VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)

This section of the annual financial report of the Virginia College Building Authority (“the Authority”) presents an analysis of the Authority’s financial performance during the fiscal year that ended on June 30, 2023. This information should be considered in conjunction with the information contained in the financial statements, which follow this section.

Authority Activities and Highlights

The Virginia College Building Authority is authorized to issue revenue bonds and notes to finance (1) capital projects of public institutions of higher education under the Pooled Bond Program; (2) capital projects of public institutions of higher education under the 21st Century College and Equipment Programs; and (3) loans to private, non-profit institutions of higher education within the Commonwealth and non-profit foundations of public institutions of higher education.

Under the Pooled Bond Program, bonds of the Authority are secured by notes of participating institutions of higher education to which the general revenues of the college or university have been pledged. During the year, the Authority issued \$125 million of bonds under this Program.

The 21st Century College Program and the Equipment Program were established in 1996 and 1986, respectively, and provide financing for state-supported institutions of higher education. The 21st Century Program provides funding for capital projects designated by the General Assembly. The Equipment Program provides funding for educational equipment. Bonds for both programs are payable from amounts to be appropriated by the General Assembly, and are frequently issued together as a single 21st Century College and Equipment Programs offering. During the year, the Authority issued \$961 million of bonds under these Programs.

The Authority is also authorized to issue conduit revenue bonds and notes to finance educational projects through loans to private, non-profit institutions of higher education within the Commonwealth and non-profit foundations of public institutions of higher education (to date, no foundations of public institutions have participated in the program). Since these financings are not obligations of the Commonwealth, they are not included in these financial statements. However, for informational purposes only, a Schedule of Outstanding Bond Issues for Private Colleges and Universities is included on page 20 of this report.

Overview of the Financial Statements

This discussion and analysis is an introduction to the Authority’s basic financial statements, which are comprised of two components: 1) combined government-wide and fund financial statements and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities are two basic financial statements that report information about the Authority as a whole. The data is reported using the accrual basis of accounting, and provides insight as to whether or not the Authority's total financial position has improved as a result of the current year's activities.

The Statement of Net Position presents all of the Authority's assets, deferred outflows of resources, and liabilities, with net position representing the difference between these elements. Over time, increases and decreases in net position measure whether the Authority's financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying events giving rise to the change occur, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in these statements for some items that will only result in cash flows in future fiscal periods (e.g. receipt or payments on long-term debt obligations).

Both statements report governmental activities. The financial information in this section is related to Authority programs backed by appropriations from the Commonwealth and by note obligations from institutions of higher education. This includes the Authority's 21st Century College and Equipment Programs and Pooled Bond Program.

Fund Financial Statements

The fund financial statements provide detailed information about the major individual funds. A fund is a fiscal and accounting entity with a self-balancing set of accounts that the Authority uses to keep track of specific sources of funding and spending for a particular purpose.

All of the Authority's activity is reported in a Special Revenue fund within the Governmental Fund Financial Statements. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental funds financial statements focus on near-term inflows and outflows of spendable resources. This approach is known as using the current financial resources measurement focus and the modified accrual basis of accounting. These statements provide a detailed short-term view of the Authority's finances that assists in determining whether there will be adequate financial resources available to meet the current needs of the Authority.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

governmental activities. These reconciliations are presented in the adjustment column in each of the financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements.

Government-wide Financial Analysis of the Authority

The primary purpose of the Authority is to provide a vehicle for financing capital and equipment needs for state supported institutions of higher education. The Department of the Treasury provides staff support for the Authority. Consequently, the only operating costs are those attributable to its financing programs, which are paid from bond proceeds. The Authority owns no capital assets.

