Re: August 2022 Sports Betting Report

Dear Governor Youngkin:

I am pleased to provide our report of legal sports betting activity for the month of August 2022, as required in Virginia Code § 58.1-4031 (2020).

During the month of August, thirteen licensed operators accepted sports wagers in Virginia. During the month, eligible players wagered over \$284 million on sports activities. August handle represented a 56% increase from August 2021, when only eight operators were active.

Sports betting activity is taxed based on a permit holder’s adjusted gross revenue. Adjusted gross revenue is calculated as wagers **minus** cash winnings, eligible noncash winnings during an operator’s first twelve months of operation, voided and cancelled wagers, Federal excise taxes, and certain allowable adjustments. The adjusted gross revenue for operators may be negative for a month, and if so, that negative balance may be carried forward to the following month, for up to one year. These calculations adhere to the statutory provisions in Virginia Code §58.1-4030 et seq., as enacted by the General Assembly in the 2020 Regular Session, and the language included in the 2022 Appropriation Act.

Virginia aggregate numbers:

	August Activity	FY23 YTD
Total wagers	\$284,671,330.80	\$550,672,913.79
