Re: November 2023 Sports Betting Report

Dear Governor Youngkin:

I am pleased to provide our report of legal sports betting activity for the month of November 2023, as required in Virginia Code § 58.1-4031 (2020).

During the month of November, eligible players wagered nearly \$639 million on sports activities. November handle represented a 23.1% increase from November 2022. Activity is from both mobile sports betting and retail sports betting activity at licensed casinos.

Sports betting activity is taxed based on a permit holder's adjusted gross revenue. Adjusted gross revenue is calculated as wagers **minus** cash winnings, eligible noncash winnings during an operator's first twelve months of operation, voided and cancelled wagers, Federal excise taxes, and certain allowable adjustments. The adjusted gross revenue for operators may be negative for a month, and if so, that negative balance may be carried forward to the following month, for up to one year. These calculations adhere to the statutory provisions in Virginia Code §58.1-4030 et seq., as enacted by the General Assembly in the 2020 Regular Session, and the language included in the 2023 Special Session I Amendments to the 2023 Appropriation Act.

Virginia aggregate numbers:

	November Activity	FY24 YTD
Total wagers	\$638,831,057.47	\$2,343,107,793.35
