## Executive Summary

On behalf of the State Corporation Commission (Commission), the Bureau of Insurance (Bureau) submits this annual health insurance balance billing arbitration report. It summarizes information provided to the Bureau by arbitrators related to the resolution of balance billing disputes between health care providers and health carriers, as required by [§ 38.2-3445.02](#) of the Code of Virginia (Code).

This report covers the period June 1, 2023, through May 15, 2024. During this time, the Bureau received 268 arbitrator decisions.<sup>1</sup> Key highlights include the following:

- Of the total arbitration decisions rendered, 58% were decided in favor of the health carrier, and 42% were decided in favor of the provider.
- Health carriers prevailed in 71% of the decisions rendered in the emergency medicine specialty, while providers prevailed in 83% of the decisions rendered in the plastic or reconstructive surgery specialty and 86% of the decisions rendered in the anesthesiology specialty.
- The average amount awarded per claimant was \$624 in emergency medicine, \$1,898 in anesthesiology, and \$16,147 in plastic and reconstructive surgery.
- Emergency medicine accounted for 75% of the arbitration decisions and plastic or reconstructive surgery for 16%. The anesthesia specialty made up 8% of the decisions, up from 0% in the prior reporting period.
- Decisions were rendered on behalf of seven provider practices. Among these seven, one group received 72% of the arbitration decisions. Seven carriers within six carrier groups were named in the decisions. Among these six, one group received 67% of the arbitration decisions.

## Scope of Report

Effective January 1, 2021, under Virginia's balance billing law,<sup>2</sup> when an enrollee receives emergency services from an out-of-network health care provider or receives out-of-network surgical or ancillary services at an in-network facility, the enrollee is not required to pay the out-of-network provider any amount other than the applicable cost-sharing requirement. This amount cannot exceed the cost-sharing requirement that would apply if the services were provided in-network.

When a health care provider disputes the amount to be paid by the health carrier for services rendered to an enrollee, the provider and the health carrier are required to make a good faith effort to reach a resolution on the reimbursement amount. If the health carrier

and the provider cannot agree on a commercially reasonable payment amount, either party may seek to resolve the dispute through arbitration. Arbitrator decisions are reported to the Bureau.<sup>3</sup>

On behalf of the Commission, the Bureau has prepared this annual report summarizing the health insurance balance billing dispute resolution information received from arbitrators, as required by Code [§ 38.2-3445.02 I](#):

*I. The Commission shall prepare an annual report summarizing the dispute resolution information provided by arbitrators, including information related to the matters decided through arbitration as well as the following information for each dispute resolved through arbitration: the name of the carrier, the name of the health care provider, the health care provider's employer or the business entity in which the provider has an ownership interest, the health care facility where the services were provided, and the type of health care services at issues.*

The Commission must submit the report annually by July 1 to the Chairs of the Senate Committees on Commerce and Labor, and Finance and Appropriations, and the House Committees on Labor and Commerce, and Appropriations. It must also post the report on its website. This report covers the reporting period June 1, 2023, through May 15, 2024.

### Reported Decisions

For this reporting period, arbitrators rendered 268 decisions across five specialty areas: emergency medicine, plastic and reconstructive surgery, anesthesia, neurology, and non-emergency medicine. The following table shows specialty areas and the number and percentage of reported decisions over the past three years.

Specialty Areas with Reported Decisions 2022 – 2024						
Specialty Area	2022 Counts	2022 %	2023 Counts	2023 %	2024 Counts	2024 %
<b>Emergency Medicine</b>	432	60.9%	198	80.5%	202	75.4%
<b>Plastic and Reconstructive Surgery</b>	16	2.3%	48	19.5%	42	15.7%
<b>Anesthesia</b>	261	36.8%	0	0.0%	22	8.2%

<b>Total</b>	268	155 (57.8%)	113 (42.2%)

### **Differences Between Initial Offers and Final Settlement Amounts**

The following table provides aggregate information on the variation between the initial offer and the amount of the final settlement award.

<b>Average Per Claimant Offer v. Award Arbitrations Decided 6-1-2023 to 5-15-2024</b>			
<b>Specialty Area</b>	<b>Pre-Arbitration Average Amount Offered Per Claimant</b>		<b>Average Amount Awarded Per Claimant</b>
	<b>Providers</b>	<b>Plans</b>	
<b>Emergency Medicine</b>	\$1,066	\$249	\$624
<b>Plastic and Reconstructive Surgery</b>	\$18,637	\$2,176	\$16,147
<b>Anesthesia</b>	\$1,932	\$1,242	\$1,898
<b>Neurology</b>	\$31,166	\$881	\$881
<b>Non-Emergency Medicine</b>	\$18,738	\$1,421	\$1,421

### **Distribution Among Provider Groups**

Seven provider groups were named in the decisions. Among these seven, one group received 195 (72.3%) of the arbitration decisions, one group received 39 (14.6%) of the decisions, with the other five provider groups receiving 34 (13.1%) combined.

### **Distribution Among Carriers and Carrier Groups**

Seven health carriers within six carrier groups were named in the decisions. Among these six, one group received 179 (66.8%) of the arbitration decisions and one carrier group received 69 (25.6%). The remaining five carrier groups together received 20 (7.5%).

## Conclusion

In conclusion, the emergency medicine specialty dominates this year's report, accounting for 75% of the 268 arbitration decisions. The trends seen in arbitration outcomes and financial awards are also consistent with those of last year's report.<sup>4</sup> Of note, anesthesia returns to this year's report with 22 arbitrations after not having had a single arbitration in the previous year. Providers in this specialty and in plastic and reconstructive surgery prevailed in the vast majority of cases, more so than in any other specialties.

The Bureau will continue to monitor developments in the trends highlighted in these annual reports.