**Condensed Statement of Net Position
(in millions)**

	2023	2022	Change
Current assets	\$ 805	\$ 595	\$ 210
Noncurrent assets	1,355	1,345	10
Total assets	<u>2,160</u>	<u>1,940</u>	<u>220</u>
Total deferred outflows	<u>17</u>	<u>21</u>	<u>(4)</u>
Current liabilities	907	721	186
Noncurrent liabilities	6,533	6,305	228
Total liabilities	<u>7,440</u>	<u>7,026</u>	<u>414</u>
Total deferred inflows	<u>27</u>	<u>-</u>	<u>27</u>
Net position (deficit):			
Restricted	430	378	52
Unrestricted	<u>(5,720)</u>	<u>(5,443)</u>	<u>(277)</u>
Total net position (deficit)	<u>\$ (5,290)</u>	<u>\$ (5,065)</u>	<u>\$ (225)</u>

Net position decreased by \$225 million, or 4%, in fiscal year 2023 as compared to fiscal year 2022. The 21st Century College and Equipment Programs comprise the majority of the Authority's net position. During the year, under this Program, the Authority spent \$795 million on disbursements to institutions and on bond interest expenses. Offsetting revenues were only \$575 million. The Authority's total assets increased by \$220 million, or 11%, primarily attributable to a \$83 million increase in the 21st Century College and Equipment Programs' assets and a \$137 million increase in the Pooled Bond Program's assets. Changes in assets were mainly driven by the addition of new bond proceeds, offset by disbursements to institutions. The Authority's total liabilities increased by \$414 million, or 6%, primarily attributable to a \$278 million increase in the 21st Century College and Equipment Programs' liabilities and a \$136 million increase in the Pooled Bond Program's liabilities. Increases in

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

liabilities under the 21st Century College and Equipment Programs were primarily driven by increases in bonds payable and in premium on bonds sold. Increases in liabilities under the Pooled Bond Program offset the Pooled Bond asset increase, leaving a minimal change in Pooled Bond net position. Under the 21st Century College and Equipment Programs debt-related receipts of \$563 million and interest on investments of \$11 million were less than disbursements to institutions of \$650 million, interest payments on bonds of \$144 million, underwriter's discount of \$2 million and yield reduction payment of \$2 million. When combined with small changes in other accounts, the result was a decrease to net position of \$225 million.

Deficit net position reported by the Authority is a function of the reporting of outstanding obligations for the 21st Century College Program and the Equipment Program without the reporting of the corresponding appropriation receivable from the Commonwealth, which secures these bonds. This is done since future appropriations are not considered available and do not constitute a legally binding commitment, and generally accepted accounting principles do not permit the reporting of these receivables prior to their receipt. The General Assembly has never failed to appropriate funds to the Authority for payment of debt service on the Authority's bonds.

Condensed Statement of Activities
(in millions)

	<u>2023</u>	<u>2022</u>	<u>Change</u>
Revenues:			
Appropriations from the Commonwealth	\$ 562	\$ 521	\$ 41
Other revenues/sources	62	53	9
Total revenues	<u>624</u>	<u>574</u>	<u>50</u>
Expenses:			
Interest on long-term debt	193	180	13
Construction and equipment disbursements	650	601	49
Other	6	2	4
Total expenses	<u>849</u>	<u>783</u>	<u>66</u>
Decrease in net position	(225)	(209)	(16)
Net position (deficit) July 1	<u>(5,065)</u>	<u>(4,856)</u>	<u>(209)</u>
Net position (deficit) June 30	<u>\$ (5,290)</u>	<u>\$ (5,065)</u>	<u>\$ (225)</u>

The increase in revenues of \$50 million, or 9%, is mainly attributable to a \$39 million increase in debt service-related receipts and an \$11 million increase in interest on investments. Debt service receipts are tied to the structure of the repayment schedules on outstanding bonds. The increase in expenses of \$66 million, or 8%, is primarily due to a \$49

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

million increase in disbursements to higher education institutions and an increase of \$17 million in debt service-related disbursements.

Financial Analysis of the Authority's Funds

In the Special Revenue Fund, total assets increased by \$154 million, or 30%, in fiscal year 2023. This is primarily attributable to current period receipts, comprised of \$831 million in spendable bond proceeds and \$12 million interest on investments, offset by disbursements to institutions totaling \$687 million. Total liabilities increased by \$31 million, or 27% primarily due to an increase in payables to institutions of \$31 million. These liabilities generally fluctuate with construction schedules and reimbursement requests.

Debt Administration

As a financing entity, the whole business of the Authority is debt administration. The Authority issues bonds to finance capital projects approved by the General Assembly of the Commonwealth of Virginia. Depending on the program, certain bonds are secured by obligations of the recipient institutions of higher education; other bonds are secured by amounts to be appropriated by the General Assembly. The table below summarizes bond issuance activity during the year under each program. Please see Note 2.F on page 15 for additional details on the table below.

