FY 2021 JAIL COST REPORT

**ANNUAL JAIL REVENUES AND
EXPENDITURES REPORT
(INCLUDING CANTEEN & OTHER AUXILIARY FUNDS)**

November 1, 2022

PREFACE

The Compensation Board is pleased to present the twenty-fourth annual Jail Cost Report in accordance with the provisions of Chapter 2, Item 79, Paragraph K. of the 2022 Virginia Acts of Assembly, Special Session I. The report presents known expenditures and revenues related to Virginia's operating jails and jail farms. The report also includes a brief profile of each facility. As directed by the General Assembly, we have reported on inmate canteen and other auxiliary inmate accounts activity. The financial information and statements presented in the report for each jail is certified for accuracy by the respective Sheriff/Regional Jail/Jail Farm Superintendent and Chief Financial Officer/Chairman.

Total costs related to Virginia's jails decreased to \$1,040.3 million in FY 2021, down from \$1,051.3 million in FY 2020. The average daily population (ADP) in Virginia Jails decreased to 24,343 inmates from FY20's ADP of 26,310.

Inmate costs per day vary widely throughout the state. Some of the factors that contribute to this variation may include jail size, age, capacity utilization, location, inmate programs and management practices. This year's report shows that approximately 67.6% of the daily operating costs are attributable to personal services. For each facility, we show the number of Compensation Board funded positions (8,608 for FY 2021) and note whether the locality supplements the Compensation Board's funded salaries for jail personnel. We also note the number of locally funded positions for each jail, if any (1,706 for FY 2021).

The Commonwealth's percentage of costs funded (as a percentage of expenditures) to Virginia's jails increased to 35.0% in FY 2021 (34.7% for 2020). The local funding percent (for housing local or member jurisdiction inmates) increased to 57.7%, from 57.6% in FY 2020.

The report shows \$36.7 million in Federal Funding. Federal funding accounted for 3.5% of all funding provided to Virginia's jails in FY 2021, compared to 3.9% in FY 2020. Funding from "Other" sources accounted for 5.0% of all FY 2021 funding provided to Virginia's jails, matching the 5.0% in FY 2020. "Other" source revenues include revenues from housing inmates of other jurisdictions and/or states, work release revenues, and revenues from inmate fees, payments, etc., and are counted as local funding support in this report.

Compensation Board staff would like to express their appreciation for the cooperation they received from Sheriffs, Regional Jail and Jail Farm Superintendents and Finance/Budget staff in Virginia's cities and counties in compiling the data for this report.

Questions or comments regarding this report should be directed to Robyn M. de Socio, Executive Secretary for the Compensation Board, at (804) 225-3439 or via e-mail at robyn.desocio@scb.virginia.gov.

INTRODUCTION

The FY 2021 Jail Cost Report is a compilation of revenue and expenditure data presented to show inmate cost per day and the percent of funding that the Commonwealth, Federal and Local governments, and other sources contribute to the operation of each jail. Debt service paid by the locality is also detailed as a separate item.

The 2022 Virginia Acts of Assembly Special Session I, Item 79, Paragraph K. requires accounting for all inmate monies and the reporting thereof. Reported inmate monies include canteen, medical co-payments, telephone commissions, investment/interest and other inmate collections/work release revenues and expenditures.

During FY 2022, all local and regional jails and jail farms were able to send their FY 2021 information through the mail or electronically.

Once Compensation Board staff determined that all revenues and expenses had been reported according to the Jail Cost Report specifications, the respective Sheriff/Regional Jail/Jail Farm Superintendent and Chairman/Chief Financial Officer signed a certification attesting to the accuracy of the data presented (Appendix G).

FY 2021 EXECUTIVE SUMMARY

Total Operating Costs

The FY 2021 average operating cost per inmate per day increased to \$107.09, up \$6.77 from FY 2020. Jail operating costs per inmate day ranged from a low of \$50.21 at the New River Valley Regional Jail to a high of \$412.81 at the Arlington County Jail.

