Re: March 2024 Sports Betting Report

Dear Governor Youngkin:

I am pleased to provide our report of legal sports betting activity for the month of March 2024, as required in Virginia Code § 58.1-4031 (2020).

During the month of March, eligible players wagered over \$635 million on sports activities. March handle represented a 24.2% increase from March 2023. Activity is from both mobile sports betting and retail sports betting activity at licensed casinos.

Sports betting activity is taxed based on a permit holder's adjusted gross revenue. Adjusted gross revenue is calculated as wagers **minus** cash winnings, eligible noncash winnings during an operator's first twelve months of operation, voided and cancelled wagers, Federal excise taxes, and certain allowable adjustments. The adjusted gross revenue for operators may be negative for a month, and if so, that negative balance may be carried forward to the following month, for up to one year. These calculations adhere to the statutory provisions in Virginia Code §58.1-4030 et seq., as enacted by the General Assembly in the 2020 Regular Session, and the language included in the 2023 Special Session I Amendments to the 2023 Appropriation Act.

Virginia aggregate numbers:

	March Activity	FY24 YTD
Total wagers	\$635,593,136.87	\$4,809,830,867.64
