.