The average daily population (ADP) for all jails decreased by 7.5% in FY 2021 to 24,343. During FY 2021, 9.0 million inmate responsible days were incurred by Virginia jails.

Total expenditures (including capital costs) reported to house inmates in local and regional jails and jail farms in FY 2021 were \$1,041.0 million. The Compensation Board provided funding of \$361.3 million, with other state agencies providing an additional \$2.8 million, primarily in grant funding. Virginia's localities contributed \$601.4 million to their jails and jail farm (including debt service obligations) and an additional \$16.4 million to house inmates at other jurisdictions. The federal government provided funding of \$36.7 million in direct grants and per diems. Other funding, such as inmate telephone commissions, medical co-payments, and investment income/earned interest, contributed \$32.7 million. Work release funds generated by the inmates provided \$3.2 million. Funding received for out of state inmates was negligible. For FY 2021, the twenty-two regional jails showed total revenues exceeded expenditures by \$13.3 million, or \$2.50 per inmate day.

The Commonwealth's share of total expenditures increased during FY 2021 at 35.0%. The Commonwealth's share of total expenditures ranged from a low of 17.7% for the Danville City Jail Farm to a high of 58.1% for the New River Valley Regional Jail.

Average operating costs per inmate day for the Northern region of Virginia continue to be the highest at \$177.02. The other regions of the state incurred costs substantially lower. The Eastern region was the next highest at \$107.34, followed by the Central region at \$86.16 and the Western region at \$71.62.

The locality's share of total expenditures ranged from a low of 0.0% for the Northern Neck Regional Jail to a high of 81.7% for the Loudoun County Jail. The average share for localities was 57.8%.

Total Revenues

Forty-eight jails received Federal revenue of various types, totaling \$36.7 million (\$30.7 million in federal per diems, \$4.7 million in federal grants, and \$1.3 million in other federal funds). The Northern Neck Regional Jail and Alexandria City Jail received 47.6% and 26.1%, respectively in funding from federal sources. The average federal inmate revenue per diem received by all Virginia jails was \$70.25. The Commonwealth's overhead recovery program returned \$6.1 million to the general fund.

FY 2021 Executive Summary, continued

Sheriff Operated Local Jail Costs

During FY 2021 the local jails (36) incurred 3.6 million incarceration days, or 40.4% of the total for all Jails. Federal/Out of State inmate days accounted for 2.5% of the local jails' total. Operating costs per day for housing inmates in Sheriff-run local jails were \$144.89 (FY 2020, \$134.89) and total costs were \$152.62, or \$37.14 per day higher than the average of \$115.48 for all jails. On average, localities contributed 62.1% to their local jails' expenditures, compared to the statewide average locality contribution of 57.8% for all jails.

Regional Jail Costs

Regional jails' operating costs were \$81.27, or \$25.75 lower per day than the statewide average of \$107.09. When debt service and long-term capital costs are included, the regional jails' total costs were \$25.32 per inmate day lower than the statewide average (\$90.16 per inmate day compared to \$115.48, respectively).

Regional jails were responsible for 5.3 million incarceration days, or 59.3% of the state's total inmate responsible days. With an ADP of 947 federal inmates, regional jails held 79.5% of the federal and out of state inmate population.

Jail Farm Costs

Through FY21, the state continued to partially fund the operation of one jail farm. The jail farm accounted for the remaining 0.3% of inmate responsible days. The jail farm average operating cost per inmate day was \$118.73, or \$11.64 a day higher than the state average of \$107.09. The jail farm incurred no capital expenditures/debt service costs during the year. As a result, total expenditures per inmate day were \$118.73. The jail farm did not hold any federal inmates nor receive any federal funding.

Additional Housing Costs Incurred at Other Localities

For localities without their own jail, the City of Harrisonburg paid the highest amount for housing inmates in facilities outside of their locality at \$3.3 million, followed by the City of Fairfax at \$1.5 million. For localities that operated their own jail, Page County paid the highest amount for housing inmates in other facilities (due to capacity limitations) at \$1.6 million, followed by Culpeper County at \$1.0 million.