**Summary of Authority Bond Obligations
(in millions)**

	Balance July 1, 2022	Issuances and Other Increases	Retirements and Other Decreases	Balance June 30, 2023
21st Century Program - Capital	\$ 4,527	\$ 876	\$ (710)	\$ 4,693
Pooled Bond Program	1,404	124	(61)	1,467
21st Century Program - Equipment	305	85	(65)	325
Add: Unamortized Premium	558	134	(73)	619
Total	<u>\$ 6,794</u>	<u>\$ 1,219</u>	<u>\$ (909)</u>	<u>\$ 7,104</u>

The Authority obtains bond ratings from Moody's Investors Service (Moody's), S&P Global Ratings (S&P) and Fitch Ratings, Inc. (Fitch). The table below summarizes the ratings on outstanding Authority bonds.

Virginia College Building Authority Bond Ratings

	<u>Moody's</u>	<u>S&P</u>	<u>Fitch</u>
21 st Century College and Equipment Programs	Aa1	AA+	AA+
Pooled Bond Program	Aa1	AA+	AA+

VIRGINIA COLLEGE BUILDING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Since the Authority's bond programs are either backed by state appropriations (21st Century College and Equipment Programs) or carry the credit support of the State Aid Intercept Provision (Pooled Bond Program), the bond ratings are a direct reflection of the Commonwealth's triple-A rating from each of the three rating agencies.

Future Impact to Financial Position

On July 12, 2023, the Authority, at the request of the College of William & Mary ("W&M"), defeased \$1,475,000 of its Public Higher Education Financing Program Bonds related to W&M's Barksdale Dormitory Project, consisting of \$1,100,000 of its Series 2014B bonds and \$375,000 of its Series 2016A bonds.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

AS OF JUNE 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Virginia College Building Authority (“the Authority”) was created by the Virginia College Building Authority Act of 1966, Chapter 12, Title 23.1, *Code of Virginia*. The Authority is a public body corporate and a political subdivision, agency, and instrumentality of the Commonwealth. Under this chapter, the Authority is authorized to issue revenue bonds and notes to finance (i) capital projects under the Authority’s Pooled Bond Program, and (ii) capital projects under the Authority’s 21st Century College and Equipment Programs for all public institutions of higher education of the Commonwealth.

Under the Pooled Bond Program, the Authority issues its bonds and uses the proceeds thereof to purchase notes of public institutions of higher education in the Commonwealth. Proceeds are used by the institutions to finance or refinance capital projects approved by the General Assembly. Authority bonds issued under the Pooled Bond Program are secured by payments on the notes to which the institutions have pledged their general revenues. Pooled Bond Program bonds have been issued under a Master Indenture of Trust dated as of September 1, 1997 (“the 1997 Indenture”).

Under the 21st Century College and Equipment Programs, bonds are issued under the Master Indenture of Trust dated December 1, 1996 (“the 1996 Indenture”), which provides for the payment of debt service from amounts to be appropriated by the General Assembly through a payment agreement between the Authority and the Treasury Board. Title to the capital projects financed remains with the Commonwealth.

Pursuant to the Educational Facilities Authority Act, Article 2 of Chapter 12 of Title 23.1, *Code of Virginia*, the Authority is authorized to issue revenue bonds and notes and to use the proceeds thereof to finance educational facilities projects through loans to private, non-profit institutions of higher education within the Commonwealth as well as non-profit foundations of public institutions of higher education. Such financings are not obligations of the Commonwealth, but are limited obligations of the Authority payable solely from loan payments made by the private, non-profit institutions of higher education or non-profit foundations of public institutions of higher education. This indebtedness, therefore, is not included in the financial statements. Total debt outstanding under this program at June 30, 2023 was \$566.5 million. (Detailed information for this program is presented on page 20 in the Supplementary Information section following the Notes to the Financial Statements.)

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

A separate report is prepared for the Commonwealth of Virginia, which includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority. The Authority is a component unit of the Commonwealth of Virginia and is included in the basic financial statements of the Commonwealth.

