Report of Off-Balance Sheet Financial Obligations (Unaudited)
As of June 30, 2023

Purpose: During the 2007 General Assembly Session, legislation was passed (*Code of Virginia*, [§2.2-813.2](#)) requiring the State Comptroller to report off-balance sheet financial obligations of the Commonwealth. For purposes of this report, the balance sheet is defined as the Annual Comprehensive Financial Report (ACFR). The ACFR is prepared in accordance with Generally Accepted Accounting Principles (GAAP) and includes both financial statements and notes to the financial statements, both of which contain information concerning the Commonwealth's financial obligations. The ACFR is available on the Department of Account's webpage at <https://www.doa.virginia.gov/reports.shtml#ACFRReport>. The ACFR amounts reflected below include state agencies, institutions, and component units. The component unit amounts exclude Higher Education foundations.

On-Balance Sheet Financial Obligations Defined: For the report of off-balance sheet financial obligations to provide meaningful information, it is important for readers to understand the extensive amount of information concerning the Commonwealth's financial obligations already reported on-balance sheet. Some of the more clearly understood of these on-balance sheet financial obligations include the following:

- Bonded debt (\$32.2 billion)
- Accounts payable (\$4.0 billion)
- Tax refunds payable (\$2.5 billion)
- Notes payable (\$2.0 billion)

Other obligations that may be less understood include the following:

- Net Pension Liability (\$5.6 billion)
- Long-term Lease Liability (\$5.5 billion)
- Highway project commitments (\$5.4 billion)
- Other Post-Employment Benefits (\$1.8 billion)
- Higher education construction commitments (\$1.8 billion)
- Medicaid payable (\$1.6 billion)
- Educational benefits payable (\$1.4 billion)
- Virginia Department of Transportation contractual commitments (\$951.6 million)
- Compensated absences (\$805.3 million)
- Virginia Port Authority construction contracts (\$773.3 million)
- Long-term Subscription-Based Information Technology Arrangements Liability (\$562.2 million)
- Information Technology Infrastructure (\$387.8 million)
- Mass Transit project commitments (\$344.4 million)
- Installment purchases (\$313.8 million)
- Virginia College Savings Plan private equity commitments (\$282.0 million)
- Car Tax Refund Payable (\$263.0 million)
- Lottery Prizes (\$198.1 million)
- Department of Forensic Science construction commitments (\$166.1 million)
- Wastewater Treatment Projects (\$136.9 million)
- Department of General Services construction commitments (\$119.7 million)
- Department of Corrections construction commitments (\$103.4 million)
- Department of Military Affairs construction commitments (\$48.7 million)
- Department of Motor Vehicles contractual commitments (\$46.5 million)

Commonwealth of Virginia
Department of Accounts
Report of Off-Balance Sheet Financial Obligations (Unaudited)
As of June 30, 2023

- Department of Behavioral Health and Developmental Services contractual commitments (\$37.7 million)
- Virginia Wireless E-911 outstanding grants awarded (\$33.9 million)
- Department of Veterans Services construction commitments (\$27.8 million)
- Virginia Department of Health contractual commitments (\$25.1 million)
- Department of Corrections contractual commitments (\$22.2 million)
- Department of Behavioral Health and Developmental Services construction commitments (\$21.6 million)
- Department of Conservation and Recreation construction commitments (\$15.0 million)
- Virginia Employment Commission contractual and non-contractual commitments (\$12.1 million)
- Pollution Remediation Obligations (\$8.2 million)

Comprehensive information concerning these on-balance sheet financial obligations is reported in the ACFR.

GASB Statement No. 87, *Leases (GASB 87)*, was implemented in fiscal year 2022. This statement significantly changed the reporting requirements for leases. Previously reported capital and operating leases were replaced by Long-term leases and Short-term leases. For the Commonwealth, Long-term leases are defined as a lease that has a term of greater than one year and a present value of \$50,000 or more. Short-term leases have either a lease term of one year or less or a present value below \$50,000. Long-term leases are recognized as long-term liabilities in the ACFR. Short-term leases are not recorded or disclosed in the ACFR. Accordingly, agencies' Short-term lease obligations of \$13.7 million as of June 30, 2023, are included in this report.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (GASB 96)*, was implemented during fiscal year 2023. This statement provides guidance on financial reporting for subscription-based information technology arrangements (SBITAs). For the Commonwealth, SBITAs are defined as a contract that conveys control of the right to use another party's IT software, alone, or in combination with tangible capital assets. Long-term SBITAs, which are recorded in the ACFR, have a term of greater than one year and a present value of \$5,000 or more. Short-term SBITAs, which are not recorded in the ACFR, have either a term of one year or less or a present value below \$5,000. Accordingly, agencies' Short-term SBITA obligations of \$38.3 million as of June 30, 2023, are included in this report.