FY 2021 Executive Summary, continued

Canteen Fund & Other Inmate related Accounts

A statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, and any other fees collected from inmates and investment/interest monies is required for inclusion in the Jail Cost Report.

Jails continue to employ three different operations and accounting approaches. Maintaining a canteen operation and fund continued to be the most used method. The funds are accounted for on a (1) Gross Basis - costs and revenues received for the items purchased were recorded; (2) Net Basis - a net commission was received for the sale of the item purchased; or (3) Canteen items directly purchased from a local vendor with no funds accounted for at Jail Level – the items purchased were charged directly to the inmates at cost. The individual jail’s operating policy had a direct impact on the related size and amount of inmate canteen activity. Whether a jail sells tobacco products through the canteen, and how often inmates are allowed to make purchases, both greatly affect the funds reported.

Similarly, the other inmate related accounts, including Telephone Commissions, Inmate Medical Co-payments, and Work Release and Investment/Interest revenue, were recorded using different accounting approaches. Most of the jails deposited the revenues into either an inmate canteen fund or with the locality/fiscal agent’s general fund. When these funds were maintained as separate accounts, their activities were reported by location in the Inmate Canteen and Other Auxiliary Funds Report found in Appendix E.

The statement of revenues and expenses for the inmate canteen fund and other inmate-related accounts provides summary totals for the fiscal year and may not separately identify expenses incurred for the benefit of the inmates from related expenses for jail operations, or those revenues that defray the cost of jail operations.

CHAPTER 2
AUDIT PROCEDURES

2-1 General

This chapter contains required audit procedures for local government audits made pursuant to §15.2-2511 of the Code of Virginia. Chapter 3 contains additional procedures that localities agree to have performed, when they accept state grants, contracts or other state funding. The degree of testing on these state compliance issues may depend on the terms of the state law, agreement or other requirements of the program.

Auditors should be thoroughly familiar with this chapter before planning and performing the audit and should incorporate these considerations into the auditor's plan and programs. The procedures contained in this chapter do not constitute an audit in accordance with Government Auditing Standards. The auditor should perform such additional procedures, as he deems necessary to satisfy those standards.

Where appropriate, the auditor must meet the requirement of the Single Audit Act Amendments of 1996 and the Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

No manual defining audit specifications can meet all the present and future needs of local governments or their auditors. Changes will be needed as new accounting and auditing pronouncements and/or as problems emerge. The Auditor of Public Accounts will periodically update these specifications as changes occur. However, responsibility for complying with professional standards remains with the auditor and the auditor should follow all new pronouncements.

Audit Specifications - General – (Continued)

The auditor should be familiar with Virginia local governments including internal control and compliance issues. Available informational resources are provided in Chapter 1.

Requirement: The auditor must document in the working papers the justification for changing specifically required audit procedures.

2-6 Inmate Canteen and Other Auxiliary Funds

(Contact: Compensation Board; Robyn DeSocio, Executive Secretary; Phone – 804.225.3439 [robyn.desocio@scb.virginia.gov]).

Background Information:

Most local correctional facilities, including jails, offer canteen services to their inmates. Facilities use various methods to sell these items to inmates, depending on the size of the facility and the number of times each week canteen services are offered. Net profits from the canteen operations that are generated from the inmates' accounts must benefit the inmates in the custody of the Sheriff or Regional Jail Superintendent.

Some Sheriffs also receive funds from other sources directly related to jail operations. These include telephone commissions, inmate medical co-payments, work release and other fees collected from inmates. As further described below, these funds are either included in the canteen proceed accounts or go to the local treasurer and, through appropriation, defray the cost of the jail operations.

The inmate canteen accounts and telephone commissions are public funds. The Code of Virginia requires that these funds be used within the jail facility for purposes to benefit the inmates. The funds should not be used for the sheriff's personal gain or convenience.

Audit Specifications - Inmate Canteen – (Continued)

Some jails have established work release and medical treatment programs where inmates contribute to the costs. Inmate co-payments for medical services are a set fee that covers only a portion of the costs of the services. The medical co-payments should directly offset the costs for medical programs.

