**Re: June 2023 Sports Betting Report**

Dear Governor Youngkin:

I am pleased to provide our report of legal sports betting activity for the month of June 2023, as required in Virginia Code § 58.1-4031 (2020).

During the month of June, eligible players wagered over \$325 million on sports activities. June handle represented a 10.2% increase from June 2022. Activity is from both mobile sports betting and retail sports betting activity at licensed casinos.

Sports betting activity is taxed based on a permit holder's adjusted gross revenue. Adjusted gross revenue is calculated as wagers **minus** cash winnings, eligible noncash winnings during an operator's first twelve months of operation, voided and cancelled wagers, Federal excise taxes, and certain allowable adjustments. The adjusted gross revenue for operators may be negative for a month, and if so, that negative balance may be carried forward to the following month, for up to one year. These calculations adhere to the statutory provisions in Virginia Code §58.1-4030 et seq., as enacted by the General Assembly in the 2020 Regular Session, and the language included in the 2022 Appropriation Act.

Virginia aggregate numbers:

	June Activity	FY23 YTD
Total wagers	\$325,455,051.57	\$5,125,603,622.82
Winnings	(\$292,787,027.76)	(\$4,578,714,606.18)
