Report to the General Assembly on the Six-Year Capital Outlay Plan of the Commonwealth of Virginia

Six-Year Capital Outlay Plan Advisory Committee November 12, 2024 The Six-Year Capital Outlay Plan Advisory Committee provides the following capital outlay projects and descriptive information to constitute the Commonwealth's capital outlay plan, pursuant to Item 2-0, paragraph Q, of Chapter 2, 2024 Acts of Assembly, Special Session I, and § 2.2-1518 of the Code of Virginia, for the capital projects supported entirely or partially from the general fund for the six-year period beginning July 1, 2024.

The plan reflects projects that have been legislatively authorized for planning only, in addition to a few instances representing obligations for future phases that have not yet been authorized for projects where an earlier phase was previously authorized for construction. The plan does not include projects or portions thereof that were previously funded and authorized to proceed to construction. Where available, estimates provided by the Department of General Services Division of Engineering and Buildings were used to determine cost categories; otherwise agencies' capital budget request submissions were used.

This plan amends the six-year capital outlay plan as provided in Chapters 205 and 252 of the Acts of Assembly of 2024 in order to reflect capital actions in the 2024 Appropriation Act, Chapter 2, 2024 Acts of Assembly, Special Session I. Only projects newly authorized for planning only have been added to the plan as compared to Chapters 205 and 252 of the Acts of Assembly of 2024. No additions were made representing obligations for future phases that have not yet been authorized for projects where an earlier phase was authorized for construction.