Annually the Compensation Board prepares a Jail Cost Report on jail revenue and expenditure data from all local and regional jails and jail farms that receive funds from the Compensation Board. Beginning with the collection of data for fiscal year 2002, the jails must include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates, and investment/interest monies for inclusion in the report.

See additional information on the Compensation Board internet website at <http://www.scb.virginia.gov>; follow the link for Publications and Forms (Jail Canteen Funding Audit Information).

Allowability Requirement – Inmate Canteen Accounts

In accordance with Section 53.1-127.1, the canteen account profits that are generated from the inmates' accounts are required to be used within the facility for purposes to benefit the inmates under the jurisdiction of the Sheriff or Regional Jail Superintendent. Any other profits may be used for the general operation of the sheriff's office (as appropriated by the governing body). The allowable expenses from profits of the inmate accounts include:

- Commissary-services, supplies, furnishings, equipment, training. Also, personnel services for time spent directly guarding or working in the commissary. [Note: These are all direct costs of the canteen].

Audit Specifications - Inmate Canteen – (Continued)

The profits from the inmate canteen should not be used to fund the normal operations of the jail. They may be used for:

- Education-services, supplies, equipment, furnishings, training.
- Recreation-services, supplies, equipment, furnishings.
- Library-services, supplies, furnishings, equipment, books, magazines, periodicals, newspapers.
- Indigent Inmate Care-stamps, clothing, personal hygiene items, vision, dental, medical, commissary items.
- Inmate care/programs-safety equipment, workforce clothing, workforce tools, laundry equipment, supplies, hygiene items, medical equipment.
- Special Food Service-special meals or food items associated with holidays and/or specific events/occasions.
- Special Counseling/Pastoral Care-services, supplies, equipment, furnishings, training.

The above allowable expenses are not considered all-inclusive and funds should not be used for goods or services that can be provided to the jail at no cost. Additional expenses may be approved at the sole discretion of the Sheriff/Regional Jail Superintendent, provided that the expense is for the care and welfare of inmates. **No expense shall be for the personal gain, benefit, consumption or use of any individual other than jail inmates.**

Allowability Requirement – Telephone Commissions

Commissions on inmate telephone calls preferably go directly to the local treasurer and are used to defray the cost of the jail operations. In some localities, the commissions are received directly by the Sheriff and are included in the canteen proceeds accounts. The allowable costs for telephone commissions that are received in the inmate canteen account are described above.

Allowability Requirement – Inmate Medical Co-payment Funds

The inmate medical co-payment funds should directly offset the costs for medical programs.

Audit Specifications - Inmate Canteen – (Continued)

Allowability Requirement – Other Inmate Fees (Work Release, RAID and HEM monies) and Investment/Interest Monies

All fees collected from inmates and all interest earned on inmate accounts must be used for the benefit of the inmates or deposited with the Treasurer and used to defray the cost of jail operations.

Requirement - Inmate Canteen and other Auxiliary Funds

- The auditor must obtain the Jail Canteen Fund Activity Report for the fiscal year under audit and perform the following:
 - Agree the revenue and expense amounts from the Jail Canteen Fund Activity to the accounting ledger.
 - Select a sample of disbursement transactions from the inmate canteen accounts. For each transaction selected, determine whether the disbursement benefited the inmates based on the allowable costs described above.
 - Determine the reasonableness of inmate medical co-payment funds collected during the year to ensure the funds were used to offset the total costs for medical programs.
 - Note: The auditor may consider risk assessment and materiality when reviewing the medical co-payment funds collected. If the balance is material as it relates to the total costs, the auditor should consider selecting a sample of inmate medical co-payment fees, and trace each fee to the general ledger to determine whether it defrayed the inmate medical program costs.
 - Determine the reasonableness of other fees collected from inmates and to ensure that the subsequent disbursements from these fees benefited the inmates or were used to defray the cost of jail operations as appropriate, depending upon the type of fee or fund.
 - Note: The auditor may consider risk assessment and materiality when reviewing other fees collected and investment/interest monies.