The accounting and reporting policies of the Authority conform to generally accepted accounting principles applicable to governmental units as prescribed by the Governmental Accounting Standards Board (“GASB”), the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the Authority’s more significant policies.

B. Measurement Focus and Basis of Accounting

The accompanying financial statements are presented using the accounting principles generally accepted in the United States of America as prescribed by GASB. The government-wide statements use the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when they are earned and expenditures are recognized when the related liability is incurred, regardless of the timing of related cash flows. For financial reporting purposes, the Authority defines payables as those items which have been identified by the submitting institutions as payable at June 30 and which have been presented to the Authority for payment.

The accompanying governmental funds financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available to fund current operations. Expenditures are recognized when the related fund liability is incurred, except for principal and interest on long-term debt which is recognized when due.

The Authority uses the cash basis of accounting during the year and reports on the accrual and modified accrual basis for financial statement purposes at the end of the fiscal year.

C. Fund Accounting

The activities of the Authority are accounted for in a Special Revenue Fund. The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Special Revenue Fund consists of bond proceeds, bond funds and issuance expense funds. Included are funds established in accordance with the provisions of the 1996 Indenture with the Bank of New York Mellon Trust Company, N.A. for the

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

21st Century College Program and the Equipment Program revenue bonds issued by the Authority, since their consolidation in 1999. Also included are the outstanding bonds issued under the Authority's Pooled Bond Program.

D. Bond Issuance Costs, Premiums, and Discounts

Costs associated with issuing debt are expensed in the year incurred. The original issue premium or discount, for each bond issuance, is also expensed or recognized as revenue in the year incurred unless it exceeds 1% of the amount of the bonds issued. In that case, the original issue premium or discount is deferred and amortized, on a straight-line basis, over the life of the outstanding debt, in the case of tax-exempt bonds, and on an effective interest basis, in the case of taxable bonds. Premiums on Pooled Bonds are allocated to the participating institutions.

E. Budget to Actual Statement

Due to the nature of activity accounted for by the Authority, a budget is not prepared. Therefore, a Statement of Revenues, Expenditures, and Changes in Balances – Budget to Actual is not included in the financial statements.

F. Adjustments

The adjustments column primarily represents the recording of bonds payable-related assets and liabilities on the Statement of Net Position and the effect of these transactions on the Statement of Activities. Governmental fund statements do not reflect bonds payable and related activity, but do reflect debt proceeds and debt service payments that occurred during the current period. The non-current portion of bonds payable includes those payments that are not due and payable in the current period.

2. DETAILED NOTES

A. Cash, Cash Equivalents, and Investments

The Bank of New York Mellon Trust Company, N.A. holds certain deposits and cash equivalents of the Authority as trustee. Other funds of the Authority are invested in the State Treasurer's Local Government Investment Pool. Cash is defined as currency on hand and demand deposits, or monies in accounts or cash management pools having the characteristics of demand deposit accounts. Cash equivalents are defined as investments with an original maturity of less than three months.

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"). Under the Act, banks and savings institutions holding

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Deposits held by trustees are collateralized in accordance with the Trust Subsidiary Act, Section 6.2-1057 et seq. of the *Code of Virginia*. Under the Act, the affiliate bank delivers securities to the trust department as collateral that is at least equal to the market value of the trust funds held on deposit in excess of amounts insured by federal deposit insurance.

Under a Master Indenture of Trust dated December 1, 1996, and under a Master Indenture of Trust dated September 1, 1997, the trustee is authorized to invest in the following investments: bonds, notes and other obligations issued or guaranteed by the United States government; bonds, notes and other evidences of indebtedness of any state of the United States of America or any locality of any state of the United States of America that meet the requirements of *Code* Sections 2.2-4500 and 2.2-4501A.3; and investments made pursuant to the Investment of Public Funds and Local Government Investment Pool Act. At June 30, 2023, The Bank of New York Mellon Trust Company, N.A., which currently serves as trustee for both Indentures, maintained \$672,361,635 in cash, cash equivalents, and investments for the Authority. The Authority also directly held cash equivalents of \$173,901 for a total invested balance of \$672,535,536.

