SUBJECT: Allocation of Federal Transportation Funds

In accordance with Item 434 B.2. of Chapter 1 of the 2024 Special Session I Acts of Assembly, this memorandum certifies that all available federal transportation funds will be used in accordance with applicable federal law and in support of the transportation policy goals included in that Chapter. The forecasted federal revenues expected to be provided by the Federal Highway Administration (FHWA) to the Commonwealth in fiscal year 2024 totals \$1.62 billion. Fiscal year 2025 FHWA federal revenues are projected at \$1.59 billion. The actual funding made available may change based upon Congressional action and final funding distributions by the FHWA. The required matching funds to support the federal revenues are supported by a combination of state and local funds.

On June 18, 2024, the Commonwealth Transportation Board (CTB) will consider adoption of the FY 2025-2030 Six-Year Improvement Program (SYIP) as well as the annual budgets of the Department of Transportation and Department of Rail and Public Transportation. The draft SYIP was presented to the CTB on April 16, 2024 and public meetings were held in each of the nine VDOT districts between April 18 and May 9, 2024.

Information on the draft SYIP is available at the Department of Transportation's website, <https://syip.virginiadot.org/Pages/allProjects.aspx>. The final versions of the SYIP and the budgets will be made available at the online address above upon CTB approval.