Off-Balance Sheet Financial Obligations Defined: Certain financial obligations are off-balance sheet (i.e., not included in the ACFR) because they do not meet GAAP liability reporting requirements. To obtain information about these obligations, DOA asked each agency and institution to analyze their financial obligations and provide a listing of such obligations that were excluded from the fiscal year 2023 ACFR. While acknowledging that the list was not all-inclusive, to stimulate agency analyses and elicit the most comprehensive list of off-balance sheet financial obligations possible, agencies and institutions were requested to consider the following list of potential off-balance sheet obligations:

- Construction or other commitment contracts – with or without formal agreements;
- Public-Private Partnership Agreements;
- Federal match requirements;
- Questioned Federal Costs;
- Potential legal case settlements;
- Court-ordered requirements;

Commonwealth of Virginia

As of June 30, 2023

- Agency-based Deferred Maintenance;
- Short-term leases; and
- Short-term subscription-based information technology arrangements.

Off-Balance Sheet Financial Obligation Exclusions: To make this reporting process as efficient as possible, DOA established the following reporting parameters designed to prevent the redundant reporting of information already reported by other central service agencies and to focus the off-balance sheet financial obligations report on unusual or infrequent financial transactions instead of ongoing government operations. First, DOA requested that agencies and institutions exclude financial obligations falling within the *ongoing operations* category. This category includes the Commonwealth’s financial obligations stemming from the historical provision of state funding to support services conducted for citizens by state or local government. That is, the financial obligations stemming from the fact that the Commonwealth has historically borne all, or a portion, of the operating cost of government programs such as public education, state prisoner incarceration, and Medicaid, to name but a few, are excluded from the list of off-balance sheet financial obligations reported. These ongoing government programs are included in the Commonwealth’s “Six Year Financial Plan,” available from the Department of Planning and Budget. The Department of General Services (DGS) reports \$8.6 million in deferred maintenance costs associated with DGS’s facilities as of September 12, 2024.

In January 2012, the Department of Behavioral Health and Developmental Services (DBHDS) reached a settlement agreement with the U.S Department of Justice involving the latter’s investigation of the Commonwealth’s training centers for the intellectually disabled. The agreement involved the closing of four training centers over an eight-year period. It remains a possibility that DBHDS could be named in litigation resulting from the implementation of the settlement agreement. At this time, any estimate of potential liability cannot be determined or provided. Presently, all four training centers (Central Virginia Training Center, Northern Virginia Training Center, Southside Virginia Training Center, and Southwestern Virginia Training Center) have been closed. Only the land where the Central Virginia Training Center in Lynchburg, Virginia once stood is still managed by DBHDS. All other lands have been sold.

Commonwealth Off-Balance Sheet Obligations: The off-balance sheet financial obligations reported by Commonwealth agencies and institutions as of June 30, 2023, total \$647,962,419. **Table A** summarizes the off-balance sheet financial obligations reported by all agencies and institutions. Individual agency and institution totals are provided in the **Table B**. Due to the reporting technicalities associated with the ACFR, **Table A** and **Table B** include clarifying notes for selected items.

Acknowledgments: DOA acknowledges the hard-work and dedication of the agency fiscal staffs that provided information essential in the preparation of this report of off-balance sheet obligations. Since no financial reporting standards exist for off-balance sheet financial obligations, DOA anticipates that the off-balance sheet reporting process will be refined as future reports are prepared after benefiting from constructive comments by users of the report.

Note 1: For ACFR reporting purposes, the financial activity for the higher education institution and the related foundations is combined into one column. To prevent duplication, the significant activity between the higher education institution and the related foundations, including GASB 87 Short-term lease and GASB 96 SBITA obligations, is excluded from the ACFR. These amounts, which increased by \$131.7 million from the prior year, are being included in this schedule. Additionally, the remaining increase when compared to the prior year is primarily attributable to GASB 96 SBITA obligations.