Custodial credit risk for cash equivalents and investments is the risk that, in the event of a failure of the counterparty, the Authority will not be able to recover the value of its cash equivalents and investments. All cash equivalents and investments of the Authority are held in the Authority's name and are therefore not exposed to custodial credit risk.

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The Authority has elected to disclose the risk for its debt investments using the segmented time distribution method.

The Authority's cash equivalents and investments are valued at amortized cost, which approximates fair value. Details of cash, cash equivalents and investments are presented on the following page.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

Summary of Cash, Cash Equivalents and Investments
As of June 30, 2023

	June 30, 2023	Maturities (in years)		S&P Rating
		Less Than 1	1-5	
U.S. Treasury Securities	\$ 4,533,337	\$ 3,456,012	\$ 1,077,325	N/A
State Non-Arbitrage Program ⁽¹⁾	93,938,333	93,938,333		AAAm
Local Government Investment Pool ⁽²⁾	572,035,940	572,035,940		AAAm
Money Market Accounts ⁽³⁾	1,772,989	1,772,989		AAAm
Cash held by Trustee	254,937			
Total cash, cash equivalents and investments	<u>\$ 672,535,536</u>	<u>\$ 671,203,274</u>	<u>\$ 1,077,325</u>	

(1) The Virginia State Non-Arbitrage Program[®] (SNAP[®]) offers a professionally-managed money market mutual fund, which provides issuers with a temporary pooled investment vehicle for proceeds pending expenditure, and with record keeping, depository and arbitrage rebate calculation services. SNAP[®] is in compliance with all of the standards of GASB Statement No. 79 and elects to report its investments for financial reporting at amortized cost. Participants in SNAP[®] should also report their investments in SNAP[®] at amortized cost.

(2) The Local Government Investment Pool (LGIP) enables governmental entities to maximize their return on investments by providing for a State administered fund where monies can be commingled for investment purposes in order to realize the economies of large-scale investing and professional funds management. The LGIP is managed in accordance with the requirements of Governmental Accounting Standards Board (GASB) Statement No. 79. The LGIP is in compliance with all of the standards of GASB Statement No. 79 and elects to report its investments for financial reporting at amortized cost. Participants in the LGIP should also report their investments in the LGIP at amortized cost.

(3) The Authority invests certain short-term cash balances held within its accounts in the Fidelity Treasury Money Market. This is an open-ended mutual fund registered under the Investment Company Act of 1940. The fund maintains a policy of investing all their assets in U.S. Treasury obligations and repurchase agreements backed by those obligations. These funds are reported at amortized cost, which approximates fair value.

The Authority does not limit the amount that may be invested in any one issuer. The Authority had investments of five percent or more in the State Non-Arbitrage Program[®] (14%) and the Local Government Investment Pool (85%).

B. Notes Receivable

Under the Authority's Pooled Bond Program, note payments made by the public institutions of higher education under the terms of note agreements between the Authority and the institutions provide for the payment of debt service on the Pooled Bonds. A summary of future minimum note payments due from the institutions is shown in the schedule on the following page.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

Future Minimum Note Payments Due from Institutions
As of June 30, 2023

Year Ending June 30	Principal	Interest	Total
2024	\$ 114,210,000	\$ 50,325,491	\$ 164,535,491
2025	116,295,000	45,810,374	162,105,374
2026	120,255,000	41,737,201	161,992,201
2027	118,555,000	37,667,039	156,222,039
2028	116,970,000	33,504,978	150,474,978
2029-2033	406,110,000	116,258,145	522,368,145
2034-2038	252,490,000	61,688,919	314,178,919
2039-2043	126,260,000	27,361,099	153,621,099
2044-2048	70,160,000	10,983,783	81,143,783
2049-2053	25,920,000	1,707,413	27,627,413
Total	<u>\$ 1,467,225,000</u>	<u>\$ 427,044,442</u>	<u>\$ 1,894,269,442</u>

C. Due from the Federal Government

The America Recovery and Reinvestment Act of 2009 permitted the Authority to issue federally taxable bonds known as “Build America Bonds” to finance capital expenditures. Under the “Build America Bond” program, instead of issuing federally tax-exempt bonds, the Authority issued federally taxable Build America Bonds and elected to receive a subsidy payment from the federal government equal to 35% of each interest payment due semiannually on such taxable bonds. The Authority has issued three such series of bonds, two of which remain outstanding as of June 30, 2023 (the 21st Century College and Equipment Programs Series 2010B and the Pooled Bond Program Series 2010A). Therefore, the Authority is accruing a receivable from the federal government for the subsidy payment which will be on August 1, 2023 (21st Century Bonds) and September 1, 2023 (Pooled Bonds). As a result of the Federal Sequestration, the actual August 1, 2023 and September 1, 2023 payment will be reduced by 5.7% and the corresponding accrual was adjusted to reflect this reduction. It should be noted that the subsidy payments have not been pledged to the payment of the Build America Bonds, and the subsidy payments are not full faith and credit obligations of the United States. As such, future debt service payments have been reflected in these financial statements at their gross amounts, without consideration of possible future subsidy payments.

D. Due to Higher Education Institutions

Bonds were issued under the Pooled Bond Program and the proceeds of these bonds were used to purchase institutional notes from various public institutions of higher education. These institutions in turn will use the proceeds of the notes

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

to finance capital projects. Therefore, the unspent portion of the note proceeds still held by the trustee at June 30, 2023 is reflected as “due to higher education institutions” in the government-wide statements. Amounts reflected as “due to higher education institutions” within the Special Revenue Fund in the fund financial statements represent normal year-end payables to institutions as a result of on-going operations.

E. Allocation Payable

In past fiscal years, the Authority has issued bonds to support the General Assembly allocations to finance the purchase of equipment at public institutions of higher education. The Authority is committed by this to reimburse institutions of higher education for the cost of equipment from its cash and investments.

Institutions purchased and obtained reimbursement in equipment in fiscal year 2023. The chart below shows the appropriations and reimbursements from fiscal year allocations 2013 through 2023. These allocations will be used, in part, to liquidate the \$41.2 million reflected as “allocation payable” in the government-wide and fund financial statements, which represent normal year-end payables to institutions as a result of on-going operations.

	Balance June 30, 2022	Appropriations	Reimbursements	Balance June 30, 2023
2013 Allocation	\$ 2,419	\$ -	\$ -	\$ 2,419
2014 Allocation	497,109	-	-	497,109
2015 Allocation	532,542	-	-	532,542
2016 Allocation	506,475	-	-	506,475
2017 Allocation	8,261	-	-	8,261
2018 Allocation	72,229	-	-	72,229
2019 Allocation	459,984	-	36,222	423,762
2020 Allocation	3,909,267	-	2,554,045	1,355,222
2021 Allocation	21,236,528	-	11,923,138	9,313,390
2022 Allocation	71,196,694	-	46,559,083	24,637,611
2023 Allocation		91,650,000	20,786,784	70,863,216
Total	<u>\$ 98,421,508</u>	<u>\$ 91,650,000</u>	<u>\$ 81,859,272</u>	<u>\$ 108,212,236</u>

F. Long-Term Indebtedness

Changes in Long-Term Debt - the schedule on the following page is a summary of changes in long-term debt of the Authority for the year ended June 30, 2023.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

	Balance June 30, 2022	Issuances and Other Increases	Retirements and Other Decreases	Balance June 30, 2023	Due Within One Year

2027	487,830,000	205,162,547	692,992,547
2028	485,990,000	184,868,546	670,858,546
2029-2033	1,977,805,000	630,490,972	2,608,295,972
2034-2038	1,301,235,000	286,049,499	1,587,284,499
2039-2043	636,620,000	82,679,799	719,299,799
2044-2048	70,160,000	10,983,783	81,143,783
2049-2053	25,920,000	1,707,413	27,627,413
Unamortized Premium	618,652,424	-	618,652,424
Total	<u>\$7,103,997,424</u>	<u>\$2,127,410,992</u>	<u>\$ 9,231,408,416</u>

G. Defeasance of Debt

From time to time, when interest rates indicate that it would be favorable to do so, the Authority has issued refunding bonds to defease outstanding bonds. These refundings have placed the proceeds of the new bonds in irrevocable trusts with escrow agents to provide for all future debt service on the defeased bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included on the Authority's financial statements.

In accordance with Governmental Accounting Standards Board (GASB) Statement 23, "Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities," as amended by GASB Statement No. 65, "Items Previously Reported as Assets and Liabilities," the difference between the reacquisition price and the net carrying amount of the bonds defeased with refunding debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of Interest and Fiscal Charges over the shorter of the remaining life of the refunded debt or the life of the new debt. However, the deferral amount for the Pooled Bond Program has been allocated

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

to the participating institutions and is therefore not reflected in the Authority’s financial statements.

The Authority issued one series of refunding bonds in fiscal year 2023. The following schedule reflects the refunding activity during the year.

Refunding Bonds Issued During Fiscal Year 2023

Program	Refunding Issue	Refunded Issue	Maturities Defeased	Amount Defeased
21st Century	2023B	2010B2	2030	16,760,000
21st Century	2023B	2014A	2030-2033	61,145,000
21st Century	2023B	2015A	2032, 2034-2035	97,210,000
21st Century	2023B	2015D	2033	11,715,000
21st Century	2023B	2016A	2029-2033	63,520,000
21st Century	2023B	2020B	2024-2034	151,580,000
Total Defeased, FY 2023				\$ 401,930,000

The issuance of the Authority’s Series 2023B 21st Century Program refunding bonds refunded six series of the Authority’s bonds as reflected on the above schedule. This defeasance resulted in a net accounting gain of \$27,052,700. Total debt service payments over the next 12 years will be reduced by \$27,697,296 resulting in a present value savings of \$20,572,073 discounted at the rate of 2.9588461 percent.

At June 30, 2023, \$368,830,000 of bonds outstanding are considered defeased for financial reporting purposes.

H. Deficit Net Position

Under the 21st Century College and Equipment Programs, bonds issued under the Master Indenture of Trust dated December 1, 1996 are secured by General Assembly appropriations through a payment agreement between the Authority and the Treasury Board. Because future appropriations do not constitute a legally binding commitment and do not meet the criteria for recognition under the accrual basis of accounting, the Authority ended the year with a net position deficit of \$5,290,090,411. The General Assembly has never failed to appropriate funds to the Authority for payment of debt service on the Authority’s bonds.

I. Subsequent Events

On July 12, 2023, the Authority, at the request of the College of William & Mary (“W&M”), defeased \$1,475,000 of its Public Higher Education Financing Program Bonds related to W&M’s Barksdale Dormitory Project, consisting of \$1,100,000 of its Series 2014B bonds and \$375,000 of its Series 2016A bonds.

VIRGINIA COLLEGE BUILDING AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS

J. Risk Management

The Authority is exposed to various risks of loss related to torts; theft, damage to, and/or destruction of assets; errors and omissions; non-performance of duty; injuries to employees; and natural disasters. The Department of the Treasury participates in insurance plans maintained by the Commonwealth of Virginia on behalf of the Authority. The state employee health care and worker's compensation plans are administered by the Department of Human Resource Management and the risk management insurance plans are administered by the Department of the Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The Department of the Treasury pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth of Virginia's Annual Comprehensive Financial Report.

				<u>\$ 807,193</u>	<u>\$ 742,193</u>	<u>\$ 527,925</u>	<u>\$ 38,580</u>	<u>\$ 566,505</u>	

(a) "Yield" refers to the Net Interest Cost ("NIC") in most cases, to the TIC when available, and to the Arbitrage Yield in other cases.

(b) The \$85 million issue is a commercial paper issue with \$0 balance on the schedule. It was terminated in FY 2023.

(c) This issuance was not properly stated in FYE2022 file. FYE2022 Issued (Retired) should have been (\$4,100) not (\$0). Outstanding at FYE2022 should have been \$48,105, not \$52,205.

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and major special revenue fund of the **Virginia College Building Authority** (Authority), a component unit of the Commonwealth of Virginia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major special revenue fund of the Virginia College Building Authority as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing

Standards). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing

an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 1 through 6 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The Detail of Long-Term Indebtedness and Schedule of Outstanding Bond Issues for Private Colleges and Universities are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards

generally accepted in the United States of America. In our opinion, the Detail of Long-Term Indebtedness and Schedule of Outstanding Bond Issues for Private Colleges and Universities are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control over financial reporting and compliance.
